methodological analysis of accuracy-confidence relation, eyewitness testimony, 22538
methodological aspects, epidemiology of depressive & neurotic & psychosomatic syndromes, 19–20 yr olds, Switzerland, 4-yr longitudinal study, 9579
methodological criteria, evaluation of dexamethasone suppression test on diagnosis of melancholia, 22688
methodological differences in approach to study of spontaneous cases of psi, implications for study of L. E. Rhine's case collection, 13423
methodological errors, research of MAO inhibitors, literature review, 2843
methodological fallacies in studying Hispanics & other racial & ethnic & cultural minority groups, social psychologists, 5574
methodological guidelines for reading psychopharmacological research, 28771
methodological inconsistencies in research on identity status, 2834
methodological issues in assessment of landscape quality, literature review, 13488
methodological issues in evaluation, satisfaction with mental health care services, children, 7610
methodological issues in program evaluation, 31637
methodological issues, parapsychological research, 26882
methodological issues, use of term 'parents' in family-related research, 9412
methodological problems & proposal for grill analysis, dream analysis, functional & organic CNS disordered patients, 4598
methodological problems associated with study of outcome of anorexia nervosa, 74
methodological problems in criminal lineup identification experiments, eyewitnesses, 21702
methodological problems in investigation of relationship between religion & morality, comments on article by S. P. Morgan, 9370
methodological problems in investigation of relationship between religion & morality, reply to comments by M. King & R. Hunt, 9374
methodological problems in study of racism, Canada, 6441
methodological problems, use of life satisfaction & happiness & morale as indicators of subjective well-being, gerontological studies, 2909
methodological refinements in Observation Scale of Behavioral Distress, habituation & validity of scale, pediatric cancer patients undergoing bone marrow aspiration, 13561
methodological shortcomings, research on verbal ability, children with acute lymphocytic leukemia treated with radiation & chemotherapy, 20660
methodological weakness of research to validate subjective feelings of anxiety using physiological indices, 16270
methodology & research design for evaluation of Head Start project, 7888
methodology & whole night polygraphic sleep recordings, 18–53 yr olds, 5994

methodology, analysis & simplification of paradoxical structures, 14482
methodology, analysis of organizational noise in sociotechnical systems, 2671
methodology for construction of exact unweighted procedure for 1-to-1 pairing of objects, 11214
methodology for electrical stimulation of auditory nerve, humans, implications for deaf, 19610
methodology for evaluation of volunteer programs in mental health centers, 21725
methodology for generation of set of cognitive & psycholinguistic operations & structures, 2809
methodology for schedule-induced self injection of drugs, acquisition & maintenance of drug intake behavior, 6164
methodology for studying effectiveness of anti-anxiety drugs, France, 1994
methodology for testing & evaluation of air traffic control simulation systems, 29561
methodology for using linear equality restrictions in regression & loglinear models, 11237
methodology in psychopharmacological studies, mentally retarded, 2002
methodology of social utility assessment, survey of consumer preferences related to air conditioners, 11022
methodology used in garbage project, 11082
methods & techniques of economic psychology, 18762
methods for assessment of abuse liability of stimulants & depressants, animals, conference presentation, 4357
methods for assessment of cognitive competence, counseling clients, 26053
methods of grouping & development of classification of patterns of adjustment problems, male vs female 10 yr olds, 19877
microanalysis of searching behavior, 75–95 day old infants, 24163
model for design & execution of controlled studies of consultation-liaison psychiatry, 31313
model for differentiating between clients & applicants in clinical social work practice, implications for research findings & treatment efficacy, 28885
model for measuring empathy in psychoanalytic process, patient & analyst, 23185
multiattribute utility approach, use of random assignment to form comparable aggregate units, 5563
multifactor multicriterion approach, transfer of training research, male Ss, 13280
multiple baseline design & single subject research in educational programs, 2807
multiple floating microelectrode for implantation & single unit recording of cerebral cortex, cats, 16246
nature of humans & research methods in counseling psychology, comments on articles by D. E. Polkinghorne & G. S. Howard & M. J. Patton, 7624
needs assessed by objective theory-based vs empirically-based measure vs semistructured theory-based vs general interview, female college students, 32168
new neighborhood outlet, increased alcohol consumption assessed by garbageology vs interviews, urban culturally heterogeneous lower- vs upper- vs middle-class households, 13506
nontherapeutic & assessment & therapeutic/intervention case study research in school psychology, 23895
object of inquiry & status as science, victimology, conference presentation, 9750
onset-to-onset interval measurement of somatosensory EP components, determination of conduction time in central somatosensory lemniscal pathway, 21–44 yr olds, 24138
operant conditioning studies, pigeons, Mexico, 29668
paradigm concept & development, scientific communication & performance, university biology, chemistry & physics researchers, 12886
paradigm-shift away from experimental & quantitative methods, behavioral sciences, 8335
Patient Satisfaction Questionnaire vs direct measures of patient satisfaction, public health service patients, 5646
phenomenological methodology in human sciences, 26927
philosophy of science & counseling psychology research, criticism of articles by D. E. Polkinghorne & G. S. Howard & M. J. Patton, 7623
philosophy of science & counseling psychology research, criticism of articles by D. E. Polkinghorne & G. S. Howard & M. J. Patton, 7637
physiologically oriented research strategies in differential & diagnostic psychology, 8870
pilot study for search of methodological guidelines for experiential studies, 28–45 yr old siblings of schizophrenic patients, 17571
postnatal contact, attachment & mother-infant bonding, comments on article by B. Myers, 6246
problems of field research in ethnic relations, France, 6465
procedures in phenomenological research & question of validity, 13517
procedures of B. J. Meyer vs R. E. Johnson, prediction of recall of information from text, 8572
process & related problems of entry into retirement communities, researchers, 13512
process analysis methodology, assessment of knowledge of appropriate treatment programs for different types of clients, drug treatment staff members & referral counselors, 23628
professional status of interviewers & statistical problems & sources of disagreement, diagnosis of psychiatric disorders in epidemiologic field studies, 30948
proposal for standard ethogram coding & presentation of behavior patterns, bluebreasted quails, 5582
proposal of good-enough principle for resolution of paradox of rationality of psychological inquiry, comments on view of P. Meehl, 29706
proxy responses to symptom survey, report of illness of absent person, wives vs husbands, 26920
pseudo random number generator, measurement of psychokinetic performance, 26860
psychodynamic approach, psychiatric life event research, 4244
Q-methodological approach, government policy making, 24182
quality assurance vs program evaluation methodologies in social service programs, 2086
radioimmunoassay techniques, measurement of serum thyrotropin stimulating hormone, psychiatric inpatients with major depressive disorder or melancholia, 1478
recruitment & monetary incentive to return surveys, return rates of hotel ratings, hotel guests, 11101
reformulation of social psychology to address real-world practical problems, implications for graduate psychology education, 6613
relaxation word for day for measuring adherence to relaxation therapy & decline in blood pressure, human Ss, 21705
reliability & validity of structural & traditional analysis of computerized cognitive tasks, 8366
reliability of fixed vs total sleep time approaches, analysis of sleep stages, 18–30 yr olds, 11073
representativeness & fallacies of probability judgment, 8537
research designs using penalty indices as measures of aggression, athletes in Western Hockey League, 1978–79, 24170
research methodology, counseling psychology, 7630
research on use of applied methods in human factors engineering, 11012
research planning matrix outline for creativity research, 71
research strategies, genetic determinants of drug abuse, 30296
research strategy for generalizing from multiple case studies, 63
research techniques, efficacy studies of court-ordered institutional reform, 11943
revision of strategies for counseling research, 7626
RT & respiratory & EEG measures, detection of sleep onset, 24-hr sleep deprived 18–55 yr olds, 18994
rule-governed construction of test items, content validity, 13598
self report questionnaires & sociometric-like techniques for development of compound profile of interactions, 18–22 yr old males, 19010
simulation of being insulin-dependent diabetic patient & parents for design of treatment techniques, 31273
simultaneous vs sequential lineup presentation, identification accuracy, college student eyewitnesses, 30824
single-case design structure, applied cognitive research, 11088
single-case investigative research, efficacy of clinical treatment, nonoperant clinician, 11087
single square voltage pulse, pre-polarization resistance of skin, 18992

single subject methodology, assessment of maternal satisfaction with psychological clinic-referred child, 7.3 & 3.4 yr olds & their mothers, 7163
single word responses from articulation test, assessment of consonant articulation & phonological processes, Ss with articulation disorders, 22912
situational relevance & victim's emotional adjustment, fault attribution decisions, implications for methodology used in mock jury research, 24160
small group research, comments on concepts of G. P. Stone, 4002
social & political theory, scientific analysis of action, analysis of H.-G. Gadamer's contribution, 14471
sociolinguistic methodology for research in classroom discourse, 29709
source derivation technique, topographic mapping of pattern reversal visual EP, 28–42 yr old males, 16663
spectral characteristics for place of articulation, Broca's aphasics, criticism of P. Shinn & S. E. Blumstein's template-matching procedure in analysis of phonetic errors, 1754
spot hybridization, postmortem brain analysis of DNA extracts for herpes simplex I virus, Ss with Alzheimer's disease at death & herpes-infected mice, 25936
statistics & scales of measurement in criminology & criminal justice research, 16375
status of quality assurance programs in mental health, 2111
strategies for research on imagery & semantic processing & sentence comprehension, 53
strategies used in analysis of EEG measurement, literature review, 5573
strategy for analysis of family interactional processes, social development, 9411
subjectivity of E in Q methodology, replicability of experimental results in study of attitudes toward nuclear weapons, 11077
survey of methodology used in student assessment, England, 32200
synthesis-based vs cepstrum method of pitch extraction from speech signals, 30339
technique for analysis of interpersonal behavior & personality in groups & dyads, 22596
technique for long term recording of unitary spikes of basal ganglia neurons, moving cats, 19015
technique for population estimation, noninstitutionalized chronically mentally ill in state & local areas, 29660
technique using period & amplitude analyses, measurement of alterations in cortical arousal, rats, 29692
temporal variables, evaluation of psychopathology, 12186
test of method for investigation of development of reactivity in task performance in stressful environments, 24–32 vs 39–48 yr old aircraft pilots, 10956
theoretical principles & research strategies for cognitive development & social interaction, infants, 26942
theoretical statements on reformulated learned helplessness hypothesis, 3112
think aloud method in descriptive research, 2778
time- & intensity-dependent filtering of auditory brain stem responses, normal hearing 3–6 yr olds, 2811
time budget methods, assessment of ecobehavioral systems in behavioral community psychology, aged, 10416
transducer & electronic circuit for continuous measurement of radial pulse & computer algorithm for calculation of pulse transit time, 18965
transition lists, theoretical description of interpersonal behavior & interdependence, 14489
unemployment rate during presidential election year, suicide & mortality rates, US, reply to comments by M. Boor & J. A. Fleming, 25688
use of EEG coherence analysis, study of hemispheric function, literature review, 5673
use of hypodermic needles, measurement of sensitivity to pain, 16222
use of multiple choice test of lexical understanding with visual & semantic distractions, measurement of semantic comprehension, patients with neuropsychological disorders, 17708
use of radioactive tracers for in vivo measurement of brain MAO, male mice, 19478
usefulness of conjoint analysis for study of cultural & leisure preferences, Canada, 16226
utility of single case research methodology in identification of functional relationships, 29707
validity & reliability of procedure for phonetic transcription by consensus, speech sounds & errors, 3–6 yr olds, 97
validity of iterative log-linear item bias detection method, testing, 16291
validity of official vs self report data for offense status, birth cohort members, US, 16245
validity of sentence completion method in assessment of death anxiety, conscious & covert death anxiety, female vs male 19–64 yr olds in death-related vs non-death related occupations, 6674
variations in data collection procedures, results concerning public attitudes toward mental illness, 24161

Methohexital
etomidate vs Althesin vs methohexitone, seizure duration in unilateral ECT, 41–71 yr old severely depressed patients, 17847

Methylatropine [See Atropine]

Methyldopa
guanadrel sulfate vs methyldopa, blood pressure, 21–65 yr old hypertensives receiving hydrochlorothiazide, 26188

Methylmorphine [See Codeine]

Methylphenidate
ACTH analog vs methylphenidate, attention deficit disorder, 6–12 yr old hyperkinetic males, conference presentation, 31493
age & dosage of methylphenidate, compliance & mother-child interactions, hyperactive 4–5.9 vs 6–7.9 vs 8–9.9 yr olds, 4758
age & methylphenidate dosage & practice, EEG & RT & event-related brain potentials in visual detection task, hyperactive 88–150 mo olds, conference presentation, 20911
cholinesterase inhibitor physostigmine & other cholinergic & anticholinergic drugs, stimulant-induced stereotypy, male rats, 3449
delta-9-tetrahydrocannabinol, amphetamine- vs methylphenidate-induced locomotor activity & stereotyped response, male rats, 22199
dextroamphetamine & methylphenidate, 57–73 yr old depressed patients with neurological disease, 4784
dose of methylphenidate, reading skills & oral reading, hyperactive 9–15 yr old males with attention deficit disorder, 12619
fenfluramine vs diethylproprion vs methylphenidate, social behavior, monkeys, 3406
imipramine or methylphenidate vs withdrawal from medication, paired associate learning & recall, hyperactive 5.3–14.9 yr olds, 4808
methylphenidate &/vs cognitive therapy, attention & behavior & academic achievement, 6.3–11.8 yr old hyperactive males, 17832
methylphenidate, attention & behavioral functioning, 9.1–12.1 yr old males with attention deficit disorder, 26148
methylphenidate, classroom behavior, 6–12 yr olds with attention deficit disorder & hyperkinesis, 18091
methylphenidate dosage, school behavior & paired associates learning vs teacher/classroom assessment, 6–10 yr old hyperactive males, 26196
methylphenidate, educational & life difficulties & self concept & social abilities, young adults diagnosed as having attention deficit disorder with hyperactivity at 6–12 yrs of age, followup study, 10273
methylphenidate, performance & event related potentials on vigilance vs paired-associate tasks, college students, 27648
methylphenidate, psychological & physiological & biochemical parameters, hyperactive male children with minimal cerebral dysfunction, 23315
methylphenidate, short term memory & vigilance & mood & motor restlessness, 22–43 yr old normal adults, implications for study of hyperkinetic children, 13873
methylphenidate, state dependent learning, 7–12 yr olds with attention deficit disorders with hyperactivity, 20893
methylphenidate, symptoms of attention deficit disorder, 18–45 yr olds, 10289
methylphenidate, treatment of attention deficit & borderline personality disorders, 21 yr old female, 20916
methylphenidate, treatment of residual type of attention deficit disorder, 21–45 yr olds, 23370
methylphenidate vs McNeil 4612 vs dextroamphetamine, maintenance of drug self administration behavior, rats, 3497

persistence of clinical effects of methylphenidate, 7–15 yr olds with attention deficit disorder with hyperactivity, 7434
po vs iv administration of methylphenidate, serum vs brain values of threodextrolevomethylphenidate vs brain values of threodextrolevoparahydroxymethylphenidate, male rats, 22210
prenatal ethanol exposure, sensitivity to methylphenidate, male rats, 22196
propericiazine & methylphenidate, 5–11 yr olds with attention deficit disorder with hyperactivity, 10317
reinforcement vs reinforced self evaluation with vs without methylphenidate, social behavior, hyperactive 8–13 yr old males, 4561
reward level & stimulus intensity & drug condition, heart rate response morphology, attention &/or learning disordered 8–11 yr old male augmenters vs reducers referred for trial on menthylphenidate, 15271
scopolamine vs methylphenidate & age, information processing stages, 8943
side effects of dextroamphetamine & methylphenidate therapy, hyperactive children, literature review, 7433
Methysergide [See Serotonin Antagonists]
Metrazole [See Pentylenetetrazol]
Metropolitan Readiness Tests
factor analysis of Metropolitan Readiness Test, 1st graders, 26727
Mexican Americans
acculturation & health & illness beliefs, Mexican vs Mexican-American vs Anglo-American females, 30582
acculturation & intrinsic vs extrinsic reinforcement, field deprivation, Chicano 4th graders, 19773
acculturation, MMPI performance, Anglo vs Mexican American college students, 17144
acculturation, psychological impairment, Mexican American adults, implications for melting pot vs bicultural hypotheses, 1399
age & educational intervention program & IQ, test taking behavior, low income 4–5 yr old Mexican Americans, 27774
aging & ethnicity & sex & SES & marital status, health, Mexican Americans vs Anglos 60 yrs of age & older, 4-yr longitudinal study, 11692
aging & sex role orientation, psychological well being, 3-generational Mexican American families, 19772
alcohol consumption, 15–44 yr old Mexican American vs White females, 6606
attitudes toward mental illness, Mexican Americans vs Whites aged 18–34 vs over 35 yrs, 1449
bilingual education, academic achievement, Mexican-American 1st–3rd graders, 3-yr longitudinal study, 32034
bilingual Montessori program, language development, Mexican American 3–5 yr old preschool students, 15756
brand loyalty & preference for familiar businesses & products & price consciousness, Mexican American vs non-Hispanic consumers, 29595
census data & terminology & classification & labeling, Mexican Americans, 9372
change of career aspirations during college, male vs female Mexican-American vs Anglo students in 2- vs 4-yr colleges, 8020
comparison of scores on Woodcock-Johnson Tests of Cognitive Ability & WISC-R, Mexican American & Black & White 1st–4th graders, 21463
concurrent validity of Creativity scale of Scales for Rating Behavioral Characteristics of Superior Students, Mexican American vs Anglo American 3rd & 5th grade gifted students, 15906
concurrent validity of WPPSI, Mexican American 53–66 mo olds enrolled in Head Start Program, 13228
content bias of McCarthy Scales of Children's Abilities, dominant English- vs Spanish-speaking Mexican American preschoolers, implications for test translation & nonbiased assessment, 19104
counselor sex & ethnicity & similarity of attitudes toward acculturation, rating of counselor credibility & attractiveness, Mexican American community college students, 7618
counselor's locus of control for family planning & ethnicity, rating of pregnancy counselor credibility, 18–35 yr old Anglo vs Mexican American females, 31651
cross cultural differences & sociocultural & ethnic factors, belief in external control & associated distress & depression & anxiety, adults, Mexico vs US, 6456
cross cultural differences in verbal participation in group therapy, White vs Mexican American vs Native American alcoholic inpatients, implications for homogeneous or heterogeneous ethnic groupings in therapy, 28998
cross validation of acculturation scale, Mexican Americans, 8421
cultural affiliation & adaptation & academic adjustment, male Mexican-American college students, 26590
cultural barriers to medical treatment, Cubans & Puerto Ricans & Mexican Americans, US, 31605
cultural factors in adjustment to rehabilitation counseling programs, Mexican American clients, 28954
demographic characteristics & etiology & criminality & treatment, Mexican American heroin addicts, literature review, 31030
demographic characteristics, grandparent-grandchild interaction behaviors, Mexican American 3–12 & 43–76 yr olds, 17192
educational needs & role of social worker, Mexican American students, US, 32159
ethnic group & yr, performance on SAT, American Indian vs Black vs Mexican American vs Oriental vs Puerto Rican vs White high school students, 1976–82, 10901
ethnic identity & SES & self concept, academic performance, Mexican American vs Anglo-American 8th graders, 29298
ethnicity & age differences, well-being, Anglo vs Black vs Mexican American 45–74 yr olds, 3790
ethnicity & socioeconomic status & home language, verbal & reasoning & quantitative & memory & motor abilities, Chicano vs non-Hispanic White 2.5 yr olds, 14061
ethnographic analysis, teachers' misinterpretation of copying as indicative of low academic ability & poor work habits, Mexican American 1st–3rd graders, 18638
family background & status, prediction of cognitive performance, Mexican American preschoolers, 27748
family characteristics & acculturation levels, Mexican-American families with inhalant abusing child, 31020
family characteristics, Mexican American gang youth & their mothers, 9746
field dependence/independence & language patterns, Mexican American male vs female 4–5 yr olds, 14030
historical & biological & cultural & psychological & family dynamics & SES & structural-environment determinism perspectives, substance abuse, Mexican American youth, 14811
historical development of theory of achievement motivation, human females & Mexican Americans, 14567
identification techniques, gifted Mexican American children, 15920
internal consistency reliability & item content validity of Children's Anxiety Scale, Anglo vs Mexican-American kindergarten students, 23876
item bias on PPVT-R forms L & M, Anglo American & Mexican American 1st–4th graders, 5357
knowledge & behavior regarding primary cancer prevention, White vs Black vs Mexican-American urban community residents, 20644
levels of stress & coping behavior, male vs female freshman vs senior Anglo vs Mexican American college students, 15844
local test norms development project with PPVT, Mexican-American kindergarten through 6th graders, 15943
long term stability of System of Multicultural Pluralistic Assessment's Health History Inventories, 6–12 yr old middle- & lower-class Anglos & Blacks & Mexican-Americans, 4-yr longitudinal study, 8443
maternal reinforcement style, prosocial motives & behaviors, Anglo American vs Mexican American 5–12 yr olds, 9298
minority status & presence of psychological distress, Mexican Americans, 9380
mother child interaction & home environment & demographic variables & maternal attitudes, development of causal models for classroom & achievement test performance, Mexican American 7–9 yr olds, 27789
multi-element behavior analysis of language facilitation games, promotion of English language usage, 27–50 yr old non-English-speaking Mexican American migrant workers, 10732
nonwork factors, job satisfaction, Mexican American males with mean age of 42 yrs, 5474

participation in Mexican cultural activities & ethnic identification & perceptions of interethnic marriages, Mexican Americans married to non-Mexican spouses for 20 yrs & their children, 19973
patterns of recreation, Mexican-Americans vs Americans, comment on study by J. B. McMillen, 27917
perceived language proficiency & attitudes toward varieties of Spanish, bilingual Mexican American high school students, 872
perception of seriousness of crime & common crimes & responsibility for crimes, Black vs White vs Mexican American college students, 31042
perceptions of education & professional roles & attitudes toward psychologists vs psychiatrists, Mexican-American vs Anglo-American college students, 32081
powerlessness, socially desirable responses & agreement with statements regardless of content, Anglo vs Mexican American vs Mexican 18–65 yr olds, mental health implications, 14581
preference for dying at home, Mexican Americans vs Whites, 19971
psychopathology & treatment outcome & attitude toward mental illness, 19–67 yr old low SES European American vs Mexican American psychiatric inpatients, 1424
race & ethnicity & type of offense & mode of disposition & prior record, determinate sentencing, White vs Black vs Chicano felons, 14421
racial & ethnic differences & sociocultural factors, psychological distress, 21–60 yr olds, Mexico vs US, 6437
readmission rates & posthospital employment rates & adjustment & prognostic variables, Mexican American psychiatric inpatients, 18299
recategorization of WISC-R scores, learning disabled bilingual Mexican American 9–12 yr olds, 14861
regional vocabulary, Hispanic vs Anglo 6th graders living in South Texas border vs nonborder cities, replication of J. Garcia's study, 14035
reliability & bias of Revised Children's Manifest Anxiety Scale & Child Anxiety Scale, Anglo- vs Mexican-American vs Black 1st–3rd graders, 29729
reliability & validity of Children's Hispanic Background Scale, assessment of acculturation level, Chicano 4th graders, 19082
religious institution attendance & self rated religiosity, functional health, Mexican Americans, 30596
school closure, psychological maladjustment & academic & parental involvement decline & adverse community impact, Mexican-American mothers, followup of "Angles" case, 26475
self disclosure in friendships, male vs female White vs Mexican American adolescents, 3742
SES, language orientation & mental health status, Mexican Americans, 19968
sex & age & cultural differences, individualism, Anglo American vs Mexican American 1st–5th graders, 9289
sex & age & ethnic differences, self reported assertiveness, 17–58 yr old Anglo vs Mexican Americans, 17381
social & cultural adaptation to federal prison, Mexican migrant inmates, 28944
social & cultural aspects of hyperkinesis & treatment forms, Mexican American children, 14944
social tolerance, mental illness, Mexican Americans vs Anglo Americans, 22755
sourcebook of empirical studies on use of MMPI group profiles, Mexican Americans, 1963–83, literature review, 22633
Stanford-Binet vs McCarthy Scales of Children's Abilities vs WISC-R, achievement prediction, Mexican American children assessed at 3 & 4 & 7–9 yrs of age, 26702
status levels & inconsistencies between status levels, job satisfaction, Mexican-American head-of-household vs general-population males, 13320
strategies for increasing opportunities in educational research, Chicanos & Mexican Americans & Hispanics & females, 15681
strength of components of ethnic medical system, Mexican Americans, 28837
training in behavior therapy, Mexican American mental health personnel, 5142
TV viewing, diversity of activities, Navajo vs Mexican American vs Euro-American families, 22237
undocumented aliens vs documented alien vs Hispanic American parents, development, 6–18 mo olds, implications for US government policy, 19763
use of informal social networks as source of information about legal services, Chinese Americans vs Whites vs Blacks vs Chicanos vs Hispanics vs Native Americans, 1106
validity of self report measures of anxiety, identification of learning disabilities & emotional handicaps, Anglo American vs Mexican American vs Black 1st–3rd graders, 23877
variables affecting grade level attainment, Mexican American migrant farm workers, 18647
White vs Hispanic teachers, reading achievement, 3rd–4th grade Chicano students, 29296

Mexico

client characteristics & drug therapy as predominant choice of treatment, mental health center patients, Mexico, 10423
cognitive development, 0–6 yr olds, Mexico, 6336
competitive behavior, female vs male 1st–3rd graders, US vs Mexico, 6231
cross cultural differences & sociocultural & ethnic factors, belief in external control & associated distress & depression & anxiety, adults, Mexico vs US, 6456
depression, psychopathological behavior, 14–26 yr old high school students, Mexico, 30922
description of "Walden II" type of community & its reinforcement, Mexico, 30561
development of person-centered approach to psychotherapy, Mexico, 1972–82, 17955
distribution of drug usage, Mexico, 6600
epidemiological & sociocultural & clinical factors, suicide, Mexico, literature review, 31043
establishment of norms for translated WISC-R & predictive validity, 6–16 yr olds, Mexico, 5643
evaluation of Unique System of Practice, education for psychological practice, college students, Mexico, 31902
expression of depression, pre-Columbian ceramic art, Mexico, 9703
factor analysis of empathy scale formulated by A. Meherebian & N. Epstein, Mexico, 16288
garbage analysis, assessment of food utilization, low- vs middle- vs upper income families, Mexico, comparison with US data, 11898
historical perspective on modes of drinking & perception, Mexico, 17291
impact of historic-sociocultural premises, interpersonal relations & cultural ecosystems, Mexico, 25268
literary portrayal of male Mexican national character by O. Paz & C. Fuentes, 16843
model for identification of knowledgeable & reliable cultural informants, ethnographic study of disease concepts, Tarascan Indian females, rural Mexico, 25281
origin & development of 3 instruments for cross cultural psychological research, Mexico & US, 19050
parental support & control, identification with father vs mother, male vs female high school students, West Germany vs US vs Spain vs Puerto Rico vs Mexico, 25236
personality attribute inferences on role of religious officeholders, 18–78 yr old males, Mexico, 9368
principles of humoral pathology, avoidance illness, Mexico, 20655
racial & ethnic differences & sociocultural factors, psychological distress, 21–60 yr olds, Mexico vs US, 6437
staff misconception of population, failure of alcohol rehabilitation center, Mexico, 7747
transfer & impact of psychological knowledge, Mexico, 8274

Mianserin

acute vs chronic ip desipramine vs amitryptiline vs mianserin, clonidine effects on EEG synchronization & behavioral depression, male rats, 24864
acute vs chronic mianserine administration, motor performance & open field behavior & body weight & temperature & fertility, rats & mice, 27569
amitriptyline vs desipramine mianserin vs pargyline, mepyramine binding in cortex, guinea pigs, 24945
chronic administration of clomipramine & mianserin & nialamide vs haloperidol & diazepam, salbutamol-induced hyperactivity, male rats, 24920
isocarboxazid with mianserin, antidepressant effect, 25–84 yr olds with endogenous depression/melancholia, 7471

melitracen & flupentixol vs mianserin therapy, depressive anxiety states, 16–65 yr old outpatients, 4821
mianserin, depression, 40–50 yr olds, 4786
mianserin, effects of clonidine on plasma 3-methoxy-4-hydroxyphenylethyleneglycol & blood pressure & sedation, depressed 31–61 yr olds, 7412
mianserin, noradrenaline uptake & efflux of radioactivity, guinea pigs, 6152
mianserin vs diazepam, anxiety & depressive symptoms, 17–71 yr old psychiatric patients, 26141
mianserin vs maprotiline treatment, 21–70 yr old patients with depressive syndrome, 15299
trazodone vs mianserin, side effects & improvement, depressed patients with mean age of 42 yrs with & without anxiety, 7403
Mice
acoustic trauma in critical vs sensitive period, auditory behavior & cochlear functions & audiogenic seizures, auditorically abnormal vs normal-hearing mice, 27471
activity & taste neophobia & aversion to saccharin, postweanling mice housed in isolation vs group conditions, 21936
acute ethanol administration, differential glutamate release in brain regions following potassium ion administration, long vs short sleep mice, 19669
acute vs chronic ethanol administration, ethanol preference, C57B1 vs LACG vs BALB mice, 6171
acute vs chronic morphine vs ethylketocylazocine injections, locomotor activity, C57B1/6J vs DBA/2J mice, 27590
aggression in dyadic encounter, mice with 2n=24 vs 26 chromosomes, 16573
aggressive behavior toward adult mice, virgin vs pregnant mice of 5 inbred strains, 8712
ambient temperature, sleep-waking cycle, C57BL/6 Orl vs BALB/c Orl mice strains, 8893
analysis of male & female countermarking, mice, 27326
capacity for sperm production vs pregnancy initiation vs sperm competition, deer mice, 27421
chronic oral ingestion of arecoline hydrobromide, memory retention test performance, male mice, implications for treatment of dementia-related memory deficits, 27584
circadian rhythms & temporal structure, susceptibility to tonic-clonic seizures, genetically epileptic mice, 11493
cochlear nucleus evoked potentials & surface responses, quivering mutant mice, 21999
confinement in narrow cylinder & tail shock, target biting behavior, male mice, 693
crowding or ACTH treatment during mother's pregnancy, copulatory behavior, adult male offspring mice, 8884
cytidine 3,5-cyclic monophosphate, aggressive behavior, male mice, 723
development of olfactory bulb & olfactory perception, spiny mice vs Norway rats vs Mongolian gerbils, 570
development of olfactory recognition of insect prey, northern grasshopper mice, 8703
early exposure to auditory stimulation, subsequent choice of acoustic environment in nest site selection, mice, 16489
ethylketazocine & morphine administration, antinociceptive tolerance & physical dependence, C57 & DBA male mice, 27589
female aggressive behavior & social hierarchy & sex ratio, control of population growth, mice, 30029
generalization patterns of conditioned aversion to sucrose vs saccharin vs fructose vs glucose vs maltose, BALB vs C3H vs C57BL strains of mice, 27214
genetic analysis of differences, between 3 pup-care behaviors, NZB vs CBA/H primiparous female mice, 5922
genetic differences in plasma progesterone levels, maternal nesting, pregnant mice, implications for role of thermoregulation, 5962
genetics, apomorphine-induced climbing behavior, AKR/J vs DBA/2J inbred mouse strains, 761
genotype, defeat induced learned submissiveness & analgesia & unconditioned & conditioned behaviors & potential role of endogenous opioids, male C57BL/6 vs DBA/2 mice, 24557
individual & group housing, target biting behavior, male mice & rats, 437
influence of common genes on both sedative & stimulant responses to alcohol, long- vs short- sleep mice, test of plieotropic effect, 8951
isolation rearing at 23rd day of life for 60 days, exploratory behavior, A/J albino mice, 11435
locomotion & urination & defecation & vocalizations in open field apparatus, gardendormice from birth through 30 days old, 8732
long term choline & lecithin treatment, spontaneous alternation responses in passive avoidance conditioning, aged mice, 16787
multidimensional behavioral analyzer, study of alpha-neo-endorphin effects on behavior, mice, 3526
nicotine-induced seizures & nicotine receptors, C3H/2lbg vs DBA/2lbg mice, 24891
open- vs enclosed-arm radial maze, working memory, male mice, 462
preference for urine of estrous vs diestrous prairie deer mice, weasels, 27242
prenatal development between 2 male fetuses & age & estrogen & testosterone, sexual receptivity & attractiveness & aggression, 9 vs 21 mo old female mice, 8602
presence of females, fighting behavior, male prairie deermice, 19408
preweaning exposure to cricket killing & litter size & consummatory experience, cricket predation, grasshopper mice, 5909
progesterone, aggressive behavior, pregnant vs virgin mice, 8848
propanolol vs phentolamine, duration of ethanol induced sleep, long- vs short-sleep mice, 27547
responsiveness to own vs alien neonates, adult male mice, 19383
role of olfaction, ethological isolation between demes, house mice, 27240
serotonin levels in ventromedial vs supraoptic vs hypothalamic vs amygdala areas of brain, aggression, various strains of mice, 19518
sex & sexual condition & age, exploratory behavior, adult vs subadult vs juvenile wild wood mice, 21966
sex differences, acquisition of avoidance behavior & defensive burying & escape behavior & shock thresholds & activity levels & acquisition of position discrimination, grasshopper mice, 5856
squeal detector based on phase-locked tone decoding, mice & rats, 29670
strain & food & water deprivation, activity rhythms, inbred mice, 16550
strain differences, chemosensory sensitivity to sucrose octaacetate, inbred mice, 27331
testosterone & estradiol benzoate & dihydrotestosterone propionate exposure, pup-killing, C57BL/6J vs DBA/2J mice strains, 19730
ultrasounds & short term motivation & alertness, sound-induced pup retrieving behavior, house mice, 5893
visual familiarity vs bodily contact, development of littermate recognition & social preferences, spiny mice, 8716
Y chromosome influences, sexual behavior, DBA/1Bg vs DBA/2Bg vs DBA/2.DBA/1-YBg male mice, 24624
Microcephaly
extreme social & emotional deprivation, social & emotional development, daughters of mentally retarded & microcephalic & mentally disordered mother, 6978
n-propanol, brain development, neonatal rats, 19680
prenatal exposure to methylazoxymethanol, open field & maze & passive avoidance behaviors & mortality & body weight, rats assessed at 49–192 vs 204–215 days of age, 16807
Microcomputers
ANSEC BASIC software package for microcomputers, lag sequential analysis of observational nonconcurrent sequential data, 2832
application of microcomputer technology in education, handicapped children, 15862
applications for personal computer software in psychology, 16230
assembly language program for 6502 CPU for implementation of multitasking on small microcomputer, conference presentation, 66
assembly language routines for C/80 compiler to address 8080 processor ports, laboratory microcomputer programing, 29679
BASIC microcomputer program, principal components analysis, 2830
BASIC program for CBM & PET & C-64 microcomputers, spectral analysis technique with graphics for detection of biological rhythms, 29669
BASIC program, plotting data on Apple II series of computers, 29711

bit-addressable input/output interface for microcomputers, conference presentation, 42
circuit design, interface of experimental response signals with logic apparatus that controls experimental events, 2797
classroom uses of microcomputers in elementary reading program, 5202
computer applications, achievement & aptitude testing, US, 18984
computer instructional dialogs, science education, 5554
computer software for 6502-based microcomputer, data collection & period analysis of EEG, 2822
developments in automated testing, personnel selection, 2785
efficacy of computer assisted instruction & microcomputers as instructional aids, mentally retarded adults & secondary school students, 7926
evaluation of effectiveness of instructional program on microcomputer usage, visually impaired 12.5–18.7 yr olds, 8081
importance of human engineered system features, use of microcomputer in US Navy, conference presentation, 84
interface to connect Commodore microcomputers with single operant chamber, control of experimental events & data collection, 2792
issues & concerns for microcomputer use in school psychology, 15679
manual with vs without demonstration vs manual & lecture methods of microcomputer training, performance & attitude toward computer technology, rehabilitation counseling students, 31916
methodology using polygraph & microprocessor, time-series analysis of stereotyped movements & relationship of body rocking to cardiac activity, severely mentally retarded & autistic 24–54 yr olds, 9847
micro-controlled stepping-motor, motion control in behavior research, animals & humans, 2800
microcomputer & on-line graphical displays, dispatching demand-responsive vehicles for pickup & delivery of passengers & parcels, 24185
microcomputer analysis of long term stability of sleep, rats, 16678
microcomputer applications in school psychology, 15672
microcomputer as tool for self efficiency & learning, aged, 8358
microcomputer assisted method for development of composite drawings of brain infarction, implications for use with computed tomography & other imaging systems, 24142
microcomputer-based audiovisualization of pitch contours of sentences, learning intonation, foreign language learners, 25008
microcomputer-based gaming assessment system, recognition of Soviet fighters & bombers, F-14 pilots & radar intercept officers, 29569
microcomputer based instruction, autistic students, literature review, 13157
microcomputer-based model, prediction of new product performance, 24090
microcomputer-based testing system, collection & administration & storage of data in behavioral tasks, conference presentation, 60
microcomputer-based wearable biofeedback device, improvement of transfer of speech intensity information, 67 yr old male with Parkinsonian dysarthria, 10 & 20-week followup, 26225
microcomputer data management software package, neuropsychological record filing & report generation & clinical decision making, 16238
microcomputer-driven CRT graphics system, stimulus preparation & presentation & storage in visual information processing research, 29688
microcomputer equipment & software & training in educational programs, hearing impaired, 26663
microcomputer hardware & software, psychodiagnosis & treatment, 2842
microcomputer programs, classroom testing, 29438
microcomputer technique, analysis of behavior, animals, 18986
microcomputer version of Continuous Performance Test, assessment of attention & neuropsychological function, college students & patients with thought disorders or brain damage or learning disabilities, 27039
microcomputers & assessment of academic achievement & instructional performance, 2586
microcomputers & educational measurement, 2553
microcomputers & problems in assessment of academic achievement & instructional performance, teachers, 2592
microcomputers & test administration, 2600
microcomputers & test administration, comments on W. Ward's thesis, 2585
microcomputers & test development, 2567
microcomputers & test development, comments on R. Hambelton's article, 2561
microcomputers as management aid & therapy tool in occupational therapy, 18972
microcomputers as plaything, orientation to technology & social interaction, children, 6241
microcomputers, classroom testing of learning disabled students, 13219
microcomputers in psychology laboratory courses, conference presentation, 2371
microcomputers, motivation for learning to read & write, students, 15739
microcomputers, reading & writing education, learning disabled children, 15885
Microsoft BASIC programs for IBM PC, statistical analysis, 29659
model for developing & implementing microcomputer education program, 26560
model for teaching with microcomputers, 10735
need for microcomputer tools & courseware, undergraduate psychology curriculum, conference presentation, 2379
need for research into impact of microcomputers on intrinsic motivation & educational programs & social equality, children, 29690
perception of future impact of microcomputers on classroom instruction, school administrators & teachers, 26556
picture prompts, learning accession to & termination of microcomputer program, mildly mentally retarded 11.3–13.6 yr olds, 29358
picture stimuli & computer software for Apple II microcomputer, 2831
postnatal ethanol exposure, open field behavior & activity level & behavior latency & computer-timed measures, adult rats, 24941
research issues & directions for use of microcomputers in aid to instruction, children, literature review, 2374
role & contribution of information technology in learning & training, implications for adult education, 24162
role of microcomputers, instruction, gifted students, 29169
software & interface hardware to operate KIM-1 microcomputer as 8-channel data logger, measurement of walking activity, field crickets, 2789
sustained work tasks administered by minicomputer, physical & cognitive task performance, US Marines, 21626
teaching programing of microcomputers, preschoolers & school age children, 13045
therapeutic applications of microcomputers, occupational therapy, 16236
use of database management & word processing computer programs, learning disabled students, 2511
use of home-based microcomputer for analysis of community data from reported cases of child abuse & neglect, 21697
use of microcomputer in introductory psychology, conference presentation, 2401
use of microcomputer in play therapy, 9–12 yr olds in learning clinics, 31368
use of microcomputers for clerical & administrative tasks & assessment & treatment & research in behavior therapy, 75
use of microcomputers in establishing communicative context in classroom, 15763
use of microcomputers, kindergarten students with developmental & socialization problems & high intellectual capabilities, 2498
user friendly statistical package for Apple II microcomputers, data analysis & tutorial routines for introductory statistics, 21345
utilization of comprehensive dedicated microcomputer system, improvement in service delivery in treatment & evaluation unit, severely disturbed 12 mo to 12 yr olds, 23421

Microcounseling

audio vs video presentations of counseling interviews, ratings of facilitative level, 20–50 yr old counselor trainees with 0–7 yrs of experience, 15649

efficacy of inservice microcounseling program, secondary school teachers, 29137
empathetic counseling microtraining, 17–38 yr old peer counselors in minimum-security forensic ward, 15627
microcounseling, counselor education, school counselors, 15708
microcounseling program, inservice teacher training, teachers, 2347
microcounseling training, literature review, 15647
microsupervision skill development model, training of clinical supervisors, 26447
Microorganisms
bacteria & urine as sources of odors from perineal gland secretions, male wild cavies, 3318
presence of color-sensitive visual pigment, phototactic archaebacteria, 27334
Micturition [See Urination]
Middle Aged
age & educational level, performance on Trial Making Test & Wechsler Memory Scale, 40–69 yr old medical & surgical patients, 210
age & sex differences, mental health & depression & anxiety, never married vs married vs widowed Ss aged 55 yrs & older, 3584
age & sex, perceived health, 20–75 yr olds, 11682
age differences, cognitive & behavioral concomitants of accommodating adaptive style & occupational achievement, young adults vs middle aged, 5457
age, excretion of urinary-free cortisol, acutely stressed 47–78 yr olds with depressive symptoms, conference presentation, 6789
age, husband-wife communication & adjustment during menopausal phase, 40–55 yr old females, 27727
alcohol consumption levels & intoxication & history of intoxication, young stroke patients with mean age of 40 yrs vs patients with mean age of 70 yrs, 15003
anorexia nervosa, middle aged & aged patients & 68 yr old female, 31236
attitudes toward technical vs management training, 40–49 yr olds vs employees in their 50's vs 60's, implications for human resources development planning, 18872
behavior & attitudes regarding sexuality & abortion & contraception, 37–46 yr old females, Sweden, 27986
career & marital status & personality, 29–39 vs 40–55 yr old females, 970
career values & beliefs & personal & professional commitments, 35–60 yr old female executives, 10965
centrifugation runs, tolerance, 41–58 yr old males with atherosclerotic symptoms, 27446
chronic depression, middle aged housewives, 4132
cognitive style & lifestyle variables, prediction of individual differences in pattern & rate of decline of intellectual functioning, Ss assessed at middle & old age, longitudinal study, 14097
coping behavior & social & family & work life & cognitive functioning, 46–65 yr old Holocaust survivors vs inhabitants of Israel during World War II, Israel, 12089
correlates of life satisfaction, 40–54 vs 55–64 vs 65 yr olds & older, 19886
curiosity, 25–35 vs 45–55 vs 65–75 yr olds, 30493
degree of acceptance of traditional feminine sex role, depressed 35–50 yr old females, 17277
degree of internal vs external locus of control beliefs & stressful job & economic events, psychophysiological well-being, males with mean age of 50.8 yrs, longitudinal study, 6673
demand for health during preretirement years, Black vs White 45–59 yr old males, 22626
demographic & health & social service needs, developmentally disabled 53 yr olds & older, 4100
developmental study of narcissistic tendency, middle aged females vs adolescents, 11808
DSM-III criteria, development of schizophrenia after age 44, patients, 12197
educational programing needs assessment, midlife offspring in same geographic area as parent aged 65 yrs & older, 10654
face-name mnemonic, learning name-to-face associations, 21–38 vs 44–59 vs 60–70 yr olds, 14123
factor analysis, constraints on leisure lifestyles, 45–93 yr olds, 25464
forced residential relocation, health, 50–90 yr old urban hotel dwellers, 25810
growth & development theories & mid-life counseling, 2132
health, 45–54 yr old employed vs unemployed females vs full-time homemakers, conference presentation, 25497
immigration & length of residence, isolation, Ss aged 55 yrs old & older from 10 ethnic groups, 3773
incidence & factors affecting falling, psychiatric inpatients aged 50 yrs & over, 31724
level of desirable events, positive affect & depression, adults aged 55 yrs & older with strong vs weak resources, 22749
life span developmental perspective, middle age depression & recovery of S. Johnson, 6216
long-range work plans for midlife, actual work behavior at that age, human females 35 yrs of age & over, 11971
midlife career change, families, implications for family counseling, 6483
mode of testing & speed of information processing & complexity & intelligence & creativity, 25–35 vs 45–55 vs 65–75 yr old males & females, 25145
patient characteristics, utilization of mental health services, Ss aged 55 yrs & over, 10370
pension & Social Security eligibility & retirement of husband, retirement plans, middle aged working women, 5442
perception of passionate vs companionate love in intimate relationships, 50–82 yr old females, 22470
personal growth during middle age, implications for counseling, 1004
personality characteristics & sex role orientation, etiology of climacteric symptoms & response to hormonal replacement therapy, 44–55 yr old postmenopausal females, 7415
prevalence & predictive factors of depression, middle aged vs geriatric hospitalized medical patients, 26334
psychoanalytic viewpoint, mobilization of artistic creativity of J. Conrad by midlife crisis, 6220
psychosocial & psychosexual & psychiatric characteristics, middle-aged vs younger White males seeking sexual reassignment, 7566
psychosocial life events, onset of depression, patients with mean age of 68.2 vs 43.4 yrs, 1357
rational emotive therapy, transition between active mothering & continual relationship with adult offspring, 7350
reasons for higher education & perceptions of self & family support & employment expectations, female college students aged 50–81 yrs, 15839
red-green vs blue-yellow vs gray-white color combinations, performance on Embedded Figures Test, 15–25 vs 40–50 vs 65–75 yr olds, 25083
religiosity, death anxiety, 40–59 yr old males, 4043
role in employee's midlife crisis, companies, 16099
role of organization, recall or judgments of canonical stories, young vs middle aged vs old females, 24497
self perceived development, intimacy & generativity, 18–30 vs 40–55 yr old females, 1008
sex & marital status & SES & education & health, prevalence of anxiety symptoms, Ss aged 55 yrs & older, 4049
sex role orientation, death anxiety, 40–59 yr old males, 4044
sex role orientation, self perceived health status, 40–59 yr old males, 17034
sexual dysfunctions, male vs female 50–76 yr olds, 12415
shift in his mid 30's from Labor Party to Fascism, Sir Oswald Mosley, interpretation in terms of H. H. Tartakoff's Nobel Prize Complex, Australia, 12080
somatic neurosis & neurotic depression, 35–50 yr old females, India, 1413
stages in midlife development, 40–65 yr old males, 16880
stress inoculation training, test anxiety, 50–67 yr old college students, 21481
urinary catecholamines & arterial blood pressure & psychosocial factors, 35–54 yr old males, Norway, 3322
variables associated with satisfaction with school performance, 30–49 yr old females entering or reentering college, 21390
verbal ability & text structure, text recall, 20–39 vs 40–57 vs 60–84 yr olds, 24484
Middle Class
creative ability, culturally deprived vs middle class, 6th graders, implications for teaching & teacher education, 844

development of logical thinking & verbal ability to justify transitive inferences, middle- vs lower-class children, Brazil vs England, 948
estimates of incomes for various occupations & judgments regarding fairness of income differences, working- vs middle-class 3rd–7th graders, 25186
individual intellectual aptitude & father's occupational level & expectations, occupational aspirations, adolescents of lower-upper vs middle-upper SES, 958
obstetric & neonatal outcome, low vs middle income 15–19 vs 20–30 yr old mothers, 28842
problem solving training & SES, creative response styles, Black middle class 4.5–6 yr olds vs disadvantaged 5–6 yr olds, 855
racial group identification pattern as reflected in articles in "Ebony" magazine, Black bourgeoisie, 1950–1979, 14269
satisfaction in retirement & strength of work ethic & daily activities, well educated 53–88 yr olds who had had middle class occupations, 16009
self concept, academic achievement & choice of seating position in classroom, male vs female 4th graders from lower vs middle class, 2487
sex & lower vs middle SES classification, moral judgment, Black vs White high school students, 27723
social & cultural changes affecting middle class families, behavior problems, adolescents, 1542
subcultural practices, new middle class 16–20 yr old college students, England, 30485
unemployment, mental health, 25–39 yr old married male unskilled & semi-skilled vs white collar workers, Great Britain, 29499

Middle Ear
assessment & incidence & treatment of fluctuating conductive hearing losses, children, developmental & linguistic implications for educational psychology, 29391
broadband noise vs tone, tympanometric & acoustic reflex characteristics, 24–130 hr old neonates, 27805

Middle East
anxiety level before & after Israeli invasion, evacuees vs nonevacuees, Lebanon, 12202
attitudes toward counseling, government officials & college students, Middle East, 10428
complexity & consensus of attitudes toward Americans vs Britons vs Indians vs Pakistanis vs several Mideastern nationalities, college students, Qatar & Bahrian, 6455
counseling & advisement services, enhancement of elective system operations & self determination, college students, Kuwait, 10890
culture change, intergenerational relations & conflict, Arab families, implications for family therapy, 6482
culture, equality & childrearing practices & dual careers, human females, Middle East, 11872
delineation of psychological knowledge transmitted by universities & impact on development, Kuwait & Qatar & Saudi Arabia & Bahrain & United Arab Emirates, 10655
factors influencing adjustment & attitudes toward family life & social relations & political & economic issues, returnee engineering graduates, Jordan, 9547
geography & demography & war, mental health, Lebanon, 11897
hostile polemics resembling those found in compulsive-obsessional neuroses, groups of citizens caught in 1975–1976 civil war, Lebanon, 1350
interpersonal communication workshop, conflict management, college students, Beirut, 20829
life events & depression, 25–50 yr old native vs transit workers, Qatar & Kuwait, 1377
marital situation, nature & prevalence of mental illness, 18–55 yr old, female psychiatric patients in polygamous marriages, Kuwait, 14650
military installation for psychiatric treatment, combat reactions to war in Lebanon, military personnel, 4576
perceptions of achievement & occupational choice vs actual academic achievement, college students, Lebanon, implications for guidance, 15853
school psychology, Lebanon, 5166
sex & religion & educational background & residence & major, linguistic attitudes toward English vs Arabic, Arab college students, Jordan, 23819
status of handicapped, Jordan, 12419
status of mental health counseling, Middle East, 28903

Middle Income Level
adequacy of responses in structured adult-child conversations, low- vs middle-income kindergartners, 911
expressive & receptive language use & SES, performance on inference task, lower- vs middle-income Black 3 vs 5 vs 7 vs 9 yr olds, 952

Middle Level Managers
background variables & critical life decisions & interpersonal relations with coworkers, successful vs unsuccessful middle level male managers, India, 18806
computer assisted &/vs behavior modeling performance appraisal training, learning & job performance, midlevel managers, 2647
cooperative tendencies, rate of advancement, middle managers from different national groups, 23985
criteria for evaluation of managerial decisions, 30–45 yr old mid-level managers, conference presentation, 23992
development of questionnaire, assessment of achievement motivation, male middle managers, Israel, 29778
high vs low executive effectiveness, thematic fantasy & achievement orientation & drive level & maturity & decision making ability, 28–36 yr old industrial middle managers, India, 2655
job stress, organizational commitment & job performance, blue collar workers & middle managers, 29547
leadership style & effectiveness, junior- vs middle-level officers of central government departments, India, 13300
leniency error & convergent & discriminant validity & halo error, subordinate ratings of manager performance as compared to supervisor & self ratings, middle level managers, 13297
modeling management style of superior, male vs female college students in role of middle manager, 5467
performance effectiveness & affective relationships & career success, male vs female company middle managers, 2661
self vs supervisor vs subordinate ratings of supervisory effectiveness, subordinate satisfaction, mid-level managers & their supervisors & subordinates, 8206

Middle School Education
age & grade & sex & school configuration, social perceptions & preferences, 6th–7th graders in middle school with vs without feeder school experience, 27883
application of brain growth periodization research in middle school education, comments on C. Toepfer's & H. Epstein & C. Toepfer's studies, 21325
attitudes toward middle school education, 25–55 yr old middle school teachers, 13017
attitudes toward middle school programs & teaching & students' behaviors, 6th–8th grade middle school students & teachers, 21372
children's rights, ethical dilemmas & changing roles, elementary & middle school counselors, 32171
statewide career information delivery system, middle school counselors, 15718
status & role & attitudes, counselors in middle school, 2364

Middle School Students
affirmative action program on sex equity, recruitment & enrollment of nontraditional students in vocational education, middle & high school students, 13183
attitudes toward middle school programs & teaching & students' behaviors, 6th–8th grade middle school students & teachers, 21372
behaviorist & social incentives & competition & evocation of expectations & attributions & enhancement of intrinsic motivation as motivational techniques & developmental factors, achievement motivation, middle school students, 3660
cooperative school counseling referral process, elementary & middle school teachers & counselors, 32163
Craig Alternative Middle/High School, academic/therapeutic multicategorical exceptional education program, high-risk students with atypical behaviors, 5337
curricular intervention, sex role flexibility & decision making & academic achievement, 6th–8th graders, 18592
demographic & educational characteristics of problem absence, 10–18 yr old inner-city middle school students, 32112
description of Project Potentially Academically Talented Students, identification of gifted, middle school students, 26550

drug abuse prevention program, 11–13 yr old rural middle school students, 8130
educational reform programs & career education, attitudes & behavior, middle school students, 13044
efficacy of text lookback strategy training, elementary & middle school remedial readers, 29361
federally funded community college/school district project, career education, middle & junior high school students, 21330
Gifted Students Institute summer program, self concept, gifted, 10–14 yr old middle school students, 29363
intersector transfer in middle schools, UK, 32110
natural rates of approval vs disapproval of 6th–9th graders' off-task behavior, intermediate school teachers, 29326
need for integration of vocational assessment & special education triennial reevaluation, facilitation of better instructional programming, secondary handicapped students, 29372
nontraditional role modeling, preference for nontraditional occupation & occupational exploration & career salience, female middle & high school students, 32008
parent-student-counselor conferences, 6th–7th graders attending middle school, 13215
perceptions of truancy & court referral process, middle & high school students with unexcused absences or court referrals for truancy & school staff members, 8046
self management program, disruptive behavior, 6th–8th grade middle school students, 2-yr followup, 23881
sex & grade level & attributions of reading achievement, achievement motivation, 6th vs 7th vs 8th graders in middle school, 26613
textbook lookback training, reading comprehension & question-answering accuracy, minority low income high school vs middle school students, 18572
training program in questioning strategies, remedial reading, intermediate & middle school students, 23865
Women Mentor Project, development of self esteem & leadership abilities & career awareness, female elementary & middle & senior high school students, 29245
workshop on volunteerism, career exploration & development, middle school students, 13171

Midwifery

attitudes toward prenatal screening with alpha-fetoprotein, midwives, 7797
sociocultural information & health planning, assistant nurse-midwife program, females, Nepal, 18451

Migraine Headache

abuse of prescription drugs, 23–77 yr old migraine patients, 6922
acupuncture, treatment of migraine headache, 21–59 yr olds, 7–9 mo followup, conference presentation, 20976
acupuncture vs medical treatment, 17–70 yr olds with migraine & muscle tension headache, 7551
autogenic feedback training, migraine headaches, 7–16 yr olds, 15254
behavioral assessments & treatment, migraine headache, children, literature review, implications for research, 4451
beta-endorphin & ACTH plasma levels, 15–61 yr olds with classical vs common migraines vs daily vascular headaches, 31157
biological vs psychological vs social demographic variables, prediction of headache activity, 18–69 yr old chronic headache sufferers with migraine &/vs tension, 4397
continuous vs interrupted thermal biofeedback, migraine headache, 27–68 yr olds, 31442
coping strategies, migraine headaches, 20–58 yr old patients, longitudinal study, 10007
dream recall, migraine headache attacks, 18–52 yr old psychotherapy patients, 17931
EEG markers of migraine, 5–12 & 21–57 yr olds, 1724
EEG, 9–14 yr olds with basilar artery migraine, 28480
efficacy of frontal EMG &/vs hand-skin temperature biofeedback, migraine vs tension headache, patient, 23252
EMG biofeedback & coping skills training, subjective perception & muscular tension level, 20–50 yr olds with migraine & tension headaches, 4753
first-order Markov model, analysis of migraine &/or tension headaches, headache sufferers, 25937
food sensitivity, development of migraine headache, literature review, 14954
frontalis EMG vs finger temperature vs skin conductance vs false EMG biofeedback training, migraine headache, female migraine sufferers with mean age of 45.6 yrs, 4744
hydrocephalus as causal factor, classical migraine, 21–45 yr old females, 22949
hypnosis in behavior therapy framework, severe migraine-type pain, 7–14 yr olds, 23097
hypnotherapy & behavioral methods, prevention of migraine headaches, 7504
magical world view & logic, suicidal threats due to migraine pain, 10 yr old female in family therapy, 23225
migraine pathogenesis & neural hypothesis, 20483
migraine personality & migraine & tension headache & association with psychiatric disorders, 30-yr literature review, 14987
neurosis-based overexertion of perception as possible cause of migraine headaches, 23019
noise stress during relaxation, pain, 20–60 yr old chronic migraine sufferers, 23279
oral behavior patterns, patients with facial pain vs tension vs migraine vs combined headache vs no pain, 12383
perception of stimulus intensity, 23 & 26 yr old White female migraineurs vs nonmigraineurs, implication for etiology of migraine, 1687
personality factors, classical migraine & tension headache, 18–35 yr old females, 22930
personality traits, migraine vs tension headache patients, 7105
physiological parameters during rest vs stress, male vs female migraine vs tension headache patients, 7104
prevalence of classical vs common migraine headaches, female vs male college students, Nigeria, 7100
prevalence of migraine headache, depressed males vs females, 14670
progressive muscle relaxation &/vs EMG or thermal biofeedback, tension &/or migraine headaches, patients with mean age of 38.6 yrs, 28710
propranolol, migraine headache, 9–15 yr olds, 31499
psychodynamics, migraine headache, literature review, 22966
ratings of moods, prediction of migraine headache occurrence, 30–51 yr old patients, implications for control & reduction of impact of headaches, 31169
role of motivation in treatment, 21–36 yr old military pilots & fertile females & other patients with migraine, 23089
self assessment of mood, patients with migraine headache, 22971
self-help vs therapist assisted relaxation, migraine or muscle contraction or mixed headache, headache patients, 1-mo followup, 18087
self report data on causes & features of headaches & clinical diagnosis, classification of cluster vs migraine vs tension headaches, headache patients, 31150
stress & temporal artery activity, pain & onset of migraine headache, female patients with mean age of 37.2 yrs, 1664
thermal imagery vs biofeedback vs relaxation, treatment of migraine headache, high vs low hypnotically susceptible 18–55 yr olds, 15042
thermal or EMG biofeedback, anxious-phobic or vascular headache patients, 1–3 yr followup, 4715
thermal or EMG biofeedback training, patients with musculotensive vs migraine headaches, 4733
threatened stressor vs RT vs imagery tasks, bilateral temporal artery & digital pulse amplitudes & heart & respiration rate, 19–42 yr olds with migraine headache, 20567
tonic vs phasic central autonomic nervous system dysfunction & neurotic & depressive tendencies, patients with common migraines, 31249
transcutaneous electrical nerve stimulation, headache pain, patients with migraine &/or muscle contraction headache, 31609
unilateral migraine headaches & mental arithmetic & exercise tests, extracranial vascular changes, 18–61 yr old patients, 9920
validity of behavioral vs subjective self report pain severity scale used in completion of diaries, 9–17 yr old migraineurs & their parents, 187
validity of MMPI Alexithymia subscale, 21–65 yr old migraine headache outpatients, 144

Migrant Farm Workers

age vs level of education & degree of assimilation, fertility patterns, 15–49 yr old migrant Hispanic farm females, 19976

interviews as fieldwork technique metacommunicative routines, Spanish speaking rural New Mexico residents, 3544
multi-element behavior analysis of language facilitation games, promotion of English language usage, 27–50 yr old non-English-speaking Mexican American migrant workers, 10732
variables affecting grade level attainment, Mexican American migrant farm workers, 18647
Migration (Human) [See Human Migration]
Migratory Behavior (Animal)
abundance & distribution of foods in home range, movement patterns, free-ranging mountain gorillas, 21985
artificial imprinting, olfactory-based orientation in establishment of new nesting population, sea turtles, implications for conservation of endangered sea turtles, 3135
chorus line hypothesis, coordination of maneuvers in navigation, dunlin flocks, 11449
climate, homing orientation, homing pigeons, Germany vs Italy, 27252
communal activity & division of labor & maternal behavior & emigration, colonial & solitary spiders, 19352
costs & benefits of inbreeding & kin recognition & inter-group transfer & sexual dispersal patterns, baboons & great tits & monkeys & gibbons & chimpanzees & wild dogs, 522
den utilization & immigration rates, octopus, 19368
detection of near-ultraviolet light, migratory & nonmigratory birds, 11403
displacement from home range & vegetation density, navigational & homing ability, 10–32 mo old alligators, 6055
displacement from home site, strategies of homing behavior, squirrels, 27231
dorsomedial forebrain vs visual Wulst lesions, homing behavior, pigeons, 27511
effect of movement in direction of food source on dance language, indication of processing of sun-azimuth information, honey bees, 501
endocrine activity associated with autumn migration, sedentary & migratory European blackbirds, 16675
factors affecting nest & site fidelity, barn swallows, 21979
facultative extension of fall migration, yellow-rumped warblers, 16563
flight behavior during fall migration, hawks, 27271
flight behavior over water during migration, hawks, 27270
foraging behavior prior to migration, change in priority between foraging & avoidance of predation, adult ruddy turnstones, 21967
homing behavior, wood thrushes, 27222
magnetic compass mechanisms, shifts in migratory direction, holarctic birds, 3230
male-limited natal group emigration, inbreeding avoidance, rhesus monkeys, 24601
natal dispersal, Belding's ground squirrels, implications for evolutionary hypotheses, 27262
nongenetic precultural transmission of social information, daytime schooling sites & twilight migratory routes, French grunts, 8629
permanent shift in internal biological clock using artificial photoperiods, orientation system, homing pigeons, 24620
role of androgens in natal dispersal, free-living Belding's ground squirrels, test of activational vs organizational hypothesis, 27425
spatial mapping, place navigation in water, rats, 11428
spring migration, circulating thyroxine & triiodothyronine, male rosy pastors, 8849
water flow rate, directional orientation, juvenile chum salmon, 8717
Mildly Mentally Retarded [See Educable Mentally Retarded]
Milieu Therapy [See Therapeutic Community]
Military Enlistment
educational enrollment & military enlistments, racial inequality & joblessness, 16–29 yr old Blacks, 1964–81, 1044
Military Medical Personnel
confidentiality & physician-patient privilege, military psychiatrists, 23638
stress of transition from residency to clinical practice, graduates & staff of military family practice residencies, 23629
Military Officers [See Commissioned Officers]
Military Personnel [See Also Air Force Personnel, Army Personnel, Commissioned Officers, Draftees, Enlisted Military Personnel, Marine Personnel, Military Medical Personnel, Navy Personnel, ROTC Students]
ability & motivation, group performance, military crew members, 16055
accuracy of subjective vs survey vs interview appraisal methods, individual proficiencies & performance, military personnel, implications for feedback systems, 8188
bipolar Jungian inventory, measure of military vs nonmilitary character, ROTC cadets & civilian graduate students, 170
career development, researchers for "The American Soldier" by S. A. Stouffer et al, 10564
career planning & commitment & job involvement, US Navy health care administrators & science & technology & clinical care specialists, 26741
cognitive analysis, traditional vs performance-oriented approaches to armor procedural training, 8183
combat anxiety, predisposition to cold injury, military soldiers, 1714
computer graphic techniques, terrain visualization training, military personnel with high vs low spatial ability, 26751
concurrent validity of questionnaires in population studies, assessment of drug use, 18 yr old male military conscripts & 9th graders, Sweden, 29734
description & utility of Armed Services Vocational Aptitude Battery-14, 26965
development & field trial of system for evaluation of effectiveness of training programs, military training managers, 8187
development of decision support systems, problem recognition & situation assessment & decision making, implications for military personnel, 8149
dogmatism & attitudes toward women in military, male US Coast Guard Academy cadets, 17246
dyadic verbal interaction, 31–45 yr old spinal-cord-injured veterans & nondisabled military staff, 31228
ecological perspective of manpower quality decline, military personnel, 26769
empathy & death expressions in therapy group, parents of hospitalized soldiers with noncombat psychiatric disorders, Israel, 18004
encouragement of sons toward military service, mothers, 29495
evaluation technique to provide quantitative index of fit between training curriculum content & job task performance requirements, US Coast Guard, 21569
factor structure of Chinese version of Supervisory Behavior Description Questionnaire & relationship between subordinate perception of leader behavior & leader performance & job position, military enlisted men & low military staff, Taiwan, 13233
feedback from field, improvement of training programs & materials & products, training developers & evaluators, 8186
field research in combat zones, comments on work by S. A. Stouffer et al, 8371
forensic issues, military psychiatry, 1799
history & activities of Military Educators & Counselors Association, 21166
intervention technique for coping with bereavement following accident involving multiple deaths & no survivors, military personnel, 28636
IQ & educational & family background, military paratroopers vs prison inmates with vs without tattoos, 4281
levels of shock during training on task, enhancement of performance on visual search task, male candidates for officer training course, Israel, 18791
mental devices & coping strategies, traumatic neurosis, combat pilots, 18840
military policy regarding sexual reassignment surgery, 17263
military service, health status, females, US, 18844
orthopaedic health care, US Army occupational therapists, 12839
perceptions of freedom & environmental & personality factors, mood states, military recruits, 4053
positivist strategy value of "The American Soldier" by S. A. Stouffer et al, 9355
practical training in management of psychiatric combat casualties, US Army Mental Hygiene Consultation Service members, 18496
prevention & treatment of panic attacks, military personnel, 17842

psychological differences & relaxation/sensitization methods, flight anxiety, successfully vs unsuccessfully treated US Navy & Marine Corps flight students, 3-yr followup, 18034
psychopathological study of psychiatric casualties of WW I vs II, 17507
role conflict & ambiguity, US Army head nurse at military treatment facility, 18457
sex differences, ratings of leadership ability, military cadets, 14578
Social Recreation Fitness program, emotional & physical adjustment, disabled & chronically ill military personnel, 12835
stable vs unstable personality, reactions to stress & development of somatic symptomatology, military personnel & veterans, 20199
stress, child abuse & neglect, military vs civilian families, 9763
suggestion, combat reaction, Israeli soldiers in specific military installation, Lebanon, 26287
team development, team organization & functioning, Israel Defense Forces logistics unit team members, 16025
thought & analysis & problem solving & role of ROTC in education, military officers, US vs other countries, 32218
validity & reliability of graphological assessment, prediction of success in infantry officers training course, 19–20 yr olds, Israel, 5451
validity of F. E. Fielder's model of leadership effectiveness, Least Preferred Co-worker Scale score & attribution of task success & failure, platoon leaders & company commanders, 13293
validity of Military Applicant Profile, prediction of early attrition, US Army enlistees from various educational & racial backgrounds, 8178

Military Psychology

military invasions & territorial vs personal space permeability functions, 25346
prevention & treatment of panic attacks, military personnel, 17842

Military Recruitment

dogmatism & attitudes toward women in military, male US Coast Guard Academy cadets, 17246
position statement on military recruitment, American School Counselor Association, 12987

Military Training

amount of military service & former occupational specialty & aptitude, academic performance & attrition, retrainees vs nonprior-service enlistees in US Air Force technical schools, 2633
Army Training Battle Simulation System, command group performance, battalion command groups, 13283
cardiovascular fitness & muscular endurance & flexibility, prediction of attrition in diving training program, 20–30 yr old male US Navy personnel, 16028
cognitive analysis, traditional vs performance-oriented approaches to armor procedural training, 8183
computer graphic techniques, terrain visualization training, military personnel with high vs low spatial ability, 26751
computer-managed instruction, individual differences in achievement & learning, US Navy trainees, 5455
conventional vs computer-administered adaptive tests, prediction of performance in jet engine mechanic training, Air Force personnel, 27050
cost-effectiveness analysis structure & cost elements list, evaluation of US Department of Defense training courses & devices & programs, 29507
development & field trial of system for evaluation of effectiveness of training programs, military training managers, 8187
development of Precommissioning Leadership Assessment Program, gauge of leadership potential, applicants to US Army precommissioning programs, 8184
development of wide-field-of-view helmet-mounted infinity display system for use in combat mission training, US Air Force pilots, 29562
effectiveness of prototype of low-cost cockpit procedures trainer, instruction for normal & emergency cockpit procedures, pilots, 18781
evaluation technique to provide quantitative index of fit between training curriculum content & job task performance requirements, US Coast Guard, 21569
history & activities of Military Educators & Counselors Association, 21166
homogeneous vs heterogeneous pairing of students with different levels of academic achievement, mastery of stressful motor task, male students in military paramedical training, 32049
improvement of selection for pilot training by measurement of skills & personality traits & cognitive abilities via computer, US Air Force trainees, 18790
judgments of basic cognitive skill requirements for selected Army occupational training courses, military instructors, 16035
magnitude of perceived physical fitness improvement in basic training, esprit de corps & performance & health & attrition, US Marine Corps recruits, 26772
methods to determine training priorities for accident prevention in job tasks for enlisted specialties, US Air Force personnel, 29512
noncompliance with cold weather medical guidelines, well-being, US marines in cold weather survival skills training, 13284
optical & thermal sights, target detection, US armor soldiers, 8180
perceived group effectiveness & group role, attributions of group performance, military college students, 30762
physical stress & simulated flight emergencies & combat, presence of neurotransmitters & their metabolites in urine, student vs experienced US Air Force pilots, 3327
psychometric study of courage in training & combat, army bomb disposal operators, Great Britain, 10955
range estimation training techniques, US Army, 8185
respiration control, stress management, male US Army trainees in airdrop training, 13271
role of attributing failure to situation vs dispositional factors in perceived need for counseling, soldiers in US Army Basic Training who were retained vs discharged, 26760
success of cognitive vs perceptually-oriented training for short-range air defense weapons & relation to aptitude profiles, experienced gunners & trainees, 10936
thought & analysis & problem solving & role of ROTC in education, military officers, US vs other countries, 32218
visual technology research simulator with varied visual scenes, training air-to-ground attack, US Air Force vs Navy pilots, 21572
years of service & aptitude & change in occupational specialty, academic performance & attrition rate, US Air Force enlistees attending technical schools for retraining, 29510

Military Veterans

abnormal behavior & physiological arousal, military veterans with posttraumatic stress disorder, 17497
adaptation to combat, Vietnam veterans without posttraumatic stress disorder, 14680
Adlerian natural high therapy, posttraumatic stress disorder, Vietnam veterans, 10112
alcohol misuse & posttraumatic stress disorder, Vietnam veterans vs Vietnam-era veterans, comments on statistical methods in study by E. Roy, 1334
alcohol misuse & posttraumatic stress disorder, Vietnam veterans, reply to R. Lacoursiere & L. Coyne's criticism, 1342
alleged failure of VA clinic to diagnose & treat posttraumatic stress disorder, Vietnam veteran injured in police shootout, case law, 14367
assessment of health & mental health needs & satisfaction in VA psychiatric hospital, female patients, 15502
attitudes of mistrust & posttraumatic stress disorder, Vietnam combat veterans, 1393
behavioral formulation model, posttraumatic stress disorder, Vietnam veterans, 20292
characteristics & coping behavior & treatment considerations, posttraumatic stress disorders, Vietnam veterans & their families, implications for social work, 15433
childrearing, delayed posttraumatic stress, Vietnam combat veterans with preschool age children, 12164
clinical characteristics of post-Vietnam stress syndrome, 20333
combat experience & witnessing & participation in abusive violence as model of war trauma, postservice psychological states & war stress, Vietnam military veterans, 6803
combat stress as adolescents, moral development, Vietnam veterans, implications for group psychotherapy, 4182
countertransference issues, treatment of Vietnam veterans with posttraumatic stress disorder, therapists, 28643
demographic characteristics & stump & phantom limb pain, civilian vs military veteran amputees, 31255

development & goals of self help network & followup service, veterans with impaired vision or complete blindness who had completed training at VA rehabilitation center, 31758
development of Combat Exposure Scale, assessment of trauma in Vietnam war, help-seeking Vietnam veterans with mean age of 33 yrs, 13577
diagnoses according to DSM-III criteria, Vietnam veteran inpatients, Australia, 22779
distinguishing factors in posttraumatic stress disorder, veterans of Vietnam vs other wars, 1387
educational-therapeutic group intervention, substance abuse problems resulting from attempts to control posttraumatic symptoms, Vietnam veterans, 12852
elements of near death experience in combat, male war veterans, 16168
etiology of posttraumatic stress syndrome, 38 yr old White Vietnam veteran, 30995
exposure to combat, alcoholism, Vietnam & Korean war veterans, followup study, 31023
exposure to combat, Vietnam-linked imagery, male veterans, 22673
factitious posttraumatic stress disorder, 28–38 yr old veterans never in combat or Vietnam, 22739
gestalt techniques, posttraumatic stress disorder, Vietnam combat veterans, 12469
group therapy program & meals/shelter/medication/transportation coordination service, physically disabled veterans & economically disadvantaged discharged hospital patients, 25978
history of familial alcoholism & depression & anxiety & other psychopathology, veterans of Vietnam vs World War II vs Korea with posttraumatic stress disorder, 14657
hospital-based psychosocial rehabilitation Veterans Resource Program, recidividism rate, veterans, 23489
hypnosis, dispelling of recurrent & traumatic combat dreams, 57 & 37 yr old veterans with posttraumatic stress disorder, 15345
interpretation of Rorschach content, Vietnam veteran with dissociated rage attacks, comments on R. D. Salley & P. A. Teiling's study, 129
memory & metaphor & social context, understanding symptoms of posttraumatic stress disorder, Vietnam veterans, 1406
military combat, alcohol use, male Vietnam veterans, followup study, 3973
MMPI profiles & posttraumatic stress disorder, Vietnam veterans vs new psychiatric inpatient veterans, 17449
MMPI, psychometric detection of fabricated symptoms of posttraumatic stress disorder, disordered vs well-adjusted Vietnam veterans & mental health professionals, 19055
outpatient individual therapy for children & family therapy through VA hospitals, clinical status of parents, volatile adult psychiatric patients & their spouses & disturbed children, 12818
philosophy & activities of vocational rehabilitation workshop, severely brain damaged veterans, Israel, 28949
political & psychiatric etiology of posttraumatic stress disorder, Vietnam veterans, 25604
posttraumatic & ego passivity, Vietnam combat veterans, 12187
posttraumatic stress disorder, ability to stand trial, male Vietnam veteran, 28179
posttraumatic stress disorder, character development & marriage & love, Vietnam combat veterans, implications for treatment, 12147
posttraumatic stress disorder experienced by L. Paine & A. Bierce after Civil War, US, 6783
posttraumatic stress disorder, insanity defense, Vietnam veterans charged with crimes, 9439
posttraumatic stress disorder, physicians & medics & corpsmen & nurses who served in Vietnam, 26412
prevalence of posttraumatic stress disorder & adjustment problems & treatment needs, Vietnam vs World War II vs Korean War veterans, 23067
provision of mental health services, Black elderly & young males & Vietnam veterans, 4880
regressive experiences, relationship to war & posttraumatic symptoms & recovery, Vietnam combat veterans, 12136
semilog wage-regression method, measurement of rate of return to interrupted schooling, 21–31 yr old Vietnam veteran & civilian school interrupters, 15950
social support over time, Vietnam-era veterans with vs without posttraumatic stress disorder, 20291
stable vs unstable personality, reactions to stress & development of somatic symptomatology, military personnel & veterans, 20199
systems resource mobilization approach to rehabilitation, Vietnam veterans, 28967
theoretical & clinical aspects, psychological control & narcissistic rage & reparation of self, Vietnam combat veterans, 12503
use of cognitive impairment model in assessment of intellectual functioning & personality characteristics, 30–40 yr old Vietnam veterans, Australia, 20176
VA training program focusing on rehabilitation process of adventitiously blinded & low-vision spouse or sibling or significant other, family members, 31417
value conflicts & psychopathology & psychotherapy, Vietnam veteran with posttraumatic stress syndrome, 28670
Vietnam veteran vs non-Vietnam veteran status of job applicant, hiring recommendations & perceptions of qualifications for position, supervisors & midlevel managers reviewing resumes, 16024
war related vs non-war related vs no traumatic event experience, posttraumatic stress disorder symptoms, Vietnam-era veterans, 14716

Miller Analogies Test

Miller Analogies Test, prediction of academic achievement & success, education doctoral students, 23921

Minimal Brain Disorders

attention span on tracking/analyzer/auditory distraction task, 6–40 yr olds with hyperactive minimal brain dysfunction & attention deficit disorder vs 8.3–17.5 yr old minimal brain dysfunction patients receiving stimulant medication, 12413
computerized tomography scans, learning disabled 7–14.6 yr olds with right vs left hemisyndromes, 17670
diagnosis & treatment, minimal brain dysfunction, adolescent & young adult psychiatric hospital patients, 4417
EEG clinical diagnosis, 7.3–10 yr olds with minimal brain or motor perception or attention deficit disorders, 25822
identification of minimal brain dysfunction, 13–18 yr old psychiatric inpatients, 4452
impairment of social cognition, 7–10 yr olds with minimal cerebral dysfunction, 7056
methylphenidate, psychological & physiological & biochemical parameters, hyperactive male children with minimal cerebral dysfunction, 23315
minimal brain dysfuction & hyperkinesis as uncertain diagnostic categories, 7032
neuropsychological deficits & childhood hyperkinesis &/or minimal brain dysfunction, 25–59 yr old primary & secondary alcoholics, 22812
observation of interactions for test reliability, behavioral disturbances, 5–12 yr olds with minimal brain dysfunction & their mothers, 17794
perceptual-active & perceptual-imaginative & verbal-logical thinking, normal vs mentally retarded vs minimally brain damaged 3rd graders, 9593
perinatal stress & quality of family environment, minimal brain dysfunction & childhood mental health problems & learning disabilities, children followed from prenatal period to age 18 yrs, longitudinal study, 6727
temperament profiles, 3–7 yr olds diagnosed as having minimal brain dysfunction vs hyperactivity vs learning disability, 7031

Minimally Brain Damaged

functional cerebral organization as measured by tactile-visual matching of objects, 9.2–15.3 yr old minimally brain damaged children, 25959
organization of social interactive behavior, mothers & their children with or without minimal brain damage, 4453
sensitivity of WAIS subtests to vitamin therapy for treatment of mild organic brain damage, patients with low serum & CSF folate levels, conference presentation, 10252
temperament profiles, 3–7 yr olds with minimal brain dysfunction vs hyperkinesis vs learning disabilities, 28412

Minimum Competency Tests

attitudes toward minimum competency testing, surveyed educational personnel, 29425

effects & outcomes of minimum competency testing, minority students, literature review, 18757
instructional validity as measured by proportion of students receiving instruction in competencies measured on Alabama High School Graduation Examination, teachers of grades 7–10, 21468
school district resources & policy changes, measurement of basic skills performance, students, 2599
Ministers (Religion)
attitudes & coping patterns, ministers' wives, 1040
concepts of healthy family functioning, family therapists vs Roman Catholic priests vs Southern Baptist ministers, 11919
knowledge of & referral to psychiatric services, ministers, 31635
leadership, church attendance & membership & charitable behavior & support, church ministers, 20-yr longitudinal study, 11906
loneliness & marital adjustment & vocational burnout, pastors & their wives vs nonpastoral males & females, 22453
motivational needs profiles & degree of combining of masculine & feminine traits, male vs female 22–51 yr old seminary students, 22437
needed health counseling competencies, 23–68 yr old ministers, 29099
organizational structure, intrinsic vs extrinsic, motivation in voluntary organizations associated with conservative Protestant churches, ministers & congregation members, 11904
tension in dual commitment to family & ordained ministry, 30–60 yr old female seminarians & clergy & their husbands, 27945
wrongful death liability of church & county home in cases of clients' suicide, case law, 15585
Minks
radiant intensities & distance of horizontally moving spot of light in air vs underwater, discrimination, minks, 19306
Minn Multiphasic Personality Inven
ability to simulate normal MMPI profile, favorable prognosis, 17–30 yr old schizophrenic patients, 9694
acculturation, MMPI performance, Anglo vs Mexican American college students, 17144
accuracy of MMPI, identification of defensive & nondefensive denial, sex offenders aged 21 yrs & older, 4316
age differences, performance on MMPI scales, 20–65 yr old male alcoholic inpatients, 24224
age, MMPI scale scores, 20–64 yr old military veterans applying for psychiatric treatment, 13597
aggressive vs nonaggressive response sets, scores on MMPI subtle & obvious clinical subscales, 21–40 yr old male prisoners, 26975
behavior descriptors/personality traits associated with MMPI scales, 8376
behavioral & psychological & historical correlates of MacAndrew Scale Scores, 20–77 yr old male alcoholic veterans, 6937
cluster analysis & MMPI, identification of heterogeneous diagnostic groups, 20–30 yr old psychiatric inpatients, 16389
comparison of alternative subscale structures for MMPI Scale 2, job applicants & psychotherapy outpatients, 19017
construction of Czech version of MMPI Panic-Fear scale, implications for use in psychosomatic medicine, 8413
construction of new MMPI scales, identification of psychoticism & extraversion & neuroticism factors & lie scale on Eysenck Personality Questionnaire, college students, cross validation of Friedman Overlap Scales, 24229
depression & psychoticism MMPI content scales & length of psychiatric hospitalization, 17–35 yr old psychiatric patients, replication of study by E. I. Peteroy et al, 24280
development & cross validation of MMPI typology, male accused vs convicted murderers with no mental disorder vs alcoholism vs antisocial personality vs paranoid schizophrenia vs mental retardation, 27015
development of MMPI scales, measurement of DSM-III dimensions of personality disorder, psychiatric patients, 27031
development of MMPI subscale, assessment of combat-related posttraumatic stress disorder, male Vietnam veterans, 2913
discriminant validity of MMPI, 20–55 yr old outpatients vs 16–45 yr old inpatients with vs without borderline personality disorder, 27016
discriminant validity of obvious & subtle items of Pa & Ma scales of MMPI, college students, 13560
discriminative ability of Mini-Mult (MMPI shortened test), adolescents who had attempted suicide vs normal 15–19 yr olds, 4296
effectiveness of F & F-K indices of MMPI, detection of dissimulation or malingering, VA psychiatric patients applying for disability benefits, 2896
evaluation of allergy scale of MMPI, twin pairs with vs without allergies, 19093
evidence for diagnostic superiority of local vs standard MMPI norms, comment on A. J. Wooten's view, 24245
forehead muscle tension & pain-related behaviors & MMPI prediction of pain reduction biofeedback training outcome, patients with tension headaches vs posttraumatic pain, 4740
high scores on MMPI Lie scale & paranoid psychopathology, 20–48 yr old male forensic Ss, 28312
intelligence, cognitive control, psychopaths & normal prisoners with mean age of 29 yrs, 6950
item factor analysis of content & comprehensiveness of MMPI, adult medical patients, 19019
latent trait analysis, MMPI, psychiatric inpatients, 24215
linear vs normalized MMPI T scores, comments on recommendations of R. C. Colligan et al, 2859
markedly elevated MMPI schizophrenia scale scores, college students & university employees & community residents attending university counseling center, diagnostic implications, 1352
Mezzich MMPI regression formula, identification of major depressive disorder, psychiatric inpatients, 28246
MMPI & discrimination of alcoholism, Black vs White male psychiatric inpatients, 8440
MMPI & MacAndrew Alcoholism Scale results, psychiatrically hospitalized 11.5–17 yr old substance users & their parents, 1333
MMPI & Rorschach performance & visual backward masking, Ss within schizophrenia spectrum with mean age of 27.9 yrs, 14732
MMPI characteristics & perceived problem solving abilities & violence & recidivism, Black vs White incarcerated males, 25641
MMPI codetypes & DSM-III diagnoses, schizophrenic & depressive & bipolar patients, 24309
MMPI correlates of localized brain damage, adult patients with left vs right lateralized lesions, 1749
MMPI critical item & clinical scale changes, parents of children & adolescents seen for psychiatric treatment, 1970–74 vs 1975–79, 5629
MMPI Ego Strength level, size of Pearson correlation coefficients computed between scores for posttreatment alcohol use & MMPI scores on standard & research scales, alcoholics with mean age of 41.3 yrs, 13518
MMPI experimental scales, accuracy of age group classification, 20–65 yr old male alcoholics, 24214
MMPI, identification of borderline personality disorder, adolescent inpatients with borderline personality vs conduct vs dysthymic vs other personality disorders, 26981
MMPI items, identification of schizoid-taxon membership, schizophrenics, 24275
MMPI, prediction of success in psychiatric training, residents, 199
MMPI profiles & posttraumatic stress disorder, Vietnam veterans vs new psychiatric inpatient veterans, 17449
MMPI profiles, anorexic vs schizophrenic patients, comment on data presented by A. C. Small et al, 13611
MMPI profiles, patients with borderline personality vs chronic schizophrenia vs acute psychosis, 12154
MMPI, psychometric detection of fabricated symptoms of posttraumatic stress disorder, disordered vs well-adjusted Vietnam veterans & mental health professionals, 19055
MMPI Psychopathic Deviate scale, relationship between WAIS Picture Arrangement subscale & MMPI Social Introversion scale, adult psychiatric patients, 117
MMPI Schizophrenia-Organicity & Psychiatric-Organic scales, differentiation of brain damage & schizophrenia, literature review, 217
MMPI scores & differences on Adjective Check List scales & new classification system, criminal offenders, 22844
normalization of T scores for MMPI scales, reply to criticisms of L. M. Hsu, 2854
opiate withdrawal, MMPI profiles, 21–54 yr old opiate addicts, 2207
PASCAL program to administer MMPI, 2801

personal characteristics using MMPI, clients of university counseling center with vs without elevated Depression & Psychopathic Deviate scales, implications for therapy, 17429
posttrauma MMPI scores, accident-injury trauma patients vs patients with organic illness vs psychogenic pain, 14909
profile clusters & personality characteristics derived by analysis of MMPI scores, low back pain patients, 31216
quick method for determination of individual MMPI scale impact to avoid distortions in profiles resulting from omitted items, 19072
range & utility of MMPI-derived MacAndrew Alcoholism Scale & Heroin Addiction Scale, diagnosis of alcoholism, drug addicts with mean age of 33 yrs, 8397
reasons for deviant responses to Grayson items of MMPI, psychiatric patients, 28255
relationship between MMPI standard scales & D. N. Weiner's obvious & subtle MMPI scales, male psychiatric patients, 2865
reliability & concurrent validity of MMPI family scales, assessment of family relationships, 17–43 yr old college students, 5599
reliability & validity of MMPI translated into Puerto Rican Spanish, 15–18 yr old high school students vs students returning from US vs clients at mental health centers, Puerto Rico, 19049
replication of MMPI subtypes & self-reported drinking behaviors using cluster analysis, male vs female alcoholic inpatients, 20401
routine use of Gough's Revised Dissimulation Scale & Wiener & Harmon's Obvious/Subtle subscales, supplement to MMPI validity scales, prisoners who simulate psychological problems, 13570
scores on MMPI & Rotter Internal-External Locus of Control Scale, Ss with chronic low-back pain vs alcoholics vs college students, 1338
scores on MMPI-based alcohol scales & court ordered child custody, parents, 11178
sensitivity of MMPI Scale 8, identification of schizophrenia, schizophrenia vs schizophrenic-spectrum patients, 216
sex & racial differences, predictability of alcohol & drug abuse with MMPI, Blacks vs Whites, 29770
sex differences, MMPI profiles, alcoholics, 1573
shared variance of MMPI Masculinity & Femininity scale & Bem Sex-Role Inventory Masculine & Feminine scales, college students, 108
sourcebook of empirical studies on use of MMPI group profiles, Mexican Americans, 1963–83, literature review, 22633
subjectivity of Harris-Lingoes MMPI content subscales, expert judges, 13582
subtle-obvious items, MMPI, literature review, 26961
use of MMPI in assessment, brain damaged psychiatric patients, literature review, 20173
use of MMPI, prediction of clinical effectiveness, graduate student clinicians in speech & language pathology, criticism of S. L. Crane & E. B. Cooper's article, 10625
utility of L. R. Goldberg's Neurotic Psychotic rule, prediction of schizophrenic vs nonschizophrenic diagnosis, male psychiatric patients with 2-7-8 MMPI profiles, 193
utility of MMPI to distinguish subtypes, 12–17 yr old delinquents, 14803
utility of MMPI-168, estimation of full-scale code types, male inpatient alcoholics, 16282
utility of subtle items for MMPI Psychopathic Deviate & Hypomania scales, college students, 116
validation of Brief Minnesota Multiphasic Personality Inventory for screening for substance abuse, male vs female job applicants vs chemical dependency inpatients, 24242
validity of Beck Depression Inventory vs MMPI Depression scale vs Self-Rating Depression Scale, male psychiatric vs chemically dependent patients, 24296
validity of improved readability short form of MMPI, male medical or surgical VA patients with mean age of 64.4 yrs, 118
validity of MMPI Alexithymia subscale, 21–65 yr old migraine headache outpatients, 144
validity of MMPI-168 as predictor of long-term outcome, chronic pain inpatients, 6 mo to 3 yr followup, 21762
validity of Rule 1 of L. R. Goldberg's MMPI sequential diagnostic system, assessment of psychiatric status, epileptic patients with inpatient vs outpatient psychiatric treatment & chronic vs intermittent vs no emotional problems, 4447
validity of short forms of MMPI, discrimination of neurotic & psychotic profiles, psychiatric inpatients, 24228
Minor Tranquilizers [See Also Chlordiazepoxide, Chlorprothixene, Oxazepam]
attitude toward antidepressants & anxiolytics & transference in psychotherapy, 38 yr old female with neurotic depression, 23086
chronic intragastric lorazepam vs CGS 9896 followed by flumazepil, precipitated & spontaneous withdrawal signs, baboons, 22186
clonazepam, depression & anxiety, 23 yr old female with systemic lupus erythematosus, 18116
clonazepam, psychotic vs nonpsychotic mania, 34 & 40 yr old males, 28752
estazolam therapy, schizophrenic patients, 1974
guidelines for use of antipsychotic drugs & minor tranquilizers in general hospital emergency rooms, psychiatric patients, 15488
prazepam & lorazepam, anxiolytic effects & tolerance, 18–70 yr old patients with neurotic anxiety, 26154
Minority Group Discrimination [See Social Discrimination]
Minority Groups
American Council on Education Fellows Program, ascent toward administrative posts, women & minorities, 16008
American Indian status & age at admission to prison & educational level, public visibility of parole decisions, criminal offenders who had completed their sentence, 30661
assessment of counseling needs, ethnic & minority college students, 10882
awareness group experience & ethnic student walk-in service & cultural diversity & monthly discussion group & orientation program, creation of inviting atmosphere, college students from ethnic minority groups, 29443
behavior therapy, non-White unattractive & illiterate & unsuccessful & unintelligible clients, 15263
career maturity & GPA, community college students vs freshmen in academic advancement program for disadvantaged minority students, 18645
cohesiveness vs behavioral style in majority vs minority groups, manifest vs latent influence, female college students, 20098
criticism of use of universal principles & need for minority intragroup studies of behavior, social science research, conference presentation, 30589
cultural & cognitive & affective factors, mathematics learning & advanced class participation, minority students, literature review, 18622
cultural shaping of oral discourse, American Indian & other minority children in classroom, 5291
description of project to encourage graduate study & careers in educational research, females & minority group members, implications for professional development, 29129
development of ego identity through intergroup tensions, minority national group, 25262
effects & outcomes of minimum competency testing, minority students, literature review, 18757
efficacy of minority outreach & mental health programs, Black community, 4889
evaluation of admissions counseling procedures, minority applicants to health professions programs, 18508
evaluation of principal-mediated inservice training program on minority issues in special education, 22–60 yr old teachers, 7881
extent of adaptation of service design or intervention strategies in provision of alcoholism service, minority groups, 2203
factors affecting high school leaving, language minority students, literature review, 8039
factors for success in bicultural socialization, minority individuals, 6440
fertility rates, minority groups vs general population, Australia, 27905
High School for Health Professions & Research Apprenticeships of Minority High School Students, career opportunities for minorities in medicine & science, 18600
historical & sociological perspectives on education, minority group children, Canada, 7855
history & goals of Association for Non-White Concerns in Personnel & Guidance, 21199
identity development, ethnic minorities, Finland, 19966
initial evaluation & implementation & research & evaluation, plan for recruitment & retention, minority college students, 29256

Kaufman Assessment Battery for Children, identification of giftedness, minority & majority children, 18745
merging of special & multicultural education & teacher training, 5167
method for improving mathematical skills, poor & minority & low-ability preschool & elementary school students, 26512
methodological fallacies in studying Hispanics & other racial & ethnic & cultural minority groups, social psychologists, 5574
minority group model, schizophrenics, 12221
minority groups & intergroup relations & social influence processes, literature review, 28033
minority status & presence of psychological distress, Mexican Americans, 9380
need for commitment on part of American Psychological Association to cultural diversity in training programs for clinical psychologists, comment on article by M. E. Bernal & A. M. Padilla, 5096
neighborhood setting, tobacco & alcohol & marihuana usage, junior high school students, 11667
parent training & use of community resources in care & development of handicapped child, minority parents, 15416
participation in mathematics, minority students, literature review, 1975–84, 2439
patterns of social representation, feminist movement, Italy, 1975–77, implications for styles of minority group behavior, 22556
perceptions of problematic behavior & management suggestions, minority group members vs mental health professionals, 17465
rehabilitation counseling, disabled clients from ethnic minority groups, 5012
sex & race & inside vs outside appointment & proportional representation, institutional selection patterns & trends, chief student affairs officers, 29116
sex differences, attribution of socially desirable & undesirable traits of Australians vs Vietnamese settlers, college students, Australia, 17334
sociocultural variables, referrals, culturally & linguistically different children with learning disabilities &/or emotional & behavioral problems, 21470
stereotypic perception of minority groups, 14273
structure & philosophy of child welfare system, racial & ethnic minorities, UK, 2101
survival skills workshops, decreased social dependency & increased reentry to education & work settings, low-income & minority urban females, 10419
suspicion & hostility & feelings of displacement, Chinese minority vs White majority, US, 30583
test-skills instruction & cooperative learning methods, performance on National Board Part I, 2nd-yr minority & female medical students, 29027
theory of ethnic identity development, ethnic minority youths, US, implications for identity transformation & education, 29313
"transversal" sociology, designation of sociology of ethnic & minority relations, 6464
treatment in educational system, minority children, US, 29105
Misbehavior [See Behavior Problems]
Miscarriage [See Spontaneous Abortion]
Miscegenous Marriage [See Interracial Marriage]
Misconduct [See Behavior Problems]
Misdemeanors [See Crime]
Missionaries
myths regarding "missionary kids", literature review, 30391
religious orthodoxy, other-worldly approach to life & involvement in secular affairs, US & Canadian & British & Australian Protestant missionaires, Kenya & Tanzania, replication of study by R. Stark et al, 6442
Mistakes [See Errors]
Mnemonic Learning
categorization vs mental imagery mnemonic aids with vs without E instructions, reading skills & recall, 5th graders, 3650
comparison of prose-learning variations of mnemonic method, recall, 7th–8th graders, 7976
constructibility & associability of internal cues composed of personal experiences vs names of body parts, recall in self reference task, college students, 3095
direct vs mnemonic instruction, vocabulary learning, educable mentally retarded 7th–9th graders, 21439
encoding trait words in terms of self reference vs desirability memory, college students, 13708
encouraging self evaluation, use of mnemonic strategy, 5–6.8 vs 8.1–9.8 vs 10.9–11.9 yr olds, 3645
face-name mnemonic, learning name-to-face associations, 21–38 vs 44–59 vs 60–70 yr olds, 14123
generation & use of cueing strategies in spatial memory task, 3.2–9.8 yr olds, 25163
imagery-base mnemonics & returned cues, acquisition of French article-noun pairs, English-speaking college students, 5272
keyword & mnemonic techniques, academic achievement, students who are relatively low vs high achievers vs with learning disabilities, literature review, 23853
keyword mnemonic technique, memory, students in remedial or special education classes, 8082
keyword-pegword mnemonic strategy instruction, learning disabled 9th graders, 15883
list learning mnemonics with & without visual imagery, recall, 60–73 yr olds, 29963
mnemonic instruction for memory of names & faces, college students, 392
mnemonic strategies that provide both perceptual & conceptual links, recall of Chinese symbols, 9th & 10th graders, implications for role of critical cognitive functions, 16950
mnemonic strategy vs direct instruction, vocabulary learning, learning disabled 7th–9th graders, 18700
mnemonic technique of forming illogical vs unusual image, short vs long term memory for paired associates, 11346
mnemonic techniques & memory, adult male, 393
multiple vs single composite imagery in mnemonic prose learning, recall, college students, 24499
phonetic mnemonic system vs irrelevant digit symbol recording scheme, learning digit number list, college students, 13709
picture mnemonics, learning of letter-sound & letter-picture associations, preschoolers & kindergartners & 1st graders, 9174
use of mnemonic strategies in memory-for-location task, 18–24 mo olds, 16929
use of rules in production & interpretation & judgment of notations during encoding & decoding, 3–11 yr olds & college students, 16924
verbal rhymes as mediation strategy, learning & recall of mathematics computations & problem solving, 7th graders, Japan, 15766
Mobility (Geographical) [See Geographical Mobility]
Mobility (Occupational) [See Occupational Mobility]
Mobility (Social) [See Social Mobility]
Mobility Aids
binaural sensory aid using pitch & amplitude, learning spatial locations of objects, 27098
factor analysis, correlations between measurements of approach & avoidance & general fearfulness, 3 vs 4 vs 6 vs 12 mo old pups training to be guide dogs, 5853
Modeling [See Simulation]
Modeling Behavior [See Imitation (Learning)]
Models [See Also Medical Model]
adaptation to time-varying signals, tracking behavior, adults, implications for control theory models, 11253
adaptive learning environments model, special education, learning disabled & emotionally disturbed & educable mentally retarded students, 10832
adding vs averaging model of impression formation vs attribution theory, prediction of results of information processing & impression formation, college student consumers, 32347
alternative for attention band & response ratio hypotheses based on Thurstonian model for magnitude estimation, 16273
animal models in research of anxioselective drugs, implications for treatment of anxiety, conference presentation, 6113
application of component model of attitude objects, attitudes towards areas of psychological work, students, 6664
application of composite holographic associative recall model to issues in cognitive processing & memory, 13697
application of M. Fishbein's attitude-behavior model, prediction of behavior, 13–18 yr olds, implications for adolescent development, 11683
application of probabilistic "automata" network idea to stimulus-response learning models, 3096

assessment & evaluation of McMaster Model of Family Function in child psychiatric clinic, families with children aged 1.5–17.1 yrs, 4671
awareness of transference in utilization of models, scholarly biographers, 5539
behavioral changes due to separation of male-female pairs, animal model of depression, hamsters, 19307
behavioral models & methodology & limitations, creation & study of anxiety, animals, 9729
biased-feature model of feature perception, adult Os, 24436
binomial error model, analysis of test scores with truncated beta distribution, 245
causal modeling of reading acquisition, reply to K. O. Yap & L. M. Wolfle & L. M. McGee, 6304
causal models, science achievement, 5th–8th graders, 10760
child development vs medical vs behavioral vs psycho-educational vs social-ecological models of service delivery, mentally retarded, 23397
choice points, career decision making, 10918
choice RT task, mental representation of movement sequences, college students, test of motor-program editor model vs hierarchical decisions model of motor control, 16402
classification of depressive disorders with Linnaean binomial nomenclature model, 14760
clinical model based on cognitive developmental stages of social perspective-taking by R. Enright & S. Deist, enhancement of adolescent ego identity, college students, 14151
collaboration model for special education of gifted students, physicians & teachers, 8072
computational model, stages of object constancy development, infants, 24159
computerized predecision model, management problem solving, 10983
conceptual model & computer software, design & implementation of flexible human-computer dialogs, 5556
conceptual model of institution & institutionalized social action, 11844
conjoint design & analysis of bilinear model, judgments of risk, college students, 18974
consensus & action in counseling model, 1835
consultation service model, discipline in schools, 15948
convergent & nomological validity of multicomponent vs single component models of attitude, reply to W. R. Dillon & A. Kumar's criticism, 29904
convergent & nomological validity of multicomponent vs single component models of attitude, comment on articles by R. P. Bagozzi & R. E. Burnkrant vs M. Fishbein & I. Ajzen, 29911
convolution & correlation as associative & retrieval operations in theory of distributed associative memory, reply to criticism by R. Pike, 13710
criterion-referenced grading models, Germany, 8116
critical examination of Fishbein & Ajzen model of attitude-behavior inconsistency, 4061
criticism of biochemical model of schizophrenia & psychiatric research methods, 14740
criticism of biochemical model of schizophrenia & psychiatric research methods, comments on article by P. Skrabanek, 14677
criticism of biochemical model of schizophrenia & psychiatric research methods, comments on article by P. Skrabanek, 14658
criticism of biochemical model of schizophrenia & psychiatric research methods, comments on article by P. Skrabanek, 14621
criticism of biochemical model of schizophrenia & psychiatric research methods, comments on article by P. Skrabanek, 14683
criticism of biochemical model of schizophrenia & psychiatric research methods, comments on article by P. Skrabanek, 14697
criticism of biochemical model of schizophrenia & psychiatric research methods, comments on article by P. Skrabanek, 14696
critique of models of relationship between performance & arousal, implications for Yerkes-Dodson law, 8465
decision-making model for post hoc assessments of mental capacity, forensic mental health examiners, 30675
decision-theoretic utility model of employee turnover, 32284
deduction of Boolean model of ethical cognition from principle of complementarity, 16157
development & testing of distributed memory model of categorization, 24493
development of action models based on evolutionary vs mechanistic principles, 8342
development of model of alcohol-related problem resolution, 9817
dexamethasone dosage levels & age, suppression of serum corticosterone, male rats, implications for experimental animal model of dexamethasone suppression test, 9000
dialectic-materialistic model of human development, 9138
differential method & 4-stage model, perceptual identification process, 3006
direct instruction model, reading comprehension test-taking skills, 29172
dynamic model for comprehensive oral &/or signed language diagnosis, children, 4383
empirical development of written case analogs, evaluation of clinical judgment, 67
essentialist model of sexuality & scientific sex research, male supremacy & legitimization of violence against females, 6578
ethyl ester of beta-carboline-3-carboxylic acid, induction of model of human anxiety, rhesus monkeys, conference presentation, 6165
exemplar based vs prototype abstraction processes as model of category learning, extension of work of D. Homa et al, 24481
expectancy confirmation vs egotism models, causal attributions for expected vs actual examination outcome, high school students, New Zealand, 2428
factor analysis & personality models, self expressed interests of R. B. Cattell, 1928–1984, 1268
family models as addressing questions about emergent group characteristics vs attributes & interactions of individual members, comments on J. L. Bogdan's criticism of homeostatic theory, 20815
feminist model in therapy, incest victims, 10115
game theory-based model, resolution of discrepancy between group objectives & individual behavior, implications for educational administration, 31975
genetic predisposition & acquired defects in serotonergic inhibitory control, integration & relationship between animal model of aggression & human violent behavior, 20428
graphic representation of models in psychopathology, 1438
health-oriented group intervention model, crisis resolution, sexual assault victims, 12571
heuristic vs social psychological models for detection of malingering & deception, 1562
Hilltop Health Club as model for encouraging health awareness, residence hall college students, 10684
holomechanical model for life sciences research, 2748
importance of conceptual model, research in family life influences, schizophrenia, conference presentation, 12177
inductive vs deductive approach, decision making, implications for man machine systems, 29564
information processing model & systems theory, psychoanalytic process, 7260
information processing model, understanding & solving word arithmetic problems, children, 14055
integrated information response model, exploration of conditions under which advertising may or may not have direct impact on purchaser's attitudes, 2721
intensity relationships, perception of transparency with achromatic colors, volunteer Ss, test of F. Metelli's model, 11282
Interaction Model of Client Health Behavior, risk reduction behavior & intervention development, females aged 34 yrs & older at risk for fetal abnormalities, 9911
interactional model of depression, 25531
interbehavioral systems model, empirical methods in psychology, 24186
interdependence of research & theory in 5-stage model of self regulation in sport psychology to maximize performance, 15997
ip infusion of pentobarbital using escalating drug dose schedule, drug dependency, rats, 27669
jokes containing salient vs taboo vs neutral themes, humor ratings, college students, test of motivational vs salience models of humor, 30854
judgments of preference for & riskiness of lotteries, distributional model of risk, college students, 13647
justice model vs rehabilitative ideal as basis for criminal sanctioning policy, 14394

legalist vs decentralized models of formal social control, forum advice, attorneys, US, 14402
level of discourse theory as aid in selection of independent variables in research on models of leisure participation, 5437
linear disease model of psychopathology, development of endogenous psychoses, 25581
locomotion abnormalities, rats with striatal lesions, implications for animal models for human extrapyramidal disorders, 6056
log models for measurement of qualitative data in higher education, 2320
long term administration of fluphenazine, development of model of tardive dyskinesia, monkeys, 12635
matrix model of small group, 1223
measurement of change in educational action research, 8104
membership model of social work, implications for training & education & practice of social workers, 7778
microcomputer-based model, prediction of new product performance, 24090
milan model of systemic family therapy by M. S. Palassoli, schizophrenic families, 7305
model for attribution of causes of poor job performance of subordinates & choice of response, college students & nursing supervisors, 8205
model for collaborative team processing, systemic family therapy, 10166
model for postoccupancy evaluation, severely mentally impaired elderly residents of nursing homes, 13363
model of distributor-manufacturer working relationship & distributor's perspective, electronics distributors, 13301
model of physiological & social/psychological factors, alcohol consumption, Chinese & Japanese Americans, implications for adolescents, 14461
model of psychotherapy, increase in conservative attitudes & social change, 6412
model of quantitative judgment, implications for social judgment formation, 6644
models & criteria for matching managers to strategies, 10980
models for future decisions & analysis of social processes, 3762
models of causality, social interactions, reply to J. E. Staddon's criticism, 3988
models of counseling, reading & classroom behavior, 4th–6th graders with learning & behavioral problems & their parents & teachers, 10851
models of data-based consultation in student affairs organizations, 10885
models of temporal pattern recognition in delayed sequence discrimination learning, pigeons, 11430
modified submaximal effort tourniquet test as experimental pain model, assessment of analgesic activity of opiates vs dipipanone vs aspirin vs indomethacin vs diazepam vs codeine, 20–45 yr old healthy volunteers, 16793
multiphase job development services model, 26740
multiple-channel model, prediction of contrast sensitivity to complex gratings, 24411
multiple influences in leadership model, US Army telecommunications employees, 8225
multivariate normal model for pedigree analysis, magnitude of correlations between family members for medical & psychological traits as result of genetic &/or environmental factors, 3257
naive realist vs psychiatric/categorical vs dimensional models of somatic concern, relation between hypochondriasis & neuroticism & aging symptoms in medical complaints, elderly, 31144
nomifensine, models predictive of antidepressant activity & cardiovascular & anticholinergic side effects, animals, implications for treatment of endogenous depression, conference presentation, 6119
origins & dominance of strength model of intelligence, 28107
phenomena of experimental learned helplessness as animal model of depression, 19313
predictive validity of expectancy theory model, behavioral criterion of task choice, college students, 8305
preference hierarchy, allocation of time & commodities in consumer behavior, 29578
presentation of model of ecological (cultural) evolutionary neuropsychiatry, 1046
priming model of habituation of A. R. Wagner, development of tolerance to morphine, 15275
process model of family functioning, literature review, 9418
proposed natural processes model, alcohol abuse, 9790
proposed practical action model, applied developmental psychology, 9122
propositional representation model of psychophysiological processes of imagery formation, 27452
'Q' model schema of personality theory, 9578
recruitment activities, staffing utility models, 23947
research & theoretical models of learned helplessness, literature review, 6692
research planning matrix outline for creativity research, 71
satisfaction-balance model of decision making & choice behavior, 9512
self help model based on systematic observation of instruction, instructional improvement & learning outcomes, 2393
self support system in employment counseling, single parents, 2620
separation of male-female pairs as model of depression, hamsters, 434
social learning & role of formal models, analysis of social interaction, criticism of A. Bandura's study, 4009
social psychological model of health behavior, behavioral intent & nutrition behavior, college students, 1248
social psychological personality models, 14584
stage models of organizational socialization & small group development, 11007
structural equation model for causes of cigarette smoking, adolescents, 3724
structural model as strategy for sociological analysis of alcohol & drug abuse, 9769
structural modeling, estimation of construct validity & error components of survey measures, 2850
test of additive stage process model of answering yes-no questions, college students, 5800
theological perspective, integrated model of relational maturity, 9379
theoretical model for perception of rhythm & temporal sequences, 5757
training for changes, training professionals, 5450
triaxial model of interdisciplinary teams, education & therapeutic service, handicapped children, 2495
uncertainty & conflict & conciliation in bargaining, 6636
use of confluence model for within-family individual-level data, reply to comment by R. B. McCall, 25073
usefulness of D. Hunt's conceptual level matching model, rehabilitation of youthful offenders, literature review, 10521
utility model of preventive behavior & risk of illness or injury, 4552
utilization of educational models, 7861
validity of J. L. Holland's hexagonal occupational model using smallest-space analysis, 16385
validity of learned helplessness model of depression, animals, 22782
validity of M. Mobley's employee turnover model, 5475
validity of predictability & dependability & faith as dimensions of model of interpersonal trust, dating vs cohabiting vs married couples, 30794
variable memory model of visual search, 24381
viability of muscle contraction headache model, literature review, 23018
work on modularity concepts in cognitive psychology by J. A. Fodor, 24471
yohimbine doses, creation of anxiety state assessed by self reports, 20–46 yr olds, 27596
5-stage metamodel of clinical interview in counseling & therapy, 10437

Moderately Mentally Retarded [See Trainable Mentally Retarded]

Molindone
molindone vs haloperidol, stereotyped behavioral responses in animal model of tardive dyskinesia, male guinea pigs, 24861

Mollusca [See Also Octopus, Snails]
associative learning of taste aversion in vivo, in vitro responses of isolated lip-brain preparations to CS, slugs, 8783
behavioral activities, sea slugs, implications for testing ethological ideas about physiological mechanisms of behavior, 19380
calcium-mediated reduction of ionic currents, learning behavior, mollusks, 27206

combinations of CS & UCS applied to neurons, postsynaptic membrane function, mollusk, 22010
illumination conditions during rearing, phototactic behavior, marine mollusk Hermissenda, 11534
in situ & isolated nerve cord activity vs body wall movement, intersegmental phase lag, leeches, 11492
light &/vs depolarizing current, cytoplasmic calcium levels in photoreceptors, mollusks, 8765
morphine, food ingestion, terrestial slugs, implications for opioid mediation of satiation, 27602
mutual coupling in ocular circadian pacemaker, marine mollusc, 584
natural history & social & sexual interactions & predator defense, Caribbean Reef Squid, 24603
response characteristics & synaptic interactions of receptors & interneurons & motor neurons in visual pathway, nudibranch mollusk, 8784
spatial arrangement, schools of squid, 8708
Monetary Incentives
alcohol doses & monetary incentives & visual interruption, driving control & behavior, 18–23 yr old males, 16749
attitudes toward financial incentives for teaching medical students & psychiatry residents & psychology interns, psychiatry faculty members, 31927
biofeedback training procedure & positive vs negative monetary incentives, control of skin temperature, college students, 6030
government-sponsored financial incentive for home energy conservation, consumer reactions, single family households, Canada, 2716
individual vs more protective group efforts to earn money, distribution of work performance, 18–35 yr olds, 12001
monetary incentive, cessation of smoking, male vs female college students, 15568
monetary incentives, mail questionnaire response rate, professional business executives, 87
presentation of alternatives having uncertain monetary outcomes, choice behavior & role of subjective probabilities, human Ss, test of expected utility model, 8586
recruitment & monetary incentive to return surveys, return rates of hotel ratings, hotel guests, 11101
rest vs mental activity with vs without incentive induced arousal, diffuse & regional cerebral blood flow, 20–67 yr olds, 30402
use of monetary contracting in behavioral treatment, weight reduction, obese middle aged males, 2-yr followup, 26104
work values, effect of contingent pay on intrinsic task interest, business students, 23960
Monetary Rewards
amount of contingent reinforcement, daytime smoking reduction, 21–61 yr old female smokers, 18394
amount of reward & type of relationship & salience of co-worker's distress, egocentric bias, college students, 17322
determinants of compensation policies & practices, scientists & engineers in high-technology firms & non-high-technology firms with research & development units, 13289
equity vs social categorization, intergroup allocation of monetary reward, college students, 14493
touch on shoulder vs hand by waitress, tipping, male vs female diners, 30769
Money
age & sex & income & use of credit cards, estimation of size of new vs withdrawn British notes during inflationary period, adults, UK, 2607
amount of capital on hand, betting & savings decisions under risky vs riskless conditions & proportion of capital saved, college students, 3985
assignment of value to coins with various colors & thicknesses & edges, 16–65 yr olds, UK, 2605
bank loans, poor females, India, 22419
demographic & psychological factors, attitudes toward & habits of saving money, adults, Great Britain, 30816
demographic & social beliefs, money usage attitudes & habits, Ss 18 yrs & older from variety of backgrounds, 25448
discriminatory economic treatment, single mothers, 3841
monetary contributions & athletic success of university football & basketball teams, alumni, 25422
money attitudes & anxiety & neuroticism & introversion, males & females, 12078
proposal writing strategies, mental health program funding, 15419
psychoanalytic interpretation & psychodynamics & psychobiographical aspects, personal bankruptcy, 45 yr old male & 34 yr old female, 3917
psychology of restaurant tipping, diners at pancake house, 25387
return of bottles & cans for 5-cent beverage container deposit, pizzeria patrons, 1220
securing & avoiding payment of alimony, mentally disabled spouses, case law, 14362
sex & age & social class, distribution & use of pocket money, 7–8 vs 9–10 vs 11–12 yr olds, 3705
Mongolism [See Downs Syndrome]
Monitoring [See Also Self Monitoring, Vigilance]
age & context, strategic time-monitoring in prospective memory task, 10 vs 14 yr olds with high vs low sex role expectations, 16918
color-dependent errors in performing urine glucose test, 19–75 yr old diabetics with vs without color vision deficiencies, conference presentation, 25784
continuous recording technique, measurement of intracranial pressure, awake cats, 16239
development of instrument for longitudinal assessment of affective symptoms, affectively disordered Ss, 11136
direct training of comprehension monitoring, detection of reader-based vs text-based inconsistencies, 6th & 7th graders with poor reading ability, 10734
maternal daily fetal-movement count, assessment of fetal well-being, 4846
methods of monitoring undesirable drug side effects of oxprenolol vs chlorthalidone, treatment of hypertension, 17–70 yr old outpatients, 28739
Monitoring Achievement in Pittsburgh testing program, mathematics achievement, 2nd & 5th & 8th graders, 2578
morphine vs phencyclidine vs nicotine administration, spontaneous motor activity as measured by automated vs direct observation, male rats, 24851
peer & self monitoring, reduction in negative interaction during recess, mildly retarded 9.8 yr old male & his 8.5–9.6 yr old peers, 29351
problems of test sensitivity in urinary phencyclidine monitoring, 18381
reactions to fetal monitoring during labor, 16–37 yr old mothers, 7543
riboflavin tracer method of medication detection, 30–45 & 7–12 yr olds, implications for home-based behavioral program to improve medication compliance, 31291
self-measurement vs automatic monitoring, circadian variability of blood pressure, 9–72 yr olds, 30118
standardized form to monitor & record level of severe brain damage, 31278
teaching methods for metacognitive awareness & monitoring, adult & college student readers, 15786
time-constrained environment, operator behavior & decision making, college students, 32327
training & duties as monitors in state mental hospital, family members of patients, 31723
Monkeys
ability to learn concept of 3rd, female rhesus monkey, 24556
abnormal early visual experiences, temporal modulation sensitivity, 1 mo old rhesus monkeys, 664
abnormal early visual experiences, visual contrast sensitivity, 1 mo old rhesus monkeys, 665
acoustic properties vs communicative significance of vocalization, neural lateralization of vocal perception, Japanese macaques, 21931
acquisition & retention of concurrent simultaneous object discrimination over 10 mo period, female rhesus monkeys, implications for neuropsychological assessment & basic research, 21939
adaptive plasticity & diurnal rhythm in spinal stretch reflex, monkeys, implications for memory, 8840
age & lactation & repeated ovulatory cycles, copulatory patterns, rhesus monkeys, 16569
age & pairing with preferred female, ejaculation & sexual performance, 18–23 yr old male macaques, 8674

age & sex & rank & kinship, prey capture & consumption, vervet monkeys, 8690
age, correlation of sensorimotor & social skills & playfulness, infant marmosets, 484
age differences, spatial relationships & time spent with infants, mothers & other red howler monkey troop members, 3237
age, effect of repeated presentation of novel auditory stimulus on FI behavior, monkeys aged 2–3 yrs vs 15 yrs & older, 5869
age, mother-infant visual interaction, Japanese macaques, 11437
age/sex class & social rank, bodily location & types of wounds, stumptail monkeys, 3-yr longitudinal study, 27323
aggressive behavior, male confined Japanese macaques vs free-ranging baboons, 3222
amplitude change, calls during agonistic behavior, squirrel monkeys, 16547
anatomical & physiological organization of nonprimary motor cortex, motor processes, macaques, literature review, 27415
apomorphine vs haloperidol, buccolingual dyskinesia, ovariectomized monkeys with upper midbrain lesions, 27456
assessment for concept retention after 1.3–4.7 yrs, squirrel monkeys, 21910
assessment of voluntary accommodation, 18–19 mo old monkeys vs 24 yr old human S, 29874
auditory stimulus, event related potentials, squirrel monkeys, 579
behavioral development, infant twin vs single born Japanese monkeys, 3236
calling patterns of communication, pygmy marmosets, 16556
characteristics & disadvantages of laryngeal radiotransmitters, collection of vocalization data, monkeys, 2804
chronic self administration of alcohol, disruption of menstrual cycle regularity, female monkeys, conference presentation, 3487
cognitive skills, chimpanzees vs monkeys, 5866
concept formation, monkeys, 19338
courtship displays & female sexual receptivity & copulatory behavior, captive marmoset monkeys, 8702
development of interval scale for measurement of social interaction, rhesus monkeys, 5884
development of memory & habit formation assessed in matching-to-sample & discrimination learning tasks, infant monkeys, 21909
development of posture & locomotion, Japanese monkey infants, 21906
diazepam dosages & previous exposure to diazepam, compensatory tracking behavior, rhesus monkeys, 19656
diet, weight gain & health & litter size, captive cotton-top tamarins, 3349
distribution of rapidly vs slowly adapting neurons in area 3b of somatosensory cortex, monkeys, 8826
dominance rank, mating behavior, male bonnet macaques, 27301
early visual social stimulation, development of social behaviors, juvenile stumptailed macaques, 24563
Eastern vs Western view of monkey & use & meaning of letters & lines, 11893
environmental & social factors, ranging behavior, green monkeys, 3226
environmental change, sexual behavior & serum testosterone & cortisol, 8–14 vs 18–24 yr old male rhesus monkeys, 8601
estimation of average coefficient of relationship between group members, Japanese monkeys vs other primate species, implications for theory of evolution of altruistic behaviors, 24565
estradiol benzoate, receptivity to penetration, 17 yr old prenatally androgenized female rhesus macaque with surgically constructed vagina, 27480
estrus frequency & duration, mating frequency, female Barbary macaques, 30025
exposure to unfamiliar conspecific individual vs groups of same vs opposite sex, social interactions, juvenile vs adult marmosets, 24617
extended time in laboratory, reproduction, female rhesus monkeys, 16493
feed preferences, howler monkeys, 3223
feeding behavior & preferences, green monkeys, 16537
FI vs VI separation from mothers, predictability & movement & vocalizations & plasma cortisol levels, infant monkeys, 8698
fighting during infancy & subsequent dominance, monkey twins, 16561
food calls as communication concerning location of food, duration of feeding bouts & rates of feeding, wild toque macaques, 8682
form & contextual patterns of eye-covering behavior, 1–12 yr old rhesus monkeys, 8898
frequency contours vs local cues, discrimination of complex auditory stimuli, female rats & cebus monkeys, 8617
functional fluidity of sensory pathways, adult monkeys, 16620
Gabor elementary functions, analysis of visual receptive fields of inferotemporal neurons, owl monkey, 5998
geographic distribution, 4 groups of buffy tufted ear marmosets, Eastern Brazil, 27290
grooming & alliances & reciprocal altruism, vervet monkeys, 8723
group size & age/sex class composition, common marmosets, Brazil, 8695
group size & foraging & feeding behavior, saddle-backed tamarins, Bolivia, 8737
habitat & diet & activity patterns, free-ranging woolly spider monkeys, 16548
handedness in picking up food, rhesus monkeys, 13782
hearing & vocal communication, blue monkeys, 481
housing with adult males vs natal family group, sexual maturation, female cotton-top tamarins, 5860
infant carrying, adult male mangabeys, 5888
infant carrying as buffer to agonistic interactions, male macaques, 11452
infanticide episode involving alpha male & wounded infant, free-ranging rhesus monkeys, India, 27236
insect consumption as evidence for omnivory, bearded saki monkeys, 3233
insufficiency of data for replication or reanalysis of infant monkeys and surrogates study by H. F. Harlow, 24561
interbirth intervals & menstrual cycles & pregnancy & birth, adult female stumptailed macaques, 3227
interbirth intervals, captive Japanese macaques, 24612
interindividual distance & dominance, feeding behavior, Japanese macaques, 3224
isolation & rearing with mother & social surrogates, attachment & exploratory behavior, newborn monkeys, 24591
latency of pathways involved in vestibulo-ocular reflex, monkeys, 13804
length of separation from infants, blood glucose responses, rhesus monkey mothers, 11511
long term administration of fluphenazine, development of model of tardive dyskinesia, monkeys, 12635
male-limited natal group emigration, inbreeding avoidance, rhesus monkeys, 24601
male participation in infant care & female promiscuity, communal breeding system, moustached tamarin monkeys, 5897
male social dominance & physiological states & behavioral characteristics, captive male vervet monkeys, 30027
male vs female offspring, maternal behavior & body contact & locomotion & separation, monkeys, 21968
maternal age & dominance, reproductive success & fecundity, female vervet monkeys, 16531
maternal care & development of independence, infant vervet monkeys, 8704
maternal experience rearing younger siblings, survival rate & development of maternal behavior, 2 species of callitrichid, 11453
mating behavior, wild brown capuchin monkeys, 19372
mating patterns & dominance hierarchy, redtail monkeys, 5890
minimal testosterone propionate dosage & female partner treated with estradiol benzoate, behavioral thresholds & ejaculatory activity, castrated male rhesus monkeys, 8890
monopoly vs equality of food distribution, social tension & behavior postconflict, male vs female monkeys, 19355
motor development, infant Japanese monkeys, 13747
motor-set, responses of somatosensory cortical neurons to vibrotactile stimulation, monkeys, 13862
normal vs reduced level of care, care seeking behavior, infant marmosets, 19382
observation of other male copulating with female partner, sexual arousal as measured by postejaculatory period, male pigtailed monkeys, 16527
observational conditioning of snake fear, 19–28 yr old wild-reared rhesus monkeys & 8 mo to 6 yr old laboratory-reared offspring, 5872

operant reinforcement contingencies, self grooming, vervet monkeys, 21919
ovarian cyclicity & reproductive status, female common marmosets living with family groups, 16672
ovariectomy, social & sexual behavior, bonnet macaques, 27530
parous females housed with castrated males vs adult daughters housed with family & subsequently with vasectomized male followed by exposure to family scent, ovarian cyclicity & estrogen, saddle back tamarins, 5849
pattern & movement & color processing in visual cortex, macaques, 3140
periodic oscillations of EEG & behavioral activity consisting of vigilance vs inattentiveness, male Guyanan squirrel monkeys, 27423
periovulatory changes in sexual behavior & estradiol & testosterone & progesterone levels, group-living adult female rhesus monkeys, 27432
population distribution, pygmy chimpanzees, Zaire, 24593
population growth, free-ranging rhesus' monkeys, India, 27279
population history & colonization, St. Kitts vervet monkeys, 24580
pregnancy & birth & autogrooming & rank, 11–29 yr old female Japanese monkeys, 24604
process of object prehension using arms & hands, squirrel monkeys, 8595
prolonged visual contact between future sexual partners, loss of potency in familiar partner phenomenon, male rhesus, monkeys, 5951
rank, reproductive success, female macaques, 3146
rearing in heterosexual vs isosexual groups, display of sexually dimorphic behavior, male vs female infant monkeys, 24586
receptive field properties of neurons in middle temporal visual area, owl monkeys, 19459
reduced levels of thyroxine through radioactive iodine vs 1,2,3-tricyano-2-amino-propene, social behavior, neonate monkeys, 22145
reproductive success & infant sex ratio & interbirth intervals, semifree-ranging female macaques, 5928
role of clasping behavior in social system, free ranging vs caged groups of Macaca tonkeana, 5943
roles of parents & siblings & litter size & sex & group composition, development of social behavior, infant cotton-top tamarins, 8677
same/different concept learning & serial probe acquisition & probe delay, serial position functions & recency effect, monkeys, 19341
scream vocalization as mechanism for recruitment of allies during agonistic encounters, free-ranging rhesus monkeys, 503
seasonal variation of food quality & density, high energy social interactions & play rates & weaning time, immature monkeys from 3 social groups, 30026
self anting, capuchin monkeys, 24596
sex differences & development, scent marking, cotton-top tamarins, 8692
sex differences & social organization, free-ranging spider monkeys, Guatemala, 27250
sex differences, social & sexual behavior & changes & maintenance of pair bond, heterosexual pairs of marmosets at different stages of pairing, 5894
sexual behavior & paternity, captive groups of rhesus monkeys, 536
sinusoidal rotational stimulation, vestibular-induced nystagmus in darkness, male rhesus monkeys, 19308
social & dominance relationships & mating behavior within troop, adult male blue monkeys, 5945
social & environmental influences, self aggression, stumptailed macaques, 27235
social & physiological suppression of fertility & sexual behavior, maintenance of monogamous breeding system, common marmoset monkeys, 5876
social & sexual experience & ovariectomy & estradiol vs castration & naloxone &/or naltrexone, sexual behavior & hormonal changes, male & female rhesus monkeys, 3395
social behavior & activity levels, 8–14 vs 18–28 yr old stumptail vs Japanese macaques, 24589
social behavior & spacing patterns, golden lion vs cotton topped tamarins, 24606
social behavior in breeding cages, adult male & female monkeys, 5932
social behavior within family groups & with pairs of opposite sex twins & competition for mate & breeding success, same sex twin common marmosets, 3248
social environments, estrogen excretion & scent marking & sociosexual behavior, cotton-top tamarins, 5851
social experience all in darkness vs half in darkness & half in light, play & aggressiveness, monkeys, 8675
social isolation from birth to 3rd mo of life, social integration to captive groups, squirrel monkeys, 21960
social position of mother & age differences, friendly & aggressive behavior toward unrelated infants, juvenile & adult female stumptail macaques, 8688
socioenvironmental cues of social condition & male dominance rank & male age, cortisol & testosterone levels in sexually receptive females, male macaques, 5852
species differences, color perception, squirrel monkeys, 29986
spontaneous vs contrived dominance rank vs stimulant injection vs cortisol secretion, self aggression vs stereotyped movements, stumptailed macaques, 30020
stress due to brief separations, distress calling & agitated activity & plasma cortisol, mother-infant pairs of squirrel monkeys, 614
syntax of vocal communication, capuchin monkeys, 8719
temporal & demographic & sociosexual patterns of sexual behavior, group-housed stumptail macaques, 16530
temporal lobe lesions, discrimination of species-specific coo vocalizations, macaques, 22111
testing of male with single vs group of females, hormonal influences on sexual behavior, rhesus monkeys, 628
total isolation vs mother visible in separate group vs mother out of visible group, plasma cortisol & behavior & vocalization, 4 mo old monkeys, 8707
transition between nonbreeding & breeding season & estradiol, sexual behavior & sex steroid levels & sex skin color & ovulation, intact vs ovariectomized female rhesus monkeys in all-female groups, 3359
troop size & composition & home range & vocalizations & reproduction & diet & geographical morphological variation, wooly spider monkeys, 3243
use of right vs left hand for touching of own face, monkeys vs apes vs right handed college students, 8771
variations in pure color & luminance grating stimuli, spatial frequency tuning of striate cortex V1 neuron responses, macaques, 8829
visual scanning of environment, captive-born vs wild-caught tamarins, 24571
warning calls of birds & terrestrial predators, behavioral innate responses, infant squirrel monkeys reared in social isolation, 21959
zoo environment, social behavior, groups of cotton-topped tamarins with vs without visitors, 19361

Monoamine Oxidase Inhibitors [See Also Isocarboxazid, Nialamide, Pargyline, Phenelzine, Tranylcypromine]
administration of phenylethylamine & MAO inhibitors & dopa decarboxylase inhibitor & phenylalanine load, phenylacetic acid excretion, chronic schizophrenic & unipolar depressed patients, 6795
clinical profile, MAO-inhibiting antidepressants, 23342
clomipramine vs clorgiline, skin conductance & heart rate responses, 19–44 yr old obsessive compulsive patients, 18157
clorgyline, circadian retinal rhythms, rats, 787
debate on justifications for continued clinical use of MAO inhibitors, 26215
deprenyl, cognition & emotion, 58–74 yr olds with Parkinson's disease undergoing long term levodopa treatment, 10298
deprenyl, intra- & extraneuronal dopamine oxidation, 52–66 yr olds with Parkinson's disease, 10294
diclofensine treatment, 60–81 yr old depressed patients, 4776
effectiveness & dosage & side effects & drug interactions of MAO inhibitors, treatment of anxiety & depressive disorders, 31554
effects of MAO inhibiting antidepressants, literature review, 13896
fears of MAO inhibitors & their interactions with foods, treatment compliance, patients, literature review, 15336
generalization with Type A vs Type B vs mixed-type MAO inhibitors following dextroamphetamine discrimination training, male rats, 6148

interaction of aspartame & high carbohydrate foods & MAO inhibitor, 22 yr old bulimic female, 15286
MAO inhibitor treatment, 72 yr old depressed patient, 18114
MAO inhibitors & tricyclic treatment, 23–72 yr old depressed patients, 2010
MAO inhibitors, anxiety & phobic disorders, implications for DSM-III classification, literature review, 15322
MAO inhibitors, beta-phenylethylamine-induced stereotypies, rats, implications for behavioral evaluation of MAO-B inhibitors, 24903
MAO inhibitors, bulimia, 18–37 yr old women with prominent depression & anxiety, 15324
MAO inhibitors, depression, 68 & 73 yr old Alzheimer's patients, 28766
MAO inhibitors, treatment of atypical depression due to chronic pain, 31496
methodological errors, research of MAO inhibitors, literature review, 2843
moclobemide, urinary norepinephrine excretion, depressed 29–68 yr olds, 26153
moclobemide vs clomipramine treatment of depression, 32–87 yr olds with episodic & chronic & atypical depression, 26178
pharmacokinetics of cimoxatone & its metabolite, 18–22 yr olds, 27637
psychopharmacology of deprenyl, 8981
reversibility in therapy of tranylcypromine & phenylzine binding, comments on G. D. Tollefson's review of MAO inhibitors, 15276
systemic vs icv harmaline injections, CNS mediation of conditioned taste aversion, male rats, 24803
tricyclic & 2nd generation antidepressants & MAO inhibitors, noradrenergic & serotonergic neuronal systems of CNS, 23316
tricyclic antidepressants vs MAO inhibitors & benzodiazepines, alprazolam, panic & anxiety disorders & depression, conference presentation, 20919
usefulness of MAO inhibitors, treatment of depression & phobias & panic disorders, comments on debate by K. White & G. Simpson, 26206
usefulness of MAO inhibitors, treatment of depression, comments on debate by K. White & G. Simpson, 26192
usefulness of MAO inhibitors, treatment of depression, comments on debate by K. White & G. Simpson, 26155
usefulness of MAO inhibitors, treatment of depression, comments on debate by K. White & G. Simpson, 26214
usefulness of MAO inhibitors, treatment of depression, comments on debate by K. White & G. Simpson, 26194
usefulness of MAO inhibitors, treatment of depression, comments on debate by K. White & G. Simpson, 26143

Monoamine Oxidases

age & race & sex, platelet monoamine oxidase activity, Ss aged 18 yrs & older, 30131
age differences & exposure to extreme heat, lymphocytic MAO activity, 26–35 vs 65–79 yr old males, 6043
age of onset of depression, platelet MAO activity, depressed females with mean age of 71.6 yrs, 4120
biogenic trace amines & history of violence, incarcerated offenders with mean age of 26.8 yrs, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1515
blood MAO activity & computerized tomography scans, differentiation between types of schizophrenia, 20–60 yr old paranoid vs residual vs undifferentiated schizophrenics, 22780
family history of illness & haloperidol treatment, platelet MAO activity, 16–55 yr old schizophrenics,, 18125
haloperidol, MAO activity in vivo & in vitro, 6127
high vs maintenance dosages of amitriptyline, MAO & dopamine-beta-hydroxylase & catechol-O-methyltransferase, 19–55 yr olds with bipolar affective or unipolar disorders, 4796
low monoamine diet, platelet MAO activity & psychoeducational & impulsivity correlates, normal 6–12 yr olds, 11765
low platelet MAO & schizophrenia, review of over 10 yrs of research, 9620
low platelet MAO activity, predisposition to develop psychopathological condition, 18–65 yr olds with various types of depressive disorders, 17542
negative symptoms, platelet MAO activity, medicated vs unmedicated male vs female schizophrenic patients, 17508
peripheral catecholamine enzyme function & cognitive impairment, 57–96 yr old institutionalized patients & outpatients with schizophrenia, 12138
personality traits & intellectual level & sensation seeking & drug usage, platelet MAO activity, 18 yr old males, 13815
platelet MAO activity & augmentation/reduction & personality traits, unipolar vs bipolar depressed vs neurotic reactive 24–69 yr olds, conference presentation, 1453
platelet MAO activity & smooth pursuit eye movements as biological markers for schizophrenia, literature review, 14739
platelet MAO activity, chronic schizophrenic 17–45 yr olds, 6735
platelet MAO activity in trace amine substrates & plasma levels of trace acids, agoraphobics with panic attacks, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1497
platelet MAO activity, 11–27 yr old female anorexia nervosa patients with vs without major depression, 4394
postmortem examination of frontal cortex indicating r. eptor changes in serotonergic system & cortical MAO A & MAO B enzyme concentrations, suicide victims, 1545
response to lithium & symptoms, platelet MAO activity, schizophrenic & manic patients, 7440
symptom state & platelet MAO activity & demographic variables, 57–96 yr old neuroleptic-free schizophrenics, 12137
use of radioactive tracers for in vivo measurement of brain MAO, male mice, 19478

Monoamines (Brain) [See Catecholamines]

Monocular Vision

binocular fusion as simple summation of monocular photopic luminances, 288
chronic intracortical administration of levoglutamate, ocular dominance shifts, monocularly deprived kittens, 6159
discrimination of eye-of-origin information, adults with sighting dominance, 27394
duration of alternating adaptation, sensitivity of monocular vs binocular neurons & aftereffects, 23–35 yr olds, 6005
monocular deprivation & critical periods for visual acuity & contrast sensitivity, rats, implications for studying amblyopic children, 3301
monocular deprivation effects & prolonged dark rearing, visual cortical cell response, kittens, 24746
monocular deprivation, GABA receptor activity, kittens, 11502
monocular optokinetic stimulation, uptake of deoxyglucose in pretectal nucleus of optic tract & superior colliculus, male rats, 6042
monocular vision & eye movements & shifts in attention, 3053
monocular vs binocular exposure to complementary stimulation, opposite coexisting aftereffects, Os, 3045
monocular vs binocular presentation of Farnsworth-Munsell 100-Hue Test, color vision scores, healthy Ss vs multiple sclerosis patients, conference presentation, 25923
monocular vs binocular presentation, sine wave grating contrast detection & discrimination & binocular summation, young adults, 8500
monocular vs binocular training, visual discrimination learning, pigeons, 19340
perceived dominance of vertical vs horizontal pattern components & contrast of single grating, support for eye movement-afterimage theory of monocular rivalry, 29843
presentation of stimuli to frontal & lateral visual field, eye movement patterns for binocular & monocular fixation, pigeons, 24628
quadratic summation as description of binocular contrast summation, 8501
reverse suture at 3 wks after monocular deprivation, hypertrophy of initially deprived cells & shrinkage of undeprived cells, monkeys, 19645
spatial frequency & orientation & viewing condition, duration of visible persistence, right- vs left-handers with right- vs left-eye dominance, 8788
spatial frequency of simple sinusoidal gratings presented at high contrast & target vergence levels, monocular & steady-state accommodative responses, amblyopes & former amblyope & strabismics aged 13–34 yrs, 1650
unilateral eye removal at birth, development of corpus callosum axonal projections to cortical area 17, rats, 11569

unilateral interruption of middle cerebral artery, binocular & monocular pattern discrimination performance, rabbits, 24758
Monolingualism
speaker with Kannada vs Tamil accent, stereotyped attribution of personality traits, monolingual vs bilingual 8–10 yr olds, India, 6400
verbal cues, response to drawings of activities in present progressive vs past tense, monolingual vs bilingual 5–6 yr olds, 16914
Monozygotic Twins
age at time of noncompound skull fracture, behavioral & cognitive functioning & personality/temperament, monozygotic twin with fracture occurring between 12 & 36 mo vs 36 & 48 mo of age vs uninjured twin, 2–5 yr followup, 14957
assessment of cerebral ventricular volume, monozygotic vs dizygotic twin pairs, 27332
asymmetries in cerebral organization & other biological characteristics & behavior disorders, monozygotic twins, comments on letter by J. Yager, 12119
attention deficit disorder, 6.5–8 yr old male monozygotic twins, genetic implications, 9942
bipolar illness preceded by anorexia nervosa, 17 yr old female identical twins, 9662
bivariate path analysis, genetic & cultural & environmental transmission of fear, mono- vs dizygotic twins & their parents, 16592
concordance for alcoholism vs depression vs criminality vs psychopathology, hospitalized alcoholic mono vs dizygotic twins & their cotwins, 16578
concordance for schizophrenia vs neuroses vs alcoholism, female vs male mono- vs dizygotic twin pairs aged 15 yrs & older, Finland, 16583
concordance for syndrome of autism, monozygotic & heterozygotic twins, 14726
concordance of developmental transformations of temperament, identical vs fraternal 12–24 mo old twins, longitudinal study, 16589
concordance rates for schizophrenia, monozygotic twins, criticism of methodology as biased toward probability of heritability, 17518
cooperation vs competition vs altruism, 5.4–13.28 monozygotic vs dizygotic twin pairs, 22396
degree of concordance for growth spurts & mental development, 3–6 mo old mono- vs dizygotic twins, 6-yr longitudinal study, 16603
early separation, personality development, mono- vs dizygotic adult twins separated before age 11 yrs, Finland, 16586
environment & genetic factors, health behavior & personality & height & weight, mono- vs dizygotic adult twins separated before age 11 yrs, Finland, 16587
environment & lifestyle & other health related psychosocial correlates, neuroticism, adult male mono-vs dizygotic twins, Finland, 16584
evolutionary viewpoint in relation to interplay of genetic programming & maturational status & environmental influence, mental development, monozygotic vs dizygotic twin pairs, longitudinal study, 9250
factor structure of Bayley's Infant Behavior Record profiles, 3–24 mo old identical vs fraternal twins, 6251
fear & restlessness & motion sickness & enuresis, 3 yr old same sex mono- vs dizygotic twin pairs, 16572
genetic & environmental variance & performance on WAIS subtests, 30–57 yr old monozygotic vs same-sex dizygotic twins, 30040
genetic aspects of temperamental differences, monozygotic & dizygotic same-sex twins at 2 & 9 mo, 6-yr followup, 6406
genetic basis of individual differences in altruism, adult mono-vs dizygotic female vs male vs opposite sex twin pairs, 16596
genetic factors, development of temperamental characteristics, same sex monozygotic vs dizygotic twin pairs studied at 2 & 9 mo of age, 9335
genetic vs environmental influences, obsessional traits & symptoms, monozygotic vs dizygotic pairs of twins, 30918
genetics & identical twins, 21994
information processing abilities, adult reared-apart monozygotic & dizygotic twin pairs or triplets, 21995
life changes, cancer onset, 16–68 yr old identical twins, 28499
mother reports of developmental differences, personality & social behavior, fraternal vs identical twins from birth to 6 yrs old, longitudinal study, 6383
performance of WISC subtests & Raven Progressive Matrices, 8–13 yr old mono-vs dizygotic twin kibbutz school children, 16591
pictorial & verbal & other visual stimuli, intrapair resemblance of EP parameters, monozygotic & same sex dizygotic adult twins, 22020
positive vs negative symptoms, concordance for schizophrenia, monozygotic twins, implications for etiology & diagnostic criteria, 12150
self- vs teacher-rated school adjustment, mono- vs dizygotic same vs opposite sex twins in grades 3–6, longitudinal study, 16576
twin situation vs environment, similarity for abilities, mono-vs dizygotic twins, 16601
Montessori Method
Bereiter-Engelmann vs DARCEE vs Montessori vs traditional prekindergarten preschool education, academic achievement & IQ, low income Black Ss followed through 9th & 10th grades, 10728
bilingual Montessori program, language development, Mexican American 3–5 yr old preschool students, 15756
philosophy of Montessori method & its influence on modern research, 2377
Moods [See Emotional States]
Mooney Problem Check List
validation of 42-item Mooney Problem Check List scale for counseling, college students who sought vs did not seek counseling, implications for student outreach programs, 10898
Moral Development
age & sex & intelligence & parental occupation, moral development of guilt-innocence & apology-restitution, 35–70 mo olds, 27722
age & sex & intelligence & parental occupation, moral development, 35–70 mo olds, 25042
age differences & rural vs urban background, moral development, 6th vs 8th vs 11th graders vs college students, Korea vs US, 3601
assessment of rightness vs wrongness of 17 moral issues, Roman Catholic vs Protestant 14–16 yr olds, Northern Ireland, 25043
characteristics of moral problems & solutions, male vs female 3rd–8th graders, 30369
cheating vs observed cheating on test, attribution of internal vs external & moral development factors' importance, college students, test of L. Kohlberg's stage theory as taxonomy of moral attributions, 22367
claim of L. Kohlberg of cross cultural university of moral development, literature review, 1969–84, 19924
college attendance & moral judgment development, Ss tested 4 vs 6 yrs after high school graduation, 30387
combat stress as adolescents, moral development, Vietnam veterans, implications for group psychotherapy, 4182
compliance with order to reimburse victims of crime, 18–52 yr old offenders, test of applicability of L. Kohlberg's moral development theory, 31072
contemporary moral theory & practice & conduct in conflicts & cooperation, young adults, 22291
current formulation of Kohlberg's theory & response to its critiques, 22284
daydreaming & IQ, moral reasoning ability, gifted vs average 9th–12th graders, experimental replication, 980
defendant characteristics, mock jury judgment behavior, male vs female college vs junior high school students, 25166
delinquency & moral reasoning scores on Defining Issues Test & political orientation & developmental differences, male vs female college students, 20416
development of cognition & social perspective & moral judgment & development of helping behavior, 10–11 yr olds, 30366
development of consistent moral reasoning & altruistic behavior & perspective coordination, 4–11 yr olds, 11666
development of judgment of responsibility for blame, kindergartners through 3rd graders, implications for attributional vs cognitive developmental vs symbolic-interactionist views, 30400
development of moral heteronomy & autonomy, sharing with peers in conflict situation, 6 vs 7.5 vs 10 yr olds, 22379
development of moral judgment & empathy & prosocial behavior, kindergarten students, 25062

development of Nelson-Malony Religious Status Interview, assessment of religious maturity, 27027
dialectic exchange in social adaptation & cognitive & ethical development, 13993
discovery & morality & resolution of oedipal situation as stages in maturation of self & object relationships, 9301
discussion of inconsistency in Freud's theory of moral development, 16860
distributive & immanent justice & egocentrism, 4–5 yr old preschoolers & 2nd graders, 22276
educational level & human sex differences, moral development, 6th vs 8th vs 11th graders vs college students, US vs South Korea, 11829
ego & moral & conceptual development, 18–65 yr old college students, 3592
factor & correlational analysis of ethical behavior rating scale, 7th vs 9th vs 12th graders, 27014
family vs peer content, performance on distributive justice scale, 5–11 yr olds, US vs Sweden, 1-yr longitudinal study, 9277
gender differences in moral development, L. Kohlberg's vs C. Gilligan's theoretical positions, 890
group discussion as means to raise level of moral judgment, 10 vs 13 vs 16 yr olds, Brazil vs US, implications for school psychologists, 3683
group discussions, moral decisions regarding altruism & honesty, 3rd vs 6th graders, 27823
happy vs neutral mood with vs without instruction that excessive self gratification is wrong, self indulgent vs self denial response to reward, 4–5 vs 8–9 yr olds, 19914
hierarchical nature of moral development stages, high school & college & graduate students, 886
instruction conditions, moral judgments, 4th graders vs 7th graders, 6245
intercultural study of development of moral notions, implications for theoretical & methodological problems, 27749
justice & rights vs care & response modes of moral reasoning, children, 6240
legal judgments of deserved punishments for assault vs arson vs treason, White juvenile offenders, 25677
level of moral reasoning, whistle blowing behavior, 21–30 yr old college students, 6656
levels of damage vs culpability vs recompense, judgments of deserved punishment, 4–9 yrs olds vs adults, 22279
Maslow's cognitive need theory, prosocial/antisocial behavior, 9–14 yr old psychiatric patients, 9659
mature moral judgment & internal locus of control, graduate vs undergraduate students, 12044
meaning of scale & score & meaning to individual phases of test interpretation, measures of moral development, 26968
measurement of moral development & judgment, 15–17 yr old females who are pregnant & aborting vs not aborting vs sexually active & never pregnant, 25370
moral & cognitive reasoning, socioculturally mildly retarded vs organically impaired mildly vs moderately retarded children, support for similar-structure hypothesis of J. R. Weisz et al & partial support for E. Zigler's 2-group approach, 14855
moral & ego development as measured by verbal ability, high school vs college vs graduate students, 2-yr followup, 25047
moral development & education, school age children, 32020
moral judgment & role taking & cognitive processes & self concept, 10–11 vs 14–15 yr old delinquents & nondelinquents, 4304
moral judgment development & scholastic achievement vs solidarity with peers, 10 yr olds vs their teachers, 27714
moral judgment development, kibbutz adolescents, Israel, 2–9 yr longitudinal study, 14203
moral judgment, helping behavior for tangible vs social vs no reward, 12–13 vs 14–15 vs 16–17 yr olds, 9259
moral reasoning & cooperative skills, educable mentally retarded 6–17 yr olds, 31090
moral values, 12–18 yr old males vs females, Australia, 27864
moral vs conventional transgressions, peer vs caregiver responses, 13–40 mo olds in daycare centers & their caregivers, 9332
motive & outcome foreseeability, attributions of intentionality & moral judgments, 3–4.2 yr olds vs college students, 16885
need for research on moral reasoning & education, children, 30383
open forum & moral education, juvenile delinquents, 28955
parental childrearing attitudes, moral judgments, preschool children, 25216
pedagogical science & education & bourgeois ideology & propaganda, moral awareness, children vs adolescents vs adults, Czechoslovakia, 27713
perceived maternal childrearing attitudes & moral judgment level, female vs male 9–11 yr olds, 30538
perception of procedural justice, 1st vs 5th graders, 9285
Piagetian vs psychoanalytic view, childhood moral development, 9316
psychological premises for peace education, 26476
punishment vs moral education, children, 11820
rated personality dispositions for actors performing moral vs conventional transgressive behavior, 1st vs 4th vs 7th graders, 30540
real-life moral decisions vs hypothetical moral knowledge, early childhood educators in day care centers, 13004
recency & story content, development of moral reasoning, 4 vs 7 vs 11 yr olds vs college students, 11694
relationship between L. Kohlberg's moral development theory & E. H. Erikson's theory of ego development, 14216
religion & moral reasoning, literature review, 1038
risk factors & education & value orientation & self concept & moral judgment, juvenile delinquents & their families, 31067
role of affective information in social-cognitive development, discrimination of moral vs conventional events, 1st & 3rd graders, 25027
rules used for integration of intent & damage information, moral judgment, mothers & their 6–7.8 yr old sons, 13997
self attributions about naturally occurring prosocial behaviors & frequency of prosocial responding & moral judgments, 47–63 mo olds, 9275
sex & lower vs middle SES classification, moral judgment, Black vs White high school students, 27723
sex & sex role differences, moral judgment, comments on article by M. W. Pratt et al, 11705
sex differences & sex roles, moral judgment, 18–75 yr olds, 11701
similarity of attitude & level of moral reasoning, interpersonal attraction, college students, 1228
social cognitive perspective, clinical & autonomy & development of moral behavior & reasoning, literature review, 16883
socialization with peer groups, perceptions of morals & values & social weaning in preparation for adulthood & self sufficiency, 12–16 yr olds, 870
spontaneous conceptions of good & bad acts & differences in ability to define good & bad, 17–40 yr old mentally retarded, implications for adequacy of rating criteria of K. A. Hill & C. I. Hill, 25712
stages of moral development proposed by L. Kohlberg, 14–15 yr olds from Algeria vs UK, 11787
stories describing familiar transgressions vs word evaluation, perception of wrongness, 38–76 mo olds, 14202
storytelling & group interaction, moral judgment, 6 yr olds, Philippines, 17038
structure of moral thinking, high school students, Australia, replication of study by P. W. Musgrave in 1966–67, 11827
theory of moral development reflecting Oriental vs Western cultural values, 6232
verbal vs actual behavior & moral development, preschool age children, 882
2-wk moral education programs, maturity of moral reasoning stages, 25–58 yr old male inmates of medium-security prison, 12830

Morale

age segregation & interpersonal involvement & morale, Ss aged 60 & over residing in natural community vs senior citizen housing, 15420
circumstances of pet ownership or other responsibility for animals, life satisfaction & morale, aged community & nursing home residents, 4926
ethnicity & age differences, well-being, Anglo vs Black vs Mexican American 45–74 yr olds, 3790
factors related to morale & mental health, resident vs nonresident caregivers for relative with senile dementia, 1674

gender differences, role obligations & privacy & psychological well-being, urban adults, 5-yr followup of married females, test of nurturant role hypothesis, New Zealand, 3952
involuntary interinstitutional relocation, health & morale, 31–85 yr old chronic care patients, 15495
methodological problems, use of life satisfaction & happiness & morale as indicators of subjective well-being, gerontological studies, 2909
morale, perceptions of control & health, institutionalized 60–94 yr olds, 10485
qualitative assessment of social & physical environment, life satisfaction, rural 60 yr olds & older, 30381
relation between formal educational attainment & subjective well-being, adults, meta analysis, 2326
subordinate personality characteristics & job characteristics & occupational level, perceived leader behavior & subordinate morale, 16097
task interruption, accuracy of time estimation, male college students, implications for morale enhancement, 279
Morality
assessment of moral dimension of self esteem, implications for Christian counseling, 10446
attitudes toward reporting fellow officer for brutality, police officers, 2691
"beyondism" & morality & ethics in R. B. Cattell's personality theory, 1280
Black educators, educational change & instillation of morality, college students, 13005
causal vs moral responsibility in defensive attribution, comments on theory of G. Y. Nogami & S. Streufert, 9510
causal vs moral responsibility in defensive attribution, response to criticism by F. D. Fincham, 9524
cognitive morality & moral behavior, 6th graders from secular vs religious school, Israel, 8017
conditions for admission into moral community, comments on D. Dennett's book "Brainstorms", 9079
ethical & moral issues of sexual relations, adolescents & adults, 22398
examination of "hardening process" in development of delinquent lifestyle & morality, college students, 9789
functional vs personal levels of social behavior analysis & dramaturgical concepts of social acting & moral behavior, criticism of E. Goffman's theory, 6617
high vs low idealism & high vs low relativism, information integration during moral judgment, college students, 30844
inclusion of theory of morality in religious educational framework & social change, Christian religious educators, 14283
libertarian view, rights-based moral & political philosophy on suicide & coercive suicide prevention, 9804
methodological problems in investigation of relationship between religion & morality, comments on article by S. P. Morgan, 9370
methodological problems in investigation of relationship between religion & morality, reply to comments by M. King & R. Hunt, 9374
modified Kantian view, morally unobjectionable suicide, 9774
moral & ethical issues in identification of deviance, emotionally disturbed & behaviorally disordered children, 12106
moral ambiguity & focus of attention & responsibility denial & personal norms, nonintentional harm-doing, 18–22 yr old males, 28018
moral judgment in Freud's theory of homosexuality & bisexuality, 6583
moral obligation approach, world hunger, 14223
moral reasoning as primary determinant in diagnosis of homosexuality & sexual disorders, 22654
moral responsibility for suffering of others, mentally ill, implications for care & treatment, 22722
moral theory of B. F. Skinner, criticism of J. A. Mills's interpretation, 14475
moral theory of B. F. Skinner, reply to B. Waller's criticism, 14474
moral values, 12–18 yr old males vs females, Australia, 27864
morality & self interest & justification for being moral, 8328
morality as objective of moral education, 26552
pedagogical science & education & bourgeois ideology & propaganda, moral awareness, children vs adolescents vs adults, Czechoslovakia, 27713
perceived agreement with parents vs peers on moral & value issues, male vs female college students, Taiwan, 11840
personal & moral values, mental health professionals vs clients, 2273
philosophical issues, morality & responsibility, antisocial personalities, 25680
philosophical literature on suicide, literature review of past 10 yrs, 9788
prediction of variation in self reported expected illegal behavior, random sample of adults, test of G. M. Sykes & D. Matza's neutralization theory of juvenile delinquency, 22876
psychoanalytic interpretation & moral exposition of Mr. Hyde in R. L. Stevenson's "The Strange Case of Dr. Jekyll and Mr. Hyde" as suggestive of irreparable split within consciousness of social being, 13947
rated personality dispositions for actors performing moral vs conventional transgressive behavior, 1st vs 4th vs 7th graders, 30540
secrecy & power & division of labor & efficiency in bureaucracy, morality, 16104
sex & sex role differences, moral judgment, comments on article by M. W. Pratt et al, 11705
sex differences & sex roles, moral judgment, 18–75 yr olds, 11701
sex differences, judgments of morality, college students & their parents, 14002
shame or "matol" & moral aggression, Melanesian islanders, Papua New Guinea, 30600
shift of dying experience from moral to technical order & restoration of spiritual growth during dying process, implications for medical personnel, 12825
social factors & psychological consequences, decline of Judeo-Christian morality in Western society, 9352
source of expectancy producing information, perception of moral-expectancy violation, college students, 28044
status discontent vs culture & socialization, antipornography social movement adherence, Ss 18 yrs old & older, 1973–80, 1025
suicide & failure of Kantian & utilitarian moral philosophers, 9799
use of computers, moral questions & individual rights about privacy & property & power, 22410
Morals [See Morality]
Mores [See Values]
Morphemes
acquisition & use of grammatical morphemes, hard-of-hearing 5.3–15.6 yr olds vs normal-hearing 1.8–6.8 yr olds, 1644
agrammatism on inflectional bound morphemes, 50 yr old male, India, 9895
decomposition of words into their constituent morphemes, lexical access during reading, 33 yr old male with crossed phonological dyslexia, 20441
depth of processing & lexical access of mono- & polymorphemic words, college students, 5793
letter cancellation task, examination of whether prelexical phonological representation is essential component of normal reading process, college students, 19265
words presented with morpheme vs syllable breaks, performance on "find-the-word" test, college students, 11270
Morphine
acute vs chronic administration of desipramine vs chlorimipramine, central morphine analgesia, male rats, 30257
acute vs chronic morphine vs ethylketocylazocine injections, locomotor activity, C57B1/6J vs DBA/2J mice, 27590
age & ketocyclazocine hydrochloride vs morphine sulfate vs naloxone hydrochloride, cyclical feeding patterns, 1–2 mo vs 24–30 mo old mice, 30255
alpha-flupentixol & haloperidol, place preferences produced by morphine vs dextroamphetamine sulfates vs cocaine, adult male rats, 30266
anticipatory fear & morphine & shock penalties, RT, former narcotic addicts, implications for pain perception & stress-induced analgesia, conference presentation, 3018
application of capsaicin to sciatic nerve, sensitivity to pain & morphine analgesia, male rats, 3396
application of morphine vs GABA to nucleus reticularis tegmenti pontis, reversal of akinesia & release of festinating forward locomotion, male rats, 13877

buprenorphine vs oxymorphazone vs morphine, analgesia & drug discrimination, mice & pigeons, conference presentation, 3441
cerebral & spinal noradrenaline depletion, nociceptive responses & morphine induced analgesia, male rats, 24757
change in intensity of electrical shock & morphine & clonidine, stimulus discrimination & conditioned responses & response latency, male squirrel monkeys, 8881
chlordiazepoxide vs morphine vs naloxone vs benzodiazepine antagonist, intake of ethanol solution, male rats, 11577
chlorpromazine vs clonidine vs diazepam vs morphine, conditioned avoidance responses, male rats, 24841
cholecystokinin blockade by proglumide, morphine analgesia, male rats, implications for pain treatment, 27664
cholecystokinin, opiate analgesia & role as opiate antagonist & in opiate tolerance, rats inexperienced with or tolerant to opiates, 9035
chronic low doses of morphine, behavioral response & movement patterns, intact & caudate nuclei lesioned & hemispherectomized cats, 30239
chronic morphine sulfate injections, acute stimulated feeding, genetically obese rats vs nonobese rats, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 800
chronic morphine vs ethylketocyclazocine administration, sleep & REM sleep & wakefulness & EEG & EEG power spectra & cross tolerance, rats, conference presentation, 3536
chronic morphine vs methadone, swim-induced antinociception as model of endogeneous opioid function, female mice, 6104
chronic naloxone administration, opiate binding in CNS & effect of morphine on antinociception & conditioned taste aversion, male rats, 22135
chronic saccharin exposure, morphine tolerance, genetically selected LC2-Hi vs LC2-Lo female rats, 19661
controllability of stress, severity of subsequent morphine withdrawal, male rats, 22094
cortically applied morphine vs dextro-ala 2-methionine-enkephalinamide, nonspecific convulsions, male rats, 8959
cross tolerance between cold water stress analgesia & morphine analgesia, male rats, 8962
dextroamphetamine sulfate vs diazepam vs morphine sulfate vs sodium pentobarbital vs chlorpromazine, incremental repeated acquisition, male rats, 27628
diprenorphine vs morphine, conditioned place preference, male rats, implications for separability of opioid analgesic vs positive reinforcement effects, 22138
drug blockage of catecholamine synthesis or dopamine receptors, effect of Z-prolyl-dextroleucine on morphine withdrawal, mice, 27604
early housing conditions, open field behavior & morphine consumption & physical dependence, male rats, 24736
electrical pain-induced vocalization & its modification by morphine vs diazepam vs physical restraint, rats, 689
electrical stimulation or amphetamine injections into nucleus accumbens & tegmental area & hypothalamus, brain reward circuitry, rats, 6063
enantiomers of SKF-10,047, EEG & behavior, female rats treated with or dependent on morphine, 16773
environmental & temporal cues associated with morphine administration, withdrawal symptoms, rats, 3537
ethopharmacologic analysis of morphine effects, male fish, 22147
ethylketazocine & morphine administration, antinociceptive tolerance & physical dependence, C57 & DBA male mice, 27589
exposure to rotating magnetic field, day-night patterns of morphine-induced analgesia, male mice, 3468
footshock stress & environmental cues & naloxone, enhancement of conditioned & morphine analgesia, male rats, 3360
high vs low dosage levels of Tyr-MIF-1 vs MIF-1 & morphine or delta sleep-inducing peptide, number of rotations of water wheel, mice, 24855
hypothalamic peptides, striatal dopamine receptor function, morphine tolerant-dependent rats, conference presentation, 3409
icv morphine, analgesic tolerance to ketocyclazocine & D-ala-2-methionine enkephalinamide & D-ala-2-D-leu-5-enkephalin & leuenkephalin & metenkephalin & beta-endorphin, male mice, 24939
interactions of reinforcers under concurrent chained FR1 FR9 schedule of food & water & morphine presentations, male rats, 6111
intra-arterial vs intrathecal subarachnoid space vs 4th ventricle injection of naloxone, withdrawal, morphine-dependent male rats, 30268
intracisternal administration of morphiceptin analog & morphine sulfate & dextro-ala-dextro-leu-enkephalin, ventilation & ventilatory pattern, unanesthetized dogs, 27591
intrathecal morphine vs methionine-enkephalin vs noradrenaline vs serotonin, antinociception assessed by tail pinch & tail flick & hot plate tests, male rats, 30259
intrathecal naloxone, inhibition of tailflick response induced by intraventricular beta-endorphin vs morphine, male rats, 27652
intraventricular morphine, unilateral analgesia under formalin vs footflick tests, male rats, 8946
ip vs intrathecal injection of morphine vs naloxone, sexual behavior, rats, 13916
kappa agonist, U-50,488H & morphine, serotonergic dependence of kappa opioid analgesia, female mice, 27660
LSD vs morphine, generalization of visual discrimination learning, male pigeons, 3496
LY150720 vs LY136596 vs morphine & naloxone, schedule-controlled responding, monkeys, 24806
maternal exposure to methadone vs morphine during perigestational period, latency of response to noxious stimuli, infant rats, 22175
microinjection of carbachol vs morphine vs methylatropine vs naloxone into periaqueductal gray, central cholinergic processes in opiate abstinence syndrome, morphine-dependent vs nondependent dogs, conference presentation, 3510
modulation of opioid physical dependence during hibernation cycle, ground squirrels, 30202
morphine & methadone dosages, time dependence of tailflick & core body temperature, hypophysectomized rats, 24725
morphine &/vs naloxone, behavioral thermoregulation, curly tailed lizards, 3467
morphine administration to preoptic area vs ventromedial hypothalamus, maternal responsiveness, female rats, 16797
morphine, behavioral responses, intact & unilaterally brain lesioned cats, 30312
morphine, behavioral tolerance & sensitization, hamsters, 30292
morphine, cortisol secretion, psychiatric inpatients & normal Ss & endogenous depression patients with normal vs abnormal dexamethasone suppression tests, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1498
morphine, food ingestion, terrestial slugs, implications for opioid mediation of satiation, 27602
morphine infusions into ventral tegmental area vs periventricular grey, morphine dependence vs reward properties, rats, implications for independence of dependence & reward mechanisms, 8937
morphine preexposure, acquisition of morphine-induced taste aversion, male rats, 9010
morphine, prolactin & cortisol secretion, 23–28 yr olds, 27672
morphine, rigid immobility vs sudden locomotor bursts in catalepsy as adaptive reflex, male rats, 3427
morphine self administration vs yoked infusion, brain acetylcholine turnover, male rats, 3514
morphine sulfate administration, behavioral thermoregulation, snails, implications for involvement of opioid system in temperature regulation, 27601
morphine sulfate, macronutrient intake of fat vs carbohydrate vs protein, female rats, 19711
morphine sulfate, mean maximum prolactin response, 18–59 yr old unmedicated inpatients with depressive vs other psychiatric disorders, 6843
morphine sulfate vs naltrexone injections, locomotor activity, male vs female hamsters, 27644
morphine sulfate vs neurotensin, turnover of 5-HT in brain nuclei & role in analgesia, rats, 22019
morphine vs apomorphine vs LSD vs procaine vs pentobarbital, discriminative stimulus properties of cocaine, male pigeons, 16766
morphine vs dextro-ala-dextro-leu-enkephalin administration into CNS, drinking behavior, male rats, 19665

morphine vs haloperidol vs chlorpromazine vs scopolamine, discriminative responding with alternating discriminative stimuli, male rats, 3471
morphine vs levorphanol vs dextrorphan vs naloxone, explosive motor behavior & rigidity, tree frogs, 24912
morphine vs LSD, classically conditioned nictitating membrane response, rabbits, 30290
morphine vs methadone vs dextro-ala 2-methionine-enkephalinamide, convulsive & cataleptic behavior, rats, implications for mediation by opiate receptors, 8958
morphine vs naloxone, conditioned place preferences & aversions, rats, 3493
morphine vs naloxone, intake of water & sucrose solution containing ethanol, male rats, 11614
morphine vs naloxone vs pain, physiological characteristics of pressure immobility, rabbits, 11532
morphine vs phencyclidine vs nicotine administration, spontaneous motor activity as measured by automated vs direct observation, male rats, 24851
morphine, wakefulness & NREM & REM sleep & EEG, adult cats, 30219
naloxonazine, withdrawal signs & analgesia associated with morphine, rats with dependence to morphine, 24876
naloxone & development of morphine tolerance, effects of ECS vs footshock stress on inhibition of recurrent kindled seizures elicited by amygdaloid stimulation, male rats, 11549
naloxone, effects of morphine on associative & sensory processing of CS & UCS in classical conditioning of nictitating membrane response, rabbits, 6157
naloxone or pimozide, place-specific sensitization of conditioned activity increase induced by morphine administered into ventral tegmental area, rats, 9031
neonatal administration of monosodium glutamate, morphine induced analgesia & tolerance development & weight & hypoactivity, rats, 24788
neurochemical characteristics of opiate tolerance & dependence, 31031
neurotoxin lesions of nucleus accumbens & drug dose, CRs concurrently maintained by food & water & morphine reinforcement, rats, conference presentation, 3384
neurotransmitter-blocking agents, antinociceptive effects caused by carbamazepine & baclofen & pentazocine & morphine on bradykinin induced trigeminal pain, rats, 11588
nociceptive stimulation &/or morphine injections, 5-HT synthesis in dorsal & ventral spinal cord & brain stem & forebrain, rats, 6062
nociceptive vs antinociceptive vs sensory stimulation & morphine vs naloxone, spontaneous & evoked activity in parafasciculus thalami neurons, male morphine naive vs dependent rats, 27462
normorphine & clonidine & adenosine, mechanisms of dependence in ileum, guinea pigs, 30212
nucleus accumbens vs ventral tegmental lesions, chronic morphine-induced hyperactivity, male rats, 6045
opioid receptor mechanisms in morphine tolerance & dependence, guinea pigs, 30293
oxytocin & Z-prolyl-dextro-leucine, role of limbic system in morphine tolerance & dependency & withdrawal, male mice, 30258
pentazocine & morphine interactions, antinociception, male mice, 9020
pentazocine & tripelennamine, drug discrimination & mu-receptor binding, male rats trained to discriminate morphine from saline, 30295
phencyclidine vs various arylcycloalkylamines vs benzomorphans vs substituted dioxolanes, in vitro dopamine efflux & in vivo dopamine metabolism & affinity for phencyclidine/opiate receptor, male rats, 27645
place preference conditioning with morphine, male rats, 24797
posttraining injection of naloxone & morphine & drug dosage, retention of inhibitory avoidance response, male mice, 8932
prenatal morphine exposure, postnatal reflex & motor development & activity & adult activity & analgesia responsiveness & avoidance conditioning, mice, 27571
presentation of morphine-associated stimuli alone or extinction training following conditioning, conditioned place preference, male rats, 22134
previous exposure to passive avoidance test, effects of immobilization stress & morphine on memory in passive avoidance task, mice, 656
priming model of habituation of A. R. Wagner, development of tolerance to morphine, 15275
proglumide with vs without morphine, locomotion, male rats, 30203
prolyl-leucyl-glycinamide, antagonism of morphine analgesia, 21–32 yr old males, 30224
rewarding effect of ventral tegmental morphine infusions, rats, implications for ability of opiate receptor fields to produce physical dependence, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 727
role of dopaminergic receptor binding mechanism in central behavioral effects of morphine, rodents, literature review, 19458
self administration vs yoked infusion of morphine, muscarinic cholinergic & benzodiazepine receptor affinities & densities, male rats, 3513
signal detection analysis of dextroamphetamine vs morphine effect, delayed visual discrimination & response repetition, male rats, 24860
standard Brompton mixture vs morphine, analgesia, cancer patients, 31518
stress & acute antagonistic challenge, weight loss during opiate withdrawal, morphine-dependent male rats, 13893
stress & amphetamine vs morphine vs pentobarbital vs diazepam vs alprazolam, plasma catecholamine levels, male rats, 22093
stress & angiotensin II vs morphine, salt intake, male mice treated with naloxone, 19587
stress, morphine-induced hypothermia, rats, implications for drug conditioning & tolerance development, 27671
trifluoperazine &/vs morphine, dopamine turnover & analgesia, male rats, conference presentation, 30317
tripelennamine &/vs pentazocine, suppression of morphine withdrawal syndrome as indication of substitution ability, male morphine dependent mice, implications for abuse of tripelennamine-pentazocine combinations by heroin addicts, 22224
tripelennamine in conjunction with pentazocine, potentiation of antinociception, morphine-tolerant vs drug-naive mice, implications for drug abuse by heroin addicts, 6166
Tyr-MIF-1 & morphine, thermal pain, mice, 30254
unidirectional non-cross-tolerance to etorphine analgesia, morphine-tolerant male rats, implications for independence of tolerance & dependence, 27636
unilateral morphine injections into ventral tegmentum, contralateral circling, male rats, 30242
ventral tegmentum priming with morphine, reinstatement of iv heroin & cocaine self administration behavior, rats, implications for activation of mesolimbic appetitive motivational systems, 9025

Morphology
brain structural asymmetries, mice selected for strong lateralization of preference, 24662
climate & head shape & brain size, 122 ethnic groups, 1031
Gestalt concepts of isomorphisms & W. Kohler's theory of cortical currents in visual perception, 29622
isomorphisms in understanding brain function in visual perception, reply to discussion by M. Henle, 29638
nuclear magnetic resonance scans, morphology of brain, schizophrenic patients, 17557
W. Kohler's proposal of functional isomorphism between brain processes & phenomenal events, reply to comments by K. H. Pribram, 29621

Morphology (Language)
invention of morphophonologic rule, distinction between English singular & plural nouns in speech, language impaired preschool male, 22909
lexical representation of gender, 27682
morphological factors in visual lexical access for single words, review of recent research, 11632
phonological & morphemic & visual impairments, reading development, 11–25 yr olds with developmental dyslexia, 14866

Mortality [See Death and Dying]

Mortality Rate
abstinence, mortality rate, 15–74 yr old alcoholics & drug addicts, 23583

age & sex differences & diagnosis, mortality rate, 14–84 yr old psychiatric outpatients, 6.9-yr followup, 14704
age, mortality due to predation, juvenile dunlins, 11441
age-specific rates of medical board appearances & physical evaluation board actions & mortality, US Navy enlisted divers, 1968–79, 29488
alcohol availability & beverage sales, alcohol related arrests & cirrhosis mortality rate in California, US, 6939
congenital heart disease vs respiratory infection mortality, deceased Down's syndrome patients, 25705
data from 1977 National Personal Transportation Survey & Fatal Accident Reporting System, assessment of nighttime driving & fatal crash involvement, adolescents, 23941
death rate due to natural vs unnatural causes, 14–84 yr old psychiatric outpatients, 6–12 yr followup, 14703
deaths due to suicide & accidents, formerly hospitalized psychiatric patients, 14635
dementia-associated eating problems & malnutrition, mortality, 86 yr old female with Alzheimer's disease, 28451
difficult vs easy temperament, mortality, Masai 4–5 mo olds, East Africa, 2–3 mo followup, 4094
drug-related mortality, 9th graders & military conscripts & identified drug abusers, 10-yr followup, Sweden, 28295
economic & cultural constraints to maternal nurturing, infant mortality & care, 19–71 yr old marginally employed mothers, Brazil, 19941
effectiveness of federal programs in improvement of pregnancy outcomes, literature review, 28584
evaluation of need for further studies of mortality, psychiatric patients, 14747
expectation of child survival probability, desired fertility, wives & husbands, Malaysia, 19995
frequency of mortality from child abuse, Denmark, conference presentation, 9770
homicide & suicide rates, Cherokee & Lumbee Indians in North Carolina, 1534
inbreeding, survival rate, bighorn sheep in zoos, 16494
international patterns of death from non-war violence, 1–64 yr olds, 1950–78, 27890
intra-hospital relocation, mortality rate & activities of daily living & drug management, long term acute care patients aged 65 yrs & older, 28926
legal drug dependency, mortality rate, adults dependent on benzodiazepines & alcohol & other legal or illegal drugs, 22853
mortality & cause of death, 21 & 22 yr old bulimic females, 31156
mortality, patients with affective vs personality disorders vs schizophrenia vs substance abuse vs neuroses vs psychophysiologic disorders, 14595
mortality, patients with organic mental disorders, 10-yr followup, 14895
mortality pattern, male vs female mentally ill "nonpatients" in Lundby study, 25-yr longitudinal study, Sweden, 4236
mortality rate, male vs female alcoholics admitted to hospital, Sweden, 11–31 yr followup, 25616
mortality rate, patients treated with lithium for more than 2 mo, 23345
mortality rate, persons born in 1905 & having depressive symptoms & those who did vs did not attend health check-ups, 1378
mortality rates, major league baseball players vs managers, 1876–1973, 15999
parental investment & decreased nutrition & sex differences, mortality rate, juvenile deer & other mammals & birds, 29983
physical & mental incapacities & deaths, 20–24 vs 65–69 yr old airline pilots, Portugal, 1945–83, 31138
police data on fatal automobile crashes, India, 23935
premature mortality & neurosis, conference presentation, 28260
prenatal exposure to alcohol, birth weight & perinatal mortality of offspring, female rats in 1st vs 4th pregnancy, 27544
racial differences, deaths due to accidents or poisonings or violence, Black vs White Navy personnel, 1974–79, 32215
sex composition & differential mortality, tribal Indians, India, 14278
sex differences in mortality, developed vs developing countries, literature review, 6419
sex differences, mortality rates, long term psychiatric inpatients, 10466
theoretical frameworks, explanation of sex differences in longevity & suicide rate & widowhood, 11853
traffic fatalities, US, 1981 vs 1982, 10908
treatment outcome & family history & mortality rate, patients with chart diagnosis of hysteria, 9634
unemployment rate during presidential election year, suicide & mortality rates, US, reply to comments by M. Boor & J. A. Fleming, 25688
unemployment rates & presidential election year, suicide & mortality rates during September & October, 1912–1972, US, reply to criticism by I. M. Wasserman, 25618
wing measurements, mortality patterns, redwinged blackbirds subjected to surfactant spray, test of sexual selection theory, 11456

Mosaicism [See Chromosome Disorders]

Moslems [See Islam]

Mother Absence

adult mental health & psychosexual adjustment, 18–24 yr old females removed from home in childhood due to sexual or physical abuse or neglect, 6889
death of mother & remarriage of father at 8–12 yrs of age & affection in own marriage, depression, females with mean age of 32.7 yrs, 4225
historical development of attachment theory, effects of early maternal deprivation & separation & loss, 6343
maternal deprivation, childhood development, literature review, 1972–78, 6262
maternal deprivation, childhood development, 1972–78, literature review, 27744
separation from mother during birth of sibling, behavioral & physiological responses, 22–60 mo olds, 9279
total isolation vs mother visible in separate group vs mother out of visible group, plasma cortisol & behavior & vocalization, 4 mo old monkeys, 8707

Mother Child Communication

acquisition of speech-act conversation & utterance relation, mothers & their Down's syndrome children, 25730
bug-in-ear microphone device for training in positive verbal & physical attention toward child, abusive-neglectful mother of 4 yr old, 23197
communication modalities, mothers & their infants from birth to 9 mo, 14299
communication patterns, 23–38 yr old mothers & their 6 or 9 mo olds, longitudinal study, 11664
comparative analysis of communicative interactions in home environment, mothers vs fathers with only children aged 2–3.6 yrs, 19992
cues to post-vocalic voicing in speech to preschool age children & infants, mothers, 22252
development of dialogue through therapy, aggression & lack of awareness of danger due to father's instability, 2.5 yr old male & mother, 7207
dyadic interaction & infant behavior at 4 mo, infants born to mothers in methadone maintenance program, 4-mo longitudinal study, 4280
higher pitch in baby talk, Quiche-speaking mothers & their infants, Guatemala, 9154
infant blindness, bonding & communication, mothers & their infants, 28522
infant-mother linguistic behavior, 3 mo to 2 yr olds & their mothers, longitudinal study, presentation of reciprocal model of language development, 3638
interaction & communication with mothers, 2–3 mo olds, 30375
interactive performance, communicative ability & motor functioning, methadone-maintained females & their 4 mo olds, 10539
language behavior with child, mothers of normal vs language delayed 2.5–5 yr olds, 6988
management of interpersonal communication & interaction, mothers & their 1–2 yr olds, 9099
maternal language, early language development & later social-emotional status, prelingually hearing impaired 24 mo olds & their mothers, 1.5–4.5 yr followup, implications for intervention, 1744
maternal speech & linguistic environment, 21.5–37.1 mo olds with Down's syndrome, 20435

maternal speech evolution of specific lexical & syntactical clues & semantic fields & childhood identity maturation, mothers & their 0–10 mo olds, 27952
maternal verbal & nonverbal techniques & responses to compliance vs noncompliance, dyads of 23–43 yr old White middle class mothers & their 42–75 mo olds, 22386
mother-child communication, language development, 8 mo through 2 yr olds, conference presentation, 25136
mother-child communication pattern, language-impaired children, 20461
mother-child interactions, development of preverbal communication skills, blind 11 mo to 2.7 yr olds, 20591
mother-child regulation of attentional states, lexical acquisition style, 12–13 mo olds & their mothers, 25155
mother's conversational expansions, spontaneous imitations & productions, 23.5–24 mo olds & their mothers, 947
mothers' use of nouns & pronouns & references to objects & persons, speech style, 1–2.5 yr olds, 9179
parent group training program, parent child communication & problem behaviors & parental attitudes, 23–63 yr old single mothers, 18024
parent language-training program, mother-child conversations, mothers & their 3–5 yr olds with language disorders, implications for assessment & intervention, 1931
phonological rule usage in speech to children, mothers, 22251
pitch & range in speaking to 2 vs 5 yr olds vs adults, mothers vs fathers, 9422
presence of older siblings & mother's language during question-answer interactions, language production, 2.3–2.5 & 4.3–4.8 yr olds & their school age siblings & mothers, 22355
rate & segmental duration of speech to infant vs adult, vowel duration & formant frequency, mothers of 1 yr olds, 27680
semantic focus of maternal speech, mothers & their 1–2 yr old children, comments on A. Ninio & J. Bruner's paper, 19990
teaching interactions, verbalization, low-income Black vs Cuban teenage vs adult mothers with 12 mo old infants, 17167
typology of verbal explanations in mother-child interaction, mothers & their 18–36 mo olds, 22271
verbal & nonverbal maternal controls during interaction, mothers of deaf vs hearing 3–6.8 yr olds, 14938
viewing of infant videotaped emotional expressions & physiological measurement & self rating of emotional responses to tape, responses to infants' signals, breast vs bottle feeding mothers & their 90–194 day old infants, 30141
vocal interaction with mother/caretaker vs stranger, male vs female 3 mo olds, 17092
vowel articulation in conversational speech to adult vs child listeners, mothers & daughters at preverbal or holophrastic or more advanced stages of language development, 9153

Mother Child Relations

affective displays during play with mothers vs peers vs alone, infants from 6–18 mos, 25167
age & dosage of methylphenidate, compliance & mother-child interactions, hyperactive 4–5.9 vs 6–7.9 vs 8–9.9 yr olds, 4758
age & parity & gender, interactions, mothers & their developmentally delayed 3–23.5 mo olds, 12297
age, perceptions of their living mothers, 20–64 yr olds, 14304
analysis of behavior types, 3 mo olds & their mothers, Japan vs US, 30390
analysis of object exploration in sensorimotor period & effect of maternal behavior, 9 mo olds & their mothers, 30433
assessment of mother-infant interactions & neonatal medical complications, mental development, premature infants, longitudinal study, 16911
attachment behavior & mother-infant bonding, reply to comments by J. Kennell & M. Klaus, 6253
attachment behavior, mothers & their 12–26 mo olds with manifested primary neurological impairment or undiagnosed delay in gross development, 23037
attachment phase in early mother child relations & psychotherapy, infantile autism, 1391
attachment to mother, later coping skills in play & meeting strangers, female toddlers at 12 & 23 mo of age, implications for transactional modeling using skill & temperament, 1001
attachment to mothers with history of nonorganic psychosis, high-risk 11.5–14.5 mo olds, 4219
attitudes toward contraception & relationship with mother & presence of father in home, prediction of contraceptive use, 12–16 yr old females who had been pregnant once vs twice in 2 yrs, 22371
behavior analysis of control in mother-child interactions, mother with male twins observed from 3–15 mo of age, 14308
behavior of mother, self evaluation & withdrawal & effects on task persistence, 3 yr olds, 9307
beliefs & attitudes toward children & childrearing, 16–46 yr old primiparous vs multiparous pregnant females, Costa Rica vs West Germany, 17177
beliefs about abnormality, mother-child relationship & socialization, mothers over 20 yrs old & their deaf children, Nigeria, 30649
birth status & early mother-child interaction, cognitive & social ability, 3 yr olds, longitudinal study, 6225
bonding & separating, emotional development, mother & child through 1st 3 yrs, 17168
bottle feeding interactions & perceptions of infant, mothers & their preterm vs full-term newborn infants, 1-mo followup, 30365
bug-in-ear microphone device for training in positive verbal & physical attention toward child, abusive-neglectful mother of 4 yr old, 23197
changing life events & mother-infant interaction & life stress, etiology of child abuse, primiparous mothers at risk for child abuse, 6902
childhood relationship with mothers, etiology of anorexia nervosa, 4525
child's temperament & parent's behavior, 41–52 mo olds & their mothers & fathers, 22481
consciousness & pre-reflection in infancy, development of self & autonomy, 9325
construct validity of synchrony measure, assessment of synchrony in mother-infant interactions, 14–36 yr old lower middle-class mothers & their 10–12 mo olds, comparison with R. H. Karger's method, 46
cradling & transport of infants, Black vs Coloured vs Indian mothers & their 1–52 wk olds, South Africa, 1088
critical period for attachment & mother-infant bonding, literature review, 6254
cultural influences & patriarchical society, mother-daughter relationship, 11921
depression & anxiety & emotional distress & physical symptoms & behavior toward their children, physically abusive mothers, 14798
development & function of interactive play with mother, infants, 30530
development of social cooperation & self control & compliance in relation to childrearing style & infant-mother attachments & compliance to adults, children, 22374
development of social understanding & emotional behavior in conflict with sibling & mother during 2nd yr of life, infants & their mothers & siblings, 22364
direction to visit preterm infant in neonatal intensive care unit weekly, frequency of independent visits & perception of infant & length of hospitalization, mothers, 10497
distress & childrearing values & perception of children, demographic characteristics as stressors & emotionally affective behavior, mothers with mean age of 28.2 yrs, 14289
dyadic interaction & infant behavior at 4 mo, infants born to mothers in methadone maintenance program, 4-mo longitudinal study, 4280
early maternal behavior & infant temperament, negativistic behavior, 4 yr olds, longitudinal study, 30509
early mother-child interaction, cognitive development, 11 & 12 yr olds, Japan vs US, followup study, 25106
early mother-infant interactions, mothers & 3 mo olds with cleft lip & palate, 12349
early parental loss or separation, natural mother–child relationships & outcome of replacement care & mental health, 40–49 yr old females whose mothers died before age 11 vs evacuation from mothers during WW II vs separation for other reasons, 25284
effects of new baby & concept of "psychic skin", mother & her 20 mo old firstborn son, 6351
emotional expression, gaze patterns during interaction, mothers & their 6–8 mo olds, 17195

empathy & emotion in mother infant relations, 27957
engageance as concept to define motive of attachment, mothers & at-risk & premature infants, 6511
evolution of Parent and Child Education Family Treatment Center, parenting skills, seriously disturbed & socially disadvantaged mothers of young children, 21018
exploration & attachment to mother & fear of strangers, infants of mothers with history of psychosis observed from 3 days to 2 yrs of age, 6821
extreme social & emotional deprivation, social & emotional development, daughters of mentally retarded & microcephalic & mentally disordered mother, 6978
factors predicting satisfaction with children, 22–42 yr old mothers, 25293
failure in internal container-contained relationship & countertransference issues in psychotherapy, 12466
failure of "bond formation", child abuse & neglect & maltreatment, high risk mothers & their newborn children, implications for hospital procedures, 28308
failure of bond formation, child abuse & neglect & maltreatment, mothers who had limited contact with newborn at birth, 6903
family characteristics & symptoms & treatment methods, symbiotic mothers & their infantilized 3–11 yr old only children, 23189
family experiences, childhood development, 27728
family experiences, childhood development, 6244
family history & mother's unresolved grief for spouse's death, psoriasis & burn accidents, 20 yr old female with psoriasis outbreaks since 3 yrs old, 31279
family therapy, divorced mothers with developmentally disabled children, 7343
father- & mother-child play, competence with preschool peers, 36–49 mo olds & their parents, 9308
frequency of dyadic behaviors & vocalizations & visual contact during breastfeeding, 18–34 yr old mothers & their male vs female newborns, 25304
full- vs part-time employment, mother-father-infant interaction, 3 mo olds, 25313
grandmothers, emotional & superego development, children & grandchildren, 17071
health-oriented interaction group, mother-child interaction, 36 yr old mother & 10 mo old high-risk infant, 26307
historical development of attachment theory, effects of early maternal deprivation & separation & loss, 6343
home environment, sensorimotor development, 6.5–24 mo old nonretarded vs Down's syndrome infants, 4374
hostility & destructive aggression in mother-infant dyad, reactive attachment disorders & child abuse & neglect, infants, 9755
individual differences, mother-infant relationship, normal newborns, 17066
infant & mother behaviors during face-to-face interactions, postpartum depressed vs nondepressed mothers with mean age of 27.2 yrs & their 3 mo olds, 12155
infant care center, mother-infant relationship & child development, 16 yr old mother & infant, 4894
infant education program, interactional skills, mothers of handicapped 3–34 mo olds, 32143
initial trauma & anxiety, mother-child relations, mothers & their psychotic children, 6757
insular vs noninsular maternal community contacts, indiscriminate caretaking style, mothers of problem 2–11 yr olds, 17170
interaction & communication with mothers, 2–3 mo olds, 30375
interaction & cooperation with age mate & interaction with mother, 8–32 mo old twins vs familiar peers & their mothers, longitudinal study, 16574
interaction between mother & 1st born child before vs after birth of sibling, mothers & their 18–43 mo old 1st borns, 6481
interaction, mothers & their moderately to severely mentally retarded & language delayed 2–6 yr olds, implications for counseling, 22884
interaction patterns in free play, mothers & their 6–13 yr old multiply handicapped children, 6703
interactive performance, communicative ability & motor functioning, methadone-maintained females & their 4 mo olds, 10539
interdisciplinary protocol, mother-infant bonding, new mothers hospitalized for psychosis or depression, 23504
intermodal perceptual ability & maternal multimodal stimulation, language development, infants, literature review, 6328
ITGAR program of parents teaching their own children, self concept & family & school relations & free-time activities & husband's view of wife, low SES mothers from Afro-Asian countries, Israel, 2385
job performance & stress & household management, single mothers, 1077
Kleinian perspective on feminism & early mother-daughter relationships, 22487
lay health visitor intervention & maternal background & newborn history, weight & development & mother-child relations, nonorganic failure-to-thrive child inpatients & mothers, implications for child abuse intervention, 10434
length of contact at delivery, affectionate behavior, mothers & their infants assessed 1 & 3 & 28 days after birth, 27936
maltreatment, security of attachment, 8.7–31.8 mo olds & their mothers, 22835
management of interpersonal communication & interaction, mothers & their 1–2 yr olds, 9099
maternal behavior & age & knowledge of child development & maturity of expectations about parental roles, 16.5–22.5 yr old mothers, 22369
maternal behavior & cognitive abilities & affective tone of mother-child interaction, school readiness & 6th grade vocabulary & mathematics achievement, 1st born children evaluated at ages 3.7 & 4 & 5 & 6 & 12 yrs, longitudinal study, 9191
maternal behavior, 20–40 yr old Hindu vs Sikh mothers & their 4.5–5.5 yr olds, India, 30639
maternal bonding, mothers & their infants, literature review, 6491
maternal distress, interactions during parent training program for child compliance, mother-child pairs, 7357
maternal employment status, infant-mother & infant-father attachments, infants at ages 12 & 20 mo, 9410
maternal facial movements during children's speech, mothers & their children, 6270
maternal-infant contact & prolonged separation following birth, attachment behavior, premature & seriously ill full-term neonates at 12 mo, 27873
maternal instinct in biblical literature, 13958
maternal interview vs O ratings, 1st child's temperament & parent-child interaction, families before vs after birth of 2nd child, 6234
maternal psychosocial history & perinatal events & infant behavior, mother-infant interaction, 16–38 yr old mothers & premature infants, longitudinal study, 6503
maternal reinforcement style, prosocial motives & behaviors, Anglo American vs Mexican American 5–12 yr olds, 9298
maternal rejection during childhood, depression as child & young adult, 8–19 yr olds, 1425
maternal representation of own childhood experience & relationship with mother & behavioral traits of child abusers, prediction of rejection of own infant & predisposition to child abuse, mothers, 9785
maternal sensitivity & effectiveness assessed by rating scales, mother-child relationship, mentally ill vs non-mentally ill mothers & their 3–36 mo old children, implications for nursing, 20275
maternal vs paternal power & parental drinking habits, alcohol use, college students, 11987
measurement of infant difficultness, Infant Characteristics Questionnaire, mothers of 4–6 mo olds, 26985
method of defining co-occurring constellations of maternal facial-visual engagement & head vs hand stimulation during face-to-face play, 4 mo old male & his mother vs stranger, 14129
microanalysis, mother & infant suffering from failure to thrive, comments on article by G. Alfasi, 18966
mirroring in psychoanalysis, development of ego & object relations, aggressive 3 yr old male with poor relations with mother, 7266
model for prevention oriented research program, competence & mother-child relations, children of schizophrenic & depressed mothers, literature review, 20987
mother- vs father-child relations & achievement motivation, 15–19 yr old male high school students, India, 19912
mother child interaction & home environment & demographic variables & maternal attitudes, development of causal models for classroom & achievement test performance, Mexican American 7–9 yr olds, 27789

mother-child interaction & maternal memories, mothers of autistic children, conference presentation, 6790
mother child interaction & parent psychiatric status & child psychopathology, 6–11 yr old hyperactive children & their mothers, 25773
mother-child interaction & positive involvement & optimal mothering during feeding & intrapsychic conflict, hospitalized mentally ill vs nonhospitalized nonmentally ill mothers, 1-yr followup, 20293
mother-child interactions, 20–45 yr old mothers & their hyperactive vs normal sons, 20620
mother-child relations & child adjustment, children with mean age of 4.4 yrs from divorced vs intact families, 982
mother-child relations & cognitive ability, mathematics & reading achievement & conversation & vocabulary & block design performance, mothers & their 3 mo olds studied at 6 yrs of age, longitudinal study, 9166
mother child relations, development of body image of maternal object vs self, 27884
mother-child social games, transition from prelinguistic communication to language, 6 mo olds, 12-mo longitudinal study, 11723
mother-infant interaction, infant development, Japan vs US, literature review, 847
mother-infant interactions during 1st yr of life, 14139
mother-infant relationship, psychological development, infants, literature review, 6349
mothering, urban vs rural mother-child pairs, Greece, 14291
mother's linguistic productions during game episodes, child's pattern of language acquisition & developmental changes in play behavior, 6 mo olds & their mothers, 12-mo longitudinal study, 22272
mother's perception of paternal support, infant attachment, mothers & their 12 mo olds, Japan, 1060
mothers' prohibiting vs accelerating attitude toward child, safety education, mothers & their 3–5 yr olds, 11707
nature of free play, mothers & their 3–4 mo olds, 14309
neonatal intensive care unit open to mothers 1 hr vs 24 hrs per day, mother-infant relations & maternal interest, 15498
neonatal intervention based on Brazelton Neonatal Behavior Assessment, mother-infant & father-infant & husband-wife interaction, mother-infant dyads vs mother-father-infant triads, 22458
neonatal irritability & maternal responsiveness, development of infant temperament & mother-infant interaction, 19–35 yr old mothers & their 1–3 mo old infants, 6353

social class, empathy, mothers vs fathers, 12069
social environmental characteristics & childrearing factors, depression, mothers of young children from semirural socioeconomic groups, 9627
social interaction, mothers with developmentally delayed noncompliant 35–99 mo olds vs nondelayed noncompliant 41–94 mo olds, 25286
social network & demographic characteristics, short- vs long-term participation in parent education program, White working-class low-income mothers aged 18–39 yrs, 1929
social support & stress, maternal discipline, mothers & their developmentally delayed 6 mo through 3 yr olds, 17713
social support networks & fear of losing child custody, lesbian vs heterosexual formerly married mothers, 11964
social support networks, ease of transition into motherhood role, mothers, 14305
sociodemographic variables, employment status & perceptions of their 3 yr olds, mothers, 22455
spousal & community social support, anxiety & depression & mobilization & general mental health, mothers of preschool & school age children, 25290
stimulus & environmental setting events, long term success in training for modification of aggressive child behavior, mothers, conference presentation, 20845
stress, obstetrical complications, 16–42 yr old females, 17734
styles of hospital maternity nursing care, maternal behavior, 21–35 yr old mothers, 21083
supportive therapy, adjustment following childbirth, mothers in maternity ward, Norway, 12815
systematic desensitization & response prevention techniques, cardiopulmonary resuscitation anxiety, 23 yr old mother with infant with recurrent apnea, 20835
talking about labor & birth & delivery, mothers & medical personnel, conference presentation, 7529
tasks in personal & child's development, mothers, 19986
teaching appropriate home use of ipecac syrup, lower SES mothers & their 9 & 11 mo olds, replication of study by R. S. Posner, 28819
teaching task & cultural differences, interactional behaviors, American vs African mothers with their children aged 6–8 & 12–14 & 19–25 mo, 9397
time limited goal focused parent aide service, parenting skills & emotional adjustment & other factors, 27-yr-old single mother, 12788
time-limited group psychotherapy & children's play group, maternal behavior, mothers with borderline personality disorders & their 1–3 yr old children, 31423
traditional beliefs & practices, continuation of lactation, 16–42 yr old mothers living in squatter areas, Philippines, 27932
training as therapists for remediation of own children's behavior problems, parental attitudes, mothers of 2–13 yr olds, 3-yr followup, 7347
training in teaching children interpersonal cognitive problem solving skills, Black lower income inner city mothers of preschoolers, 18029
treatment in day care hospitals, depressed mothers, 21015
trends in labor force, working females with no children vs with preschoolers vs with adult children, 25299
validity of evaluations using Tsumori's developmental diagnosis method, mothers of mentally retarded 3–12 yr olds, 12290
values regarding children's physical & interpersonal & intrapersonal & sociocultural development at school vs home, mothers of handicapped vs nonhandicapped 3–4 yr olds, 12113
verbal rationales &/vs modeling adjuncts, child compliance, mothers of 3–4.5 vs 5.5–7.5 yr olds, 9271
voluntary termination of parental rights & grief for loss of newborn & meaning of adoption, birth mother, 30630
vowel articulation in conversational speech to adult vs child listeners, mothers & daughters at preverbal or holophrastic or more advanced stages of language development, 9153
wearing Milwaukee brace, psychological & social & lifestyle adjustment, mother & adolescent daughter pairs with scoliosis, 23406
women's movement, incidence of mother-blaming for psychological problems reported in major clinical journal articles, offspring, 1970 vs 1976 vs 1982, 30367
working, marriage & motherhood, mothers, implications for counseling, literature review, 6493
working status of mothers in early childhood, levels of psychological distress, 1st yr medical students, 18415

Moths
artificially elevated & stabilized antennae exposed to pheromones, electroantennogram patterns & mate detection, Spodoptera littoralis males, 13828

Motion Perception [See Also Apparent Movement, Autokinetic Illusion]
acquisition of 0-latency tracking of targets moving with continuous velocity & amplitude-limited acceleration, humans, 256
analysis of movement as totality vs displacement, anticipation of trajectory & form of movement, 5 vs 7–8 yr olds, 22334

availability of correct signal-phase information vs signal frequency & spatial extent, visual sinusoidal grating phase-sensitive detection, humans, 16407
cluster analysis of visual EPs induced by variously-directed moving lines, cats, 16651
cues of aircraft motion & delays in visual scene & movement of ship model, ability to hover simulated helicopter near ship, US Navy aircraft pilots, 8248
development of sensitivity to causally relevant dynamic information, 2nd vs 4th graders vs kindergartners vs college students, 9196
development of verbal description of motion perception, 3–4 vs 5 vs 6 yr olds, 11747
dichoptic & monoptic stimulation, cancelling of pattern motion, 19196
dihedral angle size, motion-induced contour perception, adult Os, 24415
direction vs order components of motion parallax projections of stimuli in apparent rotation in depth, judgment of direction of rotation, college students, 5708
discrimination of moving gratings at & above detection threshold, 325
dynamic vs static stimuli & movement, discrimination, pigeons, 30010
eye fixation & stimulus size & enclosure, threshold for object- vs subject-relative motion & induced motion, college students, 27125
factors in movement adaptation in peripheral retina, naive & experienced Ss, 29846
failure to find absolute retinal limit of short-range process in apparent motion, practiced college students & 18–21 yr old psychophysical observers, 307
fast vs slow movement & altered vs original approach, movement reproduction accuracy, college students, 19173
figural factor in split motion situation in apparent movement, 24404
indication of direction & speed of nonmimetic figures, perception of speed & direction of motion, 8–16 yr olds, 27794
intersection of illusory vs static line orientations with movement direction, displacement of perceived movement path, Ss, 29877
matrix of distances & durations, judgment of velocity, college students, 13658
measurement of thresholds for detection of grating pattern & for discrimination of displacement direction, central vision, 21–58 yr olds with amblyopia, 19208
memory for movement duration, mentally retarded adults, 31080
micromomentary movement, decoding nonverbal facial & body cues, high school & college students, 22286
minimum principles, theoretical analysis of visual perception, 19203
monocular optokinetic stimulation, uptake of deoxyglucose in pretectal nucleus of optic tract & superior colliculus, male rats, 6042
movement- vs displacement-analyzing systems, motion perception & pattern recognition of same stimuli, adult S, 3037
movement, development of visual system, cats, 3285
movement of visual stimulus below forearm, illusory sensation of movement & motor effects, adults, 323
movement speed & initial position, movement reproduction accuracy, comments on articles by J. A. Gliner & C. G. Davis, 19181
moving stimulus & sound, perception of auditory-visual relationship, infants vs college students, 11770
moving visual scene, tilting effect, 54–71 yr olds with right vs left lateral homonymous hemianopia, 9987
moving vs stationary stimuli & background, voluntary selection of target for smooth eye movement, human Ss, 29852
object-relative displacement & induced motion, 30–50 mo olds vs 20–50 yr olds, 25082
occlusion, reduction of perceived ambiguity of moving point-light displays, college students, implications for motion information processing models, 29866
oculomotor pursuit of target in circular real vs beta vs sigma motion, 277
parallel projections of 3-dimensional motion, shape & depth perception, college students, 27104
pattern & movement & color processing in visual cortex, macaques, 3140
perception & discrimination among types of motion by rigid objects, 3.5 vs 5 mo olds, 16987
perception of launching event & spatiotemporal continuity & causality, 24–34 wk olds, 27781
perception of self- vs object motion, thresholds for object motion & vehicle guidance, implications for traffic safety, 16416
presence of occlusion information, sensitivity to human form specified through biomechanical motion, 20 vs 30 vs 36 wk olds, 25074
presentation of successive pairs of standard/comparison motions of single spot target, velocity discrimination thresholds, moderately trained Ss, 27102
prolonged viewing of induced movement-in-depth, negative aftereffect, college students, 314
radiant intensities & distance of horizontally moving spot of light in air vs underwater, discrimination, minks, 19306
real vs opposite direction apparent movement, canceling, implications for transmission by same neural channel, 293
retinal eccentricity, motion sensitivity for line stimuli undergoing unidirectional & oscillatory displacement thresholds, 19216
rigid & nonrigid motion, incremental recovery of 3-D structure, implications for computer stimulation programs, 27124
roll motion & false cues in moving flight simulators, pilots, 5491
shifts in spatial phase, motion perception, 3050
slow vs rapid motions near threshold, perceptual sensitivity, 1 vs 3 mo old infants, 22321
spatial frequency & modulation rate of visual counterphase sinusoidal grating, detection of oppositely directed component gratings, humans, implications for opponent mechanisms in movement perception, 16418
spatial frequency of equiluminous red-green & blue-yellow drifting sine-wave gratings, perceived velocity of grating & role of luminance & chrominance, humans, 16410
static vs moving horizontal vs vertical gratings & velocity, binocular rivalry, human Os, 3056
stimulus speed, direction discrimination for moving isotropic dot patterns, humans vs normal vs visually deprived cats, 29863
stimulus velocity, directional selectivity of superior colliculus neurons, cats, 24667
stochastic model, motion perception of rigid transformation vectors in dynamic random cinematograms, Os, 5666
structured vs random stroboscopic light pattern, motion detection, male students, 21833
subjective vs experimenter-induced vs forced-random organization, recall of movement information, 7–8 & 11–12 yr olds, 11724
sustained-transient dichotomy model, masking & facilitation effects of uniform flash, 19200
target movement & pursuit eye movements, visual shift in prism adaptation, college students, 5748
temporal & spatial characteristics of upper displacement limit for positional shift in perception of coherent movement, human Ss, 8507
temporal & spatial separation of lines, duration of visible persistence, Os, 13663
texture vs size changes as stimuli for motion in depth, 33–46 yr olds, 283
upside-down & backward presentation of Johansson moving light-spot pattern, motion perception, college students, 27123
use of motion information in perception & description of metaphoric similarity, 5 vs 7 vs 10 yr olds vs college students, 9170
velocity of moving points, change of frame of reference in visual motion perception, adults, 19210
velocity of moving stimuli, activation of rod vs cone systems & structural & functional organization of ganglion receptive fields, frogs, 24646
viewing time of film clip presentation of moving car traveling toward stationary target, estimate of time-to-collision, 18–34 yr old males vs females, 303
visual fixation, self motion sensation, 21–39 yr olds, 5697
visual perception of stimuli motion as Pulfrich effect, 24423
visual perception of structure from motion, implications for rigidity assumption, criticism of M. L. Braunstein & G. L. Andersen's study, 24437

visual perception of structure from motion, implications for rigidity assumption, 24387
visual stimulation with moving object, velocity & response curves of superior colliculus neurons, cats, 22033
Motion Pictures [See Also Motion Pictures (Educational), Motion Pictures (Entertainment)]
addition of contents in recall of REM dream vs film 5 hrs later, male college students, 11347
comprehension of movie & use of cohesion in spoken narratives, normal vs language disordered 7.5–10.5 yr olds, 20465
order effects in film &/vs text, recall & social inference, college students, 24974
photograph &/vs scenario design &/vs editing in filmmaking courses, improvement in cognitive skills, 5th graders, Israel, 10740
viewing of sad film, mood changes, 2nd yr medical students & junior faculty & 19–42 yr olds, 5835
Motion Pictures (Educational)
effectiveness of visual stimulation training film, enhancement of visual pitch recognition & pitch location skills, collegiate baseball batters, 16394
film, study of 20th century Afro-American experience, 6448
films for family strengthening program utilizing social learning theory, parents & adolescents, 15242
Motion Pictures (Entertainment)
analysis of familial relationships in 5 major horror films of B. DePalma, 9069
autobiographic narcissistic struggles in B. Fosse's "All That Jazz" & W. Allen's "Stardust Memories", 16840
film industry & cinema, expression of social crises, application of D. W. Winnicott's theories of transitional objects, 13978
loneliness, patterns of movie attendance, college students, 12042
multiple exposure to filmed violence against females, emotional reactions & perceived injury & worthiness & empathy for female rape victims, male college students, 13925
nonviolence & Satyagraha in R. Attenborough's movie "Gandhi", 16837
politics of censorship for protection of children in "Huckleberry Finn" & "E.T.", 6213
psychoanalytic interpretation of films by F. Murnau & S. M. Eisenstein, 16838
resolution of oedipal complex in film "Casablanca", 9072
sad vs emotionally neutral film, depressed mood, college students, 13721
structural analysis of motion pictures, 6206
surrealistic aesthetic in motion pictures, 13959
viewing heterosexual pornographic films as gratification of unconscious homosexual desires, males, 1193
viewing sexually arousing theatrical film, subsequent sexual activity, college students, 1203
Motion Sickness
conditioned fluid aversion as index of motion sickness, Japanese quail, 5858
fear & restlessness & motion sickness & enuresis, 3 yr old same sex mono- vs dizygotic twin pairs, 16572
phosphatidylcholine, motion sickness susceptibility, human Ss, 19692
Motivation [See Also Academic Achievement Motivation, Achievement Motivation, Affiliation Motivation, Animal Motivation, Educational Incentives, Employee Motivation, Extrinsic Motivation, Fear of Success, Hunger, Incentives, Intrinsic Motivation, Monetary Incentives, Procrastination, Sex Drive, Thirst]
ability & motivation, group performance, military crew members, 16055
action regulating mechanisms in motor skill acquisition, medical students, 16482
affective contrast & tolerance & withdrawal phenomena, breastfeeding motivation, 23–42 yr old mothers who had breastfed vs 22–43 yr old nonmothers, application of opponent-process theory of R. Solomon & J. Corbit, 30640
age & education, motivations & affinity for TV viewing & viewing levels & programs watched, 17–83 yr olds, 13929
age & sex & verbal reinforcement, task mastery motivation & need for approval, 4 vs 8 yr olds, 22294
age, social comparison jealousy, 6–11 yr olds, 11786
alcohol, dopaminergic-enkephalinergic neural pathways & memory, 3435
analysis of concept of drive, 11392
analysis of factors common to Interpersonal Style Inventory & Orientation and Motivational Inventory, college students, implications for combined use of personality & motivational measures in assessment & theory formulation, 11168
application of Expectancy-value theory to participation & mobilization in social movements labor union mobilization campaign & worker attitudes, union members, Netherlands, 8-mo longitudinal study, 25429
application of motivation theories to reading instruction, promotion of student motivation in reading, 5249
approval motive & SES & locus of control, perceptual dependence, college students, 4086
assessment of personality characteristics & types of motivational distortion, males arrested for driving under influence of alcohol vs reckless drivers, 22871
avoidance & social drinking & sensation seeking & enjoyment as motivational patterns, alcohol use, male vs female college students, 11984
bonus for cooperative choice vs penalty for noncooperative choice, rate of cooperation in social dilemma situations, college students, 20114
caerulein, treatment of long term heavy marihuana usage, 23 yr old male with amotivational syndrome, 21153
capacity & belief in & motivation & purpose of control, 20161
causal attributions of performance & learning motivation & personality traits of helplessness, junior high school students, 11791
cholecystokinin & food deprivation & injections of lithium chloride, runway performance for 10 or 30 percent sucrose solution, rats, 30216
cognitive functioning & disordered thinking & drive-dominated thinking, acutely hospitalized patients with paranoid vs nonparanoid schizophrenia, 1-yr followup, 17506
competitive vs noncompetitive conditions, fear of success as motive, 5th–8th grade females, 3691
concepts of willingness & prospective intention & retrospective evaluation, reply to criticism of W. A. Davis, 26905
conceptual distinctions between narcissism & will, clinical implications, 9666
control & predictability & motivation, literature review, 17389
cortico-basomedial amygdala damage, alimentary motivation & food competition & latency to eat in novel environment, male rats, 8914
daily parental tutoring, achievement in reading/language arts & mathematics & student attitudes toward reading & self concept & motivation & parental attitudes toward school, 1st vs 2nd graders & their parents, 5252
death instinct & death motivation, 8324
decisional balance sheet of incentives, prediction & assessment of smoking cessation, current & ex-smokers, 23613
decline of managerial motivation, business administration students, comments on work by J. B. Miner & N. R. Smith & K. M. Bartol et al, 32100
determinants of preferences for driving-type games in arcades & extended play, mood & motivation to play, 9–15 yr old college student males, 30527
development & motivational function of expectations & performance, 4th & 6th & 8th graders, 7955
drug usage, perception of effects on emotional functioning & motivation, 11–18 yr olds who use drugs or alcohol, 25065
dualism of desires & actions, 2769
dynamic calculus theory of R. B. Cattell, classroom motivation, students, 2460
EMG & skin conductance & thoracic respiratory amplitudes during perceptual motor task, telic- vs paratelic-dominant 18–23 yr olds, validation of reversal theory constructs, 16689
emotional motivation, treatment duration & outcome, patients with impaired vocal functions, 26224
encouragement & motivation, performance on forced expiratory maneuver, college students with no history of respiratory disease, 22970

experiment design problems in use of cortical event-related potentials to study neural organization of development & cognition & motivation, conference presentation, 19467
exposure to neutral- vs drive-stimulus pictures, performance on learning vs copying tasks, male college students, implications for drive & self-presentation theories, 11379
factor analysis of political motivations, political party leaders & activists, 3909
factor structure & reliability of Perceived Competence Scale for Children & scales of motivational orientation & school concerns, educable mentally retarded 9–12 yr olds in segregated vs mainstreamed classes, 21507
factors influencing degree-seeking, 25–69 yr old college students, 18662
failure & learned helplessness, motivation, autistic children, 25557
feminism & intensity of wish for child & perceived costs & benefits of having children, female college students, 20049
framework for conceptualization of families' motivation to change vs maintain stability, implications for family-therapist interaction, 15212
freedom of choice & anonymity, level of performance in reactive & proactive tasks, high school students, 27760
functional-system theory, analysis of purposeful behavior, humans & animals, 596
gender & approval motivation & stereotypes of & experiences with power in sexual encounters, male vs female college students, 17267
gender differences, motivation for using obscenities, college students, 19742
group covert sensitization vs supportive group therapy, drinking frequency & urge to drink, alcoholic outpatients with mean age of 30.9 yrs, 7746
guidelines for treatment & management of self injurious behavior, developmentally disabled children, 23256
Humean view of affective vs non-affective desire, 24131
hunger & brood care motivation, female mouthbrooding cichlids, 8711
hydrostatic hypothesis of drive for learning & memory, 30033
individual differences in behavior & motivation, 16478
intellectual abilities & motivation & personality traits, foreign language abilities, 5th–8th graders, Czechoslovakia, 18665
intellectual competence & motivation & adjustment, educational assessment & intervention, children, 8132
internal interest & reward magnitude, preference for interesting vs uninteresting toy, 1st & 2nd graders, 22387
intervention & consideration of stages of motivation & change, problem drinking, 31815
intimacy vs power motivation, patterns of friendship, male vs female college students, 12007
intrinsic vs extrinsic motivation or writing, creativity of poetry, members of college community involved in creative writing, 19751
latent class analysis, measurement of motivation, retail newsagents, 24328
length of "psych-up" interval & type of "psych-up" techniques, weight training performance, college students, 13232
lethality of suicide methods & intent, suicide attempters vs committers aged 14 or younger vs 15–35 yrs, 25664
locus of control & prostrike attitudes & instrumentality of intrinsic outcomes & valence of extrinsic outcomes, intention to join union, female nursing students, 12878
mastery motivation & cognitive functioning, children at 1 & 3.5 yrs of age, longitudinal study, 14047
measurement of human motivation, India, literature review, 11112
misattribution of goal-directed behavior to instinctual drives, comments on article by D. A. Freedman, 11034
model of conceptualizations of valence & instrumentality in motivation & attitudes, 29805
modified Kantian view, morally unobjectionable suicide, 9774
motivation & ability, drug abuse treatment strategies & outcomes, 28984
motivation & correlates between participation vs spectatorship & interest in sport during leisure time, 21–49 yr old males, Israel, 5436
motivation & political conservatism, social work vs psychology undergraduates, Australia, 13110
motivation & self esteem & reduction of learned helplessness, discarded homemaker despair, female 27–47 yr olds, 2–11 yr followup, 9398
motivation for psychotherapy, institutionalized adolescents, literature review, 9704
motivation for TV viewing, deaf college students aged 16–40 yrs, 1629
motivation to receive self relevant feedback in social judgment task, depressed vs nondepressed college students, 6775
motivational & interpersonal factors in H. S. Sullivan's concepts of interpersonal psychotherapy, cognitive behavior therapy, 1866
motivational characteristics, psychotherapists, 15631
motivational hypotheses related to onset & maintenance of self injurious behavior, implications for enhancement of treatment success, literature review, 22810
motivational needs profiles & degree of combining of masculine & feminine traits, male vs female 22–51 yr old seminary students, 22437
motivational patterns in involuntary deviant behavior, 31012
motivational theory of depression, adjustment disorder, terminal & non-terminal cancer patients & their families, 17764
motivational variables & interventions, treatment entering & compliance & outcome, people suffering from addictive behaviors & alcoholism, literature review, 31806
motivational/affective factors, recall of short stories, male patients with alcoholic Korsakoff's syndrome vs alcoholics vs normal Ss with mean ages of 58.8 & 54.3 & 56.2 yrs, 12237
motivations & profile of sperm donors & incidence of artificial insemination, France, 1973–78, 2047
motive vs intention in moral choice principle of double effect, 423
need for or expectation of egoistic benefits, longevity of participation, social service volunteers, 2102
neural mechanisms of opiate hedonic effects & role of endogenous opioids, regulation of motivational-affective responses, 16612
neutral instructions vs instructions with negative implications for errors, frequency & detection of reported memory & motor lapses in everyday life, college students, 21732
nonintentional use of psi in parapsychological research, 13427
norm- vs self-referenced feedback, performance expectancies & attribution & motivation, college students, 30825
origins of motivation in psychoanalytic theory, reply to comments by M. F. Basch, 11038
outcome forseeability & motive, attribution of blame for personal injury, 4 yr olds vs adults, 9315
perceived ability, subjective probability in choice behavior, male college students, 25445
personal vs impersonal methods of motivation, recruitment of blood donations, college students, 25426
personality characteristics, drug users, 11979
personality, self initiated competition behavior & physiological fatigue, Type A vs Type B 19–29 yr olds, 12053
phenomenology of M. Merleau-Ponty's view of depth perception, 19217
physical posture following success vs failure, locus of control & motivation & depression, college students, 4074
place of anxiety in interpersonal theory, H. S. Sullivan, comments on article by E. A. Levenson, 13439
power motivation, male vs female college & graduate student leaders vs nonleaders, India, test of affective-arousal models, 5837
power motive & stresses, activation, college & high school students, 12000
previous experience, motivations for & perceptions of recreational participation, novice river float trip recreationists, 8157
prime theory view of motivation & emotion, 29964
psychoanalytic interpretation of motivation in creativity, resolution of inner conflict through literature in works of J. Goethe, 25019
psychoanalytic theory, origins of motivation as developmental, children, 11039
psychological & physical reasons for drinking, male clients in treatment program for driving while intoxicated vs counselors, 31817
psychological prerequisites & motivation, talent development for sports & artistic activity, children, literature review of Czechoslovakian & Soviet authors, 9096
psychology of sunk cost effects, college students, 20101

psychosocial & biological factors, cigarette smoking, 11983
radical paradigm of psychoanalytic psychotherapy, H. S. Sullivan, 13456
rated valence of general goods, college students, implications for structural analysis of motivation based on hierarchies of goal inclusion, 20168
reasons for drinking & customary drinking practices, adults, 17284
reasons for drinking, rural residents aged 65 yrs & older, 22559
referencing dialogs of naturally occurring dyadic conversations, test of component model of relational competence, 14498
relative task ability, relationship between group sex composition & motivation, college students, 12002
reliability & validity of Martin Larson Approval Motivation Scale, assessment of approval motivation, college students, 8419
religious loyalties as behavioral motivations, implications for psychotherapy, 1029
repeated self harm with increasing intent & increasing intent for suicide, self harm patients, 22851
reversal theory of motivation & personality, literature review, 28059
role motivation, managerial promotion rates & choice of managerial career, top level company executives, 29521
role of drive theory in interpersonal theory, H. S. Sullivan, comments on article by E. A. Levenson, 13460
role of drive theory in interpersonal theory, H. S. Sullivan, reply to comments by M. M. Gill & M. D. Mendelson, 13455
role of motivation in treatment, 21–36 yr old military pilots & fertile females & other patients with migraine, 23089
self management training of coping responses & facilitation of motivation, mildly & moderately mentally retarded adults with behavioral/emotional difficulties, 31446
self perception of failure on unsolvable perceptual judgment problems, performance on subsequent similar tasks, college students, 13717
self presentation motive in role play, college students, implications for explanation of good vs evaluation apprehension vs faithful motives, 3991
self ratings of performance & fatigue & motivation, younger vs older army truck drivers who experienced prolonged convoy driving, 21528
self serving bias, attribution theory, 12021
sex differences, motivation to drink, college students, 6597
sex roles & motives for pursuing leisure activities, male vs female 19–72 yr olds, 17377
situation-specific vs transsituational factors of SES & motivational attributes, generation of policy-relevant knowledge, mail survey respondents, 17346
social cognition & goals & mood & expertise & motivated strategies, literature review, 17353
social motives & communication & group size, behavior in N-person multi-stage mixed-motive game, 20117
specificity of goal instruction, motivational control of motor performance on auditory manual RT & visual-manual pursuit tasks, 18–24 yr old males, 11273
standardization of TAT-like pictures, assessment of power motivation, graduate students, India, 5653
tape-recorded message, motivation through conscious dream & development of positive self concept, patients, 28808
techniques for improvement of motivation during individual & group psychotherapy, patients, 1829
temporal structure & motivational basis of intracranial self stimulation in provoked vs spontaneous episodes, adult rats, 19615
theories of F. Stefanescu-Goanga on motivation, 29968
theory of cognitive hedonics, 2765
time as barrier to desired goal, time duration estimations, college students, 373
timing & motivation in career choices, 3rd yr medical residents in pediatrics vs internal medicine vs family practice, 31827
transgression, prosocial behavior, college students, 30832
unconscious motivations & legal responsibility & social order, 3914
validity of M. Fishbein's theory of reasoned action, measurement of motivation in seat-belt usage, college students, 6638
validity of research on motivation to manage, business administration students, reply to criticisms of J. B. Miner et al, 32077

Motivation Training
hypnotic script, motivation for running & exercise, bored & unmotivated human Ss, 23374
metacognitive & cognitive & affective processes & skills, development of intrinsic motivational skills training program in education, 29219

Motor Coordination
alterations in cognitive performance & affect-arousal state during fluctuations in motor function, 39–73 yr old patients wth idiopathic Parkinson's disease, 20489
amount of variability of force applied, control of repetitive cycling movements of legs, humans, 24363
behavioral technology & traditional physical therapy, fine & gross motor incoordination, 8.5 yr old male with spina bifida, 18357
development & reliability of modified Fogs' Test, assessment of overflow movements & behavior problems, 7–11 yr olds with no obvious CNS disease from suburban vs innercity schools, 13608
dopamine depletion produced by 6-hydroxydopamine lesions of caudate-putamen, skilled forepaw use, male rats, 30150
dynamic motor theory & development of coordination of leg movements, infants, 27808
exposure to chloral, motor coordination & body weight & temperature & avoidance learning, mice, 19689
GABAergic agents, motor incoordination & hypothermic effects of acute & chronic ethanol, mice, 30218
information feedback & training, RT on aiming movement task, mentally retarded 21–49 yr olds, 4376
injection of GABA agonist muscimol in somatosensory cortex, control of fine finger movements, monkey, 30240
interactions of ethanol & indomethacin, sleep duration & motor coordination & body temperature, male mice & rats, 24840
learning in water maze & swimming ability & measures of motor coordination & activity & exploration, 3 vs 24 mo old rats, 13741
modification & standardization of scoring procedure, MacQuarrie's steadiness test, college students, 5595
motor behavior & attention, infants born to mothers in methadone maintenance program studied at 4 vs 8 vs 12 mo, longitudinal study, 4322
movement of head & trunk & upper extremities during grasping, 3-mo olds, 843
professional & parental involvement in orientation & mobility training & relationship to other curriculum areas, visually handicapped preschoolers, 29366
sensorimotor mechanisms, coordination & programing of multimovement speech behaviors, 13669
speech-action coordination in hammering board task, 3 vs 4 yr olds, 896
temporal accuracy rhythmic tapping & stepping tasks, mentally retarded 7–19 yr old males, 1608
treatment approach based on relationship between proprioceptive sensations & archaic affectivity & motor coordination, control of praecox psychotic states, infants, 4592
unimanual vs coordinated bimanual finger tapping, motor timing control, 12–13 yr old males with reading disabilities, 25762

Motor Cortex
amphetamine & prior experience in beam walking, recovery of locomotor function, cats with unilateral frontal cortex lesion, 11540
anatomical & physiological organization of nonprimary motor cortex, motor processes, macaques, literature review, 27415
corpus callosum stimulation, activity of precentral neurons in distal limb & proximal limb & trunk representation areas, monkeys performing motor task, 27502
cutaneous stimulation of anterior paw muscle, transcortical reflex generation in same muscle & role of cortical regions 3a & 4, cats with motor epilepsy, 687
dorsal column &/vs sensory cortex lesions, control of voluntary movement, monkeys, 24756
elaboration vs extinction of conditioned defensive response, interaction of pairs of neurons in visual & sensorimotor neocortical areas, rabbits, 22029
electrical stimulation of anteromedial cortex, head orienting behavior, male rats, 22104

electrical stimulation of median nerve at wrist, precentral vs postcentral cortex somatosensory EPs, human Ss, implications for independent generator of pre- & postcentral potentials, conference presentation, 19507
language profiles & computerized tomography anatomy, 38–66 yr olds with transcortical motor aphasia or near-variant, 7048
localization of neurons giving rise to descending fiber systems in sensomotor & orbitofrontal cortex, cats, 606
locomotor deprivation, EPs of sensorimotor & visual cortex under single & paired stimuli, 1 mo old rats, 3300
noradrenaline, development of conditioned responses to sound in neurons of sensorimotor cortex, rabbits, 786
organization of sensorimotor overlap zone & motor cortex, rats, 586
REM sleep, electrical activity of basolateral amygdala & cingulate gyrus & dorsal hippocampus & thalamic nucleus & sensory motor cortex, cats, 19442
small vs large sustained forces vs large phasic forces in plantar vs dorsiflexion directions, motor cortical neuronal activity patterns, monkeys with lesions of thoracic dorsolateral spinal cord, 22032
stimulation of thalamic ventrolateral & cerebellar nucleus, responses of pyramidal cells in layers II–VI of motor cortex, cats, 16717
unit activity of motor cortex during acoustically-signaled reaching, male rats with left vs right forepaw preference, 19523
Motor Development [See Also Psychomotor Development, Speech Development]
age, correlation of sensorimotor & social skills & playfulness, infant marmosets, 484
analysis of Peabody Developmental Motor Scales, children up to 83 mo of age with abnormal gross & fine motor skills, 182
asynchronies in development of manual behavior, infants, literature review, 6303
auditory-visual motor coordination, 2–4 day olds, 22352
concentration & visual perception & motor coordination developmental levels, learning game & accelerated acquisition of perspective-operations, 4–6 yr olds, 25118
description of perceptual-motor development clinic, 4900
development of head & shoulder rotation & air-righting reflex, 5–17 day old vs adult rabbits, 5938
development of motor skills & speech & personality, twins, 13987
development of visually guided hand & finger movements in grasping & reaching, 18 wk olds, 16-wk followup, 3675
developmental norms for locomotor movements, infants, 9226
dextroamphetamine vs scopolamine, ontogeny of rearing, male rats, 24792
domestication, development of wing-flapping rate & lateral flight & wing area & ratio of wing area to body weight, Japanese quail & chickens, 438
framework for analysis of coordinated action system development, literature review, 13652
gross & fine motor development & developmental history, speech-retarded children under 6 yrs of age, 17699
handwriting instruction, preschoolers, 7905
holding & physical contact, gross motor development, infants, 22289
home environment, sensorimotor development, 6.5–24 mo old nonretarded vs Down's syndrome infants, 4374
locomotor deprivation, EPs of sensorimotor & visual cortex under single & paired stimuli, 1 mo old rats, 3300
manipulative inhibition & processing of novel objects during interaction with mother, 9 vs 16 mo olds, 3627
material mastery & symbolic development in construction play, preschool age children, 19933
motor & language & reading development & intelligence & behavioral problems, 7 yr olds with delayed speech development, 6997
motor development, infant Japanese monkeys, 13747
movement of head & trunk & upper extremities during grasping, 3-mo olds, 843
neurodevelopmental treatment & parental involvement & age & IQ, motor development, infants with cerebral palsy & severe motor delays, 1798
organization of spontaneous leg movements, 2–4 wk olds, 884
perceptual & motor trauma, reading readiness, 5.5–7.5 yr olds, Brazil, 5203
perceptual motor development, learning readiness, kindergartners, 26620
potential stimuli as source of movement uncertainty in running task, reaction vs movement time, learning disabled 8 & 10 yr olds, implications for skills teaching, 17667
prenatal exposure to lead, sensory motor & mental development, infants studied at birth, 6-mo longitudinal study, 27560
prenatal morphine exposure, postnatal reflex & motor development & activity & adult activity & analgesia responsiveness & avoidance conditioning, mice, 27571
prevalence & cognitive & neurological & motor & speech & family characteristics, general reading backwardness or reading retardation, 9 yr old males, 6-yr followup, 25760
professional & parental involvement in orientation & mobility training & relationship to other curriculum areas, visually handicapped preschoolers, 29366
rhythms of spontaneous swimming movements & time spent swimming, frogs & aquatic toad embryos, 24525
role of crawling experience & fear, development of visual cliff performance, infants, comments on J. Richards & N. Rader's article, 11720
role of kinesthesis in acquisition & performance of handwriting, 32063
sensory restriction vs motor cortex lesion, relationship of motor development to tactile function & development of tactile discrimination capacity, infant macaques, 24729
strain differences, development of spontaneous body movements, fetuses & newborn mice, 436
syllable babbling, development of lateralized hand performance for reaching for object, infants, extension of work by F. Bresson et al, 25138
therapeutic intervention, motor development, infants & young children with cerebral palsy, literature review, 1785
tilted rotational stimulation, ability to avoid holes in floor, neurological mutant & normal mice, 3344
time pressure & distance, duration & velocity & acceleration & accuracy of movements, 5–9 yr olds vs adults, 11764
tongue dorsum movements during speech, 3.3–11.5 yr olds, 934
visual disability, patterns & level of motor development, young children, 10006
Motor Disorders [See Nervous System Disorders]
Motor Evoked Potentials [See Somatosensory Evoked Potentials]
Motor Neurons
ascending & descending axonal trajectories of excitatory vestibular neurons related to anterior semicircular canal, cats, 24688
clinical pathological findings, presenile dementia with motor neuron disease, adults, Japan, 20564
ethanol, membrane properties & postsynaptic potentials of trigeminal motorneurons during sleep & wakefulness, cats, 16733
floccular influence, excitatory vestibular reflex arc of anterior semicircular canal origin, cats, 24653
free motor activity, activity of neighboring motor cortex neurons, rats, 22036
in situ & isolated nerve cord activity vs body wall movement, intersegmental phase lag, leeches, 11492
levodopa-induced fictive locomotion, synaptic potentials of hindlimb extensor motor neurons, acute vs chronic spinalized cats, 16694
localization of neurons giving rise to descending fiber systems in sensomotor & orbitofrontal cortex, cats, 606
moving source of illumination, organization of functional connectivity between array of visual interneurons & motor neurons in oculomotor reflex pathway, crayfish, 19465
phasic & tonic modulation of impulse rates of gamma motorneurons, locomotion, premammillary decerebrate cats, 24774
residual latency, heterogeneous strain vs 5 strains of inbred mice, 16594
response characteristics & synaptic interactions of receptors & interneurons & motor neurons in visual pathway, nudibranch mollusk, 8784
rhythmical jaw & tongue movements induced by cortical & amygdaloid stimulation, differential activity of hypoglossal motorneurons, adult rats, 19606
role of segmentally originating premotor interneurons in production of nongiant tailflips in escape behavior, crayfish, 24659

strychnine, elimination of alternating spinal motor neuron output during fictive swimming, lampreys, implications for independent oscillator control of alternation & rhythmic output, 552
ultrasound-related & expiration & inspiration unit discharges associated with ultrasonic vocalization, 3307
Motor Pathways [See Efferent Pathways]
Motor Performance [See Also Finger Tapping, Running, Walking]
achievement motivation, motor performance, college students, implications for role of attention, 11266
acute vs chronic mianserine administration, motor performance & open field behavior & body weight & temperature & fertility, rats & mice, 27569
acute vs subacute effects of haloperidol vs chlorpromazine vs clozapine vs chlordiazepoxide, operantly conditioned motor control, male rats, 24832
age & skilled self-paced motor task, amplitude of cortical readiness & motor cortex potentials & P200 & skilled performance positivity, 8–13 yr old males, conference presentation, 19800
age, striatal dopamine receptor density & perceptual motor performance & impact of haloperidol & apomorphine, 6–8 vs 15–18 vs 25 mo old male rats, 3310
aging, performance, track-&-field athletes aged 40 & older, longitudinal study, 22300
amphetamine & prior experience in beam walking, recovery of locomotor function, cats with unilateral frontal cortex lesion, 11540
anticipated videotape replay, state anxiety levels & motor performance, male vs female college students, 5691
assigned vs self selected goals, motor skills performance, 5th graders, 29213
astemizole, allergy symptoms & motor steadiness & coordination & manipulative dexterity, 14–67 yr olds suffering from hay fever, 20904
behavioral management procedures, elective mutism & selective nonresponding behavior, 9.5 yr old male, 26101
bilateral globus pallidus lesions, reaching behavior & limb & body posture, rats, 19644
bimanual motor interactions in rapid pointing movements, college students, 24379
box length & width & frequency & height & body twist in lifting vs lowering task, acceptable weight load & heart rate & oxygen consumption, male college students, 22055
caffeine & inhaled methyl chloride & false performance feedback, attribution of ability & efforts on tasks of coordination & visual vigilance & time discrimination, 18–53 yr olds, 30217
central-peripheralist model, work decrement, 267
choice between movements of identical vs different form with either hand, RT, 22–33 yr olds, 16400
cognitive skills & motor performance & age, motor readiness potentials & reliability of cortical evoked waveforms during voluntary movements, 6–9 vs 10–12 vs 16–19 normal vs 15–21 yr old mentally retarded males, conference presentation, 19869
contextual similarity training & transfer phases of performance, transfer of novel timing, male college students, 11280
deprenyl, cognition & emotion, 58–74 yr olds with Parkinson's disease undergoing long term levodopa treatment, 10298
ethanol & practice vs mental rehearsal over repeated sessions, motor task performance & ethanol tolerance, male 19–25 yr old social drinkers, 27659
fast vs slow movement & altered vs original approach, movement reproduction accuracy, college students, 19173
grade & sex, performance on RT & pursuit rotor & hand tapping & arm-hand steadiness tasks, 1st–6th graders, 944
hand motion variability, spastic 17–20 yr olds vs normal 18–20 yr olds, 12364
high altitude hypoxia, neuropsychological test performance & endocrine reactivity, 20–35 yr olds, 3362
hydroxydopamine (6-) induced cerebellar norepinephrine depletion & impaired acquisition of specific locomotor tasks, rats, 713
information feedback & training, RT on aiming movement task, mentally retarded 21–49 yr olds, 4376
information flow model of musical performance, perception & production & imitation of time ratios, professional musicians, conference presentation, 3033
instructional control, sex-related motor behaviors, masculine males vs females vs feminine males, 17258
integration of speech & motoric behaviors during phases in puzzle solving task, 3.5–5 yr olds, 9185
intelligence test scores & RT & perceptual speed performance, 12 yr olds, 6326
intermittent amphetamine injections & unilateral b-hydroxydopamine lesions of substantia nigra, behavioral sensitization assessed by quantification of rotational behavior, male vs female rats, 30160
kinesthetic perception of distance & location cues & reproduction of movements, visually impaired vs sighted college students, 31265
length of "psych-up" interval & type of "psych-up" techniques, weight training performance, college students, 13232
level of perceptual discrimination & short term memory in repetitive work, tension in neck muscles assessed by EMG & subjective feelings, college students, 13833
minicomputer-administered tasks in study of effects of sustained work periods & fatigue, physical & cognitive task performance, Marine Corps personnel, conference presentation, 94
motor imitation ability & CNS dysfunction, 5.8–10.5 yr old autistic children, 20287
motor performance, male vs female 3rd vs 4th vs 5th graders, 3631
motor programs as independent memory representations, college students, 19172
movement & insertion of objects of different weights with telemanipulator, time course & organization of muscular activity, 29811
movement speed & initial position, movement reproduction accuracy, comments on articles by J. A. Gliner & C. G. Davis, 19181
neuroleptic drugs & kainic acid-induced contralateral caudate ablation of pars reticulata of substantia nigra ipsilateral circling behavior, female rats, 30147
noncontingent verbal praise, performance & integration of circular & linear movements in motor task, 6 vs 11 vs 17 yr old males, 3654
Parkinson's disease, timing of repetitive movements, 44 yr old female, conference presentation, 4536
peak velocity values & timing for preplanned & corrective phases of arm movement in visual display task, adults, 11279
perceived & nonperceived sound stimuli, formation of motor CRs, human Ss, 27411
performance on Bruininks-Oseretsky Test of Motor Proficiency, 15–17 yr olds, 19815
positive vs negative imagery instructions, motor skill accuracy task, college students, 29829
precuing & response specification, discrete finger responses, college students, 13655
presentation of Kanji graphemes for integration, spontaneous Kusho behavior, college students, Japan, 274
probability of event in choice reaction task, weight shift preceding stimulus to facilitate execution & movement time, Ss, implications for sport-like situations, 13654
professional & parental involvement in orientation & mobility training & relationship to other curriculum areas, visually handicapped preschoolers, 29366
psychological & psychosociological factors, optimal physical performance, 16–21 yr old sports performers in training vs sports watchers vs mature performers, 18769
relation of response latency & accuracy to choice in serial task, college students, 11252
shifting aptitude at cognitive & motor levels, 41–71 yr old patients with Parkinson's disease, 20496
single-dose tolerance to diazepam-induced neurologic deficits assessed by rotarod test, male mice, 3453
skill level & relevant vs irrelevant visual cues, performance on golf putting, male college students, 278
sleep deprivation with vs without intermittent exercise, muscular performance, healthy males, 24742
specificity of goal instruction, motivational control of motor performance on auditory manual RT & visual-manual pursuit tasks, 18–24 yr old males, 11273
speed, accuracy in over-arm throwing task, male college students, 11264
step-like tracking task, anticipatory performance, right handed males, 24421

stochastic model for study of timing of skilled performance, 2-handed production of auditorily presented rhythms, musicians, conference presentation, 3034
stress location in series of rhythmic taps, RT & tapping intervals, conference presentation, 3028
swimming vs open field task, recovery rate following unilateral labyrinthectomy vs cerebellectomy, guinea pigs, 27527
teachers' ratings & arithmetic performance & performance on ball-throw task, physically handicapped 10–14 yr olds with internal vs external locus of control, 5339
temperature & wearing of gloves & task characteristics, performance of manual tasks, US marines, 11271
temporal processes in behavior, temporal perceptual & motor patterns, comments on studies by G. E. Stelmach et al & M. R. Jones & A. Semjen & A. M. Wing et al, conference presentation, 3011
timing mechanisms in solo & duet musical performances, pianists, conference presentation, 3029
writing postures, inverted vs noninverted left-handers, 8472
1:1 vs 1:3 instruction, motor performance, multiply handicapped 7–8 yr old students, 2529
Motor Processes [See Also Activity Level, Animal Locomotion, Exercise, Finger Tapping, Motor Coordination, Motor Performance, Motor Skills, Physical Agility, Physical Dexterity, Running, Sucking, Swimming, Tonic Immobility, Walking]
acceleration vs deceleration perturbation, response biasing in production of well-learned discrete timing responses, college students, 11255
acute & chronic electrical stimulation of caudate nucleus head, conditioned postural reorganization, dogs, 22102
acute vs chronic diisopropylfluorophosphate, striatal dopamine metabolism & differential motor behavioral tolerance, rats, 8953
age & dominant vs nondominant hand movement & motor control, cortical motor-readiness potentials, right vs left handed 8–19 yr olds, conference presentation, 19801
age & motor control & mental status & IQ, EEG movement related potentials, 6–12 yr old vs 16–19 yr old normal vs 15–21 yr old mentally retarded males, 25159
age differences, imitation of facial expressions & manual processes, 21–167 day old infants, 9178
alpha-sub-1-adrenoceptor antagonists & endogenous norepinephrine depletion, MK-801 vs amphetamine induced ipsiversive turning, rats, 8991
amines & role of catecholamine depletion & accumulation, motor performance & food & water intake, male rats, 27413
anatomical & physiological organization of nonprimary motor cortex, motor processes, macaques, literature review, 27415
apomorphine & substantia nigra vs entopeduncular nucleus lesions, circling behavior & sensitivity of striatal dopamine receptors, female rats, 24818
apomorphine, central pattern generator for rhythmical jaw movements, guinea pigs, 19660
apomorphine, forepaw use & rotational behavior, male rats with unilateral medial forebrain bundle lesions, 22129
apomorphine vs bromocriptine vs GYKI-32887 into nucleus accumbens, locomotor activity, male rats, 6138
asymmetry of motor function of forelimbs, cats, 16625
ballistic arm movements, first agonist EMG burst, 28–36 yr olds, 13790
behavioral correlates of basal ganglia neuronal activity, literature review, 27344
bilateral symmetric rapid elbow flexions vs extensions while standing free vs strapped to wall, EMG measures of postural adjustment, 25–65 yr olds, 24700
biomechanical & EMG analysis, motor patterns for gait, Ss with mean ages of 25.6 & 22.2 yrs, 630
carbamylcholine chloride microinjection into rostral pontine tegmentum, somatomotor & sympathetic visceromotor & nociceptive somatosensory function, cats, 3465
central-peripheralist model, work decrement, 267
chewing movements & cycles, 4 & 5 yr olds with Down's syndrome, 22890
choice RT task, mental representation of movement sequences, college students, test of motor-program editor model vs hierarchical decisions model of motor control, 16402
circadian variation in spontaneous yawning behavior, rats, 24564
classical discrimination conditioning of heart rate & respiratory-motor activity, newborn & neonatal goats, 8624
classification of manipulative hand & digital patterns, 13651
clenbuterol vs isoproterenol vs salbutamol, stimulation of beta-adrenergic receptors & spontaneous motor activity, male mice, 24838
cognitive motor activity operations during keyboard task, heart rate, high- vs low-anxiety 18–55 yr olds, 644
combinations of standing vs sitting vs using 1 vs 2 legs while being auditorily cued vs self paced, maximal stepping frequencies, 21–36 yr olds, 16395
conditioned transformation of unconditioned limb flexion into extension, dogs, 21918
congener content of alcoholic beverages, hypothermia & motor impairment, female rats, 13920
cortical field potentials preceding visually-initiated & self paced hand movements, monkeys, 16623
CS during acquisition of defensive reflex, changes in motor activity, rabbits, 3188
current photographic techniques in measurement of motion in sports, 18876
delta-aminolaevulinic acid, nociception & CNS excitability & motor coordination & grip & blood pressure & heart rate & median effective dose for noradrenaline & acetylcholine & isoprenaline, mice & rats, 6112
delta-1-tetrahydrocannabinol vs cannabidiol, acute open field behavioral responses, male rats, 30274
development of sensor pegboard test, evaluation of upper-limb function, 22–65 yr olds, 29820
development of spatial-movement concepts, multiply handicapped 5–21 yr olds, 4104
dextroamphetamine, learning of turning behavior in same vs opposite direction, rats, 19677
dextroamphetamine, locomotion & rearing & head movements & sniffing & catalepsy, rats pretreated with haloperidol &/or ascorbic acid, implications for action of antipsychotic drugs, 27633
dextroamphetamine sulfate dosage, spontaneous motor activity, male pigeons, 24849
diagnostic method based on deviations in facial expression & motor functions, psychiatric disturbances, children, 20207
direction & duration programing of discrete sliding movement, 18–25 yr olds, 11275
dopamine administered to dorsal caudate nucleus, motor disturbances in tonic phase of instrumental conditioning & initial level of motivation, cats, 30197
dosages of arginine-8-vasopressin injections into cerebral ventricles, barrel rotations & other behavioral effects, male rats, 30205
dyadic interaction & infant behavior at 4 mo, infants born to mothers in methadone maintenance program, 4-mo longitudinal study, 4280
ecological model for detection & management of mobility problems, elderly, 28555
EEG & videotaping, evaluation of localizing significance of head turning as 1st sign of epileptic seizures, 12–46 yr old patients, 14971
electrical stimulation of bulbar reticular formation vs prefrontal cortex, skeletal activity & behavioral inhibition, rats, 3381
electrical stimulation of globus pallidus area, basal ganglia activity & arm movement RT, adolescent male monkeys, 24753
electrical stimulation of hippocampal perforant path, shaking behavior, rats, 19604
electrical stimulation of hypothalamic structures, paw tapping, rabbits, 3370
electrical stimulation of pons, rotational behavior, male rats, 690
EMG analysis of neuromotor programs underlying control of rapid sequential limb movements, right handed females, 24634
enkephalin-like tetrapeptide, change in motor activity, rats, 3469
environmental stimulation, frequency of head shaking, White Leghorn hens selected for high- vs low-antibody titers to sheep erythrocyte antigens, 5956
ethanol, narcosis & hypothermia, alcohol-tolerant vs alcohol-nontolerant rats selectively bred for differential ethanol-induced motor impairment, 11585
executive activity during toy construction task, educable mentally retarded adults, 25721

eye movements & body acceleration, hippocampal EEG, cats, 13789
fatigue & task repetition, surface EMG during isometric motor control task, 22–39 yr olds, 19548
firing repertoires of hippocampal theta cells during voluntary vs automatic motor behaviors & alert immobility, rabbits, 8754
food or nonfood presentation vs barpressing vs food acquisition & ingestion stages of operant feeding task, electrical activity of neurons in globus pallidus, monkeys, 30091
free motor activity, activity of neighboring motor cortex neurons, rats, 22036
functional role of neuronal activity of supplementary motor area, primates, 19527
functional specialization of premotor cortex, motor control, primates, literature review, 27414
GABA agonist microinjection into pedunculopontine nucleus & nigrotegmental lesions, postural bias & circling behavior, male rats, 8878
GABA vs muscimol vs picrotoxin vs bicuculline into superior colliculus, circling & asymmetry, male rats, 30233
GABAmimetic vs cholinergic agonist pilocarpine, inhibition of apomorphine-induced circling, male rats with unilateral substantia nigra dopamine depletion, 24869
goal directed & imposed limb movements, activity of neurons of caudate nucleus, cats, 8762
gross motor movement facilitation devices, mobility, severely mentally retarded & visually impaired 10–12 yr olds with cerebral palsy, 18364
group housing vs social isolation, behavioral reactions to apomorphine & amphetamine, male mice, 24745
haloperidol & metoclopramide vs clozapine & sulpiride & stimulation of putamen & caudate nucleus, head-turning, cats, 30143
haloperidol vs clozapine, horizontal component of amphetamine head-turning stereotypy, cats, 30304
haloperidol with & without drug-free intervals, oral movement, female rats, implications for time-course of neuroleptic-induced tardive dyskinesia, 790
hand behaviors during crisis situation of childbirth, 17–34 yr old primigravida & multigravida Ss from different ethnic groups, 23425
harmaline, conditioned nicitating membrane responses, rabbits, 24955
hemispheric asymmetry of movement-related potentials preceding foot vs finger movement, right handed 18–26 yr olds, 13793
hemispheric interference in button tapping & speech tasks, 6.5–17.9 yr olds who stutter, 31109
human pancreatic growth-hormone releasing factor, growth hormone secretion & plasma glucose concentrations & behavioral & motor effects, rats, implications for neurotransmitter & neuromodulatory functions, 24949
imagination of skeletal movement, automatic occurrence of movement, hypnotized Ss, 3131
immersion in water at different temperature, visual & motor responses, 27–30 yr old males, 19580
in situ & isolated nerve cord activity vs body wall movement, intersegmental phase lag, leeches, 11492
index finger positioning movements, somatosensory EPs & EMG responses, 27–56 yr old right handed males, 30071
interval length of FI food schedules with candy reinforcers, drinking & gross & fine body movement & grooming, female 4 yr old identical twins, 19814
intracaudate injections of haloperidol vs apomorphine, switching motor patterns with vs without exteroceptive stimuli, cats, implications for treatment of basal ganglia disorders, 30248
intracortical microstimulation, motor responses of single vibrissae & facial muscles, rabbits, 3375
intrastriatal dopamine vs amphetamine, contralateral postural deviation & rotation during estrous cycle, rats, 8978
ipsilateral motor & symbolic/language skills, left hemisphere damaged Ss with no vs mild vs moderate-severe limb apraxia, 17740
ipsilateral substantia nigra dopamine depletion, contraversive rotational behavior induced by lateral hypothalamic electrical stimulation, male rats, 27461
ipsilateral vs contralateral finger vs foot flexions, amplitude of cortical readiness potentials, 18–26 yr olds, conference presentation, 19441
ischemic focal brain lesions, choreic movements, 61 yr old male patient with Huntington's disease, 28399
kainic acid induced lesions in globus pallidus, arm movement RT, adolescent male monkeys, 24765
kinesthetic &/vs visual presentation of 2-dimensional patterns, kinesthetic reproduction of patterns, right-handed college students, 8467
lesions of ventral tegmental area & grafts of dopamine-rich tissue reinnervating nucleus accumbens vs medial prefrontal cortex, amphetamine-induced & spontaneous motor activity, female rats, 22076
levo-Tyrosyl-levo-Arginine vs kyotorphin analog vs met-enkephalin injections into substantia nigra, ipsilateral rotation behavior, male rats, implications for in-vivo effects independent of met-enkephalin, 27557
levodopa or bromocriptine, motor behavior & body weight & food intake, rats with bilateral globus pallidus lesions, test of metabolic vs motor deficit hypothesis, 22084
long term diazepam & meprobamate abuse, cognitive & memory & motor function deficits, 53 yr old male, 1509
long term lithium & rubidium & cesium ion treatment, motor activity, rats pretreated with pargyline, 16779
low dosages of apomorphine, desensitization of dopamine autoreceptors & rebound hypersensitivity, rats, 11609
maternal methadone maintenance & age, motor & state functioning, infants observed at 1 day & 1 mo of age, 6308
measure of constructional paraxis & performance of upper extremity dressing task, 36–74 yr olds who had sustained recent cerebrovascular accident with damage to 1 hemisphere, 25850
medical & psychiatric issues involved in evaluation of falling, elderly patients, 25992
morphine vs levorphanol vs dextrorphan vs naloxone, explosive motor behavior & rigidity, tree frogs, 24912
morphine vs phencyclidine vs nicotine administration, spontaneous motor activity as measured by automated vs direct observation, male rats, 24851
motor programing & temporal sequences in handwriting, college students, conference presentation, 3032
motor task velocity, premotor RT, adults, implications for response programing, 11274
motoric levels of subsidary task & levels of memory load, immediate memory performance, 14–20 yr old male industrial school students, 16473
movement & motor control-related brain potentials, conference presentation, 19451
movement of visual stimulus below forearm, illusory sensation of movement & motor effects, adults, 323
movement probability, advanced programing of movements, Ss with mean age of 22.6 yrs, 280
need for speed of response & choice vs no choice of which limb to use, RT & response delay, right handed college students, 24376
neurophysiology of cerebral cortex governing motor activities, 16647
number of movements & practice & rehearsal, incidental vs intentional psychomotor learning, college students, 11257
olfactory bulbectomy, reflexive biting & locomotor activity & serotonin levels in olfactory tubercle & lateral olfactory tract & piriform cortex & nucleus accumbens & anterior olfactory nucleus, male mice, 3385
pergolide, motor activity, rats, 3463
phenylpropanolamine &/vs diazepam, psychomotor & physiological parameters, healthy Ss, 19710
playing of note vs melody, readiness cortical potential amplitude & latency, right handed female pianists, conference presentation, 19484
positioning-movement task & sensory modality of delayed knowledge of results, hemispheric asymmetries in contingent negative variation, right handed males, conference presentation, 19468
positioning task with vs without verbal label, motor short term memory, college students, 406
predictive motor strategy, tracking errors, 36–81 yr old Parkinson's disease patients, 28420

pretreatment with sodium valproate or ethanolamine sulphate & microinjection of tetanus toxin into nucleus mesencephalicus profundus, GABAergic mechanisms, fowls, 744
process of object prehension using arms & hands, squirrel monkeys, 8595
P3 component of EP as time marker of duration of perceptual & cognitive processes in RT task, 18–31 yr olds, 11491
radio-frequency lesions or 6-hydroxydopamine injections into far-lateral hypothalamus & substantia nigra, feeding behavior & motor activity, cats, 11567
recording of temporal sequence of neuronal & muscular activities in orolingual region, feeding behavior, free-moving toads, 16565
repetition of moving visual stimulus, differential sensitization & habituation of elicited cardiac disturbance & motor response, blowflies, 6027
revitalization of AA & ANA lines, ethanol consumption & righting reflex & motor impairment & open field behavior & blood acetaldehyde during ethanol metabolism, rats of AA & ANA lines, 11460
rhythmical jaw & tongue movements induced by cortical & amygdaloid stimulation, differential activity of hypoglossal motorneurons, adult rats, 19606
role of clasping behavior in social system, free ranging vs caged groups of Macaca tonkeana, 5943
role of EMG biofeedback in motor learning, literature review, 31459
role of locomotion in development of sense of identity, adolescents & children, 27862
role of segmentally originating premotor interneurons in production of nongiant tailflips in escape behavior, crayfish, 24659
scopolamine vs N-methyl-4-piperidinol benzylate vs tropine, memory & motor activity, rats, 9032
secondary motor task, interference with kinematic vs motor memory components, college students, 27099
self produced movement vs visual tracking, locations of hidden objects, infants trained at 12 vs 18 mo to find object, 3615
sensory feedback, control of movement, animals & humans, 13805
sleep & temperature & motor & cognitive performance & perception of depth of sleep, 22–44 yr old insomniacs, 17781
somesthetic stimulation of same vs opposite sides of body, RTs of voluntary movements, 22–35 yr olds, 13813
spontaneous & dopaminergic-induced yawning & penile erections, male rats, 30243
spontaneous hand movements during verbal vs nonverbal block assembly tasks, right handed college students, 5818
spontaneous writing-like behavior & finger movement, 7–12 yr olds, Japan, 862
stereoscopic vision during continuous head motion, naive Os, 29864
stimulation of dorsal hippocampus with carbachol & dioxolane vs electricity, head-eye-body turning, cats, 19707
stimulus-response compatability, choice RT performance & role of motor programing of manual responses, college students, 19176
time pressure & distance, duration & velocity & acceleration & accuracy of movements, 5–9 yr olds vs adults, 11764
timing of transportation vs manipulation components & visual feedback, prehension movements, right handed Ss, 24368
tone presented to left vs right ear, RT in wheel rotation response, adults, implications for Simon effect, 264
tongue movements during eating, 4 & 5 yr olds with Down's syndrome, 22889
unexpected constant force load on jaw during upward jaw motion, compensatory articulatory patterns specific to utterance produced, adults, 27687
unilateral neck deafferentation, posturo-kinetic limb responses to cortical stimulation, cats, 11538
unit activity of motor cortex during acoustically-signaled reaching, male rats with left vs right forepaw preference, 19523
velocity of conscious vs subconscious arm movement, college students, implications for application of signal detection theory, 8469
verbal mediation of impulsive responses, kindergarten students & 1st graders, 11722
view vs trace vs imagine tracing pictorial stimuli, recognition & memory of activity, college students, 29942
visual imagery ability, recall of modeled motoric stimuli varying in complexity & orientation, college students, 13703
voluntary contractions of eyelid or forearm muscle in RT task, excitability of cutaneous eyeblink reflex, right handed 17–39 yr olds, 27397
voluntary manual tracking, anticipatory activity of limbic & frontal cortex as measured by readiness potential & conditioned premovement positivity & directed attention & relaxation potentials, right handed Ss, conference presentation, 19450
voluntary positioning movement task, event-related changes of beta EEG rhythm, right handed males, conference presentation, 19504
writinglike finger movements while reading Kanji graphemes, similar movements performing English work tasks, Japanese vs Chinese vs non-Kanji culture college students, Japan, 16404

Motor Skill Learning [See Perceptual Motor Learning]

Motor Skills
adequacy of M. Annett's right-shift model of skill asymmetry & genetics of handedness, 30085
age & typing skill, time & accuracy of keystrokes, 19–72 yr old typists, 16403
age, RT for aimed hand movements, criticism of D. D. Larish & G. E. Stelmach's study, implications for motor preparation, 888
amount & variability of practice, transfer to nonpracticed similar tasks, 18–30 yr old right handed males trained in open- vs closed-skill situations, 16406
assigned vs self selected goals, motor skills performance, 5th graders, 29213
body image perception & motor skills, mentally retarded males vs females, 22883
examination of M. Annett's right-shift theory of handedness & superiority of symmetric bimodal model of handedness, reply to comments by I. C. McManus, 30045
fine motor skills, 4 yr olds identified as right vs left handed vs lacking hand preference, educational implications, 16992
head control & locomotor ability, athetoid 3.5–7 yr olds, 9982
high vs low performance on rotor pursuit motor skills task, ability to change heart rates, male college students, 24703
homogeneous vs heterogeneous pairing of students with different levels of academic achievement, mastery of stressful motor task, male students in military paramedical training, 32049
instructional technique for increasing independent mobility skills, nonambulatory profoundly mentally retarded 22 yr old female with Hunter-Hurlers syndrome, 28975
matching of length of lines within & between modalities of vision & kinesthesis, 5–6 yr olds vs 9–10 yr olds, 920
motor & sensory & concept skills, orientation & mobility skills, mentally retarded visually impaired 5.2–13.8 yr olds, 4368
occupational &/or physical therapy intervention, children with cerebral palsy, literature review, 1952–82, 5013
phasing vs duration training & time, motor learning of sequential task, 18–35 yr olds, 24373
positive vs negative imagery instructions, motor skill accuracy task, college students, 29829
program guide for senior health care centers, development & redevelopment of motor skills & cognitive functioning, aged, 26374
promotion of bilateral hand use in daily activity, children with mild hemiplegia, 2191
re-scaleability of force & time in aiming movements, 20–31 yr old males, 11219
relationship between scores on sensorimotor integration & tactile sensitivity & gross motor skills tests, preschool age children with vs without mild developmental delays, 8406
right-shift theory of handedness, reply to comments by M. Annett, 30084
temporal accuracy rhythmic tapping & stepping tasks, mentally retarded 7–19 yr old males, 1608
therapeutic methods using facilitation vs inhibition, dysfunctional patterns of movement, 3 & 14 & 15 yr olds with multiple handicaps in educational setting, 21400
variability of lower lip & jaw movements, 4 vs 7 vs 10 yr olds vs graduate students, implications for development of speech motor skill, 19857

Motor Traffic Accidents
accidental death & disability, India, 10913
alcohol consumption & gender differences, adult vehicular occupants injured in crashes, 9481

behavioral threat-avoidance model of driving behavior, 13235
biorhythms, traffic accidents & intellectual performance, drivers & students, 22052
British Road Safety Act of 1967, drunk driving & highway casualities, Great Britain, reply to comments by J. Cohen, 6551
British Road Safety Act of 1967, highway casualties & drunk driving, Great Britain, 6550
California driving-under-the-influence law of 1981, alcohol related accidents in 1982, drunk drivers, 31018
car size vs driving behavior or other factors, accident injury probability, 32211
data from 1977 National Personal Transportation Survey & Fatal Accident Reporting System, assessment of nighttime driving & fatal crash involvement, adolescents, 23941
death of young adult children in traffic accidents, bereavement, midlife parents, 1090
development of distorted body image & anorexia nervosa following car accident-related physical injuries, 17 & 23 & 29 yr old White females, 17724
driving behavior & history & traffic conflicts, probability of accident, 32217
drunk-driving enforcement program, deterrence & traffic accident reductions, US, 6557
drunk driving legislation & deterioration of deterrence effects, 6559
drunk driving legislation, deterrence, comments on papers by H. Votey & L. Phillips et al, 6535
economic conditions, alcohol consumption & impaired driving & motor vehicle crashes, 28015
evaluation of Alcohol Reexamination Program, drivers with 2 major traffic offenses, 18766
film portrayal of graphic documentary scenes of automobile accident victims & autopsy, emotional & motivational states & motor skills, college students, 21524
human factors in traffic safety, literature review, 13237
incidence & recidivism, alcohol-related traffic convictions & accident involvement, 5431
ingestion of alcohol & benzodiazepines, alertness & risk of automobile accidents, drivers, 10249
intervention program, prevention of drunk driving, servers of alcoholic beverages, 29478
laws increasing penalties for driving while intoxicated, accidents causing injuries or death, drunk drivers, France, 30704
legislation raising legal drinking age from 18–20, drinking & driving & nonfatal vs fatal accidents, 16 & 17 yr olds, US, 27878
level of unsafe driving behavior & severity of accident outcome, attribution of responsibility for alcohol-related near-miss accidents, male college students, 1247
mandatory car passenger restraint law, number of injuries, children, US, 1978–83, 22537
mandatory seat belt use laws, seat belt use & fatality & injury rates, drivers, Canada, 21532
need for mental health assessment & counseling, victims of automobile accidents, 31293
need for reevaluation & more research on drinking-driving accident environmental countermeasures, 32221
past traffic offenses as predictor of future driving behavior, selection for driver improvement program, drivers, 2608
police accident reports vs hospital emergency room monitoring service records, extent of motor vehicle occupant injuries, children, 23924
police data on fatal automobile crashes, India, 23935
posted feedback & warning ticket programs, speeding & motor traffic accidents, Canada & Israel, 23940
psychological characteristics, males who had been convicted of driving-while-intoxicated offense with vs without involvement in automobile accidents, 25656
roles of psychopathology & personality characteristics in traffic accidents, literature review, 22786
safety measures, highway accidents & fatalities, 32219
saturation law enforcement package designed by R. Van Houten & P. A. Nau, speeding behavior & accidents, motorists, Israel, 18771
selective traffic enforcement programs, seat belt use & motor vehicle accident casualties, drivers, Canada, 23929
stop vs yield signs, associated accident rates & effect of traffic control on safety of hazardous urban intersections, Israel, 23939
traffic accident trends, Libya vs other industrialized & developing countries, 1966–1980, 10912
traffic accidents, psychological trauma & educational problems, 10 & 14 yr old male & female, 30971
traffic fatalities, US, 1981 vs 1982, 10908
Motor Vehicles [See Also Automobiles]
customer assistance via telephone hotlines & efforts to improve consumer satisfaction, General Motors Corporation, 13390
experiences & rituals, adolescent motorcycle group members, 3733
Motorcycles [See Motor Vehicles]
Mourning [See Grief]
Mouth (Anatomy)
haloperidol with & without drug-free intervals, oral movement, female rats, implications for time-course of neuroleptic-induced tardive dyskinesia, 790
mouth asymmetry & left hemisphere control of articulation, response to comments by J. C. Hagen & R. S. van Gelder, 30068
mouth asymmetry during speech, comments on report by R. Graves et al, 30072
mouth vs mouth/pharyngeal vs upper & lower airway anesthesia with lidocaine, cigarette craving & smoking satisfaction, pack-a-day cigarette smokers with mean age of 31 yrs, 11616
psychiatric & psychosocial & endocrine correlates of acute necrotizing ulcerative gingivitis, 14–33 yr old patients, 12337
psychosomatic nature of oral-alimentary behavior, college students, 31250
Movement Disorders [See Also Apraxia, Ataxia, Athetosis, Catalepsy, Cataplexy, Dyskinesia, Myasthenia Gravis, Myoclonia, Paralysis, Spasms, Tics, Torticollis, Tremor]
calcium channel blockers, treatment of neuropsychiatric syndromes due to neurotransmitter excess, 10271
clonidine, akathisia induced by neuroleptic drug therapy, 18–68 yr old psychiatric patients, 28807
haloperidol & pimozide & tiapride, hyperkinesia & motor performance, 31–59 yr old patients with Huntington's chorea, 20907
locomotion abnormalities, rats with striatal lesions, implications for animal models for human extrapyramidal disorders, 6056
movement disorder, 27 yr old male with 15 yr history of glue sniffing, 25610
neuroleptic drug therapy, movement disorders, 23367
neuroleptic drugs, induction of tardive dyskinesia & other movement disorders, handicapped children & youth, literature review, 7435
neuroleptic treatment, extrapyramidal symptoms & serum calcium levels, 21–73 yr old psychiatric patients, 26161
opioids, tardive dyskinesia, outpatients in methadone maintenance clinic, 26165
Movement Perception [See Motion Perception]
Movies [See Motion Pictures (Entertainment)]
Multidimensional Scaling
analysis & synthesis of methods for quantification of categorical multivariate data, 24350
bootstrap & jackknife techniques, estimation of ellipsoidal confidence regions of group stimulus points for INDSCAL, 13644
chance baselines for INDSCAL's goodness-of-fit index, 29788
computer software, data acquisition for multidimensional scaling analysis, 2779
data transformation method based on multidimensional scaling techniques, analysis of family interaction observations, 232
discussion of monotonicity hypothesis in multidimensional scaling, 16387
dual scaling method for successive categories data, comments on S. Nishisato's method, 13632
eij-type quantification, development of multidimensional scaling method, 2982
factor & smallest space analyses of Bem Sex Role Inventory, assessment of masculinity & femininity, ethnically diverse college students, 1306
factor analysis & reliability & validity of Multiscore Depression Inventory & its subscales, assessment of severity of depression, college students & adolescents, 8393
factor analysis of Loneliness Rating Scale, assessment of loneliness, 11–72 yr olds, 8431
multidimensional ratings of pain experiences, 18–33 yr olds, 21822

multidimensional scaling, discrimination of distinctive features of lower case letters, 3rd–4th graders with good vs poor spelling ability, 909
multidimensional scaling, measurement of occupational attitudes & preferences, postgraduates & 9th & 11th graders, 21503
multidimensional scaling method of analysis of intelligence structure, mentally retarded, 21804
multidimensional scaling of behavior of stress & alienation for a fixed configuration with fixed orientation using Minkowski metrics, 16377
multidimensional scaling of classical music perception, female students of music & other disciplines, 11309
multidimensional scaling, similarity ratings of commercial electronic video games, male college students, implications for measurement of cognitive complexity & design of computer-based training devices, 13341
multidimensional scaling vs components analysis, test intercorrelations, 11211
multidimensionally-rated similarity of emotionally-expressive facial stimuli, 4–5 yr olds vs college students, 22395
nearest neighbor analysis of point proximity data, statistical evaluation of geometric models & application to multidimensional scaling, 21816
optimal scaling in an invariant matrix, 11231
principal right eigenvector method of scaling hierarchical dominance matrix, 27068
pros & cons of spatial & cluster analysis & row-column models of sociometric analysis, 19144
realizable biorders & biorder dimension of relation in multidimensional scaling, 19125
simulation & evaluation of centrality in nearest neighbor analysis of point proximity data using small to moderate number of dimensions & points, 21801
solution to minimization problem in multidimensional scaling, 2968
upper bounds for J. B. Kruskal's stress formulas, 2963
use of multidimensional scaling technique INDSCAL as exploratory procedure to determine organizaton of memory structure for relationship among different environmental stresses, adults, 29950
varimax rotation as diagonalizing symmetric matrices in multidimensional scaling, 2991
Multidisciplinary Research [See Interdisciplinary Research]
Multidisciplinary Treatment Approach [See Interdisciplinary Treatment Approach]
Multilingualism [See Also Bilingualism]
choice of Cantonese or English or Mandarin by E, ethnic affirmation & perception of E, Chinese trilingual college students, Hong Kong, 30581
language, choice of TV program, French vs Dutch vs bilingual speakers, Belgium, 9043
language mixing & spontaneous translation, polyglot aphasics, literature review, 1704
meaning of numbers vs words, multilingual speakers, implications for psychological semantics, 9058
prestige status & functional role & medium of instruction of foreign language, transfer in foreign language learning, 24986
Multiple Births [See Heterozygotic Twins, Monozygotic Twins, Triplets, Twins]
Multiple Choice (Testing Method)
analysis of hesitation in test responses, assessment of weaknesses & measurement of academic achievement, students, 8128
closed vs open-ended assessment procedures, transformational vs reproductive vs skimming approaches to learning, student teachers, Australia, 32202
comparative reliability of completion vs matching vs multiple choice test formats, college students, 15991
construction of machine-scored social studies examinations & multiple true–false vs complex multiple-choice formats, students, 16242
development & reliability & concurrent validity of group maze test with multiple choice answers, college students & applicants, 2930
difficulty & discriminative properties of multiple choice test items, applicants to law & business schools, 15938
easy item placement in beginning of test, performance, college students, implications for optimal item arrangement, 32196
extension of appropriateness measurement methods to situations of moderately high nonresponse rate, 24320
gap coefficient & inversion rate as penalty marks, performance on multiple choice questions in competitive examinations, 26971
growth of testing programs & multiple choice tests, teaching & learning, 5376
humorous multiple-choice items, test performance, male & female introductory psychology students, 32195
item answering strategies & decision making skills, mastery of multiple-choice items, 21779
language difficulty & option convergence, multiple-choice item difficulty, college students, 5381
multiple-choice vs completion format of mathematical word problems, item reliabilities & difficulties, 8453
multivariate logistic response model, multiple choice items, 13640
optimal number of alternatives on multiple choice tests, 21751
parallel multiple-choice vs matching tests, assessment of student knowledge & test anxiety reduction, high school students, 13222
question structure & sequence of items of different difficulty, performance on multiple choice chemistry test, 5th graders, 26697
relevant grammatical cues in multiple-choice test items, sensitivity for item performance, students, 2938
sequence of item difficulty on multiple-choice chemistry test, test performance, 16–19 yr old students, 8113
standard 2-choice vs 6-choice version of Personal Orientation Inventory, college students, 19105
test item writing techniques for instructional texts, 13549
test-retest reliability of ideal multiple choice test, 219
two- vs multiple-choice response format, structure & scoring of Buss-Durkee Hostility Inventory, college students, 29780
Multiple Personality
childhood multiple personality disorder, 8–12 yr old males, 4188
co-consciousness in hypnosis & multiple personality & normalcy, 11393
conversion from sustained intoxication to sustained sobriety, alcoholics, implications for multiple personality, 4205
danger of violence & sexual seduction during treatment of multiple personality disorder, therapists, 4593
development of multiple personality as defense against real or fantasized death threat, 9684
developmental antecedents, multiple personality, implications for hypnosis, 17476
diagnosis & etiology & treatment, multiple personality, 27 & 29 yr old females, 17484
diagnosis & treatment of multiple personality concurrent with psychosis, 39 yr old female with history of psychiatric admissions, 31295
diagnosis of borderline personality disorder, patients & relatives with confirmed diagnoses of multiple personality disorder, 4181
diagnosis of multiple personality, death penalty implications, 17425
diagnosis of multiple personality vs sociopathy, case of K. Bianchi, 17579
diagnostic difficulties, multiple personality disorder, 17570
differential diagnosis, multiple personality vs sociopathy, case of K. Bianchi, legal implications, 17538
differential diagnosis of multiple personality disorder, 4149
electrodermal responses, patient with multiple personality disorder, 4138
etiology of multiple personality disorder, 26–47 yr olds, 4255
etiology of multiple personality in child abuse, 4272
hypnosis & psychotherapy, visual EPs, females with multiple personality, 12670
hypnosis as cause vs treatment, multiple personality, 18160
hypnosis, recovery of repressed & hidden memories, multiple personalities, 18161
hypnosis, treatment of multiple personality, adults, 12669
hypnosis, 27 yr old female with 5 personality alternates, 12673
hypnotherapeutic crisis intervention, patients with multiple personality, 12676
hypnotherapy, multiple personality, 22 yr old male & 24 yr old female, 18163
hypnotherapy, multiple personality, 28 yr old female, 18167
hypnotic intervention, multiple personality, 12675
inadvertent suggestions of hypnotist, complications in use of multiple personality as legal defense, 1094

incest experience, 14.5 yr old female with multiple personality, etiological implications, 28166
multiple personality as special instance of borderline personality disorder, 39 yr old female, 4147
multiple personality disorder, 40 yr old male & 30 & 40 yr old female inpatients, 6836
multiple personality syndrome as posttraumatic stress disorder, 35 yr old male US Army veteran & 18 yr old female, 4253
prevalence of multiple personality & hypnotic susceptibility, psychiatric in- & outpatients, 14636
psychophysiological differences between alternate personalities in multiple personality disorder, 4226
psychophysiological phenomena in multiple personality vs hypnosis, 12671
rape & masochistic personality & post-traumatic stress disorder, females with multiple personalities, implications for group & individual therapy, 25521
regional cerebral blood flow, 31 yr old female with multiple personality, 20306
role of "double" in psychiatric syndromes & artistry, female artist who developed "double" at 10 yrs of age, 4248
roles of "executive" & "destabilizer" in functioning of personality & cognition & treatment strategies for multiple personality disorder, 37 yr old female, 26006
self hypnosis as mechanism of multiple personality, 12135
spontaneous self hypnosis in multiple personality disorder, 4133
structural features of Rorschach materials, 3 persons with multiple personalities, 28221
theory of dissociation & multiple personality disorder, 4137
treatment, multiple personality disorder, 8–69 yr old patients, 4568

Multiple Regression
analytic procedure, test of homogeneity of correlated unstandardized regression weight vectors, 11222
ANOVA vs MANOVA vs multiple regressions vs canonical correlations, prediction of GPA & attrition/persistence, college freshmen, 8123
application of multiple regression technique developed by K. O. Mason et al to data collected from cohort-sequential design, 13638
calculation of semipartial correlations in regression analysis, 2957
establishment of minimum sample size requirements for calculating prediction equations for GPA, college students, 13221
FORTRAN IV computer program, provision of causal modeler with standard errors of indirect effects for recursive causal models, 19014
method & application of ridge regression, 229
methodology & assumptions of discriminant function analysis as form of multiple regression analysis, implications for use in neuropsychological research, 24324
methodology for using linear equality restrictions in regression & loglinear models, 11237
multiple regression analysis as procedure for evaluation of child treatment programs, 31322
multiple regression analysis, development of involvement scale & prediction of academic achievement, 206
multiple regression analysis, Myers-Briggs Type Indicator-Form G, college students, 16367
multiple regression analysis of aggregate data, etiology of schizophrenia, 1st-admission patients of public institutions in Wisconsin, 1978, 14653
multiple regression approach, exclusion of halo variance in rating scales, criticism of study by F. J. Landy et al, 29792
multiple regression with linear inequality constraints, 24333
multiple within-groups analysis & product-term regression analysis, estimation of main & interactive effects of stress & social support & coping, 5672
ratings of desirability outcomes & multiple regression & cluster analysis, assessment of social values, 6–10 yr olds & college students, 27857
regression weights approach to definition of suppression situations for general linear model, 27085
use of statistical procedures for relating to reference group, determination of significant differences between various teaching methods, 13218
utility of structure coefficients for interpretation of contribution of correlated predictor variables in regression analysis, 27084

Multiple Sclerosis
age & duration of disease & degree of disability, body image & depression & locus of control, 22–72 yr old multiple sclerosis outpatients, 31167
auditory deficits, multiple sclerosis patients, literature review, 4492
behavioral disorders, patients with multiple sclerosis vs temporal lobe epilepsy vs amyotrophic lateral sclerosis, 9999
cerebral oxygen utilization & cognitive function & presence of cerebral atrophy, 17–53 yr old multiple sclerosis patients, 25787
cognitive behavior therapy, treatment of depression, 26–61 yr old patients with multiple sclerosis, 28723
decrease in auditory sensitivity to frequency shifts, 18–60 yr olds with multiple sclerosis, 7109
demyelination, pure tone auditory thresholds, male vs female multiple sclerosis & neurological patients with mean age of 29 yrs, 7036
evaluations & reliability & validity of Incapacity vs Environmental Status Scales, measurement of disability, multiple sclerosis patients, conference presentation, 21754
factor analysis & effect of summing scores, Incapacity vs Environmental Status Scales, multiple sclerosis patients, conference presentation, 21737
Incapacity Status Scale vs activities of daily living index, assessment of functional disabilities in multiple sclerosis, conference presentation, 21736
long term services, young people with multiple sclerosis, 12700
memory & short term retention, 19–56 yr olds with multiple sclerosis, 14930
need for rating scale for assessment of cognitive function in multiple sclerosis, conference presentation, 23269
neuropathologic & neuropsychologic data in development of screening battery & rating system, multiple sclerosis patients, conference presentation, 21772
neuropsychological assessment, relapsing-remitting vs chronic-progressive patients with multiple sclerosis, 20521
parent with Huntington's disease or multiple sclerosis, emotional reactions & coping mechanisms, 13–16 yr olds, 12391
perceived social support & length & severity of illness & age & remissions, depression, 23–71 yr old spinal multiple sclerosis outpatients, 1697
perceptual memory & picture recognition & verbal recognition test performance, multiple sclerosis patients, 17716
psychodynamic elements & lifestyles, 31 & 35 yr olds with multiple sclerosis, 31220
psychosocial coping mechanisms, male patients with multiple sclerosis, 23033
psychosocial symptoms, 37 yr old female with multiple sclerosis, 22950
P300 component of event-related auditory EP & dementia rating scale, evaluation of cognitive dysfunction in multiple sclerosis, conference presentation, 23046
rehabilitation counseling, patients with multiple sclerosis, 28977
sexual functioning scale, assessment of sexual activity & attitudes, multiple sclerosis patients, conference presentation, 23041
social contact & knowledge about disease, psychological adjustment, patients with multiple sclerosis, 7086
subclinical multiple sclerosis & CNS involvement, optic neuritis, Ss with mean age of 32 yrs, 13811
visual sensitivity to flickering sinusoidal grating, multiple sclerosis patients with normal visual acuity, 9899
WAIS assessment of intellectual function, 20–61 yr old patients, multiple sclerosis, conference presentation, 22999

Multiple Therapy [See Cotherapy]

Multiply Handicapped
ambulation training, self stimulation, multiply handicapped 5 yr old, 28973
assessment of speech & language development & early augmentative stimulation procedures, infants at risk for speech & language & communication disorders, 4382
auditory responsiveness to speech & random noise, multiply handicapped 37.2–111.6 mo olds matched for developmental age with normal 2.3–3.8 mo olds, 28430
Bayley vs Griffiths developmental scales & validity of assessment scores, 3–21 yr old profoundly multiply handicapped, 21743
coeducation in institution, adults with polyhandicaps & epilepsy, conference presentation, 32124

definitional problems in area of severely handicapped, 6724
development & validition of Severely Handicapped Progress Inventory, individual program planning & progress assessment, deaf-blind Ss aged 21 yrs & younger, 11135
development of Perceptual Memory Task, assessment of learning style, normal & multiply handicapped 4 yr olds through young adults, implications for vocational evaluation, 13580
development of residential treatment in community-based home & educational program & social support system, schizophrenic 15 yr old male with congenital hearing loss, 31627
development of spatial-movement concepts, multiply handicapped 5–21 yr olds, 4104
education in hospital wards, multiply handicapped 5–16 yr olds in long-stay hospitals, 10817
effectiveness & classroom use of DRO & momentary restraint procedures, reduction of stereotypic behaviors, 6–16 yr old severely or profoundly mentally retarded & multihandicapped students, 26629
evaluation of progress using context input process & product model, Down's syndrome & multiply handicapped children in special programs, New Zealand, 21441
evaluation of reinforcer preferences, 13–18 yr old students with profound & multiple handicaps, 29388
foam rubber headpiece, reduction of asymmetrical tonic-neck reflex while eating, multiply handicapped 11.5 yr old female in class for profoundly mentally retarded, 25986
functional grouping of handicaps with emphasis on etiology & management needs & education, multiply hearing-impaired children, 29343
German measles during pregnancy, fetal development & multiple impairments in childhood, 28476
gross motor activities, self injurious behavior, severely retarded 11–17 yr olds with sensory handicaps, 12596
heredity & environment, behavioral development, normal Puerto Rican vs mildly mentally retarded vs multihandicapped children, longitudinal studies, 27832
high technology, education, multiply disabled children, 8048
independent living skills training program, multiply handicapped adults, 23008
initial occupational therapy assessment & treatment & equipment & adaptations to school & home, 9 yr old male with multiple congenital limb deformities, 15540
interaction patterns in free play, mothers & their 6–13 yr old multiply handicapped children, 6703
interrelationship of psychotherapist & speech therapist, multihandicapped children, 10052
interrelationships between stimulus variables & types of responses & developmental levels during behavioral observation audiometry, severely & profoundly multihandicapped 7–153 mo olds, 17671
Mary Sheridan hospital unit, development, 4.3–13.11 yr old visually handicapped & multiply handicapped hospitalized patients, 23539
music in developmental program, body awareness & contact & communication, mentally retarded multiply handicapped children, 4997
nursery rhymes, communication skills, multihandicapped & profoundly retarded infants & children, 1598
psychological adjustment, 6–18 yr old siblings of pediatric patients with cystic fibrosis & cerebral palsy & myelodysplasia & multiple handicaps, 6704
rationale & procedural guidelines for curriculum objectives, social & motor & vocational & academic skills, hearing impaired students with additional handicaps, 18718
rehabilitation & vocational planning, clients affected by rubella virus epidemic of 1963–65, implications for inservice training of professionals, 5011
reinstatement of Social Security disability insurance benefits, mentally retarded male with black lung disease & vision & hearing impairments, case law, 14372
self control procedure, elimination of stereotyped behavior, institutionalized 15 yr old schizophrenic deaf male with severe behavior disorders, 2157
self management with token economy, productivity & generalization of tasks, 6–10 yr or old multiply handicapped & severely emotionally disturbed students, 18719
special education program, children with combined motor & cognitive & perceptual handicaps, 5334
staff contact in small vs large unstructured play sessions, severely multiply handicapped children in residential unit, 21075
student to staff ratios, available instructional time, severely/multiply handicapped 6–16 yr olds, 15895
systematic sign language instruction, acquisition of functional vocabulary, deaf &/or blind severely mentally retarded 9.3–19.4 yr olds, 2532
teaching methods, typing curriculum, 8–21 yr old visually impaired & multiply handicapped students, 21402
therapeutic methods using facilitation vs inhibition, dysfunctional patterns of movement, 3 & 14 & 15 yr olds with multiple handicaps in educational setting, 21400
treatment of retardation in organization of reasoning & pathological disharmony, 6–7 yr olds with cerebral palsy, conference presentation, 31765
use of automated equipment, contingent responding & auditory preferences, severely vs profoundly multiply handicapped 2.1–12.3 yr olds, 17673
work activities center training programs, multiply handicapped visually impaired clients, 21101
1:1 vs 1:3 instruction, motor performance, multiply handicapped 7–8 yr old students, 2529

Multivariate Analysis [See Also Factor Analysis, Multiple Regression]
ambiguity of suggested causal structure & stability of results under selection of variables, applications of LISREL, 16268
analysis of cohorts, ratings of success using multivariate prediction configural frequency analysis, 16384
ANOVA vs MANOVA vs multiple regressions vs canonical correlations, prediction of GPA & attrition/persistence, college freshmen, 8123
application of discriminant function analysis to leisure & recreation research, 226
BASIC microcomputer program, principal component analysis using varimax solution, 29672
BASIC microcomputer system, canonical correlation analysis, 29671
canonical correlation analysis of WISC-R & Woodcock-Johnson Tests of Cognitive Ability, evaluation for learning disabilities, 7.3–12.8 yr olds, 15927
classification of multivariate response curves using configural frequency analysis, 24353
cross-level interaction in multilevel models, educational & social welfare organizations, 24348
definitional & methodological issues & principal components analysis in event-related potential research, conference presentation, 19525
discriminant analysis of noncognitive characteristics, high- vs low-GPA medical students, 12933
discussion of R. B. Cattell's covariation chart & classification of scores as alternative factor analyses, personality assessment, 52
EEG-based multivariate statistical analysis of sleep stages & wakefulness, male Ss, 19498
estimators for 2 measures of association between variable sets for set correlation, 11209
generalized multivariate lens model analysis for complex human inference tasks, analysis of teachers' prediction of primary students' reading ability, student teachers, 19120
geometric approach, multivariate section, 2987
history of analysis of latent-classes/latent-structures in social research, 21800
log models for measurement of qualitative data in higher education, 2320
MANOVA method, analysis of repeated measures designs, 19145
measurement of marginal symmetry in agreement matrices for categorical data & measures of conditional item-by-item agreement, 19118
merits of randomized response technique, reduction of response error & potential use with multivariate approaches in social science survey research, 16380
methodology & assumptions of discriminant function analysis as form of multiple regression analysis, implications for use in neuropsychological research, 24324

methodology for computation of nonparametric 1-way multivariate analysis of variance, 11247
model for generalizing symbolic vector differentiation to matrices of independent variables, 19153
multiattribute utility approach, use of random assignment to form comparable aggregate units, 5563
multivariate & factor analytic approach to personality theory, criticism of R. B. Cattell's work, literature review, 1273
multivariate analysis of EAS inventory, assessment of aggressive behavior in concrete situations, normal vs aggressive 9–14 yr olds, 29760
multivariate analysis of interaction of person & situation & response variables in situation-specific interpersonal behavior, college students, 19143
multivariate analysis of race attitudes response structure, 3803
multivariate behavioral genetic analysis of drug usage, Sweden, 22565
multivariate generalization of kin selection theory, social behavior, humans, 22581
multivariate logistic response model, multiple choice items, 13640
multivariate prediction, academic performance, college students, Hong Kong, 32186
multivariate statistical technique for separation of individual & group effects, application to data on crowding in university residential environments, college students, 19136
multivariate vs univariate statistical techniques in data analysis, application to nursing, 16382
partial correlation & canonical correlation analysis, control for effects of social desirability in self report inventories, alcoholic inpatients with mean age of 41.5 yrs, 13554
path coefficients of latent vs observational variables, structural modeling of estimation of factor means, 16391
redundancy analysis method of A. L. Van den Wollenberg as special case of J. J. Fortier's simultaneous linear prediction method, 24349
reliability measurement, assessment of observer agreement, 5688
robust analysis, nonlinear model for multilevel educational survey data, 15964
SAS & FORTRAN IV computer programs, correction of criterion standard deviations & zero-order validities, 2958
sensitivity analysis, Hayashi's third method of quantification, 27083
uniform covariance structure, measures of maximum likelihood estimates of multiple & canonical correlation & partial & bipartial canonical correlation, 2976
unweighted means, MANOVA with unequal sample sizes, 5667
use of MANOVA in leisure research, 223
Murder [See Homicide]
Muscimol [See Gamma Aminobutyric Acid Agonists]
Muscle Contraction Headache
acupuncture vs medical treatment, 17–70 yr olds with migraine & muscle tension headache, 7551
biofeedback &/vs brief psychotherapy, tension headaches, patients with average age of 33.5 yrs, 1761
biofeedback therapy, muscle contraction headache, patients with or without depression & head trauma, 23273
biological vs psychological vs social demographic variables, prediction of headache activity, 18–69 yr old chronic headache sufferers with migraine &/vs tension, 4397
cognitive-behavioral marital restructuring program, chronic tension headache, 21 yr old female married to enlisted Navy sailor, 23236
efficacy of frontal EMG &/vs hand-skin temperature biofeedback, migraine vs tension headache, patient, 23252
EMG activity & self report data in headache vs pain-free states, differentiation of muscle contraction headache vs psychogenic pain, 17–60 yr olds, 31166
EMG biofeedback & coping skills training, subjective perception & muscular tension level, 20–50 yr olds with migraine & tension headaches, 4753
EMG biofeedback vs progressive muscle relaxation therapy, tension headache patients, 31454
family members with headaches as models, incidence of tension headaches, headache sufferers, 28511
first-order Markov model, analysis of migraine &/or tension headaches, headache sufferers, 25937
forehead muscle tension & pain-related behaviors & MMPI prediction of pain reduction biofeedback training outcome, patients with tension headaches vs posttraumatic pain, 4740
frontal EMG biofeedback, 11 yr old female with muscle contraction headache, 4706
high- vs low-success feedback, tension headache & locus of control & self efficacy, college students receiving feedback for increased vs decreased EMG activity, 15251
migraine personality & migraine & tension headache & association with psychiatric disorders, 30-yr literature review, 14987
muscle activity during vs between headaches, tension headache patients, 20485
muscle discrimination training, treatment of chronic muscle contraction headache, 21–60 yr old patients, 23267
personality factors, classical migraine & tension headache, 18–35 yr old females, 22930
personality traits, migraine vs tension headache patients, 7105
physiological parameters during rest vs stress, male vs female migraine vs tension headache patients, 7104
position & movements, frontalis & sternocleidomastoid & trapezius muscle activity, Ss with vs without muscle contraction headache, implications for muscular activity assessments, 4521
progressive muscle relaxation &/vs EMG or thermal biofeedback, tension &/or migraine headaches, patients with mean age of 38.6 yrs, 28710
psychological & physiological variables, headache patients from medical center vs recruited through advertisement, 1635
self report data on causes & features of headaches & clinical diagnosis, classification of cluster vs migraine vs tension headaches, headache patients, 31150
thermal or EMG biofeedback training, patients with musculotensive vs migraine headaches, 4733
transcutaneous electrical nerve stimulation, headache pain, patients with migraine &/or muscle contraction headache, 31609
viability of muscle contraction headache model, literature review, 23018
Muscle Contractions
energy vs latency vs amplitude vs recruitment time vs duration vs efficiency of stapedius muscle contraction reflex, 20–25 yr olds, 19553
level of perceptual discrimination & short term memory in repetitive work, tension in neck muscles assessed by EMG & subjective feelings, college students, 13833
muscimol injections into ventral vs dorsal striatum, tonic activity in EMG & catalepsy & ipsiversive posture, rats, 27654
muscle activity during vs between headaches, tension headache patients, 20485
muscle contraction or relaxation, accuracy of matching criterion force, human Ss, 16674
muscle discrimination training, treatment of chronic muscle contraction headache, 21–60 yr old patients, 23267
phasic forearm blood flow & heart rate responding prior to voluntary muscle contraction in stressful vs nonstressful RT task, male college students, 11529
psychomotor agitation, corrugator muscle activity & "omega melancholium", depressed females, 17474
small vs large sustained forces vs large phasic forces in plantar vs dorsiflexion directions, motor cortical neuronal activity patterns, monkeys with lesions of thoracic dorsolateral spinal cord, 22032
smoking, perception of muscle activity in high- vs low-arousal conditions vs auditory perception, male vs female 18–30 yr old smokers, 6115
starting positions of arm, EMG RTs of biceps brachii muscle for elbow flexion & forearm supination, male college students, 11516
strength of voluntary pelvic muscle contraction, orgasmic function & control of urinary flow, female 14–50 yr olds, 13820
voluntary frontal muscle tension increases through biofeedback, tension headache, 23–53 yr old patients, 22931
Muscle Cramps [See Muscular Disorders]
Muscle Relaxation
biofeedback vs autogenic training with vs without music, self regulation of cultivated low arousal state, 22–24 yr old college students, 26123
in vivo EMG biofeedback, pedagogical tool for removal of unwanted left handed tension, violin & viola players, 26112

meta-analysis of EMG frontalis biofeedback vs alternative procedures, muscle relaxation, 31475
muscle contraction or relaxation, accuracy of matching criterion force, human Ss, 16674
muscular relaxation & EMG biofeedback, chronic anxiety patients, 4714
Muscle Relaxation Therapy [See Relaxation Therapy]
Muscle Relaxing Drugs [See Also Curare, Diazepam, Mephenesin, Meprobamate, Theophylline]
cyclobenzaprine, manic behavior, adult patients with acute muscle spasm, 20913
gallamine vs naloxone vs lithium, pain vs sickness aversion responses, rats, 27611
neurotransmitter-blocking agents, antinociceptive effects caused by carbamazepine & baclofen & pentazocine & morphine on bradykinin induced trigeminal pain, rats, 11588
suxomethonium bromide, efficacy of response prevention, rats, 22137
Muscle Spasms
habit reversal & in vivo exposure & reeducation, writer's cramp, 42–66 yr olds, 4722
hypnotic treatment, levatorani spasm syndrome, 23–69 yr old patients, 7499
Muscle Tone
chloramphenicol vs thiamphenicol, atonia during REM sleep, cats with dorsolateral tegmental pontine lesions, 13872
heart & breathing rates & muscle tone & eye movements & blinking, 21–61 yr old depressed patients, 4252
kainate lesions of vs infusion of GABA agonists & antagonists in nucleus fastigii, symmetry of postural tonus, male rats, 3347
muscular force required for response, correlation between contingent negative variation & EMG amplitude, 18–32 yr old females, conference presentation, 19529
muscular tone at rest & sensitivity to tickle & body perception, definiteness of bodily boundaries as measured by Holtzman Inkblot Technique, 20–30 yr olds, 11272
Muscles [See Also Diaphragm (Anatomy), Facial Muscles, Masticatory Muscles, Oculomotor Muscles]
ballistic arm movements, first agonist EMG burst, 28–36 yr olds, 13790
cycle characteristics & reciprocal action pattern between flexor & extensor muscles & muscle recruitment patterns during paw-shake responses, cats spinalized at 2 or 12 wks or 10–12 mo of age, 8919
discharge patterns of single-spindle primary afferents from forelimb muscles during locomotion, decorticate cat, 16611
EMG activity patterns of speech muscles during repetitions of sentence, normal vs cerebral-palsied dysarthric 19–34 yr olds, 14970
energy vs latency vs amplitude vs recruitment time vs duration vs efficiency of stapedius muscle contraction reflex, 20–25 yr olds, 19553
facial & limb muscle tension training, peak expiratory flow rate & respiration & heart rate, male 18–25 yr olds, 8859
position & movements, frontalis & sternocleidomastoid & trapezius muscle activity, Ss with vs without muscle contraction headache, implications for muscular activity assessments, 4521
state anxiety scores prior to muscle biopsy & musculature & blood pressure & metabolic responses, Israel National Water Polo players, 16691
static vs dynamic vs proprioceptive neuromuscular-facilitating stretching techniques, flexibility of hamstring-gastrocnemius muscles, female students, 270
stimulation of lumbar cutaneous & high threshold muscle afferents, polysynaptic multiunit responses, urethane-anesthetized rats ovariectomized at 2.5 mo, 11558
structure & types of Golgi tendon organ, literature review, 5990
vibratory stimulation as analgesic, 24–62 yr old patients with chronic myalgia, 20992
vibratory stimulation vs transcutaneous electrical nerve stimulation vs electroacupuncture vs placebo, pain reduction, 27–63 yr olds with chronic myalgia, 20993
Muscular Disorders [See Also Cataplexy, Muscle Contraction Headache, Muscular Dystrophy, Myasthenia Gravis, Myoclonia, Torticollis]
alcohol withdrawal, extrapyramidal symptoms, 48–73 yr old alcoholics, 22867
brain stem microinjection of N-terminal fragments of ACTH vs ACTH 1–39, dystonia-like postural asymmetry, male rats, implications for role of ACTH mutation in dystonia, 8976
challenges in care of children with dermatomyositis, nurses, 31614
high dose benzhexol alone vs with tetrabenazine vs pimozide, 6–18 yr olds vs adults with severe dystonia, 26185
hypnosis with relaxation procedures & posthypnotic symptom-relief suggestion, hysterical spasmodic dystonic pain, 61 yr old female, 7508
presence of trick movements & vocalizations as self treatment, facial dystonia, 37 yr old female & 49 yr old male, 28519
psychopathological aspects of tetania, 17726
rate of eye blinking, patients with Parkinson's disease vs progressive supranuclear palsy vs Huntington's disease vs dystonia, 7069
relaxation therapy, anxiety, 20 yr old female with temporomandibular joint dysfunction & pain syndrome, 18082
Muscular Dystrophy
Adlerian principles, facilitation of integration into daycare programs, 3 yr old with muscular dystrophy, 21132
analysis of tracking behavior, muscular dystrophy patients, 12417
calorie restriction, whole-body nitrogen balance & total body potassium & strength & functional measurements, 12.5 & 14.8 yr old overweight males with muscular dystrophy, 15245
early diagnosis & genetic counseling & phenotype prevention in Duchenne muscular dystrophy, 28396
etiological role of dopaminergic & cholinergic mechanisms, 10–14 yr olds with fast vs slow hyperkinesias, 1548
Musculocutaneous Nerve [See Spinal Nerves]
Musculoskeletal Disorders [See Also Arthritis, Bone Disorders, Cataplexy, Joint Disorders, Muscle Contraction Headache, Muscular Disorders, Muscular Dystrophy, Myasthenia Gravis, Myoclonia, Rheumatoid Arthritis, Torticollis]
dexamethasone suppression test & major affective disorders, 30–72 yr old patients with fibrositis, 28445
ecological model for detection & management of mobility problems, elderly, 28555
EMG biofeedback training from m. masseter or m. frontalis muscle region, 19–60 yr olds with acute vs chronic mandibular dysfunction, 26092
incidence & family history of major affective disorder, 29–72 yr old patients with fibromyalgia vs rheumatoid arthritis, 20526
patient characteristics, outcome of relaxation vs biofeedback treatment, patients with chronic mandibular joint pain, 15246
wearing Milwaukee brace, psychological & social & lifestyle adjustment, mother & adolescent daughter pairs with scoliosis, 23406
Musculoskeletal System [See Arm (Anatomy), Bones, Diaphragm (Anatomy), Elbow (Anatomy), Facial Muscles, Feet (Anatomy), Fingers (Anatomy), Hand (Anatomy), Hips, Jaw, Knee, Leg (Anatomy), Masticatory Muscles, Muscles, Oculomotor Muscles, Shoulder (Anatomy), Spinal Column, Tendons, Thorax, Wrist]
Music [See Also Musical Instruments]
alienation expressed in 3 20th century operas, 3563
analysis of lyrics of calypso songs, antagonism toward women, Trinidad, 1969–79, 1168
application of Gestalt theory, expressiveness in music perception & education, 839
assimilation & tonal hierarchies in music, North India, comments on study by M. Castellano, 16426
auditory & speech perception research conducted at Institute of Electroacoustics, 29899
biofeedback in presence of music vs pure tone vs silence, heart rate, college students & nurses, 22062
cerebral dominance, dichotic listening of songs, musically trained Ss, 6010
child ego state reprograming technique by conditioning through music script, adults, 12526
classical music, aesthetic judgments in relation to laterality, right-handed male vs female musicians vs nonmusicians, 19519

classical vs popular music & warning stimuli in right vs left visual field, motor RT, 19–55 yr olds, 8844
classical vs rock music, behavioral organization using operant conditioning technique, rats, 19330
compositional vs decompositional method, assessment of perceptual veridicality in jazz performances, college students, 6210
computerized content analysis, assessment of melodic structure & tone transition probabilities in classical musical themes, 19759
contingent vs contingent-interrupted music, target behaviors, profoundly mentally retarded 10 & 11 yr olds, 20832
descriptions of & preferences for Dixieland vs Uptown traditional jazz, naive listeners vs Dixieland vs Uptown jazz musicians, 19757
development & validation of rhythmic conservation task, assessment of conservation of rhythm, 4–8 yr old violin students, 11752
development of creative imagination, American composers, 22264
development of structural equation model of orchestral career commitment, symphony musicians, 21631
disco music, auditory & vestibular systems & production of Tullio effect, college students, 3058
discrimination of tones in sequence from major diatonic scale by equalization vs stretching of intervals, college students, 24450
distractor tones, interval recognition, college student music majors, 11312
examples of bio-acoustics in musical composition, 9066
factor analysis of Barron-Welsh Art Scale & Adjective Checklist & 3 original measurement instruments, measurement of creativity & energy activity preference, dance & music & drama college students, 29395
familiarity & organization & predictability of sequences of musical notes, perception of duration & other factors, conference presentation, 3062
final tone extrapolation, implications for melody cognition, 3060
Gestalt theory of musical perception, implications for affective basis of musical interest, 838
hemispheric asymmetry in "chromesthesia" involving color images & auditory stimuli, degree of listening enjoyment, college students, 16434
hypnotic procedure vs music, reduction of anxiety level, adults, 6-mo followup, 23387
ideal of pure music & analysis of prologue to "Ode to Joy" by L. Beethoven, 9062
in vivo EMG biofeedback, pedagogical tool for removal of unwanted left handed tension, violin & viola players, 26112
information flow model of musical performance, perception & production & imitation of time ratios, professional musicians, conference presentation, 3033
inharmonic partials, interval perception, trained musicians, 5754
inspiration & expiration & muscle control, professional singers, 24705
interpretation of rhythm of individual bars & relationship to underlying meter in monophonic music, listeners, 19235
interval-class & vector-based measures of similarity pitch-class sets & prediction of relations of sets, listeners to music, 24441
language & music & movement, perceptual development, children, 19837
LSD, evolution of music through "acid rock", 16836
melodic contour & reversals in pitch & nonreversals, melody recognition, listeners, 11306
melody & text, memory for songs, college students, 16472
multidimensional scaling of classical music perception, female students of music & other disciplines, 11309
music concept development, 4 yr olds, criticism of L. P. Young's study, 912
music discrimination, pigeons, 463
music, emotional content of TAT stories, college students, 3121
music instruction, vocabulary in descriptions of music, 3rd–4th graders vs college students, 21349
music vs noise auditory distraction, recognition & meaningful vs nonsense verbal material, graduate students who were vs were not studying music, 13699
musical emotionality, GSR & respiration rate, female college students, 11527
musical listening preferences, 20–30 vs 40–50 vs 60–70 vs 80–86 yr olds, 9139
musical training & key & position & presentation of chords, perception of major vs minor vs diminished vs augmented triads, 18–35 yr olds with vs without musical training, 24449
musical vs nonmusical song similarity, song clustering & recall, college students, 11352
octave equivalence & immediate recall of pitch sequences & 2-channel model, college music students, 24443
perception of structure in novel music, college students with fewer vs more than 5 yrs of musical training, 5755
performance-oriented vs teacher-directed didactic method, operant preference & achievement of concepts of Indonesian music style, 6th graders, 21335
personality, opera singers, 9576
pitch & tempo discrimination of recorded orchestral music, graduate student musicians vs nonmusicians, 29891
playing of note vs melody, readiness cortical potential amplitude & latency, right handed female pianists, conference presentation, 19484
popular music, learning about psychology of personality, college students, 2395
probe ratings of melodic forms, perceived hierarchy of tones in music, Indian vs Western listeners, North India, 16424
processing perceptual similarities between musical motifs through contour & scale, experienced college music students, 24444
psychoacoustic evaluation of musical consonance, 5759
psychoanalytic interpretation of development of superego, performing artists, 28603
psychoanalytic perspective on music, 27701
psychological dimensions of monotonic & melodic-rhythmic patterns & musical experiences, rhythmic processing, college music students, 29897
relaxation & suggestion procedure with vs without music vs music alone, scores in forced choice test of clairvoyance, 17–50 yr olds, 13416
repetition & subjective complexity of different musical pieces, liking & music preferences, adult education students, 11387
resolution of dissonance through melodic anchoring of tones, college students with vs without musical training, 27129
respiratory adjustment during speaking & singing activities, highly trained 23–38 yr old male baritones, 19557
rhythm pattern & texture & beat location & direction of tempo change, time for perception of change, college students, 29901
role of chroma & scalestep, recognition of melodic vs harmonic musical intervals in & out of context, college students, 16421
RT for naming pitch vs tones, college music students, 24452
rule-governed serial contexts, melody recognition of transposed vs untransposed comparison sequences, college students, 16423
sex differences & music preferences, anxiety & physiological skin response correlates, college students who did vs did not major in music, 3328
sight-reading & musical training in harmony & composition, memorization of piano music, college students studying piano or composition, 27176
simultaneous presentation of melodies, identification of cross rhythmic patterns, college & graduate music majors, 19245
singing & recitation, development of seizures, 26 mo old male, 9944
social influences, musical preference, adolescents with mean age of 15 yrs, 6337
sources of stress & alcohol usage, 22–62 yr old free-lance professional popular musicians, UK, 13340
spectral content of tones, discrimination thresholds for 5th & major 3rd & perceived frequency & strength of beats, college students, 3065
stratum factor structure of musical pieces as determined by semantic differential, college students, implications for atypical evaluation-potency-activity structure found by T. Iwashita, 25014
structure in pitch notation, learning reading & playing of musical melodies, 1st–2nd graders, 16979
study of rhythmic interpretation using polyrhythms in music, 19228
suggestion, perception of satanic messages in rock-&-roll recordings, 3124
suggestions & techniques for singing folk music, preschool students, 23741
survival value of music, 6218

theory of melodic centering & descriptions of tonality, implications for perceptual & cognitive psychology, 24445
theory of music therapy, 20649
therapeutic value of music, school counseling, elementary school students, 32181
timing control mechanisms in performance of syncopated polyrhythm consisting of 2 conflicting pulse trains, 14–18 yr olds, 19168
timing mechanisms in solo & duet musical performances, pianists, conference presentation, 3029
timing, tempo & control of meter & production of notes in solo & duet piano performances, musicians, 25020
tonal hierarchies for representation of musical stability, North India, reply to comments by D. Deutsch & W. J. Dowling, 16422
tonal hierarchies in music, North India, comments on article by M. Castellano, 16425
tonal structure vs function & studies of recognition of harmonic motion, college music students, 24442
unilateral temporal- vs frontal-lobe lesions, melodic discrimination & recognition, surgical patients, 31276
utilization of Adlerian principles in songs for elementary emotional development program, understanding of misbehavior & development of self esteem, elementary school students, 7903
war, musical compositions, 1939–1947, 9061
word vs music perception, EEG manifestations of functional asymmetry of cerebral cortex, right handed 20–30 yr olds, 5985

Music Education

application of Gestalt theory, expressiveness in music perception & education, 839
aural/oral training with 'Pitch Master', pitch discrimination & accuracy in performance abilities, male junior high school trombonists, 18559
comprehensive musicianship approach, musical performance ability & interpretation & sensitivity, 7th–8th grade beginning band students, reply to comments by T. W. Goolsby, 2420
comprehensive musicianship approach, musical performance ability & interpretation & sensitivity, 7th–8th grade beginning band students, criticism of W. T. Whitener's study, 2387
content & music analysis, instructions for development of children's voices, teachers' editions of 1st & 3rd & 5th grade music series, 1945–75, criticism of J. M. Kavanaugh's study, 2396
development & philosophy & structure of Manhattanville Music Curriculum Project, children, 21344
development of 2 forms of instrument, assessment of perceived leadership styles of high school orchestra conductor-educators, music teachers & student ensemble members, comments on T. W. Russell's study, 2368
educational traditionalism & conceptual theory & suggestions for improvement in music teacher education, 15706
emergence of experimental music in classroom curriculums, 18604
history & current status of program evaluation in music teacher & music education, literature review, 15690
listening to popular vs serious music in music classes, perceptive listening skills, 7th graders, 2373
model for teaching music, primary school students, England, 18578
music & dance & drama & art education, quality of life & functional skills, severely mentally retarded 3–21 yr olds, conference presentation, 15891
music education objectives & program evaluation in music teacher education, comments on R. J. Colwell's review, 15686
music games, learning of rhythms & musical terminology, 4th–5th graders, 18583
music instruction, vocabulary in descriptions of music, 3rd–4th graders vs college students, 21349
musical learning theory in relation to sound & rhythm & melody & harmony, 16430
performance-oriented vs teacher-directed didactic method, operant preference & achievement of concepts of Indonesian music style, 6th graders, 21335
personality differences according to type of instrument played, high school & college student musicians, 17013
philosophical & aesthetic research in music education, 2324
self management, music practice, 20 yr old male, 26125
sight-reading & musical training in harmony & composition, memorization of piano music, college students studying piano or composition, 27176
suggestions & techniques for singing folk music, preschool students, 23741
suggestions for eradication of educational traditionalism in music teacher education, comments on E. B. Meske's article, 15692
suggestions for reform in music teacher education, 15703
testing of musical abilities, children aged 10 yrs & older, 7854
time spent teaching music, elementary school teachers & principals, comments on B. A. Amen's study, 2405

Music Therapy

clinical vs educational music therapy & problems in assessment of effectiveness, 20685
combined music & movement & art therapy, body awareness & self concept & self acceptance, emotionally handicapped 6–8 yr olds, 10036
competency inventory, musical therapists, 10558
diary, West German music therapy student who lived in US, 21219
effectiveness of music therapy, case report, 20663
efficacy of music therapy, schizophrenics, 25971
goals of group therapy with music & case material of sessions, 20787
live vs tape-recorded music, anxiety & physical discomfort & mood, 17–69 yr old cancer inpatients, 10456
music activities to meet needs & treatment goals, geriatric patients in long term care facilities, 10495
music, creative storywriting, 10–14 yr olds in group psychotherapy, 4698
music group therapy, self awareness, nursing home patients, 10096
music improvisation, development of relatedness in music therapy & psychotherapeutic process, adult patients, 10095
music in developmental program, body awareness & contact & communication, mentally retarded multiply handicapped children, 4997
music participation program, life satisfaction & music attitudes & self concept & quality of life, 60–95 yr old nursing home residents, 10492
music therapy & insight-oriented guided imagery, assaultive behavior, psychiatric inpatient, 10083
music therapy, assessment & treatment of echolalia, 14 yr old severely echolalic male, 15029
music therapy, children with behavioral & emotional disorders & learning & physical disabilities & mental retardation, 12456
music therapy curriculum at conservatory, Brazil, 21160
music therapy, discomfort, 21–82 yr old hospitalized medical patients, 10059
music therapy, drug & alcohol abuse, psychiatric inpatients, 10540
music therapy, eye contact & vocalization & participation, profoundly retarded adults, 5009
music therapy, female with catatonic schizophrenia, 10094
music therapy, promotion of social interaction & self worth & assertive behavior, senior citizens, 15408
music therapy, trait & state anxiety, chronically ill hospitalized patients with mean age of 58.4 yrs, 15065
music therapy, treatment of anxiety & fear, terminal cancer pediatric patients, 15038
music therapy, 2–16 yr olds hospitalized for cardiac catheterization, 17871
nature of music therapy & consciousness of self, children & adults, 20683
nondirective music play therapy, moderately retarded 17 yr old male, 31316
piano improvisation as therapeutic tool, acceptance & resolution of emotions, 26 yr old female schizophrenic with avoidance personality, 15036
program for development & maintenance of musical skills, noninstitutionalized 56–81 yr olds, 25973
psychotherapeutic theories & music therapy, 10104
psychotherapy with music & sound therapy, autistic children, 4549
regression through music therapy, self confidence & ability to cope with stress, 5 yr old with mild mental retardation, 10038
strategies in music therapy, self awareness, developmentally handicapped, 10046
talent show & music therapy, self concept & endurance & orderliness, members of senior adult activity center, 10378
taped classical & popular music, stress & physiological & psychological & social reactions, intensive coronary care patients aged 50 yrs & over, 10459

theory & clinical practice & research, music therapy, 10103
therapeutic music program, vocabulary improvement, neurologically impaired 53 yr old male, 10089
use of music as source of therapy, child psychiatry, 1769
Musical Ability
comprehensive musicianship approach, musical performance ability & interpretation & sensitivity, 7th–8th grade beginning band students, criticism of W. T. Whitener's study, 2387
comprehensive musicianship approach, musical performance ability & interpretation & sensitivity, 7th–8th grade beginning band students, reply to comments by T. W. Goolsby, 2420
creativity & psychology disturbances, popular musicians, UK, 12096
discrepancies in measuring musical ability with Bently Pitch Discrimination subtest, 7–13 yr olds, 16349
elation & hypermusia & spontaneous whistling & musicophilia, musically naive 57 yr old male with aphasia, 14941
factors associated with aesthetic development, primary school students with talent in music vs fine arts, 11671
field independence-dependence & reflection-impulsivity & language-optional/language-bound perception & aural discrimination, college student music majors, 29896
forced-choice psychophysical procedures & norms of Seashore Measures of Musical Talents, 11153
musical behaviors & preferences, emotionally disturbed vs normal 7–10 yr olds, treatment implications, 14706
musical training & key & position & presentation of chords, perception of major vs minor vs diminished vs augmented triads, 18–35 yr olds with vs without musical training, 24449
perception of structure in novel music, college students with fewer vs more than 5 yrs of musical training, 5755
processing perceptual similarities between musical motifs through contour & scale, experienced college music students, 24444
psychological dimensions of monotonic & melodic-rhythmic patterns & musical experiences, rhythmic processing, college music students, 29897
rhythmic imitation task, motor coordination & musical aptitude, emotionally disturbed 11–15 yr olds with varying needs for external structure to control behavior, 9650
testing of musical abilities, children aged 10 yrs & older, 7854
theory of melodic centering & descriptions of tonality, implications for perceptual & cognitive psychology, 24445
Musical Instruments
computer-based portable keyboard monitor, data collection for timing studies of piano performance, conference presentation, 2824
familiarity vs vocabulary size vs recognition ability in semantic domains of musical instruments vs fabrics vs trees vs hand tools, college students, 11636
personality differences according to type of instrument played, high school & college student musicians, 17013
timing, tempo & control of meter & production of notes in solo & duet piano performances, musicians, 25020
Muslims [See Islam]
Mutations
apomorphine vs dextroamphetamine-induced stereotypy & locomotor activity & haloperidol-induced catalepsy, mutant strain of Wistar rats, 11623
environmental conditions as compensation for maternal behavioral deficits, successful rearing, mutant mice litters, 3225
gene transfer at per locus, circadian behavioral rhythms, Drosophila melanogaster, 24621
psychokinetic control of bacterial mutation, psychically gifted Ss, 13414
tilted rotational stimulation, ability to avoid holes in floor, neurological mutant & normal mice, 3344
X-linked mutations that disrupt learning & memory, attenuation of auditory priming of mating, female Drosophila melanogaster, 671
Mutilation (Self) [See Self Mutilation]
Mutism [See Also Elective Mutism]
ability to transform active & passive forms in Chinese sentence structure, normal vs deaf vs retarded vs deaf mute 9–18 yr olds, China, 14603
de-mutization & language development, autistic 7–10 yr olds, conference presentation, 25543
nonpsychotic dysphasia & audio-mutism & prognosis, children, conference presentation, 25747
role of family, pathogenic personality development, mentally retarded mute 4 yr old female & her parents, 1332
Mutual Storytelling Technique
draw-a-story game, evaluation & treatment of emotional & behavioral problems, children, 10127
patient-group storytelling & recitation, imposition of order in relation to self & others & objects, psychotics, 17874
storytelling, psychiatric assessment, children, 31319
Myasthenia Gravis
development & remission of myasthenia gravis during pregnancy & normal labor, human females, 1692
Myelin Sheath
Alexander's disease with Rosenthal fiber formation, 39 yr old female, 7141
demyelination, pure tone auditory thresholds, male vs female multiple sclerosis & neurological patients with mean age of 29 yrs, 7036
dichotomy of psychophysical responses, 9–36 yr olds with retrobulbar neuritis, 4387
hydroxocobalamin therapy, 14 yr old female with progressive dementia & myelopathy & cobalamin C mutation, 20937
Myelitis
post-infectious transverse myelitis & thoracic spina bifida, 30 yr old male, 17702
Myers Briggs Type Indicator
multiple regression analysis, Myers-Briggs Type Indicator-Form G, college students, 16367
time of day, scores on Myers Briggs Type Indicator, college students, 220
Myocardial Infarctions
ambulation & discharge & return to work, patients with myocardial infarction, 1730
anxiety & acute physical illness, 46 yr old male myocardial infarct patient, conference presentation, 20601
attitudes toward illness, patients with mean age of 56 yrs after myocardial infarction with vs without ventricular fibrillation, 7103
behaviorally-based rehabilitation approach using relaxation & desensitization therapy & cognitive restructuring & stress management & activity scheduling, depression & anxiety, post-myocardial infarction patients with mean age of 57 yrs, 4710
cardiac counseling alone vs with Type A counseling, Type A behavior & cardiovascular recurrence, nonsmoking postinfarction volunteers, 18199
educational group discussion treatment group vs traditional care, rehabilitation, postmyocardial infarction patients, 28946
family reactions & reorganization patterns, families with husbands previously hospitalized for myocardial infarction, guidelines for use of family therapy, 4406
group process expectations, effectiveness of group therapy vs exercise training program, male 30–69 yr old post-myocardial infarction patients, 7337
length of illness & diagnostic setting, coping behavior & emotional state after hospitalization, myocardial infarction patients under 40 yrs of age, 4473
occupational & psychological stress, job satisfaction, myocardial infarct patients under 40 yrs of age, 4399
prediction of emotional & social adjustment following heart attack, patients during recovery, 7088
psychosocial influences on mortality, 30–69 yr old male survivors of myocardial infarction, 20592
psychosocial outcome & adjustment, 32–60 yr old male patients 1-yr after myocardial infarction, 25955
short term relaxation training, rehabilitation after myocardial infarction, male patients, 10510
symptoms of vital exhaustion & depression & angina pectoris, imminent myocardial infarction, male 40–65 yr olds, 12324
Myoclonia
estradiol benzoate & progesterone, inhibition of levo-5-HTP induced myoclonus & temporal relation with lordosis & potential role of progestin receptors, female guinea pigs, 780
estradiol vs progesterone, levo-5-HTP-induced myoclonus, castrated male vs female guinea pigs, 30275

occurrence of periodic nocturnal myoclonus, sleeping patients, 25905
sleep-related myoclonus & sleepiness & pain before & after sleep & aspects of sleep, Ss with Rheumatic Pain Modulation Disorder vs excessive daytime somnolence, 7096
Myopia
behavior modification, myopia, literature review, 7382
lateral eye movements, right handed male college students with normal vision vs myopia wearing contact lenses vs glasses full-time vs part-time, 7114
transient myopia after long term visual work using video display terminal, 22–41 yr olds, implications for detection by contrast sensitivity, 13345
Mysticism
analysis of nonsymbolic mystical experiences, 27190
cognitive psychology of religious-mystical experience & significance of phenomenal overlap with schizophrenia, literature review, 431
culture & paradigms & consciousness in relation to A. Deikman's "The Observing Self: Mysticism & Psychotherapy", 19951
transpersonal experience in childhood, 30487
Western mind-body dualism & Eastern concept of self as ground of being, implications for psychosomatic medicine, 24112
Myths
all myths & religious stories through generations as monomyth, 13952
boundaries between reason & insanity, heroes & heroines in Virgil's Aeneid, 13942
comparison of Guatemalan Mayan creation myth & psychoanalytic theory of J. Lacan, 17142
dynamics of family myths, implications for therapy, 18010
Eastern vs Western view of monkey & use & meaning of letters & lines, 11893
Faust-Philemon story & development of archetypal theory, C. G. Jung, 11043
Greek origin & meaning of word "image", Christianity, 11888
history & myths of mental illness, Jews, literature review, 8307
Jungian analysis of Freud's "Irma dream", 11035
Jungian view of myth of Persephone & Demeter, 13946
Kleinian view of psychological origins of evil eye, 14246
male drunkenness excerpts of films & documentary, perceptions of social significance of alcohol, college students, Finland, 17288
meaning & role in socialization, fables, Ntomba tribe, Zaire, 30598
mirthful self image of condensation, myth & psychology & philosophy, 30865
myth of Orpheus & Eurydice as metaphor for amorous passion & for transference, 19753
mythology & ego psychology in groups, 14487
myths & stories in psychoanalytic work, Freud, 15134
myths centered around figures of cowboy & Statue of Liberty & national script patterns & relationship to presidents, US, 9347
myths in existential analysis of organizational behavior, 21628
parallels & functional similarities among mythology & philosophy of theatre & psychoanalysis & play, 16841
personal myth as bridging particulate & transcendent realms of existence, 1314
popular mythology of Westerner & R. Reagan's self-dramatization after 1981 assassination attempt, 27
psychoanalytic interpretation, myth of Narcissus, 13943
psychoanalytic interpretation of origin of Faust legend & influence on J. C. Haizmann, 13949
psychoanalytic interpretation of Persian folklore, 22265
purposes of "little people" & role of imagery in cognitive development, children, conference presentation, 30463
renewal of Western theatre & remembering Dionysus as god of theatre, 11663
role of family & aggression & power & myths & struggle of sexes, evolution of law & resolution of disputes, 3943
sex role inequalities & their hopeful solutions in fairy tale Cinderella, 25369
sex role orientation, belief in rape myths, male college students, 1173
submission of myths corresponding to themes of human experience contained in Rorschach responses as postulated by R. S. McCully, Jungian analysts & professionals using Jungian theory in practice, 30362
theoretical appraisal of tribal astronomy, Caribs, Surinam, 25272
traditional male-female role reversal as key to literary interpretation, implications for understanding modern social phenomena, 13964
tricksters as culture heroes & selfish buffoons in folklore, Africa & North & South America, 1034
understanding myths & superstitions, cross cultural counseling, Africa, 28897
use of classical mythology in psychoanalytic writings, S. Ferenczi, 18935
use of fairy tales in psychotherapy, separation individuation crisis, borderline 21 yr old female, implications for treatment of borderline adolescents, 4597
use of family myths as aid, family therapy, 1880
use of story grammar, composition of original fairy & folktales, bicultural/bilingual 6th graders, 7939
Myxedema [See Hypothyroidism]
Nabilone [See Cannabinoids]
NAch [See Achievement Motivation]
Nail Biting
program of habit reversal developed by N. H. Azrin & R. G. Nunn, reduction of nail biting, Spain, 18033
relaxation training vs competing response training, hair pulling & nail biting, 17 yr old female, 18041
Naloxone
adenosine analogs, suppression of naloxone-precipitated withdrawal, opiate dependent guinea pigs & mice, conference presentation, 3524
age & ketocyclazocine hydrochloride vs morphine sulfate vs naloxone hydrochloride, cyclical feeding patterns, 1–2 mo vs 24–30 mo old mice, 30255
alpha-methyl-paratyrosine vs diethyldithiocarbamic acid vs reserpine vs alpha-adrenergic blocker BE-22254, brain norepinephrine & dopamine & naloxone potentiation of apomorphine-induced stereotypic climbing, mice, 24921
amphetamine vs naloxone vs parachlorophenylalanine, analgesia induced by ventral tegmental stimulation, rats genetically selected for high vs low rates of hypothalamic self stimulation, 8996
availability of naloxone & pentazocine tablets, iv abuse of pentazocine/tripelennamine, drug addicts, 25667
beta-phenylethylamine &/vs naloxone, horizontal activity & ambulation & rearing activity, male rats, 22157
chlordiazepoxide vs morphine vs naloxone vs benzodiazepine antagonist, intake of ethanol solution, male rats, 11577
cholinergic drugs UM-1046 & physostigmine, symptoms resembling naloxone-induced opiate withdrawal in morphine dependency, rhesus monkeys, 24856
chronic naloxone administration, opiate binding in CNS & effect of morphine on antinociception & conditioned taste aversion, male rats, 22135
dosage of phencyclidine &/vs haloperidol &/vs naloxone, biphasic effect on operant responding rate for water on FI schedule, male rats, 24961
doses of ethanol with vs without naloxone, extinction of jump up avoidance behavior, rats, implications for opioid meditation of aversively motivated behavior, 19673
electrical stimulation of caudal periaqueductal gray & naloxone, analgesia & opiate withdrawal behavior, male rats, 24744
electrical stimulation of dorsal dentate gyrus granule cells & naloxone, selective impairment of spatial memory processes, male rats, 24731
gallamine vs naloxone vs lithium, pain vs sickness aversion responses, rats, 27611
icv injection of naloxone, operant feeding & drinking, prepubertal pigs deprived of food or water, 30199
im vs icv administration of naloxone, food intake, pigeons, implications for CNS mediation of anorexic effects, 24821
immobilization & pretreatment with naloxone, spinal reflex sensitivity to noxious stimulation & body temperature, intact vs spinal transected mice vs rats, 3348
intra-arterial vs intrathecal subarachnoid space vs 4th ventricle injection of naloxone, withdrawal, morphine-dependent male rats, 30268
intrathecal naloxone, inhibition of tailflick response induced by intraventricular beta-endorphin vs morphine, male rats, 27652
ip vs intrathecal injection of morphine vs naloxone, sexual behavior, rats, 13916

iv naloxone after 6.3 mi run, pain sensitivity & mood & plasma endocrine levels, male long-distance runners with mean age of 38.8 yrs, 6020
leu-enkephalin vs met-enkephalin vs naloxone, acquisition of avoidance response & shock-induced locomotor activity in open field, mice, 8992
levorphanol vs dextrorphan & naloxone, feeding & drinking behavior, pigeons, 24822
LY150720 vs LY136596 vs morphine & naloxone, schedule-controlled responding, monkeys, 24806
microinjection of carbachol vs morphine vs methylatropine vs naloxone into periaqueductal gray, central cholinergic processes in opiate abstinence syndrome, morphine-dependent vs nondependent dogs, conference presentation, 3510
morphine &/vs naloxone, behavioral thermoregulation, curly tailed lizards, 3467
morphine infusions into ventral tegmental area vs periventricular grey, morphine dependence vs reward properties, rats, implications for independence of dependence & reward mechanisms, 8937
morphine vs levorphanol vs dextrorphan vs naloxone, explosive motor behavior & rigidity, tree frogs, 24912
morphine vs naloxone, conditioned place preferences & aversions, rats, 3493
morphine vs naloxone, intake of water & sucrose solution containing ethanol, male rats, 11614
morphine vs naloxone vs pain, physiological characteristics of pressure immobility, rabbits, 11532
multidimensional behavioral analyzer, study of alpha-neo-endorphin effects on behavior, mice, 3526
N- & C-terminal analogs of substance P, aggressive behavior, isolated mice, 3452
naloxonazine, withdrawal signs & analgesia associated with morphine, rats with dependence to morphine, 24876
naloxone & chlorpromazine & dibutyryl cyclic cytidine, aggression & squeaking, male mice, 11578
naloxone & development of morphine tolerance, effects of ECS vs footshock stress on inhibition of recurrent kindled seizures elicited by amygdaloid stimulation, male rats, 11549
naloxone &/vs clonidine, drinking behavior, female rats, 19737
naloxone &/vs standard lactate infusion, suppression of panic attacks, 21–42 yr olds with panic disorder or agoraphobia with panic attacks, 15307
naloxone, acupuncture analgesia, comments on study by C. R. Chapman, 16789
naloxone, acupuncture analgesia, reply to comments by T. R. Oleson, 16744
naloxone administered during development of ethanol dependence &/vs during ethanol withdrawal, ethanol consumption & withdrawal symptomatology, adult male rats, 13874
naloxone antagonizable changes in behavior, endorphinergic modulation of neural reward systems, male rats expecting vs having received rewards, 24827
naloxone, antagonization of effects of methadone & ketocyclazocine & allyl-normetazocine on cortical EEGs, female rats, 24969
naloxone, antidepressant effects of caffeine vs atropine vs clomipramine vs desipramine vs clorgyline vs pargyline vs nomifensine in forced swimming test, mice, 24823
naloxone, behavior change & initiation & termination of eating, male rats, 19690
naloxone, captopril-induced confusion & disorientation & visual hallucinations & insomnia, 76 yr old male with severe cardiac failure & hypertension, 15292
naloxone, cognitive function, Alzheimer's patients, 31542
naloxone, dopamine uptake & release in striatum homogenates & synaptosomes, rats, 19671
naloxone dosages, ethanol self administration, male rats, 30288
naloxone doses & current intensities, rates & duration of intracranial self stimulation at medial forebrain bundle & central gray sites, male rats, 3342
naloxone, effect of ethanol on vigilance task performance, 20–34 yr old males, 13882
naloxone, effects of LSD & 2,5-dimethoxy-4-methylamphetamine & quipazine on operant behavior, rats, 27620
naloxone, effects of morphine on associative & sensory processing of CS & UCS in classical conditioning of nictitating membrane response, rabbits, 6157
naloxone following experience of novel environment, activity & rearing & conditioned aversion, male mice, 6150
naloxone, frequency threshold brain-stimulation induced hunger & feeding, rats, 6046
naloxone hydrochloride, acute alcohol intoxication, male rats, 27552
naloxone, ingestive behavior, pigeons, 739
naloxone injections, sleep patterns, 18–39 yr olds pretreated with haloperidol, 11583
naloxone, latency of prey killing & prey eating, Charles River hooded rats, 27662
naloxone, LSD effects & development of tolerance, monkeys, implications for etiology of schizophrenia, 27592
naloxone, meal size & duration & frequency & food intake during diurnal cycle, female obese vs lean Zucker rats, 19702
naloxone or pimozide, place-specific sensitization of conditioned activity increase induced by morphine administered into ventral tegmental area, rats, 9031
naloxone or quaternary naloxone, fluid consumption, water-deprived rats, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 681
naloxone, perceived intensity of shock & active vs inactive components of postshock reaction, female rats, 3339
naloxone pretreatment, methamphetamine-induced stereotypy & haloperidol-induced catalepsy, male rats, 3402
naloxone, schedule-induced drinking vs drinking induced by water vs cellular deprivation vs reduced body weight vs salbutamol, male rats, 19733
naloxone, severity of hallucinatory & maniacal symptoms, 19–41 yr old patients with endogenous psychoses, 18124
naloxone, shock-induced freezing & analgesia, male rats, implications for opiate & nonopiate mechanisms, 3343
naloxone, stress-induced analgesia, frogs, implications for involvement of opioid pathways, 3501
naloxone, subjective symptoms & behavioral effects, depressed 32–56 yr old inpatients, 15282
naloxone, suppression of saline vs water consumption, male & female water deprived rats, 24812
naloxone, suppression of self stimulation by antagonism of endorphin-mediated reward vs analgesia, male rats, 16772
naloxone, symptomatology, schizophrenic 23–47 yr olds, 28799
naloxone treatment, dextropropoxyphene & aspirin & antipyrine & vinbarbital & phenthiazine derivative poisoning, 17 yr old female patient, 28750
naloxone vs Mr 2266, food vs water consumption, pigeons, 22154
naloxone vs naltrexone, exploratory head-poke response & locomotor activity & rearing, male rats, 24859
naloxone vs naltrexone injections into ventromedial vs lateral hypothalamus, food intake, male food deprived rats, 19731
naloxone vs naltrexone vs naltrexone methyl bromide, hypoactivity induced by anaphylaxis, male mice, implications for role of endogenous opiates, 3399
naloxone vs oripavine derivatives, food-reinforced responding under unpunished vs stressful punished conditions, squirrel monkeys, 8950
naloxone vs parachlorophenylalanine methyl ester & preexposure to analgesia test, analgesia induced by brief vs prolonged footshock, male rats, 6170
naloxone vs picrotoxin &/vs pentobarbital vs diazepam vs clonazepam, response to multiple FR vs FI schedule of food presentation, pigeons, 16742
neurotransmitter-blocking agents, antinociceptive effects caused by carbamazepine & baclofen & pentazocine & morphine on bradykinin induced trigeminal pain, rats, 11588
nociceptive vs antinociceptive vs sensory stimulation & morphine vs naloxone, spontaneous & evoked activity in parafasciculus thalami neurons, male morphine naive vs dependent rats, 27462
opiate delta receptor antagonist ICI 154,129 vs naloxone, social interaction & open field behavior, male mice, 722
phencyclidine, milk intake, male rats pretreated with naloxone vs haloperidol, 3442
pituitary opioids in ECS postictal electrogenesis & behavioral depression, rats, 3521

posttraining injection of naloxone & morphine & drug dosage, retention of inhibitory avoidance response, male mice, 8932
responses to noxious mechanical pressure before vs after subplantar yeast injections, spontaneously hypertensive rats, 16695
saline drinking &/vs naloxone, plasma sodium & aggression levels & social behavior in light vs dark phase of 24-hr cycle, male mice, 22209
shock parameters & naloxone, footshock-induced analgesia, rats, 30177
social & sexual experience & ovariectomy & estradiol vs castration & naloxone &/or naltrexone, sexual behavior & hormonal changes, male & female rhesus monkeys, 3395
stress & angiotensin II vs morphine, salt intake, male mice treated with naloxone, 19587
thyrotropin releasing hormone vs 3-Me-His2-TRH vs naloxone, chafing & calling movements & other behavior patterns, Hemichromis bimaculatus, 24809
yohimbine &/vs naloxone &/vs parachlorophenylalanine, stress analgesia, male rats, 24810
Names [See Also Brand Names]
attractiveness of student's name, grade received on essay, college students, 29272
candidate's sex & title & position of candidate's name on ballot, election outcomes, Britain vs Australia, 3929
educational activities involving use of child's name, preschool students, 21334
face-name mnemonic, learning name-to-face associations, 21–38 vs 44–59 vs 60–70 yr olds, 14123
feminist attitudes, preferences for use of 'Mrs' vs 'Ms' vs 'Miss', female college students, 1189
frequency & social desirability of 1st names & college academic achievement & sex roles, college students, 25440
generalization between productive use & receptive discrimination of names in artificial visual language, chimpanzee, 3175
given names, academic success, college students, 2446
link between person's name & life script, 9567
loneliness, social desirability & uniqueness of 1st name, college students, 25390
mnemonic instruction for memory of names & faces, college students, 392
name attractiveness/unattractiveness, essay grading & stereotyped attitudes, college students, 2560
naming strategies & description of object purpose & agents involved in their use, 3–6 yr olds, implications for cognitive & language development, 14070
political & cultural context of name change, adult male, Cameroon, 11845
relevancy & meaningfulness of names & age, free recall, college students vs elderly volunteers, 19817
role of phonetic factors in parent reference in variety of linguistic environments, infants, 19829
use of nicknames, baseball players, 6694
usefulness of knowledge of letter names in learning to read, children, 5219
1st name characteristics, academic achievement & social functioning, 2nd–12th graders, 14155
Narcissism
application of self psychology principle of narcissistic transference to psychotherapy, couples, professional criticism, 15232
autobiographic narcissistic struggles in B. Fosse's "All That Jazz" & W. Allen's "Stardust Memories", 16840
concept of self as internalized structure vs as something provided for by object, implications for psychoanalysis & understanding of narcissistic disorders, 28640
conceptual distinctions between narcissism & will, clinical implications, 9666
destructive narcissism & perverse relationships between parts of self as seen in Gothic novels, 30352
development & preliminary validation of Selfism Scale, measurement of narcissism, college students, 2935
developmental study of narcissistic tendency, middle aged females vs adolescents, 11808
etiology & symptomatology & treatment of pathological narcissism from Christian & Jungian perspective, Old Testament patriarch Jacob, 23131
experience of loss of self as narcissistic disturbance, patients with affective disorders, conference presentation, 25568
factors in normal development from infantile narcissism to ego ideal, 11062
interaction between narcissism & masochism in borderline personality, 17464
narcissism & needs & object relations, borderline patients, 20297
narcissism & social change, US, 20th century, 1360
narcissism as part of maturation process & as defense mechanism, 14582
narcissism, drug addiction, 25693
narcissism in work of N. Hawthorne & R. W. Emerson, 9074
narcissistic vulnerability, development of depression, implications for clinical practice, 12183
nonfiction best sellers as indicators of societal narcissism, 16845
presence of similar vs different other, narcissistic personal space, French & Arabian male students & 3.5–4.5 yr olds, 27825
primitive narcissism & archaic aggressiveness, narcissistic female & male Auschwitz survivor, 20731
psychoanalytic interpretation, myth of Narcissus, 13943
psychoanalytic object relations theory, narcissistic leaders, 30853
psychoanalytic treatment of narcissism, criminals, 2198
psychoanalytic view of love & hate & narcissism, male patients with paranoid schizophrenia & borderline disorder, implications for treatment, 28646
self psychology & narcissistic transference, implications for treatment of couples, 15222
significance of A. Adler, concept of narcissism, 14535
sleeping time & REM, narcissistic-depressive vs psychosomatically reacting patients, 6702
stages of narcissistic development, 6346
superego & ego ideal, implications for theory of narcissism, 11069
thinking as narcissistic resistance to psychological understanding & personal growth, 28608
treatment strategy, unreached patients considered narcissistic & borderline, 7202
works & analysis of narcissism & transference, H. Kohut vs H. S. Sullivan, 13447
Narcissistic Personality
analysis of M. Monroe as narcissistic personality, 1367
analysis of M. Monroe as narcissistic personality, comment on article by R. D. Chessick, 1403
borderline & narcissistic personality disorders, 14736
clinical applications of O. Kernberg's developmental model, neurotic vs borderline vs narcissistic disordered patients, 17957
clinical criteria & psychotherapeutic approaches, narcissistic personality disorder, 23179
developmental approach to diagnosis, narcissistic disorders, children, 22672
divergence between views of O. Kernberg & H. Kohut, understanding & treatment of narcissistic personality disturbances, 4122
fear of not-being & mirror transference, narcissistic personality disorder, 14648
genetic & functional differences of ego ideal vs ideal ego, differentiation of types of narcissistic disorders, conference presentation, 20279
homosexual women with narcissistic personality disorders, criticism of E. V. Siegel, 14725
narcissistic disturbances as explanation of anti-Semitism, fascist writers L. F. Celine & L. Rebatet & R. Brasillach & P. D. La Rochelle, 27705
narcissistic personality disorder & pathological mourning, 14674
narcissistic personality, DSM-III criteria & views of H. Kohut & O. Kernberg, 20271
psychodynamic & developmental theory, differentiating between borderline & narcissistic personality disorders, 6770
restriction of perceived dimensions of inner space, anxiety & narcissistic personality, 1441
role reversal between children & narcissistic parents, comment on article by E. S. Buchholz & R. Haynes, 1081
role reversal with child as caretaker of narcissistic parent, 1055
severe body image distortions & narcissistic personality, lesbians, 14738
shame vs guilt in relation to sense of self, narcissistic patients, 20317

shift in his mid 30's from Labor Party to Fascism, Sir Oswald Mosley, interpretation in terms of H. H. Tartakoff's Nobel Prize Complex, Australia, 12080
structure of emotions, narcissistic personality disorder, 28265
validation of Narcissistic Personality Inventory & Millon Clinical Multiaxial Inventory, assessment of narcissistic personality disorder, 16–38 yr old college students, 13526
Narcoanalysis
behavior therapy & narcoanalysis, 38 yr old female with obsessional neurosis, 31473
narcosynthesis, posttraumatic chronic pain, 49 yr old White male, 20671
Narcoanalytic Drugs [See Also Amobarbital]
narcosynthesis, posttraumatic chronic pain, 49 yr old White male, 20671
Narcolepsy
central stimulant administration, performance on vigilance tests & psychophysiological recordings of autonomic functions, female 29–60 yr old narcoleptic vs 24–51 yr old psychiatric inpatients, 30263
dream sleep vs nondream sleep & awake activity, memory for complex associative information, 29–54 yr old narcoleptics, 14991
dream sleep vs nondream sleep vs wakefulness, memory for complex associative information, 29–54 yr old narcoleptics, comments on L. Scrima's study, 14946
dreams of flying or being airborne, 53 & 57 & 64 yr old male narcoleptics, 9962
memory deficits, 28–65 yr old patients with narcolepsy-cataplexy syndrome, 20468
neurobiological explanation of narcoleptic syndrome, 31199
nocturnal REM latency & sleep disturbance, narcoleptic 13–74 yr olds, 14967
onset of tics following amphetamine treatment for narcolepsy, 3 yr old male, implications for linkage to Gilles de la Tourette's syndrome, conference presentation, 4814
quantitative polygraphic method, evaluation of excessive diurnal sleepiness, patients with narcolepsy-cataplexy vs hypersomnia with vs without apnea, 25912
REM sleep vs NREM sleep vs wakefulness, memory for complex associative information, 29–54 yr old narcoleptics, comments on L. Scrima's study, 14897
REM sleep vs NREM sleep vs wakefulness, memory for complex associative learning, 29–54 yr old narcoleptics, comments on study by L. Scrima, 14973
REM sleep vs NREM sleep vs wakefulness, memory for complex associative learning, 29–54 yr old narcoleptics, comments on study by L. Scrima, 14931
tobacco usage, nocturnal sleep & daytime sleepiness, 28–57 yr old narcoleptics, 22933
Narcosis
ethanol, narcosis & hypothermia, alcohol-tolerant vs alcohol-nontolerant rats selectively bred for differential ethanol-induced motor impairment, 11585
influence of common genes on both sedative & stimulant responses to alcohol, long- vs short- sleep mice, test of pleiotropic effect, 8951
occupational exposure to organic solvents, narcosis & other nerve dysfunctions & physical symptoms, workers, 16134
revitalization of AA & ANA lines, ethanol consumption & righting reflex & motor impairment & open field behavior & blood acetaldehyde during ethanol metabolism, rats of AA & ANA lines, 11460
Narcotic Antagonists [See Also Naloxone]
chronic naltrexone, food intake & energy metabolism, rats, 8990
clinical utility of naltrexone in opioid dependency treatment, 18376
combined pentazocine & tripelennamine, brain self stimulation, male rats, 30307
detoxification from methadone using clonidine with vs without naltrexone, treatment outcome & relapse rate, adult Ss, 18389
diprenorphine vs morphine, conditioned place preference, male rats, implications for separability of opioid analgesic vs positive reinforcement effects, 22138
endogenous opioids & naltrexone, stress & stereotypic climbing behavior, mice, 733
ethanol with vs without naltrexone, free-operant avoidance behavior, male rats, 27586
ethylketocyclazocine vs diprenorphine vs ethanol injections, ethanol intake, male rats, 11597
formalin & shock with vs without naltrexone, analgesia, male rats, 16778
improvement of naltrexone retention during induction & stabilization phases of treatment, narcotic addicts, 23601
index of choice & selection of naltrexone treatment, male methadone maintenance patients with mean age of 32.6 yrs, 6-mo followup study, 5058
kappa opioid agonists & antagonists, drinking & urinary output, rats, 19695
naloxone vs Mr 2266, food vs water consumption, pigeons, 22154
naloxone vs naltrexone, exploratory head-poke response & locomotor activity & rearing, male rats, 24859
naloxone vs naltrexone injections into ventromedial vs lateral hypothalamus, food intake, male food deprived rats, 19731
naloxone vs naltrexone vs naltrexone methyl bromide, hypoactivity induced by anaphylaxis, male mice, implications for role of endogenous opiates, 3399
naltrexone & behavior therapy, heroin addicts with mean age of 26 yrs, 5-yr posttreatment followup, conference presentation, 5053
naltrexone & signaled vs unsignaled vs no shock conditions, nociception & stomach ulcer, male rats, 13851
naltrexone, appetite & weight loss, ex-opiate addicts, 15569
naltrexone, behavioral depression following amygdala vs hippocampal kindled seizures, rats, conference presentation, 30215
naltrexone, cold water swim analgesia, rats, 752
naltrexone during postmethadone period, heroin addicts, 31798
naltrexone, extinguishing conditioned drug responses, opiate addicts, 23607
naltrexone treatment in jail work release program, drug addicted inmates, 23545
naltrexone, treatment of drug addiction, 19–47 yr old opiate addicts, 6-mo followup, 23596
naltrexone vs therapeutic community, opiate addiction, male veterans, conference presentation, 5027
opiate delta receptor antagonist ICI 154,129 vs naloxone, social interaction & open field behavior, male mice, 722
opioids as agonists & antagonists & partial agonists at different receptors, theory presentation, conference presentation, 3292
pentazocine & tripelennamine, drug discrimination & mu-receptor binding, male rats trained to discriminate morphine from saline, 30295
role of endorphins & opiate antagonists in obesity & appetite modulation & weight control, implications for treatment, comments on M. S. Gold & H. A. Sternbach's study, 14965
role of endorphins & opiate antagonists in obesity & appetite modulation & weight control, implications for treatment, comments on M. S. Gold & H. A. Sternbach's study, 14910
role of endorphins & opiate antagonists in obesity & appetite modulation & weight control, implications for treatment, comments on study by M. S. Gold & H. A. Sternbach, 15012
role of opiate peptides & their antagonists in obesity & appetite modulations & weight change, implications for therapy, 14927
sequential use of clonidine & naltrexone in drug rehabilitation, opiate addicts, 18377
social & sexual experience & ovariectomy & estradiol vs castration & naloxone &/or naltrexone, sexual behavior & hormonal changes, male & female rhesus monkeys, 3395
therapeutic usefulness of naltrexone, drug rehabilitation, narcotic abusers, 5044
Tyr-MIF-1 & morphine, thermal pain, mice, 30254
Narcotic Drugs [See Also Apomorphine, Atropine, Codeine, Heroin, Meperidine, Methadone, Morphine, Opiates]
abuse of prescription drugs, 23–77 yr old migraine patients, 6922
drug use, criminal activity, methadone maintenance clients vs narcotics users not in treatment, 31038
food deprivation & drug dose, etonitazene self administration, male rats, 3419
hydromorphone, changes in conversational speech & role as reinforcing drug effect, 25–35 yr old males with history of opiate abuse, 26393

maternal addiction to narcotic & nonnarcotic drugs, fetal & neonatal development & addiction, newborns, conference presentation, 4287
patient controlled analgesia rankings, relative dose indicator, 15 yr old male posttrauma patient & postoperative patients using patient controlled analgesia &/or intramuscular therapy, implications for drug therapy research, 26172
pentazocine & tripelennamine, drug discrimination & mu-receptor binding, male rats trained to discriminate morphine from saline, 30295
role of dynorphin in brain in development of narcotic tolerance, 30261
Nasal Mucosa [See Also Olfactory Mucosa]
vomeronasal nerve section vs irrigation of nasal cavities, development of maternal behavior, primiparous rats, 8885
Nationalism
analysis of Jungian theory of national socialism & antisemitism, 21679
economic & political structure models of ethnic nationalism, modern world states, 14270
indoctrination of patriotic ideologies in public schools during economic recessions, New Zealand, 15666
Native Americans [See American Indians]
Natural Childbirth
psychological mechanisms, preparation for childbirth, 28845
Natural Disasters
confirmed vs presumed death bereavement vs loss of home vs leisure residence in volcanic eruption, stress levels & health status, 18–72 yr olds, 24053
disaster caused by lighting, fear & sleep & somatic complaints, 10–13 yr olds & their mothers, 14598
natural disaster, psychological distress & subsequent psychiatric disorders, residents of communities affected by Ash Wednesday bushfires, Australia, 32342
response to potential flood disaster, Ss with high trait anxiety, 1271
seriousness of geophysical event & tendency to assign responsibility for disaster to same person, residents of flood prone area, 26833
stress as result of Mount St. Helens disaster, 18–69 yr olds, 5506
Nausea
anticipatory nausea & vomiting associated with cancer chemotherapy, 19–70 yr old oncology outpatients, 7488
behavioral intervention, reduction of chemotherapy-related nausea & vomiting, 10–17 yr old cancer patients, 12598
demographic & social & psychological factors, nausea & vomiting in pregnancy, females, 12352
disco music, auditory & vestibular systems & production of Tullio effect, college students, 3058
existential views of nausea & freedom, J. Sartre vs C. Lispector, 13963
individual & treatment related factors, anticipatory nausea after receiving initial chemotherapy, cancer outpatients, 31485
interaction among psychosocial stressors & developmental transitions & adventitious reinforcement in etiology of & behavioral treatment for fear of nausea & vomiting, 6–15 yr olds, 12594
taped vs live relaxation in systematic desensitization treatment, anticipatory nausea & vomiting, cancer patients, 15260
tripartite behavioral assessment of anticipatory nausea & vomiting with chemotherapy, 15–64 yr old cancer patients, 26138
Navigators (Aircraft) [See Aerospace Personnel]
Navy Personnel
accidental injuries by occupation & duty status & pay grade, US Navy enlisted males, 23927
acculturation & biculturalism, 19 & 20 yr old White vs Hispanic US Navy recruits, 6468
advancement through hierarchical instruction, changes in cognitive correlates of learning, US Navy trainees who had completed computer-managed course, 8179
aerobic/circuit weight training vs aerobic/calisthenic training, physical fitness, female, naval personnel, 21535
age & pay grade & educational level, hospitalization for accidents vs respiratory diseases vs mental disorders, high risk White US Navy enlisted males, 23928
age of onset & occupational variables & precursor diseases, cardiovascular disease, 24–53 yr old US Navy pilots, 22977
age-specific rates of medical board appearances & physical evaluation board actions & mortality, US Navy enlisted divers, 1968–79, 29488
cardiovascular fitness & muscular endurance & flexibility, prediction of attrition in diving training program, 20–30 yr old male US Navy personnel, 16028
cerebral lateralities as individual difference measures or aptitudes in individualized instruction, White male Navy recruits, 8777
collision at sea, posttraumatic stress & intervention efforts by naval psychiatric intervention team, US Navy personnel, 18887
color vs black & white visual displays, bombing & landing performance in 2B35 TA-4J flight simulator, US Navy instructor pilots, 29566
computer-managed instruction, individual differences in achievement & learning, US Navy trainees, 5455
development & implementation of US Navy Mental Health Information System Mental Status Examination, US Navy outpatient mental health clinic patients, 17834
environmental conditions & personal factors, diving accidents, US Navy divers, 23925
frequency of & diagnostic factors precipitating medical communications & evacuations aboard ship, US Navy corpsmen, 9-mo longitudinal study, 20995
glideslope descent rate cuing, simulated landing performance, naval aviators, 26821
health & physical fitness program & demographic factors, US Navy personnel, 5458
importance of human engineered system features, use of microcomputer in US Navy, conference presentation, 84
minority status & health risks, Black vs White male vs female US Navy officers, 1331
neurometric test of event-related potentials, selection for jobs requiring complex cognitive behavior, US Navy personnel, 26755
personality & perceptions of stress & peer relations, smoking behavior, US Navy enlisted males, 1206
problems & artificial intelligence solutions, technical training, US Navy personnel, conference presentation, 18786
proposed rape awareness lesson guide, US Navy recruit & follow-on commands, 10946
racial and ethnic differences, health risks & hospital admission rates, male Black vs White enlisted US Navy personnel, 1339
racial differences, deaths due to accidents or poisonings or violence, Black vs White Navy personnel, 1974–79, 32215
racial differences, hypertension & coronary heart disease, Black vs White Navy enlistees, United States, 1974–79, 12389
reliability of critical tracking test, assessment of performance in exotic environments, US Navy enlisted males, 136
serious accident at sea, manifestation of psychological symptoms, US Navy crewmen, 13245
ship collision, psychological distress & reactions, US Navy personnel, 30961
shipboard liaison program, improved mental health services, US Navy psychologists & psychiatrists, 4884
stress coping, major aircraft mishaps, culpable vs nonculpable naval aviators, 18763
temporal factors in stressful life events & self report illness measures, 18–27 yr old male naval submarine school students, 29719
training & fidelity requirements, maintenance of modified printed circuit boards, 17–35 yr old US Navy recruits, 2631
wartime naval psychiatry, France, 17118
Near Death Experiences
analysis of main vision in K. A. Porter's "Pale Horse, Pale Rider" as near death experience, 16847
attitudes & knowledge of near death experiences, pastoral counselors, 31926
elements of near death experience in combat, male war veterans, 16168
evidence of ESP in relation to out-of-body vs near death experiences, criticism of S. Blackmore's article, 16164
hashish-induced near-death experiences, 12
intelligence & personality traits, recall of near death experiences, 18–79 yr olds who had been near death, 13412
interpretation of near death experiences using concept of archetypes, reply to criticism of D. S. Rogo, 16165

ketamine near death experiences & theory of archetypes, reply to criticism of M. Grosso, 16167
love themes & near death accounts in relation to works by C. Dickens & V. Hugo & T. Wilder, 16839
out-of-body experiences as hallucinations caused by traumatic events surrounding near-death, 26866
out-of-body experiences vs psi, reply to E. W. Cook's criticism, 16162
parallels between near-death experiences & ketamine-induced hallucinations, 10
psychological & demographic & perceptual influences & preexisting physical conditions, near death experiences, 12–76 yr olds, 26880
survival after death, review of A. Gauld's book "Mediumship and Survival—A Century of Investigation", 21666
Nearsightedness [See Myopia]
Neck (Anatomy)
age & sex, magnitude of asymmetrical tonic neck reflex, 3 & 5 yr olds, 25066
EMG biofeedback assisted relaxation & stress reduction therapy, ability to decrease muscle tension & pain, 24–61 yr old patients with posttraumatic head & neck pain, 20871
Need Achievement [See Achievement Motivation]
Need for Affiliation [See Affiliation Motivation]
Need Satisfaction
childrearing practices, fulfillment of basic psychosomatic & psychosocial needs & subsequent emotional & social development, children, conference presentation, 30498
complementary/congruence model of well-being & mental health, need satisfaction by environment, community aged, 16123
correlates of healthy attitude toward loving, college students, 4056
drug addiction as unconscious attempt at satisfaction of archetypal need for initiation, 9824
irrational thinking & depression & degree of satisfaction with basic needs & loving & liking, romantic attitude toward love, college students, 25461
job involvement, need satisfaction, bank officers, India, 2687
need structure & extent to which promotion satisfies need, police officers, 13317
sentiment model, structure of fulfillment sentiment, adolescents, Japan, 11828
transpersonal psychology & biofeedback & brain dominance in need gratification, 24622
TV viewing & videogame playing, gratification of needs, 10–14 yr olds, 3741
Needs
adjustment & assimilation & learning needs, Asian immigrant students, implications for counselor education, 32113
age & sex & verbal reinforcement, task mastery motivation & need for approval, 4 vs 8 yr olds, 22294
age, need for order & acquiescence & exhibition & dominance & aggressive nonconformance, males vs females assessed at 70 & 75 & 79 yrs of age, longitudinal study, 3728
attitudes toward foreplay vs sexual intercourse vs afterplay, adult males vs females, 14428
capacity & belief in & motivation & purpose of control, 20161
changing demands & needs & provision of adequate care, senile dementia patients, UK, 12733
characteristics & service needs, mentally retarded residents of group homes, 28865
curiosity, need for cognition, college students, 1299
demographic & health & social service needs, developmentally disabled 53 yr olds & older, 4100
dependency needs, hospitalized paranoid schizophrenics vs those from rehabilitation centers, 7191
desire & anticipation, degree of emotion, college students & staff, 27188
development & dissemination of printed information about needs of handicapped, state & federal government agencies, 22998
educational needs & role of social worker, Mexican American students, US, 32159
family relations & needs & emotional states & information seeking related to disorder & treatment, 18–75 yr old Chinese females with ovarian cancer, Hong Kong, implications for management strategies, 28839
feedback from field, improvement of training programs & materials & products, training developers & evaluators, 8186
intentions to pursue career & need for achievement & value attached to career attainment, females aged 22–34 vs 35–44 vs 45–64 yrs, 13253
joint vs sole legal custody agreements, provisions for current & future physical & financial & educational needs, children, 22524
Maslow's cognitive need theory, prosocial/antisocial behavior, 9–14 yr old psychiatric patients, 9659
medical & mental health needs in correctional facilities, juvenile delinquents & children, 28938
meta-analysis of higher-order need strength, job satisfaction & motivation & performance, 32319
narcissism & needs & object relations, borderline patients, 20297
need dynamics using Maslow's hierarchy in leader-follower relationships, cliques of male college students, 20094
need for reliable & nurturing & attuned relationship with father during pre-Oedipal period, females, 14207
need for social approval & self concept, 14–22 yr old juvenile delinquents vs nondelinquents, 6906
need for socialized vs personalized power, male vs female managers, 29522
need-informational theory of emotions, role of frontal neocortex & hippocampus & amygdala & hypothalamus in genesis of emotional states & behavioral organization, rats, 6004
need patterns assessed using EPPS, adolescents & young adults of non-scheduled vs scheduled castes, India, 19887
need structures, retired persons living in retirement homes vs with family members, 6350
needs & behavioral styles, addressing various audiences, training implications, 26733
needs & characteristics & recommendations for community social workers, female prisoners, 23562
needs & coping abilities, families of children with developmental disabilities, 22983
needs & identification & enrichment activities, learning disabled gifted students, 10795
needs & perceptions during placement decision making, 46–65 yr old offspring of nursing home patients, 10473
needs & personality traits within family, child abuse, parents & their children, 9823
needs & rights, deaf hospitalized dying patients, implications for hospital staff, 12820
negative false feedback about task performance & negative evaluation on intellectual vs social dimension, causal attributions, female college students, 14519
onsite vs offsite measurement of "escape physical stress" needs, steelhead anglers, 16248
patient needs & attitudes of staff in intensive care units, quality of care, attempted suicide patients, 4968
perceived cause of need for help, compliance with requests for assistance & role of justice norm & action efficacy, college students, 28052
perceived need satisfaction & personality orientations, 20–50 yr old administrative officers, India, 32267
perception of mental health problems & need for psychological services, severely physically disabled 16–55 yr olds, 31264
perceptions of pastoral care needs & personal problems & desired elements of ministry, elderly nursing home residents, 31740
physical attractiveness vs need for intimacy vs self disclosure vs thoughts about dating partner, romantic love, college students, 20089
problems & needs of services, 17–67 yr old homeless consumers of acute psychiatric services, 21010
self consistency vs self enhancement needs, reactions to performance evaluations on important examination, college students, 13109
sexual & psychological & demographic correlates of nurturance needs, 16–35 yr old pregnant wives, 6517
social power need, female vs male college students, failure to replicate results of L. R. Good & K. C. Good, 12046
social work model for creation of family-institution alliance based on family's needs during hospitalization of family members, 15514
special educational needs & involvement & role of parents, children, 8093

stress & burnout & needs deficiencies & role conflict & ambiguity, staff members in community based programs serving mentally retarded adults, 5085
strong vs average vs weak academic achievement level, perceptions of needs, secondary school students & their parents, 23806
structure of needs, social functioning, paranoid schizophrenics, 4261
theory of personal need for individual uniqueness, 6676
traditional vs new education program, perceived needs & proficiencies, student teachers, 29150
use & need for & experience with & knowledge of & preference for social services, gays & lesbians with mean age of 32 yrs, 12746
Needs Assessment
assessment of counseling needs, ethnic & minority college students, 10882
assessment of developmental needs, preschool mentally & emotionally handicapped foster & adoptive children, 22640
assessment of health & mental health needs & satisfaction in VA psychiatric hospital, female patients, 15502
assessment of mental health service needs, 18–65 yr old discharged psychiatric patients, 31646
assessment of need for mental health services, consumers in rural environments, 23404
assessment of psychosocial needs, 11–20 yr old cancer patients, 31229
assessment of severely psychiatrically disabled patients' functional skills, severely psychiatrically disabled patients themselves vs practitioners, 18341
attitudes & needs of college students, directors of college counseling centers, 10878
attitudes toward intensity of medical needs of adult institutionalized mentally retarded patients, families & institutional staff, 21064
computer program, annual review of special education needs, 10804
counseling needs assessment, secondary school students, Nigeria, 23875
development of indicator scales for Comprehensive Assessment & Referral Evaluation Interview schedule, assessment of psychiatric & physical & environmental social problems & service needs, aged, 2898
economic marketing study, health care services supply & demand, rural community, 7570
educational needs & school failure, delinquent adolescents with mean age of 14.8 yrs, 13148
evaluation of individual needs, management of group relocation of workers, 10964
geropsychiatric outreach team, assessments of medical & psychological & social functioning, 60–94 yr olds at home, 15397
health planning conference, needs assessment, physicians & nurses & counselors & patients, 26262
in-home services & legal issues & health services & funding & community facilities & services as salient issues, senior citizens, implications for political mobilization, 14417
long term care information assessment process, assessment & projections of service need, elderly, 12698
need dynamics using Maslow's hierarchy in leader-follower relationships, cliques of male college students, 20094
need for needs assessment information, community mental health leaders, 2118
need for neuropsychological assessment services, Norway, 28849
needs assessed by objective theory-based vs empirically-based measure vs semistructured theory-based vs general interview, female college students, 32168
needs assessment & training efforts & organizational development during company culture change, 26789
needs assessment, adult education, comments on B. Brackhaus's article, 29244
needs assessment, guidance program, elementary school children & parents & teachers, 5362
needs during transition from child-oriented & school based to adult services, severely disabled 16–21 yr olds, England, 10387
operational approach, training needs analysis, management personnel, 10960
organizational systematic training model, needs assessment, secondary school counselors, 23718
prediction of manpower needs in general vs detoxification vs longer-term residential vs outpatient alcoholism treatment settings, 2211
prevalence of posttraumatic stress disorder & adjustment problems & treatment needs, Vietnam vs World War II vs Korean War veterans, 23067
rankings of aspects of educational psychologists' training & characteristics, teachers in international vs county schools, England, 7875
reliability & validity of Cancer Inventory of Problem Situations, documentation of psychosocial & physical problems, cancer patients with mean age 60 of yrs, 5650
sex & race & marital status, needs & problems, White vs non-White 1st & 2nd yr medical students, 26428
social indicator technique, assessment alcoholism service needs, 31787
sociodemographic & resource & policy factors, short term psychiatric bed use, Canada, implications for needs assessment, 4963
use of population-based variables to predict alcoholism service needs, 2210
use of social indicators, assessment of need for acute psychiatric services, adults & aged, 11075
validity of Lewis Counselling Inventory, identification of students in need of guidance & counseling, 4th form secondary school students, 21497
Negative Reinforcement
aversive control & interpretation of negative reinforcement, 29624
biofeedback training procedure & positive vs negative monetary incentives, control of skin temperature, college students, 6030
dose of phenobarbital & positive verbal vs negative shock reinforcement, performance on sentence completion task, introverted vs extraverted female graduate students, India, 24842
lesson structure & teacher-student interaction & negative reinforcement & rewards & monitoring, time on task, hearing impaired high school students, 21418
negative reinforcement, performance on discrimination training task, mentally retarded vs autistic 6–8 yr olds, 21409
positive & negative verbal reinforcement, latency & amplitude of evoked cortical activity, human Ss, 27370
Negative Transfer
hippocampal & septal lesions, negative transfer, rats, 27533
Negativism
defeatism & abrasion, psychotherapy clients, 15192
early maternal behavior & infant temperament, negativistic behavior, 4 yr olds, longitudinal study, 30509
education about reproduction & operation, negativity, patients prior to hysterectomy, 28826
performance expectations & personal control in task, self esteem & negative mood, male college students, 421
personality scales, measurement of negative affectivity, 12093
self hypnotic aspects of negative cognitive processes, use of hypnosis to enhance traditional sex therapy, 7495
somatic vs self devaluative statements on Velton mood induction procedure, negativistic interpretations & depression, college students, 427
therapist's counterintrojective statements, discharge of internal "critic", clients, 15137
Negotiation [See Also Bargaining]
androgyny & negotiation, parental role fulfillment & family functioning, White dual career families, 14290
attitudes toward divorce mediation & counseling, psychiatrists & psychologists & social workers & marriage counselors, 17873
attitudes toward divorce mediation, attorneys & judges, 17230
causes & modes of coping with stress, mediation professionals, 10598
coding mechanism for formal & professional naturalistic negotiation interaction, 6189
compliance with mediated vs adjudicated outcomes, defendants in small claims court, 3932
directions in research on organizational negotiation, 18831
divorce mediation, attorney & general health professionals, 17214
divorce mediation, attorney-therapist teams, 17208
games & secrecy & experience & culture, formation of blocs & outcome of negotiations, male college students, US vs West Germany, 17307

goal difficulty, success in reaching integrative solutions in competitive market simulation, college students, 17320
intake procedures, mediated divorce negotiation, 18256
interpersonal negotiations model for development of social competence, adolescents, 3686
interpersonal 3-component I-message confrontation, behavior change, 18–22 yr old males, 4005
leadership style in reaching agreement in negotiating committee group, 8199
mediator's proposal & number of issues & altered negotiator aspirations, bargaining outcomes, college students, implications for business & management, 8214
negotiation of order, staff & inmates & former inmates of maximum-security prison, 26373
negotiations following acquisition leading to combination of manufacturing firm with conglomerate, 18855
observation of matching vs soft vs tough negotiating strategy, negotiating strategy & rating of other negotiators, college students, 22610
origins & philosophical basis of divorce mediation, 1099
power & group size, bargaining behavior, college students, 2719
power imbalance, mediation of interpersonal disputes, 17311
preferences & situational power & negotiator personality, business negotiation outcomes, graduate business students, 21582
preferred vs actual role during teacher-school contract negotiations, elementary & secondary school principals, 31968
psychoanalytic contribution, divorce mediation, 17968
questions most often asked about divorce mediation, practicing mediator, 1107
reciprocation of concessions, negotiations in Strategic Arms Limitations, USSR & US, 1969–79, 6543
resistance to yielding, expectation of cooperative future interaction in negotiation, college students, 11997
review of research on negotiation behavior, 18856
similarities & differences of consultation vs mediation vs coercive bargaining, 20096
static & dynamic noncooperative game theory & dynamic contract theory of conflict resolution, 30768
structural influences, negotiation process in institutional reform of mental retardation, 1139
therapeutic mediation model, child custody dispute resolution, divorcing or divorced parents, 1163
unequal power in competitive vs cooperative context, influence strategy & perspective taking in negotiation, college student dyads, 4012

Negroes [See Blacks]

Neighborhoods
attitudes toward housing for elderly, residents & shopkeepers in neighborhood, 28866
community mental health empowerment strategies, barriers to seeking & receiving help, White Polish/German urban communities, US, 11874
criminal victimization, Anglo & Mexican-American & Black elderly residents of public housing, 28310
decline of community thesis & characteristics of neighborhood organizations, 1929 vs 1979, 6428
environmental determinants of neighborhood satisfaction, urban male 60–81 yr olds, 14239
group size & neighborhood heterogeneity, intergroup conflict & interpersonal crime, examination of P. M. Blau's theory of social structure, 1973–78, 1239
multiethnic poor socioeconomic municipality & lack of support networks, depression in mothers & behavior problems in children, native vs immigrant mothers with newborn infants, Australia, 25606
neighborhood exchange & natural helping social support system, widows with mean age of 76 yrs in retirement housing, 3708
neighborhood setting, tobacco & alcohol & marihuana usage, junior high school students, 11667
perception of desert urban residential quality, male Saudi Arabian vs US students & city residents, US vs Saudi Arabia, 26840
project LINC, neighborhood-based helping networks linked to community agencies, residents of all ages, emphasis on aid to frail elderly, 15421
SES & family structure & neighborhoods, fertility, 13–19 yr old Black females, 27852
socialization & aging group consciousness, Ss 60 yrs & over living in low vs average vs high concentrations of elderly neighbors, 30539

Nembutal [See Pentobarbital]

NeoFreudian School [See Neopsychoanalytic School]

Neologisms
verbal & spontaneous paraphasias & neologisms during recovery, 11 & 9 yr old males with acquired aphasia & 11 yr old female with fluent aphasia & 5 yr old male with phonemic jargon aphasia, 15009

Neonatal Development
analysis of infant observation seminar data using Jungian concepts, 3745
behavioral development, preterm infants assessed at 35 & 38 & 40 & 44 wks postconceptional age, longitudinal study, 14081
biological preprograming, adaptation & behavior, infants, 30395
birth weight & gestational age & fetal heart rate, neonates classified as fetal heart rate decelerators vs accelerators, 9098
bottle feeding interactions & perceptions of infant, mothers & their preterm vs full-term newborn infants, 1-mo followup, 30365
chronic sc or ip administration of CGS 8216, social interaction & exploratory behavior, neonatally treated rats studied at adolescence, 6122
concept of state, neonates, 9081
EEG analysis of functional development of central & occipital regions of cortex, 1–4 wk olds, 871
maternal addiction to narcotic & nonnarcotic drugs, fetal & neonatal development & addiction, newborns, conference presentation, 4287
maternal methadone maintenance & age, motor & state functioning, infants observed at 1 day & 1 mo of age, 6308
neonatal & developmental behavioral characteristics, children born to heroin- & methadone-addicted females, 17651
neonatal & later activity & development of temperament style, 4–8 yr olds, 17065
neonatal handling vs maternal separation, developmental changes in heart rate & behavioral reactivity & adult blood pressure regulation, spontaneously hypertensive vs normotensive rats, 24706
neonatal hyperbilirubinemia & phototherapy, immediate verbal-memory skills, 6 yr olds, 31201
prenatal & postnatal administration of phosphatidylserine, avoidance learning & neonatal behavioral development, rats, implications for brain synapse development & etiology of mental retardation, 16754
prenatal exposure to smoking & caffeine & alcohol, behavior & development, neonates, 9108
psychomotor development during 1st yr of life, mentally retarded, 6984
reduced levels of thyroxine through radioactive iodine vs 1,2,3-tricyano-2-amino-propene, social behavior, neonate monkeys, 22145
unfavorable prenatal & perinatal & neonatal events, autistic children, 28190
unfavorable prenatal & perinatal & neonatal events, autistic children, 6766

Neonatal Disorders [See Also Cleft Palate, Downs Syndrome, Klinefelters Syndrome, Phenylketonuria, Turners Syndrome]
intranatal asphyxia, neurohistological morphological changes, newborns, implications for etiology of mental retardation, 1685

Neonates
a priori cluster scoring of Brazelton Neonatal Behavioral Assessment Scale, reply to comments on article by R. A. Maier, 29771
acoustic signals preceding vs accompanying tap to glabella, reflexive eyeblink, 12–90 hr olds vs 18–35 yr olds, 25098
adaptation to 1 wk through 36 mo old infant's heart surgery, mothers, 21001
age of occurrence of habituation to visual stimulus & preference for novel vs familiar pattern, 18 hr olds to 6 day 19 hr olds, implications for role of retinal adaptation vs memory, 6325
Apgar scores 5 & 10 minutes after delivery, screening for abnormal psychological development, infants, 6264
assessment of temperament & individual differences, newborn twins, 9-mo followup study, 25212
attachment behavior & mother-infant bonding, reply to comments by J. Kennell & M. Klaus, 6253

attitudes & practice toward newborn death, funeral directors, 5430
auditory-visual motor coordination, 2–4 day olds, 22352
behavioral development, preterm infants assessed at 35 & 38 & 40 & 44 wks postconceptional age, longitudinal study, 14081
birth weight & gestational age & fetal heart rate, neonates classified as fetal heart rate decelerators vs accelerators, 9098
body build changes & stepping reflex, newborns, 11709
bottle feeding interactions & perceptions of infant, mothers & their preterm vs full-term newborn infants, 1-mo followup, 30365
Brazelton Neonatal Assessment Scale, behavioral evaluation, neonates 24 & 72 hrs after birth & 10 & 20 & 30 & 45 days old, 30371
broadband noise vs tone, tympanometric & acoustic reflex characteristics, 24–130 hr old neonates, 27805
causes & movements associated with self scratching injuries on face, newborn infants, 27736
changes in absolute locus of array, detection of invariant spatial relationship, neonates, 22304
circumcision with vs without anesthesia, behavior & attention, full term neonates, 7527
clonidine, treatment of passive narcotic addiction induced by maternal methadone maintenance, neonates, 28989
cognitive adaptations to stress associated with newborn intensive care, mothers of high risk infants, 25488
cognitive capacities involved in speech processing, neonates & infants, conference presentation, 25123
collaboration of medicine & psychology in assessment procedures, neonates, literature review, 9237
communication modalities, mothers & their infants from birth to 9 mo, 14299
contrast & spatial frequency, resolution of square-wave gratings, preterm neonates, 22348
critical period for attachment & mother-infant bonding, literature review, 6254
development of facial imitation, 12–21 day old infants, 6310
development of Moro Scale, evaluation of immediate & long term effects of neonatal narcotic addiction & withdrawal, neonates with drug-free vs methadone-addicted mothers, 14774
developmental therapy, intensive care units, neonates, 2139
discrimination between 2- & 3-dimensional stimuli, neonates, 9231
dynamics of hospital care of newborn, relationship between parents & professionals & institutions, conference presentation, 7574
early intervention during hospital stay, mother-infant interaction & maternal perceptions, mothers & their preterm infants, 15478
early lateralization of auditory evoked potentials & later language development, infants tested 36 hrs after birth, 3-yr followup study, 30455
EEG analysis of functional development of central & occipital regions of cortex, 1–4 wk olds, 871
effects of father's birth attendance & early & extended contact with newborns, subsequent father-child relations, literature review, 22483
exploration & attachment to mother & fear of strangers, infants of mothers with history of psychosis observed from 3 days to 2 yrs of age, 6821
factors relating to telephone disposition & diagnosis in family practice setting, 0–24 mo old febrile patients, 21002
failure of bond formation, child abuse & neglect & maltreatment, mothers who had limited contact with newborn at birth, 6903
fetal activity & neonatal behavior assessed using Brazelton Neonatal Behavioral Assessment Scale, 3–5 day olds, 27726
first oral cue & first sustained cry, newborn infants with mean age of 64 min, 16943
frequency of dyadic behaviors & vocalizations & visual contact during breastfeeding, 18–34 yr old mothers & their male vs female newborns, 25304
gestational age & race & sex, neurobehavioral responses on Prechtl Neurological Examination, preterm infants at term conceptional age, 9082
gestational age, behavior, female vs male newborn twins, 16595
grieving patterns & psychosocial functioning, families of neonates whose life support was withdrawn, 27958
group instruction, working with parents with pathological behavior, nurses in neonatal intensive care unit, conference presentation, 7516
heel lance vs noninvasive tactile stimulation, changes in heart rate & crying, male vs female neonates, implications for clinical assessment of pain, 22338
individual differences, mother-infant relationship, normal newborns, 17066
involvement of cholinergic & noradrenergic systems in behavioral adaptation to stress during perinatal period, anxiety, fetus or neonate & mother, 25199
issues of euthanasia & quality of life, newborns with severe handicaps, 14979
length of contact at delivery, affectionate behavior, mothers & their infants assessed 1 & 3 & 28 days after birth, 27936
light emitting diode photo stimulation, elicitation of visual evoked responses, healthy preterm & fullterm neonates, 22337
maternal addiction to narcotic & nonnarcotic drugs, fetal & neonatal development & addiction, newborns, conference presentation, 4287
maternal after birth contact & meperidine during labor, neonatal behavior during 1st 2 days of life, 3583
maternal-infant contact & prolonged separation following birth, attachment behavior, premature & seriously ill full-term neonates at 12 mo, 27873
maternal methadone maintenance, somatic & neurobehavioral characteristics, neonates, 18-mo study, 6321
maternal perception of infant at 1 mo of age assessed by Neonatal Perception Inventory, social-emotional development, 4.5 yr olds, replication of study by E. R. Broussard & M. S. Hartner, 5645
maternal vs objective ratings of neonates' behavioral style, females who experienced normal delivery vs childbirth complications, 14004
nature & extent of advocacy for special educators, pediative euthanasia, handicapped newborn, 15894
need for attentiveness & openness & alertness, caretakers in special premature baby care unit, conference presentation, 7528
neonatal intensive care unit open to mothers 1 hr vs 24 hrs per day, mother-infant relations & maternal interest, 15498
neonatal intervention based on Brazelton Neonatal Behavior Assessment, mother-infant & father-infant & husband-wife interaction, mother-infant dyads vs mother-father-infant triads, 22458
Neurologic Evaluation of the Newborn and the Infant, assessment of active & passive muscle tone, 19085
nutritive sucking behavior, female neonates classified as optimal vs suboptimal feeders, 9131
observation of infant's behavior & projective identification of mother, attribution of personality traits to infant, 17–30 yr old mothers & their neonates, 6501
organization of spontaneous leg movements, 2–4 wk olds, 884
orientation toward sounds, neonates, 6313
orientation toward sounds, neonates, 27791
ototoxic drugs in treatment of gram-negative bacterial sepsis, risk of permanent hearing loss, neonates, 18095
paregoric vs phenobarbital vs diazepam, drug abstinence, neonates born to heroin- or methadone-dependent mothers, conference presentation, 5038
pathogenesis of jitteriness or tremor, newborns, 7115
patterned vs unpatterned auditory stimulation, crying behavior, neonates, 30403
perinatal risk events, identification of variables effecting development, 2 wk to 6.5 yr old Filipino children, 16901
post delivery mother-infant contact, facilitation of attachment, primiparous mothers & infants, 6512
postnatal contact, attachment & mother-infant bonding, comments on article by B. Myers, 6246
postnatal development of optokinetic after nystagmus, 1–10 mo olds, 876
postures, 3 day olds, implications for adult-infant interaction experimentation, 25054
preference for & discrimination of male voices, female newborns with mean ages 48–68 hrs, 16927
prenatal exposure to anesthetic drugs, preferences for visual patterns, 20 hr to 6 day old neonates, 14014
quantitative standardization data on primitive reflexes, normal infants, 2-yr longitudinal study from birth, 13538
ratings of temperament of self & spouse & each twin, parents of newborn through 5 yr old female vs male twins, 25234

regulation of breathing during REM vs non-REM vs indeterminant sleep vs waking, human & animal neonates, literature review, 620
relationship between infant temperament & maternal concern & adjustment, mothers & their 5 wk to 6 mo olds, implications for educational & diagnostic services, 27943
repeated rattle sounds, habituation & dishabituation of head turning, neonates, 9141
sensitivity to luminance contrast in checkerboards, newborns & 2 mo olds, 11714
significance of speech to newborns, hospital staff, 6261
social development stages, children from birth to 2 yrs old, 17094
social interaction, mothers with nonorganic psychosis & their 3 day olds, 20327
sound duration, head orientation responses, newborns, 19802
spatial frequency of stimuli & habituation, preferences for novel visual stimuli, newborns, 19859
staff support & coping mechanisms, mothers with infants in intensive care units, conference presentation, 7534
stimulus contour length vs size vs number vs variability & amount & location, visual fixations while scanning displays, newborns & 4 & 8 wk olds, 11755
time of day, sucking behavior during bottle feeding & interactions with mothers, neonates, 874
treatment approach based on relationship between proprioceptive sensations & archaic affectivity & motor coordination, control of praecox psychotic states, infants, 4592
validity of K-Tron Digital Scale, measurement of breast-milk intake, newborns, 25035
variations in spectral composition of rattle sound, behavioral & cardiac orienting responses, newborns & 5 mo olds, 11751
visual discrimination & imitation of visual expressions, neonates, 6238
wakefulness & visual responsiveness, low medical risk preterm vs full-term healthy neonates, implications for caregivers, 16865
Neonates (Animal) [See Infants (Animal)]
Neonaticide [See Infanticide]
Neophobia
activity & taste neophobia & aversion to saccharin, postweanling mice housed in isolation vs group conditions, 21936
chlordiazepoxide & food deprivation & familiarity with test apparatus & procedure, eating latency & time & amount eaten of familiar vs novel foods, rats, 6160
diazepam, hyponeophagia & benzodiazepine receptor binding, rats of several genotypes, 9019
effects of 5-methoxytryptophol, novelty habituation, male rats, 27568
feeding neophobia & level of ecological generalism during winter, immature bay-breasted vs chestnut-sided wood warblers wintering in neotropical forests, 5900
formation of conditioned flavor aversion vs neophobia during grooming, male mice & rats, 19316
lesions of basolateral vs lateral amygdala, neophobia & conditioned taste aversion, male rats, 700
memory & perceptual-alerting processes, neophobic responses, rat pups, 24559
unfamiliarity of unpalatable prey item, avoidance generalization, blue jays, 19337
Neoplasms [See Also Brain Neoplasms, Breast Neoplasms, Endocrine Neoplasms, Leukemias, Nervous System Neoplasms, Terminal Cancer]
ability to generate favorable slant to situation & modification of beliefs about cause & course of affliction adjustment, breast cancer patients, comments on article by S. Taylor, 25856
anticipatory nausea & vomiting associated with cancer chemotherapy, 19–70 yr old oncology outpatients, 7488
articulation & mastication & deglutition & tasting, 31–73 yr old patients with partial tongue resection for malignant neoplasms, 9989
assessment of psychosocial needs, 11–20 yr old cancer patients, 31229
attitudes & knowledge & behavior, classmates of 12–18 yr old cancer patients, 31176
behavioral intervention, reduction of chemotherapy-related nausea & vomiting, 10–17 yr old cancer patients, 12598
cancer & suicide & rational suicide movement, terminally ill patients, implications for legalization of suicide, 28146
cancer, adjustment stages, families, 23011
cancer survival, psychiatric symptomatology & adjustment problems, former childhood cancer patients with mean age of 18 yrs, 7102
cancer survival, psychiatric symptomology & adjustment problems, former childhood cancer patients, 28479
codable supervision rating format as systematic supervision for brief psychotherapy, spouses of cancer patients, 1834
cybernetic approach, cancer, 31213
cystoscopy, stress & coping behavior, 36–70 yr old males with chronic genitourinary cancer, 25922
death attitudes & role of psychiatrist & psychopathology & interactions with family & hospital staff, hospitalized terminally ill patients with lung cancer, 31725
defense mechanisms, disease awareness, cancer patients, 23045
depression & anxiety, 20–78 yr old cancer patients, 1647
development & leadership of staff support groups for reduction of stress, nurses working in cancer center, 15635
development & validation of screening instrument, prediction of level of emotional distress 2–6 mo after cancer diagnosis, adult oncology patients, 5662
development & validity of Visual Analogue Scales of Pain & Depression & Anxiety, assessment of sensory & affective components of cancer-related pain, 17–86 yr old severely ill cancer patients, 8386
development of aversion to food following chemotherapy, 24 yr old female with cancer, 31514
development of self report for assessment of sexual functioning after treatment for gynecological cancer, females with mean age of 56.5 yrs, 13533
diagnosis & early treatment, psychiatric morbidity & relevant symptoms & satisfaction with communication, 19–77 yr old patients with malignant lymphoma, 10072
diagnosis & prevalence of depression, 18–70 yr old oncology inpatients, 7028
diagnosis & treatment of affective disorder, cancer patients, 9967
diagnosis & treatment of depressive symptoms, cancer patients, 14961
diagnosis of high thoracic spinal cord meningioma masked by anorexia nervosa, 19 yr old single female, 23023
drop-in crisis intervention support group, cancer patients & their families, implications for clinical social work in hospital oncology units, 28910
drug information &/vs side-effect management techniques, chemotherapy knowledge & self care behaviors, cancer patients in chemotherapy, 10342
emotional & cognitive adaptation, children with cancer, 14892
emotional expressivity & personality & approach to life & smoking behavior, male bronchial carcinoma patients, 17710
ethnicity, trait anxiety & self esteem & health locus of control & impact of illness, 10–21 yr old Hispanic vs White cancer patients, implications for use of behavioral intervention in cancer treatment, 28527
evaluation of group stress & activity management treatment program, 25–70 yr old ambulatory cancer patients & their spouses, 31422
experience of cancer during early & advanced stages & coping behavior, 30–44 yr old female patients with cervical or breast or gynecological cancer & their mates, 4440
exposure to continuous quarrels & divorce & development of malignant growths, patient offspring in later life, Greece, 23022
factors affecting participation in 1st & 2nd rounds of community-based colorectal cancer screening, 41–71 yr olds, 7539
factors affecting psychosocial adjustment to illness, cancer patients, 4495
family relations & needs & emotional states & information seeking related to disorder & treatment, 18–75 yr old Chinese females with ovarian cancer, Hong Kong, implications for management strategies, 28839
hypnosis & behavior modification, phantom-organ pain, male cancer patient, 25961
hypnosis, pain & negative psychological factors, cancer patients, 7496
hypocholesterolemia, mortality from cancer & other physical illnesses, mentally handicapped adults, 17674

individual & treatment related factors, anticipatory nausea after receiving initial chemotherapy, cancer outpatients, 31485
individual psychological development & patient role & clergy responses, cancer patients, 2131
interactions with medical staff, parents of children with cancer, 2146
issues in psychological care, children undergoing cancer treatment, 7521
knowledge & behavior regarding primary cancer prevention, White vs Black vs Mexican-American urban community residents, 20644
life changes, cancer onset, 16–68 yr old identical twins, 28499
live vs tape-recorded music, anxiety & physical discomfort & mood, 17–69 yr old cancer inpatients, 10456
living with cancer, 50 yr old surgeon, 28459
long term phenothiazine treatment, pituitary tumors, 31–76 yr old psychiatric patients, 7458
management of pain, cancer patients, 15072
mass screening for cervical cancer, psychological side-effects, 35–54 yr old females with positive vs negative smear, 2059
McGill Pain Questionnaire, identification of pain syndromes, rheumatoid vs degenerative arthritis vs cancer patients, 178
memory & emotional & personality disturbances, 28 & 64 yr old females & 33 yr old male with third ventricular colloid cysts with no hydrocephaly, 25859
mental factors in onset & progress of cancer, literature review, 28418
methodological refinements in Observation Scale of Behavioral Distress, habituation & validity of scale, pediatric cancer patients undergoing bone marrow aspiration, 13561
motivational theory of depression, adjustment disorder, terminal & non-terminal cancer patients & their families, 17764
muscle relaxation training, insomnia, 21–80 yr old cancer patients, 4713
music therapy, treatment of anxiety & fear, terminal cancer pediatric patients, 15038
noncategorical approach, psychosocial research of chronic disease, 6715
nutritional supplementation &/or relaxation training, malnutrition & weight loss, adult cancer patients, 26235
parental coping strategies, stress & marital quality & relations with medical staff & friends, families of 4–21 yr olds with cancer, 22926
peer education, coping with cancer, 3rd–12th grade cancer patients returning to school, 18738
perception of stigma, rectal cancer patients, 25863
perceptions of life changes & loss of cancer patients, 18–73 yr old cancer patients & oncologists & nursing staff members, 2158
personal & relational approach to treatment in pediatric oncology ward, 4977
phantom rectum syndrome, 34 yr old female who was operated on for rectal cancer, 31262
physician-patient relationship & information & attention from doctor, coping with anxiety & uncertainties, cancer patients with mean age of 53.7 yrs, 7555
preventive psychosocial intervention, distress & coping, newly diagnosed cancer patients, 23467
problems in care of difficult-to-treat cancer patients, 4563
problems in radiotherapy, treatment of cancer patients, radiographers, 10343
psychiatric oncology, bibliography of publications in consultation-liaison psychiatry, 31215
psychiatric symptoms associated with or following cancer, 12390
psychobiological aspects of cancer, depressed patients, implications for psychotherapy, 17818
psychodynamics of illness & treatment & quality of life, children & adolescents with cancer & their families, literature review, 17757
psychological & social functioning pre- vs post-stoma surgery, patients with cancer & colitis & diverticular disease, 18204
psychological coping behavior, Holocaust cancer patients with mean age of 58.8 yrs vs cancer patients with mean age of 59.5 yrs, Israel, 12326
psychological problems & doctor-patient relationship, patients & staff in dialysis & intensive care & oncology units, 4939
psychological reactions to cancer, oncology patients in psychotherapy, 14968
psychological treatment of pain, late-stage cancer patients, 31402
psychopharmacology & drug treatment of neoplastic pain, 31528
psychosis & thymoma & hyperreligiosity, 19 yr old Black female, 1322
psychosocial intervention, cancer patients, 12430
psychosocial intervention, child or adolescent cancer patients & their families, 28890
psychosocial intervention issues, Hispanic families confronted with diagnosis of childhood cancer, implications for mental health professionals, 7609
psychosocial needs & summer camp program, 7–18 yr olds with cancer, 26371
psychotherapy, children with cancer, 20745
psychotherapy, 45 yr old female lung cancer patients, 4646
radiotherapy with vs without psychotherapy, distress, 23–81 yr old cancer patients, 15041
reactions to death of adult child from cancer, parents, 1720
recurrent & treatment resistant depression & positive dexamethasone suppression test, 66 yr old surgical patient with adenocarcinoma of pancreas, 20933
reliability & validity of Cancer Inventory of Problem Situations, documentation of psychosocial & physical problems, cancer patients with mean age 60 of yrs, 5650
reliability & validity of questionnaire for assessment of malaise, cancer patients undergoing radiation therapy, 21759
reliability of characterization of pain by words, cancer vs arthritis patients, 12384
religious intrinsic values & perceptions of meaningfulness of life, coping behavior & well being, 20–76 yr old cancer patients, 14885
repressive coping reactions, 40–65 yr old patients with malignant melanoma vs cardiovascular disease, 9960
role in rehabilitation of children with cancer, school counselors, 23563
role of cancer psychotherapists, 7800
seeking & providing social support from close friends, parents of children with cancer, 31140
self administered Cancer Inventory of Problem Situations, assessment of type & severity of problems, cancer patients with mean age of 60 yrs, 151
self concept & social support & psychological distress, 28–58 yr old females who underwent biopsy for suspected cancer, 3-mo followup, 4450
self report vs O report vs behavior checklist, assessment of pain & anxiety & distress behavior during medical procedures, 6–17 yr old cancer patients, 4474
sexual & marital problems, males with mean age of 32 yrs treated for testicular cancer, implications for counseling, 1916
sexual functioning deficits & sexual satisfaction & adjustment in marriage & body image, 27–67 yr old females with breast vs gynecological cancer, 20473
side effects of chemotherapy, distress & disruption of daily life, lymphoma & adjuvant & metastatic cancer patients, 10292
social support, adjustment, 30–70 yr old patients with breast or intestinal cancer, 31151
social support, psychosocial adjustment, 23–58 yr old parents of children with cancer, 4491
somatic therapy, mood & lymphocyte activity, in regression cancer patients, 10365
stage & type of cancer, prevalence of cancer-related pain, 17–86 yr old ambulatory oncology patients, 9883
standard Brompton mixture vs morphine, analgesia, cancer patients, 31518
stress, growth of viral vs nonviral cancers, animals, literature review, 30122
stressful life events, psoriasis & chronic urticaria & mycoses & carcinogenic vulnerability, children & adults, 4502
taped vs live relaxation in systematic desensitization treatment, anticipatory nausea & vomiting, cancer patients, 15260
teaching of breast self-examination & cervical screening techniques, opinion concerning early treatment & practice, females, 10347
tobacco smoking & risk of cancer, 27–75 yr old chronic schizophrenic inpatients & deceased schizophrenics, 28225
treatment information received by mail vs just before vs after appointment, effectiveness of information booklet in patient preparation, cancer center outpatients, 31299

tripartite behavioral assessment of anticipatory nausea & vomiting with chemotherapy, 15–64 yr old cancer patients, 26138
validation of Anamnestic Comparative Self-Assessment scale, assessment of subjective quality of life, 16–81 yr old patients with malignancies, 5597
video games, side effects & distress associated with chemotherapy, 11 & 16 & 17 yr old pediatric oncology patients, 23102
visible physical impairment resulting from cancer treatment, psychosocial adjustment, pediatric patients, 7101
vocalizations by caregivers at 3 phases of treatment regimen, sequential variations in interaction with caregiver, 8–21 yr old hospitalized cancer patients undergoing chemotherapy, 15326
Neopsychoanalytic School [See Also Individual Psychology, Jungian Psychology]
Kleinian approach to analysis of transference in practice, comments on M. M. Gill's "Analysis of Transference", 15179
Neostigmine
acetylcholinesterase inhibitor neostigmine injections into dorsal pontine tegmentum, sleep wake cycle, male cats, 22133

Nerves (Peripheral) [See Peripheral Nerves]
Nerves (Spinal) [See Spinal Nerves]
Nervous Breakdown [See Mental Disorders]
Nervous System [See Also Abducens Nerve, Acoustic Nerve, Adrenergic Nerves, Amygdaloid Body, Auditory Cortex, Auditory Neurons, Autonomic Nervous System, Axons, Baroreceptors, Basal Ganglia, Brain, Brain Stem, Caudate Nucleus, Central Nervous System, Cerebellum, Cerebral Cortex, Cerebral Ventricles, Chemoreceptors, Cholinergic Nerves, Cones (Eye), Corpus Callosum, Cranial Nerves, Dendrites, Diencephalon, Dorsal Roots, Extrapyramidal Tracts, Facial Nerve, Frontal Lobe, Geniculate Bodies (Thalamus), Globus Pallidus, Gyrus Cinguli, Hippocampus, Hypothalamo Hypophyseal System, Hypothalamus, Inferior Colliculus, Limbic System, Mechanoreceptors, Medulla Oblongata, Mesencephalon, Motor Cortex, Motor Neurons, Myelin Sheath, Neural Analyzers, Neural Receptors, Neurons, Occipital Lobe, Olfactory Nerve, Optic Chiasm, Optic Lobe, Optic Nerve, Parasympathetic Nervous System, Parietal Lobe, Peripheral Nerves, Photoreceptors, Pons, Proprioceptors, Pyramidal Tracts, Receptive Fields, Reticular Formation, Rods (Eye), Sensory Neurons, Somatosensory Cortex, Spinal Cord, Spinal Ganglia, Spinal Nerves, Spinothalamic Tracts, Superior Colliculus, Sympathetic Nervous System, Synapses, Telencephalon, Temporal Lobe, Thalamic Nuclei, Thalamus, Thermoreceptors, Trigeminal Nerve, Vagus Nerve, Visual Cortex]
lesions of esophageal nerves to interrupt communication between buccal ganglia & gut, learning to avoid inedible food, Aplysia, 3390
limitation of time & speed of signal presentation & high vs low lability of nervous processes, characteristics of brain associative functions, 6 yr olds, 22326
nervous system & neurotransmitter activity during long term antiorthostatic hypokinesia & recovery period, 32–41 yr old males in space flight simulation, 16682
regressive events & neural degeneration, development of mature neural system, vertebrates, 5971
standard-oriented focus of future neurotoxicological research, effects of exposure to industrial chemicals on nervous system, 19651
Nervous System Disorders [See Also Acalculia, Agraphia, Alcoholic Hallucinosis, Alcoholic Psychosis, Alzheimers Disease, Ataxia, Athetosis, Autonomic Nervous System Disorders, Brain Concussion, Brain Damage, Brain Disorders, Brain Neoplasms, Cataplexy, Central Nervous System Disorders, Cerebral Palsy, Cerebrovascular Accidents, Convulsions, Delirium Tremens, Dyskinesia, Encephalitis, Epilepsy, Epileptic Seizures, Gilles de la Tourette Disorder, Grand Mal Epilepsy, Hemiplegia, Huntingtons Chorea, Hydrocephaly, Hyperkinesis, Korsakoffs Psychosis, Meningitis, Microcephaly, Minimal Brain Disorders, Movement Disorders, Multiple Sclerosis, Muscular Dystrophy, Myasthenia Gravis, Myelitis, Nervous System Neoplasms, Neuralgia, Neuromuscular Disorders, Organic Brain Syndromes, Paralysis, Paraplegia, Parkinsons Disease, Peripheral Nerve Disorders, Petit Mal Epilepsy, Picks Disease, Presenile Dementia, Quadriplegia, Sclerosis (Nervous System), Senile Dementia, Toxic Psychoses, Trigeminal Neuralgia]
abnormalities of neuropeptide concentrations in neurological disorders, 9998
age differences & construct validity of Wechsler Memory Scale, 20–79 yr olds with suspected neurological disorders, 13617
analysis of Peabody Developmental Motor Scales, children up to 83 mo of age with abnormal gross & fine motor skills, 182
art therapy, 17 yr old male with degenerative disease, 1809
attachment behavior, mothers & their 12–26 mo olds with manifested primary neurological impairment or undiagnosed delay in gross development, 23037
brain stem acoustic EPs, 20–60 yr old patients with Wilson's disease, 28454
cardiac arrest, neurological & neuropsychological symptoms, 22–66 yr old patients, 5–18 mo followup, conference presentation, 20539
case report, human female with Behcet's disease, 10-yr followup study, 20618
clinical course of Rett's syndrome, occurring only in girls, 35 mo & 13 yr old females, 17751
clinical pathological findings, presenile dementia with motor neuron disease, adults, Japan, 20564
cliquinol, functional disturbances of polymodal sensory receptors, dogs, implications for myelo-optico-neuropathy paresthesia, 22185
congenital rubella, mental retardation & behavior disorders & neurosis & autism & neurologic damage, preschool age children, 4–5 yr follow up, 9907
congenital vascular malformation of vein of Galen, psychiatric & neurologic manifestations, 18 yr old male, 14982
cortical stimulation, transient neuropsychological abnormalities & Gerstmann's syndrome, 17 yr old right handed male with partial seizures, 14966
dextroamphetamine & methylphenidate, 57–73 yr old depressed patients with neurological disease, 4784
differential diagnosis, schizophrenia vs adrenoleucomyeloneuropathy, 32 yr old male, 22650
disorders in central & peripheral regulatory processes, development of depression, 4250
DNA markers, defective genes & nervous system diseases, 5959
educational art & drama group activities, developmental skills, 3.1–6.1 yr olds with neurological impairments & physical handicaps, 21125
gastric fundus surgical ostruction, proprioceptive polyneuropathy, 64 yr old nonobese male receiving parenteral hyperalimentation, 7085
hemodialysis vs peritoneal dialysis, vibratory perceptual threshold, uremic polyneuropathy patients, 18207
high pressure liquid chromatography, measurement of monoamine metabolites in CSF & profiles of neurologic & psychiatric conditions, 9592
lithium & sodium & potassium & rubidium & cesium & francium, neuropsychiatric aspects of alkali metal deficiencies & excesses, literature review, 28525
lithium intoxication, development of long-lasting neurological sequelae, 28–67 yr old patients, 28794
minaprine, memory & vigilance & visual motor capacities, patients with structural neuropathy, 4775
neurological & psychopathological features, schizophrenic vs affective patients, 9680

neurological abnormalities, patients with bipolar disorder, 9687
neurological problems, etiology of tinnitis, 19–87 yr old patients, 4475
neurological signs & symptoms in detection of malingering, 1529
neurological soft signs, subsequent anxiety withdrawal disorder & affective disorder & IQ, 17 yr olds assessed at age 7, 20198
neuropediatric aspects, hereditary & sensory neuropathies, 2–15 yr olds, Sweden, 10026
neuropsychiatric side effect of antihypertensives, 12622
neuropsychological status, quality of everyday life functioning, patients with chronic obstructive pulmonary disease & neuropsychological impairment, 25874
nomifensine, precipitation of seizures, implications for management of patients with epilepsy & neurological diseases associated with lowered seizure threshold, conference presentation, 7481
occupational exposure to organic solvents, narcosis & other nerve dysfunctions & physical symptoms, workers, 16134
occupational organic solvent poisoning, neurological clinical manifestations, conference presentation, 20531
occupational therapy approaches, perceptual motor disorders, children, literature review, 21099
ontogeny of synaptic neurochemistry, rats, implications for pediatric neurology, 16616
opioids, treatment of restless legs syndrome, 47 & 54 & 58 yr old patients, 15331
pathogenesis of jitteriness or tremor, newborns, 7115
prevalence of dimensions of psychotic & affective signs & symptoms, neuropsychologically impaired vs neuropsychologically intact schizophrenics, 22655
progressive supranuclear palsy, 48 yr old female, 17725
psychiatric symptoms associated with delayed anoxic encephalopathy, male 29 & 55 yr old patients, 10030
scrapie as experimental model for Alzheimer's disease, sheep & goats, 22934
serum & CSF concentrations of clobazam & its metabolite, neurological patients, 28777
Shy-Drager syndrome initially diagnosed as depression, 66 yr old male, 4471
simulated deep diving, development of organic affective syndrome, male diver, 4520
therapeutic music program, vocabulary improvement, neurologically impaired 53 yr old male, 10089
thermal biofeedback training, female patients with Raynaud's syndrome, 4725
thermal lesions & neuropsychiatric disorders & body responsiveness, literature review, 4467
validity of & assessment using mini-mental state examination, 18–83 yr old neurological patients, 19051
visual-discrimination paradigm, assessment of perceptual-cognitive abilities, neurologically impaired 26 mo old male with quadriplegia, 14903

Nervous System Neoplasms [See Also Brain Neoplasms]
clinical features & prognostic factors & therapeutic results, Ss aged few hours through 14.6 yrs with neuroblastoma, followup at age 13.6 yrs, 1683

Nervousness
facial morphology, nervous & sentimental personalities, 22621

Nest Building
chemical communication system during foraging & nest-relocation, African stink ant, 5905
communal roosting behavior, birds, 21952
genetic differences in plasma progesterone levels, maternal nesting, pregnant mice, implications for role of thermoregulation, 5962
multiple nests, antipredatory behavior, ants, 27246
use of green plant material, inhibition of ectoparasitic infestation, North American Falconiformes, 16570
vulnerability to predation, selection of nest sites, adult & adolescent orangutans, 3241

Netherlands
analysis of Beck Depression Inventory & Self-Rating Depression Scale & Depression Adjective Check Lists, assessment & diagnosis of depression, Netherlands, 25547
application of Expectancy-value theory to participation & mobilization in social movements labor union mobilization campaign & worker attitudes, union members, Netherlands, 8-mo longitudinal study, 25429
attitudes toward retirement, 60 vs 64 yr old employed males, Netherlands, 29558
Beoordelingschaal voor Oudere Patienten rating scores vs psychodiagnosis, 50–80 yr old psychiatric inpatients, Netherlands, 26984
changes in organization of psychiatry & mental hospitals & costs & politics, Netherlands, 23092
cross national validation of Client Satisfaction Questionnaire, community mental health outpatients, Holland, 5606
development of psychometrics & connection with systems research, Netherlands, 21735
educational background & employment status & types of clients, behavior therapists, Netherlands, 10602
energy conservation attitude-behavior relationships, rural & urban community residents, Netherlands, implications for policy making, 29575
epidemiology of neurosis assessed with Cornell Medical Index, male Turkish immigrant laborers, Holland, 14733
experiences & perceptions of ongoing pedophile relationship, 10–16 yr old males, Netherlands, 6942
experimental vs conventional vocational training course, educational & professional career, workers who were 16–17 at time of course, Netherlands, 18566
forensic psychiatry, Netherlands, 3937
historical & systemic view of psychology as social science, Netherlands, 18960
history & development of geriatric department in psychiatric hospital, Netherlands, 1967–82, 4975
incidence & prevalence of aphasia, Netherlands, 1979, 25805
individual differences & case characteristics, judicial decisions, judges, Netherlands, 22536
norms of "imageability" of Dutch words, males vs females, 27699
patterns of mental health care, aged patients over 65 yrs, Netherlands, 23443
psychiatric consultations/referrals in university hospital, Netherlands, 23503
psychology as profession, Netherlands, 2307
response patterns & rates, mail surveys, Netherlands vs US, 18899
role of psychiatrist in penitentiary appeal court, Netherlands, 3911
use of "teleboard" as electronic instruction medium in primary schools, implications for bilingual education, Netherlands, 10708

Neural Analyzers
acoustic stimulation & dominant motivation, interrelations between alpha activity of auditory analyzer, cats, 27366

Neural Development
abnormal development of event-related brain potentials, implications for use in diagnosis of developmental disorders & study of ontogeny of brain, conference presentation, 20577
accessory olfactory bulb development & role of testosterone, castrated male vs androgenized female rats, 24741
acoustic signals preceding vs accompanying tap to glabella, reflexive eyeblink, 12–90 hr olds vs 18–35 yr olds, 25098
age & skilled self-paced motor task, amplitude of cortical readiness & motor cortex potentials & P200 & skilled performance positivity, 8–13 yr old males, conference presentation, 19800
anomaly in structural linguistic capacity, sentence comprehension, adults with developmental dyslexia, conference presentation, 9839
application of brain growth periodization research in middle school education, comments on C. Toepfer's & H. Epstein & C. Toepfer's studies, 21325
benzomorphan antagonist Mr 2266 & delta receptor antagonist ICI 154,129, body weight gain, rat pups, implications for opioid receptor development, 24852
bicuculline-induced epileptiform activity, development of receptive field properties in striate cortex & lateral geniculate nucleus, rabbit pups, 16790
bleeding due to incision vs desiccation vs exposure to extreme temperature, sprouting & retraction of neuronal neurites, mollusk, 27460
brain changes in learning disorders & giftedness & relationship of dysmusia to dyslexia, conference presentation, 9834
cellular aspects & CNS tissue responses to gonadal hormones, sexual differentiation, conference presentation, 30041
changes in number & growth & activity of synapses, mammals, literature review, 5970

changing processes of neurotransmitters at molecular level, 5968
complex vs isolated vs social environments, visual cortex synaptic & neuronal density & synapses per neuron, rats, 30162
critical period in development of corpus callosum, visual development of corpus callosum, visual development & acuity, cats with surgically lesioned corpus callosum at 1 vs 2 vs 3 vs 4 vs 29 wks of age ,44, 6076
dendritic development in occipital cortical neurons, infants & children at 20 wk gestational age through 7 yrs, 5966
development of commissural & associational projections from primary & secondary auditory areas to contra- & ipsilateral areas 17 & 18 & contralateral auditory cortex, kittens, 11480
development of head & shoulder rotation & air-righting reflex, 5–17 day old vs adult rabbits, 5938
development of opioid receptors, function of endogenous opioid pain-inhibitory system as measured by shock induced analgesia, 10 vs 28 day old vs 5–7 mo old male rats, 11477
developmental changes in laminar distribution & affinity & density of muscarinic binding sites in visual cortex during critical period, cats, 16656
distribution patterns of retinocollicular pathways, normal hamsters vs hamsters with eye enucleated at birth, 8798
divergent vs convergent strabismus, response properties of striate cortex neurons, cats, 19584
dopamine receptor blockage by prenatal chronic administration of haloperidol, striatal dopamine & opiate receptor development, rats, 27622
early exposure to olfactory stimulation, enhanced neural response, rat pups, 16671
early long term exposure to odors, mitral cell development & olfactory detection of same odors, rats, 22075
electrophysiological features of brain development & autonomic & motor functions, healthy 7–8 yr olds, 16870
evolution & ontogeny of neural circuits, 8776
exposure to cyclooctanone vs urine vs distilled water odors, olfactory development & preferences, mice, 19681
functional integration of rat septum & hippocampus xenotransplanted into brain, rabbits, 27472
ganglioside treatment after lesions of caudate nucleus, central sprouting & spatial reversal learning, male rats, implications for behavioral deficit recovery from brain damage, 13853
growth patterns of dentate gyrus & hippocampus, precocial murids, 24632
in utero ethanol exposure, hippocampal mossy fiber development, rats, 19735
induced transient neonatal hyperthyroidism, maturation of peripheral auditory system, rats, 16700
intelligence & neurological development, children who experienced episode of ischemia in neonatal period, 3–4 yr followup study, 14995
kainic acid injections into pyramidal sections of hippocampus, electrophysiological & behavioral & neuroanatomical changes & functional recovery, male rats, 24764
lead exposure, developmental changes in contingent negative variation & role of axodendritic vs axosomatic connections, children less than 5 yrs old, conference presentation, 20576
locomotor deprivation, EPs of sensorimotor & visual cortex under single & paired stimuli, 1 mo old rats, 3300
maturation of tactile fibers innervating forelimb footpads, neonatal to 90 day old kittens, 8779
multiple vitamin deficiencies, neural development, patients with Down's syndrome, literature review, 17689
n-propanol, brain development, neonatal rats, 19680
neonatal capsaicin administration, numbers & properties of cutaneous afferent units in saphenous nerve, rats, 27615
neonatal cochlear ablation, neuronal thresholds in inferior colliculus to tone stimuli, adult gerbils, 16725
neonatal prochlorperazine, open field behavior & activity level & learning ability, adult rats, 24923
neonatal pyramidal tract injury, axonal development & regrowth, rodents, 24768
neonatal substance P, salivary & behavioral & cardiovascular responses to substance P in adulthood, rats, 22169
neuronal structure & development & functions of brain, 16662
normal synaptic density & axonal sprouting & reinnervation of dentate gyrus following lesioning, male rats at 6 vs 12 vs 18 vs 24 mo of age, 8810
olfactory nerve transection leaving olfactory bulb intact, neurogenesis & replacement of olfactory receptors, male hamsters, 16722
ontogeny of synaptic neurochemistry, rats, implications for pediatric neurology, 16616
perinatal intracranial hemorrhage, neurodevelopment, premature infants, 2-yr followup, 14898
phenylacetate, numbers of apica dendritic spines on hippocampal CA1 pyramidal cells, 2–21 day old rats, 30260
physiological & cognitive developmental aspects of normal event-related brain potentials, literature review, conference presentation, 19485
postnatal eye removal, development of adrenergic projection from locus coeruleus to lateral geniculate nucleus, adult rats, 19640
postnatal maturation, brain stem auditory EPs & cochlear microphonic response, rat pups, 11469
prenatal & postnatal administration of phosphatidylserine, avoidance learning & neonatal behavioral development, rats, implications for brain synapse development & etiology of mental retardation, 16754
protein malnutrition prior to & during pregnancy, 1st & 2nd offspring development, rats, 19596
regressive events & neural degeneration, development of mature neural system, vertebrates, 5971
relationship between brain & language development, educational implications, 16887
removal of tectum at time of axotomy, role of target tissue in regulation of pattern of neuronal protein biosynthesis, goldfish, 696
retinal ganglion cell death, terminal field retardation in development of ipsilateral visual pathway, rats, 5982
retinotopic organization of expanded projection to superior colliculus, adult rats with eye removed at birth, 27466
reverse suture at 3 wks after monocular deprivation, hypertrophy of initially deprived cells & shrinkage of undeprived cells, monkeys, 19645
rhythms of spontaneous swimming movements & time spent swimming, frogs & aquatic toad embryos, 24525
role of endogenous nerve growth factor in adrenergic innervation of submandibular gland, male vs female mice, 30145
sagittal transection of optic chiasm to separate competitive binocular interactions from deprivation factors, cell body size in lateral geniculate, cats, 16724
sensory multidimensional overstimulation in enriched vs impoverished condition, occipital/somesthetic cerebral cortical depth & cortical asymmetry, mice, 16701
single-unit activity from regeneration of primary afferents innervating skin of hand, 16–61 yr old patient with transection of median or ulnar nerve, 30081
strabismus, responsivity & spatial resolution & contrast sensitivity of lateral geniculate neurons, cats, 19583
survival & structural integration of grafts of hypothalamic & preoptic neurons, literature review, 24732
tactile stimulation, investigation of functional maturation of cuneate neurons, neonatal to adult cats, 8766
testosterone in spring- vs fall-like conditions, synaptogenesis & synaptic morphology & behavior acquisition, 1.5 yr old female canaries, 30220
unilateral entorhinal cortex &/vs psalterium lesions & lesion-induced synaptic proliferation, recovery of spatial alternation task performance, male rats, 22123
unilateral eye removal at birth, development of corpus callosum axonal projections to cortical area 17, rats, 11569
unilateral optic tectum ablation, recovery of visual function by invader vs resident axons, goldfish, 30180
visual noise contrast, spatial frequency tuning of deviating vs nondeviating eye, cats with muscle lesion-induced esotropia vs human esotropes, 8793

Neural Lesions

animal model of postdenervation damage infliction as manifestation of deafferentation pain vs neurotoxins vs attempt to shed sensory dysfunctional limb, literature review, 19642
chorda tympani nerve transection, neurophysiological responses to salts, rats, 11566

levodopa-induced fictive locomotion, synaptic potentials of hindlimb extensor motor neurons, acute vs chronic spinalized cats, 16694
removal of tectum at time of axotomy, role of target tissue in regulation of pattern of neuronal protein biosynthesis, goldfish, 696
six-hydroxydopamine lesions of dopaminergic mesocorticolimbic cell bodies, self administration of dextroamphetamine, rats, 13878
training, conditioned tactile placing of forelimbs, cats after spinal cord hemisection & unilateral neo-cortication, 11575
unilateral neck deafferentation, posturo-kinetic limb responses to cortical stimulation, cats, 11538
vomeronasal nerve section vs irrigation of nasal cavities, development of maternal behavior, primiparous rats, 8885
Neural Pathways [See Also Afferent Pathways, Corpus Callosum, Efferent Pathways, Fornix, Limbic System, Medial Forebrain Bundle, Optic Chiasm, Optic Tract, Reticular Formation]
alcohol, dopaminergic-enkephalinergic neural pathways & memory, 3435
ascending & descending axonal trajectories of excitatory vestibular neurons related to anterior semicircular canal, cats, 24688
autoradiographic & histochemical procedures, identification of trigeminal sensorimotor circuit for pecking & grasping & feeding, pigeons, 8838
brain mechanisms, food intake & absorption, 6017
brain reward circuitry & intracranial self stimulation, rats, 5997
carbachol & glutamate antagonists & GABA injections into hippocampal-accumbens-subpallidal areas, locomotor activity, male rats, 24893
EEG & tooth-pulp EPs & neuroadenolysis of pituitary gland, neuronal activity in pituitary gland & involvement in pain perception pathways, monkeys, conference presentation, 27651
electrical stimulation & lesions of ventromedial & anterior hypothalamus, affective defensive behavior, cats, 30062
electrical stimulus of latero-posterior & pulvinar nuclei, enhancement of fixation task performance & inhibition of area 7 neurons, monkeys, 19435
electrical vs glutamate stimulation of paraventricular nucleus, single-unit activity in subfornical organ, hemispherectomized cats, 27507
evolution & ontogeny of neural circuits, 8776
high levels of spontaneous activity, velocity of impulses in optic nerve fibers, cats & frogs, 13797
horizontal optokinetic stimulation & attentive vs unattentive gazing, elicitation of responses characteristic of subcortical pathway, 22–45 yr olds, 19473
hypothalamic pathways, affective defense behavior, cats, 30063
hypothalamus-cerebellum & cerebello-hypothalamic pathways, autonomic centers & affective behavior, 30073
intranigral injections of 6-hydroxydopamine or gamma-hydroxybutyrate, sensorimotor impairment & levels of dopamine metabolites in neostriatum, rats, 3398
intrathecal apomorphine, tailflick response alteration & role of dopamine, male rats with vs without intact spinal cord, 756
latency of pathways involved in vestibulo-ocular reflex, monkeys, 13804
lesion between levels of organum vasculosum lamina terminalis & supraoptic nuclei, food & water intake & urine excretion & body weight, male rats, 11559
location of basal forebrain & striatal cholinergic neurons as determined by choline acetyltransferase immunohistochemistry, pond turtles, 27385
moving source of illumination, organization of functional connectivity between array of visual interneurons & motor neurons in oculomotor reflex pathway, crayfish, 19465
mutual coupling in ocular circadian pacemaker, marine mollusc, 584
order of fibers of visual pathways, cats & nonmammals, 13816
possible cerebral cortical circuitry for spatial memory, primates, 8815
potentials in medial vs lateral perforant path components in hilus of dentate gyrus, rats, 8745
projection areas of mitral cell axons in lateral & medial olfactory tract & centrifugal fiber pathways, olfactory bulb, carp, 24645
projections from mesencephalic locomotor region demonstrated by autoradiography, cats, 16660
projections of rostral medulla in nucleus reticularis magnocellularis & gigantocellularis, rats, 610
reorganization & transformation of signals in early stages of visual pathway, 22017
stimulation loci & pathways & neurohumoral mechanisms in electrical brain stimulation, pain modulation, humans & animals, conference presentation, 30175
stimulation of thalamic ventrolateral & cerebellar nucleus, responses of pyramidal cells in layers II–VI of motor cortex, cats, 16717
striato-pallidal infarction, loss of substance P & enkephalin immunoreactivity in substantia nigra, 38–86 yr old patients, 1706
unilateral 6-hydroxydopamine lesions in striatonigral pathway, apomorphine & pergolide rotation, rats, 19631
weakening of monosynaptic neural pathways, development of habituation of caudal tailflips, crayfish, 27349
Neural Receptors [See Also Baroreceptors, Chemoreceptors, Mechanoreceptors, Nociceptors, Photoreceptors, Proprioceptors, Thermoreceptors]
acute vs repeated administration of antidepressant drugs & ECS, phenylephrine-induced activity as model of central alpha adrenoceptor function, male mice, 27468
age differences & ORG 2766 active analog of ACTH, spatial learning & hippocampal corticosterone receptor system, 6 mo vs 26 mo old male rats, 19721
age effects, cytoplasmic estradiol receptor concentration changes in brain areas & changes in behavior or steroid induced physiological function, female rats, 24708
age, striatal dopamine receptor density & perceptual motor performance & impact of haloperidol & apomorphine, 6–8 vs 15–18 vs 25 mo old male rats, 3310
aging, beta-adrenergic & cholinergic & benzodiazepine & dopamine receptors, 6025
agonist interactions with beta adrenergic receptors on brain membranes, rats, 8999
alimentary deprivation or conditioned reaction, fluorescence of dopaminergic nuclear receptors, in nigrostriate & mesolimbic systems, rats, 22041
allosteric properties of nicotine receptor for acetylcholine, literature review, 5969
alpha-2 autoreceptors & presynaptic alpha-2 receptors in CNS & presynaptic alpha-2 adrenoceptors modulating dopamine in retina, rabbits, 3269
antidepressants, norepinephrine receptor-coupled adenylate cyclase system in brain, 3517
anxiolytic benzodiazepine receptor ligands, anxiety associated with footshock, mice & rats, 13911
apomorphine & angiotension II & neurotension & leucine enkephalin, emetic behavior & prevention by area postrema lesions, dogs, 6100
apomorphine & substantia nigra vs entopeduncular nucleus lesions, circling behavior & sensitivity of striatal dopamine receptors, female rats, 24818
apomorphine or haloperidol or levo-3-PPP, sexual behavior & stimulation of central dopamine autoreceptors, male rats, 27545
autoradiographic visualization of nicotinic transmission in brain, rats, 19446
benzomorphan antagonist Mr 2266 & delta receptor antagonist ICI 154,129, body weight gain, rat pups, implications for opioid receptor development, 24852
beta-carboline ZK 93426 as benzodiazepine receptor antagonist, 13890
binding potency for 5-HT1 vs 5-HT2 sites of putative 5-HT antagonists, blockade of discriminative stimulus properties of quipazine, male rats, 8961
biochemical & behavioral effects of atypical benzodiazepine that does not bind to classical receptors, 19714
biochemical & physiological characteristics of putative endogenous ligand for phencyclidine receptor, porcine & rat brain, 24674
biochemical characteristics & regulation of brain alpha-2-adrenoceptors, 3304
biochemical properties & neurotransmission role of muscarinic receptor, literature review, 8809

caffeine administration & withdrawal, diazepam binding sites in brain, male rats, 9040
central benzodiazepine receptors, pharmacological effects of benzodiazepines & control of anxiety-related states, animals, 9023
central dynorphin & zinc deficiency, food ingestion & immunoreactive dynorphin levels in hypothalamus & cortex & opiate receptor activity, male weanling rats, 6116
central serotoninergic receptors & binding characteristics of new agonist 8-OH-N,N-dipropyl-2-aminotetralin, 24651
chronic desipramine vs maprotiline vs chlormipramine vs zimelidine vs iprindole, sensitivity of presynaptic alpha-2 & postsynaptic beta-adrenoceptors, rats, 791
chronic lithium treatment, social isolation induced changes in aminergic transmission, male mice, 24902
clenbuterol vs isoproterenol vs salbutamol, stimulation of beta-adrenergic receptors & spontaneous motor activity, male mice, 24838
clonidine, alpha-2-adrenergic receptor sensitivity assessed through blood pressure changes, 29–51 yr old depressed males undergoing desipramine treatment, 15310
clonidine, angiotensin II-induced drinking, female rats, implications for role of presynaptic alpha-2-adrenoceptors, 746
clonidine infusions after desipramine treatment, sedative & hypotensive effects of clonidine & growth hormone response, male Ss, 16747
clonidine, noradrenergic receptor system, depressed Ss with mean age of 44 yrs, 6854
clonidine vs apomorphine, adenosine receptor activities in aggressive behavior, male mice, 24958
contingent negative variation & catecholaminergic receptor sensitivity, psychiatric patients, conference presentation, 1485
correlation of clinical potency of antidepressant drugs with desensitization of beta-adrenergic receptors, 15340
cyclo(leu-gly), dopamine receptors, rats, 3478
density of dopamine receptors in caudate nucleus & putamen & nucleus accumbens, postmortem brains of schizophrenics, 14737
development of opioid receptors, function of endogenous opioid pain-inhibitory system as measured by shock induced analgesia, 10 vs 28 day old vs 5–7 mo old male rats, 11477
developmental changes in laminar distribution & affinity & density of muscarinic binding sites in visual cortex during critical period, cats, 16656
dextroamphetamine treatment, dopamine autoreceptor subsensitivity, male rats, 19736
diazepam, wheel tracking & digit-symbol substitution performance, college students, evidence for prediction of pharmacodynamics from pharmacokinetics, 13881
dietary lithium, biochemical & behavioral indices of dopamine receptor supersensitivity during haloperidol withdrawal, male rats, 6146
differential thresholds in response to sucrose & underlying receptor mechanisms, blowflies, 22004
diisopropyl fluorophosphate, reduced muscarinic receptor binding & memory for passive avoidance task, rats, 27610
diprenorphine vs morphine, conditioned place preference, male rats, implications for separability of opioid analgesic vs positive reinforcement effects, 22138
discriminative stimulus properties, beta-carbolines characterized as agonists vs inverse agonists at central benzodiazepine receptors, mice, 13912
distribution & pharmacology & function of CNS dopamine autoreceptors, 3299
dopamine receptor blockage by prenatal chronic administration of haloperidol, striatal dopamine & opiate receptor development, rats, 27622
dose & reinforcement schedule effects & blockade of benzodiazepine & GABA receptors, self-injection of diazepam, male rats, 24913
drug challenges & role of serotonin receptors in regulation of aggressive behavior, rats, 9030
DSP-4 & parachlorophenylalanine & haloperidol, noradrenaline & serotonin & dopamine depletion & hippocampal rhythmic slow activity & exploratory behavior, male rabbits, 8956
ECS, neurotransmitter receptor systems, male rats, implications for ECT mechanism of action & adverse effects, 8903
electrophysiological properties of opioid peptide morphiceptin in hippocampal slice, rats, 24629
enantiomers of SKF-10,047, EEG & behavior, female rats treated with or dependent on morphine, 16773
glutamate administration into periaqueductal gray or ventromedial medulla & serotonergic & noradrenergic & opioid receptor antagonist, tailflick & hot plate response, male rats, 27599
haloperidol vs estradiol, striatal dopamine receptors, ovariectomized vs hypophysectomized female rats, 27580
heart rate & postural tremor response to isoprenaline injection, assessment of adrenergic beta-receptor sensitivity, 20–48 yr old male patients with essential tremor, 25939
high altitude simulation, peripheral & central dopaminergic & adrenergic & histaminergic neurotransmitter-receptor densities & affinities, male guinea pigs, 672
hypothalamic peptides, striatal dopamine receptor function, morphine tolerant-dependent rats, conference presentation, 3409
icv arginine vasopressin vs 1-deamino-8-dextroarginine vasopressin, pain thresholds & role of nonopioid receptor system, female rats, 22182
icv dibutyryl cyclic-adenosine monophosphate vs aminophylline & phentolamine & yohimbine vs haloperidol vs naloxone vs propranolol pretreatment, behavioral excitation, rats, implications for role of dopaminergic & adrenergic brain receptors, 771
indalpine & adaptive changes of postsynaptic receptors after chronic treatment & binding sites, rats, 24871
interaction of phencyclidine analog with mu opioid receptors, mice, 19687
interactions of receptor binding sites for GABA & benzodiazepines & chloride channel blockers, literature review, 27404
intracisternal administration of morphiceptin analog & morphine sulfate & dextro-ala-dextro-leu-enkephalin, ventilation & ventilatory pattern, unanesthetized dogs, 27591
intrathecal apomorphine, thermal & chemical evoked tailflick & nociceptive responses, rats, implications for spinal dopamine receptor afferent inhibitory role in pain, 3462
isoproterenol & racemic sodium lactate, production of panic attacks, male vs female 18–55 yr old patients with panic disorder, conference presentation, 25583
lesions of coeruleo-cortical noradrenergic system & measurement of adrenergic receptor subtypes in prefrontal cortex, deceased Parkinson's disease patients, 28413
levodopa provocation test, levels of plasma growth hormone, 2.6–7.2 yr olds with infantile autism, implications for hypothalamic dysfunction & dopaminergic abnormalities in infantile autism, 28183
lithium, muscarinic receptor binding parameters, laboratory animals, implications for therapy, 30222
maternal opiate & alcohol & amphetamine & phencyclidine abuse, placental & fetal neurotransmitter receptor development, 25665
mediation of 5-HT agonist-induced rotational behavior by 5-HT_1, rats, 11579
melanotropin release-inhibiting factor prolyl-leucyl-glycinamide & its analog cyclo(Leu-Gly), dopamine receptor supersensitivity in brain induced by chronic haloperidol, male rats, tardive dyskinesia implications, 6094
mianserin, effects of clonidine on plasma 3-methoxy-4-hydroxyphenylethyleneglycol & blood pressure & sedation, depressed 31–61 yr olds, 7412
monocular deprivation effects & prolonged dark rearing, visual cortical cell response, kittens, 24746
monocular deprivation, GABA receptor activity, kittens, 11502
morphine infusions into ventral tegmental area vs periventricular grey, morphine dependence vs reward properties, rats, implications for independence of dependence & reward mechanisms, 8937
mu- & kappa-like binding properties of levo-3H-N-allylnormetazocine in brain homogenate, mice, 24664
mu vs kappa vs sigma opioid agonists, accuracy of FR operant discrimination responding, male rats & monkeys, 22197
neural receptor antagonists to mu & kappa & opiate receptors, opioid & nonopioid mediated analgesia, rats exposed to intermittent vs continuous footshock, 13897
neurotransmitter receptors, etiology of depression & mechanisms of action of antidepressant drugs, conference presentation, 23363

nicotine-induced seizures & nicotine receptors, C3H/2lbg vs DBA/2lbg mice, 24891
noradrenergic regulation of hypothalamic progestin receptors, hormonal induction of sexual receptivity, ovariectomized guinea pigs, 30052
opiate receptor supersensitivity & upregulation, rats, 30319
opioid agonists, modulation of seizures mediated by mu & kappa & omega opiate receptors, seizure-sensitive gerbil, 6139
opioid receptor mechanisms, appetite regulation, rats & humans, 19500
phencyclidine vs various arylcycloalkylamines vs benzomorphans vs substituted dioxolanes, in vitro dopamine efflux & in vivo dopamine metabolism & affinity for phencyclidine/opiate receptor, male rats, 27645
plasma prolactin vs drug plasma levels vs dopamine receptor blocking activity, clinical responses, 19–68 yr old acute schizophrenics treated with pimozide vs haloperidol, 23360
postsynaptic dopamine receptor sensitivity, psychotic patients who responded quickly vs slowly to antipsychotic drugs, 26164
progesterone, concentration of estrogen binding sites in hypothalamic-preoptic area & anterior pituitary & uterus, ovariectomized rats, 8935
progestin receptors & estradiol & progesterone facilitation of estrous behavior, female rodents, literature review, 27343
psychopharmacological aspects of multiple receptors for central neurotransmitters, conference presentation, 3264
radioligand binding techniques, determination of dopamine receptor subtypes, 2823
research on neuroleptic drug receptors, methodological problems in in vitro receptor binding assays, 770
role of alpha-1 vs alpha-2 receptors in mediation of noradrenergic regulation of lordosis behavior & hypothalamic progestin receptors, female guinea pigs, 22027
role of dopaminergic receptor binding mechanism in central behavioral effects of morphine, rodents, literature review, 19458
role of neural progestin receptor system in mating-induced heat abbreviation, female rats, 19423
RU 24969 administration with vs without pretreatment with antidepressants or ECS, locomotor activity & synthesis of 5-HT, rats & CD-1 mice, implications for role of 5-HT1 & 5-HT2 receptors, 11593
saline-filled pipettes, assessment of olfactory receptor cell activity, 11397
search for autocoids for drug receptors as promising approach to development of antidepressive & antianxiety drugs, 3403
self administration vs yoked infusion of morphine, muscarinic cholinergic & benzodiazepine receptor affinities & densities, male rats, 3513
serotonin & dopamine receptors, pathogenesis of hypertension, spontaneous hypertensive rats, conference presentation, 30056
serotonin agonists & antagonists, inhibition of labeled serotonin binding in frontal cortex in presence of guanosine triphosphate, rats, implications for presence of multiple receptor subtypes, 24938
sex differences, density of opiate receptor binding sites in medial preoptic area, rats, 16629
single cell & microiontophoretic technique, pharmacologic properties of somatodendrite dopamine autoreceptors on A10 dopamine neurons in ventral tegmental area, male rats, 27667
spatial distribution & response specificity to amino acids & bile salts, ciliated & microvillous olfactory receptor neurons, channel catfish, 11400
stereo-isomer selectivity of sigma opiate/phencyclidine receptors as determined by biochemical & discriminative stimulus behavioral paradigm, male rats, 9042
stress treatments during pregnancy, development of brain adrenergic receptors & binding, mother rats & their 16 vs 23 vs 40 vs 60 day old offspring, 27390
thyrotropin-releasing hormone & its analog, body shaking behavior & biochemical estimates of activity of dopamine neurons, male rats, 16812
unilateral iv administration of dextroamphetamine & apomorphine vs alpha-flupenthixol into medial vs lateral substantia nigra pars compacta, direction & magnitude of circling behavior, rats, 27656
use of synthetic nonmetabolizable ligand in in vitro bonding assay, assessment of androgen receptor levels in hypothalamic & vocal control nuclei, male zebra finch, 16630
vagotomy vs peripheral cholinergic blockade with atropine methyl nitrate vs combined antagonism of H1 & H2 histamine receptors, drinking elicited by preabsorptive pregastric food-contingent stimulation, male rats, 3351
vasopressin antagonists vs vasopressin, vasopressin receptors as measured by passive avoidance behavior & pressor response, male rats, 27579
ZK 91296 as partial agonist at benzodiazepine receptors, mice & rats, 13899

Neural Regeneration [See Neural Development]

Neural Transplantation
adrenal medullary implants in denervated anterior vs lateral caudate, distribution of catecholamines in grafts vs host caudate, rats with unilateral dopamine denervated striatum, 6087
brain tissue interpretation, literature review, 13799
changes in number & growth & activity of synapses, mammals, literature review, 5970
fetal raphe cell & parietal cortex cell transplantation into denervated hypothalamus, sexual behavior & ventromedial nucleus concentrations, adult rats, 24770
functional integration of rat septum & hippocampus xenotransplanted into brain, rabbits, 27472
intrahippocampal septal grafts, spatial learning ability, aged rats, 16723
intrastriatal grafts of adrenal medulla & location of grafts, rotational behavior & modulation by haloperidol & flupenthixol, rats with unilateral dopamine-denervated striatum, 6077
lesions of ventral tegmental area & grafts of dopamine-rich tissue reinnervating nucleus accumbens vs medial prefrontal cortex, amphetamine-induced & spontaneous motor activity, female rats, 22076
research on functional brain grafts, animals, implications for humans with irreversible brain lesions, comments on article by R. J. Wyatt, 24782
research on functional brain grafts, animals, implications for humans with irreversible brain lesions, 24781
research on functional brain grafts, animals, implications for humans with irreversible brain lesions, comments on article by R. J. Wyatt, 24780
research on functional brain grafts, animals, implications for humans with irreversible brain lesions, comments on article by R. J. Wyatt, 24776
survival & structural integration of grafts of hypothalamic & preoptic neurons, literature review, 24732

Neuralgia [See Also Trigeminal Neuralgia]
hypnotic treatment, atypical facial neuralgia, 35 yr old female, implications for headache treatment & diagnosis, 4835
saphenous cutaneous sprouting after sciatic denervation, rats, 703

Neurasthenic Neurosis
centrophenoxin vs placebo, neurasthenic syndrome, 20–50 yr old outpatients, 20931
neurasthenia & career choices after Civil War, males, US, 6877
use of electroacupuncture therapy & relationship to ECT, treatment of neurasthenia & depression, mainland China, comment on report of D. L. Dunner & P. Z. Dunner, 23073

Neuroanatomy
anatomical & physiological organization of nonprimary motor cortex, motor processes, macaques, literature review, 27415
brain reward circuitry & intracranial self stimulation, rats, 5997
brain structural asymmetries, mice selected for strong lateralization of preference, 24662
computed tomography criteria of cerebral dimensional asymmetrics & prediction of language laterality, right handed aphasics with left vs right hemisphere language dominance, 25830
histochemical & neuroanatomical methods, chemical anatomy of brain & various types of neurons, literature review, 5981
modular organization of prefrontal cortex, implications for physiological analysis of cognitive functions at cellular level, literature review, 27356
neuronal structure & development & functions of brain, 16662
order of fibers of visual pathways, cats & nonmammals, 13816
projection areas of mitral cell axons in lateral & medial olfactory tract & centrifugal fiber pathways, olfactory bulb, carp, 24645

structural & functional organization of connections in superior colliculus, mammals, 19477
value & inferential limitations of anatomical & physiological basis of auditory N1-P2 & P300 & associated event-related brain potentials, conference presentation, 19532
Neurobiology
brain systems, effects of visual-spatial representational factors on evolution of written language, 11651
definitions & research paradigms in neuroethology, vertebrates, literature review, 27360
functional descriptions vs biological causal accounts of psychological processes, 13396
metaphorical usage of neurobiological knowledge, model of reading, 19282
neurobiological explanation of narcoleptic syndrome, 31199
neurobiology of consciousness & functions of brain, 8778
philogeny, creative processes & art, 16599
radioactive imipramine binding in brain sites, rats, implications for biological marker of depression in humans, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 566
Neurochemistry [See Also Neuroendocrinology, Receptor Binding]
ability to learn inhibitory task under positive & negative reinforcement & impact of dextroamphetamine & role of CSF & brain levels of dopamine & norepinephrine & homovanillic acid, purebred vs hybrid beagles, animal model of hyperkinesis, 16762
abnormalities of neuropeptide concentrations in neurological disorders, 9998
acetylcholinesterase distribution & form & cellular localization & non-acetylcholine related functions in brain, 24649
ACTH, iv dextroamphetamine self infusion & brain dopamine activity, male rats, 22188
activity wheel stress, regional brain norepinephrine & 3-methoxy-4-hydroxyphenylglycol content & gastric lesions, male rats, conference presentation, 30159
acute ethanol administration, differential glutamate release in brain regions following potassium ion administration, long vs short sleep mice, 19669
adrenalectomy, alcohol-stimulated activity & blood & brain alcohol content, female mice, 8926
age & brain damage & stress, immunoglobulin & cytoplasmic antibody binding to brain, mice with frontal cortex lesions, 19618
age & Pavlovian conditioning, brain biogenic amine content & spiroperidol receptor binding in caudate nucleus, rabbits, 582
age, plasma & brain levels of methadone following sc injection & locomotion activity, 6–8 vs 30–32 mo old male mice, 3490
alcohol motivation & glutamine, brain content of glutamate & GABA & taurine, rats, implications for treatment of alcoholism, 27627
alimentary & water deprivation, brain monoamine content, rats, 27487
allosteric properties of nicotine receptor for acetylcholine, literature review, 5969
anterior–posterior lesion location, asymmetrical behavioral & biochemical response to cortical suction ablation, rats, 707
antidepressant drugs, adenylyl cyclase linked beta adrenergic binding sites on mouse astrocytes in primary cultures, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 788
apomorphine analog of serotonin receptor agonist 8-hydroxy-2-di-n-propylaminotetralin, CNS monoaminergic system function, male rats, 24846
asymmetries of activation & arousal & brain neurotransmitter pathways in psychopathology, conference presentation, 1487
behavioral effects of phenelzine & phenylethylamine & displacement of dopamine or serotonin from striatum, rats, 3432
bilateral icv ethylcholine aziridinium ion into lateral ventricle, behavioral & neurochemical effects, male rats, 24853
biochemical properties & neurotransmission role of muscarinic receptor, literature review, 8809
biochemical research in etiology of early childhood psychoses, literature review, conference presentation, 6742
biochemical strategies used in psychopharmacological research, 802
biochemistry of synaptic processes, memory & information storage, mammals, 5988
bombesin, dihydroxyphenylalanine & dihydroxyphenylacetic & homovanillic acids & dopamine metabolites in brain regions, male rats, 804
brain levels of some amino acids & ionized forms of calcium & acetylcholinesterase, patients with senile dementia, 7106
brain mechanisms, food intake & absorption, 6017
brain monoamine precursors, stress-induced behavioral & neurochemical changes, 3 vs 22 vs 30 mo old mice, 600
brain protein synthesis, memory, literature review, 11471
brain tissue levels of immunoreactive-beta-endorphin & luteinizing hormone releasing hormone, 5 vs 27 mo male rats, 19456
central serotoninergic receptors & binding characteristics of new agonist 8-OH-N,N-dipropyl-2-aminotetralin, 24651
cerebral glucose uptake, schizophrenics with mean age of 28.3 yrs vs patients with affective illness with mean age of 41.7 yrs, 9628
cerebral metabolic rate for glucose, 18–36 yr old males with history of infantile autism, 22768
cerebral metabolic rates for glucose, 18–56 yr old patients with unipolar depression vs manic phase vs mixed state vs depressed phase bipolar disorder, 22669
cerebral oxygen utilization & cognitive function & presence of cerebral atrophy, 17–53 yr old multiple sclerosis patients, 25787
chemical substrates & neocortical & limbic brain programs, reactions associated with biofeedback therapy, 4748
chemical transmitter gating of opponent processes, normal & abnormal behavioral syndromes, 22646
cholinergic receptor binding in frontal cortex, suicide victims with mean age of 39 yrs, 9809
chronic cocaine administration, catecholamine-independent behavioral & neurochemical effects, rats, 30230
chronic exposure to nicotine, behavioral tolerance & binding sites & avoidance of aversive shock, rats, 30195
chronic vs acute administration of typical & atypical antidepressants, activity of brain noradrenaline systems & thiopentone analgesia duration as behavioral model of drug action, rats, 24883
circling or turning behavior, dopamine & serotonin metabolism in substantia nigra & amygdala & nucleus accumbens, trained circling rats, 6014
clonidine withdrawal, catecholamine metabolism & cardiovascular & behavioral changes, 53–67 yr old male patients treated for alcohol amnestic disorder, 26186
cocaine, dopaminergic synapse & neuronal activity & reinforcement properties & abuse potentials, 11627
concentration of neurophysin I & II in CSF, 29–61 yr old depressed & schizophrenic patients, 22736
concentrations of haloperidol & reduced haloperidol in postmortem brain tissue, haloperidol-treated schizophrenic patterns, 7450
continuous sampling of extracellular fluid using push-pull perfusion technique, identification of neurochemicals in cuneate nucleus during peripheral nerve electrical stimulation, cats, 26931
correlational methods, analysis of regional coupling of cerebral glucose metabolism, 18–29 yr old schizophrenic males under electrical shock stimulation, 9632
creatine & creatinine urate & albumin levels in CSF & blood, determination of brain energy metabolism & blood brain barrier permeability, 19–66 yr olds with major depression, 22754
CSF levels of metabolites of norepinephrine & dopamine & serotonin, male patients with Korsakoff's disease & history of chronic alcohol consumption, implications for other cognitive disorders, 7090
CSF neurochemistry, 17–66 yr old depressives vs schizophrenics vs manics, 12158
CSF neurochemistry, 18–32 yr old females with anorexia nervosa, 9936
deprenyl, intra- & extraneuronal dopamine oxidation, 52–66 yr olds with Parkinson's disease, 10294
desipramine, DRL performance before & after 6-hydroxydopamine-induced brain catecholamine depletion, rats, 781
development of tolerance to phencyclidine, effects on DRL schedule-controlled behavior & brain levels of phencyclidine, male mice, 3443
dextroamphetamine dosage levels, locomotion & stereotypic behavior & cerebral glucose utilization, male rats, 16792
dietary protein intake, food selection & plasma & brain levels of amino acids, male rats, 27629

differential pulse voltammetry, monitoring of 3,4-dihydroxyphenylacetic & 5 hydroxyindoleacetic acid levels, rats, 13498
dorsal noradrenergic ascending bundle, neural plasticity & anxiety & stress & attention & arousal, 3297
drug blockage of catecholamine synthesis or dopamine receptors, effect of Z-prolyl-dextroleucine on morphine withdrawal, mice, 27604
electrophysiological & positron emission & X ray tomographic studies, schizophrenic 51 yr old female monozygotic Genain quadruplets, 22675
endogenous hyperprolactinemia, utilization of noradrenaline & dopamine in brain nuclei, male rats, 27371
estradiol benzoate & progesterone, inhibition of levo-5-HTP induced myoclonus & temporal relation with lordosis & potential role of progestin receptors, female guinea pigs, 780
ethanol, learning & performance of passive avoidance task & RNA synthesizing activity of brain cortical synaptosomes, rats, 721
experiment design problems in use of cortical event-related potentials to study neural organization of development & cognition & motivation, conference presentation, 19467
feeding & stress induced by access vs no access to running wheel, serum levels of testosterone & luteinizing hormone & corticosterone & brain monoamines, male rats, 27469
fenfluramine, neurochemistry & electrophysiology & behavior, 5–13 yr old autistic outpatients, 7400
food access following food deprivation, time-dependent changes in hypothalamic dopamine metabolism, rats, 8847
frontal cortex vs caudate nucleus lesions, dopamine- vs choline- vs GABA-ergic brain systems in organization of conditioned reflex to time, cats, 22025
genes & neuropeptides, mediation of behavior, snails, 6002
glucose & glycogen levels in liver & blood & cerebral cortex, susceptibility to audiogenic seizures, mice, 24740
guanosine triphosphate vs cyclic guanosine monophosphate phosphodieterase, retinal rod membrane voltage, toads, 551
haloperidol & fluphenazine, GABA synthesis & glutamate decarboxylase activity & tardive dyskinesia, monkeys, 11594
haloperidol vs propranolol vs thymoxamine pretreatment, dextroamphetamine induced behavioral & cardiovascular & hormonal responses, 21–37 yr olds, 24901
hemispheric asymmetry in cortical glucose metabolism, 55–75 yr old patients with Alzheimer-type dementia, 22984
hippocampal uptake of norepinephrine, maze acquisition & performance, spontaneously hypertensive vs normotensive 6 mo old rats, 19487
histochemical & neuroanatomical methods, chemical anatomy of brain & various types of neurons, literature review, 5981
icv calmodulin vs calcium ions, spontaneous feeding behavior & core body temperature, satiated female cats, 3479
icv vs ip thioridazine & its metabolites, in vivo vs in vitro estimates of dopaminergic function, male rats, 27603
icv 2,4-dinitrophenol, body temperature & role of autonomic catecholaminergic mechanisms, cats, 24795
indalpine in psychiatric treatment & research focusing on biochemical activity & pharmacological profile, 26182
inescapable shock as animal model of depression, escape behavior & brain norepinephrine & 5-HT & dopamine & cerebral blood flow, male rats, 30155
intracranial self stimulation & conditioned place preference & iv self administration, study of drug reinforcement, rats, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 784
intracranial self stimulation, glucose utilization & forebrain metabolic activity, male rats, 3378
intranigral injections of 6-hydroxydopamine or gamma-hydroxybutyrate, sensorimotor impairment & levels of dopamine metabolites in neostriatum, rats, 3398
isolation, serotonin levels & turnover in different brain areas, aggressive vs nonaggressive strains of mice, 19585
kinetic scattering of complex brain tyrosine hydroxylating system, statistical patterns from time-dependent fluctuations, rats, 11498
local cerebral metabolic rate of glucose before vs after somatic treatment, 28–53 yr old chronic schizophrenics, 22794
location of basal forebrain & striatal cholinergic neurons as determined by choline acetyltransferase immunohistochemistry, pond turtles, 27385
long term haloperidol vs sulpiride, brain substance P-like immunoreactivity, mice, 22222
maternal vs paternal inhalation exposure to 2-methoxyethanol, behavior & neurochemical abnormalities in offspring, rats, implications for occupational safety, 3494
methodological & theoretical issues in biochemical & neurohistological & physiological & behavioral approaches to analysis of higher nervous activity, 558
metoclopramide & fluphenazine & loxapine & molindone, plasma & brain homovanillic acid, rats, 22181
mianserin, noradrenaline uptake & efflux of radioactivity, guinea pigs, 6152
misleading concepts in field of brain peptides & role in stimulation of research, 8802
monocular optokinetic stimulation, uptake of deoxyglucose in pretectal nucleus of optic tract & superior colliculus, male rats, 6042
morphine self administration vs yoked infusion, brain acetylcholine turnover, male rats, 3514
mu- & kappa-like binding properties of levo-3H-N-allylnormetazocine in brain homogenate, mice, 24664
neonatal vs adult 6-hydroxydopamine administration & exposure to apomorphine & levodopa, behavioral stereotypies, rats, implications for observed symptoms of Parkinson's disease & Lesch-Nyhan syndrome, 27567
neural mechanisms of opiate hedonic effects & role of endogenous opioids, regulation of motivational-affective responses, 16612
neurochemical approaches in etiology & incidence of premature aging, Down's syndrome patients, 25698
neurochemical characteristics of opiate tolerance & dependence, 31031
neurochemical psychiatry as source for hypotheses concerning role of homeostatic mechanisms in brain function, implications for development of therapeutic drugs, 24676
neurofilament immunoreactivity in sodium dodecyl sulfate-insoluble paired helical filaments, 59–74 yr olds with Alzheimer's disease, 28486
neuroleptic vs neurotransmitter injections into brain regions, avoidance acquisition, male rats pretreated with atropine, 783
neuropeptides, anxiety & effects of benzodiazepines, 8770
neuropharmacology of drug tolerance & dependence & abuse, 31011
neurophysiology & neurochemical mechanisms of aggressive behavior, 20424
normorphine & clonidine & adenosine, mechanisms of dependence in ileum, guinea pigs, 30212
olfactory bulbectomy, neurotransmitter metabolism in amygdaloid cortex & midbrain, male rats, 13865
opiate receptor supersensitivity & upregulation, rats, 30319
opioid receptor mechanisms in morphine tolerance & dependence, guinea pigs, 30293
parachloraphenylalanine, mating behavior & brain concentrations of 5-HT & dopamine & norepinephrine, male chickens, 720
parachlorophenylalanine, nociception & serotonin depletion, rats, 27564
paradoxical sleep deprivation, rate of DNA synthesis in brain, fetal rats, 30153
performance of operant behavior & pargyline-induced inhibition of monoamine oxidase, turnover of dopamine in caudate-putamen & amygdala, male rats, 564
permeability of blood-brain barrier, schizophrenic & schizoaffective 17–65 yr old inpatients, 22784
portacaval systemic shunting, motor activity & brain levels of tryptophan & tyrosine & phenylalanine & glutamine, male rats, implications for liver disease, 8909
positron-emission tomography, assessment of localization & concentration & chemical forms of peptides effecting & arising in CNS, implications for assessment of Alzheimer's disease & classification of neuropsychiatric disorders, 28515
postmortem analysis of neurotransmitters & related biological markers in mental disorders, conference presentation, 28250
postmortem brain weight & neurochemical concentrations, 67–85 yr old Alzheimer patients, 4441
postmortem neurochemical studies, schizophrenia & depression & suicide & Alzheimer's disease & Huntington's chorea, 22638
prefrontal cortex, organization & activation of brain activity, 27396

prenatal & postnatal administration of phosphatidylserine, avoidance learning & neonatal behavioral development, rats, implications for brain synapse development & etiology of mental retardation, 16754
previous dextroamphetamine sulfate, fenfluramine effects on brain monoamines, male rats, 30245
probenecid, CSF concentrations of serotonin & dopamine metabolites before & after weight recovery, anorexic patients with vs without bulimia, 12367
protein malnutrition prior to & during pregnancy, 1st & 2nd offspring development, rats, 19596
psycho- & neurotropic activity of neurometabolic stimulants, 4799
psychostimulant sydnocarb, brain GABA & aspartate levels & latent period of GABA-deficient thiosemicarbazide induced seizures, 749
research on neuroleptic drug receptors, methodological problems in in vitro receptor binding assays, 770
reserpine vs saline pretreatment & para-chloroamphetamine vs side-chain fluorinated analog, open field behavior & brain levels of serotonin & dopamine & noradrenaline, rats, 3405
restraint, cyclic adenosine monophosphate response to norepinephrine in cerebral cortex, male rats, 6058
role of central dopaminergic mechanisms in control of copulation & postejaculatory refractory period, sexually experienced male rats, 19421
role of neurochemical system in emotions, comments on K. A. Scherer's component process theory of emotion, 3113
role of norepinephrine in control of copulation & postejaculatory refractory period, sexually experienced male rats, 19419
role of serotonergic mechanisms in control of copulation & postejaculatory refractory period, sexually experienced male rats, 19420
role of thalamus & basal ganglia in language & auditory information processing as measured by cerebral glucose uptake, 21–28 yr olds, 5989
RU 24969 administration with vs without pretreatment with antidepressants or ECS, locomotor activity & synthesis of 5-HT, rats & CD-1 mice, implications for role of 5-HT1 & 5-HT2 receptors, 11593
seasonal variations in blink rate & concentrations of catecholamines & their metabolites in hypothalamus & nucleus accumbens of postmortem brains, chronic schizophrenics, 12171
serotonin levels in ventromedial vs supraoptic vs hypothalamic vs amygdala areas of brain, aggression, various strains of mice, 19518
sex & turning preferences, asymmetry of dopamine & norepinephrine in caudate-putamen, rats, 3267
shock-induced defensive fighting, regional changes in brain levels of serotonin & noradrenaline & dopamine & their metabolites, male rats, 8801
shock-induced fighting & social factors, dihydroxyphenylacetic acid levels & tyrosine hydroxylase activity in cortical & limbic areas, male rats, 3338
short-term hypokinesia, levels of methionine & leucine enkephalin & beta endorphin in brain, rats, 27405
short term lithium, dopamine beta hydroxylase activity in brain regions, male rats, 11576
single cell & microiontophoretic technique, pharmacologic properties of somatodendrite dopamine autoreceptors on A10 dopamine neurons in ventral tegmental area, male rats, 27667
sites of action of amphetamines & associated biochemical- & neurophysiological-induced behavior, 30237
slow secondary negative wave & sensory afterdischarge VEP components under influence of amphetamine vs apomorphine, genetically high vs low self stimulation lines of rats, 677
sodium & potassium adenosine triphosphatase activity hyposensitivity in brain membrane & cell fluidity during development of functional tolerance to ethanol, male rats, 8933
somnambulism & night terrors, 5–21 yr old patients with Gilles de la Tourette syndrome with seizure disorders vs learning disabilities, 7006
stress, endogenous opiates & pain inhibition, male rats, 24687
striato-pallidal infarction, loss of substance P & enkephalin immunoreactivity in substantia nigra, 38–86 yr old patients, 1706
superoxide dismutase & glutathione peroxidase & lipoperoxidation activity, Down's syndrome fetal brain, aborted fetuses, 25703
synaptic neurochemical mechanisms in animal models of dementing disorders, conference presentation, 28177
thyrotropin-releasing hormone & its analog, body shaking behavior & biochemical estimates of activity of dopamine neurons, male rats, 16812
tonic immobility, 5-HT & 5-hydroxyindoleacetic acid levels in brain areas, male rabbits, 3341
training & testing, beta-endorphin-like immunoreactivity in diencephalon, female rats, 27361
tryptophan vs 5-HTP vs phenylalanine vs tyrosine vs dopa, metabolism & neuronal effects, affective disorders, treatment implications, 2018
typical & atypical antidepressants, neurochemical mechanisms of endogenous depression, implications for etiology, 18096
uncontrollable & unpredictable shocks, cerebral biogenic amines & serum levels of luteinizing hormone & corticosterone & testosterone, male rats, 21993
use of behavioral & somatic intervention & correlational approach, research on relationship between brain & learning & memory, humans & animals, implications for treatment of memory disorders, 6000
use of CNS stimulant challenge to catecholamines in etiological research on schizophrenia, 25507
wakefulness vs sleep vs REM sleep, regional cerebral glucose utilization, males, 27358
3-methoxy-4-hydroxphenyl-glycol & homovanillic & 5-hydroxyindoleacetic acids, depressive syndromes, 1375

Neurodermatitis

disease awareness, patients with psoriasis & neurodermatitis, 23010

Neuroendocrinology

apomorphine & piribedil, growth hormone responses, adult depressed patients, 22721
circadian & interval timing of neuroendocrine systems, seasonal breeding & ovarian cyclicity & sexual behavior & pregnancy & parental care, mammals & birds, literature review, conference presentation, 3316
clinical features & adrenocortical function, 22–42 yr old females with premenstrual tension syndrome, implications for psychoendocrine model of endogenous depression, 6714
CSF amine metabolites & homovanillic acid & cortisol & dexamethasone suppression, 21–71 yr old depressed & schizophrenic & alcoholic patients & suicide attempters, 9748
development of sexual psychoneuroendocrinology from sex & health theory, 18th–20th centuries, 35
endogenous opioid peptide system dysfunction & neuroendocrine abnormalities, 32–82 yr old chronic pain patients, 1628
estradiol benzoate vs testosterone propionate vs delta-9-tetrahydrocannabinol, organization or activational hormone mechanism in hippocampal sexual dimorphism, castrated male rats, 27585
family history & cortisol secretion & response to antidepressant drugs, 21–69 yr old delusional & nondelusional depressed inpatients, 9691
genes & neuropeptides, mediation of behavior, snails, 6002
gonadal steroids & neuroendocrine mechanisms, fluid intake during estrous cycle, rats, 6022
growth hormone secretion & EEG & REM sleep & neuroendocrine parameters, depressed 14 yr old twins & 16 yr old female, 9683
immune functions of beta-endorphin, literature review, conference presentation, 27347
interdisciplinary field of psychoneuroimmunology, 24623
lithium, growth hormone & prolactin responses to insulin hypoglycemia, bipolar 18–69 yr olds, conference presentation, 31505
neurochemical connection between panic episodes & endocrine disregulation, conference presentation, 20335
neuroendocrine system, adaptation to psychological environmental change, animal & human Ss, conference presentation, 27434
neuroendocrinological aspects of delusions, delusional vs nondelusional depressed patients, 12130
norepinephrine-epinephrine ratio, psychiatric inpatients with history of attempted suicide & mean age of 37 yrs, 14816
proposal for new neuroendocrine model, panic disorder, implications for drug therapy with antidepressants, 17452
psychoneuroendocrine research on stress & coping, Scandinavia, 1974–84, literature review, 27380

stereotactic subcaudate tractotomy, growth hormone & hypotensive responses to clonidine, drug-free 48–71 yr old severely depressed patients, 7416
Neuroinfections [See Infectious Disorders, Nervous System Disorders]
Neuroleptic Drugs [See Also Chlorpromazine, Chlorprothixene, Fluphenazine, Mesoridazine, Nialamide, Perphenazine, Phenothiazine Derivatives, Prochlorperazine, Promazine, Reserpine, Sulpiride, Tetrabenazine, Trifluoperazine]
acute vs chronic antipsychotic drug administration, electrical activity of dopaminergic cells, animals, 13876
acute vs subacute effects of haloperidol vs chlorpromazine vs clozapine vs chlordiazepoxide, operantly conditioned motor control, male rats, 24832
advantage & disadvantage of use of depot neuroleptics, Scandinavia, conference presentation, 10259
alpha-flupentixol & haloperidol, place preferences produced by morphine vs dextroamphetamine sulfates vs cocaine, adult male rats, 30266
antidepressants & neuroleptics & anticonvulsants, hepatotoxicity related to metabolism of bilirubin & drugs & immunological factors, 28749
antidepressive & depression-inducing effects of flupenthixol & flupenthixol decanoate, 4807
antipsychotic & antidepressant drug therapies, inpatients with borderline personality disorder with depressive disorder vs schizophrenia, 12629
antipsychotic & antidepressant drugs, somatosensory EP P400 wave, psychiatric patients, 12644
antipsychotic drug disclosure practices, psychiatrists, US, 10251
antipsychotic drug therapy, schizophrenia, implications for drug dosages & combinations, 26211
antipsychotic drug therapy, sudden death as cardiovascular side effect, clinical preventative implications, 7409
antipsychotic drugs, driving behavior & traffic safety, US & Sweden, 30252
antipsychotic drugs, neuroleptic affinities for brain receptors, humans at autopsy, implications for predicting adverse effects, 16795
antipsychotic drugs, treatment of dementia & its behavioral complications, literature review, 31510
asymmetric abnormal involuntary movements, 1–80 yr old inpatients on neuroleptic drug therapy, 7465
benztropine mesylate challenge vs brief neuroleptic withdrawal, tardive dyskinesia ratings & symptom measures, 25–65 yr old neuroleptic-treated psychiatric patients, implications for prevention of tardive dyskinesia, 10268
cholecystokinin-related peptides & cervletide, apomorphine induced behavioral responses, rats & 25–35 yr old schizophrenics, 24959
chronic infusion of dopamine into nucleus accumbens, hyperactivity, female rats selected as low activity responders to peripherally-administered N-n-propylnorapomorphine, 3422
cigarette smoking, need for higher dosages of neuroleptic drugs, psychiatric patients, 23369
clinical & pharmacological problems in classification of responders & nonresponders to neuroleptics, schizophrenics, literature review, 26152
clinical trial of dimethylpiperazinyl-propylcarbazole derivative BW234U, acute schizophrenia, 18–55 yr old patients, 26149
clocapramine, schizophrenia & paranoia, outpatients, 18140
clonidine, akathisia induced by neuroleptic drug therapy, 18–68 yr old psychiatric patients, 28807
clonidine, alpha-2-adrenergic receptor sensitivity assessed through blood pressure changes, 29–51 yr old depressed males undergoing desipramine treatment, 15310
clozapine & benzamides, treatment of tardive dyskinesia, 12654
clozapine vs thioridazine vs pimozide, antagonization of dextroamphetamine-induced activity & stereotypy, male rats, 27635
competence & right to refuse antipsychotic medication, involuntarily committed mental patients, case law, 3897
concurrent clonidine & antipsychotic drugs, severe hypotension, agitated hypertensive 51 yr old chronic schizophrenic male & 88 yr old disoriented female, 15289
conventional vs high dose of ciz(Z)-flupentixol decanoate, chronic schizophrenia, male patients, 4767
course of disease following neuroleptic withdrawal, 32–83 yr old patients with tardive dyskinesia, 2-yr followup, 23372
dangers of cannabis use, 24–35 yr old schizophrenics treated with neuroleptics, 1993
delirium associated with therapeutic doses of carbamazepine & neuroleptics, 50 yr old female with bipolar disorder, 1990
discovery & history of use of neuroleptics, France, 1977
dopamine d/2 receptors in substantia nigra, drug-free vs neuroleptic-treated schizophrenics, 10295
droperidol vs haloperidol treatment, 18–65 yr old acutely agitated patients, 18135
electroclinical features of neuroleptic drug-induced neurotoxicity, 29–82 yr old patients, 7486
emergency treatment & drug therapy, affective & acute psychosis & schizophrenia, 10247
etiology & prevention of tardive dyskinesia, 22937
evaluation of competency to stand trial with vs without neuroleptic medication, mentally ill defendant, 30673
false positive dexamethasone suppression test results related to antipsychotic drug withdrawal, 27 yr old nonmelancholic schizophrenic male, 10260
finlepsin treatment, patients with manic depression or schizoaffective psychoses, 12664
flupenthixol decanoate therapy, sudden death, schizophrenic 29 & 25 yr olds & 23 yr old female who attempted suicide, 15332
fluperlapine, movement disorders, 42–71 yr old patients with dyskinesia or parkinsonism, 26176
fluperlapine treatment, adult schizophrenic patients, 20946
fluphenazine decanoate vs oral pimozide, social behavior, schizophrenic outpatients, 1-yr longitudinal study, 26145
fluspirilene, acute decompensation, chronic schizophrenic patients, 20892
guidelines for preparation of discharge & neuroleptics, schizophrenia, outpatients, 18291
guidelines for use of antipsychotic drugs & minor tranquilizers in general hospital emergency rooms, psychiatric patients, 15488
haloperidol & metoclopramide vs clozapine & sulpiride & stimulation of putamen & caudate nucleus, head-turning, cats, 30143
haloperidol & pimozide & tiapride, hyperkinesia & motor performance, 31–59 yr old patients with Huntington's chorea, 20907
haloperidol vs clozapine, horizontal component of amphetamine head-turning stereotypy, cats, 30304
haloperidol vs tisercin treatment, enzymatic acetylcholinesterase activity & metabolism & electric interphase potential, children with schizophrenic psychosis, 4761
haloperidol vs trifluoperazine vs thioridazine vs fluphenazine decanoate vs thiothixene perphenazine vs chlorpromazine, plasma neuroleptic & homovanillic acid levels, psychotic patients, 15297
incidence of tardive dyskinesia, 46–74 yr old psychiatric outpatients, 12666
intermittent neuroleptic drug therapy, tardive dyskinesia, literature review, 26171
intrastriatal grafts of adrenal medulla & location of grafts, rotational behavior & modulation by haloperidol & flupenthixol, rats with unilateral dopamine-denervated striatum, 6077
lateral ventricular size & psychopathology & response to neuroleptic therapy, 18–59 yr old patients with schizophrenia & affective disturbances, 1433
lawsuits for neuroleptic-induced movement disorders, mental health professionals & medical care facilities, 23680
long-acting depot injection vs oral administration of neuroleptic agents, maintenance, schizophrenic patients, conference presentation, 10279
long term neuroleptic drug treatment & drug withdrawal, growth hormone peak levels after apomorphine, 29–54 yr old schizophrenic patients with vs without tardive dyskinesia, 26189
long term neuroleptic treatment, immunological characteristics, schizophrenics, 7452
low-dose neuroleptics & thyrotropin releasing hormone, mood & behavior, 22 yr old female with major depression & borderline personality disorder, 23318
low doses of melperone, anxiety & side effects, 18–60 yr old anxious neurotic outpatients, 20932
major tranquilizers, catatonic symptoms as side effects, 20–47 yr old females, 20905

mechanisms of neuroleptic induced performance deficit, animals, literature review, 30280
medications, assaultive behavior, 17–65 yr old psychiatric patients, conference presentation, 23366
metoclopramide & fluphenazine & loxapine & molindone, plasma & brain homovanillic acid, rats, 22181
milenperone, management of aggressive behavior, 12–80 yr old epileptic & alcoholic patients, 20906
need for caution in experimental interpretations following neuroleptic drug administration, rats, 30207
need for combination of depot neuroleptics & psychosocial intervention, lowered relapse rates, schizophrenic patients, US, conference presentation, 10275
need for monitoring plasma levels of antidepressants & antipsychotics, psychiatric patients, implications for dosage & side effects, 23299
neuroleptic drug adjustment, psychiatric symptoms, 30–77 yr olds with tardive dyskinesia, 12626
neuroleptic drug therapy, movement disorders, 23367
neuroleptic drugs & kainic acid-induced contralateral caudate ablation of pars reticulata of substantia nigra ipsilateral circling behavior, female rats, 30147
neuroleptic drugs, beta-endorphin serum levels & therapeutic effects, acute unmedicated schizophrenic patients, 12650
neuroleptic drugs, blockade of phencyclidine-induced locomotor activity, mice, 745
neuroleptic drugs, clinical response & serum neuroleptic levels, acutely psychotic patients with mean age of 29.9 yrs, 4785
neuroleptic drugs, induction of tardive dyskinesia & other movement disorders, handicapped children & youth, literature review, 7435
neuroleptic drugs, locomotor activity, rats made hyperactive with dextroamphetamine, 16801
neuroleptic drugs, paradoxical reaction, 19–39 yr old patients with masked epileptiform vs bipolar vs schizoaffective disorders, 12624
neuroleptic drugs with vs without anticholinergic drugs, performance on verbal matched-recall vs recognition tasks, mildly disturbed schizophrenics with mean age of 38 yrs, 10255
neuroleptic exposure vs disease process of schizophrenia as cause of tardive dysmentia & potential for misdiagnosis, criticism of paper by I. C. Wilson et al, 1443
neuroleptic exposure vs schizophrenia vs institutionalization as cause of tardive dysmentia, reply to criticism of S. Mukherjee et al, 1389
neuroleptic maintenance & psychosocial intervention with family, relapse, 16–65 yr old schizophrenic patients, 2-yr followup, UK, conference presentation, 10071
neuroleptic malignant syndrome, 22 yr old mildly mentally handicapped female with acute schizophrenia, 18146
neuroleptic malignant syndrome, 30 yr old mentally retarded female & 26 yr old male with bizarre behavior & 45 yr old female with affective disorder, 31504
neuroleptic or antidepressant drug treatment, cognitive & psychomotor functioning & fitness to drive automobiles, psychiatric patients, 26167
neuroleptic side effects, 26 yr old male patient who developed neuroleptic malignant syndrome, 23339
neuroleptic suspension, REM reduction, 31 yr old male schizophrenic, 28798
neuroleptic therapy, cognition & learning, children & adolescents with mental & emotional & behavioral disorders, 23301
neuroleptic therapy, psychiatric emergency patients, 1975
neuroleptic treatment, extrapyramidal symptoms & serum calcium levels, 21–73 yr old psychiatric patients, 26161
neuroleptic vs neurotransmitter injections into brain regions, avoidance acquisition, male rats pretreated with atropine, 783
neuroleptics, attention, adolescent schizophrenics, 10265
neuroleptics, brain hemisphere functioning, male rats, 747
neuroleptics, etiology of depression, chronic schizophrenics with depressive episodes, 10306
neuroleptics vs antidepressants, 3H-clonidine & 3H-yohimbine binding to alpha-2-adrenergic receptors in cerebral cortex, rats, 22226
normal prescriptions & psychotropic drug responses, Asian patients, 15330
pharmacokinetic & pharmacodynamic approaches to depot neuroleptic therapy, conference presentation, 10264
pharmacological vs psychosocial approaches to long term treatment, patients with schizophrenic psychoses, 4558
pipotiazine & pipotiazine palmitate, schizophrenic 18–51 yr olds, 28757
postsynaptic dopamine receptor sensitivity, psychotic patients who responded quickly vs slowly to antipsychotic drugs, 26164
pimozide vs fluphenazine vs flupentixol, within-individual variation in steady state plasma & prolactin levels, 39–72 yr old male chronic schizophrenics, 12645
propericiazine & methylphenidate, 5–11 yr olds with attention deficit disorder with hyperactivity, 10317
psychosocial intervention with reduced neuroleptic dosage strategies, positive & negative symptoms & disordered personal relationships, chronic schizophrenic patient, conference presentation, 18119
radioreceptor assay, serum levels of neuroleptics & their metabolites, 22–66 yr old refractory chronic schizophrenic patients, 4788
research on neuroleptic drug receptors, methodological problems in in vitro receptor binding assays, 770
resorption & distribution & excretion of psychotropic medication, 7407
scopolamine vs N-methyl-4-piperidinol benzylate vs tropine, memory & motor activity, rats, 9032
sedative depot neuroleptic cis (z) clopenthixol decanoate, psychiatric patients, 28775
serum neuroleptic level & extrapyramidal side effects & level of symptoms, distractibility & RT, 19–55 yr old clinically stable chronic schizophrenics, 20941
side effects of neuroleptic, female patients with schizophrenia, 31529
side effects of neuroleptic therapy, 40 yr old male with neuroleptic malignant syndrome, 31503
substitution of high potency for low potency neuroleptics in long term treatment, withdrawal symptoms, 40–63 yr old chronic schizophrenic outpatients, 28746
sudden death following antipsychotic drug use, reply to R. J. Moldawsky's criticism, 31492
sudden death following antipsychotic drug use, acutely psychotic 44 yr old female, criticism of R. P. Brown & J. H. Kocsis's study, 31520
sudden withdrawal of clozapine after long term treatment, supersensitivity psychosis, 23 yr old male & 21 yr old female chronic schizophrenics, 15285
therapeutic monitoring of plasma levels of neuroleptics, psychiatric patients, literature review, 10304
thiothixene & benztropine withdrawal, development of anticholinesteraselike syndrome, 18 yr old female chronic marihuana user treated for delusions, 18102
tiapride & haloperidol, recurrent episodes of neuroleptic malignant syndrome, 51 yr old female, 10274
tolerance to neuroleptic drugs, rate of eye blink, psychiatric patients, 7464
tranquilizers in conjunction with neuroleptics, patients with slowly progressive schizophrenia, 31541
treatment & differential diagnosis, neuroleptic malignant syndrome vs neuroleptic induced catatonia, 69 yr old female treated with haloperidol, 7480
use of high-dose neuroleptics, Italy, criticism of P. Bollini's article, 18151
use of high-dose neuroleptics, Italy, reply to comments by C. Thiels, 18152
use of metaphors in talk about antipsychotic medication, patients & clinicians, 12656
utility of amfonelic acid-induced locomotor stimulation, evaluation of potencies of classical & atypical antipsychotics, male mice, 6142
withdrawal from amantadine, facilitation & exacerbation of neuroleptic malignant syndrome, 60 yr old male with mild bilateral tremor & cogwheel rigidity, 15318
withdrawal from periciazine, mechanism & symptomatology of neuroleptic withdrawal, 32 yr old female with atypical affective disorders, 23311

withdrawal of neuroleptic treatment after 3 yrs, decrease of CSF dopamine & metabolites & noradrenalin, chronic schizophrenic patients, 18094
yohimbine vs neuroleptic drugs, apomorphine-induced pecking behavior, pigeons, implications for screening neuroleptic drugs, 27546
zetidoline vs haloperidol, acute schizophrenia, 16–65 yr old inpatients, 23361
3-3 hydroxyphenyl-N-n-propyl-piperidine, acquisition & retention of conditioned avoidance response, male rats, 30196
Neurological Disorders [See Nervous System Disorders]
Neurologists
biography & contributions to knowledge of aphasia, A. Dejerine-Klumpke, France, 11483
contributions to psychosomatic theory, T. von Uexkull, conference presentation, 28596
history & contributions to German psychosomatic medicine, T. von Uexkull, conference presentation, 28566
review of work by J. M. Charcot on hysteria & hypnosis, 20950
Neurology
aging & physiological & performance decrements, literature review of models, 22302
clinical trials of lithium, neurological disorders, literature review, 28806
consistency of neurological soft signs, 6–12 yr old hospitalized psychiatric patients, 9719
development of Boston Society of Psychiatry & Neurology, 31862
neural plasticity & inclusion of biology in psychoanalytic metatheory, 26898
neurological & neuropsychological deficits, adolescents with dyslexia, 31077
neurological examination, child psychiatry, literature review, 10097
presence or absence of social disadvantage & family history of & nature of onset, psychiatric & neurologic states & functional bladder volume & environmental circumstances, 4–14 yr olds with enuresis, 31252
Neuromuscular Blocking Drugs [See Muscle Relaxing Drugs]
Neuromuscular Disorders [See Also Cataplexy, Cerebral Palsy, Gilles de la Tourette Disorder, Hemiplegia, Muscular Dystrophy, Myasthenia Gravis, Paralysis, Paraplegia, Parkinsons Disease, Quadriplegia]
clinical & electromyographic correlations, prognosis, patients with Guillain Barre syndrome, 1663
contingency management, treatment of orofacial dysfunction, 11 yr old male & 24 & 26 yr old females, 18068
depression & conversion hysteria in chronic inflammatory polyradiculoneuropathy, 29 yr old female, 25808
EMG feedback, attitude change, 28 yr old female with congenital Marcus-Gunn phenomenon, 15255
EMG vs position vs force feedback, rehabilitation of neuromuscular disorder, patients, 2188
hand motion variability, athetoidic 17–20 yr olds, 12365
neurotoxicity & side effects of high-dose iv leukocyte interferon, 30–65 yr old amyotrophic lateral sclerosis patients, 18106
Neurons [See Also Auditory Neurons, Axons, Cones (Eye), Dendrites, Ganglion Cells (Retina), Motor Neurons, Rods (Eye), Sensory Neurons]
acute vs chronic antipsychotic drug administration, electrical activity of dopaminergic cells, animals, 13876
analysis of neuronal mechanisms of conditioned reflex switching in hippocampus, rabbits, 601
antidepressant drugs, adenylyl cyclase linked beta adrenergic binding sites on mouse astrocytes in primary cultures, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 788
calmodulin blockade, plasticity of electro-excitable neuronal membrane, 3303
caudate nucleus unit activity & somal diameters, intact vs substantia nigra lesioned cats, 3273
chronic intracortical administration of levoglutamate, ocular dominance shifts, monocularly deprived kittens, 6159
combinations of CS & UCS applied to neurons, postsynaptic membrane function, mollusk, 22010
"conditioned responses" of electrically excitable membranes of isolated neurons, snails, 27496
dendritic development in occipital cortical neurons, infants & children at 20 wk gestational age through 7 yrs, 5966
distribution of rapidly vs slowly adapting neurons in area 3b of somatosensory cortex, monkeys, 8826
electroresponsiveness of mammalian thalamic neurons in slice preparation of diencephalon, guinea pigs, 8797
eseroline, electrophysiology, male albino rats, 728
functions & properties of trigeminal Substance P neurons, etiological role in cluster headache symptoms, 25829
goal directed & imposed limb movements, activity of neurons of caudate nucleus, cats, 8762
histochemical & neuroanatomical methods, chemical anatomy of brain & various types of neurons, literature review, 5981
inhibitory modulatory effect of mesocortico-prefrontal dopaminergic neurons, regulation of dopaminergic transmission in motor & cognitive processes & emotional responses, 27355
interneurons, presynaptic inhibition of primary afferent synapses during escape behavior, crayfish, 16637
lateral hypothalamic glucose-sensitive vs glucose-insensitive neurons, feeding-related neuronal activity, female monkeys, 11464
long term synaptic habituation in neurons, snails, 27400
LSD, behavior & electrical activity of dorsal hippocampus neurons, rabbits, 13913
money attitudes & anxiety & neuroticism & introversion, males & females, 12078
neuronal number in nucleus basalis of Meynert, 25–87 yr olds who died of liver or cardiopulmonary disease, 19444
neurons of posterior thalamic nuclei with projections to amygdala & auditory cortex, cats, 27381
nontemplate RNA synthesis in neurons, learning, snails, 604
noradrenaline, development of conditioned responses to sound in neurons of sensorimotor cortex, rabbits, 786
optical imaging, neuronal activity in brain slices, mammals, 8786
periplanone concentration, activity of pheromone-sensitive neurons in antennal lobes of brain, adult male American cockroaches, 27337
projection from locus ceruleus neurons to olfactory bulb, rats, 30104
punctate burns to skin, response properties of group of lamina 1 projection cells in dorsal horn of spinal cord, decerebrate adult rats, 19592
short term anoxia, bioelectrical activity of pyramidal neurons & state of redox system, cats, 6001
suprachiasmatic vasocative intestinal polypeptide & vasopressin neurons, circadian rhythm, humans, 6006
systems analysis, integrated neuronal activity, 8747
vasopressin desglycil-8-arginin, activity of cortical neurons, cats, 22142
visual discrimination of food & barpressing for access to food & ingestion, neuron activity in dorsolateral prefrontal cortex, monkeys, 24669

chemical transmitter gating of opponent processes, normal & abnormal behavioral syndromes, 22646
chronic exposure to toluene for 30 days, brain function & pentylenetetrazol seizure properties & response to flash EP's, male rats, 27581
chronic lithium treatment, social isolation induced changes in aminergic transmission, male mice, 24902
cocaine, dopaminergic synapse & neuronal activity & reinforcement properties & abuse potentials, 11627
distribution of rapidly vs slowly adapting neurons in area 3b of somatosensory cortex, monkeys, 8826
dopamine, long-lasting modification of population responses & cell membrane properties of hippocampal CA1 pyramidal cells, rats, 563
electrophysiological coding of stimulatory & inhibitory components of natural food odor, spiny lobsters, 21949
functional disconnection of cerebral hemispheres & alexithymia, criticism of G. S. Taylor's article, 12161
functional hemidecortication, cerebral plasticity, 4–28 yr olds with gestational vs neonatal unilateral infarction vs malformation, 20481
functional lability of CNS, human Ss, 27382
functional-system theory, analysis of purposeful behavior, humans & animals, 596
fused background size, binocular summation, humans, 24636
GABAergic mechanisms, neurophysiological model of anxiety, conference presentation, 22751
hormones & behavior & social environment, induction of sex differences in neural organization, literature review, 16590
hyperconnection theory of D. M. Bear, 14956
injected substance P, behavior & neuronal activity in cerebral cortex, rabbits, 9021
intensity of short duration visual stimulus, detection RTs, human Ss, test of single visual channel model for weak test signals, 8522
interaction of specific & nonspecific afferent visual systems, perceptual retouch as explanation of neural mechanisms underlying visual masking, 8475
interactions between cardiovascular & pain perception & regulation systems, 19569
interstimulus interval & luminance, detection of addition vs subtraction in random dot pattern, adults, support for W. A. Phillips & W. Singer's neural model, 5742
intradental nerve activity, pain perception, 40–55 yr old dental patients, 18176
isomorphisms in understanding brain function in visual perception, reply to discussion by M. Henle, 29638
light adaptation, cone response latency & log sensitivity, humans & turtles & monkeys, 8774
light adaptation, dynamics & sensitivity of visual responses of retinal horizontal cells to temporally-modulated light, turtles, 16665
light wavelength & intensity, perceived color, implications for trichromatic theory, 21834
linking propositions in explanations of Mach bands & neural processing in form perception, 29878
locomotor control pattern generators in CNS, vertebrates, literature review, 27357
magnetic field sensitivity, animals, literature review, 561
mechanisms for spatial filtering & image enhancement in echolocation, bats, literature review, 592
methodological & theoretical issues in biochemical & neurohistological & physiological & behavioral approaches to analysis of higher nervous activity, 558
microinjection of carbachol vs morphine vs methylatropine vs naloxone into periaqueductal gray, central cholinergic processes in opiate abstinence syndrome, morphine-dependent vs nondependent dogs, conference presentation, 3510
micronutrient model & deficiencies of tryptophan & zinc & neurophysiology, anorexia nervosa, literature review, 25796
model of weak test signal visual channel based on both continuous neuronal & discrete axonal neurophysiological properties, 8502
modular organization of prefrontal cortex, implications for physiological analysis of cognitive functions at cellular level, literature review, 27356
movement- vs displacement-analyzing systems, motion perception & pattern recognition of same stimuli, adult S, 3037
neural correlate of sodium vs insipid taste perception, humans, 27338
neurobiology of REM sleep & psychoanalytic dream theory, comments on paper by J. A. Hobson & R. W. McCarley, conference presentation, 24132
neurological signs & symptoms in detection of malingering, 1529
neuronal interaction & central inhibition, cats, 5984
neuronal mechanisms, control of visual acuity vs orientation discrimination, cats & humans, 3294
neurophysiological & neuropathological characteristics of peripheral neuropathy, diagnosis & prognosis of neurological disorders, 1693
neurophysiological basis of alexithymia, reply to J. F. Gottlieb's criticism, 12215
neurophysiological correlates & auditory EP, 16–62 yr old same-sex sibling pairs discordant for bipolar affective disorder, 14693

neurophysiology & neurochemical mechanisms of aggressive behavior, 20424
neurophysiology of cerebral cortex governing motor activities, 16647
neurophysiology of olfactory neuronal stimulation, literature review, 11496
neurophysiology of slow wave sleep vs REM predominance, depressive syndromes, literature review, 22734
neurophysiology of sound localization, literature review, 16433
neurosyntergic approximation of levels of consciousness, 30070
nonlinear codes for opponent yellow/blue mechanism, adult Os, 24397
noxious heat & pinches to tail & contralateral hindpaw & muzzle, neuronal glutamate evoked activity, rats, 683
oscillations of membrane potential & burst discharges of thalamic cells during spindle rhythms, review of physiological & behavioral literature, 24686
paradigms & methodologies & mechanisms in research on learning & memory, conference presentation, 22007
physiology of color vision, 13803
physiology of pain & pain perception, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 554
pi-mechanisms & color increment thresholds, humans, 3287
polysensory afferent projections of posterolateral thalamic nucleus, rats, 27401
positron emission transaxial tomography, analysis of functional visuotopic mapping in primary visual cortex, humans, 2837
postsynaptic dendrite membrane vs postsynaptic inhibition vs transmitter exhaustion in presynaptic endings, dendritic potential habituation in association cortex, cats, 27369
prefrontal cortex, organization & activation of brain activity, 27396
presence of 2 functionally separate visual projections to superior colliculus, cats, 19505
pretraining administration of cycloheximide vs anisomycin, memory impairment induced by cycloheximide & anisomycin, male mice, replication of studies by W. J. Kasprow et al & T. C. Rainbow et al, 3426
projections of rostral medulla in nucleus reticularis magnocellularis & gigantocellularis, rats, 610
psychology vs physiology of higher nervous activity, 608
psychophysiological & neurophysiological & color perception studies at Neurophysiological Laboratory of the Institute of Defectology, visually impaired, USSR, 23012
receptive fields of visual cortex, spatial frequency & orientational sensitivity, 5977
recording of temporal sequence of neuronal & muscular activities in orolingual region, feeding behavior, free-moving toads, 16565
regressive events & neural degeneration, development of mature neural system, vertebrates, 5971
relaxation & autogenic training vs transcendental meditation, neurophysiological & respiratory changes, 22–31 yr olds, implications for psychosomatic diseases, 25972
repetitive electrical conditioning stimulation of sural nerve, inhibition of spinothalamic tract lumbosacral spinal cord cells, decerebrate vs spinalized vs intact monkeys, 19603
role of frontal eye fields in eye movements, monkeys, 27339
role of neural & optical vs cognitive strategy mechanisms, formation of Mueller-Lyer illusion, college students, 8480
single vs dual light pulse & brief vs long duration stimulus, visual detection & discrimination, human Ss, test of single visual channel model for weak test signals, 8479
spatial properties of red/green & yellow/blue perceptual opponent color response, humans, 24434
statistical description of electrical activity of single neurons, 22013
structural & functional plasticity of brain, nonspecific biological etiology of schizophrenia, literature review, 9655
structure of inferior collicular commissure, adult male rabbits, 22014
summation of target & mask metacontrast stimuli, humans, 24633
synapse formation & cellular & molecular basis of learning & memory & information storage, mammals, 13798
test of neurotropic properties of blood serum, changes in adrenocorticocytes in zona glomerulosa of rat adrenal cortex, schizophrenic patients, 17577
test stimulus duration & adaptation level, temporal integration in W. S. Stiles's blue-sensitive pathway, trichromatic vs dichromatic Ss, 8489
transmitter regulatory molecules, memory, 24627
unified model of stimulus-effect relationships in neurophysiological & other experimentation, 13645
value & inferential limitations of anatomical & physiological basis of auditory N1-P2 & P300 & associated event-related brain potentials, conference presentation, 19532
visual identification task at near threshold exposures & recognition of polygonal shapes with vs without semantic meaning, visual evoked impulse activity of neurons, Ss with parkinsons disease vs skull trauma vs epilepsy, 14893
W. Kohler's proposal of functional isomorphism between brain processes & phenomenal events, reply to comments by K. H. Pribram, 29621

Neuropsychiatrists [See Psychiatrists]

Neuropsychiatry
characteristics of social areas served by neuropsychiatric consulting rooms, Spain, 15426
computerized tomographic brain scanning, children with developmental neuropsychiatric disorders, 28132
lithium & sodium & potassium & rubidium & cesium & francium, neuropsychiatric aspects of alkali metal deficiencies & excesses, literature review, 28525
neurochemical psychiatry as source for hypotheses concerning role of homeostatic mechanisms in brain function, implications for development of therapeutic drugs, 24676
neuropsychiatric aspects, acquired immune deficiency syndrome, promiscuous homosexual males, 4481
neuropsychiatry & psychopathology in clinical psychiatry, 17851
neuropsychological aftereffects of thrombotic thrombocytopenic purpura, 55 yr old male with history of Hodgkin's disease, 25827
presentation of model of ecological (cultural) evolutionary neuropsychiatry, 1046
psychiatric traumatology & role in neuropsychiatric report, 1325
psychosomatic & neuropsychiatric perspective, possession of A. Michel, 7094
tele-accueil centers in neuropsychiatry & crisis telephone services, Belgium, 4574
thermal lesions & neuropsychiatric disorders & body responsiveness, literature review, 4467
work of F. J. Gall & J. G. Spurzheim as precursors of biological psychiatry, 16185

Neuropsychological Assessment
abnormal development of event-related brain potentials, implications for use in diagnosis of developmental disorders & study of ontogeny of brain, conference presentation, 20577
access to classification information from discriminant function weights vs clinical judgment only, clinical detection of intellectual deterioration related to brain damage, clinical psychologists vs predoctoral interns, 14953
accidental high voltage electrical shock, neuropsychological & emotional consequences, 23–51 yr olds, implications for use of head trauma model as framework for treatment, 25804
aerobic exercise conditioning program, neuropsychological test performance & depression indices & sensory thresholds & visual acuity, 51–70 yr olds, 13831
age & education & lesion localization & level of general neuropsychological impairment, performance on Word Finding Test, patients with structural cerebral lesions, 13590
age & educational level, performance on Trial Making Test & Wechsler Memory Scale, 40–69 yr old medical & surgical patients, 210
age & IQ & education, norms for Hooper Visual Organization Test, male psychiatric inpatients, 13609
age-related neuropsychological deficits, Down's syndrome Ss with mean age of 37.1, 6982
age, Stroop Color Word Test performance as indication of neuropsychological functioning, 21–90 yr old healthy males, 5588
age vs intelligence vs memory & normative data for Spreen-Benton Sentence Repetition Test, 20–79 yr old right-handed cortically impaired outpatients, 20625
age, Wechsler Memory Scale performance, healthy younger vs older adults vs older neurologically impaired Ss, 14072

alpha reliability of Luria-Nebraska Neuropsychological Battery scales, brain impaired vs schizophrenics vs Ss with mixed psychiatric disorders, 19083
applicability of Halstead-Reitan Neuropsychological Test Battery vs Luria-Nebraska administration, 9–20 yr olds with congenital brain disorders, physical handicaps, 24221
assessment of neurological "soft" signs, premature low birth weight children at 8 yrs of age, longitudinal study, 28443
assessment of neuropsychological deficits, aged, 25851
assessment with Luria-Nebraska Neuropsychological Battery, 14–18 yr old juvenile delinquents, 17591
biological research in child psychiatry, pediatric psychopharmacology & neurodiagnostic techniques & psychogenetics, 7183
Boston Diagnostic Aphasia Examination vs Localization scales of Luria-Nebraska Neuropsychological Battery, diagnosis & localization of aphasia, 50–74 yr old aphasics with localized cortical injury, 24197
brief neuropsychological screening battery, brain damaged vs schizophrenics vs medical patients, 19110
caloric & oculomotor tests, neuroaudiological diagnosis, 11–80 yr olds with unilateral sensorineural hearing disorders or vertigo or acoustic tumors, 14894
carotid endarterectomy, intellectual & mnemic & psychomotor functions & personality, patients with stenoses of carotid arteries, 10-mo followup, 10341
causes of neuropsychological deficits, alcoholics, literature review, 1575
cerebral atrophy measurements using computed tomography scanning & neuropsychological tests, patients with Alzheimer's disease, 25814
citicoline treatment, neuropsychological performance & EEG activity, 50–70 yr old males with chronic cerebrovascular diseases, 18128
clinical vs psychometric evaluation of intellectual state, 33–81 yr olds with Parkinson's disease, 31221
cognitive laterality battery & Kaufman Assessment Battery for Children, assessment of hemispheric specialization in cognitive functioning, reading disabled Ss, curricula implications for learning disabled, 18739
cognitive tests vs questionnaires vs observational rating scales, assessment of memory impairment, 26–75 yr old dysmnesic alcoholic inpatients, 19026
comparison & validity of short forms of Halstead's Category Test, assessment of cortical integrity, 15–68 yr old outpatients, 24298
comparison of 3 computer programs, automated interpretations of variants of Halstead-Reitan Neuropsychological Test Battery, brain damaged Ss & Ss with cerebrovascular disease with mean age of 60.7 yrs, 5553
computed axial tomography for measurement of degenerative morphological brain changes, Alzheimer's patients, 25776
construct validity & application of Kaufman Assessment Battery for Children, evaluation of neuropsychological development, children, 11170
construct validity of perceptual measures of Cerebral Vascular Accident Evaluation Battery, relationship of scores to discharge disposition status, patients, 2904
construct validity of Wechsler Memory Scale subtests & Benton Visual Retention Test & memory factor scales of Luria-Nebraska Neuropsychological Battery, cerebrally dysfunctional & psychiatric patients, 24255
construction of portable & inexpensive version of Halstead-Reitan Category Test, 202
contribution of neuropsychological investigation in clinical evaluation of dementia, 28421
contributions of A. L. Benton & associates to research & test development in clinical neuropsychology, conference presentation, 30074
correlational analysis of computerized tomographic measures & neuropsychological performance, normal vs demented 60–88 yr olds, 28425
cortical disinhibition, cognitive impairment, patients with diffuse cerebral dysfunction, 12362
cortical stimulation, transient neuropsychological abnormalities & Gerstmann's syndrome, 17 yr old right handed male with partial seizures, 14966
cross validation of Selz-Reitan Pattern Index, brain damaged vs learning disabled vs emotionally disturbed children, 24218
decision tree vs standard methods of Luria-Nebraska Neuropsychological Battery, adult psychiatric vs subtle vs clean-cut neurological patients, 23040
decline in functioning on right vs left hemisphere tasks, male chronic alcoholic patients with average age of 46 yrs, 14790
depressive severity & history of drug abuse & cognitive impairment & outcome, inpatient alcoholics, 6-mo followup, 17600
determination of contribution of WAIS verbal & performance IQ variables to performance on Halstead-Reitan Neuropsychological Battery, psychiatric vs brain damaged patients, response to findings of G. J. Chelune, 24274
development & reliability of modified Fogs' Test, assessment of overflow movements & behavior problems, 7–11 yr olds with no obvious CNS disease from suburban vs innercity schools, 13608
development of Halstead-Reitan Neuropsychological Test Battery & contribution of W. C. Halstead & associates to brain-behavior relations research, conference presentation, 29764
development of method of rating global impairment, Luria-Nebraska Neuropsychological Battery, 11156
development of Moro Scale, evaluation of immediate & long term effects of neonatal narcotic addiction & withdrawal, neonates with drug-free vs methadone-addicted mothers, 14774
development of short form of Luria-Nebraska Neuropsychological Battery, assessment of elderly, 12–87 yr old neuropsychiatric patients, 24267
diagnostic accuracy & discriminant validity of Luria-Nebraska Neuropsychological Battery-Children's Revision, normal vs learning disabled 9–12 yr olds, 2897
diagnostic value of Luria-Nebraska Neuropsychological Battery for Children, assessment of brain dysfunction, 7–15.4 yr olds with brain lesions, 31225
drug related confusional states as assessed by Luria-Nebraska Neuropsychological Battery, 41 yr old male dependent on pain medication, 12272
duration of illness & severity of neurological impairment, prediction of performance on WAIS & Wechsler Memory Scale & daily activities, patients with Huntington's disease with mean age of 45.5 yrs, 7022
effectiveness of Hutt Scoring System & Bender-Gestalt Test in differentiation of organic vs functional brain syndromes, psychiatric patients, 16284
equivalence of 4 forms of H. Buschke's Selective Reminding Test, college students, implications for assessment of abnormal memory decay in patients, 24235
evaluation of Extended Mental Status Questionnaire & Philadelphia Geriatric Center Delayed Memory Test, prediction of senile dementia, patients with mean age of 75 yrs, 19107
examination of scatter index of normative data on WAIS-R, national standardization sample, 16372
factor analysis of constructs underlying neuropsychological measures, understanding of freedom from distractibility factor of WISC, 29727
factor analysis of Rey Auditory-Verbal Learning Test, measurement of verbal learning & short term memory, male psychiatric & neurological patients, 11184
frequency of illness & neuropsychological status & field dependence, alcohol treatment attrition, male alcoholic veterans with mean age of 45.8 yrs, 18371
functional assessment, stages & global deterioration scale for Alzheimer's disease, 28488
functional psychopathology, performance on neuropsychological screening batteries, male psychiatric inpatients, 28267
gestational age & race & sex, neurobehavioral responses on Prechtl Neurological Examination, preterm infants at term conceptional age, 9082
Halstead-Reitan Test Battery vs Luria-Nebraska Neuropsychological Battery vs WAIS, statistical relationship & discriminative accuracy in identification of brain damage, brain damaged patients, 24250
high altitude hypoxia, neuropsychological test performance & endocrine reactivity, 20–35 yr olds, 3362
history of withdrawal seizures, intellectual & neuropsychological differences, White vs Black male alcoholics, 17613

impairment index for assessment of brain functions, normal vs learning disabled vs brain damaged 9–14 yr olds, 2943
impulse-traced craniocorpograms & acoustically evoked brain stem potentials, vestibular-spinal investigation & discrimination of inner ear diseases from lower brain stem disorders, 22941
incremental validity of personality assessment data collected through interviews vs biographical information vs personality tests vs neuropsychological tests, literature review, 19058
interrater reliability of Luria-Nebraska Neuropsychological Battery, psychiatric brain damaged patients, 19088
interview techniques for neuropsychiatric assessments, adolescents, 20549
investigation of Intellectual Processes Scale of Luria-Nebraska Neuropsychological Battery for prediction of WAIS IQ, male alcoholic inpatients, 16336
ischemia during carotid endarterectomy, neuropsychological impairment, 49–76 yr old patients, 23402
item & internal consistency reliability of Your Style of Learning & Thinking-Form CC, assessment of hemispheric laterality, 9–12 yr olds, 11177
item analysis, Luria-Nebraska Neuropsychological Battery, criticism of T. V. Akhutina & L. S. Tsvetkova's article, 24251
labeling process in neuropsychiatric medicine, 9966
Luria-Nebraska Neuropsychological Battery vs WAIS, discrimination of schizophrenics with vs without brain damage, 11141
Luria-Nebraska Neuropsychological Battery-Children's Revision, diagnosis of brain dysfunction, children, East Germany, 12386
Luria-Nebraska Neuropsychological Battery, assessment of neuropsychological deficits in epilepsy, 14–25 yr old patients, replication of finding of R. A. Berg & C. J. Golden, 25832
Luria-Nebraska Neuropsychological Battery, forensic assessment of head injured plaintiff, 1114
Luria-Nebraska Neuropsychological Battery, prediction of IQ, neurologically unimpaired 17–65 yr olds, 2952
measurement of general intelligence & brain function, patients with left vs right cerebral lesions vs generalized cerebral damage, 17795
methodology for psychological followup & neurological assessment, children & adolescents with subacute sclerosing panencephalitis receiving inosiplex, 7-yr longitudinal study, 15000
microcomputer version of Continuous Performance Test, assessment of attention & neuropsychological function, college students & patients with thought disorders or brain damage or learning disabilities, 27039
modification & administration of neuropsychological assessment, severely brain damaged young adult female, 8418
motor & acoustic & visual & language & memory & intellectual behavioral tasks assessed by Luria-Nebraska Neuropsychological Battery, patients with left & right frontal vs posterior lesions, 869
multiple correlational analysis, WAIS intellectual summary vs Luria-Nebraska Neuropsychological Battery scores, psychiatric vs brain damaged patients, reply to G. J. Chelune's criticism, 11175
multivariate analysis of psychological & clinical & computerized axial tomography scanning measures, detoxified male chronic alcoholics, 22799
need for neuropsychological assessment services, Norway, 28849
neurobehavioral approach to classification using competency model, right-handed adult psychiatric patients, 20203
Neurologic Evaluation of the Newborn and the Infant, assessment of active & passive muscle tone, 19085
neurological & psychiatric viewpoints of 1982 medical guidelines for assessment of drivers' fitness, East Germany, 4105
neurological assessment of behavioral & cognitive functioning, diagnosis of solvent intoxication vs Alzheimer's disease, 24–63 yr old house painters, 12325
neurological examination checklist, assessment of dementia, 15–83 yr olds with clinical symptomatology of dementia, conference presentation, 20598
neurological soft signs, affective disturbances, 4148
neuropathologic & neuropsychologic data in development of screening battery & rating system, multiple sclerosis patients, conference presentation, 21772
neuropsychiatric & intellectual & educational status & history of abuse, extremely violent vs less violent incarcerated male delinquents, 6924
neuropsychological & intellectual & educational status & child abuse exposure, violent behavior, incarcerated male delinquents, 28335
neuropsychological & personality & familial characteristics, juvenile delinquents with vs without history of physical child abuse, 25685
neuropsychological & personality characteristics, delinquent male adolescents with alcoholic fathers, 9814
neuropsychological aspects, 17–44 yr olds with learning disabilities, 12303
neuropsychological assessment & EEG, reading as effective stimulus in reflex epilepsy, 53 yr old nonphotosensitive male, 4518
neuropsychological assessment before & after antidepressant therapy, psychotic & neurotic depressed 16–65 yr old patients, 1986
neuropsychological assessment, inference of patterns of deficit lateralization, schizophrenics, 25569
neuropsychological assessment of cognitive function, elderly, 9884
neuropsychological assessment, relapsing-remitting vs chronic-progressive patients with multiple sclerosis, 20521
neuropsychological deficit factors, treatment outcome, male alcoholics, implications for use of assessment measures in prediction of cognitive functioning, conference presentation, 23589
neuropsychological diagnosis of deficits following brain damage, 10012
neuropsychological differences, 24–60 yr old male familial vs nonfamilial alcoholics & nonalcoholics, 17646
neuropsychological dysfunction, associative thought disorders, schizophrenics, 25595
neuropsychological evaluation, transient global amnesia, 40 vs 60 yr old males, 14981
neuropsychological impairment & associated IQ, 23–49 yr old patients with chronic schizophrenia or major affective disorder or atypical psychosis, 14664
neuropsychological impairment, school age children with phenylketonuria, 20580
neuropsychological profile & vocational outcome, epileptic adolescents, 6.4-yr followup, implications for vocational rehabilitation, 4411
neuropsychological test data from behaviorally impaired vs unimpaired Ss, generalizability to behavioral problems & limitations, male alcoholics in inpatient treatment program, 26388
number of scales above individual critical level & range between highest & lowest summary scale, interpretation of Luria-Nebraska Neuropsychological Battery summary profile, medical patients vs schizophrenics vs brain damaged Ss, 11111
performance on Luria-Nebraska Neuropsychological Battery-Children's Revision, mildly vs severely 8–12 yr old learning disabled students, 5418
performance on Luria-Nebraska Neuropsychological Battery—Children's Revision, normal vs reading disabled 8–13 yr olds matched for IQ, 145
performance on peg placement section of Purdue Pegboard Test in unimanual vs bimanual conditions, normal vs dyslexic 9–12 yr olds, 20442
positive vs negative neurological examination results, cognitive performance on Luria-Nebraska Neuropsychological Battery, patients with history of brain damage, 7097
practice effects vs lateral asymmetry, performance on finger tip number writing test, right handed 20–63 yr olds, 19489
predictive validity of Movement Assessment of Infants, neuromotor assessment, high risk infants assessed at 4 mo & 1 or 2 yrs old, followup study, 13557
predictive validity of short form of Category Test proposed by C. A. Calsyn, dementia, geriatric patients, 19053
preoperative identification of neuropsychological strengths & deficits & lateralization of speech & memory, temporal lobe epileptics, 12684
presence vs absence of neuroleptic medication, performance on Luria-Nebraska Neuropsychological Battery, schizophrenics with mean age of 31.4 yrs, 12649
profile on WAIS, classification of dementia, 37–86 yr olds with Alzheimer-type dementia vs multi-infarct dementia, application of P. A. Fuld's formula, 7024

psychophysiological test of RT & time estimate & touch discrimination subtest of Halstead-Reitan Neuropsychological Test, assessment of effects of benzodiazepines on attention & sleepiness states, 21–29 yr olds, 11586
reliability & validity of Luria-Nebraska Neuropsychological Battery, criticism of M. Stambrook's article, 5594
reliability & validity of measures to predict cognitive differences based on primary vs secondary alcoholism & childhood symptoms of hyperkinesis/minimal brain dysfunction, alcoholics, 5607
Rey-Osterrieth Complex Figure, assessment of developmental changes in copy productions & development of system for quantifying organization & style, 5–14 yr olds, implications for neuropsychological assessment of children, 24305
right temporal lobe dysfunction, rhythm tests of Halstead-Reitan & Luria-Nebraska batteries, 13605
run order, neuropsychological serial measurement of regional cerebral blood flow, 21–45 yr old females, 24184
scope & status of neuropsychological assessment training opportunities, American Psychological Association-approved counseling psychology programs, 18498
sensitivity of Luria-Nebraska Neuropsychological Battery-Children's Revision, assessment of focal brain damage, 11 yr old female, 24268
sensitivity of WAIS subtests to vitamin therapy for treatment of mild organic brain damage, patients with low serum & CSF folate levels, conference presentation, 10252
severe blunt head trauma, physical impairment & memory & dysarthria & psychosocial adjustment, patients who suffered head trauma at 15–44 yrs of age, 10–15 yr followup, 15004
severity of brain damage, performance on Tactile Performance Test 10- vs 6-hole version, brain damaged patients, 13594
sex & age & intelligence, performance on Hooper Visual Organization Test for diagnosis of brain damage, elementary school students referred for psychometric evaluation, 26696
sex & age, neuropsychological manifestations, right handed unilaterally brain-damaged patients, 25960
shift from organic test to neuropsychological test approach, 26989
simple- & choice-RT before vs 1–6 mo after surgery vs during radiation vs chemotherapy, evaluation of brain function, patients with brain tumors, 7547
sodium fluoride poisoning, neuropsychological evaluation, female exposed to large concentrations of sodium fluoride, 12353
solution to potential compromise of validity of multiple choice form of Benton Visual Retention Test, 24211
speeded vs nonspeeded performance on motor & visual-motor & visual-spatial measures, 4.7–17.6 yr olds with mild vs moderate vs severe head injuries, 20479
stenoses & occlusions of carotid arteries, intellectual & mnemic & attention & psychomotor functions, 50–70 yr old patients, 9939
Symbol Digit Modalities Test, screening for brain damage, 8–16 yr olds, 19078
test profile on WAIS, normal 19–25 yr olds with scopolamine-induced cholinergic deficiency vs patients with Alzheimer-type dementia vs multi-infarct vs other dementia, implications for differential diagnosis, 7049
test-retest reliability of motor tests of Southern California Sensory Integration Tests vs Luria-Nebraska Neuropsychological Battery-Children's Revision, 8–8.9 yr olds referred for evaluation or treatment of sensory integrative dysfunction, 8437
Torque Test as screening device & measurement of lateral dominance, identification of risk for behavioral & academic problems, 4th–5th graders, 3624
Trail Making Test vs A. Canter's background interference procedure, classification of organicity, brain damaged schizophrenic males, 19089
transcoding of numbers from digital to alphabetic code, 20–75 yr old French speaking aphasics, 7122
use of MMPI in assessment, brain damaged psychiatric patients, literature review, 20173
use of multiple choice test of lexical understanding with visual & semantic distractions, measurement of semantic comprehension, patients with neuropsychological disorders, 17708
usefulness of verbal & visual memory tests, differential diagnosis of brain damage & depression, brain damaged & depressed 18–60 yr olds, 16306
usefulness of Weigl Color-Form Sorting Test, screening for brain dysfunction, male psychiatric patients with mean age of 41.3 yrs, 15001
utility of neuropsychological evaluation, identification of abnormal behavior, children, 31191
utility of WAIS subtests as predictors of performance on Halstead-Reitan Neuropsychological Battery, psychiatric & brain dysfunctional patients, 24273
validation of scoring system of Weigl Colour-Form Sorting Test, neurological diagnosis, 20–94 yr olds with depression or dementia, 5623
validation of Valpar Independent Problem-Solving Work Sample, screening, physically impaired & psychiatric & brain damaged 16–63 yr olds, 13530
validity of & assessment using mini-mental state examination, 18–83 yr old neurological patients, 19051
validity of dementia diagnosis & Alzheimer's disease, aged patients, 4-yr followup, 12392
validity of H. C. Mahan's method of assessing intellectual impairment, left vs right hemisphere vs diffuse brain damaged, 19070
validity of intelligence & neurological assessments, detection of brain damage, 27053
validity of items from Visual & Intelligence Function subtests of Luria-Christensen, investigation of ambiguous results obtained in clinical settings, male vs female college students, 19084
validity of Luria-Nebraska Neuropsychological Battery-Children's Revision, normal 8–11 yr olds vs brain injured children with mean age of 10.4 yrs, 21755
ventricular enlargement or other computerized tomography features as neuropsychiatric markers, understanding biological basis of schizophrenia, acute vs chronic adult schizophrenics, 11463
ventricular volume & cerebral cortical atrophy as measured by computed axial tomography & neuropsychological test performance, post-head-injury patients, 25775
verbal & visual-spatial impairment, hospitalized alcoholic males, 25663
WAIS & Wechsler Memory Scale & signal detection task & EEG analysis, assessment of cerebral functioning, outpatients suspected of having Alzheimer's disease, 12379
Weigl Color-Form Sorting Test vs Hooper Visual Organization Test vs Revised Benton Visual Retention Test, diagnosis of brain dysfunction, male psychiatric patient with mean age of 42.9 yrs, 212
Wisconsin Card Sorting Test vs Halstead Category Test, brain damaged patients, comment on M. G. Pendleton & R. K. Heaton's comparisons, 5587

Neuropsychology

aging & regional cerebral blood flow, neuropsychological functioning assessed by Luria-Nebraska Neuropsychological Battery, 56–88 yr old patients with Alzheimer's disease, conference presentation, 25864
assessment of cognitive changes, 51–74 yr old patients with transient global amnesia, conference presentation, 20542
biofunctional model, distributed mental content & mental structures & awareness & attention, 11324
biological factors, obsessive compulsive disorders, literature review, 23048
cardiac arrest, neurological & neuropsychological symptoms, 22–66 yr old patients, 5–18 mo followup, conference presentation, 20539
cerebral asymmetry & neurophysiological correlates of individual differences, 8825
chronic illness, psychological adjustment & neuropsychological performance, 18–47 yr old juvenile onset diabetics, 25927
clinical neuropsychological training in clinical & counseling psychology internships, directors of predoctoral internship programs, 21198
collaboration of medicine & psychology in assessment procedures, neonates, literature review, 9237
contribution of neuropsychology, dyslexia, children, 17677
contributions of A. L. Benton & associates to research & test development in clinical neuropsychology, conference presentation, 30074
contributions of forensic neuropsychology, 20027

contributions of H. L. Teuber & Psychophysiological Laboratory of New York University to neuropsychology, conference presentation, 30112
contributions to development of clinical neuropsychology, conference presentation, 30066
development of Halstead-Reitan Neuropsychological Test Battery & contribution of W. C. Halstead & associates to brain-behavior relations research, conference presentation, 29764
electrical stimulation of right hemisphere, evoked language responses, right handed adult patients undergoing surgical treatment for seizures, 547
guide to norms & ratings & lists, research in cognitive psychology & memory & psycholinguistics & neuropsychology, 5558
history & contemporary status of research on aphasia & neuropsychology of languages, conference presentation, 31163
language lateralization & neuropsychological correlates of psychotic disorders, review of bilingualism data, 22691
lead exposure & social background, general intelligence & visual-motor integration & reaction performance, school children, 20633
methodology & assumptions of discriminant function analysis as form of multiple regression analysis, implications for use in neuropsychological research, 24324
microcomputer data management software package, neuropsychological record filing & report generation & clinical decision making, 16238
modularity in neuropsychology & cognitive research, 24663
neural processes of information processing & storage & neurobiological basis of childhood disorders, 16613
neuropsychoendocrinologic treatment approach, psychic symptomatology, patient with Cushing's disease, 7154
neuropsychological & psychophysiological basis of 4 primary tastes, selected passages from H. Oehrwall's & H. Henning's & E. von Skramlick's writings, 8739
neuropsychological analysis, 50–60 yr old stroke patients with vs without aphasia, 14980
neuropsychological aspects of conversion disorder & hypochondriasis, literture review, 7093
neuropsychological characteristics of Alzheimer's disease, conference presentation, 31179
neuropsychological deficits, mentally retarded 18–48 yr olds, 25724
neuropsychological knowledge as basis for correlating empirical & theological understanding, reply to I. M. Wong's criticism, 19431
neuropsychology & role of hippocampus in anxiety, comments on article by J. A. Gray, 30103
neuropsychology of anxiety & depression, comments on article by J. A. Gray, 30114
neuropsychology of anxiety, reply to comments by R. K. Pitman & N. A. Schmajuk & P. Willner, 30069
neuropsychology of learning & curriculum development, 18598
priming, paired-associate learning, alcoholic adults with Korsakoffs syndrome, 31256
problems in use of attribute variables in neuropsychological research design, 5584
psychological & neurological & endocrinological aspects, depression, 12156
psychological & neuropsychological functioning, patients with chronic obstructive pulmonary disease, 22964
relationship between biology & psychology, 11461
role of septo-hippocampal system in neuropsychology of anxiety, comments on article by J. A. Gray, 30094
semantic & phonological & motor & perceptual processes underlying spelling & handwriting, 19488
severity of CNS damage, neuropsychological development, premature children with perinatal brain damage up to 6–7 yrs old, 9908
social & cultural dimensions of human brain function, implications for neuropsychological research, 13806
topographic inhibitory theory, functions of corpus callosum, implications for language production & understanding, 553
visual agnosia vs visual-verbal disconnection, 57 yr old female vs 62 yr old male, 31200
work & theories in neuropsychology, A. R. Luria, 2757

Neurosciences [See Also Neuroanatomy, Neurobiology, Neurochemistry, Neurology, Neuropathology, Neurophysiology, Neuropsychiatry, Neuropsychology]
cellular mechanisms & neural models of learning & memory, animals, literature review, 16488
contribution of P. Broca to modern neurosciences, 16627
emergence & scope of neuroethology, 8794
interdisciplinary interactions between neurosciences & psychological sciences & psychiatry, treatment of mental disorders, 15053
place of physiological psychology in neuroscience, 5963
Neurosis [See Also Anxiety Neurosis, Childhood Neurosis, Conversion Neurosis, Dissociative Neurosis, Experimental Neurosis, Hysterical Paralysis, Neurasthenic Neurosis, Neurotic Depressive Reaction, Obsessive Compulsive Neurosis, Phobic Neurosis, Traumatic Neurosis]
agreement on theoretical/philosophical foundations & theory of neurosis & other illnesses in works of A. Janov & W. Reich, 29648
alcohol & sedative drug use & perceived anxiolytic effects, adult neurotic outpatients in behavioral psychotherapy unit, 17552
analysis of aggressive motifs in dreams, patients with asthma vs rheumatoid arthritis vs hypertension vs colitis vs psychoneurosis, 31203
autonomic conditioning vs cognitive learning of neurotic fears, differential treatment, 23–35 yr old agoraphobic females, 25608
background factors, prediction of neurosis, adult Australians vs Greek vs Italian male vs female immigrants to Australia, 22697
choice of psychosomatic symptoms, neurotic patients, 23044
classification of neuroses, 14756
clinical applications & problems of autogenic training, 27 & 30 yr old female neurotic patients, 7265
clinical applications of O. Kernberg's developmental model, neurotic vs borderline vs narcissistic disordered patients, 17957
combinations of quantitative EEG variables, psychiatric diagnostic discriminations, neurotics vs personality disordered vs overt vs latent schizophrenics vs major depressives vs manics, 12204
comments on neurosis & transference in relation to conferences initiated by Freud under collective title of "Introduction to Psychoanalysis", 18931
compensation neurosis, applicants for social insurance pension, followup study, 17569
conceptual & technical aspects of actual neurosis, 20290
conceptual structure, hypochondriasis vs arthritic vs neurotic patients, replication of study by F. Makhlouf-Norris et al, 25504
concordance for schizophrenia vs neuroses vs alcoholism, female vs male mono- vs dizygotic twin pairs aged 15 yrs & older, Finland, 16583
development of neurotic states, patients with epilepsy, implications for use of psychotherapy & acupuncture with anticonvulsive treatment, 14998
dispute during preparation of DSM-III regarding elimination of psychodynamic perspective & "neurosis" as diagnostic class, 14627
economic & clinical outcomes of treatment by nurse therapist vs general practitioner, neurotic patients, 23262
EEG activation levels, patients with schizophrenia vs mania vs neurosis vs depression vs personality disorders, conference presentation, 1467
EEG reactivity to information, acute vs recovered schizophrenics vs neurotics vs normal Ss, conference presentation, 1419
effectiveness of short term anxiety provoking psychotherapy, neurotic patients with physical symptoms, conference presentation, 28654
efficacy of emotive reconstructive therapy, neurotic vs personality disordered vs psychotic 20–61 yr olds, 1855
empathy, neurotically disturbed Ss, 6833
epidemiology of neurosis assessed with Cornell Medical Index, male Turkish immigrant laborers, Holland, 14733
eye tracking & attentional & psychometric correlates of psychopathology, 20–60 yr old schizophrenic & nonschizophrenic psychotic & schizotypal & neurotic patients, 22787
flooding technique of imaginal confrontation, neurosis, psychiatric patients, followup study, 18036
Illness Behavior Questionnaire, differentiation of conscious exaggerated symptoms & neurosis, pain clinic patients & public utility members, 16305

job features, neurotic symptoms, clerical & factory workers, 21596
locus of control & self esteem & alienation, normal Ss with mean age of 25.6 yrs vs neurotics with mean age of 24.1 yrs, 4243
loneliness & escape from own neurosis, psychoanalysts, 18464
marital adjustment & intimacy, neurosis, married couples, 4270
mechanisms of dream interpretation outlined by D. Wyss, patient with cardiac neurosis, 1828
methodological aspects, epidemiology of depressive & neurotic & psychosomatic syndromes, 19–20 yr olds, Switzerland, 4-yr longitudinal study, 9579
minaprine, psychoneurotic inhibitions, 2–99 yr old general practice patients, 4768
modification of Freud's theory of psychosis with regard to neurosis, 12 yr old female, implications for schizophrenia, 11040
mortality, patients with affective vs personality disorders vs schizophrenia vs substance abuse vs neuroses vs psychophysiologic disorders, 14595
naive realist vs psychiatric/categorical vs dimensional models of somatic concern, relation between hypochondriasis & neuroticism & aging symptoms in medical complaints, elderly, 31144
object relations as determined by Rorschach response patterns, borderline & neurotic outpatients & borderline & schizophrenic inpatients, 4196
oblique factor analysis of 16PF, 16–57 yr old neurotics vs normal 16–54 yr olds, 2932
olfactory acuity to androstenone, psychotic & neurotic 20–50 yr olds, 14641
parental communications, ego development, adolescent & adult patients with neurotic vs character vs borderline disorders, 4229
pathogenetic model of "brosithymia", 28–42 yr old psychosomatic vs neurotic vs psychotic patients, 7052
perceived curative factors in treatment, psychotherapy outcome, 21–65 yr old neurotic outpatients, 12498
premature mortality & neurosis, conference presentation, 28260
projective value of drawing test "The Enchanted Family", hospitalized neurotic vs asocial or antisocial behavior disordered 10–15 yr olds, 12120
psychoanalytic interpretation of neurotic sexual behavior in C. Rossetti's Victorian poem "Goblin Market", 13940
psychodynamics & social development, award vs denial of disability compensation, neurotic patients, 1385
psychological distance assessment using doll placing & family sculpting techniques, maladjustment, families with 7–13 yr old male with behavior vs neurotic problems, 12121
psychometric examination, female prisoners, 4312
psychotherapy, self image, neurotic male 16–18 yr olds, 17942
reflections on H. Deutsch's "hysterical fate neurosis", 9667
Rorschach H response, use of object relations in differential diagnosis, neurotics vs outpatient vs inpatient borderlines vs schizophrenics, 164
social cognitive therapy, neurotic children in special schools, 32142
somatic neurosis & neurotic depression, 35–50 yr old females, India, 1413
specific & taxonomic differences, patients with psychoneurosis vs psychovegetative disorders, 7044
stressful life events & neurosis, 55–75 yr olds, 6840
stressful life events & psychological distress, intensity of disorder, neurotic outpatients, 6-mo longitudinal study, 17450
stressful life events, development of neurotic symptoms during personal assessment, symptom-free males & females, 12 mo longitudinal study, 20235
symbolic content & metaphoric expressions in learning introspective exercises, healthy vs neurotic vs psychosomatic Ss, 20170
symbolic content & metaphoric expressions, experiences in learning introspective techniques in autogenic training, neurotic & psychosomatic Ss, 10040
system of "shoulds" as generating neurosis & self hate, 4186
taxonomic aspects of clinical character, neurotic patients, conference presentation, 28186
theory of K. Horney on biocultural dialectic, interpersonal neurosis, conference presentation, 16210
time course & social & occupational adaptation, patients with neurosis-like forms of organic brain diseases, followup study, 31194
trauma & development of neurosis & implications for psychiatric technique, contributions of O. Rank & S. Ferenczi, 18925
use of descriptive criteria in DSM-III, classification of neurosis & personality disturbances, 17427
validity & clinical utility of Present State Examination, assessment, neurotic inpatients in behavioral treatment, 16370
ventilatory response to carbon dioxide, neurotically disturbed patients vs transcendental meditation practitioners, 17556
views of K. Horney on concept of neurosis, conference presentation, 16208

Neurosurgeons [See Surgeons]

Neurosurgery [See Also Commissurotomy, Decerebration, Decortication (Brain), Hemispherectomy, Psychosurgery, Sympathectomy, Thalamotomy, Tractotomy, Vagotomy]
anterior temporal lobectomy, right-left symmetry in detection of gap in broad-band noise burst, 19–44 yr olds, 31152
aphasia reversal after extracranial-intracranial bypass surgery, 71 yr old female, 26240
callosotomy, hemispheric control of writing hand, 20 yr old left handed male with intractable seizures & left hemispheric language, 15373
content of drawings, 50 yr old male & 26 yr old female undergoing surgery for encephaloma, 31613
left pulvinar damage due to surgical resection, eye movement abnormalities, 23 yr old male, 8813
microvascular decompression of 8th nerve, disabling positional vertigo, 31–57 yr old patients, 15376
neurosurgery & developmental history, 3–36 yr olds with focal epilepsies, 28831
neurosurgical intervention, violence in temporal lobe epilepsy, criticism of study by O. Devinsky & D. Bear, 12734
neurosurgical intervention, violence in temporal lobe epilepsy, reply to comments by A. A. Stone, 12683
preoperative identification of neuropsychological strengths & deficits & lateralization of speech & memory, temporal lobe epileptics, 12684
research on functional brain grafts, animals, implications for humans with irreversible brain lesions, comments on article by R. J. Wyatt, 24782
research on functional brain grafts, animals, implications for humans with irreversible brain lesions, comments on article by R. J. Wyatt, 24780
research on functional brain grafts, animals, implications for humans with irreversible brain lesions, 24781
research on functional brain grafts, animals, implications for humans with irreversible brain lesions, comments on article by R. J. Wyatt, 24776
simple- & choice-RT before vs 1–6 mo after surgery vs during radiation vs chemotherapy, evaluation of brain function, patients with brain tumors, 7547
temporal lobectomy for relief of focal seizures, cognitive functioning, adults with left vs right seizures, 26255
unilateral temporal- vs frontal-lobe lesions, melodic discrimination & recognition, surgical patients, 31276

Neurotensin
apomorphine & angiotension II & neurotension & leucine enkephalin, emetic behavior & prevention by area postrema lesions, dogs, 6100
monocular suture of eyelids, retinal levels of met-enkephalin & substance P & neurotensin & muscarinic & dopaminergic & opiate & benzodiazepine receptors, day old chicks after 17 days, 13788
morphine sulfate vs neurotensin, turnover of 5-HT in brain nuclei & role in analgesia, rats, 22019
neurotensin & lesions of nucleus raphe magnus, periaqueductal gray & analgesia, male rats, 27457
neurotensin vs bombesin, body temperature & locomotion in open field, male rats, 24960

Neurotic Depressive Reaction
age & sex & weight loss, dexamethasone suppression test & sleep EEG, Ss with endogenous vs neurotic or bipolar vs unipolar endogenous depression, 9640
amoxapine therapy, depression, 23–62 yr old patients with psychotic & neurotic depression & schizodysthymic & postdelusional conditions, 4780
antidepressant medifoxamine, 23–75 yr old depressed endogenous & reactive & neurotic & mixed patients, 1983

clomipramine vs doxepine, neurotic depression, 18–64 yr old outpatients, 18121
endogenous vs neurotic depression, psychiatric ambulatory patients, 30928
neuropsychological assessment before & after antidepressant therapy, psychotic & neurotic depressed 16–65 yr old patients, 1986
number of stressful life events, patients with bipolar vs unipolar vs neurotic-reactive vs unspecified depression suffering from 1st vs recurrent episode, 14719
platelet MAO activity & augmentation/reduction & personality traits, unipolar vs bipolar depressed vs neurotic reactive 24–69 yr olds, conference presentation, 1453
premorbid severe life events & major difficulties, 5-yr outcome, inpatients with endogenous vs reactive depression or reactive vs nonreactive psychosis, 6751
somatic neurosis & neurotic depression, 35–50 yr old females, India, 1413

Neuroticism

anger & neuroticism & Type A behavior, symptoms of angina pectoris & functioning, 29–70 yr old cardiac patients, 20607
anxiety & extraversion & neuroticism & psychoticism, recognition memory under noise vs threat vs reward conditions, college students, 5831
comparison of mean scores from Extraversion & Neuroticism & Psychoticism & Social Desirability subscales of Eysenck Personality Questionnaire individually & conjointly, male & female Ss from 25 countries, 28060
conditioned avoidance to aversive stimuli as compared to H. Eysenck's personality typologies, rats, 27220
construction of new MMPI scales, identification of psychoticism & extraversion & neuroticism factors & lie scale on Eysenck Personality Questionnaire, college students, cross validation of Friedman Overlap Scales, 24229
environment & lifestyle & other health related psychosocial correlates, neuroticism, adult male mono-vs dizygotic twins, Finland, 16584
extraversion-introversion & neuroticism scores & EEG powers, prediction of hypnotic susceptibility, college students, Italy, 20137
Eysenck's theory of personality, aesthetic preference for colors & shapes, 4078
factor analysis of personality inventory, determination of relationship between neurotic & extraverted tendencies, secondary school students, 2890
field dependence-independence & extraversion/neuroticism, male vs female polytechnic college students, 20150
human "biorhythmic" cycle, academic performance & neuroticism, college students, 10755
intelligence & neuroticism, 12–18 yr olds with no criminal record from middle vs lower class families vs 13–18 yr olds in detention home, 14775
interest profiles, neurotic vs normal, 13–18 yr olds, 9631
measurement of extraversion & neuroticism, rats, 24583
mental health & neuroticism, toxic-oil syndrome patients vs cardiac patients, 4423
neuroticism & depression & feelings of inadequacy, 20–64 yr old patients with newly diagnosed hypertension vs diagnosed 6 yrs previously, 1715
neuroticism & physician-rated vs self rated health & subjective well-being, 46–71 yr old White males vs females, 25577
prevalence of depression, learning disabled 8–13 yr olds, 12310
relationship between psychosomatic illness & neuroticism, 20–50 yr olds, 7118
security & adjustment & prospects of life, neuroticism, children from alcoholic vs nonalcoholic-disharmonic vs well-functioning families, 9091
self esteem & sense of guilt & reactivity & neuroticism, anesthesiologists in intensive care vs internists in traditional hospital care, 5121
smoking & Eysenck personality dimensions of neuroticism & psychoticism & extraversion, female nursing students, 30755
social desirability response bias, extraversion & neuroticism scales of Eysenck Personality Inventory, college students, 2941
social networks & individual differences in extraversion & neuroticism & self disclosure, loneliness, college students, 20091
stress, EMG & cardiac rate, extraverts vs introverts vs neurotics, 24718

Neurotoxins

acetylpyridine in inferiorolivary nucleus, time order of glucose consumption & axonal transport & electrical activity & harmaline-induced tremor, adult rats, 27562
acrylamide intoxication, optic tract fibers & linear summation of lateral geniculate nucleus units, rats, 30316
acute administration of isopropyl methylphosphonofluoridate, behavioral toxicity as measured by activity & taste aversion conditioning & rotorod performance, male rats, 22187
behavioral & neuropathological effects of intrastriatal levopyroglutamate injection as animal model of Huntington's disease, male mice, 24925
bilateral icv ethylcholine aziridinium ion into lateral ventricle, behavioral & neurochemical effects, male rats, 24853
capsaicin topical application to sural nerve, peripheral nerve valleys & responses of neurons of spinothalamic tract, monkeys, 30210
chlordecone exposure prenatally & during neonatal period, hypothalamic-pituitary adrenal axis function, adult rats, 24927
cholinergic neurotoxin AF64A, spontaneous nocturnal locomotor behavior, rats, 11618
dose of ip cesium chloride, depressant effects in CNS, male mice, implications for use as antipsychotic, 24801
electroclinical features of neuroleptic drug-induced neurotoxicity, 29–82 yr old patients, 7486
intrahippocampal ibotenic acid injection, EEG changes & seizures & stereotypic behavioral activity & reversal by levo-2-amino-7-phosphonoheptanoic acid, rats, implications for epilepsy, 719
kainic acid injections into pyramidal sections of hippocampus, electrophysiological & behavioral & neuroanatomical changes & functional recovery, male rats, 24764
locus ceruleus damage induced by neurotoxin DSP-4, open field & novelty-oriented behavior, male rats, 8910
maternal vs paternal inhalation exposure to 2-methoxyethanol, behavior & neurochemical abnormalities in offspring, rats, implications for occupational safety, 3494
neurotoxicants, flight simulator performance, agricultural pilots, 16751
noradrenergic neurotoxin N-2-chloroethyl-N-ethyl-2-bromobenzylamine vs 6-hydroxydopamine, yohimbine's excitatory effect on acoustic startle, male rats, 30256
norepinephrine neurotoxins DSPR, norepinephrine depletion in hippocampus vs cortex vs locus ceruleus vs hypothalamus & escape disturbances engendered by inescapable shock, male mice, 6091
norepinephrine neurotoxins DSP4 vs 6-hydroxydopamine, dextroamphetamine-induced perseverative behavior in radial arm maze, male mice, 6099
olfactory bulbectomy &/vs DSP4 N-(2-chloroethyl)-N-ethyl-2-bromobenzylamine, 2-way active & step-down passive avoidance & fear conditioning & retention, male rats, 8875
prenatal exposure to methylazoxymethanol, open field & maze & passive avoidance behaviors & mortality & body weight, rats assessed at 49–192 vs 204–215 days of age, 16807
prenatal vs postnatal exposure to heavy metals, operant performance, rats, 11580
pretreatment with sodium valproate or ethanolamine sulphate & microinjection of tetanus toxin into nucleus mesencephalicus profundus, GABAergic mechanisms, fowls, 744
risk factors & lithium-carbamazepine neurotoxicity, 28–40 yr old rapid cycling manic patients, 12659
standard-oriented focus of future neurotoxicological research, effects of exposure to industrial chemicals on nervous system, 19651
trimethyltin, appetitive acquisition & extinction performance, adult male rats, 22201
trimethyltin, biochemical & behavioral & morphological development & neurotoxicity, postnatal rats, 24890
trimethyltin dose, response rate during DRL & role of hippocampal neurotoxic effects, male rats, 22195
trimethyltin, recurrent inhibition using electrical stimulation of perforant path, rats, 27582
trimethyltin, spontaneous & learned alternation, male rats, 27600
use & selection of behavioral tests, assessment of neurotoxins in behavioral toxicology, literature review, 8369

Neurotransmitters [See Also Acetylcholine, Aspartic Acid, Catecholamines, Cholecystokinin, Endorphins, Gamma Aminobutyric Acid, Glutamic Acid, Glycine, Histamine, Neurotensin, Serotonin, Substance P]
aging, beta-adrenergic & cholinergic & benzodiazepine & dopamine receptors, 6025
allosteric properties of nicotine receptor for acetylcholine, literature review, 5969
asymmetries of activation & arousal & brain neurotransmitter pathways in psychopathology, conference presentation, 1487
calcium channel blockers, treatment of neuropsychiatric syndromes due to neurotransmitter excess, 10271
changing processes of neurotransmitters at molecular level, 5968
chemical transmitter gating of opponent processes, normal & abnormal behavioral syndromes, 22646
chronic administration of tricyclic & nontricyclic antidepressants, central noradrenergic receptor function & neural transmission, literature review, 7456
decreased serotonin neurotransmission, depression & suicide, 12107
ECS, neurotransmitter receptor systems, male rats, implications for ECT mechanism of action & adverse effects, 8903
enriched vs restricted vs impoverished housing environments, CNS neurotransmitter amino acids & protein, postweanling mice, 27340
genes & neuropeptides, mediation of behavior, snails, 6002
genetic organization & synthesis & processing & physiological role of neuropeptides, aplysia, literature review, 27364
histochemical & neuroanatomical methods, chemical anatomy of brain & various types of neurons, literature review, 5981
iodine-deficient diets, behavioral & physiological change, male rats, implications for role of dopaminergic neurotransmitters, 22206
maternal opiate & alcohol & amphetamine & phencyclidine abuse, placental & fetal neurotransmitter receptor development, 25665
nervous system & neurotransmitter activity during long term antiorthostatic hypokinesia & recovery period, 32–41 yr old males in space flight simulation, 16682
neurochemical role of adenosine as neuromodulator vs neurotransmitter, literature review, 27399
neuroleptic vs neurotransmitter injections into brain regions, avoidance acquisition, male rats pretreated with atropine, 783
neuroregulatory effects of nicotine, formulation of biobehavioral hypothesis to explain reinforcement of smoking behavior, 24673
neurotransmitter-blocking agents, antinociceptive effects caused by carbamazepine & baclofen & pentazocine & morphine on bradykinin induced trigeminal pain, rats, 11588
neurotransmitter hypothesis of depression, 22720
neurotransmitter receptors, etiology of depression & mechanisms of action of antidepressant drugs, conference presentation, 23363
olfactory bulbectomy, neurotransmitter metabolism in amygdaloid cortex & midbrain, male rats, 13865
ontogeny of synaptic neurochemistry, rats, implications for pediatric neurology, 16616
opioid-neurotransmitter interactions, analgesia & drug dependence & tolerance, conference presentation, 30250
physical stress & simulated flight emergencies & combat, presence of neurotransmitters & their metabolites in urine, student vs experienced US Air Force pilots, 3327
postmortem analysis of neurotransmitters & related biological markers in mental disorders, conference presentation, 28250
psychopharmacological aspects of multiple receptors for central neurotransmitters, conference presentation, 3264
radioreceptor binding assay, psychopharmacology & psychopathology, 7448
role of peripheral symptom mechanisms, genesis of anxiety, conference presentation, 25559
role of stereoisomers of drugs in neurotransmitter function, implications for treatment of mental disorders, 19729
search for autocoids for drug receptors as promising approach to development of antidepressive & antianxiety drugs, 3403
synaptic neurochemical mechanisms in animal models of dementing disorders, conference presentation, 28177
transmitter regulatory molecules, memory, 24627
3-methoxy-4-hydroxphenyl-glycol & homovanillic & 5-hydroxyindoleacetic acids, depressive syndromes, 1375
New Guinea [See Papua New Guinea]

New Zealand
academic self concept & projected academic achievement & locus of control, Maori vs Pakeha students with mean age of 11.2 yrs, New Zealand, criticism of P. Ranby's article, 8005
Alcohol Alert Week, 8-day voluntary alcohol abstention program, Department of Health employees, New Zealand, 23608
alcohol usage & health education, adolescents, New Zealand, 14005
attitudes toward mainstreaming, 20–25 yr old student teachers vs 30–35 yr old elementary school teachers, New Zealand, 7872
cultural assimilation factors, language maintenance & education, parents from Samoan families with Samoan-speaking children, New Zealand, 27770
cultural awareness & self awareness training, counselors, New Zealand, 15609
development of guidance & counseling services, New Zealand, 1920–84, 15452
educational needs & services, handicapped preschool & school age children, New Zealand, 18726
efficacy of school counselor training program, graduates, 5-yr followup study, New Zealand, 15590
evaluation of progress using context input process & product model, Down's syndrome & multiply handicapped children in special programs, New Zealand, 21441
expectancy confirmation vs egotism models, causal attributions for expected vs actual examination outcome, high school students, New Zealand, 2428
factor structure & norms for Revised Behavior Problem Checklist, 5–13 yr olds from community sample vs psychiatric clinic, New Zealand, 2870
factors affecting preschool attendance, preschool age children, New Zealand, 7895
gender & SES, performance on WISC-R vs Test of Scholastic Abilities vs Progressive Achievement Tests, 10.8–12.3 yr olds, New Zealand, 29405
gender differences, role obligations & privacy & psychological well-being, urban adults, 5-yr followup of married females, test of nurturant role hypothesis, New Zealand, 3952
goals of multicultural education using J. Bank's model, taha Maori people, New Zealand, 15731
indoctrination of patriotic ideologies in public schools during economic recessions, New Zealand, 15666
interaction of Western culture & primitive cultures, Australia & New Zealand & US, 19958
multidisciplinary training workshops on family law based on family therapy models, lawyers & judges & mental health professionals, New Zealand, implications for family court, 29086
natural resource development & political & social & economic changes, Australia & New Zealand, 27926
need for caution in use & interpretation of WISC & Stanford-Binet scales, New Zealand, comment on view of P. A. Silva, 24206
occupational satisfaction & dissatisfaction, primary school teachers, New Zealand, 31970
occupational status, drinking behavior, 14–64 yr old males, New Zealand, 6599
off-site centers for disruptive secondary school students, New Zealand, 15747
open entry to universities, New Zealand, 5163
participation in continuing medical education, general practitioners, New Zealand, 18406
patterns of regional social differences, New Zealand, 27904
physical & vocational & emotional & marital & economic & legal characteristics, national differences in response to injury & pain, chronic low back pain patients, US vs New Zealand, 31136
racial distribution & sexual history & family background, male-to-female preoperative transsexual prostitutes aged 15–35 yrs & older, New Zealand vs Australia, 17265
racial imbalance of representation in universities & professions, Maoris people, New Zealand, 27922
reproductive success & hybridization, mallards & grey ducks, New Zealand, reanalysis of data obtained by M. Williams & C. Roderick, 11438
scores on Test of Scholastic Abilities vs Progressive Achievement Tests, ability group placement, Maori vs European students, New Zealand, 29461

self management strategy, implementation of behavior management procedures & role playing & modeling & group discussion, residential child & family workers, New Zealand, 18444
self report of adjustment problems & academic performance, native vs Malaysian university students, New Zealand, 29310
SES & family composition & other factors, utilization of health & education services, children from birth to 5 yrs, New Zealand, 31584
sex stereotyping in School Journal, New Zealand, 1979–82, comments on article by M. A. Townsend et al, 29252
sex stereotyping in school textbooks based on review of School Journal, New Zealand, 1979–82, reply to comments by G. B. Thompson, 29254
survey of tests recommended for clinical graduate training, hospital psychologists, New Zealand, 26423
validity of adaptations of System Orientation Inventory & Teacher Identification Inventory, professional orientation & personal characteristics &/vs training, guidance counselors, New Zealand, 21494

Newspapers
content analysis of collective behavior in official newspaper of Cuban Communist Party, Cuba, 14242
extent of crime coverage in newspapers, India, 22238
highly publicized news events, juror decision making & courtroom trial outcomes, college students & registered voters, 1116
newspaper crime reports, fear of crime, newspaper readers & college students, 812
newspapers vs magazines vs TV advertising, voting participation, voters, 22527
prompting newspaper articles, promotion of work of behaviorists & dissemination of information to public, 30323
quality & quantity of newspaper articles about psychiatric nurses & their practice, 5101
sociocultural analysis of newspaper article about woman accused of bewitching child, Zaire, 30324
sociological analysis of content in matrimonial advertisements in newspaper, India, 13927
survey of use & perceptions of newspapers, adults, 16816
Niacin [See Nicotinic Acid]
Nialamide
chronic administration of clomipramine & mianserin & nialamide vs haloperidol & diazepam, salbutamol-induced hyperactivity, male rats, 24920
Nicotine
abstinence phobias, model for explanation of relationship between anxiety & abuse of opiates & alcohol & tobacco, implications for treatment & staff training, 28988
alcohol & nicotine & marihuana use 1 yr prior to & during pregnancy, females, 1978–79 vs 1980–82, 6604
assessment strategies & critical issues of cigarette brand switching, 32346
autoradiographic visualization of nicotinic transmission in brain, rats, 19446
caffeine & nicotine, ambulation & rearing & wheelrunning, male rats, 30270
caffeine vs nicotine, open field exploration, rats, 16777
chronic exposure to nicotine, behavioral tolerance & binding sites & avoidance of aversive shock, rats, 30195
cigarette puff duration & volume & number, tar & nicotine intake, 21–75 yr old tobacco smokers, 16786
cigarette smoke & nicotine, food intake & weight gain & resting energy output & brown fat mass & opiate binding & blood glucose, male rats & hamsters, 6175
dose of nicotine during operant conditioning, discrimination of nicotine vs nicotine analogs vs saline vs other pharmacologic compounds, rats, 24944
high vs medium vs low nicotine content, discrimination of strength of tobacco smoke, cigarette smokers with mean age of 38.8 yrs, implications for titration, 11615
intensive behavioral treatment &/vs nicotine gum, cigarette smoking abstinence, males & females who smoked mean of 30.5 cigarettes/day, 23597
intravenous self administration of nicotine with vs without schedule-induction, monkeys, 30297
levels of nicotine content in cigarettes, smoking behavior & biochemical parameters, cigarette smokers, 24934
maternal social drinking & cigarette smoking in prenatal period, performance on The Bayley Scales of Infant Development, 13 mo olds, 3580
mecamylamine, nicotine dependence, 24–61 yr old smokers, conference presentation, 5061
mecamylamine vs nicotine vs physostigmine pretreatment, phencyclidine-induced locomotor activity & convulsions, male mice, 8944
morphine vs phencyclidine vs nicotine administration, spontaneous motor activity as measured by automated vs direct observation, male rats, 24851
neuroregulatory effects of nicotine, formulation of biobehavioral hypothesis to explain reinforcement of smoking behavior, 24673
nicotine & dextroamphetamine, intracranial self stimulation of medial forebrain bundle, male rats, 24730
nicotine, body weight & consumption of nonsweet food & water, male rats, 6130
nicotine fading & self monitoring & self instructional training & self efficacy manipulation, smoking & nicotine/tar intake, smokers, replication & extension of results of R. M. Foxx & R. A. Brown, 10542
nicotine-induced seizures & nicotine receptors, C3H/2lbg vs DBA/2lbg mice, 24891
nicotine replacement or substitution, cigarette withdrawal, smokers with mean age of 39 yrs, 5064
nicotine, tobacco withdrawal symptoms, smokers with mean age of 36.7 yrs with tobacco dependence, 7731
nicotine used as emetic, depressed bulimic 21 yr old female, 14994
nicotine vs placebo gum, alleviation of withdrawal symptoms during smoking cessation, Ss with mean age of 39.3 yrs, 12871
preexposure to nicotine vs mecamylamine vs hexamethonium, nicotine-induced taste aversions to saccharin, male rats, 22177
prenatal exposure to smoking & caffeine & alcohol, behavior & development, neonates, 9108
prevalence & usage of chewing tobacco & relation to cigarette smoking, 7th–10th graders, 30518
prolonged exposure to nicotine vs footshock stress & exposure to novel stress, pituitary-adrenocortical response, rats, 3415
repeated doses of nasal nicotine solution, plasma nicotine concentrations, 28–51 yr old male smokers, implications for use as smoking cessation aid, 29007
role of nicotine, withdrawal from cigarettes, conference presentation, 29006
scopolamine &/vs nicotine, information processing & Stroop testing, college students, 24963
scopolamine vs methscopolamine vs nicotine, information processing performance, college students, 3529
sex differences & castration, nicotine-induced activity responses, rats, 22074
smoking cigarettes with varying nicotine yields, rapid information processing, male college students, 6177
smoking nicotine-containing vs zero-nicotine cigarette, pain & anxiety, adult males, 24916
switch to low nicotine cigarette, subjective & physiological indices of withdrawal, smokers, 24964
topical application of nicotine, heart rate & salivary nicotine & blood pressure, 31 yr old male, smoking cessation implications, 13902
Nicotinic Acid
biochemical basis of niacin as antidote to acute LSD- induced psychedelic psychosis, 6128
large doses of niacin, schizophrenia, adult male, 4541
Nictitating Membrane
bilateral of dentate & interpositus cerebellar nuclei, conditioning of heart rate & nictitating membrane/eyelid responses, rabbits, 11568
CS-US intervals & CS modality, transfer of conditioned nictitating membrane response, rabbits, 8633
harmaline, conditioned nicitating membrane responses, rabbits, 24955
lesions of cerebellar cortex, conditioned nictitating membrane response, rabbits, 30194
morphine vs LSD, classically conditioned nictitating membrane response, rabbits, 30290

motoneurons in abducens & accessory abducens nuclei, reflex extension of nictitating membrane, rabbits, 11485
naloxone, effects of morphine on associative & sensory processing of CS & UCS in classical conditioning of nictitating membrane response, rabbits, 6157
perforant path stimulation during classical conditioning of nictitating membrane response, responsivity of dentate gyrus granule cells, rabbits, 13817
reinforced serial compound stimuli, latency of CR of nictitating membrane, rabbits, 451
Nigeria
ability to construct 3-dimensional models from diagrams, 6 vs 8 vs 10 vs 12 yr olds, England vs Nigeria, 22347
active vs passive therapist role in psychotherapy, 20–35 yr old students & staff members referred to university counseling center, Nigeria, implications for Western-trained therapists treating African patients, 28665
assessment of nutrition status & mothers' perceptions of quality of life & immunization & cause of infant death, 21–39 yr old mothers & their 3–14 yr olds, rural Nigeria, 20573
attitudes toward death, college students, Nigeria, implications for counseling & counselor training, 30593
attitudes toward fundamental human rights, college students, Nigeria, 26584
beliefs about abnormality, mother-child relationship & socialization, mothers over 20 yrs old & their deaf children, Nigeria, 30649
characteristics of social networks, 18–50 yr old psychiatric patients, Nigeria, 4161
child abuse & societal norms, Nigeria, 28345
childrearing taboo of nonexposure to mirrors & development & self image & intellectual development, infants, Nigeria, 27738
cigarette smoking attitudes, college students, Nigeria, 6610
client diagnostic & demographic characteristics & trends in voluntary admission for treatment, psychiatric patients, Nigeria, 4960
consistency of performance on field dependence, college students vs school children, Nigeria, 16938
counseling needs assessment, secondary school students, Nigeria, 23875
development of group counseling & guidance services, secondary schools, Nigeria, 15940
educational & occupational & personal-social counseling, Nigeria, implications for influence of modernization, 10429
epidemiology of attempted suicide, Nigeria, 1978–81, 17604
family planning knowledge & attitudes & practice, fertile 15–44 yr old Hausa females, Nigeria, 6587
first-rank symptoms, diagnosis of schizophrenia, Nigeria vs Saudi Arabia vs Europe, 1450
gender, performance on Piagetian tasks of horizontality & verticality, Igbo students aged 8–19 yrs, Nigeria, 19840
importance of reforms for penal institutionalization, Nigeria, 15538
intensive stimulation vs verbal instruction, walking, malnourished 13–23 mo olds with development delays in walking, Nigeria, 17788
knowledge & acceptance of drug education, parents of elementary school students, Nigeria, 14459
older vs newer disciplines & chronological age & level of awareness, crystallization of choice of career, college students, Nigeria, 16007
perception of degree of affection, self concept, adolescents in monogamous vs polygamous families, Nigeria, 30533
performance on Arrow-Dot subtest of Id-Ego-Superego Test, medical students vs medical professionals vs psychiatric inpatients, Nigeria, 181
personal & educational & professional characteristics, physiotherapy educators, Great Britain vs Nigeria vs US, 31912
personal & social problems & appropriateness for discussion with counselor, college students, Nigeria, 29394
practice & beliefs in traditional counseling, Nigeria, 12785
prevalence of classical vs common migraine headaches, female vs male college students, Nigeria, 7100
primary care vs primary health care, medical treatment, Nigeria, 15368
psychosocial aspects of drug dependence & abuse, Nigeria, 9794
rapid social change & traditional values & human relations training, public officials, Nigeria, 10979
smoking behavior, male vs female prospective teachers, Nigeria, implications for health education & smoking abatement campaigns, 10676
social desirability & achievement motivation & attribution of academic outcomes, female vs male high school & college students, Nigeria, 13098
societal changes & child abuse in childrearing, Nigeria, implications for prevention, conference presentation, 9792
West African Examination Council vs newly developed alternative syllabus, biological science achievement & interest, high school students, Nigeria, 26533
Yoruba &/vs English language media, learning, students with mean age of 11 yrs, Nigeria, 32004
Night Terrors [See Sleep Disorders]
Nightmares
hypnotherapy, poor social relationships & recurring nightmares, 28 yr old male, 31565
nightmares prior to onset of psychosis, psychotic Ss, 12162
somnambulism & night terrors, 5–21 yr old patients with Gilles de la Tourette syndrome with seizure disorders vs learning disabilities, 7006
types of nightmare themes & incidence of specific stressful waking life events, college students, 3127
war dreams & nightmares, traumatic neurosis, 17437
Nitrazepam
zopiclone vs flunitrazepam vs nitrazepam, memory, college students, conference presentation, 3440
zopiclone vs nitrazepam, sleep, 21–49 yr old insomniacs, conference presentation, 4782
Nitrogen
hyperammonemic coma, brain damage & cognitive function, 12–74 mo olds with inborn errors of urea synthesis, 9980
Nociceptors
application of N-methylaspartate receptor antagonist to lumbar spinal cord, locomotor & posture & central transmission of nociceptive information, conscious rats, 16740
cliquinol, functional disturbances of polymodal sensory receptors, dogs, implications for myelo-optico-neuropathy paresthesia, 22185
DALA-methionine enkephalinamide, tailflick reflex & cardiovascular system & antinociception, male rats, 27631
distribution of opioid peptides & receptor binding sites in spinal cord & activation by thermal & pressure & visceral nociceptive inputs, conference presentation, 30282
intrathecally administered noradrenergic antagonists, nociception, rats, 24930
location & intensity & unpleasantness & extent of dental pain spread & role of receptive field size of trigeminal nociceptors, utility of pain spread as diagnostic tool, patients, 31253
neonatal capsaicin administration, numbers & properties of cutaneous afferent units in saphenous nerve, rats, 27615
noxious thermal pulse stimulation of single cutaneous fibers, nocifensive response behaviors, cats, 30174
role of C-fiber nociceptors, time & intensity functions of cutaneous pain measured by magnitude ratings of thermal stimuli before vs after induced hyperalgesia, monkeys vs humans, 8807
transcutaneous nerve stimulation, nociceptive flexion reflex threshold & plasma opioids in sustaining analgesia, 21–34 yr old Ss, 19605
Nocturnal Behavior (Animal) [See Animal Nocturnal Behavior]
Nocturnal Teeth Grinding
oral behavior patterns, patients with facial pain vs tension vs migraine vs combined headache vs no pain, 12383
Noise (Sound) [See Auditory Stimulation]
Noise (Visual) [See Figure Ground Discrimination, Visual Stimulation]
Noise Effects
acoustic trauma in critical vs sensitive period, auditory behavior & cochlear functions & audiogenic seizures, auditorically abnormal vs normal-hearing mice, 27471
acute & chronic noise, serum pituitary hormones, male rats, 16692
auditory evoked potentials & audiological follow-up & occupational noise, 18–21 yr olds developing noise-induced permanent threshold shift, 20476

cognitive stress vs noise vs relaxation, EMG & GSR & respiration & heart rate & mood & headache intensity, chronic headache patients, 31196
continuous noise, arterial blood pressure & heart rate, offspring of monkeys with high vs normal blood pressure, 19586
critical care unit noise, cardiovascular & respiratory systems & psychological comfort during sleep, 20–24 yr old females, 31733
duration & continuous vs interrupted noise exposure, temporary auditory threshold shift, squirrel monkeys, 5992
environmental noise, academic performance & cognitive development & hearing & health, children & teachers, literature review, 31950
heat & noise stress, project indication of personal space permeability, male vs female college students, 21653
high vs low noise, consumer information processing of magazine advertisement, college students, 13394
insertion of silence vs noise in deletion intervals of increasing syllable duration, vowel identification in /dVd/ syllables, college students, 29894
intermittent pink noise during performance of complex task, blood pressure & heart rate & respiration & pulse, volunteer Ss, 13852
job-related noise exposure, prevalence of hearing loss, 18–59 yr old male US Army engineers, 12336
long-term industrial noise, blood pressure & heart rate & plasma catecholamines, sub-adult male baboons, 19597
loud noise & signal probability, visual vigilance, 16–57 yr olds, 3049
loud white noise, integration of dual visual motor tasks, 18–27 yr olds, 27093
moderate intensity noise, attentional selectivity, females, 29898
monosyllabic vs sentence stimuli, discrimination of true binaural vs pseudobinaural speech in noise & aided binaural squelch, 22–77 yr olds with bilateral sensorineural hearing loss with binaural hearing aids, 9912
noise & classroom design & environment, academic achievement & learning, students, literature review, 32106
noise & task-induced distraction & sex differences, cognitive processes, cigarette smokers vs non-smokers, 5783
noise levels during learning & recall, word recall, college students, 3094
noise, sleep in laboratory vs home, 20–58 yr olds, 13826
noise stress during relaxation, pain, 20–60 yr old chronic migraine sufferers, 23279
noise vs carbogen, cochlear blood supply & blood flow, albino guinea pigs, 19577
pathway-grid configuration & landmark placement & stress from noise, environmental cognition, 16–36 yr olds, 32337
perceived control, attitudes toward airport noise-abatement policies, 17–86 yr old community residents, US, 32339
pink noise vs silence & absorption, reduction in cognitive constraints & ganzfeld ESP performance, college students, 21667
protection against hearing loss in ground run-up test by combat aircraft, personnel, 2606
quiet vs noise vs amplified sidetone conditions, vocal intensity & stuttering frequency & speech rate, 20–47 yr old stutterers vs nonstutterers, 14876
role of sounds & mode of transmission, character formation, 35 yr old patient in analysis, conference presentation, 20762
sensitivity to & objective measure of noise, prediction of disturbance due to hospital noise, male postoperative VA patients, 15515
sensitivity to noise, health & personality adjustment, college students, 25456
sensitivity to noise, Ss with Type A vs Type B behavior, 20151
sensory overload & noise as environmental stressors, patients in intensive care units, 4925
simple vs complex task, sensitivity to noise, female college students with Type A vs B behavior types, 23004
test expectations & time of day, recall & recognition, 16–18 yr olds & college students, 385
ultrasonic sound from rat eradication device, behavioral reactions, farm horses & calves & swines & sheep & hens, 13736
use of FM system microphone vs hearing aid, speech recognition in noise, hearing impaired 8.3–13.8 yr olds, 10346

Noise Levels (Work Areas)
auditory evoked potentials & audiological follow-up & occupational noise, 18–21 yr olds developing noise-induced permanent threshold shift, 20476
noise exposure, employee productivity & work rule violations & absenteeism & accidents, textile workers, 13333
Nomenclature (Psychological) [See Psychological Terminology]
Nomifensine
clinical safety & tolerability of antidepressant nomifensine, conference presentation, 7479
efficacy & safety of nomifensine maleate, 18–60 yr old moderately to severely depressed outpatients, conference presentation, 7428
efficacy & safety of nomifensine, 18–65 yr old outpatients with primary affective disorder-depression, conference presentation, 7432
efficacy & safety of nomifensine vs imipramine, 18–65 yr old depressed outpatients, conference presentation, 7408
efficacy of nomifensine, subtypes of depression, conference presentation, 7466
long term nomifensine vs imipramine, side effects, depressed patients, conference presentation, 7492
nomifensine, depression, 18–65 yr olds with primary affective disorder–depression, conference presentation, 7425
nomifensine, exacerbation of depression & seizures, 54 yr old female epileptic, 26169
nomifensine maleate vs imipramine, symptoms, geriatric outpatients with primary affective disorder-depression, conference presentation, 7414
nomifensine, precipitation of seizures, implications for management of patients with epilepsy & neurological diseases associated with lowered seizure threshold, conference presentation, 7481
nomifensine, safety & efficacy of treatment, depressed patients, results of 12 studies, conference presentation, 7430
nomifensine, symptoms, depressed vs nondepressed geriatric inpatients with mean age of 75.3 yrs, conference presentation, 7446
nomifensine, treatment of depression, elderly patients, conference presentation, 7417
nomifensine vs imipramine, depression, 22–56 yr old male inpatients, conference presentation, 7423
nomifensine vs imipramine, symptoms, depressed geriatric outpatients, conference presentation, 7461
nomifensine vs imipramine vs fluoxetine, locomotor activity, male rats deprived of REM sleep, 3525
nomifensine, models predictive of antidepressant activity & cardiovascular & anticholinergic side effects, animals, implications for treatment of endogenous depression, conference presentation, 6119
pharmacodynamic studies of nomifensine, healthy Ss, conference presentation, 6163
pharmacodynamics & therapeutics efficacy, nomifensine, conference presentation, 7441
zimeldine vs nomifensine, antidepressive efficacy, adult inpatients with endogenous or reactive depression, 28773
Non Zero Sum Games
zero-sum game of 3 persons with 3 variable structure stochastic automata & random environment, learning environment, 19263
Nonconformity (Personality)
Impulsive Nonconformity Scale, assessment of impulsive antisocial behavior in prediction of psychotic-like & schizotypal symptoms, college students, 9535
Nondirective Therapy [See Client Centered Therapy]
Nonlinear Regression
derivative-free nonlinear least squares, analysis of structural equation models, 13628
robust analysis, nonlinear model for multilevel educational survey data, 15964
Nonmetallic Elements [See Hydrogen, Nitrogen, Oxygen, Phosphorus]
Nonparametric Statistical Tests [See Also Chi Square Test, Kolmogorov Smirnov Test, Wilcoxon Sign Rank Test]
bootstrap approach of B. Efron, repeated measures design, 19140
bootstrap approach to estimation of correlation coefficient, 29795
criteria for selection of nonparametric statistics, researchers, 2971
FORTRAN subroutines & algorithms for exact chi-square test & Fisher exact probability test, 19115

methodology for computation of nonparametric 1-way multivariate analysis of variance, 11247
Microsoft BASIC program, accurate integration of t density function in parametric probabilities, 29715
nonparametric alternatives for testing main effects hypotheses, 29793
nonparametric effect size estimation in meta analysis, 11217
nonparametric effect size estimation, reply to comments by J. Krauth, 11226
nonparametric statistical analysis, linear assignment strategy, 13626
nonparametric statistics in psychology, comments on paper by L. W. Buckalew, 11246
parametric vs nonparametric statistical tests, test of specific location hypotheses, 5676
use of parametric vs nonparametric statistical procedures in articles published in Journal of Counseling Psychology, 1954–81, 11223
Nonprofessional Personnel [See Also Related Terms]
nonprofessional human service experience, subsequent career choices & attitudes toward education & client population & social service systems, college students, 2-yr followup, 32226
perceptions of fairness in equitable allocations, upper vs middle managers vs clerical workers with mean age of 38 yrs, 2682
Nonprofit Organizations
anxiety heightened by organizational decline, group processes, employees in nonprofit organizations, 18848
public law, programs for handicapped children under age 5, survey of United Cerebral Palsy services, 2065
Nonprojective Personality Measures [See Also Bannister Repertory Grid, Barron Welsh Art Scale, California F Scale, California Psychological Inventory, Childrens Personality Questionnaire, Differential Personality Inventory, Edwards Personal Preference Schedule, Embedded Figures Testing, Eysenck Personality Inventory, Fear Survey Schedule, Fund Interper Rela Orientat Beh Ques, Guilford Zimmerman Temperament Surv, High Sch Personality Questionnaire, Maudsley Personality Inventory, Memory for Designs Test, Minn Multiphasic Personality Inven, Mooney Problem Check List, Myers Briggs Type Indicator, Personal Orientation Inventory, Psychological Screening Inventory, Repression Sensitization Scale, Rod and Frame Test, Rokeach Dogmatism Scale, Rotter Intern Extern Locus Cont Scal, Sensation Seeking Scale, Sixteen Personality Factors Question, State Trait Anxiety Inventory, Taylor Manifest Anxiety Scale, Tennessee Self Concept Scale]
construction & validity of 2 parallel forms of Sex-Role Egalitarianism Scale, police officers vs senior citizens vs business vs psychology college students, 8392
convergent & discriminant validity of selected masculinity & femininity scales, college students, implications for research on sex roles & psychological androgyny, 8428
correlational analysis of Personal Description Questionnaire Forms A & B, self esteem, male vs female college students, Australia, 8381
item reliability & interrater reliability, short form of Teacher Temperament Questionnaire, preschool teachers & 3–6 yr old students, 8115
scoring of neutral response option of Clinical Analysis Questionnaire, validity & reliability, psychiatric patients with psychosis or neurosis or personality disorder, 21764
Nonrapid Eye Movement Sleep [See NREM Sleep]
NonREM Sleep [See NREM Sleep]
Nonreversal Shift Learning
verbal reinforcement combinations, reversal shift & nonreversal shift learning, 11–13 yr olds, 11715
Nonstandard English
acquisition of phonological features of Black English, 1st–4th graders who speak Black vs Standard English, 19856
Black English speech patterns, errors in writing samples, Black 3rd & 6th graders, 7960
cross cultural communications problems & treatment & adjustment to therapeutic milieu, self-correction remedial technique, psychiatric patient & college student dialect speakers of varied ethnic origins, 26317
nonbiased language assessment for speakers of nonmainstream English dialects, Black children, literature review, 32192
reading comprehension using cloze procedure, 3rd & 6th & 9th grade speakers of Black English vernacular vs standard English, 7994
Nontraditional Careers
adjustment to postgraduation roles as officers, 1st women to graduate from US Military Academy at West Point, 16115
adolescent development & sex roles, choice of traditional vs nontraditional occupations, females vs males, implications for career counseling, 8119
application of Gottfredson's circumscription-compromise theory, campaign to change occupational sex role stereotypes, high school age females, 30534
attitudes toward female police officers, male vs female police officers, 5441
choice of nontraditional occupations, 18–55 yr old females, 21562
counseling services & research, promotion of nontraditional careers, 13257
experiences in male-dominated professions, female bankers & lawyers & architects, 13331
integration into male-dominated work environments, females in traditionally male positions, Norway, 29493
nontraditional role modeling, preference for nontraditional occupation & occupational exploration & career salience, female middle & high school students, 32008
objection to female ordination to priesthood & flight from maternal power, 27990
occupational stress & achievement & success, females in traditionally masculine occupations, 18779
percentage of women in medical & surgical specialities & their occupancy of nontraditional roles of teacher vs administrator vs researcher, female physicians, 18494
sex differences & academic ability & social background & work values, college students in sex-typical vs sex-atypical majors, 13107
social isolation & performance pressure & communication apprehension & distortion, male vs female nursing students, 29080
type of employment & sex segregation of job & age & birth cohort & education, job satisfaction, female white collar workers, 13326
work orientations & job satisfaction, female vs male correctional security officers, 29548
Nontraditional Education
academic achievement in secondary school, alternative vs public school students, Canada, 7889
attitudes toward open education & achievement of program goals, high school seniors who participated in open-education program in grades 2–6 & their parents, followup studies, 29210
attitudes toward school & self & others & reading achievement, 10th–12th graders in alternative high school, 5287
community-based approach to global education, attitudes toward citizenship & participation in world affairs, college students, 5264
Craig Alternative Middle/High School, academic/therapeutic multicategorical exceptional education program, high-risk students with atypical behaviors, 5337
demographic characteristics, adult college students enrolled in open learning courses, 5293
nontraditional educational setting, 1st & 2nd graders, 15782
perceptions & importance of nontraditional degree program & negotiability of degree, alumni of external degree program, 5300
perceptions & observations & evaluations of formal vs informal instruction & academic & socialization issues of external educational doctoral program, 29–81 yr old students, 5304
teacher liability in integrated community-based educational services, integrated severely handicapped learners, 2332
teaching of introductory psychology course in traditional college vs nontraditional inner city setting, performance, college students, 2383
use of Adlerian individual education approach in school, development of responsibility & respect & resourcefulness & responsiveness, 7919
use of College Outcome Measures Project, assessment of outcome of traditional vs nontraditional programs, graduating college seniors, 5414
Nonverbal Communication [See Also Body Language, Eye Contact, Facial Expressions, Gestures, Manual Communication, Smiles]
acquisition of nonverbal communication, literature review, 9121

advertising as cultural discourse, UK, 8271
application of initiation rites & use of body language, therapeutic processes, disturbed adolescents, 4639
chronological scale of communication behavior with peers, 6–20 mo olds, longitudinal study, 27742
communication & referential hierarchy of events precipitating & during feast for spirits of deceased relatives, Caribs, Guatemala, 6447
communication reticence, nonverbal behavior patterns & relational communication perceptions, college students who are friends vs strangers, 14479
comprehension of nonverbal communication & social skills, learning disabled vs non-learning-disabled 9–12 yr olds, 6980
coordination of speech & body movement in ending of consultations, physicians, 28823
defendant's eye contact & speech errors & nonverbal fidgeting behavior & anxiety, perceived credibility & guilt, jurors, 14411
degree of smiling vs touching vs interpersonal distance, gender differences in self-presentation, White male vs female 1st–4th vs 9th–12th graders, 14131
delayed reinforcement, generalization & maintenance of nonverbal/verbal correspondence training, 4–5 yr olds, 16909
development of pragmatic negation, female from birth to 24 mo of age, 16948
development of verbal & nonverbal behavior to express discourse topics, infants & preschool age children, implications for language disorders, 19809
disturbances of expression & reception of nonverbal clues as deficits in encoding & decoding contextual information, schizophrenics, 22667
dogmatism & empathy & nonverbal behavior of fathers, cognitive development, 12–13 yr old sons, 27811
drawings as means of nonverbal communication, children, 22281
emotions & emotional expressivity, behavior & social referencing, developmental implications, 9265
ethological approach to instrumental & expressive use of nonverbal communication, implications for role of cognitive processes, 29903
expressive function of eye flash, Ss from TV programs & videotaped interviews, Australia, 11657
expressive movement behaviors, separation & individuation, mothers with 2–6 yr olds, conference presentation, 3819
expressive movement, separation individuation, mothers–children, comments on article by D. Dulicai & S. Silberstein, 3836
family norms & practices of emotional expression, nonverbal communication skills, college students, 11638
functions of nonverbal communications in television advertising, 5510
hand behaviors during crisis situation of childbirth, 17–34 yr old primigravida & multigravida Ss from different ethnic groups, 23425
hemisphere dominance & cognitive complexity, nonverbal sensitivity, college students, 261
identification of emotion & dance in dynamic light displays, female vs male college students, 27706
interpretation of nonverbal facial cues, alcoholic 26–31 yr old males, 4302
language development & drawing & play as nonverbal communication techniques, children, 19795
levels of verbal vs nonverbal behavior during selection interviews & resume credentials, ratings of applicant, college students, 10940
listening to adult speaker, development of use of responsive listener cues & relevant comments, 29–67 mo olds, 25053
looking & speech pause behavior, endogenously severely depressed inpatients, 9623
maternal verbal & nonverbal techniques & responses to compliance vs noncompliance, dyads of 23–43 yr old White middle class mothers & their 42–75 mo olds, 22386
micromomentary movement, decoding nonverbal facial & body cues, high school & college students, 22286
nonspeech communication symbol sets, language remediation, mentally retarded children, 10333
nonverbal behavior & relational messages, college students, 6186
nonverbal behaviors during interruptions, male vs female graduate students, 22582
nonverbal communication, cross cultural counseling, literature review, 10448
nonverbal communication in courtroom, trial proceedings & outcome, attorneys & judges & witnesses & defendants, 11939
nonverbal communication, 35–63 yr old aphasic patients, 7011
nonverbal enactment vs verbal paraphrase of narrative, normal vs learning disabled 6–7 yr olds, 3-yr longitudinal study, 10803
nonverbal expressiveness & personality & health, 42–64 yr olds with Type A vs Type B personality, 22625
parents' coping abilities & interaction patterns & nonverbal communication, psychological development, hearing impaired children, 20572
perception of congruent vs incongruent verbal & nonverbal communication, female schizophrenic vs depressed inpatients, 25520
personality correlates, tactile communication, college students, 22575
presentation of verbal &/vs nonverbal cues, semantic differential ratings of discrepancy between what is said vs how, freshmen state legislators, 11927
primary communication in psychoanalytic context of transference & countertransference, 15113
rating of posture expressions on semantic differential scale, college students & workers, Japan vs US, 28045
retention of computer keyboard symbolic communication skills, institutionalized severely retarded 14.3–21.8 yr olds, 18-mo followup, 14864
role of silence in communication process, learning disabled 11 yr old female, 21414
self posed behavior in photographs, male vs female college students, 9487
sequential nonverbal behavior in physician-patient interviews, 2062
sex & attractiveness of target person, nonverbal & verbal success in pretending to agree or disagree with target person, male vs female college students, 22576
sex & race & nonverbal cues of applicant perception of applicant qualifications, male vs female interviews, 10939
sex differences, nonverbal & verbal communication with bosses & peers & subordinates, business students, 16107
sex roles, ability to decode nonverbal emotional cues, 19–39 yr olds, 6590
similar attitudes toward gesture-object as toward language-object, acquisition & appropriation & utilization of gestural system, 27673
social perception & nonverbal social skills, psychologic & social aspects of sexuality, female vs male learning disabled 13–53 yr olds, 22905
speech content &/vs voice quality &/vs nonverbal channels, judgment of others, college students, 17350
symbolic communication with music & art & body movement, expression of feelings around traumatic experience, children in psychotherapy, 17880
therapeutic verbal & nonverbal communication with elderly nursing home residents with dementia, social work & nursing students, 15613
touch behaviors & contextual factors, cultural meanings of everyday interactions, participant Os, 30760
unconscious symbolic meanings of physical position in psychoanalysis, analyst vs analysand, 7209
understanding & expression of affect in nonverbal & verbal communication, married couples, 6510
use of Blissymbols in speech therapy, nonverbal communication, chronic global aphasics, 18171
use of nonverbal communication in personnel training, 32237
verbal & nonverbal behavior, interactions during medical consultation, patients & doctors, 28554
verbal & nonverbal communication & mime play, special education, deaf children, 10802
verbal & nonverbal maternal controls during interaction, mothers of deaf vs hearing 3–6.8 yr olds, 14938
verbal & nonverbal response categories, client-perceived expertness & trustworthiness & attractiveness, graduate counseling students, 18282
verbal & paraverbal & nonverbal subsystems of communication system, 27676

verbal vs nonverbal communication during conflict situation, preschoolers vs kindergartners vs 2nd graders, conference presentation, 30494
Nonverbal Learning
representational vs analogical vs arbitrary instructional pictures, learning process, adults, 8558
spontaneous hand movements during verbal vs nonverbal block assembly tasks, right handed college students, 5818
Nonverbal Meaning
basic processes & individual differences, activity & strength of referential connections between verbal & nonverbal cognitive representations, nursing students, 21853
Noradrenaline [See Norepinephrine]
Norepinephrine
activity wheel stress, regional brain norepinephrine & 3-methoxy-4-hydroxyphenylglycol content & gastric lesions, male rats, conference presentation, 30159
adrenal medullary implants in denervated anterior vs lateral caudate, distribution of catecholamines in grafts vs host caudate, rats with unilateral dopamine denervated striatum, 6087
aerobic fitness, cardiovascular & catecholamine responses to stressors, 21–64 yr olds, 641
agonist interactions with beta adrenergic receptors on brain membranes, rats, 8999
alpha-methyl-paratyrosine vs diethyldithiocarbamic acid vs reserpine vs alpha-adrenergic blocker BE-22254, brain norepinephrine & dopamine & naloxone potentiation of apomorphine-induced stereotypic climbing, mice, 24921
alpha-sub-1-adrenoceptor antagonists & endogenous norepinephrine depletion, MK-801 vs amphetamine induced ipsiversive turning, rats, 8991
alpha-2 autoreceptors & presynaptic alpha-2 receptors in CNS & presynaptic alpha-2 adrenoceptors modulating dopamine in retina, rabbits, 3269
antidepressants, norepinephrine receptor-coupled adenylate cyclase system in brain, 3517
antidepressive & antiepileptic action of GABA receptor agonist progabide & role in monoaminergic & dopaminergic & serotonergic limbic forebrain systems, rats, 16735
biochemical characteristics & regulation of brain alpha-2-adrenoceptors, 3304
brain mechanisms, food intake & absorption, 6017
cerebral & spinal noradrenaline depletion, nociceptive responses & morphine induced analgesia, male rats, 24757
choline deficient diet vs starvation, gastrointestinal adrenergic enzyme activity, male rats, implications for treatment of Alzheimer's disease & for patients undergoing fasting, 30154
cholinergic-monoaminergic interaction model of antidepressant withdrawal-induced activation, literature review, 12634
chronic administration of tricyclic & nontricyclic antidepressants, central noradrenergic receptor function & neural transmission, literature review, 7456
chronic desipramine, heart rate & blood pressure & plasma norepinephrine, depressed 70–85 yr old females, 7418
chronic desipramine vs maprotiline vs chlormipramine vs zimelidine vs iprindole, sensitivity of presynaptic alpha-2 & postsynaptic beta-adrenoceptors, rats, 791
chronic methamphetamine administration, hypothalamic bimodal & unimodal rhythm beta & alpha adrenoceptor binding & circadian food intake, male rats, 24868
chronic norepinephrine injections into paraventricular nucleus, daily food intake & body weight, rats, 24872
chronic vs acute administration of typical & atypical antidepressants, activity of brain noradrenaline systems & thiopentone analgesia duration as behavioral model of drug action, rats, 24883
circular lesions of right vs left cerebral hemispheres, ipsilateral & contralateral fronto- & posterio-cortical norepinephrine levels & physical activity, male rats, 702
clonidine, noradrenergic receptor system, depressed Ss with mean age of 44 yrs, 6854
correlation of clinical potency of antidepressant drugs with desensitization of beta-adrenergic receptors, 15340
CSF dopamine-beta-hydroxylase activity & acetylcholinesterase activity, 57–86 yr old Alzheimer's patients, 17807
desipramine, DRL performance before & after 6-hydroxydopamine-induced brain catecholamine depletion, rats, 781
dietary tyrosine, stress-induced depletion of norepinephrine & behavioral deficits, rats, 8984
dopamine vs noradrenaline vs serotonin vs acetylcholine vs GABA infusions into nucleus accumbens, hyperactivity, female rats selected as high- vs low-activity responders to levo-N-n-propylnorapomorphine, 3423
dorsal ascending noradrenergic bundle lesions, acquisition & steady state & extinction of response suppression maintained by conditioned suppression vs discriminated punishment, male rats, 24777
dorsal ascending noradrenergic bundle lesions, latent inhibition in conditioned suppression procedure, male rats, 30191
dorsal noradrenergic ascending bundle, neural plasticity & anxiety & stress & attention & arousal, 3297
dorsal noradrenergic bundle destruction, spontaneous alternation & response to stimulus change in T-maze & low & high stress field tests, male rats, implications for anxiolytic drug mechanisms, 24771
dose of noradrenaline applied to cerebral cortex, spatial correlation of visual & sensorimotor EPs, rabbits, 22176
DSP-4 & parachlorophenylalanine & haloperidol, noradrenaline & serotonin & dopamine depletion & hippocampal rhythmic slow activity & exploratory behavior, male rabbits, 8956
endogenous hyperprolactinemia, utilization of noradrenaline & dopamine in brain nuclei, male rats, 27371
excretion of adrenaline vs noradrenaline in urine, discrimination of involvement in physical vs mental test, 21–29 yr old males, 13832
fear & anxiety & noradrenergic function, conference presentation, 24723
food deprivation &/vs physical restraint & injection of noradrenaline, hypothermia & gastric stress ulcers & oxygen consumption, male genetically obese vs lean mice, 8882
haloperidol, impulsive activity of locus ceruleus noradrenergic neurons, rats, 16753
high altitude simulation, peripheral & central dopaminergic & adrenergic & histaminergic neurotransmitter-receptor densities & affinities, male guinea pigs, 672
hippocampal uptake of norepinephrine, maze acquisition & performance, spontaneously hypertensive vs normotensive 6 mo old rats, 19487
hydroxydopamine (6-) induced cerebellar norepinephrine depletion & impaired acquisition of specific locomotor tasks, rats, 713
hypophysectomy vs adrenalectomy vs thyroidectomy vs gonadectomy, feeding induced by paraventricular nucleus administration of norepinephrine, male rats receiving vs not receiving corticosterone, 19590
icv apomorphine, memory retrieval in spontaneous forgetting paradigm & maze task & forebrain norepinephrine levels, male rats, 22218
icv calmodulin vs calcium ions, spontaneous feeding behavior & core body temperature, satiated female cats, 3479
icv dibutyryl cyclic-adenosine monophosphate vs aminophylline & phentolamine & yohimbine vs haloperidol vs naloxone vs propranolol pretreatment, behavioral excitation, rats, implications for role of dopaminergic & adrenergic brain receptors, 771
icv injection of pro-leu-glyNH-2, alpha methylparatyrosine induced disappearance of dopamine & noradrenaline in limbic forebrain nuclei, male rats, 27657
imipramine vs iprindole, pineal beta adrenergic-mediated function, male rats, 8960
inescapable shock as animal model of depression, escape behavior & brain norepinephrine & 5-HT & dopamine & cerebral blood flow, male rats, 30155
intrathecal morphine vs methionine-enkephalin vs noradrenaline vs serotonin, antinociception assessed by tail pinch & tail flick & hot plate tests, male rats, 30259
intrathecally administered noradrenergic antagonists, nociception, rats, 24930
isoproterenol & yohimbine vs propranolol, selective attention, 15 vs 30 vs 55–60 day old rats, implications for role of ascending dorsal noradrenergic bundle, 27572
lesions of A5 vs A7 regions, change in nocturnal & adrenergic-induced feeding, male albino rats, 22130
lesions of basolateral amygdala, role of noradrenaline & serotonin in food preferences & learned taste aversions, rats, 19619

lesions of coeruleo-cortical noradrenergic system & measurement of adrenergic receptor subtypes in prefrontal cortex, deceased Parkinson's disease patients, 28413
levels of CSF noradrenaline & C-EEG indicators of activation & psychosis ratings, 18–36 yr old drug-free acute schizophrenic patients, 30944
mianserin, noradrenaline uptake & efflux of radioactivity, guinea pigs, 6152
microperfusion of exogenous norepinephrine in visual cortex, binocular interaction, kittens, 11601
mild vs severe vs no social stress, release of epinephrine & norepinephrine, outpatients with essential hypertension, 12385
moclobemide, urinary norepinephrine excretion, depressed 29–68 yr olds, 26153
neonatal 6-hydroxydopamine, disruptive effects of dexamethasone vs metyrapone on pituitary-adrenal system & avoidance acquisition, male rats with vs without norepinephrine depletion, 725
neuroleptics vs antidepressants, 3H-clonidine & 3H-yohimbine binding to alpha-2-adrenergic receptors in cerebral cortex, rats, 22226
noradrenaline depletion, long term potentiation at hippocampal dentate synapses, male rats, 30098
noradrenaline, development of conditioned responses to sound in neurons of sensorimotor cortex, rabbits, 786
noradrenaline, electrical self stimulation of hypothalamus & hippocampal response, 24796
noradrenergic neurotoxin N-2-chloroethyl-N-ethyl-2-bromobenzylamine vs 6-hydroxydopamine, yohimbine's excitatory effect on acoustic startle, male rats, 30256
noradrenergic regulation of hypothalamic progestin receptors, hormonal induction of sexual receptivity, ovariectomized guinea pigs, 30052
norepinephrine & phenoxybenzamine microinjections into medial preoptic area, sleep wake responses, male rats, 27619
norepinephrine & serotonin uptake inhibitors nortriptyline & desipramine & chlorimipramine & protriptyline & doxepin & nisoxetine & fluoxetine & iprindole, schedule-controlled behavior, pigeons, 3477
norepinephrine-epinephrine ratio, psychiatric inpatients with history of attempted suicide & mean age of 37 yrs, 14816
norepinephrine loss & disruption of between-CS stimulus generalization effects in aversion learning, rats, 457
norepinephrine neurotoxins DSPR, norepinephrine depletion in hippocampus vs cortex vs locus ceruleus vs hypothalamus & escape disturbances engendered by inescapable shock, male mice, 6091
norepinephrine neurotoxins DSP4 vs 6-hydroxydopamine, dextroamphetamine-induced perseverative behavior in radial arm maze, male mice, 6099
norepinephrine vs muscimol vs bromergocryptine, food consumption, zinc-deficient male weanling rats, 6117
parachloraphenylalanine, mating behavior & brain concentrations of 5-HT & dopamine & norepinephrine, male chickens, 720
perception of coping self efficacy, effects of environmental events on catecholamine secretion, 19–40 yr old female phobics, 25509
pimozide, CSF noradrenaline levels, 18–35 yr old schizophrenic patients, 4790
pimozide, hyperactivity induced by lesions of ventral noradrenergic bundle, male rats, 3357
plasma levels of norepinephrine & epinephrine & arterial pressure following footshock & open field behavior & passive avoidance performance, Wistar-Kyoto vs Brown-Norway rats, 544
plasma noradrenaline, clinical psychopathology, schizophrenic patients with mean age of 30.4 yrs, 4150
platelet adrenergic receptor binding sites & plasma catecholamines, 18–36 yr old patients with panic attacks vs depression before & during imipramine treatment, 9629
platelet binding of tritiated dihydroergocriptine & plasma norepinephrine levels & norepinephrine inhibition of prostaglandin E1 stimulation of cyclic adenosine 3',5'-monophosphate production, depressed patients, 6853
postmortem brain weight & neurochemical concentrations, 67–85 yr old Alzheimer patients, 4441
postsurgical recovery period & phrase of dark-light cycle, impaired conditioned avoidance following dorsal noradrenergic bundle lesion & adrenalectomy, rats, 22106
predictability vs nonpredictability of shock in presence vs absence of tone, blood pressure & heart rate & plasma levels of norepinephrine & epinephrine & corticosterone, male rats, 30172
pretreatment norepinephrine & 3-methoxy-4-hydroxyphenylglycol & metanephrine urine levels & CSF 5-hydroxyindoleacetic acid values, response to imipramine & amitriptyline treatment, patients with unipolar vs bipolar depression, 4789
propanolol vs phentolamine, duration of ethanol induced sleep, long- vs short-sleep mice, 27547
reserpine vs saline pretreatment & para-chloroamphetamine vs side-chain fluorinated analog, open field behavior & brain levels of serotonin & dopamine & noradrenaline, rats, 3405
restraint, cyclic adenosine monophosphate response to norepinephrine in cerebral cortex, male rats, 6058
role of alpha-1 vs alpha-2 receptors in mediation of noradrenergic regulation of lordosis behavior & hypothalamic progestin receptors, female guinea pigs, 22027
role of central norepinephrine systems & manipulation of amygdala in general extinction of passive avoidance, rats, 27464
role of endogenous nerve growth factor in adrenergic innervation of submandibular gland, male vs female mice, 30145
role of norepinephrine in control of copulation & postejaculatory refractory period, sexually experienced male rats, 19419
serotonin & norepinephrine, mechanism of action of novel analgesics, mice & rats, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 803
sex & turning preferences, asymmetry of dopamine & norepinephrine in caudate-putamen, rats, 3267
shock-induced defensive fighting, regional changes in brain levels of serotonin & noradrenaline & dopamine & their metabolites, male rats, 8801
sleep/wake cycle, plasma norepinephrine levels, 60–82 yr old vs younger males, 19551
slow secondary negative wave & sensory afterdischarge VEP components under influence of amphetamine vs apomorphine, genetically high vs low self stimulation lines of rats, 677
social deprivation during infancy, sensitivity to dextroamphetamine-induced psychotic-like behavior & CSF norepinephrine levels, rhesus monkeys, 3350
stress & amphetamine vs morphine vs pentobarbital vs diazepam vs alprazolam, plasma catecholamine levels, male rats, 22093
stress, activation curves of epinephrine & norepinephrine, hyper- vs normotensives, 25858
stress, activation curves of epinephrine & norepinephrine, male vs female hyper- vs normotensives, 25888
tolerance induced by ethanol alone vs with norepinephrine, differential sensitivity to inhibition of adenosine triphosphatase in different brain regions, male rats, 27632
unilateral depletion of norepinephrine in frontal cortex using DSP-4, spontaneous asymmetrical hyperkinesis, male rats, 27605
withdrawal of neuroleptic treatment after 3 yrs, decrease of CSF dopamine & metabolites & noradrenalin, chronic schizophrenic patients, 18094

Norepinephrine Metabolites

acute cannabis use, urinary noradrenaline & dopamine & 5-HT metabolite levels, 21–44 yr olds, 24882
alcohol intake, 3-methoxy-4-hydroxyethylene glycol levels in CSF, male Ss, implications for alcohol dependency, 30206
alprazolam, anxiety & noradrenergic function assessed by plasma levels of 3-methoxy-4-hydroxyphenylethyleneglycol & effects of yohimbine, 20–58 yr olds with panic disorder or agoraphobia & panic attacks, 23304
clonidine withdrawal, catecholamine metabolism & cardiovascular & behavioral changes, 53–67 yr old male patients treated for alcohol amnestic disorder, 26186
concentrations of 5-hydroxyindoleacetic acid & homovanillic acid & 4-hydroxy-3-methoxyphenyl glycol in CSF, 23–80 yr old melancholia patients, 4123
CSF levels of metabolites of norepinephrine & dopamine & serotonin, male patients with Korsakoff's disease & history of chronic alcohol consumption, implications for other cognitive disorders, 7090
demographic & clinical & psychological characteristics, CSF levels of 5-hydroxyindoleacetic acid & homovanillic acid & 3-methoxy-4-hydroxyphenylglycol, low back pain patients, 31182

des-tyr1-gamma-endorphin, CSF homovanillic acid & 3-methoxy-4-hydroxyphenylglycol & cortisol & growth hormone levels, neuroleptic-free patients with paranoid vs hebephrenic vs other schizophrenias, 7487
dexamethasone suppression test & urinary methoxyhydroxyphenylglycol assay & tricyclic antidepressant plasma level assay, diagnosis of depression, conference presentation, 6767
imipramine, anxiety & noradrenergic function assessed by 3-methoxy-4-hydroxyphenylethyleneglycol & effects of yohimbine, 29–54 yr olds with agoraphobia & panic attacks, 23303
mianserin, effects of clonidine on plasma 3-methoxy-4-hydroxyphenylethyleneglycol & blood pressure & sedation, depressed 31–61 yr olds, 7412
mood state dependence, noradrenergic & cholinergic activity & plasma 3-methoxy-4-hydroxyphenylglycol, female 21 yr old with rapidly cycling bipolar depression, 17539
plasma levels of norepinephrine metabolite dihydroxyphenylethyleneglycol, depressed vs normal 27–77 yr olds, 4203
postmortem brain weight & neurochemical concentrations, 67–85 yr old Alzheimer patients, 4441
pretreatment norepinephrine & 3-methoxy-4-hydroxyphenylglycol & metanephrine urine levels & CSF 5-hydroxyindoleacetic acid values, response to imipramine & amitriptyline treatment, patients with unipolar vs bipolar depression, 4789
pretreatment urinary levels of 3-methoxy-4-hydroxyphenylglycol, prediction of response to alprazolam, depressed 33–65 yr olds, 18129
sleep EEG investigation & CSF 5-hydroxyindoleacetic acid & homovanillic acid & dexamethasone suppression & urinary 3-methoxy-4-hydroxyphenylglycol before vs after ECT treatment, 31 yr old catatonic male, 3-mo followup, 15067
urinary excretion of 3-methoxy-4-hydroxyphenylglycol, normal 7–12 yr old males vs females, implications for use as biological marker in psychiatric disorders, 9135
urinary 3-methoxy-4-hydroxyphenylglycol & cortisol secretion before & after dexamethasone, 18–60 yr olds with unipolar depression, 4256
urinary 3-methoxy-4-hydroxyphenylglycol excretion, 11–27 yr old female anorexia nervosa patients with vs without major depressive disorder, 17707
urinary 4-hydroxy-3-methoxyphenylglycol & clinical response to amitriptyline, endogenous depressive patients, 2004
vigilance & RT & norepinephrine metabolism in CSF, patients with Parkinson's disease, 10010
Normalization (Test) [See Test Standardization]
Norms (Social) [See Social Norms]
Norms (Statistical) [See Statistical Norms]
Norms (Test) [See Test Norms]
North America [See Also Canada, Mexico, United States]
Freudian psychoanalysis & pastoral counseling & religious family life education in rise of personal religion in 20th century American Protestantism, 26904
perspectives on use of psychotropic medication, hyperkinesis, children, North America vs Asia vs Europe, literature review, 15320
psychic healing, USSR vs Eastern vs Western Europe vs North America vs Asia vs Brazil, 5524
tricksters as culture heroes & selfish buffoons in folklore, Africa & North & South America, 1034
North Korea
age differences & rural vs urban background, moral development, 6th vs 8th vs 11th graders vs college students, Korea vs US, 3601
Northern Ireland
assessment of rightness vs wrongness of 17 moral issues, Roman Catholic vs Protestant 14–16 yr olds, Northern Ireland, 25043
friendship choices in integrated primary school, Protestant vs Roman Catholic 7–11 yr olds, Northern Ireland, 14144
home background & intelligence & personality & education, prediction of unemployment, male vs female adolescents, Northern Ireland, 1-yr followup, 26746
importance of religious ethnic & political social identities, Protestants vs Catholics with mean age of 16.6 yrs, Northern Ireland, 13986
limited & conflicting stereotypic information, categorization of religious group, Protestant vs Catholic female polytechnic students, Northern Ireland, 30836
models of organization of adult education guidance services & information centers, Canada vs Northern Ireland vs Federal Republic of Germany, 15941
policy on terrorism in Northern Ireland, US, 20024
political violence, psychiatric morbidity, Northern Ireland, 28169
professional values, teachers in Protestant vs Catholic schools, Northern Ireland, 31984
social class & religion & study destination, female vs male beginning college students, Northern Ireland, 1973 vs 1979, 12983
Nortriptyline [See Antidepressant Drugs]
Norway
characteristics & etiology & treatment, patients with querulent paranoia, Norway, 1938–82, followup study, 20214
chronological parameters, suicide rate, Finland vs Norway vs Sweden vs Denmark, 17617
cost effectiveness & cost benefits, psychology practice, Norway, 18400
current regulations of professional secrecy, psychologists, Norway, 18465
deterrence of alcohol-impaired driving, US vs Scandinavia, 8158
development & implementation of plan for rural psychiatric facilities, Norway, 31582
future job market, psychologists, Norway, training implications, 10562
integration into male-dominated work environments, females in traditionally male positions, Norway, 29493
legislative issues for private practice psychologists & availability of psychological services, Norway, 5092
management of personal identity in group home, elderly, Norway, 23491
need for neuropsychological assessment services, Norway, 28849
norms concerning acceptable age for drinking alcoholic beverages, 20–69 yr olds, Finland vs Iceland vs Norway vs Sweden, 28010
personal life histories & competition in contributing to historical archives, elderly, Norway, 27709
prediction of future job market, psychologists, implications for admission for psychology graduate programs, Norway, 15596
prevalence of mental disorders, 10 yr olds, Norway, 22789
professional ethics, prison psychologists, Norway, 10600
psychology as profession, Norway, 2244
reflections on creativity & mourning & fear of paternity, life & art of sculptor G. Vigeland, Norway, 16846
responsibility & welfare care, children, Norway vs Denmark vs Finland vs Sweden, 28896
treatment procedures in intensive long-term psychotherapy, adult psychiatric outpatients, Norway, 28637
Norway Rats
food recognition task, test of convergence of human & nonhuman memory strategies, rats, 5865
maternal brain temperature & contact with offspring during day vs night, female Wistar rats, 19544
observation of conspecific's food choice, social transmission of food preferences, male rats, 16558
prepartum changes in maternal responsiveness & nest defense, rats, 5918
prey & foraging site density environmental constraints, foraging behavior & patterns of optimal foraging, male rats, 5920
pup- vs object-carrying responses, nulliparous vs lactating female rats, implications for pup retrieval behavior, 16541
test cage familiarity & sex & pretest social isolation, play fighting & social exploratory behavior, juvenile rats, 16564
Nose [See Also Nasal Mucosa, Olfactory Mucosa]
scalp & nasopharyngeal recordings of N2 & P3 & slow wave activity during target detection task, normal Ss, 16649
Nouns
abstract vs concrete nouns, lateralized memory search rate, right-handed male college students, 369
appreciation for conceptual distinction between adjectives & nouns, 2.5–5 yr olds, 19811
auditory EPs with meaningful Japanese nouns vs nonsense syllables vs tone pips, hemispheric asymmetry in language processing, Japanese 23–26 yr olds, 5993
comprehension & production of compound nouns for related vs unrelated objects, 2–6 yr olds, 16922

concreteness of memory vs elaboration prompts, noun recall, college students, 8567
developmental changes, representation of meaning similarities of nouns, 4–8 yr olds, conference presentation, 14101
historical vs individual processes of language development & imagery value of words, 11719
invention of morphophonologic rule, distinction between English singular & plural nouns in speech, language impaired preschool male, 22909
mothers' use of nouns & pronouns & references to objects & persons, speech style, 1–2.5 yr olds, 9179
norms as imagery & meaningfulness of Swedish nouns, college students, Sweden, 24997
processing of agentive vs plural vs simple nouns presented tachistoscopically, right handed college students, 16626
reliability of retrieval from memory of semantic information about commonly used nouns, college students, 27161
short passages with adjective-category noun reference to antecedent, reading time for anaphoric reference, 24988
use of syntactic & semantic information in interpretation of proper & common names for unfamiliar objects, 2 yr olds, 9182
Novel Stimuli [See Stimulus Novelty]
Novelty Seeking [See Sensation Seeking]
Novocaine [See Procaine]
NREM Sleep
chronic sodium barbital treatment & abrupt cessation, sleep patterns, cats, 755
correlational analysis of right & left frequency band activity of sleep EEG & REM/NREM sleep cycle, 24–28 yr olds, 21997
daytime physical exercise, NREM & REM sleep, 20–24 yr old males, 22065
diazapam vs midazolam, light & heavy short wave sleep & wakefulness, rats, 16794
exercise & sleep loss, recovery sleep, US Marine Corps personnel, 22066
extended 15 hrs of sleep after normal night's sleep, EEG slow wave activity, college students, 16621
length of sleep prior to awakening out of Stage 2 vs REM vs NREM sleep, sense of having been asleep, 20–35 yr olds, 13730
linear function of frequency-amplitude relation in NREM sleep EEG, 18–29.3 vs 65.5–78.2 yr olds, 16619
morphine, wakefulness & NREM & REM sleep & EEG, adult cats, 30219
neurophysiology of slow wave sleep vs REM predominance, depressive syndromes, literature review, 22734
observation & tracking of delta wave sleep in NREM periods, 20–45 yr olds, 22018
potential distribution on scalp of vertex sharp wave & saw-toothed wave in NREM & REM sleep, 25–28 yr olds, 13818
reliability of fixed vs total sleep time approaches, analysis of sleep stages, 18–30 yr olds, 11073
REM vs slow wave sleep, retention of information, college students, 643
right-hemispheric activation during waking vs awakenings from REM vs NREM sleep, left-hand superiority in tactile recognition, right handed male college students, 11466
wakefulness vs NREM vs REM sleep, visual EPs elicited by chronically implanted light-emitting diode, cats, 6003
wakefulness vs sleep vs REM sleep, regional cerebral glucose utilization, males, 27358
Nuclear Family
behavioral deviance & visuomotor coordination & development, 5 yr olds living in 1- parent vs stepparent families vs with both natural parents, 25063
Nuclear Technology
acceptance of nuclear technology, women from areas with nuclear power stations, Japan, 13359
age differences & amount of elapsed time, attitudes toward nuclear plant accidents, 4th–8th vs 10th–12 graders, 6398
experience on presidential commission on Three Mile Island accident, sociologist, 3913
illusory correlation, perception of small vs large town's attitudes toward nuclear energy, college students vs nuclear disarmament campaign members, 20035
moral & political & scientific aspects, control of nuclear weapons, 14220
perceptions of threat of nuclear plant accidents, 4th–8th graders vs 10th–12th graders at 1–3 vs 7 vs 10 mo after Three Mile Island accident, 27877
professional responsibility & political action, nuclear issues, counselors, comments on J. Gearhart's article, 7830
psychological stress & legal issues precipitated by Three Mile Island nuclear reactor accident & possible restart of undamaged reactor, 29572
psychosocial reaction & adjustment to possibility of nuclear war, implications for social workers, 21045
rationale for awareness & personal action & therapeutic interventions for clients' anxiety about nuclear issues, counselors, 7784
responsibility of counselors & psychologists in prevention of nuclear warfare, comments on J. Gearhart's article, 7775
stress & attitudes toward nuclear power & perceptions of risk, residents living near 3 Mile Island power station, 6411
trait anxiety & perception of potential nuclear disaster & state anxiety, residents living near designated nuclear site, 5502
values, support for nuclear power, males vs females 18 yrs & older, US, 24048
Nuclear War
antinuclear & antiwar TV programs, mental health, physically disabled patients, 23016
attitudes toward threat of nuclear war, health & well-being, elderly, 16881
awareness of nuclear threat, personality & denial of threat, 4–18 yr olds, 19782
Buddhist theory & practice, community & personal development & prevention of environmental destruction & nuclear war, 17143
contemplation & prayer & meditation, personal transformation & global peace, 17117
curriculum on discussion of nuclear arms race & other controversial issues, high school students, 7938
danger of nuclear holocaust, pride & narcissism, implications for psychiatry & religion, 9348
defense mechanisms & threat of nuclear annihilation, clients, implications for psychotherapeutic situation, 26059
denial & resignation & pervasiveness of death instinct, anxiety & trauma of threat of nuclear war, children, 22268
destructive powers & probability & psychological effects of fear of nuclear war, 17119
development of questionnaire measuring activism regarding nuclear arms race, 20–85 yr old peace activists & religious teachers & graduate students & Republican party members & defense industry workers, 24307
disconnection from & devaluing of sensory experiences & compassion, slow death of earth & nuclear war, humans, 25256
high school curriculum, decisionmaking approach to nuclear education, high school students, 23763
impact of nuclear war threat on children & adolescents, implications for mental health professionals, 6397
implications of modern nuclear war & possibility of species annihilation for Freud's theories of death & individual human instincts toward war & peace, 26886
militarization, underdevelopment & exploitation of underdeveloped countries, criticism of A. Gellhorn's article, conference presentation, 25255
military & economic development, national security & health & other threats, less developed countries, criticism of A. Gellhorn's article, conference presentation, 25253
military & economic development, national security & health, conference presentation, 25246
military & economic development, national security & health, criticism of A. Gellhorn's article, conference presentation, 25248
military & economic development, national security & health, criticism of A. Gellhorn's article, conference presentation, 25245
military & economic development, national security & health, criticism of A. Gellhorn's article, conference presentation, 25254
military development, national security & health, reply to criticisms by C. K. Cassel, M. Jefferys, F. M. Mburu & P. J. McEwan & V. Navarro & H. L. Smith & P. Wood, conference presentation, 25247
moral & political & scientific aspects, control of nuclear weapons, 14220
nature of dream reality before vs after European colonization, dream development & cultural consciousness & peace, 17149

nuclear war threat, personality development in middle childhood & adolescence, 6357
perceptions of nuclear war & arms race, 14–19 yr olds, 11674
play behavior as indication of attitudes & fears about nuclear weapons & war, kindergarten through 2nd graders, 22365
preparedness & reactions to warnings & knowledge of crisis relocation for nuclear attacks, adult citizens, US, 26837
professional responsibility & political action, nuclear issues, counselors, comments on J. Gearhart's article, 7830
psychoanalytic theory of narcissism & self preservation, threat of nuclear war, 22415
psychological components of nuclear arms race, 17106
psychological reasons for resistance to dealing with nuclear issue, educators & parents, 23746
psychological responses to atomic weapons industry & psychologists' role in peace promotion, 30556
psychology & survival & nuclear arms race, 19938
public opinion & fear, nuclear war, 20–50 yr old shopping mall customers, 13358
public opinion on nuclear armaments & psychologists' role in issue, 25250
rationale for awareness & personal action & therapeutic interventions for clients' anxiety about nuclear issues, counselors, 7784
responsibility of counselors & psychologists in prevention of nuclear warfare, comments on J. Gearhart's article, 7775
revelation of hidden human image & dialog & confirmation of otherness, prevention of nuclear war, 17109
role for psychiatrists in prevention of nuclear war, 12923
role in preventing nuclear disaster through international network & effecting social change, psychotherapists, 26424
role of education in preventing of nuclear war, 23687
roots & resulting psychological needs of world scale violence, implications for social psychologists, conference presentation, 23110
roots in unconscious attraction to world destruction, trends toward nuclear holocaust & attitudes, 11847
small groups for expression of feelings about nuclear war, denial & actions consistent with beliefs, concerned individuals, 26082
structured group workshop using logotherapy ideals, fears of nuclear holocaust, 7345
threat of nuclear war & promotion of mutual security & peace, criticism of A. Gellhorn's article, conference presentation, 25258
threat of nuclear war, national security & health & role of medicine, comments on A. Gellhorn's article, conference presentation, 25260
threat of nuclear war, superego & feelings of hopelessness, comments on article by M. Wangh, 22413
understanding of nuclear war, children, US & Europe, literature review, 22301
war as species disorder, conference presentation, 17114
Nucleic Acids [See Also Adenosine, Cyclic Adenosine Monophosphate, Deoxyribonucleic Acid, Nucleotides, Ribonucleic Acid]
purines vs caffeine, opioid-induced feeding, rats, 27661
Nucleotides [See Also Cyclic Adenosine Monophosphate]
agonist interactions with beta adrenergic receptors on brain membranes, rats, 8999
naloxone & chlorpromazine & dibutyryl cyclic cytidine, aggression & squeaking, male mice, 11578
Nucleus Accumbens
administration of nialamide vs dopamine into nucleus accumbens, acquisition of passive avoidance task, male rats, 6096
apomorphine vs bromocriptine vs GYKI-32887 into nucleus accumbens, locomotor activity, male rats, 6138
bilateral microinjections of dextroamphetamine into nucleus accumbens or caudate putamen, stereotypy & locomotion, rats, 22221
bombesin microinjection into nucleus accumbens vs ventral tegmental area vs lateral ventricles, spontaneous motor activity & role of mesolimbic dopamine system, male rats, 9016
brain stimulation reward, sensitivity of caudate nucleus & nucleus accumbens & amygdala, rats, 6066
carbachol & glutamate antagonists & GABA injections into hippocampal-accumbens-subpallidal areas, locomotor activity, male rats, 24893
chronic infusion of dopamine into nucleus accumbens, hyperactivity, female rats selected as low activity responders to peripherally-administered N-n-propylnorapomorphine, 3422
circling or turning behavior, dopamine & serotonin metabolism in substantia nigra & amygdala & nucleus accumbens, trained circling rats, 6014
daily dextroamphetamine administration, intracranial self stimulation rates of responding from substantia nigra vs nucleus accumbens & development of reverse tolerance, rats, 30281
dopamine denervation of frontal cortex vs nucleus accumbens, ACTH-induced grooming behavior, male rats, 19623
dopamine vs noradrenaline vs serotonin vs acetylcholine vs GABA infusions into nucleus accumbens, hyperactivity, female rats selected as high- vs low-activity responders to levo-N-n-propylnorapomorphine, 3423
electrical self stimulation of medial forebrain bundle & nucleus accumbens & food intake, neuronal activity in lateral hypothalamic area, male rats, 27506
electrical stimulation of ventral subiculum of hippocampus & mesolimbic dopamine pathway, signals reaching nucleus accumbens, male rats, 27508
electrical stimulation or amphetamine injections into nucleus accumbens & tegmental area & hypothalamus, brain reward circuitry, rats, 6063
glutamic acid diethylester hydrochloride injections into nucleus accumbens & GABA injections into subpallidal regions, exploratory locomotion, male rats, 24892
icv injections of dextroamphetamine sulfate into nucleus accumbens, behavioral control by conditioned reinforcers, rats, 24950
intra-accumbens injection of magnesium vs calcium, hypermotility response to N-methyl-aspartic acid vs kainic acid vs quisqualic acid, rats, 3429
kindling of nucleus accumbens vs amygdala vs dorsal hippocampus areas, spontaneous & amphetamine-induced interictal & postictal locomotor behavior, male rats, 30167
lesion of mesolimbic & nigrostriatal dopamine systems by 6-hydroxydopamine, avoidance conditioning, male rats, 8913
lesions of nucleus accumbens efferent fibers in substantia innominata & lateral preoptic area, apormorphine-induced locomotor response, 6-hydroxydopamine-infused rats, 16731
lesions of olfactory bulb or lateral septum or medial accumbens or hypothalamus or dorsal & median raphe or amygdala, inhibitory control of agonistic behavior, mammalian species, literature review, 8908
lesions of ventral tegmental area & grafts of dopamine-rich tissue reinnervating nucleus accumbens vs medial prefrontal cortex, amphetamine-induced & spontaneous motor activity, female rats, 22076
methionine enkephalin microinfusions into nucleus accumbens, self reinforcement, male rats, 3447
mouse killing & prey eating, spontaneous mouse-killing male rats vs rats with lesions of lateral septum vs medial accumbens vs medial hypothalamus, 24755
neurotoxin lesions of nucleus accumbens & drug dose, CRs concurrently maintained by food & water & morphine reinforcement, rats, conference presentation, 3384
nucleus accumbens lesions, role of mesolimbic dopamine neurons in iv heroin vs cocaine self-administration, male rats, 24775
nucleus accumbens vs caudate nucleus lesions induced by 6-hydroxydopamine, feeding behavior in novel environments, male rats, 30182
nucleus accumbens vs ventral tegmental lesions, chronic morphine-induced hyperactivity, male rats, 6045
olfactory bulbectomy, reflexive biting & locomotor activity & serotonin levels in olfactory tubercle & lateral olfactory tract & piriform cortex & nucleus accumbens & anterior olfactory nucleus, male mice, 3385
psychotropic drugs, locomotor hyperactivity induced by nucleus accumbens injection of picrotoxin, male rats, implications for role of dopamine & acetylcholine & GABA transmission systems within nucleus accumbens, 22198
septal vs medial accumbens vs medial hypothalamic lesions, hyperdefensiveness, weanling male rats, 19617
stimulation of amygdala & substantia nigra, orthodromic & antidromic response of nucleus accumbens neurons, anesthetized cats, 19614

Nudity
body self concept, 25–59 yr old social nudists vs nonnudists, 25478
Null Hypothesis Testing
development of formula for mean & variance of run-score variance of binary data in presence of stacking effect, 11207
heterogeneous regression slopes, robustness of 2 test statistics in ANCOVA, 2994
methodology for construction of exact unweighted procedure for 1-to-1 pairing of objects, 11214
modification of Fisher's exact test for 3-way interaction effects, 29807
nonzero effect null hypothesis testing, statistical significance in applied research, 13623
optimal design of parity tests in test construction, 19018
problems related to continued use of null hypothesis testing, 250
Number Comprehension
ability to learn concept of 3rd, female rhesus monkey, 24556
acquisition of meanings of ordinal & cardinal number words & number conversation, 4–6 yr olds, 25068
acquisition of number conservation & possible role of counting, 6 yr olds, replication of G. S. Halford & T. J. Fullerton's experiment, 11750
comprehension of number conservation, pretransformation & posttransformation judgments, 3–4 vs 6–7 yr olds, 16947
development of counting & early number knowledge, literature review, 27765
development of counting, 2.6–6 yr old nursery school & kindergarten students, 23773
development of understanding of numbers vs representing absolute vs relative amount, 3–5 yr olds, 16972
Piagetian tasks vs intelligence tests, prediction of early arithmetic performance, kindergartners & 1st graders, 10756
reading disability & language deficits & numeric ability & distractibility, 10–14 yr old male twins, 16580
relative number judgments of small vs large number displays with vs without perceptual aids, 5–6 yr olds, 11728
task encoding load, development of seriation & ordinal correspondence & cardination tasks, kindergartners & 1st graders, Netherlands, 14054
training in logical foundations vs number skills, development of logical operations & number, middle-class preschool children with mean age of 4.5 yrs, 9165
verbal mediation in number concept attainment, mentally retarded children, 22901
visual display of number sequence, number judgment, 4 yr olds, 6311
Number Systems
computational theory of stereopsis of D. Marr, 19194
forward & backward continuations in orally produced number sequences, college students, implications for serial position hypothesis, 3091
Numbers (Numerals)
apprehension about numbers & mathematics, 4–5 yr olds, 9102
cerebral laterality, recognition of Chinese characters & words & Arabic ideograms, right handed Ss, 13819
generation of random vs unpredictable digit strings, college students, 356
meaning of numbers vs words, multilingual speakers, implications for psychological semantics, 9058
numbers & letters presented to left vs right visual field, naming of stimuli, forebrain commissurotomized patients, 8800
phonetic mnemonic system vs irrelevant digit symbol recording scheme, learning digit number list, college students, 13709
preference for length vs spontaneous counting as cues in number judgments, 3 & 4 yr olds, 9210
recognition memory for numbers vs shapes, heart rate, 18–28 yr old males, 11526
sexual significance of number 31 in idiomatic expressions in various languages, 6191
spatial frequency & stimulus duration, visual recognition of numbers, 18–25 yr olds, 13660
spatial vs symbolic stimulus presentation, discovery of mathematical function, college students, 24501
transcoding of numbers from digital to alphabetic code, 20–75 yr old French speaking aphasics, 7122
Numerical Ability [See Mathematical Ability]
Numerosity Perception
acquisition of number conservation & possible role of counting, 6 yr olds, replication of G. S. Halford & T. J. Fullerton's experiment, 11750
central vs peripheral visual field presentation, numerosity judgments, 21–40 yr olds, test of cortical magnification hypothesis, 5734
counting strategies in no-mask vs backward masking conditions, numerosity reports of dots, college students, 5728
magnitude production vs magnitude estimation vs comparison judgments & feedback, measurement of numerosity perception & role of cognitive vs perceptual factors, college students, 19177
meaning of indefinite number terms, 3–6 yr olds, 9214
preference for length vs spontaneous counting as cues in number judgments, 3 & 4 yr olds, 9210
Nuns
killing of American nuns & lay volunteer in El Salvador in 1980, risk of death in prophetic ministry, 14271
Nurse Patient Interaction [See Therapeutic Processes]
Nursery School Students
comprehension of transitive sentences with varying word orders, Hungarian/Russian bilingual children with mean ages of 4 & 6 yrs, Hungary, 13038
development of counting, 2.6–6 yr old nursery school & kindergarten students, 23773
ease of stimulus picture identification & administration time, comparison of 3 screening articulations tests, 3–5 yr olds, implications for efficiency of articulation screening, 8103
lack of intimacy between child care workers & children in their care & parents, language development, nursery school students, 2.5 yr followup study, 6275
modeling in stories & slides, sharing behavior & knowledge, 60–76 mo old nursery school students & kindergartners, 29166
mother's presence as teacher's aid, child's social behavior, female vs male 3–4 yr old nursery school students, 15830
temporal importance & duration of frequency of activities in nursery classes, privileged vs nonprivileged children, Belgium, 18588
use of advertising logos in beginning reading instruction, 3.5 vs 4.5 yr old nursery school students, 23769
Nursery Schools
educational attitudes, overt childrearing practices, female nursery school teachers, 23722
integration into regular nursery school, behavior, Down's syndrome & developmentally handicapped 3–10 yr olds, India, 32141
rationales for providing nursery education, 2–5 yr olds, United Kingdom, 23742
working class play groups as alternative to nursery education, 13040
Nurses [See Also Psychiatric Nurses, School Nurses]
age & educational level & amount of time spent working with elderly, stereotyped attitudes toward elderly, nurses from intermediate & skilled care nursing homes & hospitals & home health agencies, 31845
analysis of performance ratings & turnover rate, nurses who leave vs stay in full-time hospital jobs, 26432
andragogical educational experience, andragogical orientation, 25–61 yr old nurses, 26421
aspirations & expectations of careers in nursing, attainment of careers, nurses, longitudinal study, 18432
assertiveness training, nontraditional role assumption, geriatric nurse practitioner students with mean age of 37 yrs, 6-mo followup, 29024
assessment & management activities in well child care, master's- vs nonmaster's-prepared pediatric nurse practitioners, 31872
assessment of self help groups, nurses, 4862
attitudes & behavior toward aged nursing home residents, 18–65 yr old nurses & aides & professional staff & housekeeping staff, 21077
attitudes & beliefs about providing care for terminally ill, hospice & psychiatric & intensive care unit & pediatric nurses, 12925
attitudes toward good adjustment to chronic hemodialysis, nurses vs patients, 20988
attitudes toward teamwork in general practice, community & district nurses & health visitors, England, 5117

coordination with school & comprehensive management of treatment by clinical nurse specialist, children with attention deficit disorder or hyperactivity syndrome & their families, 26263
coping style & reactions to & experience with physical assaults by patients, nurses, followup study, 7805
criteria for differentiation of crises, nurses, 12702
decision to provide vs withhold mechanical &/vs chemical restraint &/vs use of alternative methods, nurses responsible for care of geriatric patients, 7694
development & leadership of staff support groups for reduction of stress, nurses working in cancer center, 15635
economic & clinical outcomes of treatment by nurse therapist vs general practitioner, neurotic patients, 23262
educational modules, adaptation to work environment, new graduate nurses, 10637
educational socialization & selection, values of assertiveness & independence & achievement, nursing graduates, 15622
effectiveness of continuing education program, job performance, recently hired nurses, 5078
emotional distress, nurses in general vs psychiatric vs mental handicap hospitals, 21196
evaluation of resident performance in hosptial based hospice, nurses & medical residents, 4940
expectations of nurses & nursing care, 70–99 yr olds, 1780
experience of chronic illness or disability, nurses, implications for counseling, 29021
group instruction, working with parents with pathological behavior, nurses in neonatal intensive care unit, conference presentation, 7516
increase in nurse's use & documentation of nursing process, nurse managers & supervisors, 12936
interactions with mothers & their children & time spent delivering nutritional & family planning education, nurses, implications for program planning needs, Papua New Guinea, 18200
interpersonal competence & communication, delivery of nursing care, nurses, 12920
job satisfaction & impact on health care & problems in delivering service, geriatric nurse practitioners with mean age of 40 yrs, 2297
job tension & group cohesion, withdrawal of interest in work organization, nursing staff of nursing homes, assessment of cusp-catastrophe model, 21561
knowledge of psychiatric symptoms & seeking of psychiatric intervention for patients, nursing home nurses, 10463
leadership style of head nurse, burnout & job satisfaction, nurses in neonatal intensive care units, 7771
level of job interdependence & satisfaction vs dissatisfaction with co-workers, intrinsic motivation, nurses, 12967
license revocation by state examining board, psychologist & nurse, case law, 6523
loss of commitment & absenteeism & employee turnover, nurses & accountants, longitudinal studies, 2675
need for attentiveness & openness & alertness, caretakers in special premature baby care unit, conference presentation, 7528
nursing techniques, assessment of physical or psychological or material or medical abuse, elderly, 14784
organization of hospital nursing units, nursing personnel, 2231
organizational climate & job complexity & satisfaction, 18–67 yr old nursing service employees, 13312
orientation program with plastic surgery & burn nursing & critical care components, nurses in special burn unit, 12882
perceived physical attractiveness of pediatric patient, attribution of responsibility for hospital disturbance involving patient, female nurses, 31842
perceptions of & reactions to rehabilitation & patient behaviors, female physiotherapists & occupational therapists & nurses, Australia vs Sweden, 29090
perceptions of incentives for employment, employed vs unemployed nurses, 18429
perceptions of life changes & loss of cancer patients, 18–73 yr old cancer patients & oncologists & nursing staff members, 2158
perceptions of role complementarity & similarity, nurse practitioners & medical doctors in joint practice, 10569
personal & job & organizational factors, perceived role conflict between nurse practitioners & physicians, nurse practitioners, 5079
phenomenology of nursing experience & therapeutic processes, nurses working with hospitalized medical patients, 7644
physical & personal & demographic characteristics & lifestyle, back injury, 21–64 yr old female nursing personnel, 29059
posttraumatic stress disorder, physicians & medics & corpsmen & nurses who served in Vietnam, 26412
psychiatric screening interview by nurse vs psychiatrist, accurate drinking histories, 16–65 yr old general psychiatric patients, 4279
psychological aspects of terminal illness in children, sick children & their families & nurses, 25887
psychotherapeutic intervention, functioning of neonatal intensive care unit, nurses, 7653
racism, educational & job opportunities, Black nurses & paramedical personnel, UK, 2251
registration vs nonregistration of patients with psychosocial problems in general hospital emergency room, nursing staff & 15–65 yr old patients, 10467
retirement lifestyles, retired physicians & nurses & social workers, Israel, implications for continuity & development & disengagement theories, 2263
role conflict & ambiguity, US Army head nurse at military treatment facility, 18457
role in identification & intervention in elderly abuse, nurses, 15586
role of nurse-therapist & patient-nurse, psychotherapy in therapeutic community, inpatients, 18307
role of nurses, residential shelter for abused females & their children, 7588
sex role variables, TV portrayals, nurses vs physicians, 1950–80, 9465
smoking behavior, 21–77 yr old nurses, 31936
social psychology of physician-nurse relationship, 2309
societal attitudes toward & use of contraceptives & role of nurses, family planning & birthrates & mother & child care, Seychelles, 30736
sociodemographic variables & nursing training & experience & job technology, job satisfaction, nurses, Australia, 15611
sources of stress in hospice work, nurses & social workers & psychologists & directors of volunteers, 15661
sources of stress, registered vs licensed practical nurses, conference presentation, 5126
stress, female nurses &/vs hospital staff vs females in other occupations with mean age of 36.6 yrs, 2292
symptoms & signs eliciting description of patient as "confused", physicians & nurses, 28259
tenure, organizational commitment & turnover, nurses with mean age of 36 yrs, 11008
token economy, nurse-patient interaction, long-stay patients, comment on article by V. A. Rezin et al, 1933
training program using Abnormal Involuntary Movement Scale, physical measurement & clinical quantification of tardive dyskinesia, nurses & psychiatrists, 18441
unethical research practices, nursing, 23663
use of teaching & research tools, investigation of elderly abuse, nursing personnel, 15607
work satisfaction & family responsibilities, employment status, female nurses, 29029

Nursing

aspirations & expectations of careers in nursing, attainment of careers, nurses, longitudinal study, 18432
assessment of self concept & body image using semantic differential bipolar scales, 12–61 yr olds, implications for psychiatric nursing, 12050
body boundary experience & nursing care, females in labor, 7565
challenges in care of children with dermatomyositis, nurses, 31614
comprehensive humanistic nursing care, secluded psychiatric patients, 23488
concept of crisis & crisis intervention, nursing, 12690
concept of hope, crisis resolution, implications for nursing, 12717
contributions of L. Richards to science of nursing, 15599
development of progressive relaxation techniques as nursing intervention, 15264
ethical issues & models for evaluation of patient competence to refuse treatment, nursing, 12711
factors in patients' development of dependency & relationship to nursing, 4843
future of psychiatric nursing, 10626

internal correlation & discriminant validity of Quality Patient Care Scale, measurement of nursing care, surgical patients, 5617
issues in psychiatric/mental health nursing, literature review, 31918
life history interviews, nursing intervention & identification of health patterning, Ss 60 yrs & older, 18179
model for clinical teaching & supervision, psychosocial nurses, 23641
multivariate vs univariate statistical techniques in data analysis, application to nursing, 16382
noncontact therapeutic touch by nurse, anxiety level, 36–81 yr old cardiovascular patients, 12724
nursing assessment, chronic childhood conditions, 31612
nursing care, infants with congenital heart disease receiving prostaglandin E1, 31610
nursing considerations & patient & family education, physical dependence vs addiction & drug therapy, aged, 2011
nursing in child psychiatry & ambulatory care, psychotic children, 4562
nursing intervention, crisis of mate loss, aged, 12726
nursing intervention in preparation programs for hospitalization & health care procedures, parents & children, literature review, 15375
nursing management, pediatric burn patients with disseminated intravascular coagulation, 12689
nursing techniques, assessment of physical or psychological or material or medical abuse, elderly, 14784
nutritional supplementation &/or relaxation training, malnutrition & weight loss, adult cancer patients, 26235
organization of hospital nursing units, nursing personnel, 2231
organization of research on health effects from aversive physical aspects of environment, implications for nurses, 11018
orientation program with plastic surgery & burn nursing & critical care components, nurses in special burn unit, 12882
patient-staff interaction & patient activities & medication practices & ward physical environment & nursing staff rotation, outcome of psychiatric hospital treatment, male psychiatric patients, 3-mo followup, 26320
psychological differentiation, phenomenon of pain, implications for nursing, 12348
purpose & interpretation & report of qualitative nursing research, 10599
quality & quantity of newspaper articles about psychiatric nurses & their practice, 5101
self care model for gerontological nursing, promotion of independent functioning, elderly, 12696
self care theory of D. E. Orem, psychiatric nursing, 4860
self management training as mode of nursing action, patients, 12712
sociocultural context as "housewives" of hospital, nurses, Japan, 15628
standardized mental status examination vs nursing assessment techniques, identification of cognitive impairment, elderly patients, 28574
strategic communication, nursing theory & research, 18454
styles of hospital maternity nursing care, maternal behavior, 21–35 yr old mothers, 21083
unethical research practices, nursing, 23663
ward layout & staffing & patient characteristics, suicide, 16–66 yr olds who committed suicide by jumping, conference presentation, 25673

Nursing Education

admissions criteria, prediction of success in graduate clinical specialty programs, 18–57 yr old nursing program graduates, 31911
analysis of mail survey research, nursing education, 21727
andragogical educational experience, andragogical orientation, 25–61 yr old nurses, 26421
behavior therapy course, psychiatric nurses, 10608
clinical experience in caring for elderly, attitudes about aged, 19–41 yr old nursing students in 1st clinical course, 31873
educational modules, adaptation to work environment, new graduate nurses, 10637
effectiveness of continuing education program, job performance, recently hired nurses, 5078
graduate education, form of group therapy practice, psychiatric mental health nurses, implications for other group practitioners, 29092
history of role & training of psychiatric nurses, 29015
intellectual traditions in psychiatric & mental health nursing, bibliography of undergraduate nursing textbooks, 15639
interdisciplinary geriatric care training, medical & nursing students, 7766
issues in psychiatric/mental health nursing, literature review, 31918
model for clinical teaching & supervision, psychosocial nurses, 23641
model for identification of salient variables, assessment of curriculum implementation, program directors of continuing education pediatric nurse practitioner programs, 23676
psychiatric clinic as teaching & research center, outpatients, 23457
psychiatric nursing education program at Saint Anne Hospital Center, France, 21169
sociocultural context as "housewives" of hospital, nurses, Japan, 15628
use of teaching & research tools, investigation of elderly abuse, nursing personnel, 15607
using audiotape recorder for individualized clinical instruction, nurses, 18438

Nursing Homes

affirmation of conviction for abuse of residents, nursing home administrator, case law, 14385
age & sex & education & race & length of stay & functional ability & subjective health, locus of desired control, nursing home residents with low vs high death anxiety, 28098
anticipation of stress, newly admitted elderly nursing home patients, 31735
art therapy, aged in nursing homes & extended care facilities, 31726
attitudes & behavior toward aged nursing home residents, 18–65 yr old nurses & aides & professional staff & housekeeping staff, 21077
changes in function during preceding year & current levels of functioning, prediction of falls, 69–94 yr old institutionalized females with Alzheimer's disease, 28409
competency of nursing home residents to testify in voting fraud case, case law, 14315
concept of veteranship in resident volunteer programs, nursing home residents, 31690
correlates of employee turnover, nursing home aides, 26459
Day Room Program, mental orientation & physical comfort, nursing home residents, 31683
development & implementation of nursery school program for bridging generation gap, children & nursing home residents, 18582
difficulties in nursing home placement, support service needs, 4935
efficacy of reality therapy in nursing homes, 31741
family inclusion in psychiatric assessment, symptom understanding & lessening of stress, nursing home bound persons, 10454
Good Samaritan in-house volunteer program, nursing home residents, 31731
group drama therapy, insight & transference phenomena, 64–96 yr old nursing home residents, 31427
group meetings for oral history project, nursing home residents & 3rd graders, 18319
grouping alert patients with mentally impaired patients, nursing home residents, 10494
health status, behavioral diversity & use of public spaces, aged nursing home residents, 4931
hospitalization, subsequent placement in nursing homes & supportive care, patients 75 yrs & older, 15482
incidence of hearing loss, 54–95 yr old nursing home residents, 4395
institutional drug prescribing patterns, 65–99 yr old patients in municipal hospitals & nursing homes, 18136
intergenerational activities, nursing home residents & preschool & high school students, 31682
intergenerational activity programs, 2nd graders & nursing home residents, 31729
intra-institutional relocation of long term care facility, changes in behavior patterns, residents with median age of 71 yrs & staff, 23519

job turnover & job satisfaction, nursing home aides, 23678
joys & problems of aging & coping strategies for adaptation to facility assessed through life history interviews, elderly residents of nursing facility, 1-yr followup, 26312
knowledge of psychiatric symptoms & seeking of psychiatric intervention for patients, nursing home nurses, 10463
liability of nursing homes & hospitals to patients, case law, 14368
lifetime risk of institutionalization in long term care facility, aged, 4952
management of dehydration & incontinence, 59–96 yr old nonambulatory nursing home patients, 7685
meaning of Christmas holidays, 72–97 yr old nursing home residents, 2153
mental & physical impairment & quality of family & social contacts, geriatric nursing home vs old people's home residents over 65 yrs old, West Germany, 18289
mental disorders & psychiatric staff in senior nursing institutions, China, 31728
misdiagnosis of medication side effects & causes of mental & physical impairment, nursing home placement, elderly, 12621
model for postoccupancy evaluation, severely mentally impaired elderly residents of nursing homes, 13363
morale, perceptions of control & health, institutionalized 60–94 yr olds, 10485
music participation program, life satisfaction & music attitudes & self concept & quality of life, 60–95 yr old nursing home residents, 10492
need for interdisciplinary teamwork, activity professionals working in nursing homes, 31714
need for occupational therapy, geriatric nursing homes, 18359
needs & perceptions during placement decision making, 46–65 yr old offspring of nursing home patients, 10473
organization of & need for men's club, nursing home residents, 31681
peer counseling program, empathy, 69–96 yr old nursing home residents, 23473
perceived control in health care situations & physiological processes & illness, elderly nursing home & senior citizen housing residents, 4-stage model of coping & control, 7676
perceptions of pastoral care needs & personal problems & desired elements of ministry, elderly nursing home residents, 31740
personality traits & pet therapy, anxiety & despair, terminal cancer patients in nursing facility, 12816
placement in community nursing homes vs VA nursing care units vs continued psychiatric care on same vs other ward, treatment outcome, male psychiatric patients with schizophrenia &/or organic brain syndrome, 31703
preparatory measures for easing relocation to new facility, 44–97 yr old nursing home residents, 12799
psychodrama group, depression & anger & abandonment & fear from grief for unresolved losses, elderly psychiatric patients in nursing home, 17979
reactions to nursing home placement of relative, families, implications for intervention strategies to assist families during transition period, 26327
relative importance of family support, adjustment to nursing homes, residents, Cuba, 18300
relocation to nursing homes, stress & coping behavior, aged, 18324
resident volunteering in activity programs, nursing home residents, 31696
role of activity coordinator, life satisfaction, long term nursing home residents, implications for M. P. Lawton's environmental press model, 31677
role of social worker & interpersonal relations, nursing home residents, 15476
role of therapy, changing personal frames & labels & perceptions of world & behavior, elderly male nursing home resident, 7355
school system as resource for intergenerational programs, nursing home residents, 31716
signs & symptoms of clinical depression, elderly residents of long term care facility, 25551
social integration in nursing homes, 18–94 yr old chronically ill psychiatric patients, 4969
social vs health vs service-use characteristics, placement in day care vs nursing home, clients with mean age of 76 yrs, 15361
teaching nursing homes & benefits to public policy & patient care & physician training, conference presentation, 31943
therapeutic verbal & nonverbal communication with elderly nursing home residents with dementia, social work & nursing students, 15613

Nursing Students

alcohol usage, 21–23 yr old senior nursing students vs other college students, implications for need for development of prevention programs for young professionals, 23637
clinical experience in caring for elderly, attitudes about aged, 19–41 yr old nursing students in 1st clinical course, 31873
development of semantic differential instrument, measurement of attitudes toward Black Americans vs Black American patients, White nursing students, 21766
didactic vs experiential vs non-conscious educational programs, reduction of death anxiety, female nursing students, 29088
drug & marihuana usage, physicians & premedical & medical & nursing students, implications for education & prevention & treatment for health professionals, 7810
factor analysis & predictive validity, selection procedure, student nurses, 29058
factor structure of attitudes toward satisfaction with college instruction, nursing & physical therapy students, 31864
haiku or unrhymed poetry, identification of feelings toward aging, nursing students, 29085
inclusion vs exclusion of sexual activity information in vignette, attitudes toward sexually active older persons, graduate nursing students, 15597
influence of information about patient, attitudes & behavior toward patient member of stereotyped group, female nursing students, 23630
interdisciplinary geriatric care training, medical & nursing students, 7766
knowledge of suicide interviewing skills, nursing students, 5095
locus of control & prostrike attitudes & instrumentality of intrinsic outcomes & valence of extrinsic outcomes, intention to join union, female nursing students, 12878
reliability & construct validity of A. A. Canfield's Learning Styles Inventory, measurement of preferences for specific learning styles in selected teaching-learning situations, nursing students, 16346
social isolation & performance pressure & communication apprehension & distortion, male vs female nursing students, 29080
stereotyped attitudes toward different age groups, 18–48 yr old student nurses, 5088
stress management program, reduction of attribution rate, practical nursing students, 15660
therapeutic verbal & nonverbal communication with elderly nursing home residents with dementia, social work & nursing students, 15613
validity of American College Testing Proficiency Examination as placement measure, nurses entering Bachelor of Science in Nursing program, 5143
verbal advanced organizer & field independence & scholastic aptitude, learning & retention of medical surgical class content, nursing students, 23636

Nurturance

age & sex & cultural & situational differences, responses to infants & young children & baby animals & cries & pictures, children & adults, literature review, 6340
art of caring for children, social service workers, 18272
economic & cultural constraints to maternal nurturing, infant mortality & care, 19–71 yr old marginally employed mothers, Brazil, 19941
fixed vs nurturant societal role, mental & physical illness, females vs males, 22645
gender differences, role obligations & privacy & psychological well-being, urban adults, 5-yr followup of married females, test of nurturant role hypothesis, New Zealand, 3952
less fixed & more nurturant roles, physical illness & psychological stress, females, reply to criticism by A. C. Marcus et al, 22644
nurturant speech style before vs after child's minor surgery, mothers vs fathers of 4–9 yr olds, 26245
parental support & nurturance, alcohol abuse & problem behaviors, 12–17 yr olds, 28289

pre-birth parent & marital characteristics, quality of infant care & responsiveness to infant's needs & resolution of ambivalence toward caring for infant, parents, 9401
sex differences in illness behavior, comments on W. R. Grove's article, 22651
sexual & psychological & demographic correlates of nurturance needs, 16–35 yr old pregnant wives, 6517
Nutrition
assessment of nutrition status & mothers' perceptions of quality of life & immunization & cause of infant death, 21–39 yr old mothers & their 3–14 yr olds, rural Nigeria, 20573
behavioral weight control program, weight & physical fitness & nutritional behavior, educable mentally retarded, 20855
carbohydrate intake & hair trace elements & EEG measures, reading ability, 5–16 yr olds, implications for development of causal model of ecological factors influencing child development & reading ability, 25154
community program, eating behavior & diets & nutrition, 51–60 yr olds formerly institutionalized for alcoholism or organic brain syndromes or mental retardation, 21119
comprehensive nutritional interview, children & adolescents with developmental disorders & their families, conference presentation, 15058
continuity of care in government programs & child nutrition, 2073
diet-drug interactions, treatment of mental illness, literature review, 28734
dietary restriction of caloric intake, aging, rodents, implications for longevity, 30163
drug treatment vs nutrient therapy with lecithin & levotyrosine & pyridoxine hydrochloride, patients with Alzheimer's disease & unipolar depression & premenstrual syndrome, 23325
food & nutrition education, knowledge of nutrition, 6.9–12.8 yr old educable mentally retarded vs 8.2–11.2 yr old trainable mentally retarded, conference presentation, 15898
individual psychology as means to help make nutritional changes, 20681
interactions with mothers & their children & time spent delivering nutritional & family planning education, nurses, implications for program planning needs, Papua New Guinea, 18200
micronutrient model & deficiencies of tryptophan & zinc & neurophysiology, anorexia nervosa, literature review, 25796
neural retina vs pigment epithelium & optic lobe, blood flow & uptake of nutrient analogs, 5–7 day old chicks, 11517
nutrition & aerobic exercise program, physical fitness & body fat & weight, low income Black mothers, 28843
nutrition & body chemistry, depression & anxiety & sleep problems as symptoms of posttraumatic stress disorder & burnout, Vietnam veterans & counselors, 25994
nutrition & diet, etiology & treatment of dementia, aged, 12411
nutritional & health care & educational treatment program, cognitive ability, chronically deprived preschool age children, 10078
nutritional adequacy of diet & caloric intake before and after group treatment, bulimic 18–46 yr olds, 28722
nutritional information, rating of foods as "good for you" vs "pleasant", 13–14 yr olds, 30428
nutritional needs & problems & disorders & athletic participation & pregnancy, adolescent females, 12719
nutritional supplementation &/or relaxation training, malnutrition & weight loss, adult cancer patients, 26235
orthomolecular psychiatric therapy & nutrition, 10044
parenteral nutrition, food intake & gastric motility, monkeys, implications for clinical patients, 24737
policies & practices of nutrition & social service programs, elderly alcoholic clients, 23602
social psychological model of health behavior, behavioral intent & nutrition behavior, college students, 1248
structural information factors, use of nutrition information, supermarket customers, 29591
Sustacal vs Shorey-AIN liquid diets, liver alcohol dehydrogenase activity & ethanol release, female rats, nutritional sufficiency implications, 22159
urban vs suburban vs rural residential location, nutritional adequacy, 60–74 yr olds, 19777
Nutritional Deficiencies [See Also Kwashiorkor, Protein Deficiency Disorders, Starvation, Vitamin Deficiency Disorders, Wernickes Syndrome]
central dynorphin & zinc deficiency, food ingestion & immunoreactive dynorphin levels in hypothalamus & cortex & opiate receptor activity, male weanling rats, 6116
choline deficient diet vs starvation, gastrointestinal adrenergic enzyme activity, male rats, implications for treatment of Alzheimer's disease & for patients undergoing fasting, 30154
dementia-associated eating problems & malnutrition, mortality, 86 yr old female with Alzheimer's disease, 28451
dietary concentrations of sulfur-containing amino acids vs stress of captivity & handling, incidence of fault bars in feathers, white-crowned sparrows, 11402
dietary treatment, prevention of mental retardation & nutritional deficiencies, conference presentation, 15033
dietary zinc deficiency, voluntary alcohol drinking, male rats, 30146
early malnutrition, social behavior in home environment, school age children, Barbados, 28431
early protein undernutrition & later frontal cortex damage, sensory discrimination & reversal learning, rats, 22089
familial & sociocultural factors, kwashiorkor syndrome, children, Africa, 17784
folic acid & riboflavin & vitamin A deficiencies, institutionalized mentally retarded 2–34 yr olds, 21063
gastric fundus surgical ostruction, proprioceptive polyneuropathy, 64 yr old nonobese male receiving parenteral hyperalimentation, 7085
importance of organizational efforts of International Union of Anthropological & Ethnological Sciences Commission on Anthropology of Food, identification of fundamental research areas & food policy & planning issues, 11843
intensive stimulation vs verbal instruction, walking, malnourished 13–23 mo olds with development delays in walking, Nigeria, 17788
interrelationship between alcoholism & malnutrition & liver disease, implications for treatment, literature review, 12260
iodine-deficient diets, behavioral & physiological change, male rats, implications for role of dopaminergic neurotransmitters, 22206
lithium & sodium & potassium & rubidium & cesium & francium, neuropsychiatric aspects of alkali metal deficiencies & excesses, literature review, 28525
malnutrition, developmental deficits & height, severely malnourished abandoned infants with mean age of 1.9 yrs before vs after adoption, followup study, 4418
maternal protein restriction during late gestation & lactation, development of home orientation, 2–14 day old kittens, 16698
multiple vitamin deficiencies, neural development, patients with Down's syndrome, literature review, 17689
norepinephrine vs muscimol vs bromergocryptine, food consumption, zinc-deficient male weanling rats, 6117
normal vs low protein diet, endorphin-like immunoreactivity & avoidance task, performance, rats, 3358
nutrition problems, institutionalized children with developmental disabilities, 20584
nutritional & health care & educational treatment program, cognitive ability, chronically deprived preschool age children, 10078
overview of major effects of metals relevant to medicine & psychiatry, 28151
parent behaviors & availability of food, undernourished vs well-nourished inner city elementary school age children, 4462
prenatal & early postnatal undernutrition, mating behavior, male Lister vs Wistar rats, 6169
prenatal & postnatal maternal & child caloric supplement intake social & emotional & cognitive development, chronically malnourished 6–8 yr olds, 7008
prenatal vs postnatal protein malnutrition, spontaneous electrical activity of frontal cortex neurons, rats, 16707
protein malnutrition prior to & during pregnancy, 1st & 2nd offspring development, rats, 19596
sodium deprivation & adrenalectomy, increased salt intake & role of chorda tympani nerve sensitivity to sodium chloride stimulation, rats, conference presentation, 658

zinc deficiency & copper toxicity & CSF & serum vitamin B12 level, elderly patients with Alzheimer's disease & alcohol brain damage & dementia & multi-infarct dementia, 4530
zinc-deficient diet, normal & stress-induced feeding & weight, male weanling rats, 6047
Nystagmus
adaptation to horizontal vestibulo-ocular stimulation, electrical activity of flocculus Purkinje cells, Japanese monkeys, 6011
ethyl alcohol, visual pursuit & suppression of vestibulo-ocular reflex during whole-body angular oscillation, human Ss, 22136
floccular influence, excitatory vestibular reflex arc of anterior semicircular canal origin, cats, 24653
head movements during stepping, 18–30 yr olds with peripheral vestibular disorders, 23042
hearing loss & hyperacusis & hyperreactivity of per-rotatory nystagmus, 25–60 yr olds with Meniere's disease vs fibrositis syndrome, 22968
horizontal optokinetic stimulation & attentive vs unattentive gazing, elicitation of responses characteristic of subcortical pathway, 22–45 yr olds, 19473
human figure drawing ability & vestibular processing function, 59–146 mo old learning disabled Ss, 1609
incidence of hypoactive nystagmus, behaviorally disordered 6–13 yr olds, 20418
light vs darkness in broad frequency-band rotatory test, quantification of compensatory eye movements, 18–55 yr olds, 21826
low vs high frequency sinusoidal rotation, vestibulo ocular reflex, patients with unilateral vs bilateral chronic compensated peripheral vestibular lesions, 22925
measurement of retinal image motion during forced angular head vibration, 17–44 yr olds with vs without vestibular dysfunction, 25930
mechanical resonance oscillation of orbital apparatus, eye movements induced by high frequency head rotation, baboons, 6060
monocular flicker stimulation, flash induced nystagmus, New Zealand white vs Dutch pigmented rabbits, 24689
movement, development of visual system, cats, 3285
occlusion of central vs peripheral retina, optokinetic nystagmus, humans, 24406
ocular oscillations in darkness vs cancellation of vestibular ocular reflex by target fixation vs vertical smooth pursuit vs ocular fixation, action potentials in rostral vestibular nuclei & reticular formation, monkeys, 8831
optokinetic nystagmus in horizontal vs vertical planes, development of visual systems, infants vs 18–36 yr olds, 30439
passive turntable-generated stimuli vs head rotations vs pseudorandom sinusoidal sequence vs single sinus stimulus profile, compensatory oculomotor & smooth pursuit reflex responses, 21830
patching normal eye ataxia & vomiting & past pointing & subsequent adaptation of vestibulo-ocular reflex, 28 yr old female & 39 yr old male with peripheral monocular paresis, 20650
periodic fluctuations in gaze angle & nystagmus slow phase velocity during earth-horizontal rotation, normal Ss, 5746
postnatal development of optokinetic after nystagmus, 1–10 mo olds, 876
postrotatory nystagmus duration, male vs female 4 yr olds, 9168
prolonged monocular deprivation, unilateral vs bilateral visual cortex lesion effects on horizontal optokinetic nystagmus, cats, 8915
rectilinear acceleration & optokinetic & caloric stimulation, vestibular function & visual-vestibular interactions, astronauts, 16708
sinusoidal rotational stimulation, vestibular-induced nystagmus in darkness, male rhesus monkeys, 19308
sinusoidal rotations, vestibulo-oculomotor reflex intersubject variability, 20–29 yr olds, 21831
strobe rate of head-fixed visual targets, suppression of vestibulo-ocular reflex, male Ss, 3261
symmetric vs asymmetric reduced vestibular function vs benign paroxysmal positional nystagmus & vertigo, reference to vertical gravity & resolution of conflicting & inaccurate visual & somatosensory orientation, patients, 22929
tonic neck proprioception following hemilabyrinthectomy, normal eye motility & nystagmus, guinea pigs, 27528
unilateral lesion, interactions between nucleus superficialis synencephali & nucleus of basal optic root in accessory optic system, pigeons, 3275
unilateral lesion of pretectal nucleus superficialis synencephali, horizontal optokinetic nystagmus, pigeons, 3276
unilateral removal of vestibular nerve, dynamics of vestibulo-ocular reflex in dark, cats, 3387
unilateral vs bilateral visual cortex lesions, recovery of horizontal optokinetic nystagmus & role of cortical & subcortical mechanisms, cats, 8922
use of Southern California Postrotary Nystagmus Test & electronystagmography, measurement of nystagmus duration & excursion under bright vs dim vs dark light conditions, 18–35 yr olds, 13653
velocity of vertically vs horizontally moving stimuli, asymmetries in electro-oculographically measured optokinetic nystagmus, human Ss, clinical implications, 7133
vestibular &/vs somatosensory stimulation, vestibular vs somatosensory nystagmus & afternystagmus, normal Ss vs patients with bilateral vs unilateral loss of labyrinthine function, 7015
vestibular-ocular vs cervico-ocular reflex vs head stabilization vs active head movements, eye movements, human Ss, 19454
visual fixation, self motion sensation, 21–39 yr olds, 5697
visually-guided vs flutter saccades vs spontaneous microsaccades, Purkinje image eye movement activity, 18–35 yr olds with voluntary nystagmus, 3280
Obedience
organizational power & obedience to rules, gubernatorial administrations of R. Reagan & E. G. Brown, 16082
sex of E & S & perceived legitimacy, obedience to authority figure, Mexican American & Black college students, 14484
sex role values & attitudes toward independence & obedience, adults, US vs Japan, 25264
Obesity
adrenalectomy & corticosterone replacement, fat source diet selection & weight loss, obese vs lean rats, 30144
alpha-2 receptor blockers yohimbine vs rauwolscine vs alpha-2 agonist clonidine, food intake, genetically obese vs lean mice, 8942
anorexia nervosa & bulimia & obesity, children & adolescents, literature review, 31209
apathy & asexuality & adiposity & headaches, male adult patients with prolactin-secreting pituitary adenomas, implications for diagnosis, 28414
behavior modification &/vs dietary control/nutrition education & exercise, obesity, students, literature review, 21520
behavioral & group treatment, eating habits & weight loss, obese 14–53 yr olds, 23287
behavioral treatment of obesity & alcoholism & smoking, literature review, 10209
behavioral weight control program, maintenance of weight loss & adherence to treatment strategies, obese Ss, 5-yr followup, 12610
behavioral weight reduction program with vs without parent training in general child management skills, overweight 8–12 yr olds & their parents, 1-yr followup, 20858
beliefs of causes of & attitudes toward obesity, 13–91 yr olds, Australia, 4444
body weight related questionnaire & self perceived overweight, emotional adjustment scores, female college students, 22622
bread & chocolate & chow cafeteria diet & development of obesity, meal patterns & microstructure of eating, female rats, 24739
choice vs no choice of treatment, outcome of behavioral weight control program, overweight 8–15.3 yr olds, 1961
chronic morphine sulfate injections, acute stimulated feeding, genetically obese rats vs nonobese rats, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 800
cognitive therapy, obesity, 40 yr old female, 1-yr followup, 1939
construct of restraint, obesity vs bulimia, female college students, 23028
cost effectiveness of minimal intervention program vs full-length behavioral program, weight loss, obese 18–61 yr olds, 26086
development & validation of Goldfarb Fear of Fat Scale & application as diagnostic tool, female bulimic clients, 27007
development of anorexic drugs, physical mechanisms in food intake & treatment of obesity, 2009
development of deviant identity & process by which change was effected in eating behaviors, successful members of self help weight control group, 23121

diet & exercise, resting metabolic rate, obese 22–55 yr old females, 4717
diet & obesity, body weight regulation during pregnancy & lactation, primiparous rats, 3315
dietary fat dilution, self selection of fat source in diet, female obese vs lean Zucker rats, 19351
electrolytic vs radiofrequency lesions of ventromedial hypothalamic area & food restriction, weight gain & set-point increase, female rats, 27518
endocrine gland system, causes of obesity, 9928
epidemiology & etiology & psychological factors & treatment, obesity, children, literature review, 7119
etiology & consequences & treatment of obesity, 10024
etiology of obesity, 9916
evaluation of "Lose to Win" weight loss program, overweight 3rd–5th graders, 23275
family-based behavioral treatment, weight loss, 5–8 yr old obese females & their parents, 8- & 12-mo followups, 20850
Fargo Activity Timesampling Survey, assessment of physical activity & parent-child interactions related to activity, overweight vs normal weight 20 mo to 4 yr olds, 19074
field dependence assessed by rod & frame test, obese vs average weight college students, 20165
field dependence, females with anorexia nervosa & obesity, 1633
food choice & eating behavior, obese vs lean vs normal college students, implications for treatment of obesity, 17719
food deprivation &/vs physical restraint & injection of noradrenaline, hypothermia & gastric stress ulcers & oxygen consumption, male genetically obese vs lean mice, 8882
genetics & living together, obesity, family members, 9934
group dieting & stigma of obesity, overweight adolescents, contributions of N. Allon to sociology of obesity, 10005
group homogeneity, outcome of weight loss treatment, obese males vs females, 23095
high fat vs traditional vs new cafeteria diet, food intake & weight gain & role of food palatability vs nutritional aspects, male rats, 19591
holistic vs behavioral group psychotherapy, weight loss & personality & self concept, moderately vs substantially overweight 18–65 yr old females, 7344
hypnotherapy, perceptual abnormalities associated with anorexia nervosa & obesity, 15–20 yr old females, 10323
ileal vs jejunal transposition, intestinal structure & function, female rats, implications for surgical treatment of obesity, 6079
impasse theory of R. I. & M. M. Goulding, depression & anxiety about eating & weight loss, 20514
individual & group crisis-oriented psychotherapy as adjunct to medically supervised fasting, 20–69 yr old obese patients, 23156
induced development of pancreatic glucagon antibodies, food intake & body weight, female obese vs lean rats, 27473
involvement of family, treatment of obesity, literature review, 4544
knowledge of meaning & prevention & management of obesity, eating & feeding behaviors throughout life, females, 9104
lipogenesis & lipolysis interactions, understanding weight control & obesity, 24702
long term macronutrient selection, caloric intake & weight gain & lipid deposition, rats, conference presentation, 30125
male vs female therapists & group vs individual treatment, hypnotherapy outcome & weight loss, 18–66 yr old obese females, 12677
marriage & obesity & dieting, literature review, 9417
mazindol, pain sensitivity, 18–53 yr old obese vs lean females, 20947
metabolic energy balance & obesity, review of 5 proposed mechanisms, literature review, 9975
midbrain raphe lesions & serotonin depletion, body weight recovery following deprivation, female rats made obese by medial hypothalamic lesions, 24762
mood change, behavioral weight loss, agreement with article by R. R. Wing, 26134
naloxone, food intake, 4–5 vs 8–9 vs 12–13 wk old obese vs lean Zucker rats, implications for role of opiate peptides in obesity, 19703
naloxone, meal size & duration & frequency & food intake during diurnal cycle, female obese vs lean Zucker rats, 19702
obesity & gender & hunger & food preferences & body size, rate of eating & bite size & speed, college students, 22048
obesity as handicapping & medical conditions, children, implications for medical & educational interventions, 28524
obesity surgery, postsurgical marital satisfaction, married patients with mean age of 33.9 yrs, 3- & 5-yr followups, 2057
panic-fear & tension & anxiety, 16–65 yr old patients being jaw-wired for massive obesity, 1711
parent & child vs child-only behavior therapy, overweight 9–13 yr olds & parents, 10228
peer led weight reduction program, maintenance of weight loss, obese 2nd–5th graders, 32172
personality factors & behavior specific vs global personality, under- vs over- vs normal-weight college students, 20535
phenomenological analysis, morbidly obese Ss scheduled to undergo elective intestinal bypass surgery, 15384
phenylpropanolamine & caffeine & group therapy & behavior modification program, weight reduction, 27–62 yr old obese physicians, 23065
plasma cortisol & beta-endorphin immunoreactivity, 27–58 yr old morbidly obese patients, 22942
psychological intervention, treatment of obesity, 12473
psychopathology, bulimic vs obese adult females, 23057
psychosocial factors, prediction of response to weight loss behavior modification program, overweight volunteers, 4743
rehabilitation perspective & interventions, obesity, 4994
role of endorphins & opiate antagonists in obesity & appetite modulation & weight control, implications for treatment, comments on M. S. Gold & H. A. Sternbach's study, 14910
role of endorphins & opiate antagonists in obesity & appetite modulation & weight control, implications for treatment, comments on M. S. Gold & H. A. Sternbach's study, 14965
role of endorphins & opiate antagonists in obesity & appetite modulation & weight control, implications for treatment, comments on study by M. S. Gold & H. A. Sternbach, 15012
role of opiate peptides & their antagonists in obesity & appetite modulations & weight change, implications for therapy, 14927
self concept & body image, overweight female adolescents, literature review, 7063
self concept & self control & health locus of control & reinforcement hierarchy & activities, obese vs previously obese Ss, 12361
self concept, obese vs normal weight 3rd–8th graders, 15010
self control, anorectic vs obese females with mean age of 27 yrs, 1748
self control weight loss vs attitude change, mild to moderate obesity, 20854
self efficacy & success-failure attributions & weight loss, 21–65 yr old overweight females in rehabilitation program, 6 wk & 6 mo followup, 21098
self efficacy, dropping out of treatment, obese participants in behavioral program, 15259
self esteem & body esteem, overweight vs normal weight 8.5–17.4 yr olds, 14188
self reinforcement & positive feedback mechanisms of obesity, humans & animals, conference presentation, 31227
social scientific perspectives on obesity, 10000
sociometric assessment & interactions with peers, 6th & 7th graders with average body weight vs slight overweight vs obesity, 4393
stability & internal consistency & predictive validity of Master Questionnaire, assessment of obesity & treatment-related change, clinically obese patients in behavior &/vs drug therapy, 5655
stability of body weight, successful weight losers who were once obese, 18-mo followup, 26090
Stanford Adolescent Weight Loss Camp, weight reduction & habits & knowledge of weight management concepts, obese 11–18 yr olds & parents, 10239
sucrose vs polycose with vs without saccharin, hyperphagia & obesity, male rats, 3508
symptoms & medical diagnosis, 46 yr old female with Dercum's disease, 23020
theories & manifestation of senses & memory, obesity & its treatment, obese & their family members, 9953
therapeutic starvation & behavioral management techniques, severe refractory obesity, 35 yr old female, 12601
time estimation & discrimination task performance, obese vs normal weight college students, 31159

token program, food theft & maintenance of weight loss, 28 yr old female with Prader-Willi syndrome, 4741
treatment context, maintenance of obesity problem, 15049
use of monetary contracting in behavioral treatment, weight reduction, obese middle aged males, 2-yr followup, 26104
validity of food diaries by determination of errors in food recording & calorie estimation, 17–59 yr old obese females in behavioral weight control program, replication of study by D. Lansky & K. D. Brownell, 31484
weekly weight check & VR coupon reinforcement, weight loss, obese veterans, 28719
weight change, mood & psychological state, 16–69 yr old obese females, 23054
weight loss, mood change, obese patients in behavioral weight loss program, 18089

Object Permanence

attachment & object permanence comprehension measured in, naturalistic setting 341–380 day olds, 13982
concept formation & object permanence, infants, 14076
coordination of spatial & temporal information, manual search for hidden objects, 9–18 mo olds, 14040
development of skills for selectively using conflicting sources of information about object location, 9 vs 16 mo olds, 22350
familiar vs novel vs significant object, object permanence, infants aged 7 mo 9 days to 7 mo 26 days, 9238
lexical development & relational word use, 12 mo olds observed from stage 5–6 of object permanence development, 9240
microanalysis of searching behavior, 75–95 day old infants, 24163
object concept development, 4–22 mo olds, 11780
object permanence, animals at various zoological levels, 5850
object permanence, 19 vs 21 vs 22 mo olds, 11758
Piaget's & alternative theories of object concept development, infants, literature review, 6324
Piaget's AB task using 2 vs 3 locations, perseveration in object search, 259–303 day olds, 14108
sensorimotor intelligence, severely/profoundly mentally handicapped 3–17 yr olds, 9829
stage of cognitive development, memory & search for hidden objects, 8–12 mo olds, 897
stimulus manipulations antecedent to vs consequent on response, performance on position discrimination, profoundly mentally retarded 17.8–57 yr olds, 4360
transparent occlusion of object, Piagetian Stage IV error, 258–299 day olds, 27758
use of sound & perception of space & object permanence, congenitally blind infants, literature review, 12399
visual self recognition & object permanence & gestural imitation, 4.1–6.7 yr old autistic children, 12146

Object Relations

acute depression & bereavement following sudden termination of 1st consummated heterosexual relationship, young male college students, 26031
application of object relations in group psychotherapy, developmental conflicts & therapist role, children, 31439
bonding & separating, emotional development, mother & child through 1st 3 yrs, 17168
computer's unconscious significance in terms of object relations theory, 16183
concept of self as internalized structure vs as something provided for by object, implications for psychoanalysis & understanding of narcissistic disorders, 28640
concept of "therapeutic object relationship" in psychoanalytic process, regressive patients, 15132
concept of transitional object & object relations, 16206
construct validity of Mutuality of Autonomy Scale, assessment of developmental level of object relations based on Rorschach test, 4th–6th graders, 27045
development of scaling system to measure self representation & object relationships on Rorschach, nonpsychotic mentally disturbed adolescents vs 2 groups of somatic patients, 11179
dialog between M. Buber's existential relational theory & object relations theory, mutuality of patient-therapist relationship, 1824
discovery & morality & resolution of oedipal situation as stages in maturation of self & object relationships, 9301
discussion of J. Kestenberg's work in female sexuality during preadolescence & expression of object relationship, 17022
early deficit vs negative recognition & treatment of bad self object relations, counseling clients, 4921
fantasy of having perfect relationship fill all needs, example from J. Rossner's "August", conference presentation, 25012
fiction vs real life, reply to criticism by D. Carveth of "August", 25018
Freudian & Kleinian views of object loss & libido adhesiveness, 16199
function of imaginary companion, 28 yr old male psychoanalytic patient, 10110
Imago Dei & object relations theory, implications for model of human development, 19981
infant sexuality & primary object relationships, female homosexuality, 25 yr old female undergoing therapy, criticism of M. Khan's case study, 20722
internalization process of external object relations, comment on article by S. Rosner, 1309
level of object relations & marital adjustment, participation in Lamaze childbirth training, 21–30 yr old expectant parents, 30624
model of depression as loss of psychic contact with environment, 25511
mother child relations, development of body image of maternal object vs self, 27884
narcissism & needs & object relations, borderline patients, 20297
object loss, adults, 16895
object loss before achievement of object constancy, 36 & 37 yr old females & example from "August" by J. Rossner, conference presentation, 25561
object relations & compulsion control, 16191
object relations & developmental tilt, 19908
object relations as determined by Rorschach response patterns, borderline & neurotic outpatients & borderline & schizophrenic inpatients, 4196
object relations, parents of young adult schizophrenics vs anorexics vs patients with serious physical disease, 17443
object relations perspective of symptom formation & alexithymia, conference presentation, 28274
object relations theory & art therapy, developmental crises, borderline patients, 31384
object relations theory, group psychotherapy in short term inpatient psychiatric unit, 12819
object relations theory in psychohistory & psychobiography, evaluation of work of P. Loewenberg & J. M. Hughes, 26900
object relations theory, psychodynamic group psychotherapy, 10162
object relations theory, US vs Great Britain, comments on article by O. Sternbach, 8319
object representations revealed through questions about female sexuality, 16–18 yr old males, 3717
objects, development of ego & id & oedipus complex, 16216
overview of object-relations theory of personality, 9568
pain & concepts of transitional object & potential space, implications for theory of meaning of life, 9545
pregenital aggression & symbiotic longings & countertransference problems in psychoanalysis of object loss, reference to J. Rossner's "August", conference presentation, 25009
primitive object relations & impaired structuralization, abrasive psychotherapy patients, 15148
process of internalization, 1305
psychoanalytic approach to working with anger & destruction turned inward, schizoid patients, conference presentation, 20717
psychoanalytic object relations theory, narcissistic leaders, 30853
psychometric properties & concurrent validity of Personal Sphere Model, assessment of object relations, college students, 24299
psychotherapeutic changes due to formation of new symbiotic bonds, male chronic schizophrenic, 23152
reality testing & object relations & defense mechanisms assessed by ego functions assessment scale, ambulatory borderline vs neurotic patients receiving psychotherapy, 6802
role in infant object-relations, fathers, 19770
role of empathy in H. Kohut's concepts of psychology of self & self/self object dyad, conference presentation, 23178
Rorschach H response, use of object relations in differential diagnosis, neurotics vs outpatient vs inpatient borderlines vs schizophrenics, 164

significance of separation & loss & coping behavior, females, implications for therapy, conference presentation, 30739
structure of object relationships & attitudes toward sexuality, mentally handicapped, 20460
themes on loss & restoration & object relations in J. Goethe's "Elective Affinities", 25021
theory of psychosexual maturation & object relations, Oedipus complex, 20132
therapeutic properties of unconscious oneness fantasies, criticism of L. H. Silverman & F. M. Lachmann's paper, 28652
therapeutic properties of unconscious oneness fantasies, treatment implications, schizophrenic males & nonpathological Ss & 37 yr old female, literature review, 28655
transformation of object relationship during adolescence, 17103
transitional objects & psychotherapy, adult female client, response to criticisms of S. Collins & M. Mercer, 18264
unconscious attachments to older siblings, adult partner choice, psychoanalytic patients, 14620
use of transitional objects in counseling & therapy, adults, 10445
Objective Referenced Tests [See Criterion Referenced Tests]
Objectives [See Goals]
Objectives (Organizational) [See Organizational Objectives]
Objectivity
accuracy of subjective vs survey vs interview appraisal methods, individual proficiencies & performance, military personnel, implications for feedback systems, 8188
bias due to interaction with police & attorneys, forensic document examiners, 17219
knowledge of others' choices in same situation, explanation for target person's reactions to tasks involving color evaluations, college students, 19219
limitations of normative & phenomenological & systemic theories of subjectivity, 3778
psychoanalytic perspectives on objective vs subjective self awareness, normal adults, 14537
psychogenetic theory & development of objectivity, 14148
Q-analysis vs Q methodology, science of subjectivity, comments on work by R. H. Atkins & C. R. Whyte et al & W. Stephenson, 18971
role of measurement & language in subjective & objective sciences & Q methodology, 19005
Oblique Rotation
oblique factor analysis of 16PF, 16–57 yr old neurotics vs normal 16–54 yr olds, 2932
Obscenity
gender differences, motivation for using obscenities, college students, 19742
role of psychologists in survey data collection for establishment of community standards of tolerance in obscenity trials, Canada, 27962
Observation Methods
ability to mirror sadness & anger & happiness, imaginative vs expressive vs observational skills, dance therapy vs social work graduate students, 12034
accuracy & sources of reporting errors & validity & reactivity of Self Observation & Report Technique, assessment of everyday behavior, hospitalized patients, 11096
advantages & disadvantages of video recordings as observational method of studying behavior, children, 26952
analysis of infant observation seminar data using Jungian concepts, 3745
assessment of work behavior by special educator vs coworker in naturalistic setting, mentally retarded 23–41 yr olds, 9857
automated clinical observation system in psychiatry, 29661
automated measures from animal-activity monitoring system vs observation, assessment of rearing behavior, 10–30 day old vs adult rats, 13784
behavior observation, investigation of relative work content & behavioral style & social interaction, telecom operators, Sweden, 18833
behavioral observation vs behavioral expectation scales, measurement of observation ratings of teachers, college students, 13193
characteristics & disadvantages of laryngeal radiotransmitters, collection of vocalization data, monkeys, 2804
couple-coder & intracouple agreement in evaluations of videotaped couple's problem solving, distressed vs nondistressed husbands & wives & trained coders, 11912
current photographic techniques in measurement of motion in sports, 18876
data acquisition via intermittent direct observation, 3 yr old male, 24167
data transformation method based on multidimensional scaling techniques, analysis of family interaction observations, 232
design of animal observation research facility, 24165
differential validity of classroom teacher ratings on Inattention/Overactivity & Aggression subscales of Conners Teacher Rating Scale, clinic-referred male children, 21490
Fargo Activity Timesampling Survey, assessment of physical activity & parent-child interactions related to activity, overweight vs normal weight 20 mo to 4 yr olds, 19074
field-based secondary teacher education, classroom observation & understanding of misbehavior, junior & high school teachers, 7871
hand-held computers, recording timed behavior observations, 2796
high inference measures, study of classroom climates, literature review, 49
improvement in psychometric properties of Behavioral Eating Test, kindergartners to 1st graders, 19038
infant observation, psychoanalytic understanding of interaction, 5566
internal consistency & predictive validity of Career Information Request, observation of career information-seeking behavior, 11th graders, 5387
interobserver reliability of Stanford Research Institute observation system, assessment of classroom environment & behavior, 2595
interrater reliability, reports of neonatal behavioral style, mothers with obstetrical complications & optimum deliveries vs trained Os, 8368
interval sizes of momentary time sampling, accuracy of time series data, mildly handicapped 10 yr old, 24134
limitations of sampling assumptions in low-inference measurement of classroom processes, 26918
maternal chemomyelotomy vs spinal transection, direct observation of fetal behavior without anesthesia, rats at 17–20 days gestational age, 24179
mathematical explanation of sampling error in partial interval & whole interval & momentary time sampling of behavioral duration, 11072
memory ratings vs observational scoring of videotaped behavior of participants in marital counseling sessions in correctional environment, 33–48 yr old inmate husbands & their wives, 31784
methodologies of behavioral observation, 13492
methods & uses of interval & time-sampling direct observation techniques, measurement of response dimensions within well-defined time frame, 13479
morphine vs phencyclidine vs nicotine administration, spontaneous motor activity as measured by automated vs direct observation, male rats, 24851
observation of interactions for test reliability, behavioral disturbances, 5–12 yr olds with minimal brain dysfunction & their mothers, 17794
observational methods, reading comprehension instruction research, comments on D. Durkin's studies, 10712
overview of measurement methods, toy & play preferences, children, 6352
paradigm for alternating observation of solitary & social behavior in open field, male rats, implications for anxiolytic drug research, 19573
partial interval sampling, measurement of computer-simulated behavior, 11091
participant observation techniques & group dynamics, self help groups, 17994
photographs vs field observations, judgment of visual environment, Os, 29876
quality & reliability & validity of verbal report data of participants, families & couples, literature review, 100
questionnaires vs observation methods, collection of data on behavioral mapping in unrestricted outdoor environments, pedestrians, 2810

ratings of behavior & family relationships based on interviews & direct observation, 1.8–5.9 yr olds with developmental delay or behavior problems, 6725
reliability & reactivity of participant observation during discussions, husbands & their wives aged 21–50 yrs, 21706
reliability measurement, assessment of observer agreement, 5688
reliability of observations in double- vs single-blind methylphenidate study, behaviors, profoundly mentally retarded 14.5–21.3 yr olds, 13514
self help model based on systematic observation of instruction, instructional improvement & learning outcomes, 2393
self report personality measures & spouse ratings & interviewer-O ratings, assessment of personality similarity, spouses, 3813
self report vs O report vs behavior checklist, assessment of pain & anxiety & distress behavior during medical procedures, 6–17 yr old cancer patients, 4474
sociological view of systematic field observation, literature review, 5575
students' perception vs Os' ratings of college teachers' ability, 2581
summary of video observation techniques in study of maternal & infant behavior, 6484
System for Multiple Level Observation of Groups, measurement of attitude polarization, college students, 16253
systematic observation method, study of cognitive processes, 16275
teacher trainer's techniques & classroom observation methodology, change in teaching behavior, junior high teachers taught by instructional supervisor vs consultant/teacher, 29121
time-series analysis, measurement of developmental progression, children observed between 1.3 & 7.3 yrs of age, longitudinal study, 2829
training in identification of key concepts in family interaction & observational skills, social work students & experienced therapists, 15654
use of naturalistic observation method utilizing "superperson suit", assessment of altruism, children with mean age of 5.7 yrs in day care center, 5579
use of specially designed area for rest & play & observation of family relations, hospitalized children with psychiatric disturbances & their parents, 20284
validity of classroom observation instruments, teacher effectiveness evaluation, 2579
videotape techniques & one-way mirrors, family therapy, 7299
view of G. Bateson & M. Erickson's contribution to psychology as synthesis of anthropological observation methods & clinical psychiatric knowledge, 29653

Observational Learning

behavioral vs summary label vs rule-oriented learning points in behavior modeling training for assertiveness, reproduction & generalization of behavior, college students, personnel training implications, 12580
demonstrator rat, food preferences of observer rat, wild & domesticated rats, 24542
experimentally induced phenylketonuria, observational & latent learning, male rat pups, implications for mental retardation in humans, 680
field & observational studies, imitative & apprenticeship behavior, animals, 460
imitation of object-related actions, 12–13 vs 18–19 mo olds, implications for development of observational learning, 30408
intellectual ability & reattribution training through observational learning, persistence behavior, male vs female learned helpless 5th–6th graders, 30423
local enhancement vs opportunity for mediate responses vs sensory preconditioning vs monitoring of observer's response, hypotheses for mechanisms of observational learning, animals, 21927
mediational sentences, paired associate learning of picture list, mentally retarded children, 12302
methods of language training, mentally retarded, literature review, 15876
motor-driven arrow & target stimuli, pecking preferences, 1 day old chickens, implications for social transmission of information about food recognition, 537
observational conditioning of snake fear, 19–28 yr old wild-reared rhesus monkeys & 8 mo to 6 yr old laboratory-reared offspring, 5872
observational learning, acquisition of food preferences & aversions, male red-winged blackbirds, 21924
observational learning, feeding behavior, insectivorous bats, 8626
radical-behavioristic viewpoint of observational learning, implications for research methods, 26888
spontaneous & deferred imitation of arbitrary responses, male pigeons, 21915
vicarious instigation construct, observational learning theories, literature review, 11351

Observers

knowledge that essay author was assigned position taken or counterattitudinal position, judgment of writer's attitude, college students, 12015
maternal interview vs O ratings, 1st child's temperament & parent-child interaction, families before vs after birth of 2nd child, 6234
medium of presentation & evaluative context & observer sample, environmental perception, county vs local residents vs urban professionals, 8255
observer presence & sex, performance quantity & quality & job satisfaction & task perceptions, male vs female college students, 20108
observers' reactions to attributors' judgment of causal responsibility, college students, 4031
presence vs absence of observers, peer interaction, male dyads aged 4.5–5.5 or 7.5–8.5 yrs, 9264
problems of victim/witness assistance programs, conference presentation, 9452
qualifications of observers & reliability & validity of observations, meta analysis of empirical studies from psychology & counseling journals, 2848
reliability & reactivity of participant observation during discussions, husbands & their wives aged 21–50 yrs, 21706
shift from training to actual data collection context, O agreement scores, college students trained to use observational code for psychoeducational assessment of preschoolers, 21721
time & video replay, dispositional vs situational attributions, actors vs observers in motor coordination task, college students, 1254

Obsessions

behavioral rigidity & obsessive compulsiveness & authoritarianism, college students, 25466
hypnotherapy, anxiety & ideation concerning parents' health & sexuality, 18 yr old withdrawn female, 31567
normal & abnormal obsessions, college students, replication of work by S. J. Rachman & P. de Silva, 9564
psychodynamics, female patients with anorexia nervosa vs weight-vs not-weight-preoccupied female college & ballet students with mean age of 21.9 yrs, 7051
psychodynamics underlying psychopathology, 50 yr old male with obsessive fantasies about murdering his wife, 1437

Obsessive Compulsive Disorder [See Obsessive Compulsive Neurosis]

Obsessive Compulsive Neurosis

behavior therapy & narcoanalysis, 38 yr old female with obsessional neurosis, 31473
behavior therapy & psychotherapy & milieu therapy, 10–16 yr olds with obsessive compulsive disorders needing hospitalization, 31679
behavior therapy, obsessive compulsive disorder & concomitant manic depression, 37 yr old male & 45 yr old female treated with lithium & haloperidol & desipramine, 18032
behavior therapy, obsessive compulsive disorders, 28725
biological factors, obsessive compulsive disorders, literature review, 23048
chlorimipramine, 28–57 yr olds with obsessive compulsive disorder, 10316
clinical stages & familial vs therapeutic situation, adolescent obsessive-compulsive patients, 30946
clomipramine or imipramine, obsessive compulsive disorder, 20–58 yr old patients, 23337
clomipramine, orthostatic hypotension as predictor of treatment response vs side effect, patients with depression & obsessive compulsive symptoms, 15328
clomipramine vs clorgiline, skin conductance & heart rate responses, 19–44 yr old obsessive compulsive patients, 18157
compulsive ritualizing, mood & anxiety, obsessive compulsive patients, 17575

contingent negative variation, patients with obsessional compulsive disorder, 1461
dexamethasone suppression test & sleep EEG & growth hormone response to clonidine & platelet imipramine binding as markers for affective illness, patients with obsessive compulsive disorder treated with clomipramine, conference presentation, 28205
dexamethasone suppression test, 16–65 yr olds with obsessive compulsive vs major depressive disorder, 28218
dexamethasone suppression test, 18–58 yr old male vs female primary obsessive-compulsive patients, 30921
EEG biofeedback, obsessive neurotics, 4747
EEG findings in obsessive compulsive disorder, 20–61 yr old psychiatric patients, 4183
epidemiology & genetics & relationship to depressive disorders & compulsive characterologic traits, obsessive compulsive disorder, literature review, 25585
exposure &/vs response prevention, 18–60 yr olds with obsessive compulsive disorder, 10215
genetic vs environmental influences, obsessional traits & symptoms, monozygotic vs dizygotic pairs of twins, 30918
hostile polemics resembling those found in compulsive-obsessional neuroses, groups of citizens caught in 1975–1976 civil war, Lebanon, 1350
illustration of A. Angyal's holistic view, neurotic complaint of obsessive-compulsions as "pattern of noncommitment", 37 yr old neurotic male psychotherapy patient, 20773
imaginal vs in vivo exposure to anxiety-provoking events, obsessive-compulsive behavior, 19–55 yr old patients, 28715
insight & recognition of unconscious motives & defenses in analytic dialog, compulsive patient, 1839
lithium & tricyclic desipramine, obsessive compulsive disorder, 36 yr old male, 23309
lithium carbonate or levotryptophan augmentation, obsessive compulsive disorder, 38 yr old male & 22 yr old female resistant to clomipramine treatment, 4811
Maudsley Personality Inventory vs Leyton Obsessional Inventory, differentiation of obsessional symptoms from anxiety, 14.3–17.7 yr old obsessive compulsive vs 13–18 yr old anxious adolescents, 24216
obsessive compulsive disorder & neurologic illness, 12169
performance under normal vs stressed conditions, levels of attention, obsessional vs anxious Ss, 25540
pharmacological & behavior treatments, obsessive compulsives, 10085
process of identity formation & etiology of obsessive psychoneurosis syndrome, 6867
psychoanalysis, male obsessional patient, conference presentation, 17958
psychoanalysis, obsessive compulsive male, discussion of V. Spruiell's article, conference presentation, 17898
psychoanalysis, obsessive compulsive male, discussion of V. Spruiell's article, conference presentation, 17917
religious compulsions, 25–35 yr old males & 60 yr old female with obsessive compulsive neurosis, Israel, 6778
sexual abuse in childhood, compulsive shopping behavior, adult female patient, 28281
sexual organ as pleasurable source & role in neurosis, 1398
somatosensory evoked potential features, 16–67 yr old patients with obsessive compulsive disorder vs other mental disorders, 30992
support for biological etiology of obsessive compulsive disorder, literature review, 1430
tranylcypromine & thought-stopping, obsessional ruminations, 48 yr old male with obsessional disorder, 7192
types of cues for fears & degree of fear & avoidance & parental characteristics, "washer" vs "checker" obsessive-compulsive ritualizers, 22776
verbal exposure to feared stimuli & behavior modification & antidepressant drugs, obsessive-compulsive behaviors & cardiac response, 65 yr old female, 18051
zimeldine, treatment of obsessive compulsive disorder, patients, 4783

Obsessive Compulsive Personality
obsessive compulsive tendencies, evangelicals, 1392
obsessive personality traits and achievement expectations, parents of adolescents with diagnosis of obsessive compulsive neurosis, 25518

Obsessive Neurosis [See Obsessive Compulsive Neurosis]

Obstetrical Complications
alcohol consumption during pregnancy, fetal damage, pregnant females, Scotland, 3977
birth trauma, psychosomatic illnesses, children & adolescents, 2029
difficult delivery & maternal anxiety & somatic disturbances during pregnancy & fetal hypermotivity & neonatal distress, psychological maladjustment & behavior problems, 3–5 yr olds with emotional inhibition or temper tantrums, 20386
Interaction Model of Client Health Behavior, risk reduction behavior & intervention development, females aged 34 yrs & older at risk for fetal abnormalities, 9911
interrater reliability, reports of neonatal behavioral style, mothers with obstetrical complications & optimum deliveries vs trained Os, 8368
maternal behaviors & attitudes during pregnancy, obstetric difficulties & pregnancy outcomes, females with mean age of 23.3 yrs, 17718
maternal vs objective ratings of neonates' behavioral style, females who experienced normal delivery vs childbirth complications, 14004
obstetric & neonatal outcome, low vs middle income 15–19 vs 20–30 yr old mothers, 28842
perinatal stress & family environment, mental disorders & learning disabilities, multiracial children tested at 2 vs 10 vs 18 yrs, Hawaii, longitudinal studies, 28149
perinatal stress & quality of family environment, minimal brain dysfunction & childhood mental health problems & learning disabilities, children followed from prenatal period to age 18 yrs, longitudinal study, 6727
prenatal exposure to estrogens or progestogens vs pregnancy complications, demasculinization & dimorphic behavior, male vs female 8–14 yr olds, reanalysis of data from previous study, 24889
presence of father during cesarean delivery, feelings about birth & hospital experience & adjustment to parenthood, 1st-time parents, 3815
presence of father during cesarian delivery, parent-infant interactions, 1st-time parents, comments on study of R. L. Cain et al, 3838
psychological aspects of illness, human females, comments on papers by G. Tang & M. Tsoi & I. Sharp, 28142
psychological research, understanding gynecological problems & patient reactions to hysterectomy & obstetrical complications & sterilization, 28509
psychosocial distress, pregnancy outcome, 18–28 yr old primigravida females, implications for screening pregnancies at risk, 28841
stress, obstetrical complications, 16–42 yr old females, 17734
unfavorable prenatal & perinatal & neonatal events, autistic children, 28190
unfavorable prenatal & perinatal & neonatal events, autistic children, 6766

Obstetrics [See Also Midwifery]
ketamine therapy & dreaming, obstetrical patients, 4816
pregnancy & prenatal care & physical & psychological development, adolescent females, literature review, 12713
psychological research, understanding gynecological problems & patient reactions to hysterectomy & obstetrical complications & sterilization, 28509
psychosomatic aspects of obstetrics & gynecology with respect to changing views of femininity, literature review, 1702
reactions to labor induction & forceps delivery & Caesarian section & epidural anesthetics, females, 15399
SES, cesarean delivery, birthing females, 7542

Obturator Nerve [See Spinal Nerves]

Occipital Lobe [See Also Visual Cortex]
dendritic development in occipital cortical neurons, infants & children at 20 wk gestational age through 7 yrs, 5966
EEG analysis of functional development of central & occipital regions of cortex, 1–4 wk olds, 871
hemispheric asymmetry of visual EPs, 13–24 yr old patients with unilateral occipital lobectomy, 7062
residual verbal learning capability, 56 yr old males with left occipital damage with severe amnesia, 17737

selective attention for information at different vs single point in visual space, hemispheric asymmetry in event-related potentials in occipital cortex, human Ss, conference presentation, 19470
Occultism
analysis of occult claims to knowledge, 24093
attitudes toward parapsychology & scientific demonstration of psi, participants in conference on occult activities, implications for parapsychological research, 26874
occult & magic & witchcraft in culture, US, conference presentation, 19972
occult language in writings of N. Hawthorne & H. Melville, conference presentation, 30361
occult writing & science, reply to A. F. Kootte's criticism of present author's comments on "The Teaching of Don Juan" by C. Casteneda, 11660
socioanthropological perspective of belief in occult in popular culture, implications for psychiatric pathology, 30586
sociocultural factors, occult practices, Lwel tribe, Zaire, 30577
sorcerers as masculine protest symbols in upper Paleolithic art, 29631
spiritualist movement & seances with spirit of B. Franklin on "scientific" immortality & his celestial telegraph & Indians as "realing spirits", conference presentation, 18920
Occupation (Parental) [See Parental Occupation]
Occupational Adjustment
adjustment to loss of command & subsequent jobs, former psychiatrist-commissioners of state mental health departments, 29033
adjustment to postgraduation roles as officers, 1st women to graduate from US Military Academy at West Point, 16115
coronary bypass surgery, sexual & psychological & vocational adaptation, 46–72 yr old females, 26226
development of BAGMAK-Hebrew version of Career Maturity Inventory & value of vocational maturity test as predictor of vocational adjustment, government & counseling center employees, Israel, 213
educational background & school & social & occupational adjustment & employment, learning disabled adults, literature review, implications for intervention, 6967
educational modules, adaptation to work environment, new graduate nurses, 10637
instructional development internship program, transition from college to office environment, new employees, 26753
long term job maintenance problems, graduates of vocational placement program for mentally retarded adults, 21105
occupational socialization, police personnel, 18829
personal transitions due to demotion or transfer & management response, employees, 5486
preservice psychological status & type & severity of disability & vocational adjustment, 16–62 yr old rehabilitation clients, follow-up study, 21100
problems in social & occupational adaptation, mentally retarded special school graduates with mean age of 23 yrs, implications for revision of special school programs, 9863
psychosocial factors, vocational adjustment & employment, 15–61 yr old vocational rehabilitation clients, 23543
quality of recovery from cardiopulmonary bypass surgery & personality factors & level of postoperative vocational & psychosexual readjustment, Ss awaiting open-heart surgery, 6-mo follow-up, 2051
self image, professional adaptation, student pilots, 16004
social & occupational adaptation, schizophrenic patients with periodic vs prolonged disease duration, 12125
spouse's attitude toward transfer, adjustment to move, company employees, 11002
suggested aids in vocational rehabilitation, severely handicapped people, 10511
supervisory style & experientially based frames of reference & Federal Employee Alcoholism Policy, perceived work readjustment of alcohol-impaired employees, supervisors with mean age of 48 yrs, 2653
time course & social & occupational adaptation, patients with neurosis-like forms of organic brain diseases, followup study, 31194
treatment in residential program, vocational adjustment patterns, male alcohol & drug misusers, 1 & 3 & 6 mo followups, 29004
use of personal computers in vocational evaluation & rehabilitation, 13486
vocational evaluation, work adjustment, 16078
Occupational Aspirations
academic/vocational directions & sociopolitical self description & attitudes & political party preference, high school students, Sweden, 27866
achievement motivation & intellectual abilities & choice of academic major & occupational expectations, beginning college students, 29324
aspirations & expectations of careers in nursing, attainment of careers, nurses, longitudinal study, 18432
attitudes toward Army & Army programs & benefits & duty environment, career intentions, officers & enlisted personnel, 8233
autoselection & career indecision at end of initial training, student teachers, 10679
background & personal & educational factors, aspiration & mastery motivation & career commitment, male vs female 9th vs 12th graders, 30504
career & family plans, female college students, 30622

occupational mobility & career development in world of prostitution, adult female former prostitutes, 1528
occupational mobility & class cleavages, Black males, US, 1962–73, 11862
physical features & height & athletic physique, military rank & mobility, West Point graduates, 8192
predictors of job mobility, college administrators, 31991
SES & job autonomy & specialized training, occupational mobility, presentation of model, 2618
sex & social & career mobility, law school graduates, Canada, 23954
stress & personality factors & employer, occupational advancement in commerce & industry, Blacks, South Africa, 10951
transfer to new location, productivity, noncommissioned officers, 26766
unionization, labor mobility, 21–31 vs 52–66 yr olds, 29524

Occupational Preference
accuracy of assessments of job applicants' preferences, college recruiters & graduating college students, 32244
congruency of vocational programs & Self Directed Search codes & level of academic achievement, high school students in vocational programs, 13054
interests in natural sciences & technology & academic achievement & vocational preferences, high school students, Sweden, 2488
interpretive approach to Strong-Campbell Interest Inventory, exploration of occupational preferences, 32228

male vs female occupational deviance & role overload, fear of success, male vs female 19–22 yr olds, reexamination of T. H. Bremer & M. A. Wittig's results, 30851
multidimensional scaling, measurement of occupational attitudes & preferences, postgraduates & 9th & 11th graders, 21503
nontraditional role modeling, preference for nontraditional occupation & occupational exploration & career salience, female middle & high school students, 32008
perceived interest & ability & effort in natural sciences & technology & vocational preferences, secondary school students, Sweden, 29332
SAS computer program, scoring of Vocational Preference Inventory, 21553
social class & sex & ethnicity, awareness & exploration of career possibilities, 13.9–15 yr olds, 30385
social psychological antecedents, sex type of occupational preferences & expectations, White female college students, 17243
use of conditional probabilities in applications of J. L. Holland's theory, prediction of congruency among personality/environment types, implications for occupational counseling, 13263
vocational awareness training, job preference, developmentally disabled 17–59 yr olds, 31760
vocational preference & interest-occupation congruence, job satisfaction, school counselors, 13023

Occupational Safety

applied behavior analysis, standard safety programs, workers in metal fabrication plant, 13234
attributional processes & hazard control management in industry, 26793
content of course on psychology of work safety at Polytechnical Institute, USSR, 15723
development & implementation of assessment strategy for identification of performance targets in occupational health & safety, 8159
deviation concept & data collection, occupational accident control, literature review, 10909
deviation concept, occupational accident control, literature review, 10910
efficacy of occupational safety training program, 21–50 yr old industrial lift truck operators, 2626
environmental conditions & personal factors, diving accidents, US Navy divers, 23925
evaluation of accident-reduction program of Mine Safety & Health Administration, safety in stone & sand & gravel mines, 32213
implication of Hazard Communications Standard, knowledge of occupational risks, employees of chemical manufacturers, 23930
large vs 1-person office, safety procedures in crisis intervention, 10381
legal & legislative developments arising from allegedly disabling health problems associated with CRTs, 6549
maternal vs paternal inhalation exposure to 2-methoxyethanol, behavior & neurochemical abnormalities in offspring, rats, implications for occupational safety, 3494
occupational exposure to organic solvents, narcosis & other nerve dysfunctions & physical symptoms, workers, 16134
occupational organic solvent poisoning, neurological clinical manifestations, conference presentation, 20531
protection against hearing loss in ground run-up test by combat aircraft, personnel, 2606
psychological stress & strain, occupational safety & accident control in building industry, at risk employees, 18875
safety of video display terminals, employees, 21619
self help groups & participative management, involvement in occupational health & safety, industrial workers, 15996
sensation seeking & risk taking behavior, firemen vs rescue squad members vs sportsmen, 26750
standard-oriented focus of future neurotoxicological research, effects of exposure to industrial chemicals on nervous system, 19651
training & goal setting & knowledge of results, safety performance, manufacturing plant employees, 2688
validity of Job Severity Index, evaluation & control of lifting injury, industrial personnel, 26802

Occupational Status

beliefs about organizational conditions & position, perception of organizational wrongdoing, federal employees, 13330
construct validity of indices of social class/status & number & nature of underlying social status factors, high school students, Sweden, 25185
development of inventory for measurement of occupational prestige, 11180
education & occupational prestige & income, "religious salience," "community" vs "church participant" White adult residents, US, 17155
experimental vs conventional vocational training course, educational & professional career, workers who were 16–17 at time of course, Netherlands, 18566
family environment & occupational status, educational & occupational aspirations, adolescents, Australia, implications for L. M. Laosa's model, 9309
future prospects of status & salaries, educational performance standards, teachers, 21279
labor force behavior & occupational distribution & attainment patterns, married vs unmarried females, 1085
level & type of education & sex discrimination, allocation in work force, females, 1196
modified functional theory of intelligence & occupational hierarchy, 29542
occupational classification, leisure time activities, Poland, 26738
occupational status, drinking behavior, 14–64 yr old males, New Zealand, 6599
perceptions of status of 25 occupations, business & education & law students, 8042
pre- vs postemployment work values, high school students vs newly hired female telephone operators & male iron workers with mean ages of 19 & 21 yrs, 8172
professional dominance theory, hospital decisions to adopt new medical technologies, hospital personnel & physicians, 7658
race & occupational status, proactive police arrest, intoxicated drivers from roadside survey vs officially arrested drunk drivers, 6541
rank & self expression & participation in decision making & career factors, job & specialization involvement, Army officers, Australia, 26800
response to career disruption, doctorate level faculty who were denied tenure vs terminated vs underemployed, 32000
SES or family background effects on educational attainment & adult success, biases in simple regression of occupational status on educational attainment, 16383
sex & low vs high job level & marital status, intrinsic vs extrinsic work orientation, 18–55 yr old hospital employees, 29537
sex, type of appointment vs tenure vs rank vs salary, administrators & faculty of public comprehensive college, 15694
status levels & inconsistencies between status levels, job satisfaction, Mexican-American head-of-household vs general-population males, 13320
subordinate personality characteristics & job characteristics & occupational level, perceived leader behavior & subordinate morale, 16097

Occupational Stress

administrative factors, burnout, teachers, 29126
adrenaline excretion rates & absenteeism, city bus drivers, 10994
age of onset & occupational variables & precursor diseases, cardiovascular disease, 24–53 yr old US Navy pilots, 22977
alcohol & marihuana use & self rated adjustment to conditions & peer evaluations & personality correlates of adjustment in isolated work groups, 24–58 yr old research station personnel, Antarctica, 29534
burnout, hospice workers, 26252
burnout in organizational settings, employees, 24012
cardiovascular pathology & occupational mobility & forced occupational change & layoffs, 25–55 yr old males, conference presentation, 28496
causes & modes of coping with stress, mediation professionals, 10598
changes in role stressors & expectations due to short term care, occupational therapists, 18495

chronic & repeated exposure to toxic & organic solvents, vague recurrent somatoform symptoms as variants of posttraumatic stress disorder, 23–58 yr olds, 14990
class size, burnout, special education teachers, 2357
computer technology, work content vs feedback vs performance control vs mental strain, print shop workers, 21609
considerate vs inconsiderate principals, frequency & intensity of burnout, 28–60 yr old teachers, 21265
construct validity of burnout analyzed with multitrait-multimethod approach, college faculty members, 5481
construct validity of Maslach Burnout Inventory & Staff Burnout Scale for Health Professionals & self reported burnout, female human service professionals, 19039
construction & reliability & validity of Meier Burnout Assessment, assessment of burnout & relationship to measures of memory & learning & self esteem & sensation seeking & vocational self concept, college students, 29435
content & factorial validity & internal consistency reliability of Teacher Stress Inventory, special & regular education teachers, 13179
convergent validity of total life stress construct & positive & negative job & life stress, job satisfaction & alienation & turnover & absenteeism & commitment, white collar workers, 13529
coping techniques for occupational stress, 22–64 yr old hospice staff members, 31945
coping with work-related stress, professional engineers, 6-mo followup, 24019
critical evaluation of police stress hypothesis, literature review, 18852
definition of burnout, teachers, 31972
demographic & occupational factors, ranking of work related stressful events, 30–50 yr old school psychologists, 21286
demographic characteristics & psychological reactions to shooting incidents, police officers, 13338
demographics vs type of family vs coping style vs locus of control vs fear of success, role stresses, female entrepreneurs, India, 18868
development & distinctive characteristics of successful vs unsuccessful client-consultant relationship, organization consultants with 3–20 yrs experience, 32247
development & leadership of staff support groups for reduction of stress, nurses working in cancer center, 15635
development of police stress inventory, measurement of response to job demands & personality correlates of effective coping, 20–47 yr old police officers, 11165
direct action vs optimistic comparisons vs selective ignoring vs restricted expectations as coping behaviors, reduction in occupational stress & problems, 22–69 yr olds, 29551
dissatisfactions & frustrations, burnout, 23–62 yr old child protective service workers, 12903
emotional distress, nurses in general vs psychiatric vs mental handicap hospitals, 21196
emotional exhaustion & depersonalization & personal accomplishments, special education teachers of handicapped vs gifted students, 13025
environmental uncertainty & boundary spannings & role conflict & ambiguity & job satisfaction & tension & performance, understanding of role, product managers, 23978
etiology & stages & definitions of burn-out, social workers & psychologists, 21188
factor structure of Counselor Occupational Stress Inventory, assessment of occupational stress, school counselors, 2853
factorial validity of Maslach Burnout Inventory, measurement of burnout, elementary & junior high school teachers, 13184
factors affecting burnout, public school teachers, 21260
flight scenario & events of previous flying, performance & effort & work load & stress, pilots, 13238
flying situations, anxiety vs tension vs irritation, duty pilots 40 yrs & older vs administrative pilots under 40 yrs old, Japan, 23938
frequency & intensity of professional burnout, 20–50 yr old teachers of educable mentally retarded & learning disabled & emotionally disturbed students, 31977
group instruction, working with parents with pathological behavior, nurses in neonatal intensive care unit, conference presentation, 7516
health care, children in labor force, conference presentation, 22298
health habits & burnout & social support & job performance & psychological distress, college student resident assistants, 31988
health promotion & wellness medicine in workplace & Adlerian themes, 21633
human relations inservice course, behavior change & stress reduction, teachers, 32001
intimacy of colleagues & type of work relationship, social support & stress & job satisfaction, 18–60 yr old employees, 32299
intra- & extraorganizational & individual characteristics, job satisfaction & stress & intent to quit, 18–74 yr old government & hospital employees, 16091
irrational beliefs & in-session events & professional role as sources of stress, psychotherapists, 12893
job characteristics & satisfaction & control, burnout, 19–68 yr olds in fields of college student personnel & health & mental health & administration, 5480
job dissatisfaction & burnout, family, implications for family counseling, 6486
job features, neurotic symptoms, clerical & factory workers, 21596
job-related stress & individual ill-being, school teachers, 5193
job satisfaction & burnout & turnover, social workers in community mental health vs child welfare vs family services, 21189
job satisfaction & investment size & alternative job quality, tendencies toward exit & voice & loyalty & neglect, federal employees, application of model of responses to job dissatisfaction, 29555
job satisfaction & stress, private school special education vs public school teachers, 29159
job satisfaction, occupational stress, teachers, 12989
job stress, organizational commitment & job performance, blue collar workers & middle managers, 29547
job tension & group cohesion, withdrawal of interest in work organization, nursing staff of nursing homes, assessment of cusp-catastrophe model, 21561
leadership style of head nurse, burnout & job satisfaction, nurses in neonatal intensive care units, 7771
level of perceived job stress, number of representational & coping strategies used, 19–84 yr old mental health workers, 10607
locus of control, burnout, special education teachers, 29148
locus of control, occupational burnout, special education teachers, 2356
logotherapy, occupational burnout, 1827
loneliness & marital adjustment & vocational burnout, pastors & their wives vs nonpastoral males & females, 22453
malpractice litigation, attitudes & personal & professional life, physicians who had vs had not been sued, 21165
meditation, workplace health & occupational stress & productivity & job satisfaction, employees, literature review, 21599
mental injury based on job-related stress, workers' compensation, implications for judiciary, 11933
mental workload & frustration of needs, 35–55 yr old railway workers, 16049
military environment & stress & psychosis & endomorphins, soldiers, 6801
military service, health status, females, US, 18844
nature & consequences of acute stressors in everyday working life, young professional engineers, 21610
number of students & grade level taught & sex differences, burnout & self actualization, public school teachers, 10671
nutrition & body chemistry, depression & anxiety & sleep problems as symptoms of posttraumatic stress disorder & burnout, Vietnam veterans & counselors, 25994
occupational & other sources of stress & biographical data, primary & secondary school teachers, Australia, 13003
occupational & psychological stress, job satisfaction, myocardial infarct patients under 40 yrs of age, 4399
occupational & psychosocial stressors, mental & physical health, managerial/professionals & blue collar workers, implications for rehabilitation counseling, 29557
occupational problems & pressures & effects on self, female vs male managers, 18812
occupational stress & achievement & success, females in traditionally masculine occupations, 18779
occupational stress & burnout, rehabilitation professionals, 18485
occupational stress & burnout, suburban teachers, 18537

occupational stress & coping behavior & social support, teachers, 6-mo longitudinal study, 21255
occupational stress & inability to leave, prediction of acute & chronic mental health problems, hospital personnel, 12934
occupational stress & stress reactions, police officers & their families, implications for proactive & reactive treatment, 18850
occupational stress, alcoholism, Great Britain, 18835
occupational stress, female police officers, 10999
occupational stress, game conservation officers vs land managers vs law enforcement division supervisors in rural areas, 11006
occupational stress, police officers, 8228
occupational stress, rehabilitation professionals, comments on article by T. F. Riggar et al, 18497
occupational stress, 24–73 yr old school counselors, 15707
organizational issues, stress, male vs female preschool & kindergarten vs elementary school teachers, 2358
peak performance & feeling positive under pressure, employees, 10950
peer support, reduction of burnout, social workers, 2243
perceived burnout, male vs female college athletic coaches, 21256
perceptions of powerlessness & stressful job dimensions, alcohol misuse, employees, 1546
perceptions of psychotherapeutic work & related stress, clinical psychologists, 21176
person-environment congruence, mental distress & job satisfaction, adults working full time, 13315
personal & life history factors, scores on Maslach Burnout Inventory subscales, 23–66 yr old elementary & junior high school teachers, 29413
personal energy & approach to self evaluation & feedback, potential for burnout, social workers, 21173
personal life changes & role ambiguity & overload & job-related stress, coping with stress of intraorganizational career change, managers & professionals, 10968
personality traits, level of reactions to job stress, blue collar workers, 13339
phase model of burnout by R. T. Golembiewski et al, 21–50 yr old police officers, 32288
physiological measures of work stress, literature review, 13314
prevalence & sources & consequences of stress, elementary & junior high school teachers, Canada vs Sweden, 26478
prevalence of psychosomatic disorders, police officers, Canada, 26812
psychodynamics of occupational stress, 32295
psychodynamics of occupational stress & dissatisfaction, 21637
psychological stress at work, psychosomatic complaints, male blue collar workers, 22957
purpose in life, stress & burnout & job satisfaction, correctional employees, implications for logotherapy, 15543
quick exercises, coping with daily work stress, executives, 18814
rational emotive therapy techniques, reduction of stresses & tensions, vocational counselors, conference presentation, 18874
recommendations for taking effective control over life, school counselors, 23723
reduction of burnout & personal stress, alcoholic treatment counselors, 12943
reliability & validity, measures of occupational stress & coping behavior, employees, 21770
role ambiguity & conflict, occupational stress & job satisfaction, 23–58 yr old direct service workers in mental health or mental retardation or physical restoration facilities, 26456
role of exercise, moderation of adverse bodily effects of stress & criteria for selecting appropriate activities, executives, comments on article by S. G. Freeberg, 18807
role of family, conflicts with & functioning at work, married & occupationally successful 35–55 yr old males, 30651
role stress & job related tension & job satisfaction & propensity to terminate employment, 20–59 yr old male vs female public vs industrial vs governmental accountants, 26810
role stress & job related tension, job satisfaction & propensity to leave, accountants & hospital employees, support for A. G. Bedeian & A. A. Armenakis's model of role stress, 32306
salesforce role stress, performance & satisfaction, sales representatives for major industrial firms, 13302
satisfactions & stresses of independent practice, psychologists, 26443
self provided crisis intervention, stress, teachers, 10665
social support, life stress & burnout, male vs female managers & human service professionals with mean ages of 32 & 39 yrs, Israel, 10961
sources of occupational stress within vs outside work environment, psychiatric patients, 10985
sources of stress & alcohol usage, 22–62 yr old free-lance professional popular musicians, UK, 13340
sources of stress in hospice work, nurses & social workers & psychologists & directors of volunteers, 15661
sources of stress, registered vs licensed practical nurses, conference presentation, 5126
staff position & organizational policy & informal work groups, burnout, detoxification center staff members, 5135
stress & anxiety, Lutheran seminarians, 1039
stress & burnout & needs deficiencies & role conflict & ambiguity, staff members in community based programs serving mentally retarded adults, 5085
stress & hospital size, executive succession, 10590
stress & personality & coping behavior & career choice, 28–70 yr old lawyers vs physicians, conference presentation, 29047
stress & psychoneurotic symptoms, teachers, UK, 21268
stress & stress management, university & college campus police, 13012
stress, female nurses &/vs hospital staff vs females in other occupations with mean age of 36.6 yrs, 2292
stress in academia, public vs private university faculty, 21264
stress levels, special education teachers, 23697
stress management, professional females, 24018
stress management strategies, burnout, human service workers, 10643
stress management techniques, social workers & social work educators, 31933
stress of graduate medical training, avoidance of patients & narrowing of doctor-patient interaction & treatment of patients as nonpersons as coping techniques, medical interns & residents, 31908
stress of transition from residency to clinical practice, graduates & staff of military family practice residencies, 23629
stress, working females, West Germany, 5469
supervisor's task vs relationship orientation, job satisfaction & stress & health problems, 21–58 yr old rehabilitation workers in mental health & retardation settings, 28969
symptoms & strategies for preventing & coping with burnout in community mental health settings, social workers, 31835
systematic intervention program, preventative coping skills for job stress & burnout, human service professionals, literature review, 21183
tensions & demoralization & threat to integrity, professionals exposed to terminal or life-threatening illness, 5129
themes in consultation with psychiatrist & reduction of stress, teacher of emotionally & behaviorally disturbed children, 31983
Type A & Type B behavior patterns, coping & appraisal of on-the-job stress, 23–69 yr old police officers, 32307
Type A behavior, job satisfaction & sales performance, life insurance agents with mean age of 45 yrs, 5479
Type A behavior pattern, relationship between paced work & mood disturbance, male vs female paced vs nonpaced postal service employees, 21606
Type A vs Type B behavior patterns & work environment, occupational stress, employees, presentation of model, 2680
typology of occupational stress, public school administrators, 29144
urinary excretion of catecholamines & metabolites during rest vs occupational activities, personality traits & physical fitness, 23–46 yr old male white collar workers, 13842
warm humid vs hot dry atmospheres & level of luminance, body temperature & heart rate & visual acuity, 19–34 yr old males, implications for heat stress in working environment, 16092
work environment characteristics & attitudes toward job & clients, job satisfaction & stress, human service workers, 23632
work overload, police department radio dispatchers, 24006
work related stressors & means of coping, crisis intervention workers & their spouses, 26461
work satisfaction & personality & stress management techniques, stress, accounting educators, US, 29154
workaholism in private practice, psychotherapists, 10614

working conditions, psychological distress & job satisfaction, postal employees, Canada, 18859
working conditions, stress & health, conference presentation, 26801
Occupational Success
age differences, cognitive & behavioral concomitants of accommodating adaptive style & occupational achievement, young adults vs middle aged, 5457
assessment of vocationally relevant personality factors, prelingually profoundly deaf 28–56 yr olds, 2175
attributions for corporate success of attractive vs unattractive male vs female, male vs female employees, 22602
background variables & critical life decisions & interpersonal relations with coworkers, successful vs unsuccessful middle level male managers, India, 18806
capacity to work during childhood, prediction of positive mental health, underprivileged inner-city 47 yr old males, 33-yr longitudinal study, 6268
company's expectations, job success, employees, management implications, 29525
family & college background & SES, personal & work fulfillment & alienation, occupationally successful young adults, 32308
high vs low executive effectiveness, thematic fantasy & achievement orientation & drive level & maturity & decision making ability, 28–36 yr old industrial middle managers, India, 2655
job knowledge & career development & self esteem & occupational choice & success, educationally subnormal 15.1–16 yr olds in special vs mainstream schools, 21417
level of education, professional practice, occupational therapy graduates from baccalaureate vs master's degree programs, comments on G. E. Gilkeson & W. P. Hanten's article, 10584
level of education, professional practice, occupational therapy graduates from baccalaureate vs master's degree programs, 10581
needs for achievement & affiliation & power, successful performance, police officers, 2634
occupational stress & achievement & success, females in traditionally masculine occupations, 18779
occupational success, male vs female partially sighted adolescents, 1-yr followup, 31274
performance effectiveness & affective relationships & career success, male vs female company middle managers, 2661
role of family, conflicts with & functioning at work, married & occupationally successful 35–55 yr old males, 30651
sexual harassment, occupational achievement, females in managerial & executive & academic positions, 24005
steps to becoming successful subordinate, 13287
stress & personality factors & employer, occupational advancement in commerce & industry, Blacks, South Africa, 10951
Occupational Success Prediction
capacity to work during childhood, prediction of positive mental health, underprivileged inner-city 47 yr old males, 33-yr longitudinal study, 6268
cardiovascular fitness & muscular endurance & flexibility, prediction of attrition in diving training program, 20–30 yr old male US Navy personnel, 16028
college academic achievement, prediction of occupational success, meta analysis of review articles, 7988
college grades & career success, adults, 15802
demographic characteristics & values & ideologies & role & unit characteristics, prediction of financial & status success, managers, 23975
demographic variables & capacity to work, prediction of mental health & career success, inner-city 47 yr old males, 33-yr longitudinal study, 27747
parameters in prediction of job performance, police officers, 21573
preemployment selection test results & vertical dyadic exchanges between S & supervisor, prediction of managerial career progress, newly recruited male college graduates with mean age of 23.6 yrs, Japan, longitudinal study, 10982
viability of reduction of minimum aptitude criteria for job entry, attrition & performance achievements, new recruits vs retrainees in air force technical schools, 29511
Occupational Tenure [See Also Teacher Tenure]
network position's function & tenure, cognition, software firm employees, 26813
perceived task attributes & job satisfaction, White middle managers 6 mo vs 2 yrs vs 6 yrs after receiving job tenure, South Africa, 32268
response to career disruption, doctorate level faculty who were denied tenure vs terminated vs underemployed, 32000
sex, type of appointment vs tenure vs rank vs salary, administrators & faculty of public comprehensive college, 15694
tenure, organizational commitment & turnover, nurses with mean age of 36 yrs, 11008
Occupational Therapists
affectively oriented clinical training, certified occupational therapy assistant students, 21231
changes in role stressors & expectations due to short term care, occupational therapists, 18495
collaborative relationship & professional partnership, therapists & parents of handicapped children, literature review, 4978
continuing professional education in occupational therapy, 15619
current economic conditions, work assessment of patients in transition from hospital to work, occupational therapists, 23570
definition of role of & purposeful activity in occupational therapy, occupational therapists, 15591
history of ideas & practice in psychosocial occupational therapy & adoption of theoretical orientation, occupational therapists, 28950
level of education, professional practice, occupational therapy graduates from baccalaureate vs master's degree programs, comments on G. E. Gilkeson & W. P. Hanten's article, 10584
level of education, professional practice, occupational therapy graduates from baccalaureate vs master's degree programs, 10581
liberal arts & occupational therapy, 7820
orthopaedic health care, US Army occupational therapists, 12839
perceptions of & reactions to rehabilitation & patient behaviors, female physiotherapists & occupational therapists & nurses, Australia vs Sweden, 29090
personality differences, job performance, occupational therapists, 15642
postgraduate training, psychiatrists & psychiatric nurses & social workers & occupational therapists, Poland, 5145
psychosocial practice, occupational therapists, 2233
psychosocial practice, occupational therapists, comments on R. Barris's article, 2246
role in psychogeriatric unit, occupational therapists, 21090
role in psychotherapeutic setting, occupational therapists, UK, 21120
social & personal & work variables, satisfaction with 1st appointment, occupational therapists, Wales, 21230
survey of group work in occupational therapy, occupational therapists, 28934
Occupational Therapy
adaptive aquatics in occupational therapy program, physically disabled 14 yr old female with cerebral palsy, 5014
advantages of collaborative research in occupational therapy, 29694
biographical characteristics & occupational choice motives vs career aspirations vs work values, technical- vs professional-level students in occupational therapy educational programs, 31894
caring relationship in occupational therapy, patients, 26355
change in occupational therapy curriculum, 18417
choice in selection of activities in individual vs group setting, college & graduate students, implications for occupational therapy, 6630
collaborative relationship & professional partnership, therapists & parents of handicapped children, literature review, 4978
cooking vs craft vs sensory awareness activities, affective responses, chronic psychiatric patients with mean age of 49.6 yrs, 15539
creative programs, occupational therapy, 18358
curriculum format, learning style & preference, 19–50 yr old occupational therapy students, 23622
dearth of mental health research in occupational therapy, 21106
decision theory approach to significance testing, occupational therapy research, 2189
defining zone of proximal development, effective treatment planning, children, 5005
definition of role of & purposeful activity in occupational therapy, occupational therapists, 15591

descriptive chronology of conceptualizations of occupational therapy, occupational therapists, 1960–82, 10514
development & evaluation of rating scale, measurement of work skills & health & social behavior, clients referenced for horticultural therapy, 13615
development of activity center with multidisciplinary team, chronically mentally ill day patients & inpatients, 15485
developmental therapy, intensive care units, neonates, 2139
EEG & biological validation of occupational therapy on rehabilitation, epileptic patients, 4988
evaluation of role as behavior therapist, occupational therapy helpers & aides, 26438
explaining psychiatric occupational therapy, therapeutic strategy for patients, occupational therapy students, 18348
format for enhancing involvement of activity therapy in multidisciplinary treatment plan, hospitalized psychiatric patients, 31702
framework for assessment issues in occupational therapy, geriatric patients, 23575
history of ideas & practice in psychosocial occupational therapy & adoption of theoretical orientation, occupational therapists, 28950
initial occupational therapy assessment & treatment & equipment & adaptations to school & home, 9 yr old male with multiple congenital limb deformities, 15540
insurance coverage for occupational therapy in mental health programs, 12723
interrater reliability & criterion-related & construct validity, revised version of comprehensive therapy scale, psychiatric patients observed by occupational therapists, Taiwan, 11158
level of education, professional practice, occupational therapy graduates from baccalaureate vs master's degree programs, 10581
liberal arts & occupational therapy, 7820
measurement of effect size for statistical tests used in occupational therapy research, 24338
microcomputers as management aid & therapy tool in occupational therapy, 18972
need for occupational therapy, geriatric nursing homes, 18359
occupational & art therapy, psychiatric patients, 15550
occupational &/or physical therapy intervention, children with cerebral palsy, literature review, 1952–82, 5013
occupational therapy approaches, perceptual motor disorders, children, literature review, 21099
occupational therapy, chronic pain, 39 yr old male with history of spinal injury, 18346
occupational therapy in hospice care, 78 yr old male cancer patient, 7710
occupational therapy involvement in traditional strategies, anorexia nervosa, 18045
occupational therapy teaching model, integration of classroom work with clinical fieldwork, community college students, 29025
organizational status of human system vs psychiatric diagnosis & symptomatology, assessment of adaptive functioning, 18–59 yr old psychiatric patients, 28242
original vs new vs modified occupational therapy procedures, attitudes toward occupational therapy, 16–40 yr old psychiatric patients, 18337
philosophy & instructional work of Austen Riggs Center's Activities Department in Massachusetts, psychiatric patients, 2149
prevocational vs sensorimotor training, work & motor & cognitive & psychological performance, chronic schizophrenics with mean age of 36.1 yrs, 10502
psychiatry & occupational therapy in short term general hospital unit, 18303
psychosocial practice, occupational therapists, 2233
psychosocial practice, occupational therapists, comments on R. Barris's article, 2246
role in psychotherapeutic setting, occupational therapists, UK, 21120
sensory stimulation, reality orientation & personal hygiene & interests, 68–87 yr old geropsychiatric patients, 15545
short term psychiatric occupational therapy groups, 18335
short term psychiatric occupational therapy in hospitals, 18305
sociocultural factors, home care delivery of occupational therapy services, 72 yr old male with left hemiplegia, 26366
structuring goals via goal attainment scaling, occupational therapy in partial hospitalization settings, 10487
survey of group work in occupational therapy, occupational therapists, 28934
therapeutic applications of microcomputers, occupational therapy, 16236
time study of costs & benefits of occupational therapy fieldwork program, students vs professors, 31847
undergraduate vs graduate occupational therapy education, professional productivity, former undergraduate vs graduate students, 29016
use of large group comparison research strategies based on nomothetic model vs idiographic methods employing single-system designs, establishment of effectiveness of therapeutic interventions in occupational therapy, 18996
views toward current educational developments in occupational therapy training, American Student Committee of Occupational Therapy Association, 31921

Occupations [See Also Related Terms]
career opportunities in parapsychology, 11030
childrearing beliefs & attitudes, parents whose occupations involve working with materials &/or involving technical skills vs people, 25295
construct validity of Multivariate Personality Inventory, personality correlates of societal groups, salespersons vs fundamentalist vs church members vs medical technologists vs computer programmers vs members of social or sports groups, 27026
development of field of genetic counseling as interdisciplinary occupation, 4852
drug usage in work environments, conference presentation, 28008
employment status & occupation, salience of work & family & leisure/community involvement, elderly males, 10-yr followup, implications for clinical practice, 25046
internal consistency & predictive validity of Career Information Request, observation of career information-seeking behavior, 11th graders, 5387
occupational membership, task-related & contextual & job involvement orientation, employees of multinational corporation, 13318
occupational revolution, US, 2679
perception of sex-appropriate adult occupations & activities, male vs female kindergartners vs 5th vs 11th graders, 959
placement, college student personnel graduates, survey of programs, 1976–83, 32156
psychometric analysis, methods of comparable worth evaluation of state agency job positions, 13501
reading practices, adults in various occupational categories, 13241
sex & marital status & sex-typed occupation, person perception, college students, 20107
sex bias based on denigration of women vs sex role congruence, implications for role theory & division of labor in work force, 25371
sexual stereotyping, ratings of competence of individuals whose sex was consistent vs inconsistent with gender occupational stereotype, 61–78 vs 79–95 vs 96–114 mo olds, 17023
social class & sex & ethnicity, awareness & exploration of career possibilities, 13.9–15 yr olds, 30385
socialization & integration of employment & leisure activities, implications for education in times of societal transition, 12980
technological change & role in construction of alternatives to effects of change, women, conference presentation, 21529
validity of J. L. Holland's hexagonal occupational model using smallest-space analysis, 16385
validity of sentence completion method in assessment of death anxiety, conscious & covert death anxiety, female vs male 19–64 yr olds in death-related vs non-death related occupations, 6674

Octopus
den utilization & immigration rates, octopus, 19368

Ocular Accommodation
assessment of voluntary accommodation, 18–19 mo old monkeys vs 24 yr old human S, 29874
cognitive task performance, ocular accommodation & perceived size, 18–30 yr olds, implications for aircraft pilots, 16411
dark vergence & dark accommodation, infants vs adults, 841
eye accommodation for distance estimation during prey capture, salamanders, 11407

ocular accommodation & binocular vergence during resting state of eyes, 3051
refractive state & depth of focus & ocular accommodation, ground squirrels, 30082
spatial contrast sensitivity & range of accommodation, 68–117 wk old naturally strabismic & chronic bilaterally atropinized pig-tailed macaques, 29849
spatial frequency of simple sinusoidal gratings presented at high contrast & target vergence levels, monocular & steady-state accommodative responses, amblyopes & former amblyope & strabismics aged 13–34 yrs, 1650
visual contrast & spatial frequency, detection of sine-wave grating patterns, 23–24 yr olds, 5738
work station lighting & screen quality, visual accommodation, visual display unit operators with mean age of 27 yrs, 13354
Ocular Dominance
chronic intracortical administration of levoglutamate, ocular dominance shifts, monocularly deprived kittens, 6159
corpus callosum transection, changes in proportion of binocular neurons in area 17, cats, 16729
dichoptic presentation of continual & flashed orthogonal gratings, ocular dominance across visual field, 19–33 yr olds, 27115
exposure to long duration monocular stimulus & duration of offset interval, reversal of contralateral ocular dominance & suppression & role of binocular rivalry, human Ss, 8523
hand & eye dominance, age of onset & course of illness & premorbid functioning, 20–56 yr old newly admitted chronic schizophrenic males, 28232
handedness & eye dominance, perception of disappearing visual targets, 1st graders vs college students, 9206
microperfusion of exogenous norepinephrine in visual cortex, binocular interaction, kittens, 11601
motor & sensorial dominance patterns of ocular dominance, 27100
response time to microcomputer video monitor, assessment of eye dominance, college students, 19495
sex & age differences, hand & eye preference patterns, elementary & junior high school students, 22296
spatial frequency & orientation & viewing condition, duration of visible persistence, right- vs left-handers with right- vs left-eye dominance, 8788
Ocular Fixation [See Eye Fixation]
Oculomotor Muscles
clinical & electrophysiologic symptoms of Miller Fisher syndrome, 18–74 yr old patients with ophthalmoplegia & ataxia & areflexia, 14988
EMG activity of arbicularis oris superior & inferior & masseter muscles, articulatory disordered 7.3–8 yr olds, 1621
EMG activity of orbicularis oris superior & inferior & masseter muscles in bite-block condition, articulatory disordered children, 1622
Oculomotor Nerve [See Cranial Nerves]
Oculomotor Response [See Eye Movements]
Odor Aversion Conditioning [See Aversion Conditioning]
Odor Discrimination
cloacal odors as cue for recognition of conspecifics, male salamanders, 27305
Coolidge effect & role of female flank glands & vomeronasal organ & accessory olfactory system, male sexual arousal & preference, hamsters, 19373
development of olfactory recognition of insect prey, northern grasshopper mice, 8703
development of technique for response to chemical trigeminal stimulation without separation of olfactory components, males & females, 8363
discrimination & preference for female scent marks, male ring-tailed lemurs, 8594
exposure to prey odors during larval & embryonic developmental stage, odor sensitivity, marine snails, 22086
high vs medium vs low nicotine content, discrimination of strength of tobacco smoke, cigarette smokers with mean age of 38.8 yrs, implications for titration, 11615
intensity vs quality of odorants, perceptions of binary odor mixtures of almond & cloves & vinegar & spearmint, 21–50 yr olds, 21827
odorants, electrophysiological responses of olfactory bulb neurons, frogs, 13794
odors of urine & sebum exudation of estrous vs proestrous vs diestrous females, sniffing & defecation & scent marking, male Indian desert gerbils, 19376
olfactory discrimination & receptor cell responses, frogs, 591
oral vs vaginal scents of pre- vs post-estrus females, sniffing, male Columbian ground squirrels, 19367
prediction of male dominant status via urinary odors, female estrous hamsters, 27205
preferences for conspecific salivary odor cues, estrous vs diestrous female hamsters, 27201
role of olfaction, ethological isolation between demes, house mice, 27240
saliva from dominant vs submissive males vs diestrous female, odor discrimination, adult male hamsters, 11401
scent marking with subcaudal gland & discrimination of individuals' secretions, European badgers, 19312
similarity judgments of odor mixture, 18–26 yr olds, test of predictions of distance vs set theoretical models, 8463
unilateral bulbectomy, odor sensitivity & discrimination, male rats, 27534
Oedipal Complex
anxiety of influence as theory of poetry advanced by H. Bloom within context of psychoanalytic theory development, 13953
development of concept of Thalassic mother/cloacal mother & Oedipal struggle, S. Ferenczi, 18937
discovery & morality & resolution of oedipal situation as stages in maturation of self & object relationships, 9301
father-son relationship & oedipal complex, economic development & strength, 1022
handwriting analysis, identification of Oedipal complex, conference presentation, 30940
Jesus as anti-Oedipus, 6469
matrilineal vs Oedipal complex, Trobriand culture, comments on article by M. E. Spiro, 11041
matrilineal vs Oedipal complex, Trobriand culture, implications for view of B. Malinowski, 11065
matrilineal vs Oedipal complex, Trobriand tribe, comments on M. E. Spiro's criticisms of B. Malinowski, 11048
matrilineal vs Oedipal complex, Trobriand tribe, comments on M. E. Spiro's criticism of B. Malinowski, 11067
need for reliable & nurturing & attuned relationship with father during pre-Oedipal period, females, 14207
new observations on development of Oedipus complex, 14179
objects, development of ego & id & oedipus complex, 16216
oedipal complex & earlier sequences of symbiosis & separation, 9254
Oedipal complex & father-child relations & defenses & fantasies & values, 11061
oedipal presence & interhuman conflicts in Persian prehistory & poetry & contemporary unconscious & collective imagery, Iran, 30608
Oedipus complex in Jung's analytical psychology, 19
psychoanalytic interpretation of unicorn, residual oedipal guilt & female duality & Christian symbolism, 3561
psychoanalytic interpretation, role of myth of Jesus in unconscious of Christian believer, 8337
psychotherapy, aggression & stuttering & reading problems due to oedipal complex & frustrated sexual impulses, school age children, 10124
resolution of oedipal complex in film "Casablanca", 9072
subliminal activation of oedipal fantasies, dart-throwing performance, male 22–46 yr olds, replication & extension of study by L. H. Silverman et al, 11528
theory of psychosexual maturation & object relations, Oedipus complex, 20132
transcultural psychoanalysis, oedipal-fraternal antagonism & castration fear & sinful feelings about masturbation, Chinese male, 4627
Offenders (Adult) [See Criminals]
Offenders (Juvenile) [See Juvenile Delinquents]
Officers (Commissioned) [See Commissioned Officers]
Old Age [See Aged]
Olfactory Bulb
accessory olfactory bulb development & role of testosterone, castrated male vs androgenized female rats, 24741

age-related morphological changes in main olfactory bulb, 3–36 mo old Fischer 344 rats, 19462
bilateral olfactory bulbectomy, acquisition of discrimination avoidance learning & emotional behavior, rats, 19628
bilateral olfactory bulbectomy, active vs passive avoidance conditioning, male rats, 16498
chronic sc vs microinjection of antidepressants into medial amygdala, mouse killing behavior, male olfactory bulbectomized rats, 24935
development of olfactory bulb & olfactory perception, spiny mice vs Norway rats vs Mongolian gerbils, 570
early long term exposure to odors, mitral cell development & olfactory detection of same odors, rats, 22075
exposure to cyclooctanone vs urine vs distilled water odors, olfactory development & preferences, mice, 19681
gustatory neocortex vs olfactory bulb ablation, retention of acquired odor vs taste aversion habits, male rats, 13866
lesions of olfactory bulb or lateral septum or medial accumbens or hypothalamus or dorsal & median raphe or amygdala, inhibitory control of agonistic behavior, mammalian species, literature review, 8908
odorants, electrophysiological responses of olfactory bulb neurons, frogs, 13794
olfactory bulb lesions, agonistic & locomotor & social & maintenance behaviors, mice, 704
olfactory bulbectomy &/vs DSP4 N-(2-chloroethyl)-N-ethyl-2-bromobenzylamine, 2-way active & step-down passive avoidance & fear conditioning & retention, male rats, 8875
olfactory bulbectomy, cardiac & ventilatory arousal responses & habituation to illumination onset, goldfish, implication for role of lower brain centers, 27532
olfactory bulbectomy, neurotransmitter metabolism in amygdaloid cortex & midbrain, male rats, 13865
olfactory bulbectomy, reflexive biting & locomotor activity & serotonin levels in olfactory tubercle & lateral olfactory tract & piriform cortex & nucleus accumbens & anterior olfactory nucleus, male mice, 3385
olfactory cues & accessory olfactory bulb lesion, sexual receptivity, virgin cyclic female rats, 19634
periplanone concentration, activity of pheromone-sensitive neurons in antennal lobes of brain, adult male American cockroaches, 27337
projection areas of mitral cell axons in lateral & medial olfactory tract & centrifugal fiber pathways, olfactory bulb, carp, 24645
projection from locus ceruleus neurons to olfactory bulb, rats, 30104
quantitative method of cross-adaptation, identification of multiple receptor sites for amino acids in olfactory receptors, carp, 22028
removable stereotaxic micromanipulator for chronic single unit recording in olfactory bulbs, free moving rats, 26950
unilateral bulbectomy, odor sensitivity & discrimination, male rats, 27534
unilateral vs bilateral olfactory bulbectomy, olfactory-mediated arousal & maternal recognition, neonatal rat pups, 711
vagus nerve stimulation, electrical activity of olfactory bulb, rats, 16713
5,6-dihydroxytryptamine, olfactory bulb responsiveness during wakefulness & sleep, male rats, 13885

Olfactory Evoked Potentials
olfactory discrimination & receptor cell responses, frogs, 591

Olfactory Mucosa
electrical stimulation, olfactory perception, epileptics, 7129
neurophysiology of olfactory neuronal stimulation, literature review, 11496
olfactory discrimination & receptor cell responses, frogs, 591

Olfactory Nerve
olfactory bulbectomy, reflexive biting & locomotor activity & serotonin levels in olfactory tubercle & lateral olfactory tract & piriform cortex & nucleus accumbens & anterior olfactory nucleus, male mice, 3385
olfactory nerve transection leaving olfactory bulb intact, neurogenesis & replacement of olfactory receptors, male hamsters, 16722
saline-filled pipettes, assessment of olfactory receptor cell activity, 11397
spatial distribution & response specificity to amino acids & bile salts, ciliated & microvillous olfactory receptor neurons, channel catfish, 11400
vomeronasal nerve section vs irrigation of nasal cavities, development of maternal behavior, primiparous rats, 8885

Olfactory Perception [See Also Odor Discrimination, Olfactory Thresholds]
age & sex & chemosensory function, identification of blended foods, blindfolded Ss 18–26 yrs old vs 65 yrs old & over, 29818
artificial imprinting, olfactory-based orientation in establishment of new nesting population, sea turtles, implications for conservation of endangered sea turtles, 3135
castration &/vs levodopa administration, perseveration of attention to conspecific odors & novel objects, male & female gerbils, 24761
concentration of sucrose vs glycerol vs commercial vs synthetic diglycerol vs triglycerol, intensity & pleasantness ratings of taste & odor, 19–43 yr olds, 21823
development of olfactory bulb & olfactory perception, spiny mice vs Norway rats vs Mongolian gerbils, 570
development of University of Pennsylvania Smell Identification Test, assessment of olfactory function, adults, 5611
early exposure to olfactory stimulation, enhanced neural response, rat pups, 16671
electrical stimulation, olfactory perception, epileptics, 7129
electrophysiological coding of stimulatory & inhibitory components of natural food odor, spiny lobsters, 21949
ethanol vs lemon extract, exposure with vs without lithium toxicosis, odor preferences & ethanol intake, male rats, 27621
exposure to cyclooctanone vs urine vs distilled water odors, olfactory development & preferences, mice, 19681
familiar contextual odor, discrimination learning, 16 vs 28 day old rats, 16520
inhalation & concentration of ammonia vs nonpungent odorant, time-intensity functions of perceived pungency, human Ss, 11256
neurophysiology of olfactory neuronal stimulation, literature review, 11496
odor & thermotactile exposure to lactating & nonlactating mothers & surrogates, filial huddling, rat pups, 475
odor paired with tap water before lithium chloride induced illness, aversion to water associated with odor, rats, 30013
olfaction & rearing with vs without sibs & nonsibs, sibling recognition, ground squirrels, 5906
olfactory bulbectomy & testosterone & topical application of urine from testosterone & estradiol treated castrates, aggressive & sexual behavior, male sheep, 11546
pairing of arbitrary chemosensory stimulus with mother vs other female animals, investigatory & copulatory behavior in response to vaginal discharge of scented females, male rats, 24600
perceived identity of odorous stimuli & ability to recognize previous occurrence of them, college students, 5704
recognition of maternal vs alien odors, newly born lambs fed vs not fed by mothers, 5946
sex & age, smell identification ability, 5–99 yr old smokers vs nonsmokers, 25086
sex & strain differences, activity patterns in presence of clean vs home cage bedding, rat pups, 432
sodium chloride & iso-amyl butyrate & age, odor & taste perceptions, 20–25 vs 65–78 vs 80–95 yr olds, 11771
tactile & olfactory cues, orientation to mother & localization of nipple, kittens, 11442
variations in olfactory & qustatory components of flavored stimulus, olfactory & taste perception, college students, 11263
volatile &/vs nonvolatile chemical signals & lesions to main vs vomeronasal olfactory systems, attraction to female & mating behaviors, male hamsters, 27476
water direction & flow rate & concentration of barnacle attractant, drill response, newly hatched oyster drill snail, 16526
water vs food deprivation & squad size & S-rotation procedures, odor-based alleyway performance, male rats, 3366
widely-spaced exposures to female urine, habituation to individual odors, male guinea pigs, 5847

Olfactory Stimulation
bacteria & urine as sources of odors from perineal gland secretions, male wild cavies, 3318

defensive burying response to reward vs nonreward odors, male rats, 8619
development of technique for response to chemical trigeminal stimulation without separation of olfactory components, males & females, 8363
early exposure to olfactory stimulation, enhanced neural response, rat pups, 16671
exposure to cineole fragrance, territorial displays, male orchid bees, 19400
exposure to conspecific odor & familiarity & sex of odor donor, scent marking, Norway rats, 8590
exposure to odor of pig sex pheromone, ratings of photographs of human male stimulus & mood, college students, 6571
exposure to odor of vaginal secretion & pairing with female that did vs did not match odor, sniffing & licking & time spent with female, male hamsters, 8603
exposure to prey odors during larval & embryonic developmental stage, odor sensitivity, marine snails, 22086
intensity vs quality of odorants, perceptions of binary odor mixtures of almond & cloves & vinegar & spearmint, 21–50 yr olds, 21827
olfactometer, isolation & delivery of biological odors during experimenter-controlled episodes in pheromone research, small rodents, 29681
olfactory stimulation, defensive burying of aversive fluids paired with injection of lithium chloride solution, male rats, 8975
olfactory stimulation, defensive burying of aversive fluids, male rats, 509
olfactory stimuli, scent marking in home vs clean vs conspecific cages, male vs female gerbils, 13778
presence of odors of previously shocked conspecifics in pretreatment & test chambers, deficits in leverpress & shuttle escape performance, rats pretreated with inescapable shock, 456
short term exposure to novel odor, subsequent preferences for odor, preweanling rats, 11398
similarity judgments of odor mixture, 18–26 yr olds, test of predictions of distance vs set theoretical models, 8463
temporal contiguity of odor & taste, taste potentiation of odor in flavor-toxicosis conditioning, male rats, 21912
urine from females with ovariectomy with vs without progesterone vs estradiol, lordosis behavior, orchidectomized feminized rats, 6057
visual vs auditory vs olfactory stimulation, discrimination learning & transfer & stimulus control, male rats, 11427

Olfactory Thresholds
conditioned suppression technique, behavioral determination of olfactory thresholds to amyl acetate, beagles, 13746
detection sensitivity for odor stimuli, 13–53 yr old cystic fibrosis patients, 23053
early long term exposure to odors, mitral cell development & olfactory detection of same odors, rats, 22075
olfactory acuity to androstenone, psychotic & neurotic 20–50 yr olds, 14641
unilateral bulbectomy, odor sensitivity & discrimination, male rats, 27534

Oligophrenia [See Mental Retardation]

Oligophrenia (Phenylpyruvic) [See Phenylketonuria]

Omission Training
high vs low probability of food omission in key pecking paradigm, autoshaping & preferences, pigeons, 8647

On the Job Training
foundation level instruction in sales training, 10935
on-the-job training & other "hard" & "soft" skill factors, business management, Japan, 23980
on-the-job training program, recent college graduates hired by organizations, 26763

Only Children
adaptive behavior, 3–4.5 yr old only children vs children with siblings, 14182
family characteristics & symptoms & treatment methods, symbiotic mothers & their infantilized 3–11 yr old only children, 23189
filial expectations & frequency of parent-child association & assistance, older adults with only children vs 2 or 3 vs 4 or more, 14300

Onset (Disorders)
administration of Battery of Asthma Illness Behavior, 24–57 yr old asthmatics whose age of onset was before 10 yrs vs after 20 yrs of age, 4425
age & onset of puberty & severity of symptomatology, incidence of seizures, children with autistic symptoms, 28184
age & time course characteristics, paranoid schizophrenic patients with delirious syndromes with onset at 20 yrs or younger vs 45 yrs or older, 12126
age at onset of depression among probands, risk of illness, relatives of patients with major depression, 9737
age at seizure onset & duration & frequency of attacks & EEG & extent of neurological impairment, emotionality, 9–13 yr olds with chronic generalized seizures, 12328
age of disorder onset, 18–48 yr old chronic schizophrenic inpatients & their schizotypical or schizophrenic siblings, 6734
age of onset & illness duration & structure of family & understanding relatives, familial status, elderly schizophrenics, 4157
age of onset & likelihood of misdiagnosis of schizophrenia, hospitalized patients with manic depression, 4184
age of onset & occupational variables & precursor diseases, cardiovascular disease, 24–53 yr old US Navy pilots, 22977
age of onset & tendency for delusions, primary endogenous depression, inpatients in psychogeriatric unit, 17524
age of onset of depression, platelet MAO activity, depressed females with mean age of 71.6 yrs, 4120
biological & cognitive changes, adolescents with early vs late onset affective disorders, 12140
cerebral ventricular size & age of disease onset & illness duration, patients with major depression, 12142
development of late onset anorexia nervosa following marriage, 21–80 yr old females, conference presentation, 28419
DSM-III criteria, development of schizophrenia after age 44, patients, 12197
duration of illness & severity of neurological impairment, prediction of performance on WAIS & Wechsler Memory Scale & daily activities, patients with Huntington's disease with mean age of 45.5 yrs, 7022
frequency of left handedness, 47–64 vs 65–90 yr old males with Alzheimer's dementia, vulnerability & life span implications, 4511
hand & eye dominance, age of onset & course of illness & premorbid functioning, 20–56 yr old newly admitted chronic schizophrenic males, 28232
hemispheric asymmetry in cortical glucose metabolism, 55–75 yr old patients with Alzheimer-type dementia, 22984
left handedness, dementia patients with age at onset below vs above 65 yrs, criticism of study by B. Seltzer et al, 25809
life changes, cancer onset, 16–68 yr old identical twins, 28499
life events occurring before & after onset of depression, Blacks, Kenya, 6824
mental factors in onset & progress of cancer, literature review, 28418
nightmares prior to onset of psychosis, psychotic Ss, 12162
onset & symptomatology & evolution & treatment & outcome, acute schizophrenia, 10-yr followup, 20370
onset & symptoms of Gilles de la Tourette Syndrome, 20554
orset of disorders & sexual behavior, male vs female anorexic & bulimic 13–41 yr olds, 14939
presence or absence of social disadvantage & family history of & nature of onset, psychiatric & neurologic states & functional bladder volume & environmental circumstances, 4–14 yr olds with enuresis, 31252
psychosocial life events, onset of depression, patients with mean age of 68.2 vs 43.4 yrs, 1357
temporal changes in lifetime incidence of depression & effect of sex & birth cohort on age at onset, 1st degree relatives of patients with affective disorders, 30947
third ventricle & main body of lateral ventricle size, schizophrenic & mixed psychiatric patients with mean ages of 26 & 25 yrs who resist treatment, 12148

Ontogeny [See Development]

Open Field Behavior (Animal) [See Animal Open Field Behavior]

Open Universities [See Nontraditional Education]

Openmindedness
creativity & openness, college students, 1300

mental health, openness to experience, female college students, 1277
personality correlates, tendency to modernity, 22–25 yr olds, India, 14536
Operant Conditioning [See Also Avoidance Conditioning, Conditioned Emotional Responses, Conditioned Responses, Discrimination Learning, Escape Conditioning, Fading (Conditioning), Omission Training, Time Out]
ACTH & alpha-melanocyte stimulating hormone, performance on operant task, pigeons with bilateral lesions of hippocampus, 30161
ACTH, amnesia & memory for CRs, 2–6 wk old rats, 3523
ACTH, grooming & rearing & defecation & learning, mice, 3527
acute vs chronic dextroamphetamine, performance of conditioned behavior & dextroamphetamine tissue distribution, male rats, 3516
acute vs subacute effects of haloperidol vs chlorpromazine vs clozapine vs chlordiazepoxide, operantly conditioned motor control, male rats, 24832
age, effect of repeated presentation of novel auditory stimulus on FI behavior, monkeys aged 2–3 yrs vs 15 yrs & older, 5869
analysis of operant conditioning methodology, assessment of food preference, dogs, 13762
anticonvulsant & antipunishment effects of toluene, rats, 19738
aperiodic time-based reinforcement schedules with short vs long arithmetic vs harmonic mean interreinforcement interval, schedule choice in concurrent-chain procedure, male pigeons, 21925
applied relaxation with vs without operant condition therapy, chronic pain patients with mean age of 43 yrs, 10231
associative learning to obtain water by barpressing following ad libitum water access, pack rats from barren & rocky terrain vs those from moist habitats, implications for behavioral economics, 5848
atropine vs methylatropine vs DKJ-21 induced muscarinic receptor blockade in CNS, FI schedule-controlled operant responding & response rate-decreasing effects of physostigmine, male rats, 27598
attentional shifts during compound matching-to-sample procedure, response accuracy, pigeons, 3150
attribution theory, operant conditioning & organizational behavior, comments on article by J. C. McElroy, 21616
attribution theory, operant conditioning & organizational behavior, reply to comments by T. C. Mawhinney, 21618
attribution theory, operant conditioning principles, implications for organizational behavior, 21617
auditory stimulus & behavioral control of respiration in sleep, college students, 19537
auditory vs visual signal modality & duration, preference for signaled vs unsignaled response-independent food schedules, female rats, 21916
avoidance training, interresponse time profiles & response chains, female rats, 8627
behavior regulation approach, learned performance, 8659
behavior regulation, learned performance, comments on paper by W. Timberlake, 8612
behavior regulation theory, learned performance, comments on paper by W. Timberlake, 8641
behavior regulation theory, learning, comments on paper by W. Timberlake, 8630
behavior regulation theory, learning, reply to criticisms of S. R. Hursh & D. Case & J. E. Mazur & M. Branch & R. L. Shull, 8660
behavioral regulation theory, learning, comments on paper by W. Timberlake, 8614
brief disruptions in response-reinforcer temporal contiguity, choice of food vs blackout, male pigeons, 5873
brief vs extended exposure to noncontingent stimulation, subsequent operant conditioning, 10–12 wk olds, 14037
caffeine &/vs N6-levophenylisopropyl adenosine, responses in operant conditioning, monkeys, 24837
carbon monoxide concentrations, performance on repeated acquisition of behavioral chains procedure, male rats, 3507
chamber illumination & time of day & mild electric shock, food hoarding & response maintenance in operant lever pressing, male hamsters, implications for alternatives to food deprivation in operant responding, 16502
chlorpromazine vs trifluoperazine vs caffeine, performance on operant conditioning & cognitive task, male albino rats, 3457
chronic FR50 vs FR200 food reinforcement, maintenance of free-feeding weight, pigeons, replication of studies by G. E. Collier et al & E. Hirsch & G. E. Collier & C. B. Ferster & B. F. Skinner, 21928
chronic levo-alpha-acetylmethadol, effects of drugs on FR FI schedule-controlled behavior, male rats, 8994
classical vs rock music, behavioral organization using operant conditioning technique, rats, 19330
clonazepam & valproic acid & phenytoin & ethosuximide & phenobarbital, rate of responding in acquisition procedure, pigeons, 19715
computer simulation of relations between memory & operant behavior, pigeons, 11426
concepts in behavior regulation theory, learned performance, comments on paper by W. A. Timberlake, 8658
concurrent operant schedules, choosing between varying amount of foods in lever press design, 1–2 yr old beagles, 13751
concurrent reinforcement chains & reinforcement delay & number of reinforcers & terminal-link duration, multiple food chain preference, pigeons, 21933
concurrent reinforcement schedule procedures, evaluation of preferences for different sugar solutions, 9–19 mo old beagles, 13749
continuous phencyclidine infusion & withdrawal, operant behavior, rhesus monkeys, 19728
correction to C. L. Hull's law on delay of reinforcement & extention to FI operant schedules, 26889
course of & influences on extinction of conditioned defensive burying, rats, 30009
definition of 7 contingency theories of classical & instrumental conditioning in relation to contingency matrix & 6 derivative probabilities, 5868
delayed reinforcement, free-operant responding, female pigeons, 3212
derivation of matching law from differential equation, comment on R. J. Herrnstein's formulation, 21793
derivation of matching law from differential equation, reply to R. A. Heiner's response, 21794
desipramine, DRL performance before & after 6-hydroxydopamine-induced brain catecholamine depletion, rats, 781
development of classical & operant conditioning & behaviorism, 8292
development of tolerance to phencyclidine, effects on DRL schedule-controlled behavior & brain levels of phencyclidine, male mice, 3443
dextroamphetamine sulfate vs diazepam vs morphine sulfate vs sodium pentobarbital vs chlorpromazine, incremental repeated acquisition, male rats, 27628
dextroamphetamines, extraversion & modes of reinforcement in verbal operant conditioning, 19–24 yr old female postgraduates, India, 8970
differential reinforcement schedule followed by nondifferential schedule, response rate, pigeons, test of A. R. Wagner & R. A. Rescorla's model, 8613
discrimination learning using pizotifen maleate, rats, 11608
dopamine administered to dorsal caudate nucleus, motor disturbances in tonic phase of instrumental conditioning & initial level of motivation, cats, 30197
dosage level of cathinone vs amphetamine vs apomorphine as discriminative stimulus, operant lever press task performance, rats, 3505
dose of diazepam vs ethclorvynol vs chloral hydrate vs tertiary-butanol vs ethanol, response rate during operant schedule involving alternation of punished & unpunished responding, rats, 24967
dose of phenobarbital & positive verbal vs negative shock reinforcement, performance on sentence completion task, introverted vs extraverted female graduate students, India, 24842
DRL vs FR appetitive conditioning, species-specific behavior in form of scratching & biting, rats & gerbils, 13760
DRO vs nonDRO of response location, operation of joy stick to obtain food, rats, 5864
duration of leverholding requirement in operant contingency, interreinforcement & work time & postreinforcement response pause, male rats, 21935

effort & familiarity of food source, choice of food source, male rats, support for neophobia-optimality model, 3160
elaboration vs extinction of conditioned defensive response, interaction of pairs of neurons in visual & sensorimotor neocortical areas, rabbits, 22029
electrolytic vs 6-hydroxydopamine hippocampal lesions vs electrolytic cortical lesions, schedule-induced drinking & plasma corticosterone levels, rats, 8924
endogenous noncatecholic phenylethylamines, operant schedule-controlled behavior, dogs, 9018
evolution of human behavior through survivial contingencies & operant control, critical comments & author's reply, 29646
examination of molar theories of conditioning, 5832
food-correlated vs random light signals on VI schedule, instrumental response rate & resistance to satiation & extinction, rats, implications for overshadowing explanation, 466
food deprivation & sucrose reward reduction, runway speed, female rats, 5862
food or nonfood presentation vs barpressing vs food acquisition & ingestion stages of operant feeding task, electrical activity of neurons in globus pallidus, monkeys, 30091
food reinforcement vs visual vs auditory stimulus events in immediately preceding schedule sample, stimulus control in forced-choice variable time schedule, pigeons, 21923
frequency of shock received & availability of behavioral control over stimulus, corticosteroid response, female rats, 27497
gamma-butyrolactone &/vs sodium pentobarbital, rate of punished lever pressing, rats, 3484
habenular nucleus lesions, impaired acquisition of DRL operant responding, male rats, implications for septal & habenular functioning, 30181
haloperidol, barpress response after training on levers with varying force requirements, male rats, 3400
high vs low dosages of prostaglandin F2alpha or PGE1 & dextroamphetamine, hyperthermia & operant behavior, male rats, 22202
hippocampal electrical stimulation & training to drink water on VI reinforcement schedule, EEG sharp waves during drinking, male rats, implications for long term neuronal excitability changes, 8900
hippocampal stimulation, acquisition & performance of food-reinforced learning, male rats, 19600
hippocampal theta-driving septal stimulation, proactive behavioral effects on conditioned suppression & punishment, rats, 27498
icv injection of naloxone, operant feeding & drinking, prepubertal pigs deprived of food or water, 30199
icv vs ip administration of LSD vs dimethoxy-4-methylamphetamine vs mescaline vs lisuride, FR operant responding, male rats, 24894
indomethacin, modulation of dextroamphetamine action on operant FR responding & rectal temperature, male rats, 24899
injection of d-ala2-met5-enkephalinamide vs thiorphan &/vs naloxone into ventral tegmental area, conditioned reinforcement, female rats, 3446
interactions of reinforcers under concurrent chained FR1 FR9 schedule of food & water & morphine presentations, male rats, 6111
interface to connect Commodore microcomputers with single operant chamber, control of experimental events & data collection, 2792
interval between pairs of unsignaled shocks, conditioned suppression & acceleration of positively reinforced operant baseline, male rats, 19321
intracranial stimulation, 1-sec occupancy of target area in open field, male albino rats, 6067
lateral entorhinal cortex electrical stimulation, retention & extinction of conditioning of appetitive task, mice with lesions of perforant path, 22096
lesions of habenula nucleus, lever press behavior during tandem operant schedule with contrasting response requirements, male rats, 19647
low-response rate operant reinforcement contingency, response rate during single vs concurrent schedules, pigeons, implications for reinforcement value maximization, 21942
LY150720 vs LY136596 vs morphine & naloxone, schedule-controlled responding, monkeys, 24806
matching-maximizing controversy, review of book by M. L. Commons et al in terms of Skinner's inductivist view of scientific theory, 19280
maternal ratings of rhythmicity & persistence, rates of learning in operant conditioning experiment, 2–3 mo olds, 25037
mechanisms for testing operant conditioning & body rocking, developmentally disabled, 2780
mechanisms of neuroleptic induced performance deficit, animals, literature review, 30280
methadone & multiple FI/FR & VI/VR reinforcement schedules, operant response rate, male rats, 24952
methodology for study of acquisition of maze behavior chains, rats, 19335
modeling & shaping procedure, swallowing pills, 6 yr old female, 26091
multiple variable-time reinforcement schedules, stimulus control of schedule-induced behavior, pigeons, 21911
naloxone or pimozide, place-specific sensitization of conditioned activity increase induced by morphine administered into ventral tegmental area, rats, 9031
naloxone, schedule-induced drinking vs drinking induced by water vs cellular deprivation vs reduced body weight vs salbutamol, male rats, 19733
naloxone vs oripavine derivatives, food-reinforced responding under unpunished vs stressful punished conditions, squirrel monkeys, 8950
neurotoxin lesions of nucleus accumbens & drug dose, CRs concurrently maintained by food & water & morphine reinforcement, rats, conference presentation, 3384
norepinephrine & serotonin uptake inhibitors nortriptyline & desipramine & chlorimipramine & protriptyline & doxepin & nisoxetine & fluoxetine & iprindole, schedule-controlled behavior, pigeons, 3477
number of short duration stimuli, operant behavior & stimulus directed activities, homing pigeons, 30014
open field & instrumental food conditioning & acute hypoxic techniques, low- vs middle- vs high-entropy rats, 16497
operant & classical conditioning, alcohol tolerance, college students, 24794
operant analysis of problem solving & its transmission in culture, critical comments & author's reply, 29936
operant behaviorism & brief biography of B. F. Skinner, 29614
operant conditioning & modulation of cardiovascular function, literature review, 637
operant conditioning, behavioral tolerance to ethanol & muscarinic cholinergic receptor binding, male rats, 5875
operant conditioning, food acquisition problem solving & role of insight, pigeons, replication of W. Kohler's 1925 experiment with chimpanzees, 446
operant conditioning in therapy, stuttering, literature review, 7513
operant conditioning of blood pressure, heart rate & water intake, baboons, 13764
operant conditioning of categorical judgments, distribution of judgments, chicks, 16510
operant conditioning procedure of pressure-transductor stimulation for rehabilitation of impaired limbs, 47 yr old with left hemiplegia, 1936
operant conditioning studies, pigeons, Mexico, 29668
operant leverpress vs 2-pan choice tests, assessment of preferences for dry vs semi-moist vs fat-coated dog food, 9–19 mo old beagles, 13761
operant reinforcement contingencies, self grooming, vervet monkeys, 21919
operant-respondent concept & avoidance & conditioned suppression, 29636
pairing of light & auditory stimuli with feeding, development of secondary reinforcement as measured by learning of new unrelated runway response & role of associative mechanisms, rats, 21920
paleostriatal lesions, instrumental learning, pigeons, 6082
paradigmatic assumptions of Cartesian mechanics & its dualistic assumptions in operant conditioning, 29639
partial reinforcement & delayed extinction using water & saccharin, resistance to extinction, male rats, 27211

performance of operant behavior & pargyline-induced inhibition of monoamine oxidase, turnover of dopamine in caudate-putamen & amygdala, male rats, 564
phencyclidine & dextroamphetamine, acquisition & performance of response chains, monkeys, 9027
phencyclidine vs methyledioxyamphetamine, learning & performance of operant chain responses, monkeys, 27650
pimozide & reward, licking responses to sucrose solutions in anhedonia paradigm, nondeprived male rats, 22168
positive vs random vs negative response-outcome contingencies in free-operant formats, judgments of response-outcome relations & role of time, college students, 5802
postconditional devaluation of reinforcer, instrumental responding, male rats, 29996
practical implications of matching law, comments on paper by I. Meyerson & S. Hale, 13624
practical implications of matching law, reply to criticism of R. W. Fuqua, 5681
practical implications of matching law for reinforcement schedules, 5682
prenatal vs postnatal exposure to heavy metals, operant performance, rats, 11580
presentation of morphine-associated stimuli alone or extinction training following conditioning, conditioned place preference, male rats, 22134
procedure for development of self selection of ethanol, male rats, adaptation of techniques by R. A. Meisch et al, 24183
procedure for training self control with provision for responding during reinforcement delay, pigeons, conference presentation, 3189
programed instruction & operant training & speech therapy, language rehabilitation, 26–64 yr old patients with severe aphasia, 12678
proximity of visual stimulus change to reinforcement & FR vs VR schedule, response enhancement, pigeons, 8662
quipazine vs fluoxetine, extinction of operant response, male rats, 22140
radical behaviorism approach as alternative to methodolgical behaviorism operationism, analysis of verbal behavior psychological terminology, critical comments & author's reply, 29644
reinforcer variety, resistance to extinction in behavioral conditioning, 2nd graders, implications for reinforcement-based psychotherapies, 9148
relationship between ingestive behavior evoked by hypothalamic electrical stimulation & schedule-induced polydipsia, male rats, 8904
remember & forget cues, memory for pictorial stimuli, monkeys, 3193
required temporal duration of operant leverpress in concurrent reinforcement schedules, response accuracy, male rats, 21921
respondent conditioning, self injurious behavior, socially isolated monkeys, 24545
response-contingent vs independent schedules, visual attention, 2–3 mo olds, implications for intervention with at risk populations, 9173
response-reinforcer contingency, time allocation in open field, female albino rats, 8661
restriction of response classes in multiresponse environment, time allocation in each compartment, male rats, 8640
reward magnitude, key pecking & food intake in closed economy, pigeons, 13759
selective sectioning of trigeminal sensory vs motor nerves, instrumental responding for food or water, male rats, 27212
self-regulation of single unit activity & EEG & EPs & slow potentials, implication for biofeedback training, literature review, 24677
signaled vs unsignaled reinforcement delay & blackout interval association, response rates in delay of reinforcement procedures, pigeons, 21922
simulated foraging chain with 3-component operant chain schedule, search-cost ratio & foraging & feeding, female pigeons, 21930
spatial relationship of response & reinforcer, discrimination learning, mentally retarded 28–56 yr olds, 9831
stereotypic behavior as reinforcement, 5.8 & 8.8 yr old autistic males, 28729
thyrotropin releasing hormone & enzyme-resistant analog, multiple schedule operant escape vs food reinforced conditioning, monkeys, 22144
thyrotropin-releasing hormone, potentiation of pentobarbital & chlordiazepoxide & ethanol sedative & anxiolytic effects on suppressed responses during punished operant responding, pigeons, 22231
training, conditioned tactile placing of forelimbs, cats after spinal cord hemisection & unilateral neo-cortication, 11575
training duration & distribution, retention of operant motor task after 1- vs 2-wks, 8 wk olds, 30480
trimethyltin dose, response rate during DRL & role of hippocampal neurotoxic effects, male rats, 22195
VI schedules with 25–35 cents/reinforcement, lever pressing, 24–40 yr olds, confirmation of R. Herrnstein's linear system theory prediction, 3105
visual & auditory short term memory, pigeons, 24551
visual discrimination of food & barpressing for access to food & ingestion, neuron activity in dorsolateral prefrontal cortex, monkeys, 24669
Operation (Surgery) [See Surgery]
Ophidiophobia
modified progressive relaxation training vs Agni-Yoga, cognitive vs somatic anxiety, college students with snake phobia, 4739
observational conditioning of snake fear, 19–28 yr old wild-reared rhesus monkeys & 8 mo to 6 yr old laboratory-reared offspring, 5872
Ophthalmologic Examination [See Also Electro Oculography, Electroretinography]
Pickford-Nelson anomaloscope, assessment of color vision & validity of 4 pseudoisochromatic tests, 4–11 yr old males, 3651
Ophthalmology
direct photographic recording of ocular monochromatic aberration using crossed-cylinder aberroscope, humans, 16276
ophthalmologic vs hypnotic vs biofeedback training, anxiety disorder & blepharospasm, 54 yr old male, 3-mo followup, 23118
Opiates [See Also Codeine, Endogenous Opiates, Fentanyl, Heroin, Morphine]
abstinence phobias, model for explanation of relationship between anxiety & abuse of opiates & alcohol & tobacco, implications for treatment & staff training, 28988
acute vs chronic morphine vs ethylketocylazocine injections, locomotor activity, C57B1/6J vs DBA/2J mice, 27590
adenosine analogs, suppression of naloxone-precipitated withdrawal, opiate dependent guinea pigs & mice, conference presentation, 3524
age & ketocyclazocine hydrochloride vs morphine sulfate vs naloxone hydrochloride, cyclical feeding patterns, 1–2 mo vs 24–30 mo old mice, 30255
behavioral vs pharmacological intervention, reduction in illicit opiate use, 29–40 yr old male methadone maintenance patients, conference presentation, 5060
benzomorphan analgesics & opioids, attenuation of bombesin-induced scratching, rats, conference presentation, 3424
buprenorphine vs oxymorphazone vs morphine, analgesia & drug discrimination, mice & pigeons, conference presentation, 3441
cholinergic drugs UM-1046 & physostigmine, symptoms resembling naloxone-induced opiate withdrawal in morphine dependency, rhesus monkeys, 24856
chronic morphine vs ethylketocyclazocine administration, sleep & REM sleep & wakefulness & EEG & EEG power spectra & cross tolerance, rats, conference presentation, 3536
chronic naloxone administration, opiate binding in CNS & effect of morphine on antinociception & conditioned taste aversion, male rats, 22135
cigarette smoke & nicotine, food intake & weight gain & resting energy output & brown fat mass & opiate binding & blood glucose, male rats & hamsters, 6175
classical conditioning, opiate dependence, conference presentation, 5049
client characteristics, 19–55 yr old opiate-addicted attendees at drug clinic, 10536
clinical utility of naltrexone in opioid dependency treatment, 18376
combined pentazocine & tripelennamine, brain self stimulation, male rats, 30307

conditioning, reinstatement of opiate & stimulant self administration, humans & laboratory animals, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 798
consistent methadone vs abrupt switch from methadone to clonidine treatment, 21–50 yr old outpatient opiate addicts, 21138
depressive symptoms, prediction of unsuccessful clonidine vs methadone detoxification, ex-addicts of opiates, 23603
distribution of opioid peptides & receptor binding sites in spinal cord & activation by thermal & pressure & visceral nociceptive inputs, conference presentation, 30282
dopamine receptor blockage by prenatal chronic administration of haloperidol, striatal dopamine & opiate receptor development, rats, 27622
electrical stimulation of caudal periaqueductal gray & naloxone, analgesia & opiate withdrawal behavior, male rats, 24744
electrophysiological properties of opioid peptide morphiceptin in hippocampal slice, rats, 24629
enantiomers of SKF-10,047, EEG & behavior, female rats treated with or dependent on morphine, 16773
ethical problems in research on opioids, treatment of chronic schizophrenia, 34 yr old female patient, 28761
ethylketazocine & morphine administration, antinociceptive tolerance & physical dependence, C57 & DBA male mice, 27589
ethylketocyclazocine vs diprenorphine vs ethanol injections, ethanol intake, male rats, 11597
experimental psychology, exposure orientation approach to opiate addiction, literature review, 6884
GABA-ergic agents, opiate antinociception, conference presentation, 30289
guanfacine, treatment of acute opiate withdrawal, patients with mean age of 22.2 yrs, 5056
heroin & other opiate use vs abuse, 18–45 yr old moderate opiate users vs 20–42 yr old compulsive users, 1530
hydromorphone, changes in conversational speech & role as reinforcing drug effect, 25–35 yr old males with history of opiate abuse, 26393
incidence of psychiatric disorders, opioid dependent patients, treatment implications, conference presentation, 28346
interaction of phencyclidine analog with mu opioid receptors, mice, 19687
intracisternal administration of morphiceptin analog & morphine sulfate & dextro-ala-dextro-leu-enkephalin, ventilation & ventilatory pattern, unanesthetized dogs, 27591
intrathecal administration of methadone vs dextro-ala 2-methionine-enkephalinamide, hindlimb catalepsy, male rats, 9036
kappa agonist, U-50,488H & morphine, serotonergic dependence of kappa opioid analgesia, female mice, 27660
kappa opiate receptor agonists, behavior & brain function & ultrastructure, rhesus monkeys, 22171
kappa opioid agonists & antagonists, drinking & urinary output, rats, 19695
level of training & speciality, knowledge of opiate abuse & attitudes toward opiate abusers, medical students & residents & physicians, 12960
levo- & dextro-opiates, inhibition of codeine binding & cough reflex & blood pressure & heart rate, guinea pigs & cats, conference presentation, 3420
levorphanol vs dextrorphan & naloxone, feeding & drinking behavior, pigeons, 24822
LY150720 vs LY136596 vs morphine & naloxone, schedule-controlled responding, monkeys, 24806
mixed agonist-antagonist opioids, positive reinforcement & discriminative similarity to etorphine & ethylketazocine, rhesus macaques, 6181
modified submaximal effort tourniquet test as experimental pain model, assessment of analgesic activity of opiates vs dipipanone vs aspirin vs indomethacin vs diazepam vs codeine, 20–45 yr old healthy volunteers, 16793
modulation of opioid physical dependence during hibernation cycle, ground squirrels, 30202
morphine sulfate vs naltrexone injections, locomotor activity, male vs female hamsters, 27644
morphine vs levorphanol vs dextrorphan vs naloxone, explosive motor behavior & rigidity, tree frogs, 24912
morphine vs methadone vs dextro-ala 2-methionine-enkephalinamide, convulsive & cataleptic behavior, rats, implications for mediation by opiate receptors, 8958
naloxone, antagonization of effects of methadone & ketocyclazocine & allyl-normetazocine on cortical EEGs, female rats, 24969
naloxone vs oripavine derivatives, food-reinforced responding under unpunished vs stressful punished conditions, squirrel monkeys, 8950
naltrexone vs therapeutic community, opiate addiction, male veterans, conference presentation, 5027
neural mechanisms of opiate hedonic effects & role of endogenous opioids, regulation of motivational-affective responses, 16612
neural receptor antagonists to mu & kappa & opiate receptors, opioid & nonopioid mediated analgesia, rats exposed to intermittent vs continuous footshock, 13897
neurochemical characteristics of opiate tolerance & dependence, 31031
nicotinic & muscarinic cholinergic systems, opiate & nonopiate environmentally induced analgesias, male rats, 8837
opiate-mediated control of luteinizing hormone & development of narcotic tolerance & dependence, male rats, literature review, 30211
opiate properties of tetrahydropyridine & piperidine, rats, 16769
opiate receptor supersensitivity & upregulation, rats, 30319
opiate withdrawal, MMPI profiles, 21–54 yr old opiate addicts, 2207
opiate withdrawal using oral methadone vs electrostimulation, insomnia, drug dependent inpatients, 7728
opiates & sexual behavior & functioning & physiology, literature review, 8929
opioid agonists, modulation of seizures mediated by mu & kappa & omega opiate receptors, seizure-sensitive gerbil, 6139
opioid-neurotransmitter interactions, analgesia & drug dependence & tolerance, conference presentation, 30250
opioid receptor mechanisms in morphine tolerance & dependence, guinea pigs, 30293
opioids as agonists & antagonists & partial agonists at different receptors, theory presentation, conference presentation, 3292
opioids, tardive dyskinesia, outpatients in methadone maintenance clinic, 26165
opioids, treatment of restless legs syndrome, 47 & 54 & 58 yr old patients, 15331
ovariectomy with vs without estradiol & progesterone, opioid effects on feeding, female rats, 22083
paregoric vs phenobarbital vs diazepam, drug abstinence, neonates born to heroin- or methadone-dependent mothers, conference presentation, 5038
perinatal exposure to opiates & endorphins, development, organisms, bibliography, 1982–83, 19739
prototype opiate drugs, partial generalization, rats trained to discriminate fentanyl from saline, 16746
purines vs caffeine, opioid-induced feeding, rats, 27661
regulation of opiates, 22516
relative reinforcement properties of buprenorphine & methadone & heroin, monkeys, conference presentation, 3486
role of dynorphin in brain in development of narcotic tolerance, 30261
sensation seeking, 21–40 yr old Black vs White polydrug vs opiate & depressant drug abusers, 1524
sequential use of clonidine & naltrexone in drug rehabilitation, opiate addicts, 18377
stereo-isomer selectivity of sigma opiate/phencyclidine receptors as determined by biochemical & discriminative stimulus behavioral paradigm, male rats, 9042
treatment, male vs female opiate addicts, Denmark, 7-yr followup, 26382
unidirectional non-cross-tolerance to etorphine analgesia, morphine-tolerant male rats, implications for independence of tolerance & dependence, 27636
use of in vivo autoradiography, study of changes in opiate receptor occupancy in brain induced by footshock & forced swims in cold water, male rats, 11501
variation in shock intensity & duration & temporal pattern, opioid vs nonopioid stress analgesia, rats, 19575
Opinion (Public) [See Public Opinion]
Opinion Change [See Attitude Change]

Opinion Questionnaires [See Attitude Measures]
Opinion Surveys [See Attitude Measures]
Opinions [See Attitudes]
Opioids [See Opiates]
Opioids (Endogenous) [See Endogenous Opiates]

Opium Containing Drugs [See Opiates]
Opium Derivatives [See Opiates]
Opossums
learning ability, opossum, 16509
spatial learning, adult South American opossums & armadillos, 16518
Optic Chiasm
electrical stimulation of optic chiasm, leverpress conditioned response & visual EPs during sleep, mongrel dogs, 27217
electrical stimulation of optic chiasm as CS, leverpress conditional response & visual EPs, mongrel dogs, 27218
electrical stimulation of pineal organ & optic chiasma & illumination of lateral eyes & dorsal surface of brain, neuronal activity in habenular nuclei, pigeons, 3379
midline division of optic chiasm & corpus callosum & anterio & hippocampal commissures, viewing time & facial expressions during videotape recordings, rhesus monkeys, 19632
sagittal transection of optic chiasm to separate competitive binocular interactions from deprivation factors, cell body size in lateral geniculate, cats, 16724
Optic Lobe
alert vs defensive behavior, visual unit activity & EEG & sustained potential shift responses in tectum, freely moving toads, 5987
bilateral lesions of nucleus rotundus &/vs nucleus opticus principalis thalami, near field visual acuity, pigeons, 22118
neural retina vs pigment epithelium & optic lobe, blood flow & uptake of nutrient analogs, 5–7 day old chicks, 11517
order of fibers of visual pathways, cats & nonmammals, 13816
photic stimulation & moving stimulus, neuronal responses of tectum, frogs, 5964
removal of tectum at time of axotomy, role of target tissue in regulation of pattern of neuronal protein biosynthesis, goldfish, 696
unilateral optic tectum ablation, recovery of visual function by invader vs resident axons, goldfish, 30180
Optic Nerve
dichotomy of psychophysical responses, 9–36 yr olds with retrobulbar neuritis, 4387
diffuse light, directional response characteristics of optic nerve fibers, squirrels, 19492
high levels of spontaneous activity, velocity of impulses in optic nerve fibers, cats & frogs, 13797
mutual coupling in ocular circadian pacemaker, marine mollusc, 584
order of fibers of visual pathways, cats & nonmammals, 13816
spatial response properties of optic nerve fibers, squirrels, 19491
subclinical multiple sclerosis & CNS involvement, optic neuritis, Ss with mean age of 32 yrs, 13811
Optic Tract
acrylamide intoxication, optic tract fibers & linear summation of lateral geniculate nucleus units, rats, 30316
color-opponent r–g units of X-cell pathway, spatial & spectral sensitivity, primates, 567
monocular optokinetic stimulation, uptake of deoxyglucose in pretectal nucleus of optic tract & superior colliculus, male rats, 6042
order of fibers of visual pathways, cats & nonmammals, 13816
retinotectal projection, rats, 571
transection of left optic tract & cerebral commissures, visual EPs, cats, 11561
transection of optic tract, binocularity of cells in area 17 of normal visual cortex, cats, 3386
unilateral lesion, interactions between nucleus superficialis synencephali & nucleus of basal optic root in accessory optic system, pigeons, 3275
unilateral lesion of pretectal nucleus superficialis synencephali, horizontal optokinetic nystagmus, pigeons, 3276
Optical Aids
lateral eye movements, right handed male college students with normal vision vs myopia wearing contact lenses vs glasses full-time vs part-time, 7114
yellow filter, monocular contrast thresholds under photopic vs mesopic stimulation, 20–45 yr olds, 16420
Optical Illusions [See Illusions (Perception)]
Optimism
biblical concept of hope in psychotherapy, 10156
development & reliability & construct validity of scale measuring optimism about college life, 15–22 yr old college students, 2590
development of hope in counseling process, 48 yr old male suffering from stroke, 12780
optimisic attitudes toward life & preferred values, college students, Poland, 18664
optimism about college life, academic achievement, college students, 18656
orienting head to left vs right, personal optimism, college students, 27342
Optokinetic Nystagmus [See Nystagmus]
Optometry
issues & trends in care of low-vision patients & sociopsychological aspects of visual disabilities, optometrists, US, 31775
Oral Communication [See Also Oral Reading, Public Speaking, Speech Characteristics]
administration of standard vs alternative forms of National Institute of Health's oral stereognostic forms, assessment of oral perceptual skills, 4–12 yr olds, 113
adult-child discourse structure, production of early word combinations, language impaired 2.7–3.3 yr old males, 22917
adult communication behaviors, verbal output during interaction with clinician & mother, language impaired 3–5.8 yr olds, 14877
amytal testing of speech & memory & stereognostic functions, 16–60 yr old epileptics, 12402
amytal testing, speech & verbal & pictorial & stereognostic memory, 16–60 yr old epileptics with medically refractory seizures, 12401
analysis of mindlessness in compliance with confederate request, reply to comments by V. S. Folkes, 20116
analysis of schizophrenic speech, criticism of method outlined by R. E. Hoffman et al, 17441
automatic handwriting vs speech recognition systems vs full-screen text editor, editing, employees, 13343
behaviorism vs psycholinguistics vs social-interaction theories, language & social withdrawal & treatment, autistic children, 1774
cognitive & linguistic strategies in oral storytelling, reading retarded & dyslexic Ss with mean age of 9 yrs, 1604
cognitive training followed by language training, use of referential speech, profoundly mentally retarded 3–10 yr olds, 9838
communicative situation, production of directives, mentally retarded 8.21–12 yr olds vs nonretarded kindergartners, 14841
comprehension of movie & use of cohesion in spoken narratives, normal vs language disordered 7.5–10.5 yr olds, 20465
content analysis of speech samples, 4–12 yr old hyperactive males with attention deficit disorder, 7055
content analysis of values in presidential inaugural addresses, support for M. Rokeach's 2-factor theory of political ideology, 25252
contextual information & processing difficulty, ability to make & modify excuse inferences about speaker's use of utterance, 3rd graders vs college students, 19790
controllable vs uncontrollable reason for use of copying machine 1st, compliance with request & role of verbal behavior as cognitive vs automatic, criticism & partial replication of study by E. J. Langer et al, 20109
controversy & concurrence seeking in cooperative learning groups, oral interaction, engineering college students, 5830
cultural differences in verbal interaction, implications for teachers of English as 2nd language, 5222
cultural shaping of oral discourse, American Indian & other minority children in classroom, 5291
delayed reinforcement, generalization & maintenance of nonverbal/verbal correspondence training, 4–5 yr olds, 16909
deservedness of reward & storytelling & vicarious reinforcement, learning of generosity, Catholic 2nd–3rd graders, 17043

deterioration of language abilities, patients with Pick's disease with neurofibrillary tangles, implications for dementia, 17750
development of client & counselor verbal behavior systems, assessment of acquisition of skills & their impact on client responses & outcomes, graduate counseling students, 16294
development of errors in normal & agrammatic speech, implications for study of aphasia, 27695
development of oral & written language in narrative vs persuasive genres, 1st vs 3rd vs 5th graders, 9218
development of rapport & ability to converse, 63 yr old misdiagnosed as aphasic following stroke, 25997
deviant verbalization & high delta scores on Rorschach Test, neurotic vs borderline vs schizophrenic Ss with mean ages of 24.6 vs 21.3 vs 24.5 yrs, 17582
diadochokinetic syllable rate, hearing impaired high school students, 20588
digital speech recording system based on multiprocessor architecture, speech & linguistic research, 29666
disparities between reading & writing teaching methods, underprepared college students, 29229
EMG activity patterns of speech muscles during repetitions of sentence, normal vs cerebral-palsied dysarthric 19–34 yr olds, 14970
emotional expression through prosodic features of speech, literature review, 22244
eye movement & verbalization of thinking process during performance on Raven Matrices, 5797
face vs body presentation & speech characteristics, detection of deception, prospective college students & Ss with mean age of 23.7 yrs, 12027
gender differences, motivation for using obscenities, college students, 19742
goal instruction, production & integration of narrative sequences in picture story, 4–6 yr olds, 885
guidelines for communication intervention, young trainable or educable mentally retarded, 10329
guidelines for examiners giving oral examinations in psychiatry & behavioral sciences, medical students, 5127
high activity level & cognitive impulsivity, production of relevant task-directed verbalizations, 2nd graders, implications for cognitive training programs, 4535
high vs low self monitoring, expressive decoding & empathic communication styles, graduate counseling students, implications for psychotherapy, 28096
historical context & psychotherapeutic contributions of R. Bandler & J. Grinder's theory of neurolinguistic programing, 26017
homonymy & voiced-voiceless distinction in speech production & perception, 32–42 mo olds with specific language impairment, 28384
imperative vs nonimperative directive choices & affect & situation & linguistic politeness, 1st graders vs college students, 25032
importance of oral vs written communication skills, 16 yr old school leavers in 1st job, 32251
integration of speech & motoric behaviors during phases in puzzle solving task, 3.5–5 yr olds, 9185
intermittent reinforcement, generalization & maintenance of language response to trainers at school & mothers at home, developmentally disabled 3–5 yr olds, 18049
invention of morphophonologic rule, distinction between English singular & plural nouns in speech, language impaired preschool male, 22909
language lateralization during concurrent activities, 20–35 yr old male Portuguese-English bilinguals vs 20–24 yr old male English-speaking monolinguals, 593
language recovery, right handed bilingual 39 yr old aphasic, 17749
language used in descriptions of images, primary school students, 9144
learning sign vs oral language & oral speech development, deaf preschoolers, 20623
levels of verbal vs nonverbal behavior during selection interviews & resume credentials, ratings of applicant, college students, 10940
lexical & syntactic deficits in picture description, elderly Ss with senile dementia of Alzheimer type vs stroke-related dementia, 22974
male domination & sexist society & "telling it slant" as communication device, females, 27690
misunderstandings in communication & integration of speech production & perception, 22243
mouth asymmetry & left hemisphere control of articulation, response to comments by J. C. Hagen & R. S. van Gelder, 30068
mouth asymmetry during speech, comments on report by R. Graves et al, 30072
needs & behavioral styles, addressing various audiences, training implications, 26733
number of oral Rorschach responses, college students volunteering as Ss for psychology experiments during 1st vs 2nd semester, 28063
numbers & letters presented to left vs right visual field, naming of stimuli, forebrain commissurotomized patients, 8800
oral & written communication, 7–12 yr olds, 930
oral advance organizers, learning of agricultural technology, farmers, India, 21538
oral communication skills program, health education, college students, 29147
oral examination, specialist qualification in psychiatry, 18458
oral instruction of faculty vs administrative use of course evaluations, global course & instructor items, college students, 15928
oral reading vs silent mouthing of letter strings, recall, paid volunteers, 8527
oral vs total communication training, facilitation of sentence repetition, mildly & moderately mentally retarded 4.7–8.1 yr olds, 18081
oral/aural vs total communication programs, development of oral vs sign English, deaf 5–8.9 yr olds, 10327
patterns of perseveration & frequency of carrier phrases in verbal discourse, dementia patients, 22927
perception & production of voice-onset time-cued stop consonant voicing, 5 yr olds with multiple-phoneme misarticulation, 1617
phonological awareness & verbal short term memory, prediction of deficiencies in spoken language skills & reading disabilities, elementary school students, 13154
powerless vs generic communication style, perception of speaker, college students, 25007
pragmatic role of frequently repeated utterance "it's gone" within multiple context conversational interactions, specifically language impaired 4 yr old male, 9874
Premack Principle, modification of hypochondriacal verbal behavior, 73 yr old institutionalized depressed female, 18088
preparation of speech in advance of actual production, verbal fluency, college students, 22246
presence of older siblings & mother's language during question-answer interactions, language production, 2.3–2.5 & 4.3–4.8 yr olds & their school age siblings & mothers, 22355
presenting message orally with vs without written form, ability to evaluate its communication adequacy, 1st grade beginning readers, 25077
private speech during play activity, learning disabled 89–108 mo olds diagnosed as hyperactive vs reflective, implications for self instructional techniques, 14847
production & use of segmental phonological cues, perception of syntactic structure of syntactically ambiguous sentences, speakers of American vs British English, 19244
reading & writing strategies, enhancement of oral language skills & development, students with auditory language disorders, 26651
reading skill, proficiency in retelling aurally-presented stories, 6 yr olds, 16942
reading vs total vs manual vs oral communication skills, severely & profoundly deaf 9–20 yr olds, 17738
reflexive test-context relationship in A. Lincoln's "Gettysburg Address" & E. Kennedy's "Television Statement to People of Massachusetts", 27674
relevance & reliability of classification instrument, rating of interview style, doctors, 21730
reliability & validity of category system for analysis of verbal interactions, couples with depressed partners, 16323
respiratory adjustment during speaking & singing activities, highly trained 23–38 yr old male baritones, 19557
role & influence of audiolingual component, foreign language learning, native speakers of German, 11649
role of dominant thalamus, language functions & thalamic aphasia, literature review, 11470

role of visual perception in early lexical acquisition & verbal role play, blind vs sighted 9 mo to 3.4 yr olds, 9885
self regulatory functions of private speech, 3.5–6 yr olds, support for L. S. Vygotsky's theory, 16940
sensorimotor mechanisms, coordination & programing of multi-movement speech behaviors, 13669
sex differences, nonverbal & verbal communication with bosses & peers & subordinates, business students, 16107
sexually biased stereotypes about polite speech, females vs males, 14439
singing & recitation, development of seizures, 26 mo old male, 9944
social interaction contexts for & goals & procedures of language therapy, children with language disorders, 1812
speaking & writing & comprehension of sentences, prelingually deaf 11–15 yr olds, implications for teaching, 4390
speech-action coordination in hammering board task, 3 vs 4 yr olds, 896
storytelling & group interaction, moral judgment, 6 yr olds, Philippines, 17038
strategy self-verbalization during remedial listening comprehension instruction, self efficacy & performance, 2nd–4th graders with language deficiencies, 21438
style & meaning & message, public reactions to communicated information, respondents, 16834
told vs dictated stories & re-reading attempt, assessment of emergent reading abilities, kindergartners, 7995
tutoring vs embedded instruction, teaching of yes/no responses, developmentally disabled 5–6 yr olds, 18705
type of adult model's description & visual presentation of toy interactions, paired associate learning, 4.9–5.3 mo olds, 14125
usage & effectiveness of Tadoma method of teaching speechreading & production, institutions for hearing impaired & deaf-blind, United States & Canada, 28966
use of verbs in speech, agrammatic aphasics, 17763
validity of vocal onset latency vs read only trial procedure, "yes/no" question answering research, college students, 21720
verbal & nonverbal response categories, client-perceived expertness & trustworthiness & attractiveness, graduate counseling students, 18282
verbal language complexity & styles in interaction with peer vs adult, learning disabled vs nondisabled male 6th graders, 1588
verbal self monitoring ability, speech production, 62 yr old female with auditory agnosia & aphasia, 20556
verbal vs nonverbal reinforcement, reduction of abusive behavior, 13–16 yr old males from urban slum areas, 14053
verbalization, imitation of aggressive vs nonaggressive behaviors, 5–6 yr olds, 16852
vocal communication, review of German literature, 3552
vocal interaction with mother/caretaker vs stranger, male vs female 3 mo olds, 17092

Oral Contraceptives

diuretics & oral contraceptives & pyridoxine & prostaglandin antagonists/precursors & lithium & bromocriptine, premenstrual syndrome, literature review, 31509
effectiveness of intrauterine device vs high dosages of estrogen vs estrogen/progestin combination, college students, 11975
ethanol elimination & disappearance during menstrual cycle phases, 21–30 yr old female social drinkers taking vs not taking oral contraceptives, 759
gender & oral contraceptive use & noise, temporary threshold shifts & loudness discrimination, males vs females, 13848
menstrual cycle, RT & academic performance, 18–21 yr old females using oral vs no contraception, 3323
oral contraceptives & thyroxine, depression, 20 yr old single female, 18139
oral contraceptives, ethanol & acetaldehyde metabolism, 18–29 yr old females, 16767
ovarian & contraceptive cycles, absolute threshold & auditory fatigue & recovery from temporary threshold shifts, 19–23 yr old males vs females, 27136
personal & cultural & social acknowledgement of sexual freedom & acceptance of oral contraceptives, females, 1175
single vs combination drug contraceptive medication & day of menstrual cycle, psychomotor reminiscence, 18–25 yr old females, 1976

Oral Reading

amount & mode of assigned contextual reading, 1st & 3rd & 5th graders designated as good vs poor readers, 13071
availability of contextual information & strategy instructions, oral reading performance, 3rd–4th graders, 3621
decomposition of words into their constituent morphemes, lexical access during reading, 33 yr old male with crossed phonological dyslexia, 20441
delayed auditory feedback while reading voiced vs voiced & voiceless passages, speech behavior, 18–23 yr olds, 16431
delayed vs immediate teacher correlation of oral reading errors, reading proficiency, mentally retarded 11–17 yr olds, 32147
development & role of inner speech in reading, elementary school students, 21346
dose of methylphenidate, reading skills & oral reading, hyperactive 9–15 yr old males with attention deficit disorder, 12619
emphasis on meaning vs accurate oral reading, sentence recall, 3rd graders, 10685
expressiveness & fluency of native vs foreign language poetry readings, males vs females, US vs Germany, 19747
familiar vs unfamiliar stories, form & focus of response, 4 yr olds, 27784
inexpensive educational programs, techniques of reading aloud to their preschool children, parents, 26538
intrasentence context & content difficulty, oral reading of isolated words vs sentences, 3rd–5th graders, 3622
language structure, oral reading comprehension, college students, Poland vs US, replication of study by J. H. Danks et al & Danks & G. O. Hill, 16825
oral vs silent reading of passage, literal vs inferential reading comprehension, 2nd–5th graders, 29284
pre- & postquestioning format of directed reading activity with stories & story structure, listening comprehension, kindergartners, 32026
reading ability & instruction method, oral reading strategies, 1st graders, 5262
reading of Nepalese vs English words written in syllabic script & Roman alphabet respectively, bilingual 15 yr old dyslexic male, 20434
responses to reading miscues during oral reading sessions, 2nd grade teachers & their students, 5226
self centered oral reading errors in reading process, children learning to read, 11775
silent vs listening previewing, oral reading, mainstreamed behaviorally disordered 9–12 yr old students, 13160
simultaneous vs successive information-processing tasks, good vs poor 9–11 yr old 5th grade readers, 13086
size & case of typeface & string length & practice, performance on silent vs oral reading & skill transfer, college & graduate students, 375
teacher prompts & cues during oral reading activities, student confusion about reading & word recognition, 5232
temporal analyses of comprehension during oral reading, 2nd & 4th graders, 11763
text characteristics, types of reading errors & self corrections & comprehension, elementary school students, 7904
word supply vs analysis error correction procedures in alternating treatments design, oral reading errors & self corrections, moderately mentally retarded 12–17.4 yr olds, 31100

Organ of Corti [See Cochlea]

Organ Transplantation

biological functions & emotional & spiritual meanings of heart, implications for disease processes & heart transplant surgery, 28468
body image, 16–50 yr old male renal transplant recipients, 7523
conventional vs refutational persuasive message styles, filling in organ donor cards, college students, 28041
organ transplantation, psychological aftereffects, 31572
perception of obtrusiveness & sense of personal control, 19–68 yr old hemodialysis & continuous ambulatory peritoneal dialysis & posttransplant patients, 4845
psychiatric evaluation, depression & anxiety & organic mental disorders, 18–45 yr old heart transplant patients, 1669
stress & emotional state, hospitalized patients before & after cadaver renal transplantation, conference presentation, 28838

Organic Brain Syndromes [See Also Alcoholic Hallucinosis, Alcoholic Psychosis, Alzheimers Disease, Delirium Tremens, Dementia, Korsakoffs Psychosis, Picks Disease, Presenile Dementia, Senile Dementia, Toxic Psychoses]
acquired immune deficiency, organic mental syndromes, 31 & 36 yr old male homosexuals, 9947
bencyclane, vigilance index & behavior, patients with organic mental disorders, 28762
classification & concepts & prospects, organic brain syndromes as defined in DSM-III, 17771
clinical signs & course, 3–14 yr olds with infection-related organic brain syndrome, 4455
DSM-III approach to organic mental disorders, 7079
etiology & postconvulsive sleep & frequency of seizures & symptoms of chronic organic psychosyndrome, epileptic patients, 17786
hydroxyzine pamoate, temporary insomnia & agitation, 30–78 yr old patients with organic brain dysfunction, 12658
manic depression misdiagnosed as organic brain syndrome, 48 yr old female, 4189
mortality, patients with organic mental disorders, 10-yr followup, 14895
neurotropic drug vs placebo, mental & memory functions, patients over 65 yrs of age with organic brain syndrome, 4800
organic brain syndrome, acquired immune deficiency, 30–36 yr old male homosexual patients, 12370
placement in community nursing homes vs VA nursing care units vs continued psychiatric care on same vs other ward, treatment outcome, male psychiatric patients with schizophrenia &/or organic brain syndrome, 31703
potential role of functional biochemical disturbances in functional psychoses, implications for distinction between organic vs functional psychoses, 6762
psychiatric evaluation, depression & anxiety & organic mental disorders, 18–45 yr old heart transplant patients, 1669
psychopharmacologic issues, diagnosis & treatment of organic mental disorders, 31508
role of basal nucleus of Meynert in degenerative brain disorders, 25933
role of social casework in assessment & intervention techniques, patients with Alzheimer's disease & organic brain syndromes, 17810
short term memory vs long term memory, 75–86 yr old institutionalized females with organic brain syndromes, implications for effectiveness of reality orientation therapy, 25768
signature size, psychodiagnosis, patients with schizophrenia vs depression vs manic depression vs organic mental disorders, 17435
sleep deprivation as provocation method in EEG, patients with non-epileptic organic cerebral disorders, 8886
symptoms & syndrome categories & review & comparison of previous writings, organic brain syndrome, 31177
time course & social & occupational adaptation, patients with neurosis-like forms of organic brain diseases, followup study, 31194
Organic Therapies [See Also Drug Therapy, Electroconvulsive Shock Therapy, Narcoanalysis, Psychosurgery, Vitamin Therapy]
introduction of convulsive therapy for schizophrenia by neuropsychiatrist L. Meduna in 1934, 1776
trace mineral analysis as adjunct to psychotherapy, patients, 28532
Organizational Behavior [See Also Organizational Effectiveness]
advantages & disadvantages of organizational role, internal human resource & organization development professional, 32282
ambiguity strategy in organizational communication, 26796
applicability of radical therapy process, meetings of social change organizations, 15028
applied behavioral psychology, organizational behavior, 26814
attitude measurement & behavior prediction, career advancement, Blacks, South Africa, literature review, 18871
attitudes toward & evaluation of social interaction at work, male workers, US vs England vs Ghana, 29539
attribution theory, operant conditioning & organizational behavior, comments on article by J. C. McElroy, 21616
attribution theory, operant conditioning & organizational behavior, reply to comments by T. C. Mawhinney, 21618
attribution theory, operant conditioning principles, implications for organizational behavior, 21617
attributions for confrontational behavior, resolution of organizational conflict, college students, 32280
automation systems for transacting & documenting & telephoning & meeting functions in business offices, 26819
backgrounds & expectations & selection of department chiefs & departmental size & workload, variations in rationalization within municipal police departments, 13337
behavior observation, investigation of relative work content & behavioral style & social interaction, telecom operators, Sweden, 18833
behavioral technology, innovative program adoption in human services, 8222
beliefs & perceptions & cognitions, organizational behavior, 2685
beliefs about organizational conditions & position, perception of organizational wrongdoing, federal employees, 13330
bias in grievance outcomes, males & females in large labor union, 21598
business organizations & advancement to top management, females, 32274
changes in organizational demands & supervisory styles, adoption of ingration tactics, graduate students, 2686
cognitive style & attitude toward firm growth & motivation, internalization of firm's ideals, management personnel, 16058
communication about work & social topics & innovation, managers & subordinates in engineering firm & electronics plant & social services department, 16079
comparison of French translation of commitment questionnaire by R. T. Mowday et al & J. D. Cook & T. D. Wall's commitment scale, assessment of organizational commitment, 17–19 yr old cadets, 11169
concept of coalition in organizational theory & research, 24030
conceptual framework of sociopathic organization & role of government regulation, 16086
conflict management in organizations, India, 10970
conflict management program with organizational behavior focus, 16059
cooperation theory & research, organizations, 2692
corporate smoking policies, 5489
critique of effects of automation research based on labor process vs employee skills, 21636
cultural aspects of interpersonal relations & conformity in Bell System telephone company, employees, 1-yr longitudinal study, 23999
cyclical rhythms in social & organizational contexts, entrainment of behavior, 24014
dealing with incompetent vs authoritarian vs hostile boss, employees, 21600
definition of joint activity in group work, 20088
desire for decision-making autonomy in organizational settings, individuals, 29556
development & application, large-scale competitive business games, 18858
development & validity & reliability of scale, measurement of preference for ideation, managers & professionals, 16295
development of content & behavior oriented scales, assessment of interpersonal communication & leadership style in organizations, supervisors & subordinate personnel in insurance company, 29758
development of Organizational Assessment Survey, US Air Force management consultants, 2906
development of teamwork & role of technical educators, 23996
directions in research on organizational negotiation, 18831
distinguishing qualities, organization executives, 26779
dual role as scientist vs consultant, organizational behaviorists, 16116
dynamics & clustering & survival of "vicious circles" in organizations, 26803
employee & management characteristics & productivity & organizational behavior, literature review, 18865
evaluation of staff functioning in multidisciplinary treatment approach in experimental community mental health center, 21021
evolutionary phases of management succession, mental health administrators, 10585

executive succession, university hospitals, 10630
external & internal control structures of school systems & strategy for change, application of organizational development model to training program for state school administration, Sweden, 29103
factors affecting implementation of computer-based office information systems, literature review, 24011
factors in executive succession, literature review, 10966
general systemic model for intervention in organizations, psychologists, 15640
generational conflict in business organizations, entrepreneurs & managers of public & private sector companies, India, 18827
group cohesiveness, attitudes toward flexitime & effect on organizational attitudes & behavior, employees, 2684
group formation & size & free-riding tendency & individual productivity, implications for management, 23993
history of collective bargaining & strikes, physicians, 18455
idea generation & release & development & organizational acceptance, power, organizational personnel, 16101
idiographic approach to research, leadership & subordinate behavior & organizational performance, 2674
implementation of dilemma counseling approach to organizational behavior classroom setting, decision making, college students, 1-yr longitudinal study, 32197
integration of organizational psychology & systems theory, management training & controlled experimentation with simulation, industrial & academic & military personnel, literature review, 8210
interaction patterns & influence, promotions, female vs male nonsupervisory employees, 3-yr followup, 32242
interdependence & leadership & joint decision & equal influence in organizational team building, 16113
intersubjectivity of definitions of powerful others, organizational politics, employment training project workers, 13323
involvement in humor & social network patterns at work, rank & file employees vs managers, 13310
issues of sexual attraction in organizational settings, 16105

incentives & motivations, quality of working life, 16081
management persistence with 1 course of action & environmental complexity, perception of leadership, college students in management course, 32262
management style & situational environment & effectiveness criteria, measurement of organizational effectiveness, military & civilian personnel, 16090
organizational climate & job complexity & satisfaction, 18–67 yr old nursing service employees, 13312
organizational climate & size & managerial turnover, government employees, 32297
organizational climate, job satisfaction, business executives & supervisors, India, 16075
organizational currents & triangulation in study of public school system, public school personnel, 31993
organizational issues, stress, male vs female preschool & kindergarten vs elementary school teachers, 2358
organizational purposes & values & development of organizational cultures, 13304
organizational structure, perceptions of work & treatment environments, social workers, Israel, 18854

perceived change in unionized vs nonunionized campus functioning, college faculty, 18515
perceptions of company leadership climate, company unit effectiveness, US Army troops & leaders, 8234
personality & organizational climate variables, effectiveness of management development programs, management personnel, 18809
personality & perceived work climate & outcome preferences, 20–39 yr old male vs female public vs industrial accountants, 24017
personality characteristics & problems in workplace, employees, 21597
personality orientation of members & leader & leader-member discrepancies in organizational climate perceptions, clerical workers, 21602
problems in organizational merger, 29535
quality circles, increasing productivity, employees, US vs Japan, 26778
role of formality, product elimination decision making, engineering company employees, 23965
social work organizations & social & policy influences, social work practice, social workers, conference presentation, 18486
Type A vs Type B behavior patterns & work environment, occupational stress, employees, presentation of model, 2680
variables in group dynamics & organizational climate, selection of leader, students & workers, 32257
work environment & employee training skill transfer, 16037
workplace changes due to new technologies & need for coping management strategies, 29543

Organizational Crises
reduction of effects of organizational crises on individuals, human service professionals, 26794

Organizational Development
analysis of 1978–81 studies attempting to evaluate effectiveness of organizational development programs, determination of quality of research design, 32322
approaches to career development programs, surveyed organizations, 24009
attitude survey-guided consultation, involvement, mining company employees, 9-yr longitudinal study, 26797
behavioral technology, innovative program adoption in human services, 8222
communication & strategies for successful innovation implementation within organizations, 10989
culture, organizational development & management practices, Latin countries, 18851
description of successful vs unsuccessful organization development projects using W. Burke's 7-phase model, organization development professionals, 2669
development & distinctive characteristics of successful vs unsuccessful client-consultant relationship, organization consultants with 3–20 yrs experience, 32247
development of behavioral principles & practices in state mental health & retardation services, 7590
evaluation & behavior management expertise, time efficiency program in metropolitan police department, behavioral community psychologists, 13335
future development in human resource development planning, 24031
interventions designed to enhance personal & organizational creativity, 13285
needs assessment & training efforts & organizational development during company culture change, 26789
organizational development activities, Michigan Rehabilitation Services, 5007
organizational development approach, mentoring, 24008
organizational development, individual freedom & privacy & self esteem, 16112
organizational purposes & values & development of organizational cultures, 13304
reframing technique, problem solving in organizational development, 16060
role in organizational development & change, internal organizational development consultants, 13327
strategy for high productivity with high quality & delivery & low costs, successfully competitive companies, Japan, 26809
team development, team organization & functioning, Israel Defense Forces logistics unit team members, 16025

Organizational Effectiveness
contribution to corporate profit through cost containment & sales, management personnel, 21581
education & participative management style & organizational effectiveness, 21533
employee ownership, organizational effectiveness & employee motivation & satisfaction, employee-owned companies, US, 23991
idiographic approach to research, leadership & subordinate behavior & organizational performance, 2674
ineffectiveness of institutional review boards in evaluation of risks & benefits of proposed research, rights of Ss & societal welfare, 2847
management strategies for conflict resolution in complex organizations, 23982
management style & situational environment & effectiveness criteria, measurement of organizational effectiveness, military & civilian personnel, 16090
model for analysis of value of human system in organizations, 29552
role in industrial reorganization, managers, 8212
social judgment theory approach to evaluation of public sector agency performance, 29485
strategy for high productivity with high quality & delivery & low costs, successfully competitive companies, Japan, 26809
validation of personnel audit as organizational assessment tool, manufacturing plant employees, 29541

Organizational Goals [See Organizational Objectives]

Organizational Merger
desire to manage resources & market power, organizational merger behavior, 2676
guidelines for corporate merger, personnel managers, 21590
motivation & open communication & participative problem solving & collaborative reorganization, organization merger success, 18832
negotiations following acquisition leading to combination of manufacturing firm with conglomerate, 18855
perception of merger of mental health agencies, 19–50 yr old chronically mentally disabled clients, 8-mo followup, 4878
problems in organizational merger, 29535

Organizational Objectives
cognitive style & attitude toward firm growth & motivation, internalization of firm's ideals, management personnel, 16058
game theory-based model, resolution of discrepancy between group objectives & individual behavior, implications for educational administration, 31975
history & goals of Association for Non-White Concerns in Personnel & Guidance, 21199
history & goals of Association for Religious & Values Issues in Counseling, 21157
management style & functional specialization, managers, US & UK, 1966–73, 32259
organizational purposes & values & development of organizational cultures, 13304
techniques for comprehensive employee attitude surveys, organizational planning & employee improvement programs, 26815

Organizational Performance [See Organizational Effectiveness]

Organizational Psychology [See Industrial Psychology]

Organizational Structure
attitudes toward organizational structure & policies & reward systems & distribution of power & trust, job satisfaction, full-time vs part-time employees in medical rehabilitation hospital, 13311
backgrounds & expectations & selection of department chiefs & departmental size & workload, variations in rationalization within municipal police departments, 13337
cognitive style & attitude toward firm growth & motivation, internalization of firm's ideals, management personnel, 16058
corporation movement away from linear age learning management model to geodesic model, 26804
cultural values, organizational structure & climate, India, 18862
employee ownership, organizational effectiveness & employee motivation & satisfaction, employee-owned companies, US, 23991

formal vs informal organizational structures in evaluation of youth programs, US & Israel, 2082
implementation of automation, management practices & organizational structure & productivity, white collar workers in life & health insurance company, 24000
individual vs more protective group efforts to earn money, distribution of work performance, 18–35 yr olds, 12001
inequalities in organizations & social stratification, literature review, 8215
institutional rules governing organizational rationalization, mental health systems, 28568
interpretive scheme changes, organizational restructuring, female Roman Catholic religious order, 8216
interrelationships of financial participations & directorates of large corporations, West Germany & Austria, 16117
language or speech events & rituals, development of power & structure in organizations, 16098
managerial work & leadership research & organizational perspectives in planned change & training, managers, 29526
mathematical models, organizational structure & management systems & their efficiency, 2660
modified functional theory of intelligence & occupational hierarchy, 29542
national vs regional vs local corporations, job commitment & satisfaction, employees, 29545
negotiated orders & organizational cultures, literature review, 8221
network position's function & tenure, cognition, software firm employees, 26813
organizational characteristics, sex discrepancies in faculty employment, university vs college professors, 18527
organizational climate & size & managerial turnover, government employees, 32297
organizational size & capital intensity & budgetary autonomy, job satisfaction, private industry employees, 32300
organizational socialization in office of criminal prosecutor, law school interns, 11956
organizational structure & adult learning principles, 10988
organizational structure & decision making processes, job performance & satisfaction, personnel in national manufacturing & insurance firms, 29549
organizational structure, intrinsic vs extrinsic, motivation in voluntary organizations associated with conservative Protestant churches, ministers & congregation members, 11904
organizational structure of social work agencies, practice of family therapy techniques in social casework, social workers, 4910
organizational structure, perceptions of work & treatment environments, social workers, Israel, 18854
perceptions of fairness in equitable allocations, upper vs middle managers vs clerical workers with mean age of 38 yrs, 2682
political economy perspective & institutional model of organizational structure of community mental health centers, 28864
potential influence structures, sources of interpersonal conflict in groups & organizations, 32305
problems in organizational merger, 29535
relationships between structural positions & individual influence, full-time nonsupervisory employees & immediate supervisors & top-level managers of newspaper publishing company, 16084
removal of assumptions of bipolarity in organizational measurement processes, implications for organizational theorizing & analysis, 15992
reorganization of employee relations department in large corporation, 18846
robotics, organizational behavior & structure & employee attitudes & interactions, factory workers, 24003
secrecy & power & division of labor & efficiency in bureaucracy, morality, 16104
sociocultural processes, external vs internal organizational control, 16094
subordinate & superior & message characteristics & organizational structure, upward flow of information, 2677
task visibility & free riding & shirking, effects of organizational structure & technology on job performance & satisfaction, employees, 10993
team management synergy, 8200
technology & changing organizational structure & management role, 32264
unidimensional classroom organization, perceptions of self & peers & school, students, 13114
Organizations [See Also Alcoholics Anonymous, Business Organizations, Government Agencies, Health Maintenance Organizations, International Organizations, Labor Unions, Nonprofit Organizations, Professional Organizations]
analysis of structurally equivalent roles for money & information & moral support organizational resource networks, 27895
archetypal social systems analysis, implications for organizations, comments on I. Mitroff's approach, 10997
archetypal social systems analysis, organizations, reply to comments of S. L. Obert, 10996
burnout in organizational settings, employees, 24012
characteristics of decision problem & roles & motivation of participants, design of decision support methods in organizations, conference presentation, 23990
conflict of interest, members of state boards of psychology, 12916
contribution of M. P. Follett to conceptual management literature on control in organizations, 10974
decline of community thesis & characteristics of neighborhood organizations, 1929 vs 1979, 6428
development & focus of American Institutes for Research, 26734
development & function & research contributions of 3 large behavioral research organizations, 25388
development of Human Resources Research Organization, 26817
development of organizational cooperation in ergonomics, Council for Mutual Economic Aid member countries, 8245
elements & issues in management planning process in organizations & academic institutions, 10670
empowerment as developmental process, 30–65 yr old citizen leaders in grassroots organizations, 11864
evaluation of validity of correlational research, organizations, 1979–83, 24015
financial resources & regulatory activities of professional licensing boards in psychology, American Association of State Psychology Boards, 12974
individual advocacy styles & social support functions & organizational characteristics, 25–58 yr old members of women's organizations, 17242
interfirm power relationships in marketing setting, 16087
interpretational errors resulting from inconsistency in assumptions of independence & interdependence between theory & data analysis, organizational research, 8450
management of intergroup conflict in organizations, literature review, 10959
measurement of power potential of organizations in community politics through rating of power reputation of local elite members, West Germany, 14409
organizational decision making & outcome perception, comments on theory of J. R. Harrison & J. G. March, 8224
power, leadership & management in organizations, 18838
role & function of volunteer organizations, US, literature review, 17110
role in collective organizations, occupational psychologists, 31828
role of organizations in social change, developing countries, 32292
sexual attraction & harassment in workplace, 11001
stage models of organizational socialization & small group development, 11007
strategies for empowerment, feminist groups, 11972
theories of organizational crime, implications for control strategies, 1501
types of rites & ceremonials, study of organizational culture, 11005
voluntary skills behavior, satisfaction & adverse effects of unemployment, unemployed adults, 2622
Orgasm [See Female Orgasm, Male Orgasm, Premature Ejaculation]
Orientals [See Asians]
Orientation (Perceptual) [See Perceptual Orientation]
Orientation (Spatial) [See Spatial Orientation (Perception)]
Orienting Reflex
age differences & commonness of picture label, orienting response to & free recall of picture stimuli, 17–24 vs 60–88 yr old females, 8867
between vs within trial changes in pitch & loudness, electrodermal orienting reaction & perceptions of movement & their interaction, college students, 8857

electrical stimulation of lateral hypothalamus during iontophoretic application of acetylcholine vs norepinephrine vs cycloheximide, neuronal activity, rabbits, 16720
orienting reaction to auditory stimulation, 6–48 yr old post-meningoencephalic epileptic patients, 7113
orienting reflex & effects of stimulus novelty & surprise on event-related cortical potentials, literature review, conference presentation, 19455
variations in spectral composition of rattle sound, behavioral & cardiac orienting responses, newborns & 5 mo olds, 11751
Orienting Responses
age differences, homing tendencies during escape, juvenile vs subadult vs adult bank voles, 8701
auditory acuity, orientation behavior, female bushcrickets, 19344
auditory brain stem evoked response vs conditioned orienting response testing, diagnosis of deafness caused by bacterial meningitis, infants under age 2 yrs, 8361
cardiac startle & orienting in response to auditory & vibrotactile stimulation, infant chimpanzees & gorilla, 21902
change in semantic category & interpolated tones in proactive inhibition task, skin conductance & heart rate, college students, 8874
change in visual stimuli, skin resistance orienting responses, 17–24 yr olds, 8872
classical conditioning, strength of orienting response during blocking, rats, 5870
constant light vs darkness, locomotor activity & angular orientation & diel activity rhythms, sea catfish, 8897
dopamine injections into medial & lateral regions of dorsal striatum, postural deviation & rotation, female rats, 30251
EEG reactivity to information, acute vs recovered schizophrenics vs neurotics vs normal Ss, conference presentation, 1419
electrical stimulation of anteromedial cortex, head orienting behavior, male rats, 22104
electrodermal activity & orienting responses to auditive stimuli, autistic vs mentally retarded children vs child psychiatric patients, 1489
exposure to loud vs normal tones, orienting & defensive responses assessed by EEG & EOG & GSR & EKG, twins, 13839
extinction of orienting response, 5–33 yr olds with nocturnal enuresis vs symptomatic epilepsy, 25906
habituation of electrodermal orienting response, diagnosis, at risk & Huntington's disease patients, 17766
habituation of skin conductance orienting response, schizophrenic 18–64 yr olds, 6810
heart rate deceleration & primary bradycardia in orienting response context, college students, 6029
illumination conditions during rearing, phototactic behavior, marine mollusk Hermissenda, 11534
initial response magnitude & habituation rate to auditory stimulus, orienting response to stimulus omission, female vs male college students, 19291
instructions to attend to vs ignore stimuli, skin conductance orienting response & habituation, female college students, 27448
monocular strabismus &/vs monocular occlusion, orienting response in monocular spatial localization task, cats, 24779
omission of tone stimulus following repeated presentation, elicitation of electrodermal orienting response, labile vs stabile Ss, 22067
orientation toward sounds, neonates, 27791
orientation toward sounds, neonates, 6313
orienting instructions, competitive vs noncompetitive FI performance, college students, 8461
orienting response & psychopathology, autistic & retarded & normal children, comments on papers by A. T. James & R. J. Barry, 4177
perceived & nonperceived sound stimuli, formation of motor CRs, human Ss, 27411
repeated rattle sounds, habituation & dishabituation of head turning, neonates, 9141
retention of orienting response extinction, 6–28 yr olds with night terrors, 9996
somatic & autonomic & EEG changes elicited by auditory stimulation, 11–72 yr olds with epileptogenic cerebral tumors, 31246
sound duration, head orientation responses, newborns, 19802
tactile stimulation, teat-seeking behavior, suckled vs unsuckled lambs, 27318
theory of preliminary processes in orienting response elicitation, 8466
tone vs bell vs mental arithmetic stimuli, cephalic & digital vasomotor orienting responses, 20–35 yr old college students, 30135
variations in spectral composition of rattle sound, behavioral & cardiac orienting responses, newborns & 5 mo olds, 11751
water flow rate, directional orientation, juvenile chum salmon, 8717
Originality [See Creativity]
Orphanages
tactile & auditory & visual stimulation & interpersonal communication for 5 min per day, mental & psychomotor development, orphanage-raised 4–13.6 mo olds, 6-mo followup, 7659
Orphans
empathy, orphaned 4–5 yr olds, 11811
residential treatment & long term care, moderately & severely emotionally disturbed orphans, 10483
ways to clarify & develop unexplained past, orphans, 10081
words & thoughts from children in residential care institution, 10477
Orthogonal Rotation [See Also Varimax Rotation]
BASIC microcomputer program, principal component analysis using varimax solution, 29672
simultaneous maximization of congruence for 2 or more matrices under orthogonal rotation, 24316
Orthography
decoding & paragraph comprehension performance, 1st vs 3rd graders, Turkey vs US, implications for regularity of letter-sound correspondence, 9217
evaluation of basic orthographic syllabic structure, Serbo-Croatian written in Roman & Cyrillic alphabets, 823
intraword structure & orthographic knowledge, word recognition & reading ability, mature readers, 29946
knowledge of orthographic elements, pronunciation of synthetic words containing variant-predictable vowel patterns, 1st & 3rd & 5th graders with high vs low reading ability, 13085
lexical familiarity & word frequency & semantic concreteness & number of meanings, word recognition latency, college students, 8562
orthographic problem solving as spelling error analysis, 2319
orthographic regularity vs lexicality, word recognition & superiority effects, college students, 21893
orthographic structure, typing of letter strings, female college students, 29816
orthography & silent reading vs reading aloud, abstract vs actual phonological representation, college students, 11655
presentation of printed Hebrew words in isolation, role of phonemic mediation for lexical access, college students, 11630
similarity to English word, prediction of misspelling, college students, England, 24985
structural factors, tachistoscopic recognition of Chinese characters, children vs adults, 5735
words presented in lower-case vs mixed-case type, distinction of correct spellings, college students & 7th graders, 5811
Orthopedically Handicapped [See Physically Handicapped]
Orthopsychiatry
contributions of W. Healy to child psychiatry & criminology & orthopsychiatry, 26001
orthomolecular eclectic program, violations of regimen & relapse, psychotic 23–38 yr old patients, 4571
Outcomes (Psychotherapeutic) [See Psychotherapeutic Outcomes]
Outcomes (Treatment) [See Treatment Outcomes]
Outpatient Psychiatric Clinics [See Psychiatric Clinics]
Outpatient Treatment
assurance of client comfort in outpatient clinic, geriatric patients, 4937
awareness of presence of mental disturbance in treatment of relapse, rehospitalization vs outpatient treatment, 20–50 yr olds with diagnosis of schizophrenia, 20659
changes in staffing & types of services offered, type of patient population referred to geriatric evaluation clinic, elderly patients, 1979–82, 28921

characteristics of clients & therapeutic relationship, outcomes of methadone maintenance vs therapeutic communities vs outpatient drug-free programs vs detoxification, Drug Abuse Reporting Program clients, followup research, 12873
characteristics related to length of stay & treatment completion, patients with mean age of 25.2 yrs seeking outpatient drug counseling, 2228
client & therapist characteristics, premature termination from psychotherapy, adolescent outpatients, 17965
client characteristics, medication compliance, 17–53 yr old psychiatric outpatients, Hong Kong, 2076
community-based family/patient group program, geriatric outpatients with Alzheimer's disease & their primary caregivers, 18209
complex psychiatric-psychological outpatient care, behavior disorders, children, 20675
compliance with referrals from adult psychiatric emergency wards to outpatient services, 20 yr literature review, 23455
complications of outpatient clinic structure in psychoanalytically-oriented treatment, 10150
comprehensive outpatient rehabilitative system, 30–60 yr old stroke patients, 7698
consistent methadone vs abrupt switch from methadone to clonidine treatment, 21–50 yr old outpatient opiate addicts, 21138
correlation of dexamethasone suppression test with measures of depression vs gender vs response to treatment, Ss over age 60 with major affective disorder & unipolar depression, 20213
cost sharing & use of ambulatory mental health services, families of nonelderly noninstitutionalized civilian population, implications for health insurance, 28870
cost sharing & use of ambulatory mental health services, implications for health insurance, reply to comments by R. P. Ellis & T. G. McGuire, 28871
cost sharing & use of ambulatory mental health services, implications for health insurance, comments on article by W. G. Manning, 28860
course in early detection & outpatient management of alcoholism, medical residents, 26397
day hospital treatment & transference, psychopathological patients, 31691
day treatment transition group in outpatient treatment program, readjustment, deinstitutionalized psychiatric patients, 12802
drug usage, 23–78 yr old alcoholic outpatients, 28991
evaluation of threat to community, mentally ill sex offenders in community based outpatient treatment, 2173
factors influencing in- vs outpatient treatment decision, therapists & 35 yr old male alcoholic, 26377
frequency of contact with different psychiatric services, opening of general practice psychiatric clinics, patients with low SES, England, 18241
functional & affective & community-integrative roles in geropsychiatry outpatient clinic, geriatric workers, 28901
guidelines for preparation of discharge & neuroleptics, schizophrenia, outpatients, 18291
initiation of outpatient withdrawal, chemically dependent patients & family physicians, 5043
institutional transference in outpatient clinic, chronic psychiatric patients, 21014
low income, quality of ambulatory care for angina & dyspnea & exertion & hearing loss & hypertension & depression, noninstitutionalized 65–74 yr olds, 28917
method of estimation of costs of mandatory private health insurance coverage of outpatient mental health care, 31624
motivation for self poisoning & factors affecting attendance for outpatient treatment, 8–17 yr olds, 17887
multidisciplinary day unit, drug abuse treatment, drug abusers, 21151
outpatient family therapy, 13.8–19.4 yr old females with anorexia nervosa, 12567
outpatient group treatment & cognitive-behavioral therapy & combined individual & group treatment, bulimic patients, 10088
outpatient home treatment & family therapy, 27 yr old female patient with chronic psychosis, implications for psychiatric social casework, Italy, 31573
outpatient treatment, anorexia nervosa, 10090
outpatient treatment model, adolescent female anorexics, 23521
outpatient treatment, suicidal children, 1802
patient characteristics & receipt of outpatient services, readmission to inpatient care, suburban alcoholics, 28999
physician-centered approach to biopsychosocial model of outpatient treatment, medical residents, 21213
presentation of complaints & expectations during initial interview, psychiatric outpatients, 28550
process & content issues during 1st 6 mo of outpatient group psychotherapy, schizophrenics, 17997
profile of utilization of outpatient psychiatric services, females, implications for rehabilitation, 21030
prognosis & social adjustment, schizophrenic outpatients, 17853
psychiatric clinic as teaching & research center, outpatients, 23457
psychological aspects of home vs hospital vs semi-assisted treatment, dialysis patients, 31595
psychotherapeutic approach at youth family care center, severely deprived males from age 2.3–5 yrs, 7210
role of social worker in polyclinic, mentally & physically handicapped outpatients & their families, Cuba, 2129
self reported mental health status, use of outpatient mental health services, implications for validity of self report mental health surveys, 28883
social skills training & anxiety reduction & cognitive restructuring, social performance & social anxiety & self esteem, 18–40 yr old outpatients, 2-yr followup, 12593
specialist mental health treatment, utilization of & charges for subsequent nonspecialist health care services, patients with mental disorders, 31575
spouse involvement & outpatient group treatment, chronic pain, 23–69 yr old patients, 3- & 7-mo followups, 26079
standardized computer data base, evaluation & followup, outpatients with dementia, 26959
systematic approach to outpatient child psychiatry, 7165
treatment & cost effectiveness of self help large-group therapy, alcoholic outpatients, paper presented at symposium "Alcoholism Treatment Through Systems Intervention", 2213
types of disorders & age & sex & SES, children & adolescents in child guidance clinics vs outpatient unit of psychiatric hospitals, 15051
use & expenditure patterns of specialty mental health vs general medical sectors of ambulatory mental health services, 31629
use of group climate measures in outpatient schizophrenic group, comments on study by N. Kanas et al, 18001
utility of routine blood pressure assessment & prevalence of hypertension, males at outpatient alcohol treatment clinic, 23585

Outpatients

assertiveness training, assessment of role-play generalization in different situations, 18–65 yr old outpatients, 7388
assessment using McGill Pain Questionnaire, in- vs outpatients with arthritis, 20492
concern about disclosure of confidential information, psychotic inpatients vs 20–67 yr old outpatients, 1759
continuous ambulatory peritoneal dialysis, psychological reactions, 34–79 yr old males with end-stage renal disease, 4848
day treatment transition group in outpatient treatment program, readjustment, deinstitutionalized psychiatric patients, 12802
desipramine, depression, outpatients, conference presentation, 23353
environmental factors, continuation vs premature termination from psychotherapy, outpatients in psychiatric clinic, 28611
fluphenazine decanoate vs oral pimozide, social behavior, schizophrenic outpatients, 1-yr longitudinal study, 26145
frequency & type of patient-analyst contact, suicide, psychiatric inpatients & outpatients, 9711
group psychotherapy, schizophrenic 17–35 yr old outpatients, 12569
guidelines for increased medication compliance, young adult chronic psychiatric patients, 10261
interval between call for appointment & date of appointment, "no show" rate, female patients who called family-planning unit of public health department for gynecological annual exam, 7517
lymphocyte function, 21–66 yr old depressed outpatients vs hospitalized schizophrenic vs herniorrhaphy patients, 14734
Missouri Alcoholism Severity Scale, measurement of severity of symptoms, alcoholic outpatients with mean age of 39 yrs, 5589

modified appointment card vs free followup vs reduced-rate followup, noncompliance to followup appointment keeping, patients at family practice center, 7564
new community-oriented systems theory & treatment, deinstitutionalized psychiatric patients, Italy, 31286
patient characteristics, mental hospital inpatients & outpatients, Sierra Leone, 7656
pretherapy induction system with videotape vs pamphlet, missed appointments, family practice clinic patients, 4877
prevalence of multiple personality & hypnotic susceptibility, psychiatric in- & outpatients, 14636
psychometric evaluation of Hostility & Direction of Hostility Questionnaire, 15–76 yr old psychiatric outpatients, 8388
show rate & direct service time before & after appointment reminders by therapists, clients, 10395
treatment effects & remission, former schizophrenic inpatients, 31307
word frequency, use of question mark responses in stress & arousal mood adjective checklist, hospital clinic outpatients with mean age of 43 yrs, 134
Ovariectomy
castration &/vs levodopa administration, perseveration of attention to conspecific odors & novel objects, male & female gerbils, 24761
copulation & sexual behavior, intact vs ovariectomized female golden hamsters given hormonal replacement, 6084
haloperidol vs estradiol, striatal dopamine receptors, ovariectomized vs hypophysectomized female rats, 27580
ovariectomy, social & sexual behavior, bonnet macaques, 27530
ovariectomy with vs without estradiol & progesterone, opioid effects on feeding, female rats, 22083
paced coital stimulation, estrus duration, intact cycling vs ovariectomized vs ovariectomized-adrenalectomized hormone-primed rats, 27516
postnatal gonadectomy & testosterone, home cage activity, male vs female albino mice, 655
precocial ovariectomy & allatectomy & ZR-515, sexual receptivity during 1st gonadotropic cycle, female bluebottle flies, 13855
testosterone vs dihydrotestosterone vs estradiol, preference for estrous vs anestrous female, male rats castrated at birth & female rats spayed as adults, 11542
urine from females with ovariectomy with vs without progesterone vs estradiol, lordosis behavior, orchidectomized feminized rats, 6057
Ovaries
family relations & needs & emotional states & information seeking related to disorder & treatment, 18–75 yr old Chinese females with ovarian cancer, Hong Kong, implications for management strategies, 28839
Ovary Disorders [See Endocrine Sexual Disorders]
Overachievement (Academic) [See Academic Overachievement]
Overcorrection
overcorrection & differential reinforcement followed by brief restitution, self injurious & self stimulatory behavior, severely mentally handicapped 6–14 yr olds, 7367
overcorrection & rewards, nocturnal head banging, 7 yr old female, 4751
overcorrection, aerophagia, 19 & 22 yr old profoundly mentally retarded, 20857
overcorrection vs physical restraint, treatment of pica, profoundly retarded 20 & 21 yr olds, 1968
positive practice overcorrection &/vs positive reinforcement, teaching sign language, 18–67 yr old mentally retarded males, 26367
tidying vs oral vs personal hygiene components of overcorrection procedure in alternating treatments design, pica, mentally retarded 34 vs 39 yr old females, 31477
Overpopulation
ethical issues, fertility reduction policies & poverty, Third World countries, 14224
individual responsibility, world population problems, conference presentation, 17105
population growth, mental health, animals & humans, 8261
social psychiatric implications of population control, 22477
Overweight [See Obesity]
Ovulation
age & lactation & repeated ovulatory cycles, copulatory patterns, rhesus monkeys, 16569
ovarian cyclicity & reproductive status, female common marmosets living with family groups, 16672
ovulatory concealment & synchrony & extended sexual receptivity, paternal care & behavior, protohominid males, 2774
periovulatory changes in sexual behavior & estradiol & testosterone & progesterone levels, group-living adult female rhesus monkeys, 27432
role of noncopulatory stimuli in induction of ovulation, female red-backed voles, 22046
transition between nonbreeding & breeding season & estradiol, sexual behavior & sex steroid levels & sex skin color & ovulation, intact vs ovariectomized female rhesus monkeys in all-female groups, 3359
Ownership
application of evolutionary models to decisions made during object possession conflicts, 47–83 mo olds, conference presentation, 30553
consulting for family businesses, human resource professionals, 23971
employee ownership, organizational effectiveness & employee motivation & satisfaction, employee-owned companies, US, 23991
parent's home ownership & income, home ownership, Black vs White adult children, 1071
personal/demographic & housing characteristics & attachment to home, housing satisfaction, Ss over age 60 yrs who own vs rent home, 868
pet ownership & relationship to health & well-being & home & family characteristics, Ss over 65 yrs old, 3590
private vs public ownership of mental health services, institutional performance, 21031
use of computers, moral questions & individual rights about privacy & property & power, 22410
work attitudes & information about firm's finances & desire for influence & power, employee equity & shareholding, employees of heating/plumbing firm, 13313
Oxazepam
diazepam vs oxazepam, abuse liability & behavioral & subjective effects, 28–49 yr olds with drug abuse histories, 25634
oxazepam, anxiety vs anger reactions, 18–30 yr old students, 30291
oxazepam hydrochloride vs meprobamate vs chlorpromazine HCl, mouse killing, rats, 3476
oxazepam vs diazepam, emotional responses induced by stimulation of lateral vs medial hypothalamus, rabbits, 22183
oxprenolol & oxazepam, anxiety states, 22–48 yr old males, 26212
self administration of clonidine vs oxazepam, withdrawal symptoms, 23–41 yr old methadone maintenance patients, conference presentation, 5052
Oxidases [See Also Cytochrome Oxidase, Monoamine Oxidases]
intragastrically infused ethanol, oxidation rate & centrally mediated jaw-jerk reflex, 4 vs 14 vs 26 mo old male mice, 13827
superoxide dismutase & glutathione peroxidase & lipoperoxidation activity, Down's syndrome fetal brain, aborted fetuses, 25703
Oxilapine [See Loxapine]
Oxygen
arterial oxygen saturation, middle latency auditory EPs, 37–55 yr old sleep apneics, 20568
carbon dioxide & oxygen inhalation & propranolol, occurrence of panic symptoms, healthy 24–36 yr olds, implications for treatment of panic disorder, 6174
cerebral oxygen utilization & cognitive function & presence of cerebral atrophy, 17–53 yr old multiple sclerosis patients, 25787
hyperbaric oxygen, psychiatric disturbances, patients with severe craniocerebral injury, 4456
noise vs carbogen, cochlear blood supply & blood flow, albino guinea pigs, 19577
superoxide dismutase & glutathione peroxidase & lipoperoxidation activity, Down's syndrome fetal brain, aborted fetuses, 25703
Oxytocin
amastadin, behavioral excitation induced by arginine vasopressin & oxytocin, male mice, 774

central injection of beta-endorphin vs met-enkephalin vs vasopressin vs oxytocin antisera, pain threshold & thermoregulation & activity level, male rats, 24799
coordinated activity of peptidergic neuron networks, regulation of reproduction, 6024
cyclo(leu-gly), dopamine receptors, rats, 3478
depletion of spinal cord vasopressin & oxytocin through lesions of hypothalamic paraventricular nucleus, control of nociception, male rats, 19638
icv oxytocin, induction of short latency maternal behavior, nulliparous estrogen-primed female rats, 24830
oxytocin & Z-prolyl-dextro-leucine, role of limbic system in morphine tolerance & dependency & withdrawal, male mice, 30258
suprachiasmatic nuclei lesions, circadian rhythm of CSF oxytocin concentrations, rhesus monkeys, 16730
vasopressin & oxytocin, bradycardiac response induced by orientation to stimulus offset, male rats, 16763
vasopressin vs oxytocin, memory, male medical students, 22161

Pacifism
reliability of G. C. Elliott's pacifism scales, Afrikan vs Indian college students, South Africa, 16325

Pain [See Also Aphagia, Back Pain, Chronic Pain, Headache, Migraine Headache, Muscle Contraction Headache, Neuralgia, Psychogenic Pain]
acupuncture, painful conditions & functional disorders, outpatients with mean age of 48 yrs, 12699
age & sex & marital status & motivation & anxiety & depression & health locus of control, outcome following behavioral therapy, patients with chronic temporomandibular joint pain, 2-yr follow-up, 28717
alcoholism vs antisocial vs conduct disorder vs attention deficit disorder vs somatization disorder, 1st and 2nd degree relatives of 8–15 yr olds with functional abdominal pain vs 7–17 yr olds with abdominal pain from organic ailment, 14986
anxiety & expected & experienced pain, 15–59 yr old dental patients, 10350
aquarium vs poster contemplation with vs without hypnosis, anxiety & discomfort during dental surgery, 21–60 yr old dental patients, 23380
assessment using McGill Pain Questionnaire, in- vs outpatients with arthritis, 20492
behavioral medicine, management of chronic pain, literature review, 10208
biofeedback training of heart rate & pain expectancy & aversive cold pressor water temperature, heart rate control, 17–32 yr old college students, 26128
childbirth training & demographic variables, labor pain, primiparous vs multiparous mothers, 31600
childbirth training & myth of painless childbirth, females, literature review, 18197
clinic for assessment & treatment of chronic pelvic pain of obscure origin, female gynecology patients, 7553
clinical & psychodynamic view of pain in feminine sexuality, 7139
cliquinol, functional disturbances of polymodal sensory receptors, dogs, implications for myelo-optico-neuropathy paresthesia, 22185
conceptual & methodological issues of pain, infants, literature review, 25893
construction of Dartmouth Pain Questionnaire, assessment of complaints & interventions & functioning, medical patients, 5605
construction of pain & distress scale, pain patients, 221
coping style & relaxation training &/vs information giving, levels of postoperative pain & anxiety, 19–70 yr old surgical patients, 25999
cultural components of pain, Asian 9–12 yr olds, 16851
culture & traditional medicine, illness & pelvic pain, females, Africa, 20646
demographic & SES variables, prevalence of pain, 18–91 yr olds, 9914
demographic characteristics & stump & phantom limb pain, civilian vs military veteran amputees, 31255
development & validity of Visual Analogue Scales of Pain & Depression & Anxiety, assessment of sensory & affective components of cancer-related pain, 17–86 yr old severely ill cancer patients, 8386
distribution of opioid peptides & receptor binding sites in spinal cord & activation by thermal & pressure & visceral nociceptive inputs, conference presentation, 30282
effectiveness of transcutaneous electrical nerve stimulation, experimentally induced heat pain, healthy volunteers, 17883
electrical pain-induced vocalization & its modification by morphine vs diazepam vs physical restraint, rats, 689
EMG biofeedback assisted relaxation & stress reduction therapy, ability to decrease muscle tension & pain, 24–61 yr old patients with posttraumatic head & neck pain, 20871
endogenous opioid peptide system dysfunction & neuroendocrine abnormalities, 32–82 yr old chronic pain patients, 1628
etiology of episodic & chronic atypical facial pain, literature review, 31241
forehead muscle tension & pain-related behaviors & MMPI prediction of pain reduction biofeedback training outcome, patients with tension headaches vs posttraumatic pain, 4740
heel lance vs noninvasive tactile stimulation, changes in heart rate & crying, male vs female neonates, implications for clinical assessment of pain, 22338
hypnosis & behavior modification, phantom-organ pain, male cancer patient, 25961
hypnosis, pain & negative psychological factors, cancer patients, 7496
hypnotherapy, pain control, 20960
incidence & treatment & effect on bonding, infantile colic, infants who were breastfed, 1712
induced pain, facial reactions, female college students, 19559
knowledge & understanding of pain & pain experience, 5–12 yr olds in hospital & clinic & school settings, 25909
lesions of nucleus reticularis magnocellularis, supraspinal vs spinal pain reflexes & spinal cord monoamine levels, ovariectomized female rats, 8928
levotryptophan supplementation, ischemic pain, 21–50 yr old pain-free volunteers, 12452
management of pain, cancer patients, 15072
McGill Pain Questionnaire, identification of pain syndromes, rheumatoid vs degenerative arthritis vs cancer patients, 178
modified submaximal effort tourniquet test as experimental pain model, assessment of analgesic activity of opiates vs dipipanone vs aspirin vs indomethacin vs diazepam vs codeine, 20–45 yr old healthy volunteers, 16793
morphine vs naloxone vs pain, physiological characteristics of pressure immobility, rabbits, 11532
need to maintain sense of self & existence, undermedication of patients for pain, burn patients & medical staff, 23347
noxious thermal pulse stimulation of single cutaneous fibers, nocifensive response behaviors, cats, 30174
oral behavior patterns, patients with facial pain vs tension vs migraine vs combined headache vs no pain, 12383
pain & concepts of transitional object & potential space, implications for theory of meaning of life, 9545
pain & development of body awareness, implications for treatment, 4551
pain-aggression hypothesis in naturalistic & seminatural settings, rats, comments on R. Hutchinson's article, 5880
pain from injury vs peripheral nerve disorders, 25766
pain management, burn patients, 12710
pain perception & physiological manifestations of pain, 31269
participation in pain instructional program, knowledge & understanding of pain, 3rd–4th graders, 18591
pathogenetic mechanisms & treatment, pain patients, conference presentation, 28576
perception & description of & response to painful experiences, 9–12 yr old Arab- vs Asian- vs Latin Americans, implications for assessment of children's pain coping strategies, 13981
peritoneo-visceral pain, heterotopic effects in behavioral & electrophysiological experiments, male rats, 24728
personality & life stress & arthritic severity, prediction of pain, 40–87 yr olds, 17770
physical & psychological aspects of pain management, burned children, 18195

physiology of pain & pain perception, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 554
problems in measurement of clinical pain, 9973
professional ethics, management of pain & suffering & treatment compliance & informed consent, 7773
psychoanalytic treatment of hand & foot pain previously treated with surgery & drugs, 71 yr old male, 20694
psychological treatment of pain, late-stage cancer patients, 31402
psychopharmacology & drug treatment of neoplastic pain, 31528
psychosomatic approach to myofacial pain dysfunction, 7043
rapid induction analgesia & hypnotic susceptibility & severity of discomfort, reduction of dental pain, 19–72 yr old dental patients, 26220
reasons for undermedication & provision of inadequate analgesia, patients in pain, 15313
reliability of characterization of pain by words, cancer vs arthritis patients, 12384
religious perspective, pain & suffering & aloneness & health, 1041
screening of pain & emotional state, prevention of manifestation of disorder, patients, 25891
self assessment of pain using rating scale & relationship to physiologic parameters & behavioral indicators & word descriptors of pain, 9–15 yr old patients, 17700
self hypnosis with imagined analgesia, pain, 32 yr old female with terminal cancer, 23375
self report vs O report vs behavior checklist, assessment of pain & anxiety & distress behavior during medical procedures, 6–17 yr old cancer patients, 4474
sleep-related myoclonus & sleepiness & pain before & after sleep & aspects of sleep, Ss with Rheumatic Pain Modulation Disorder vs excessive daytime somnolence, 7096
smoking nicotine-containing vs zero-nicotine cigarette, pain & anxiety, adult males, 24916
somatosensory EPs & pain, humans, 3302
stage & type of cancer, prevalence of cancer-related pain, 17–86 yr old ambulatory oncology patients, 9883
standard Brompton mixture vs morphine, analgesia, cancer patients, 31518
state-trait anxiety & painful electrical stimulation, contingent & post imperative negative variation & pain perception, college students, conference presentation, 19513
state-trait anxiety & stress associated with ego threat vs pain anticipation, early & late contingent negative variation during go/no-go task, right handed males, conference presentation, 19466
Stopayne, postoperative pain, patients after orthopedic surgery, 26190
stress, endogenous opiates & pain inhibition, male rats, 24687
stress management training & biofeedback & reeducation, 54 yr old female with chest pain repeatedly visiting emergency room, 10486
subjective comparison of clinical pain & depression, psychiatric inpatients who had previously experienced severe physical pain, 28243
symptoms & treatment of benign chronic vs acute pain, patients, 17779
test-retest reliability & psychometric correlates of Bortner scale, assessment of Type A behavior, patients with chest pain & possible coronary heart disease, 24208
transcutaneous electrical nerve stimulation, pain relief of internal bleeding into joints, patients with hemophilia, 31604
translation of McGill Pain Questionnaire, Italy, 16343
use of hypodermic needles, measurement of sensitivity to pain, 16222
vibration vs cooling, pain induced by intraneural electrical stimulation, 24–55 yr olds, 8876
Pain (Psychogenic) [See Psychogenic Pain]
Pain Perception [See Also Analgesia, Pain Thresholds]
animal model of postdenervation damage infliction as manifestation of deafferentation pain vs neurotoxins vs attempt to shed sensory dysfunctional limb, literature review, 19642
anticipatory fear & morphine & shock penalties, RT, former narcotic addicts, implications for pain perception & stress-induced analgesia, conference presentation, 3018
anxiety related to shock &/vs related to learning word list, pain perception, male 18–30 yr olds, 29827
carbamylcholine chloride microinjection into rostral pontine tegmentum, somatomotor & sympathetic visceromotor & nociceptive somatosensory function, cats, 3465
chronic morphine vs methadone, swim-induced antinociception as model of endogeneous opioid function, female mice, 6104
coping strategies & perception of chronic pain & personality, Black patients with sickle cell anemia or rheumatoid arthritis or low back pain, 7003
cultural components of pain, Asian 9–12 yr olds, 16851
delta-aminolaevulinic acid, nociception & CNS excitability & motor coordination & grip & blood pressure & heart rate & median effective dose for noradrenaline & acetylcholine & isoprenaline, mice & rats, 6112
development of opioid receptors, function of endogenous opioid pain-inhibitory system as measured by shock induced analgesia, 10 vs 28 day old vs 5–7 mo old male rats, 11477
development of rating scales, measurement of pain sensation induced by shock vs word rating list, 22–39 yr olds, 16326
discrimination measures in receiver-operating-characteristics analysis of pain reactions, 5694
dopamine antagonists pimozide vs haloperidol vs dopamine agonists, footshock-induced antinociception, male rats, 3522
EEG & tooth-pulp EPs & neuroadenolysis of pituitary gland, neuronal activity in pituitary gland & involvement in pain perception pathways, monkeys, conference presentation, 27651
electroacupuncture, chronic low back pain & perception of experimental heat pain, 23–68 yr old pain patients, 7559
EMG biofeedback & coping skills training, subjective perception & muscular tension level, 20–50 yr olds with migraine & tension headaches, 4753
emotional characteristics, mentally retarded & hyperactive 10 & 13 yr old female & male with congenital insensitivity to pain, 15015
endorphins, placebo-induced analgesia, dental patients & normal volunteers, 19672
ethylketazocine & morphine administration, antinociceptive tolerance & physical dependence, C57 & DBA male mice, 27589
glutamate administration into periaqueductal gray or ventromedial medulla & serotonergic & noradrenergic & opioid receptor antagonist, tailflick & hot plate response, male rats, 27599
goal specificity & temporal cues, pain tolerance, female college students, 275
hierarchic dominance rank, diazepam effect on behavioral response to pain, mice, 22213
ics vs ip leu-enkephalin administration, active avoidance learning vs activity level vs shock sensitivity, rats, 27617
induced anxiety, pain perception in signal detection study, college students, 253
information & nitrous oxide & tooth-pulp shock, perception of stimulus intensity & aversiveness & pain, 19–26 yr old females, 16696
intelligence & personality traits & sensation-seeking & pain perception, evoked potential reducers vs augmenters, 12064
intensity & quality of pain vs ache vs hurt & semantic correlates, 29–52 yr old nurses & 29–53 yr old chronic pain patients, 22961
interactions between cardiovascular & pain perception & regulation systems, 19569
interview methodology, investigation of pain experience & perception, 5–12 yr olds, 7569
intradental nerve activity, pain perception, 40–55 yr old dental patients, 18176
intrathecal apomorphine, tailflick response alteration & role of dopamine, male rats with vs without intact spinal cord, 756
intrathecal apomorphine, thermal & chemical evoked tailflick & nociceptive responses, rats, implications for spinal dopamine receptor afferent inhibitory role in pain, 3462
iv naloxone after 6.3 mi run, pain sensitivity & mood & plasma endocrine levels, male long-distance runners with mean age of 38.8 yrs, 6020
live vs tape-recorded music, anxiety & physical discomfort & mood, 17–69 yr old cancer inpatients, 10456
location & intensity & unpleasantness & extent of dental pain spread & role of receptive field size of trigeminal nociceptors, utility of pain spread as diagnostic tool, patients, 31253
mathematical model, intradental nerve activity induced by cold stimulation & estimated pain, 40–55 yr olds, 5974

mazindol, pain sensitivity, 18–53 yr old obese vs lean females, 20947
mechanisms of pain perception & treatment properties of analgesic & opioid antagonistic drugs, literature review, 31545
motor & sensory asymmetries & personality & pain perception, patients with unipolar & bipolar depression, 20347
multidimensional ratings of pain experiences, 18–33 yr olds, 21822
naloxone, perceived intensity of shock & active vs inactive components of postshock reaction, female rats, 3339
neurotransmitter-blocking agents, antinociceptive effects caused by carbamazepine & baclofen & pentazocine & morphine on bradykinin induced trigeminal pain, rats, 11588
nociceptive stimulation &/or morphine injections, 5-HT synthesis in dorsal & ventral spinal cord & brain stem & forebrain, rats, 6062
nociceptive vs antinociceptive vs sensory stimulation & morphine vs naloxone, spontaneous & evoked activity in parafasciculus thalami neurons, male morphine naive vs dependent rats, 27462
nonnoxious stress & hypophysectomy, regulation of body temperature & nociception, rats, 6061
nonopioid footshock-induced antinociception, rats, implications for footshock methodology, 19576
noxious cold stimulation, release of endorphins & cortisol & prolactin & growth hormone & opioids & relationship to pain appraisal & coping, normal adult volunteers, 16679
pain perception & physiological manifestations of pain, 31269
pairing of different levels of nociceptive stimulation with placebo, conditioned positive vs negative placebo responses, college students, clinical implications, 16476
paradoxical intention vs rational self statement vs self observation, coping with pain in cold pressor task, college students, 11521
pentazocine & morphine interactions, antinociception, male mice, 9020
perception & description & response to painful experiences, Arab-American 8–12 yr olds, 16904
perception of & reaction to intense stimulation, 10 & 13 yr old female & male with congenital insensitivity to pain, 15014
peripheral tissue injury, long term excitability & thresholds of flexion reflex, decerebrate rats, implications for studying chronic pain, 6090
physiology of pain & pain perception, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 554
psychopathology, response to graduated spinal block, chronic pain patients, 18202
racial & ethnic differences & age & sex, reported pain & emotional distress & requests, Italian American vs Anglo American patients, 7546
radiant heat stimuli, pain reactions, 18–35 yr old pregnant women, longitudinal study from 6 mo to postpartum period, 22047
Revised Multidimensional Pain Scale, pain assessment, Ss suffering from 1 of 4 types of rheumatoid diseases, 4420
saccharin, pain responses, healthy vs diabetic rats of strains selected for high vs low rates of self stimulation, 3408
submaximal effort tourniquet test, discrimination of pressure vs ischemic pain, 21–50 yr olds, 22085
tripelennamine in conjunction with pentazocine, potentiation of antinociception, morphine-tolerant vs drug-naive mice, implications for drug abuse by heroin addicts, 6166
Tyr-MIF-1 & morphine, thermal pain, mice, 30254
use of biofeedback of event-related brain potentials in research on learning theory & nociception & as index of learning & as means to study event-related potentials of unknown origin, conference presentation, 19515
validity of behavioral vs subjective self report pain severity scale used in completion of diaries, 9–17 yr old migraineurs & their parents, 187
warm & painful stimuli, event related potentials, 21–28 yr old right handed medical students, 22024
weighted average model, integration of ratings of pain elicited by shocks in 3 rating categories, college students, implications for analgesic procedures, 2972
Pain Receptors [See Nociceptors]
Pain Relieving Drugs [See Analgesic Drugs]
Pain Thresholds
adrenalectomy &/vs corticosterone treatment, pain threshold, female rats assessed during pregnancy & 10–14 hrs postpartum, implications for adrenal gland role in opioid analgesia, 27509
application of capsaicin to sciatic nerve, sensitivity to pain & morphine analgesia, male rats, 3396
central injection of beta-endorphin vs met-enkephalin vs vasopressin vs oxytocin antisera, pain threshold & thermoregulation & activity level, male rats, 24799
cerebral & spinal noradrenaline depletion, nociceptive responses & morphine induced analgesia, male rats, 24757
day-night rhythms in aversive thresholds & morphine-induced analgesia, 1–3 vs 22–30 mo old mice, 19543
depletion of spinal cord vasopressin & oxytocin through lesions of hypothalamic paraventricular nucleus, control of nociception, male rats, 19638
diazepam, attenuation of analgesia induced by cold swim stress, male rats, 24873
hearing loss & hyperacusis & hyperreactivity of per-rotatory nystagmus, 25–60 yr olds with Meniere's disease vs fibrositis syndrome, 22968
icv arginine vasopressin vs 1-deamino-8-dextroarginine vasopressin, pain thresholds & role of nonopioid receptor system, female rats, 22182
immobilization & pretreatment with naloxone, spinal reflex sensitivity to noxious stimulation & body temperature, intact vs spinal transected mice vs rats, 3348
intrathecal vs ip vs icv injections of metergoline, response latencies in tailflick vs hot-plate test, male mice, 6118
left vs right brain damage, psychophysical parameters of pain, elderly patients, 31224
level & summation of pain sensation intensity, adaptation phenomena, 18–21 yr olds, 27482
methadone exposure during gestation &/or lactation, thermogenic responsiveness & nociceptive thresholds following injection of various drugs, adult rats, 24971
microinjection of zimelidine & morphine into nucleus raphe magnus, nociceptive threshold, male rats, 16776
monosodium glutamate, onset of changes in jump thresholds & hot-plate latencies & body weight, 30 vs 60 vs 80 day old rats, 24789
neonatal administration of monosodium glutamate, morphine induced analgesia & tolerance development & weight & hypoactivity, rats, 24788
pain sensitivity, hypertensive vs normotensive hypertension-sensitive vs hypertension-resistant rats, 11458
pain threshold determination technique using alternating ascending & descending stimulus intensity series, rats, 26925
parachlorophenylalanine, nociception & serotonin depletion, rats, 27564
psychological differentiation, phenomenon of pain, implications for nursing, 12348
rate of ventral tegmentum self stimulation & associated analgesia & acute peripheral pain sensitivity, rat strains that differ genetically in tendency to self stimulate hypothalamus, 27503
right-left asymmetry in pain perception, 20–82 yr olds, 5991
role of C-fiber nociceptors, time & intensity functions of cutaneous pain measured by magnitude ratings of thermal stimuli before vs after induced hyperalgesia, monkeys vs humans, 8807
shock parameters & naloxone, footshock-induced analgesia, rats, 30177
transcutaneous electrical nerve stimulation vs acupuncture, cold-induced pain, 19–23 yr olds, 24726
transcutaneous electrical nerve stimulation, endurance to induced ischemic pain, healthy volunteers, 22100
transcutaneous nerve stimulation, nociceptive flexion reflex threshold & plasma opioids in sustaining analgesia, 21–34 yr old Ss, 19605
unilateral cerebral lesion, modification of pain parameters, right vs left brain damaged patients, 22945
visual EPs & nociceptive thresholds, female rats from genetically high vs low self stimulation lines, 19417
visual imagery during initial noxious stimulation, reported pain & distress during later noxious stimulation, college students high vs low in pain sensitivity, 30139
Painting (Art)
analysis of fantasy elements in art of O. Redon, 9065

analysis of P. Cezanne's language of image & symbols, 9060
art gallery environment, experience of viewing paintings, 13969
creative vs reflexive-imaginative vs infantile personality features, type of information conveyed in drawings & paintings, schizophrenic patients, 6869
diagnosis of psychopathology from paintings of acutely ill hospitalized patients, professional vs student mental health workers vs judges without mental health experience, 14748
epistemic vs diversive aesthetic ratings of paintings of human figures, college students, test of uncertainty basis of aesthetic evaluations, 21860
experience & concept & technique of painting, 13941
matching of expressive words to painting reproductions, 4 yr olds, 3671
psychoanalytic interpretation, apocryphal story of Judith & Holofernes as represented in various paintings, 6221
reliability & validity of aesthetic judgment ability test, assessment of aesthetic judgment of paintings, junior vs senior high school vs college students vs art experts, 29732
similarities between search for object in painting & self in analytic processes, 17960
suitability of psychobiographical interpretation of painter's life in aesthetic education, life of P. Picasso, 13975
theory & artistic practice, double & multiple images in S. Dali's paintings, 1930's, 3556
transition in life & art of E. Munch, 4089
unconscious conflict over relationship with father, psychoanalytic interpretation of effect on his art, P. Picasso, 13951

Paired Associate Learning
alcohol intoxication, activation peaking during paired associate learning task, 21–63 yr old male social drinkers, 27642
computer-based drill & practice instructional strategies, paired associate & multiple discrimination learning, 7921
degree of learning & study time & single vs multiple exposure, retrieval speed, human Ss, 24485
development of Continuous Paired Associate Test, assessment of verbal & figural memory & hemispheric differences in memory processing, 18–48 yr olds, 19091
imipramine or methylphenidate vs withdrawal from medication, paired associate learning & recall, hyperactive 5.3–14.9 yr olds, 4808
immediate vs delayed temporal vs thematic cues, recall of paired items conforming to underlying order, college students, 27165
levels of anxiety & intelligence & types of reinforcement, learning of easy paired associates, students with mean age of 14.7 yrs, 11778
marihuana, visual imagery in paired associate task, male college students, 3411
mediational sentences, paired associate learning of picture list, mentally retarded children, 12302
methylphenidate dosage, school behavior & paired associates learning vs teacher/classroom assessment, 6–10 yr old hyperactive males, 26196
methylphenidate, performance & event related potentials on vigilance vs paired-associate tasks, college students, 27648
mnemonic technique of forming illogical vs unusual image, short vs long term memory for paired associates, 11346
paired associate learning for socially descriptive antonyms to previously liked vs disliked words, college students, 29958
paired associate learning of noun lists, ability to predict which items would be retrievable in subsequent recall, college students, 24495
pictorial instruction, paired associate recall, 1st graders, 27783
picture mnemonics, learning of letter-sound & letter-picture associations, preschoolers & kindergartners & 1st graders, 9174
positive vs negative brain potential shifts, facilitation of paired associate learning & concept identification task performance, human Ss, conference presentation, 19469
priming, paired-associate learning, alcoholic adults with Korsakoffs syndrome, 31256
repetition vs imagery instructions, success of paired associate learning & number of images made & content of images, congenitally blind vs deaf adults, 31211
retention interval & processing during incidental learning & number of study vs test trials during intentional learning, response accuracy vs latency of recall on paired associate tasks, college students, 29954
retroactive inhibition without intentional new learning in paired associates task, college students, support for stimulus encoding theory, 27184
rigidity, verbal paired associate learning, female college students, 24502
role of intelligence in asymmetrical transfer, verbal learning, 13–14.5 yr old high vs low IQ Hindi students, India, 16996
suggestibility, performance on paired associate learning task, mildly mentally retarded 12.4–17 yr olds vs nonretarded 10.5–13 yr olds, 1612
TRS-80 programs, control of experiments involving paired associate verbal learning procedures, 92
type of adult model's description & visual presentation of toy interactions, paired associate learning, 4.9–5.3 mo olds, 14125
visual-verbal stimulus pairs & type of association, pair & modality recall, normal learning vs learning disabled children, encoding replication of G. M. Senf's study of bisensory integration, 12307
visual vs auditory modes of presentation, short term retention of paired associates, males vs females with mean ages of 16.4 & 15.6 yrs, 14027

Pakistan
age at marriage, males vs females, Pakistan, 1961–64 vs 1980, 17178
changing sex roles as result of new work experiences, females, Pakistan, 22557
development of educational & vocational guidance & counseling, Pakistan, 10866
parental religiosity vs support, religious orientation, 11–18 yr olds attending Catholic schools, Pakistan, comparison with US study, 17077

Palsy [See Paralysis]

Pancreas
recurrent & treatment resistant depression & positive dexamethasone suppression test, 66 yr old surgical patient with adenocarcinoma of pancreas, 20933

Pancreozymin [See Cholecystokinin]

Panic
alexithymia, panic attacks, 26 yr old diabetic male, 22980
alprazolam, anxiety & noradrenergic function assessed by plasma levels of 3-methoxy-4-hydroxyphenylethyleneglycol & effects of yohimbine, 20–58 yr olds with panic disorder or agoraphobia & panic attacks, 23304
antidepressant drugs, basic anxiety vs panic attacks, 10297
anxiety & acute physical illness, 46 yr old male myocardial infarct patient, conference presentation, 20601
assessment measures, panic disorder & agoraphobia, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1415
benziodiazepine withdrawal, rebound anxiety, outpatients with panic & anxiety disorders, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1978
caffeine, blood pressure & samples & pulse & somatic symptoms & behavioral ratings, 21–58 yr olds suffering from agoraphobia with pain attacks or panic disorder, 20241
caffeine consumption & its effects, patients with panic vs major depressive disorder, 9624
carbon dioxide & oxygen inhalation & propranolol, occurrence of panic symptoms, healthy 24–36 yr olds, implications for treatment of panic disorder, 6174
cerebral tumor, 55 yr old female with recurrent panic attacks, 22692
classification & etiology & behavioral & drug treatment of agoraphobia & panic attacks, 12144
clinical interviews, 23 & 32 yr old females with panic & anxiety, conference presentation, 20325
development & reliability & discriminant & construct validity of Agoraphobic Cognitions Questionnaire & Body Sensations Questionnaire, assessment of fear of fear, agoraphobics, 13540
development & reliability & validity of Mobility Inventory for Agoraphobia, measurement of self reported agoraphobic avoidance behavior & panic attacks, agoraphobics & social phobics, 19044
dexamethasone sodium phosphate treatment for congenital adrenal hypoplasia, panic disorder with agoraphobia, 35 yr old female patient, 12655

diagnosis of anxiety state & panic attack, 18–44 yr olds with mitral valve prolapse, 25790
diagnosis of panic disorder masked by alcoholism, 31–47 yr olds, 22716
diagnostic issues of DSM-III criteria for panic disorder, conference presentation, 20349
differential diagnosis, anxiety & panic disorders, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1363
EEG sleep, 30–52 yr old patients with panic disorder, 17574
emotional & physical symptoms, depressed females with vs without panic attacks, 20362
epidemiology & cross cultural & family studies of panic & anxiety disorders, conference presentation, 20342
etiology & phenomenology & treatment of panic disorder, 1457
evaluation of audiovestibular system, patients with panic disorder vs agoraphobia with panic attacks, 28207
glucose tolerance testing, symptomatic hypoglycemia, female patients with panic & phobic disorders, 9734
heart rate & finger & ambient temperature & EKG & self reported anxiety, 24–62 yr olds with panic disorder, 20265
heterosexual panic, 29 yr old White homosexual male, 6573
hyperventilation during panic attack, 19–73 yr old agoraphobics, 20299
hypnotherapy & perception of hypnosis, adult female with acute anxiety & panic attacks, 12668
ideational components of anxiety, 19–62 yr old outpatients with generalized anxiety vs panic disorders, 12166
identification of subgroups & panic-fear & emotional precipitants of attacks & role of allergic factors, asthmatic 7.5–12 yr olds, 7068
imipramine, anxiety & noradrenergic function assessed by 3-methoxy-4-hydroxyphenylethyleneglycol & effects of yohimbine, 29–54 yr olds with agoraphobia & panic attacks, 23303
imipramine vs propanolol, panic disorder & agoraphobia with panic attacks, 23–61 yr old patients, 31522
in vivo desensitization, alteration of lactate-induced panic, 48 yr old agoraphobic female with panic disorder, 1951
isoproterenol & racemic sodium lactate, production of panic attacks, male vs female 18–55 yr old patients with panic disorder, conference presentation, 25583
Koro-like symptoms, 44 yr old married male with diagnosis of agoraphobia with panic attacks & social phobia treated with phenelzine & behavioral psychotherapy, 22671
lactate injections, sympathetic arousal & provocation of panic attacks, lactate panicking vs nonpanicking patients with panic disorder &/or agoraphobia, 30957
lactate vs isoproterenol, induction of anxiety states, 22–39 yr olds with panic disorder, conference presentation, 6838
longitudinal course of illness & family history of psychiatric disorder & anxiety, agoraphobics vs patients with panic disorders, 22703
measurement of cerebral blood flow for diagnosis of focal brain abnormality, patients with panic disorder & positive vs negative response to sodium lactate, 17547
naloxone &/vs standard lactate infusion, suppression of panic attacks, 21–42 yr olds with panic disorder or agoraphobia with panic attacks, 15307
neurochemical connection between panic episodes & endocrine disregulation, conference presentation, 20335
occurrence of depression & severity of anxiety, patients with agoraphobia & panic disorder, 9626
oral doses of diazepam vs propranolol, psychomotor performance, 20–61 yr old patients with panic disorder & agoraphobia, 28755
overview of recent research on anxiety disorders, conference presentation, 20264
panic & agoraphobic disorders & characteristics & drug treatment of separation anxiety, children & adults, conference presentation, 6776
panic disorder associated with opiate dependency, 32 yr old White male on methadone maintenance, 14826
panic-fear & tension & anxiety, 16–65 yr old patients being jaw-wired for massive obesity, 1711
personality correlates & symptoms, 18–60 yr olds with frequent vs infrequent panic attacks, 25574
platelet adrenergic receptor binding sites & plasma catecholamines, 18–36 yr old patients with panic attacks vs depression before & during imipramine treatment, 9629
platelet MAO activity in trace amine substrates & plasma levels of trace acids, agoraphobics with panic attacks, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1497
PM leadership conditions, escape behavior in simulated panic situation, college students, 14496
prevention & treatment of panic attacks, military personnel, 17842
problems in diagnosis & diversity of causal models & drug treatment, anxiety & panic & phobic disorders, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1469
proposal for new neuroendocrine model, panic disorder, implications for drug therapy with antidepressants, 17452
relaxation-associated changes before & during panic attacks, patients with anxiety disorders, 14655
self psychology perspective, 32 yr old female with panic attacks & hypochondriasis bordering on agoraphobia, 20253
short term therapy with buspirone vs diazepam, anxiety, patients with generalized anxiety disorder & panic disorder & agoraphobia with panic attacks, 7483
sodium lactate, decrease in ionized calcium levels & precipitation of panic attacks, patients with panic disorder or agoraphobia with panic attacks, 28195
sodium lactate vs isoproterenol, skin conductance & heart rate & anxiety & finger temperature, patients with panic disorder, conference presentation, 6771
somatically oriented & cognitive treatments, 20–54 yr old patients with panic vs anxiety disorders, 10202
tricyclic antidepressants vs MAO inhibitors & benzodiazepines, alprazolam, panic & anxiety disorders & depression, conference presentation, 20919
trycyclic & MAO-inhibitor antidepressants, panic attacks associated with agoraphobia, 10253
use of sodium lactate in laboratory conditions, study of panic disorders, 13901

Papua New Guinea

absence of grain in diet, schizophrenia, Papua New Guinea & Malaita & Solomon Islands & Yap, 9635
alcohol drinking habits & beliefs, high school students, Australia vs New Guinea vs US, 27888
analytic vs learning theory, analysis of origin of male homosexuality, homosexual Sambic male, New Guinea, 20058
constraints of interactive discourse, acquisition of word order & case marking, Kaluli children, New Guinea, conference presentation, 14098
current status of psychiatry, Papua New Guinea, 23080
development of formal thought at beginning vs end of science course, high school students, Papua New Guinea, 8001
distinction between European vs indigenous views on correct pronunciation in Tok Pisin, Papua New Guinea, 22250
evaluation of M. Mead's vs N. Chodorow's explanations of female personality traits, Iatmul vs Tchambuli cultures, New Guinea, 20050
initiation rituals, oedipal transition, young males in tribes of Indigenes, Papua New Guinea, 6380
interactions with mothers & their children & time spent delivering nutritional & family planning education, nurses, implications for program planning needs, Papua New Guinea, 18200
perceived economic & psychological costs & restrictions of having children, high school students, Australia vs Papua New Guinea, 3757
perceptions of mathematics lecturers, college mathematics students, Papua New Guinea, 15825
primary health care, peripheral health workers, Papua New Guinea, 18187
ritual & religious & other contexts, response to certain sounds, Ilahita Arapesh Indians, Papua New Guinea, 14280
shame or "matol" & moral aggression, Melanesian islanders, Papua New Guinea, 30600
spatial organization & territoriality & identity, Baruya, Papua New Guinea, 14264
stereotyped alcohol drinking attitudes, 15.7–16.7 yr olds, Papua New Guinea vs Australia vs US, 14215

Parachlorophenylalanine
naloxone vs parachlorophenylalanine methyl ester & preexposure to analgesia test, analgesia induced by brief vs prolonged footshock, male rats, 6170
parachloraphenylalanine, mating behavior & brain concentrations of 5-HT & dopamine & norepinephrine, male chickens, 720
parachlorophenylalanine & conditioned aversive stimulus, spontaneous locomotor activity, rats, 13757
parachlorophenylalanine, contacts with sexually active males, estrogen- & progesterone-treated female rats, 3433
parachlorophenylalanine, nociception & serotonin depletion, rats, 27564
yohimbine &/vs naloxone &/vs parachlorophenylalanine, stress analgesia, male rats, 24810
Paradigmatic Techniques [See Paradoxical Techniques]
Paradoxical Sleep [See REM Sleep]
Paradoxical Techniques
case study paradoxical investigations & evaluation via intra-S replication designs, literature review, 19013
efficacy of paradoxical interventions, treatment of agoraphobia vs depression vs insomnia vs procrastination, literature review, 20884
logotherapeutic technique of paradoxical intention, 7 yr old male with fear of not being able to fall asleep, 1861
paradoxical instruction, escape & avoidance behavior, 16 yr old agoraphobia female, 18054
paradoxical intention, treatment of agoraphobia & other anxiety disorders, literature review, 20873
paradoxical intervention, prescription-filling behavior, psychosomatic family, 1894
paradoxical intervention styles in alcoholism counseling, 31796
paradoxical interventions in behavioral medicine, 20859
paradoxical interventions, overcoming resistance to behavior therapy, 20844
paradoxical interventions, treatment of behavior problems, 7th & 8th graders, 21518
paradoxical techniques in psychotherapy, 20713
paradoxical techniques in strategic family therapy, 14 yr old female & her parents, 20792
paradoxical vs stress management vs self help treatments, stress, more vs less stress prone college students, 31476
role of humor & laughter in paradoxical intention & logotherapy, 15090
role of paradox in Gestalt theory & technique, 31400
stimulus control vs paradoxical intention vs placebo treatment, sleep onset insomnia, 19–59 yr olds, 12609
training in speech skills alone vs with anxiety control skills with vs without paradoxical instructions, public speaking anxiety, college students, 20889
types & uses & ethical considerations, paradoxical techniques in psychotherapy, literature review, 7213
use of paradoxical symptom prescription in individual psychotherapy, clients, review of outcome literature, 20739
use of paradoxical techniques, achieving control in therapy, family therapists, 23214
Paralegal Personnel [See Legal Personnel]
Paralysis [See Also Cerebral Palsy, Hemiplegia, Paraplegia, Parkinsons Disease, Quadriplegia]
intrathecal dynorphin A, antinociception in tailflick & limb flexion tests & paralysis, male rats, 27597
patching normal eye ataxia & vomiting & past pointing & subsequent adaptation of vestibulo-ocular reflex, 28 yr old female & 39 yr old male with peripheral monocular paresis, 20650
pedigree analysis & lithium carbonate, familial hyperkalemic periodic paralysis & bipolar depression, 27 yr old male, 28788
prevalence of sleep paralysis, Blacks with mean age of 31.3 yrs, 9888
rate of eye blinking, patients with Parkinson's disease vs progressive supranuclear palsy vs Huntington's disease vs dystonia, 7069
Paralysis (Hysterical) [See Hysterical Paralysis]
Paralysis Agitans [See Parkinsons Disease]
Paramedical Personnel [See Also Attendants (Institutions), Medics, Nurses, Physical Therapists, Psychiatric Aides]
correlates of employee turnover, nursing home aides, 26459
job turnover & job satisfaction, nursing home aides, 23678
peer selection of emergency medical coordinators, performance of trained volunteers, populations in rural communities, US, 29041
personality traits, students majoring in physical therapy vs clinical dietetics vs medical technology, implications for college & high school counseling, 8033
psychological intervention training program, responses in role-playing emergencies, emergency medical technicians, 5093
racism, educational & job opportunities, Black nurses & paramedical personnel, UK, 2251
sociocultural information & health planning, assistant nurse-midwife program, females, Nepal, 18451
Paramedical Sciences [See Also Nursing, Optometry, Pharmacology, Physical Therapy, Psychopharmacology]
personal & educational & professional characteristics, physiotherapy educators, Great Britain vs Nigeria vs US, 31912
Parameter Estimation [See Statistical Estimation]
Parameters (Response) [See Response Parameters]
Parameters (Stimulus) [See Stimulus Parameters]
Parametric Statistical Tests [See Also F Test, T Test]
parametric vs nonparametric statistical tests, test of specific location hypotheses, 5676
sample size & variance equality assumption violations, use of F & H tests, 2961
use of parametric vs nonparametric statistical procedures in articles published in Journal of Counseling Psychology, 1954–81, 11223
Paranoia (Psychosis)
analytical psychotherapy, 50 yr old male with persecution paranoia & aggressiveness & epilepsy, 4648
bilateral skin conductance & heart rate & CSF monoamine metabolite levels & psychotic symptoms & habituation, 19–44 yr old unmedicated schizophrenic vs paranoid patients, 9614
blood pressure, inpatients with paranoia vs paranoid schizophrenia, 14749
characteristics & etiology & treatment, patients with querulent paranoia, Norway, 1938–82, followup study, 20214
clinical & social course & outcome, 17–55 yr old 1st admission patients with acute reactive paranoid psychosis, 10-yr followup, 30942
clocapramine, schizophrenia & paranoia, outpatients, 18140
cyamenazine treatment, patients with symptoms of schizophrenia or paranoid or depressive syndromes, 4801
deanimated transitional phenomena, paranoid 29 yr old male & female, 9726
emigration & acculturative stressors, paranoid delusions & suicide attempt, 23 yr old male Vietnamese refugee, 1412
family interactions, genesis of paranoid system, 1416
high scores on MMPI Lie scale & paranoid psychopathology, 20–48 yr old male forensic Ss, 28312
interactional maintenance of paranoid system, kibbutz families with paranoid member, 4185
paranoid delusional syndrome & hypothyroidism, 73 yr old female, illustration of complexity of inpatient geropsychiatric care, 31309
paranoid delusions, 19 yr old male with Gilles de la Tourette syndrome, 20604
paranoid psychosis, patients admitted to hospital, 5–26 yr followup study, 4230
paranoid symptoms, patients with endogenous depression, 20266
phenomenology of manic paranoia, 1482
psychiatric manifestations of hyperparathyroidism, 53 yr old Black female with paranoid psychosis secondary to parathyroid-adenoma-induced hypercalcemia, literature review, 25763
psychoanalytic theories & treatment, psychopathology of paranoia, adolescents, 4595
psychopathological pattern of depressive-paranoid syndrome, hospitalized patients, 6797
psychotherapy for nervous reaction to physical contact, 14 yr old male with extreme paranoia to outside intervention, 31354
psychotic & delusional perceptions of pet animals, adult defendants accused of violent crimes, 17608
sinistrosis as clinical form of paranoid psychosis, 4158
Paranoid Personality
incidence of chronic schizophrenia & schizotypal & paranoid personality disorders, 1st degree relatives of chronic schizophrenics, 20219
prevalence of persecutory ideation, elderly community residents, 1368

Paranoid Schizophrenia
age & time course characteristics, paranoid schizophrenic patients with delirious syndromes with onset at 20 yrs or younger vs 45 yrs or older, 12126
angiotensin-converting enzyme activity in CSF, patients with paranoid schizophrenia vs nonspecific neurological symptoms, 9619
art therapy, aged patient diagnosed as paranoid schizophrenic, 17867
attribution of responsibility & causality, paranoid vs nonparanoid vs undifferentiated schizophrenic vs affective patients, 25592
autobiographical account of life with paranoid schizophrenic mother, 17502
blood MAO activity & computerized tomography scans, differentiation between types of schizophrenia, 20–60 yr old paranoid vs residual vs undifferentiated schizophrenics, 22780
blood pressure, inpatients with paranoia vs paranoid schizophrenia, 14749
carbamazepine & fluphenazine, paranoid schizophrenia, 26 yr old White male, 10278
cerebral asymmetry, 21–51 yr old paranoid vs nonparanoid male schizophrenics, 20358
cognitive functioning & disordered thinking & drive-dominated thinking, acutely hospitalized patients with paranoid vs nonparanoid schizophrenia, 1-yr followup, 17506
commitment to social environment for standards of comparison, defensive projection in self assessment, process & reactive paranoid schizophrenic inpatients, 14679
conflict-continuity vs deficit-discontinuity view, trust & delusions, paranoid schizophrenia, 12205
CSF homovanillic acid & cyclic adenosine 3',5'-monophosphate & serum prolactin, 40–60 yr old male chronic paranoid schizophrenics with tardive dyskinesia vs symptoms of chronic neuroleptic parkinsonism, 6732
decision making process & RT, paranoid vs nonparanoid schizophrenics, 1435
dependency needs, hospitalized paranoid schizophrenics vs those from rehabilitation centers, 7191
dexamethasone suppression test results, 28–72 yr old female patients with endogenous depression vs paranoid schizophrenia, 25586
diagnosis of paranoid schizophrenia vs recurrent major depression, Freud's patient D. P. Schreber, 4199
efficacy of loxapine vs chlorpromazine, paranoid schizophrenic inpatients, 10302
episodic weekend psychotic outburst on psychiatric intensive care unit, 32 yr old institutionalized paranoid schizophrenic, 26339
haloperidol, CSF concentration of cyclic guanosine monophosphate, male paranoid schizophrenics, 23319
hospitalization, development of psychotherapeutic alliance with staff, 20 & 27 & 39 yr old chronic & paranoid schizophrenics, 15508
humoral immunity through levels of immunoglobulins, paranoid vs nonparanoid vs schizoaffective patients with schizophrenia, 20217
liquid chromatography with electrochemical detection, measurement of plasma vs urinary catecholamine levels, 23–40 yr olds with paranoid schizophrenia, 28158
loxapine vs chlorpromazine therapy, paranoid schizophrenic 19–61 yr old inpatients, 7482
melatonin in CSF, male neuroleptic-treated paranoid schizophrenics & unmedicated paranoid schizophrenics with mean age of 40.6 yrs, 12133
memory & selective attention, iconic & symbolic representation of abstract concepts, paranoid schizophrenics, 6749
progression of disease as exemplified in creative literary output, paranoid schizophrenic 48 yr old inpatient, 9733
psychoanalytic view of love & hate & narcissism, male patients with paranoid schizophrenia & borderline disorder, implications for treatment, 28646
seasonality of birth, predisposition to schizophrenia, male vs female paranoid vs nonparanoid schizophrenics, 6823
self description of experiences, 37 yr old paranoid schizophrenic, 25565
single flashes of light, visual EPs, 21–53 yr old patients with medium progressive schizophrenia, 17495
structure of needs, social functioning, paranoid schizophrenics, 4261
tendencies to perceive illusory correlations, paranoid vs nonparanoid schizophrenics, 4139
use of 3-way configural frequency analysis, assessment of effects of high vs low dosages of haloperidol, acute paranoid schizophrenic patients, 28781
Paraplegia
contributions of behavioral medicine, rehabilitation, paraplegics & spinal cord injured patients, 26368
forearm pedaling & exercise with weights & wheelchair sports, cardio-respiratory fitness & muscular strength, persons confined to wheelchairs, literature review, 1655
sport therapy, physical capacity, paraplegics, 4998
Paraprofessional Education
change in occupational therapy curriculum, 18417
peer helper training & timing of training, perceived stress, college student resident assistants, 29164
psychological intervention training program, responses in role-playing emergencies, emergency medical technicians, 5093
sociocultural information & health planning, assistant nurse-midwife program, females, Nepal, 18451
training program, administration & scoring of screening battery for differential diagnosis of dyslexia vs hyperkinesis, psycho-educational technicians, 5178
training program, planning & facilitation and evaluation of developmental workshops for college students, undergraduate paraprofessionals, 26484
videotape presentation with guided participation vs other training methods, development of positive attitudes toward crisis intervention, community college students in paraprofessional education program, 12927
Paraprofessional Personnel [See Also Attendants (Institutions), Medics, Paramedical Personnel, Physical Therapists, Psychiatric Aides, Teacher Aides]
attitudes toward drug abuse & treatment & expectations for clients & clients' attitudes, ex-addict vs non-ex-addict paraprofessional drug abuse counselors vs degreed professionals, 15629
background & role & job participation, ex-addict vs non-ex-addict paraprofessional vs degreed professional drug counselors, 12849
ego analytic approach to individual body work, sex therapy & role of paraprofessional 27–57 yr old males, 1758
evaluation of counseling style, novice vs experienced paraprofessional telephone counselors, 12741
evaluation of role as behavior therapist, occupational therapy helpers & aides, 26438
ex-drug addiction of paraprofessional & professional drug counselor, treatment progress, methadone maintenance clients, 18369
issues in therapeutic work with peers, elderly paraprofessionals, 26302
part-time mental health technicians using transactional analysis in learning groups, treatment impact & life satisfaction, 34–48 yr old residents of care facility, 20817
participation in interdisciplinary team meeting, professional vs paraprofessional vs direct-care staff of institution for mentally retarded, 15587
peer evaluations of counseling skills, paraprofessional counselors in church based lay counseling program, 31652
primary health care, peripheral health workers, Papua New Guinea, 18187
role in civil commitment procedures, community mental health center paraprofessionals who are indigenous to community served, 10551
selection & use of paraprofessionals in helping professions, 15648
self vs ideal descriptions of Physician's Assistant & sex role stereotypes, 1st & 2nd yr & graduating Physician's Assistants, 18427
service & training approaches in community mental health programs using paraprofessionals & volunteers, elderly, 26292
speech therapy for normal & handicapped students in public schools, trained communication assistants in direct speech therapy, 5415
training program, administration & scoring of screening battery for differential diagnosis of dyslexia vs hyperkinesis, psycho-educational technicians, 5178

training program, planning & facilitation and evaluation of developmental workshops for college students, undergraduate paraprofessionals, 26484
training programs, paraprofessional Christian counselors, 2282
use of therapeutic companion in psychiatric treatment, borderline & psychotic & suicidal & aggressive hospitalized patients, research implications, 1844
videotape presentation with guided participation vs other training methods, development of positive attitudes toward crisis intervention, community college students in paraprofessional education program, 12927
Parapsychological Phenomena [See Also Clairvoyance, Extrasensory Perception, Near Death Experiences, Precognition, Psychokinesis, Telepathy]
a priori & theoretical objections to psi, implications for methodology in psi research, 24100
academic degrees & primary beliefs about unidentified flying objects, 26–89 yr old ufologists, 2746
acknowledgement & coping with fears of psi, 13426
aggression & CNS & psychopathology, poltergeist phenomena, 13413
approaches to counseling persons having difficulty with apparent parapsychological experiences, 1836
attitudes toward parapsychology & scientific demonstration of psi, participants in conference on occult activities, implications for parapsychological research, 26874
beliefs in extraordinary phenomena, college students, Canada vs Singapore, 2747
categorization into translative vs transformative vs transfusive divisions, analysis of unidentified flying object reports, 24155
communication & referential hierarchy of events precipitating & during feast for spirits of deceased relatives, Caribs, Guatemala, 6447
correlates of belief in psychic experience, literature review, 13422
critical review & reformulation of relationship between expectancy & psi, 13406
definition & models of psi, 29712
description of L. E. Rhine's qualitative analysis of "spontaneous cases", 13428
epidemiology, psychic beliefs & other paranormal experiences & out-of-body experiences, registered voters, England, 8281
evaluation of magic in parapsychology, 29602
evidence of ESP in relation to out-of-body vs near death experiences, criticism of S. Blackmore's article, 16164
examination of L. E. Rhine's studies of spontaneous cases of macropsychokinesis & poltergeist & haunting incidents, 13418
examination of P. Grim's thesis that psi phenomena & E expectancy effect may be identical, 8280
false keys & postmortem tests for survival of identity, 13402
feedback conditions, potential paranormal value of statements, 30–75 yr old psychics, 26854
history & experimentation & theories of parapsychology, conference presentation, 13403
hypnotically suggested out-of-body experience, attentional & emotional shifts, college students, 24522
interpersonal expectancy effects & psi phenomena, commonalities & differences, 8289
list of most important parapsychological experiments selected by former presidents of Parapsychological Association, 29713
living- vs discarnate-agent hypotheses, cessation of poltergeist activity after exorcism, 26852
methodological differences in approach to study of spontaneous cases of psi, implications for study of L. E. Rhine's case collection, 13423
monthly variations in seismic indices, reports of unidentified flying objects, 21657
mysticism level & cultural alienation & malevolent world view & personal well-being & demographic variables, unidentified flying object sighters vs nonsighters, 24101
need for non-psi control conditions in psi research, 24099
non-conflict influences, cardiovascular functioning, frogs & humans, 26865
nonintentional use of psi in parapsychological research, 13427

role in parent education & prevention of child abuse, school & day care teachers, 26470
school closure, psychological maladjustment & academic & parental involvement decline & adverse community impact, Mexican-American mothers, followup of "Angles" case, 26475
structure & implementation of home-school contingency plan using reports & parent-teacher cooperation, learning & problem behaviors, junior high school students, 29386
symmetrical model of G. Bateson, evaluation of parent-school relationship in resolving conflict, 10 yr old male with poor handwriting & his parents & teacher, 23909
teacher-parent interaction, linkages between preschool handicap classrooms & homes, 15867
training plan for involvement & participation in preschool handicap programs, parents, 10818

Parent Training

Adlerian parent study groups, home behavior & school attendance of adolescent children, Black parents with median age of 38.5 yrs, 10194
Adlerian parent training based on A. Ellis's rational emotive therapy, 7346
agency-based treatment vs less comprehensive home-visiting program in Thresholds Mothers' Project, parenting abilities & child development, mothers who experienced psychiatric hospitalization during their children's early yrs, 21033
alternative summer-school-based parent training program, low teaching proficiency mothers & grandmothers of moderately to severely retarded children, 21396
audiotaped & written training materials, knowledge & skill level in implementation of time out procedures & need for observation & feedback, mothers of 2–11.1 yr olds, 20830
behavior therapy consisting of precision commands with compliance cues, coercive patterns between parents & children & compliance, parents & children, 12605
behavioral weight reduction program with vs without parent training in general child management skills, overweight 8–12 yr olds & their parents, 1-yr followup, 20858
bug-in-ear microphone device for training in positive verbal & physical attention toward child, abusive-neglectful mother of 4 yr old, 23197
child management &/vs planned activities conditions, behavioral parent training, parents of oppositional 2.5–7 yr olds, 18078
clinical use of temperament data in pediatrician's education of parents, 31578
creative curriculum focusing on self improvement & role as grandparents, grandparents, 7351
early child development program, relationship with infant, middle class 1st-time parents, 12575
early intervention training program for parents, acquisition of early language skills, developmentally delayed 19–55 mo olds, 31323
education services, preparation for parenting, deaf adults, 2178
evaluation of behavioral & social learning parent training program, effects on behavior & social relationships of children, parents & their 4 yr olds, 26081
evaluation of home-based early learning project for dissemination of ideas on child care & development, parents of young children, 13050
evaluation of past vs present parent education, 28705

evolution of Parent and Child Education Family Treatment Center, parenting skills, seriously disturbed & socially disadvantaged mothers of young children, 21018
Exploring Parenting educational program, 22466
family therapy & ecological model of family systems, development of preventive parenting skills programs, 4666
films for family strengthening program utilizing social learning theory, parents & adolescents, 15242
goals in family management course & identification of issues relevant to parent training, 1925
group counseling, self esteem & family relations & parenting skills, parents of hospitalized disturbed adolescents, 4965
historical perspective of parent education & relationship to early childhood education, 15794
individual- vs group-family-based reciprocity training, communication skills, families involved in parent-child conflict with 10–16 yr olds, 23231
inexpensive educational programs, techniques of reading aloud to their preschool children, parents, 26538
infant education program, interactional skills, mothers of handicapped 3–34 mo olds, 32143
interactions with mothers & their children & time spent delivering nutritional & family planning education, nurses, implications for program planning needs, Papua New Guinea, 18200
maternal distress, interactions during parent training program for child compliance, mother-child pairs, 7357
mealtime management training for parents, problematic eating behaviors, 2–8 yr olds, 23253
methods for motivation to enhance preparation for mainstreaming of handicapped children, parents & community volunteers, 32114
model of parent education, 18590
mother & child characteristics & SES, outcome of behavioral parent training for modification of aggressive & oppositional child behavior, 21–38 yr old mothers & their 2–11 yr olds, 15244
need for counseling & training in parenting skills, parents of handicapped children, 7349
neonatal intervention based on Brazelton Neonatal Behavior Assessment, mother-infant & father-infant & husband-wife interaction, mother-infant dyads vs mother-father-infant triads, 22458
obstacles to appointment keeping in child behavior management clinic, parents following 1st appointment-keeping failure, 26285
overview of Perinatal Positive Parenting program, parent training, 20975
parent-centered model, physiotherapy, handicapped children aged 6 yrs or younger, 15555
parent-child relations & discipline & parent training, disobedience, 10–16 yr olds, 27735
parent education in campus child care centers, 5403
parent group training program, parent child communication & problem behaviors & parental attitudes, 23–63 yr old single mothers, 18024
parent guidance training program, interpersonal sensitivity & personality parent–child relations, mothers & their 8–12 yr olds, 18030
parent language-training program, mother-child conversations, mothers & their 3–5 yr olds with language disorders, implications for assessment & intervention, 1931
parent support groups in Perinatal Positive Parenting program, parent training, 20973
parent training & use of community resources in care & development of handicapped child, minority parents, 15416
parent training based on social learning model, prevention of drug use, adolescents, 15243
parent training, child noncompliance, maritally distressed vs nondistressed mothers, 23193
parent training intervention program, maternal adaptation & psychopathology & infant cognitive development & temperament, mothers of low birthweight babies, 10196
parent training, parents of deaf children, 20523
parent training program, enhancement of self help skills & reduction of behavior problems, 4.5 yr old female with spina bifida, 12836
parent training program, interaction with noncompliant child, parents of 3–8 yr olds, 20796
parent training program, parents of hearing impaired children, 1928
parent training program, satisfaction & compatibility, married couples, 28701
parent training program to encourage independent problem solving, mothers & their language delayed or disordered 3.3–4.9 yr olds, implications for language development & social adjustment, 15899
parenting programs in public schools, knowledge & attitudes, pregnant students with mean age of 16.1 yrs, 5247
participation in neighborhood based educational support program, 18–39 yr old low income & working class White mothers of young children, 21327
perceptions of childrearing success, children & teachers & parents, implications for parent curriculum development, 27881
Perinatal Positive Parenting program, parent training, 21079
pre- & postdelivery mother-infant groups, family-infant development, mothers & fathers with median ages at 27 & 30 yrs & their infants, 1070
predictors of treatment outcome, families with conduct disordered 3–8 yr olds attending behaviorally oriented parent training program, 20886
primary child health care program, breast feeding, low-income families, Brazil, 4866
procedure for teaching parents to be reading tutors, generalization of reading skills from home to school, mildly retarded 8.8–10 yr olds, 5341
professional & parental involvement in orientation & mobility training & relationship to other curriculum areas, visually handicapped preschoolers, 29366
psychosocial orientation sessions by psychiatric social workers, parents of learning disabled children, 18278
psychotherapeutic treatment, maternal & infant functioning & development, 16 yr old anorexic mother & her infant daughter, conference presentation, 4670
residential workshop, professional foster parents, 23431
role in behavioral parent training, fathers, literature review, 12573
role in parent education & prevention of child abuse, school & day care teachers, 26470
role in parent training & counseling & therapy, integration of family & developmentally disabled children, school psychologists, 23706
sequences of time-out & attention, modification of noncompliant child behavior & treatment acceptability, mothers & their 2.6–6.6 yr olds, 26135
short term intervention program in pediatric primary care setting, children's behavior problems, parents, 2-mo to 2-yr followup, 18027
simultaneous parent-child training programs, communication & parent participation & child behavior, 26–30 yr old parents & their children with mean age of 4 yrs, 15457
social network & demographic characteristics, short- vs long-term participation in parent education program, White working-class low-income mothers aged 18–39 yrs, 1929
sociocultural factors, problems in training parents to be behavior therapists, Hong Kong, 12599
specificity of outcome in group behavior modification training program, parents of retarded children, 20834
stimulus & environmental setting events, long term success in training for modification of aggressive child behavior, mothers, conference presentation, 20845
Systematic Training for Effective Parenting, parental attitudes & children's locus of control, parents of learning disabled 9–12 yr olds, 15269
therapeutic vs informative vs management vs helpful hints models, parent education/counseling, parents of learning disabled children, 21502
time limited goal focused parent aide service, parenting skills & emotional adjustment & other factors, 27-yr-old single mother, 12788
traditional vs table-talk placemats, family interactions in restaurants, families of 3–5 yr olds, 18026
training as therapists for remediation of own children's behavior problems, parental attitudes, mothers of 2–13 yr olds, 3-yr followup, 7347

training in teaching children interpersonal cognitive problem solving skills, Black lower income inner city mothers of preschoolers, 18029
training plan for involvement & participation in preschool handicap programs, parents, 10818
training program, amelioration of role conflicts, foster parents, 31626
view of child's failure in parent vs compensatory education & working class mothers, Israel, 2427
volunteer-family relationship in Perinatal Positive Parenting program, parent training, 20986
volunteer service of Perinatal Positive Parenting program, parent training, 21094
Parental Absence [See Also Father Absence, Mother Absence]
attitudes toward single parent families, counselors vs teachers vs administrators, 12930
family size & sibling order & parent loss before 18 yrs of age, personality traits as measured by MMPI, 18–25 yr old males, 28113
loss of parent by death & age at time of loss, depression, patients of general practitioners, 14626
loss of parent, emotional disturbance, bereaved children & children of divorce & foster care, 6738
MMPI assessment of psychlogical health, young adults who experienced death of parent prior to or during age 6 vs between ages 12–18 vs those who had not experienced death of parent, 1327
need for contact with absent parent following separation or divorce, children, 3807
parent loss through abandonment vs divorce vs death vs illness & institutionalization & foster care, 13 & 17 yr old females, implications for psychodiagnosis & treatment, 23480
parental death in childhood & demographic characteristics, subsequent depression as adult, literature review, 6865
Parental Attitudes
acceptance of dry bed training vs urine alarm training, treatment of nocturnal enuresis, parents of enuretic 6–14 yr olds, 1947
analysis of impact of attitudes & perceived norms & beliefs using M. Fishbein & I. Ajzen's theory of reasoned action, intention to breast- vs bottle-feed assessed ante- vs postnatally, 16–38 yr old primiparous mothers, 19997
assessment of adaptive behavior, parents vs teachers vs 6–10 yr educable mentally retarded students & slow learners, 5336
Asthma Problem Behavior Checklist, structured interview screening instrument for detection of potential problem behaviors, parents of chronic asthmatic 5–15 yr olds, 9913
attitude towards integration of handicapped children into regular classrooms, regular vs special school teachers & handicapped students & 8th graders & parents of special vs regular school students, Yugoslavia, 32150
attitudes & adjustment to childhood epilepsy, parents of epileptic 6–14 yr olds, 7005
attitudes toward aggressive behavior of their 1 & 2 yr olds, mothers, 6502
attitudes toward alcohol, male vs female college students vs their parents, 17294
attitudes toward autistic child & child's impact on parents & relationship between parents & grandparents, mothers vs fathers vs maternal vs paternal grandparents, 28200
attitudes toward corporal punishment in schools, parents of military dependents, 32094
attitudes toward deinstitutionalization & community placement of their child/ward, parents/guardians of mentally retarded former state hospital residents, 9856
attitudes toward education & role of schools, parents vs teachers, 15665
attitudes toward involvement & interests & parent-teacher relationship & special education services, parents of handicapped children, 18698
attitudes toward open education & achievement of program goals, high school seniors who participated in open-education program in grades 2–6 & their parents, followup studies, 29210
attitudes toward reports of standardized reading test results, parents of 3rd graders, 23685
attitudes toward school & community, 8th & 12th graders vs teachers of kindergartners to 12th graders vs parents, Alaska, 21251
attitudes toward sex education, male parents over 50 yrs old vs 17–20 yr old students vs 40–50 yr old teachers from rural & urban & metropolitan areas, India, 29238
attitudes toward unanticipated cesarean birth with healthy neonate, fathers, 12716
attitudes toward use of drugs & alcohol & tobacco, 33–50 yr old members of Parent-Teacher Association in suburban high & junior high schools vs high school students, 6359
awareness & perceptions of community services, mothers caring for severely mentally retarded 3–17 yr olds at home, England, 2070
bottle feeding interactions & perceptions of infant, mothers & their preterm vs full-term newborn infants, 1-mo followup, 30365
caretaking role, parental attitudes & preferences & parent-infant interaction & attachment & infant sociability, 21–35 yr old mothers vs 22–51 yr old fathers of infants, longitudinal study, Sweden, 6487
causal attribution of learning difficulties in children, parents, implications for school counseling, 23916
child custody dissatisfaction, fathers, 1143
childrearing attitudes & expectations, native vs guestworker parents of kindergartners & 1st graders, West Germany, 30647
childrearing attitudes assessed with Parent As A Teacher Inventory, parents of intellectually handicapped vs nonhandicapped children with mean ages of 5.7 vs 4.5 yrs, 12311
childrearing beliefs & attitudes, parents whose occupations involve working with materials &/or involving technical skills vs people, 25295
child's behavior pattern & gender & grade level, perception of teacher & parent competence, mothers vs fathers vs teachers of kindergarten through 5th graders, 15713
child's gender vs birth order vs ethnic background, expectation of developmental timetables, Australian vs Lebanese mothers, Australia, replication of study by R. O. Hess et al, 16869
cognitive problem solving educational intervention model, parents of learning disabled children, 18723
concerns about children's food advertising, mothers of elementary school children, 2725
construction of self administered questionnaire, measurement of body image & marital relationship & attitudes toward sex & pregnancy & motherhood, females in late pregnancy & after delivery, 5633
day care needs & attitudes & practices, single parent vs intact families, implications for counselors & employers in area of childcare support, 1093
deinstitutionalization against parents' wishes, 30 yr old mentally retarded male, case law, 14359
derivation of generalized hostility toward youth, parents & helpers & therapists, implications in therapeutic processes, 31378
development of Infant Characteristics Questionnaire, measurement of perception of infant difficultness, mothers of 4–6 mo olds, 5596
development of inventory using Q-sort technique, measurement of real vs ideal beliefs about parenting, parents, 19077
direction to visit preterm infant in neonatal intensive care unit weekly, frequency of independent visits & perception of infant & length of hospitalization, mothers, 10497
dogmatism & empathy & nonverbal behavior of fathers, cognitive development, 12–13 yr old sons, 27811
early parental attitudes & divorce/separation, adaptation, 18–22 yr olds studied from infancy, 22-yr longitudinal study, 30497
early vs later diagnosis, family relations & parental attitudes, parents of children & adolescents with congenital hypothyroidism, 31137
empirical analysis of shared parenting, parents, 22472
encouragement of sons toward military service, mothers, 29495
expectation of child survival probability, desired fertility, wives & husbands, Malaysia, 19995
expectations & confidence & frustration levels, parents of intellectually handicapped children with mean age of 5.7 yrs, 31097
family attitudes, Japanese American vs White families with unmarried 13–20 yr old children, implications for family assessment & therapy, 30635

family dynamics & parental reactions at various stages of child's gender dysphoria, 21–31 yr old transsexual patients requesting surgery, 1078
infant birth weight & age of mother & physical contact in delivery room & scores on APGAR scale, attitudes toward their 1 mo olds, primiparous mothers, 20001
initial temperament of child & parental attitudes & treatment, incidence & form of behavioral problems, longitudinal study from birth to adolescence, 9756
inter-generational transmission of authoritarian paternal attitudes, 49–76 yr old fathers & their 22–48 yr old sons, 25302
interrater reliability & validity, parental assessment of temperament, handicapped children, 5598
knowledge & acceptance of drug education, parents of elementary school students, Nigeria, 14459
maternal attitudes toward child's temperament, crying behavior in stressful situation, 11 mo olds, 19896
maternal perception of infant at 1 mo of age assessed by Neonatal Perception Inventory, social-emotional development, 4.5 yr olds, replication of study by E. R. Broussard & M. S. Hartner, 5645
maternal traditional vs modern sex role attitudes, need for achievement & expectancy of success, male vs female 7–12 yr olds, India, 30548
maternal vs professional assessment of 6.6–36.6 mo olds with mild to severe handicaps, 19–39 yr old mothers & teachers, 1324
maternal work status, perceptions of their 3 yr old children, mothers vs fathers, 9393
measurement of infant difficultness, Infant Characteristics Questionnaire, mothers of 4–6 mo olds, 26985
measurement of pathogenic parental style & its relevance to psychiatric disorder, 28244
mother child interaction & home environment & demographic variables & maternal attitudes, development of causal models for classroom & achievement test performance, Mexican American 7–9 yr olds, 27789
mothers' prohibiting vs accelerating attitude toward child, safety education, mothers & their 3–5 yr olds, 11707
needs assessment, guidance program, elementary school children & parents & teachers, 5362
observation of infant's behavior & projective identification of mother, attribution of personality traits to infant, 17–30 yr old mothers & their neonates, 6501
obsessive personality traits and achievement expectations, parents of adolescents with diagnosis of obsessive compulsive neurosis, 25518
parent attitudes & treatment at "all-day school", school adjustment, students with behavior problems, 2.5-yr followup, Denmark, 21404
parent group training program, parent child communication & problem behaviors & parental attitudes, 23–63 yr old single mothers, 18024
parent vs peer smoking & attitudes & motivation & parent & peer supportiveness, onset of smoking behavior, 6th–11th graders, 11669
parent vs teacher assessment of intellectual & behavioral functions, maltreated children with mean age of 11 yrs, 17645
parent vs teacher ratings of development level & skills, trainable mentally handicapped 14–19 yr olds with vs without work experience, 10833
parental adjustment to child's handicap, development & adjustment, physically handicapped children, 12380
parental affective style & treatment with behavioral family therapy vs individual psychotherapy, social functioning, schizophrenics with mean age of 25.6 yrs, 15112
parental anxious concern, birth order differences in frequency of visits to emergency departments, 1st vs laterborns with approximate age of 2.3 yrs, 26243
parental attitude toward childrearing & imagination, imaginative ability, 14.5–15.5 yr olds & their parents, 25056
parental attitudes & child personality, reply to research by J. J. Ray & S. Singh, 25168
parental attitudes & family background, results of long term treatment of infantile autism, male vs female autistic patients & their mothers who had received 25 yrs of treatment, followup study, 31367
parental attitudes, development of temperament, 3–15 yr old twins, 16579
parental attitudes, prediction of child personality, mothers & their male vs female children, India, replication of research by K. Barton, 25226
parental attitudes toward sexual behavior & premarital sex & marriage & reproduction & sexual education, mentally retarded 6–18 yr olds, 20459
parental belief systems & teaching strategies, social-cognitive problem solving & school adjustment, intact families with 2nd graders, 25039
parental childrearing attitudes, child's prosocial behavior, 3–6 yr olds from 2-parent families, 14206
parental childrearing attitudes, moral judgments, preschool children, 25216
parental educational attitudes & style, self actualization, students, 9323
parental expectations of college education, learning disabled children, 23833
parental judgement of child's body weight, self perception of body image & weight, female vs male 9–11 vs 12–14 yr olds, 6296
parental perception of total communication ability of child, social & emotional & educational growth & speechreading & speech & hearing aid use, hearing impaired 5–20 yr olds, 28462
parental perception of vs actual cognitive abilities, 4 mo to 9 yr olds with cerebral palsy, 4389
parental religiosity vs support, religious orientation, 11–18 yr olds attending Catholic schools, Pakistan, comparison with US study, 17077
parental sex role traits & television viewing, sex typing of toys & occupations, female vs male 5.5–7.5 yr olds, 22393
parental social deviance & desire to change & relationship with child, decision making in child neglect cases, protective service workers, 31616
parental vs adolescent rating of separation indicators, difficulty in leaving home, college students, 30524
parent's view of child's experience during & after divorce, custodial parents of 5–18 yr olds, 1072
perceived emotions in their 1–18 mo olds, mothers with mean age of 28 yrs, 6373
perceived insensitivity of psychologists & social workers & physicians, parents of handicapped children, 1657
perception of health & welfare services for handicapped children, parents of severely handicapped preschoolers, 4865
perception of infant's temperament, behavior toward infants, mothers with mean age of 21.3 yrs & their male vs female 6 mo olds, Israel, 9405
perception of role & function of secondary school counselor, counselors vs parents, 26695
perception of student teachers, elementary school students & their parents, 26592
perceptions of actual & ideal parenting behavior in relation to child's cognitive & physical & social development, 22–44 yr old White parents of 2.5–6 yr olds, 9406
perceptions of assertive discipline, teachers vs parents vs junior high & elementary school students, 10775
perceptions of childrearing success, children & teachers & parents, implications for parent curriculum development, 27881
perceptions of infant temperament, personality change, new parents, 25307
perceptions of parenting, early childhood daycare staff vs parents, 22474
perceptions of temperament & activity of high risk or developmentally delayed infants, mothers & early intervention program home visitors, 9882
pre-birth parent & marital characteristics, quality of infant care & responsiveness to infant's needs & resolution of ambivalence toward caring for infant, parents, 9401
preference for sons vs daughters & their distribution, spouses, Asia vs US, 17160
presence during birth, paternal involvement after 1st yr, fathers, 1067
protracted hospitalization with emotional & educational intervention, parental fear & recurrence of hospitalization, disabled 7–30 mo olds & their parents, 15471

psychosocial atmosphere & political interest in home, deviation from parents' political ideology, male vs female high school students, Sweden, 25184
psychosocial treatment & drug therapy, schizophrenic patients, comment on R. P. Liberman & D. B. Rueger's article by father of schizophrenic patient, 5019
reactions to death of adult child from cancer, parents, 1720
reactions to presence of handicapped patient in family, parents & extended family, 30874
recollected parental appraisal of S's communication, self appraisal of communication, college students, 1266
satisfaction with psychiatric hospitalization of children & adolescents, parents, 7665
satisfaction with special education staff, parents of handicapped children, 2544
satisfaction with status & perceptions of motherhood & childrearing practices & family role models, professionally employed vs unemployed mothers of 12 mo olds, Belgium, 1052
school climate & discipline & student achievement & self concept & parental attitudes, 4th & 6th & 8th graders of fundamental vs regular schools, 26624
school district desegregation, attitude change, parents & students, longitudinal study, 18653
sex & effect of perceived appraisals by teachers vs friends vs parents, self evaluation, high school students, 25196
sex differences, judgments of morality, college students & their parents, 14002
sexual stereotyping & expectations about male vs female infants, expectant married couples & college students, implications for social work practice, 17188
social environmental characteristics & childrearing factors, depression, mothers of young children from semirural socioeconomic groups, 9627
sociodemographic variables, employment status & perceptions of their 3 yr olds, mothers, 22455
sources of stereotyped attitudes about sex differences in emotionality, middle- vs working-class parents of 3–6 yr olds & college students & 2–4 yr olds, 9260
strong vs average vs weak academic achievement level, perceptions of needs, secondary school students & their parents, 23806
student characteristics & relations with peers, 1st & 6th graders with vs without parental permission to participate in research, 6339
Systematic Training for Effective Parenting, parental attitudes & children's locus of control, parents of learning disabled 9–12 yr olds, 15269
theories & measurement of parenting characteristics & behavior, 19027
therapeutic mediation model, child custody dispute resolution, divorcing or divorced parents, 1163
traditional beliefs & practices, continuation of lactation, 16–42 yr old mothers living in squatter areas, Philippines, 27932
training as therapists for remediation of own children's behavior problems, parental attitudes, mothers of 2–13 yr olds, 3-yr followup, 7347
unwanted pregnancy, children at risk for mental illness or emotional disorders, 9695
values regarding children's physical & interpersonal & intrapersonal & sociocultural development at school vs home, mothers of handicapped vs nonhandicapped 3–4 yr olds, 12113

Parental Authoritarianism [See Parental Permissiveness]

Parental Behavior (Animal) [See Animal Parental Behavior]

Parental Influence [See Parent Child Relations]

Parental Occupation

age & sex & intelligence & parental occupation, moral development of guilt-innocence & apology-restitution, 35–70 mo olds, 27722
age & sex & intelligence & parental occupation, moral development, 35–70 mo olds, 25042
correlation of parents' occupational status & child's IQ scores, children in IQ test standardization sample populations, 1932 vs 1947–48 vs 1972, 6295
home background & intelligence & personality & education, prediction of unemployment, male vs female adolescents, Northern Ireland, 1-yr followup, 26746
individual intellectual aptitude & father's occupational level & expectations, occupational aspirations, adolescents of upper-lower vs upper-middle SES, 958
maternal vs paternal education vs occupation vs encouragement, educational attainment, White vs Black 14–24 yr old females, 17089
objective and subjective status characteristics of parents, status aspirations, college students, 17074
psychological adjustment, school age children of dual career parents, 25169
sex & ethnic status & birth order & father's absence & occupations, scores on Scholastic Aptitude Test, high school seniors, 7956
sex role attitudes & mother's & grandmother's career statuses, career plans, female 16–18 yr olds, 3756
task familiarity, conservation ability, 5 vs 7 vs 8 yr olds from pottery vs nonpottery making families, India, 27755

Parental Permissiveness

inter-generational transmission of authoritarian paternal attitudes, 49–76 yr old fathers & their 22–48 yr old sons, 25302
strictness of parents, competitive & cooperative attitudes, male vs female 3rd–5th & 7th graders, 3680

Parental Role

age & sex, understanding & sensitivity & aptitude in representation of mothering activities, 2–8 yr olds & 12–14 yr olds observed in play situations, 27847
androgyny & negotiation, parental role fulfillment & family functioning, White dual career families, 14290
anticipated vs actual postpartum concerns of marital relations, couples expecting 1st child, 17163
caretaking role, parental attitudes & preferences & parent-infant interaction & attachment & infant sociability, 21–35 yr old mothers vs 22–51 yr old fathers of infants, longitudinal study, Sweden, 6487
changing roles of fathers & fatherhood, 27941
community intervention procedures to encourage parents to obtain immunizations for their children, families of immunization-deficient preschoolers, 7615
cultural influences, perception of & confidence in maternal role, pregnant 20–30 yr old females, Japan vs US, 22489
demographic trends in longevity & sex ratio & marriage & fertility & household composition, individual parenting & childbearing & childrearing, literature review, 1087
early child development program, relationship with infant, middle class 1st-time parents, 12575
factor structure of Children's Report of Parental Behavior Inventory, adolescents with cerebral palsy, 11150
family-based behavioral treatment, weight loss, 5–8 yr old obese females & their parents, 8- & 12-mo followups, 20850
level of involvement with child & parental role, fathers of hospitalized 5–12 yr olds, 31701
level of success & sex of S & stimulus parent & child, ratings of child & parent & attributions for parenting success vs failure, college students without parenting experience, 3962
maternal behavior & age & knowledge of child development & maturity of expectations about parental roles, 16.5–22.5 yr old mothers, 22369
measurement of pathogenic parental style & its relevance to psychiatric disorder, 28244
motherhood, US, literature review, 1064
need for familial support & coping techniques for optimal enjoyment/well-being, terminally ill children, conference presentation, 31361
ovulatory concealment & synchrony & extended sexual receptivity, paternal care & behavior, protohominid males, 2774
parental role in occupational guidance, 5406
parental role in treatment, emotionally disturbed adolescents in residential institution, family therapy implications, 31730
parental role, preparation for school, children, 32084
parents as co-therapists, special education, handicapped children, 15896
participation in childbirth & family role regarding income & sex role identity, role in parent-infant relations, fathers, literature review, 1083
perceived roles of mothers vs day care teachers, 59–69 mo olds, 3752

perception of father's role in family work & discipline, family climate for sexual learning, unmarried college students, 3810
poverty & maternal role in early childhood education, 5220
psychiatric assessment of competence to care for newborns, 18–38 yr old mothers, 28147
psychoanalytic view, fatherhood, 8333
research on role in psychological development of child, fathers, 9391
role in behavioral parent training, fathers, literature review, 12573
role in career education, parents, 5234
role in career education, parents, 5221
role in career education, parents, 5236
role in reading process, parents, 5259
role of father, identification process, children from birth through 3 yrs, Zaire, 30529
role of father in family, implications for social & family policy, literature review, 11924

sex role orientations & employment & parental roles, male vs female parents with infants, 9408
social support networks, ease of transition into motherhood role, mothers, 14305
special educational needs & involvement & role of parents, children, 8093
tasks in personal & child's development, mothers, 19986
views on future parental role, further education, secondary school students in 1st 2 yrs of technical vs professional training, 18634

Parenthood Status [See Also Childlessness]
analysis of fertility surveys, conditional birth probabilities & dimensions of 1st birth process, females, 11920
anticipated vs actual postpartum concerns of marital relations, couples expecting 1st child, 17163
educational attainment & timing of entry into parenthood, female high school students, 15-yr followup, 19998
employment & marital & parenthood status, female college students, 1905–35, 3816
model based on work by M. Fishbein & I. Ajzen & P. M. Bentler & G. Spreckart, intention to work following childbirth, White female college students, 13255
parenthood & employment status & sex role orientation & support from confidant & spouse, mental health, 20–39 yr old wives, 30743
perceived economic & psychological costs & restrictions of having children, high school students, Australia vs Papua New Guinea, 3757
presence of father during cesarean delivery, feelings about birth & hospital experience & adjustment to parenthood, 1st-time parents, 3815
reliability & validity of Means-Ends Problem Solving Test, analysis of problem solving in parenthood transition, parents with children between 9 mo & 2 yrs old, 16292
research on transition to parenthood & impact on daily activities & well-being, males & females, literature review, 17158
satisfaction with status & perceptions of motherhood & childrearing practices & family role models, professionally employed vs unemployed mothers of 12 mo olds, Belgium, 1052
stages of family life, marital quality & satisfaction, married couples, Australia, 27942
timing of career & marriage & parenthood, marital disruption, female professionals, 3825
transition to first-time parenthood, sex role satisfaction & mood & social change ratings & parenthood anticipation/experience, 21–40 yr old wives vs husbands, 17171

Parents [See Also Adoptive Parents, Fathers, Foster Parents, Mothers, Single Parents, Stepparents, Surrogate Parents (Humans), Unwed Mothers]
acceptance & facilitation of productive consultation with professionals & coordination of communication between agencies & services, parents of severely handicapped children, 28835
acculturation, psychological stress & concern for parental health & financial support & housing needs of parents, male & female Chinese American adults, 3844
acknowledgment of psychological resemblance to one or both parents, 14–18 yr olds, 979
advocacy information for independent evaluation, parents of exceptional students, 26704
age & treatment & individual variation of disease, family environment, diabetic parents & their children, 4388
aid & support, parents of children hospitalized for mental disorders, 20352
approach to communication of child's Down's syndrome diagnosis to parents, physicians, 21000
attitudes toward structure & management of decision to have surgery, orthopedically disabled adolescents & their parents, 12340
availability of social support, adjustment, parents of hospitalized low birthweight infants, 23522
basic child health & development education, knowledge level & health behavior, 3rd & 5th & 7th graders & their guardians, rural Jamaica, 32019
behavioral dimensions represented in parental ratings, 10–12 yr olds with behavior problems, 28313
biological & adoptive parental criminality & alcohol abuse, high frequency vs diversiform somatiform disorders, adopted 24–44 yr old females, Sweden, 7017
biological vs adoptive parents' conviction rates, conviction rates & criminal tendencies, adoptees, implications for adoption workers, comments on report by S. A. Mednick et al, 22828
bivariate path analysis, genetic & cultural & environmental transmission of fear, mono- vs dizygotic twins & their parents, 16592
brief psychoanalytic psychotherapy, parents of congenitally handicapped neonate, 7222
cognitive & social development, infants & preschool age children with parent with bipolar illness, 22796
cognitive problem solving educational intervention model, parents of learning disabled children, 18723
collaborative relationship & professional partnership, therapists & parents of handicapped children, literature review, 4978
community primary prevention services, alleviation of stress & adjustment, parents & their 0–5 yr olds, 12758
concept of psychologically fit vs unfit parent in contested custody cases, 22526
conflict resolution in child custody disputes in divorce court, parents, 30688
construction of Behavior Rating Form-Revised, parent-report measure of children's self esteem, parents of 4–6 yr olds, 155
context of parental & teacher modeling of silent recreational reading behavior, low- vs high-achieving 7.8–9.9 yr olds, 29233
coping & childrearing behavior, parents of dyslexic male, conference presentation, 9837
criminal convictions, adoptees vs biological & adoptive parents, 12265
cultural & socioeconomic factors, emotional health, bereaved Asian/African- vs Western- vs Israeli-born parents, Israel, 14729
cultural assimilation factors, language maintenance & education, parents from Samoan families with Samoan-speaking children, New Zealand, 27770
death of young adult children in traffic accidents, bereavement, midlife parents, 1090
description of church-based sex education program, adolescents & their parents, 9107
development & testing of conceptual model of sources of guilt, bereaved parents, 4065
development of Chronicity Impact & Coping Instrument: Parent Questionnaire, measurement of child's chronic illness effect on parents, 16331
development of Pennsylvania laws of foster care, custody conflicts, foster vs birth parents, 22508
discussion of Title X of Public Health Service Act, parental involvement in contraceptive services, minors, 23405
diversity of high-risk research & clinical methodologies, design of preventive interventions, children of emotionally disturbed parents, implications for future research & intervention, 30934
dying child, stages of adjustment & mutual pretense, parents & family, 31212
education in preventive health behaviors, parents & children, 20979
educational environment & child rearing, families with disabled vs nondisabled parents, Poland, 9583
educational programing needs assessment, midlife offspring in same geographic area as parent aged 65 yrs & older, 10654

educational therapy for parent's learning disabilities within context of family & individual therapy, family relations & members' self esteem & emotional adjustment, parents and their children, 12437
effectiveness of parental participation in therapeutic intervention programs, infants & children with cerebral palsy, 23124
efficacy of crisis intervention center, parents at risk for child abuse & neglect, 31639
emotional empathy, 9–12 yr olds & their parents, 988
emotional health, bereaved parents 5 yrs after death of 0–12 yr old child, Israel, 25305
emotional issues & reactions, parents raising a handicapped child, 7108
empathy & death expressions in therapy group, parents of hospitalized soldiers with noncombat psychiatric disorders, Israel, 18004
estate planning, parents of learning disabled, 1584
expectations of parental sex differences in responses to encountering interpersonal problems, male vs female 4th–8th graders, 17033
expressed emotion & social networks, parents of 17–55 yr old schizophrenic patients, 9606
factors & treatment issues, bereavement for deceased child, parents, 28577
factors associated with assessment vs arbitration vs mediation procedures in child custody & access dispute cases, parents, 7312
failure & expectations of parents & teachers & coping techniques, gifted students, 15877
family structure & symbiotic relationships within family, parents of schizophrenic patients, 4152
fetal alcohol syndrome & other psychopathologies, 1.3–13 yr old offspring of alcoholic parents, 17561
government childcare services, shift-working parents, Sweden, implications for childcare worker training, 23447
group instruction, working with parents with pathological behavior, nurses in neonatal intensive care unit, conference presentation, 7516
group psychotherapy, parents of schizophrenic children, 20797
guidance methods, parents with children with neurosis & borderline psychosis or psychopathic development & mental or physical handicaps & crisis or traumatic experiences, 15436
guide for career/college planning, 8th–12th graders & their parents, 5359
high levels of parental communication deviance & negative expressed emotion & emotional overinvolvement, risk for schizophrenia & relapse, children, 4174
home encouragement of reading & writing skills, bibliography of materials for parents, 23757
hospitalization of infant, impact on parents, 28908
identification of children of alcoholic parents from survey responses, 7th–10th graders, 20389
identification of social support network for decisions about child custody & visitation, parents undergoing divorce, 19996
immunity from lawsuit by visually handicapped parents in child neglect prosecution proceedings, individuals professionally associated with case, case law, 14326
incentive to child vs parent vs communication with child vs with parents as part of followup, consent rates in social research, White vs Black parents, 16271
incidence of cyanide-laced Extra-Strength Tylenol capsules, attitudes toward use & administration of over-the-counter drugs, parents, US, 17285
individual vs parental drug use & abuse, suicide attempts, 12–18 yr old suicide attempters vs nonattempters & their parents, 4324
infant functioning & parental personality & home environment, difficult temperament in infancy & later behavioral problems, adopted vs nonadopted infants studied at 12 & 24 mo, 9270
interactions with medical staff, parents of children with cancer, 2146
internal consistency of short form of Questionnaire on Resources & Stress, parents of handicapped & nonhandicapped children, 25502
interrater reliability & cross validation of parental assessment of temperament using New York Longitudinal Study Parent questionnaire, handicapped children, 26988
knowledge & determinants of baby powder use, parents of 2–24 wk olds, 1068
management of parents of neonates in intensive care units, hospital staff, 15512
marital status, parental involvement in children's education & teacher attitudes, parents & teachers, 10701
methodological issues, use of term 'parents' in family-related research, 9412
MMPI & MacAndrew Alcoholism Scale results, psychiatrically hospitalized 11.5–17 yr old substance users & their parents, 1333
MMPI critical item & clinical scale changes, parents of children & adolescents seen for psychiatric treatment, 1970–74 vs 1975–79, 5629
MMPI scores, custodial vs noncustodial parents in child custody divorce cases, 25301
models of counseling, reading & classroom behavior, 4th–6th graders with learning & behavioral problems & their parents & teachers, 10851
multidisciplinary team approach, adjustment to mentally retarded children, parents, 7170
need for counseling & training in parenting skills, parents of handicapped children, 7349
need for data on parents & developmental histories in creativity research, gifted children, 11834
needs & perceptions during placement decision making, 46–65 yr old offspring of nursing home patients, 10473
neurodevelopmental treatment & parental involvement & age & IQ, motor development, infants with cerebral palsy & severe motor delays, 1798
North Carolina Supreme Court ruling on termination of parental rights of mentally retarded couple, case law, 14380
nursing intervention in preparation programs for hospitalization & health care procedures, parents & children, literature review, 15375
object relations, parents of young adult schizophrenics vs anorexics vs patients with serious physical disease, 17443
ontogenic system & exosystem & macrosystem & microsystem perspectives, perceptions of adjustment, parents & children in divorced families, 27934
parent & child vs child-only behavior therapy, overweight 9–13 yr olds & parents, 10228
parent group, treatment of anorexia nervosa, adolescents, 4674
parent recommendation vs performance on Woodcock-Johnson Psychoeducational Battery & Raven Progressive Matrices, educational diagnosis, gifted 4–6 yr olds, 10861
parent training, parents of deaf children, 20523
parent with Huntington's disease or multiple sclerosis, emotional reactions & coping mechanisms, 13–16 yr olds, 12391
parental alcoholism & child abuse & physical & psychosocial dysfunction in children, implications for primary prevention, 4345
parental anxiety, psychosocial development & happiness & parent child relations & affectional bonds, children, 27872
parental childrearing practices & parent child relations & family environment, children of alcoholic parents, 6952
parental divorce, adjustment & intellectual & academic performance, adolescents, suggestions for school based interventions, literature review, 27734
parental divorce, perceptions of self & parents, students, 3-yr followup, 17187
parental dysfunction, admission to institutional care, infants, Sweden, conference presentation, 10352
parental intelligence & home environment, rate of communicative development, infants, comparison with adoption study, 16872
parental marital & parent-child relationships in family of origin, marital adjustment occasioned by birth of baby, couples, 22459
parental marital status, academic success & aspirations, high school & college students, Canada, 22269
parental psychiatric disorder, children & family discord, families of newly referred psychiatric patients with children aged under 15 yrs, 4-yr prospective study, 30986
parental psychiatric illness, childhood psychopathology, 5.7 yr olds with communication disorders, 28381
parental refusal to cooperate in survey & incidence of psychiatric disorders in their children, parents & their 8 yr olds, implications for interpretation of multistage surveys in child psychiatry, 26915

parental social participation behavior, social competence, kindergartners, 25209
parental stress after divorce, adjustment in children, 24–35 yr old parents & their 1–17 yr old children, 6518
parental traumatization from Holocaust, perceived parental child-rearing practices, 9th–11th graders, Israel, 27858
parental visiting & time spent in foster care, permanency of placement, foster children, 17184
parental vs school involvement, problem behavior at school, children, 10169
parenting discrepancy & dyadic adjustment, defensive & supportive communication in discipline situation, 23–46 yr old fathers & mothers & their 3–5 yr olds, 9396
parents & career interests & comprehension, decisions to take technology courses, high school students, UK, 7979
parents' group, coping with child's illness, parents of 9 mo to 17 yr olds with cystic fibrosis, 10426
parent's home ownership & income, home ownership, Black vs White adult children, 1071
parents' SES & willingness to use financial aid, students' options to attend college, parents, 12982
participation in bereaved parents program, mourning & adaptation, parents suffering from loss of child, 20805
participation in self help group vs psychotherapy, adjustment to child loss, bereaved parents, 1-yr followup, 17891
partnership of parents & professionals, development enhancement, handicapped infants & toddlers, 1783
perceived paternal & maternal childrearing behaviors, development of empathy & social sensitivity, 13–18 yr olds, 11782
perception of aggressive behavior of 3–5 yr olds, parents vs teachers, implications for early intervention & parent-teacher communication, 26607
perception of parents' childrearing behaviors, Anglo vs Navajo 5–8th graders, 30614
perceptions of hyperactive 3rd–4th graders' behavior, parents vs teachers, 4409
personal & parental characteristics, negotiated vs nonnegotiated treatment termination, 11.8–16.6 yr olds in group therapy, 4673
personal & social coping strategies, parents of developmentally disabled children, 23030
personality characteristics & personal history & psychodynamics & psychopathology, physically abusing parent vs borderline patient, implications for treatment, 22858
personality traits, parents of gifted children, 1275
pre-birth parent & marital characteristics, quality of infant care & responsiveness to infant's needs & resolution of ambivalence toward caring for infant, parents, 9401
prediction of child's response to PPVT items & global rating of vocabulary ability, 28–56 yr old parents of 3.1–4.1 yr old normal preschoolers vs 24–48 yr old mothers of high risk 5–5.5 yr olds, 28491
predictive factors in birth of Down's syndrome infants, parents of Down's syndrome vs normal children, 6971
predictive validity of Child Abuse Potential Inventory, correspondence between test scores & confirmed reports of abuse & neglect, mothers at risk for poor parenting & child abuse, 2929
preschool mental health intervention following murder of mother & child in community, grief & anxiety & fear, preschoolers & their parents & teachers, 32167
presence of high vs low expressed emotion parent, skin conductance, 29 yr old male schizophrenic, 17568
prevalence of cyclothymia, 15–21 yr old offspring of patients with bipolar affective disorder, 25555
problems in physician-parent communication in diagnosis of handicapped child, literature review, 12105
processes leading to child psychiatry consultation to clarify expectations of specialists, parents, 17829
psychoanalytic perspective, social work intervention in grief & mourning process, parents, 12790
psychological correlates & family relations, child abusive vs nonabusive parents, literature review, 22879
psychological needs of adopted adult vs biological parents, legal processes & confidentiality of adoption contract, 9426
psychological reasons for resistance to dealing with nuclear issue, educators & parents, 23746
psychosocial adjustment, adolescent offspring of depressed vs arthritic patients, 25495
psychosocial orientation sessions by psychiatric social workers, parents of learning disabled children, 18278
readability of psychoeducational reports, parents, 26477
reliability & factorial validity of Parenting Stress Index, measurement of stress in parent child relations, parents, 27024
reliability & validity of Means-Ends Problem Solving Test, analysis of problem solving in parenthood transition, parents with children between 9 mo & 2 yrs old, 16292
religious beliefs, perception of parents, 18–26 yr olds, Brazil, 20002
respite care, parents of mentally retarded, 10413
reunion with biological parents after return from foster care & receipt of community services adjustment, foster children, 23464
risk factors for schizophrenia, children of schizophrenic parents, 12153
risk for affective disorders, children with bipolar depressed parents, 17584
risk of major depression, 6–17 yr olds with vs without anxiety disorders vs probands with vs without major depression, 6872
scores on MMPI-based alcohol scales & court ordered child custody, parents, 11178
seeking & providing social support from close friends, parents of children with cancer, 31140
sex differences in violent activity toward children within family, parents, implications for treatment, 23109
sex role identification & perceptions of parental personality characteristics, alcoholic females vs their nonalcoholic biological sisters, 17589
sign language acquisition & language development, infants of deaf parents, 18-mo longitudinal study, 30465
social network & personal resources & attitudes & reactions to hearing impairment, outcome of counseling program, parents of deaf or hearing impaired children, 28887
social support groups, mental health needs, parents of mentally retarded children, 31418
social support, psychosocial adjustment, 23–58 yr old parents of children with cancer, 4491
social work, inclusion of adolescent fathers & their parents in service plan, pregnant adolescents & adolescent mothers, 12771
somatic complaints & withdrawal & overwhelming fear & refusal to attend school & treatment, 8 yr old depressed male living with chronically ill parents, 6769
special educational needs & involvement & role of parents, children, 8093
strategies for involvement in substance abuse education projects, parents, 28992
structural & functional characteristics of social support networks, 17–51 yr old parents & their 1–17 yr olds with spina bifida, 31188
support group in urban pediatric hospital, coping, parents of chronically ill children, 21088
support group, parents of children hospitalized for psychosis, 20240
symmetrical model of G. Bateson, evaluation of parent-school relationship in resolving conflict, 10 yr old male with poor handwriting & his parents & teacher, 23909
theories of family development & parenting, dealing with child born with congenital disorder, 12393
therapist empathy, parent-staff relationships & therapeutic factors, parents seeking medical & psychological help for child, 12709
thought organization & primary process mechanisms in dreams, parents of schizophrenics, genetic heritability implications, 20311
treatment from family systems perspective, acting-out, children & their parents, 23202
undocumented aliens vs documented alien vs Hispanic American parents, development, 6–18 mo olds, implications for US government policy, 19763
validity & reliability of marital problem screening questionnaire, parents with children attending psychiatric clinic, 21758
workshop on coping with aged parents, middle aged adults & doctoral students, 26298
written home instruction sheet, knowledge & compliance with medical instructions for home care, parents of preschool age children discharged from pediatric unit, 23509

Pargyline
amitriptyline vs desipramine mianserin vs pargyline, mepyramine binding in cortex, guinea pigs, 24945
captopril following abrupt termination of pargyline & propanolol, bipolar symptoms, hypertensive 54 yr old female, 28784
intrahypothalamic dopamine injections with vs without pretreatment with pargyline, locomotor behavior & thermoregulation & open field behavior, rats, 13917
long term lithium & rubidium & cesium ion treatment, motor activity, rats pretreated with pargyline, 16779
Parietal Lobe [See Also Somatosensory Cortex]
age at gustatory neocortex ablation, acquisition & extinction of learned taste aversion & taste preferences, rats, 22115
bilateral ablation of 2nd somatosensory cortex & area 5 vs lesions of area 5 & posterior part of area 2, tactile discrimination & role of cortico-limbic pathway, monkeys, 706
electrical stimulus of latero-posterior & pulvinar nuclei, enhancement of fixation task performance & inhibition of area 7 neurons, monkeys, 19435
extirpation of frontal &/vs parietal association cortical areas, alimentary CRs, cats, 8912
fetal raphe cell & parietal cortex cell transplantation into denervated hypothalamus, sexual behavior & ventromedial nucleus concentrations, adult rats, 24770
lesions of lateral peristriate or parietal association neocortex, radial maze performance, rats, 11572
lesions of parietal cortex, visual discrimination under stimulus-response spatial contiguity & discontiguity, 90–140 day old rats, 16726
parietal or striate or lateral peristriate lesions, acquisition of pattern discrimination learning, 90–140 day old rats, 16727
visual & auditory stimulation, hemispheric asymmetry in visual & auditory EPs in parietal cortical region, adult cats, 16608
wandering & parietal lobe dysfunctions, 70–92 yr old nursing home patients with senile dementia of Alzheimer's type, 20501
Parkinsons Disease
alcohol withdrawal, extrapyramidal symptoms, 48–73 yr old alcoholics, 22867
alterations in cognitive performance & affect-arousal state during fluctuations in motor function, 39–73 yr old patients wth idiopathic Parkinson's disease, 20489
antiparkinsonian drugs, psychotic symptomatology, 34–76 yr old Parkinsonian patients, 18143
cell damage in basal nucleus of Meynert, 56–77 yr old idiopathic Parkinson's disease patients, 17808
cinepazide, unusual behavior, 56 yr old male parkinsonian patient, 1988
clinical vs psychometric evaluation of intellectual state, 33–81 yr olds with Parkinson's disease, 31221
cognitive deterioration & dementia before vs after levodopa treatment, patients with idiopathic Parkinson's disease, 8–10 yr followup, conference presentation, 20582
cognitive impairment in effort-demanding & automatic processing dimensions, Parkinson's disease patients with mean age of 65.5 yrs, 7143
combined phenelzine & amantadine, depression & parkinsonian symptoms, 80 yr old female, 15294
CSF homovanillic acid & cyclic adenosine 3',5'-monophosphate & serum prolactin, 40–60 yr old male chronic paranoid schizophrenics with tardive dyskinesia vs symptoms of chronic neuroleptic parkinsonism, 6732
deprenyl, cognition & emotion, 58–74 yr olds with Parkinson's disease undergoing long term levodopa treatment, 10298
deprenyl, intra- & extraneuronal dopamine oxidation, 52–66 yr olds with Parkinson's disease, 10294
diffuse brain lesions causing reduced dopamine activity in nerve cells as explanation for psychological problems associated with Parkinson's disease, 31149
dopamine agonist mesulergine, motor disability & psychomotor & cognitive abilities, Parkinson's disease patients, conference presentation, 20914
drug therapy, Parkinson's disease, 28797
drug therapy, Parkinson's disease, literature review, 15304
etiology, relationship between Parkinson's disease & depression, 31218
grating vs checkerboards as visual stimuli, visual EPs, 49–74 yr olds with Parkinson's disease, 15002
impairment of visuospatial perception, patients with Parkinson's disease, 7018
intensive speech therapy, 50–82 yr old patients with Parkinson's disease, 18175
left vs right ventrolateral thalamotomy, visual searching for parallel lines, 37–67 yr old patients with Parkinson's disease or essential tremor, 18206
lesions of coeruleo-cortical noradrenergic system & measurement of adrenergic receptor subtypes in prefrontal cortex, deceased Parkinson's disease patients, 28413
levodopa & peripheral decarboxylase inhibitor treatment, arterial blood pressure & pulse rate, Parkinson's disease patients with vs without end-of-dose akinesia, 26144
levodopa &/or anticholinergic drugs, intellectual functioning, Parkinson's disease patients with average age of 66.2 yrs, 23338
levodopa, mood disorders & psychotic syndromes, patients with Parkinson's disease, 20927
levodopa, temporal relationship between turning & striatal dopamine levels, rats with nigral lesions, implications for parkinsons disease, 24943
mental deterioration, Parkinson's disease, patients with mean age of 61.4 yrs treated vs not treated with levodopa, conference presentation, 20524
microcomputer-based wearable biofeedback device, improvement of transfer of speech intensity information, 67 yr old male with Parkinsonian dysarthria, 10 & 20-week followup, 26225
Parkinson's disease, timing of repetitive movements, 44 yr old female, conference presentation, 4536
perceptual motor dysfunction in construction & tracing disturbances, Parkinson's disease patients, 20610
performance on object & histogram & word & number & abstract picture tests of recognition memory, 39–83 yr old Parkinson's disease patients, 25819
pharmacologic blockade of central dopa decarboxylase, levodopa-induced circling, male rats with nigral lesions, implications for parkinsonism, 24772
pharmacological & psychoactive properties of amantadine, treatment of viral influenza & Parkinson's disease, 31552
predictive motor strategy, tracking errors, 36–81 yr old Parkinson's disease patients, 28420
problems wth long term levodopa treatment, patients with Parkinson's disease, 10303
prosodic speech therapy, speech, 49–83 yr olds with Parkinson's disease, 15356
psychosomatic view, idiopathic Parkinson's disease & depression, 15005
rate of eye blinking, patients with Parkinson's disease vs progressive supranuclear palsy vs Huntington's disease vs dystonia, 7069
role of basal nucleus of Meynert in degenerative brain disorders, 25933
role of 1-carbon cycle in neuropsychiatric disease, literature review, 9595
serotonin metabolite 5-hydroxyindoleacetic acid in CSF & depression, Parkinson's disease patients with mean age of 67.2 yrs, 7087
shifting aptitude at cognitive & motor levels, 41–71 yr old patients with Parkinson's disease, 20496
sleep characteristics & autonomic activity, Parkinson's disease patients, conference presentation, 20471
trihexyphenidyl, recent vs immediate memory, Parkinsonian patients, 10285
vigilance & RT & norepinephrine metabolism in CSF, patients with Parkinson's disease, 10010
Parks (Recreational) [See Recreation Areas]
Parochial School Education [See Private School Education]
Parole
American Indian status & age at admission to prison & educational level, public visibility of parole decisions, criminal offenders who had completed their sentence, 30661
prison admissions & releases, male vs female offenders, 1851–1979, 7697
Parolees [See Parole]
Parsons [See Ministers (Religion)]

Partial Hospitalization
client characteristics, 18–64 yr old chronic day patients, Scotland, 28920
clinical & demographic profile of clients & therapies utilized & future role of day hospitals in psychiatric practice, 31686
combined in- & outpatient long term treatment, 17–74 yr old psychiatric patients with endogenous psychoses, 18330
continuum of care in psychogeriatric day program, chronic psychiatric patients, application of G. W. Dalton's model of induced organizational change, 18218
day care program as alternative to institutionalization, elderly patients with forms of senile dementia, 28924
day care program, psychopathology & attitudes toward mental illness & treatment, chronic psychotic patients from lower SES backgrounds, 2141
day care services, patients with dementia, 31705
day hospital treatment & transference, psychopathological patients, 31691
day hospital treatment program with vs without comprehensive social skills training, 18–58 yr old chronic schizophrenics, 23490
day treatment programs as response to underutilization of psychiatric services, Spanish speaking clients of community mental health center, 2080
day treatment transition group in outpatient treatment program, readjustment, deinstitutionalized psychiatric patients, 12802
daytime department program, 6–22 yr old mentally retarded clients, 10388
environment & routine, self confidence & behavior dependent behavior patterns, institutionalized patients in day hospital setting, 26310
expectations of & attitudes toward treatment, psychiatric day hospital patients with mean age of 44.3 yrs, 2152
experiential therapeutic outdoor adventure program, psychiatric patients, 10489
factor associated with length of stay in psychiatric day care, 18–56 yr old psychiatric patients, 21029
family collaboration method, psychoanalytic treatment in day hospital, adult psychotic patients, 18221
family therapy in partial hospitalization program, 38 yr old male with chronic schizophrenia & 31 yr old female with mixed bipolar affective disorder, 15504
family therapy, individual clients in psychiatric day hospital, 4959
history & organization of day-care hospital, psychotic adolescents, 23535
impact of psychogeriatric day hospital care, patients & caregiving family members, 3–4 & 6–8 mo followups, 26237
initiation & development & effectiveness of daycare hospitals, elderly, 28912
level of functioning following day treatment, 12–17 yr olds, 4–8 yr followup, 12810
multidisciplinary approach in group psychotherapy, psychiatric patients in day hospital, 20814
patient responsibility in psychiatric day treatment program, comments on article by T. Baver & E. Sigman, implications for deinstitutionalization, 15427
patient vs staff planning of daily program activities, treatment outcome & activity selection & attendance, 18–56 yr old newly admitted day treatment patients, 15524
placement criteria in outpatient multilevel psychogeriatric day care program at state psychiatric center, elderly psychiatric patients, implications for program evaluation & implementation, 2148
psychiatric day hospital programs, treatment outcomes, psychiatric patients, 26338
psychiatric morbidity & types of problems encountered, supporting relatives of patients attending geriatric vs psychogeriatric day hospitals, 26276
psychoanalytical constructs of developmental profiles of self concept, psychotic 1–5 yr olds in daycare hospital, 10 yr longitudinal study, conference presentation, 6812
psychodramatic game workshops, psychotic & autistic 2–10 yr olds in day hospital, 7642
psychotherapy in psychiatric day unit of child guidance center, 6 yr old female, 7648
reality orientation in geriatric community outpatient day treatment facility, elderly participants with mental status deterioration, 26284
residential vs intensive day treatment, school attendance & status offenses, juvenile delinquents, 6- & 12-mo followup studies, implications for cost analysis, 31781
rhythm group in day hospital, psychotic patients, 18236
social & psychological characteristics, rural vs urban daycare program participants aged 50 yrs & over, Canada, 10417
social vs health vs service-use characteristics, placement in day care vs nursing home, clients with mean age of 76 yrs, 15361
status of psychiatric day hospitals for aged, West Germany, 31736
structuring goals via goal attainment scaling, occupational therapy in partial hospitalization settings, 10487
survey of number of demented clients served by adult day care centers, 23512
therapeutic methods, day hospitals, 4934
treatment in day care hospitals, depressed mothers, 21015
treatment programs & techniques in family day unit of urban hospital, chaotic & intractable & reunion families, 4924
type of disorder & SES & race & sex & IQ, self concept, emotionally disturbed 5.3–12.8 yr olds entering day psychiatric treatment, 22798
2-track program, differentiation of patients by level of functioning & degree of pathology, chronically ill psychiatric day hospital patients, 10453
Partial Reinforcement [See Reinforcement Schedules]
Partially Hearing Impaired
acquired hearing loss, social & psychological aspects of family life & leisure & employment, adults, implications for rehabilitative provisions, United Kingdom, 23541
acquisition & use of grammatical morphemes, hard-of-hearing 5.3–15.6 yr olds vs normal-hearing 1.8–6.8 yr olds, 1644
American Sign Language statements focusing on reward vs waiting period, delay of gratification behavior, hearing impaired 6–10 yr olds, 7134
assessment & incidence & treatment of fluctuating conductive hearing losses, children, developmental & linguistic implications for educational psychology, 29391
attitudes toward hearing impaired sibling, normal hearing 14–18 yr olds, 22979
career education & decision making, hearing impaired, 21429
classroom motivation, normally hearing students, implications for hearing impaired students, literature review, 5317
cognitive intervention program, problem solving skills, hearing impaired secondary students, 10815
computer-based speech training sequence with visual or tactile aids, remediation of intonation contours, 14 & 17 & 18 yr old students with congenital severe-to-profound hearing loss, 32127
concentrated educational program, attitudinal & informational levels regarding adjustment to hearing loss, hearing impaired 27–62 yr olds, 23581
contrastive stress production patterns, normal vs moderate-to-severely hearing impaired 3.6–18.2 yr olds, 20631
correlational analysis of Hiskey-Nebraska Test of Learning Aptitude vs WISC-R, hearing impaired 5.1–18.8 yr olds, 28517
creative drama activities, self expression & attitudes & catharsis from emotional difficulties, hearing impaired preschool children & elementary & secondary school students, 5327
deafness, teaching, hearing impaired student teachers, 2355
demographic characteristics & academic achievement & motivation, mainstreamed hearing-impaired high school seniors, reanalysis of national survey, 2508
development of communication program, families with 11–14 yr old hearing-impaired children, 18017
development of education, deaf & hearing impaired children, Denmark, 32123
development of Learning Environment Scale, perception of classroom social & communication environment & feelings of selves in relation to others, hearing impaired college students, 18755
development related to autonomy & purpose of life & education & interpersonal relations, hearing & hearing impaired college freshmen, 13121
diadochokinetic syllable rate, hearing impaired high school students, 20588
diagnosis & treatment & communication techniques, hearing impaired aged, 14958
early communication development & symbolic play, hearing impaired 38–69 mo olds, 17717

enjoyment & amount of prime-time TV viewing, hearing impaired college freshmen, 14888
epidemiology & demographic & audiological & psychosocial factors & implications for mental health, hearing loss, aged, 20498
ethnicity, stability of Stanford Achievement Test reading & mathematics scores, Black vs White vs Hispanic hearing impaired students, 5-yr followup study, 15989
evaluation of elementary school's implementation of whole language approach to reading instruction using nonverbatim responses to cloze procedure, 7–15 yr old hearing impaired students, 2513
extra- vs endocochlear electrode stimulation, auditory perception, hearing impaired & deaf patients, 20493
family & marriage & parent-child & child peer cycles, independence & emotional status & psychological development, hearing impaired, 20585
final consonant generalization training, articulation, hearing impaired 10.2–13 yr olds, 20968
guidelines for effective communication in small group meetings, hearing impaired & hearing professional educators, 26497
hearing loss & hyperacusis & hyperreactivity of per-rotatory nystagmus, 25–60 yr olds with Meniere's disease vs fibrositis syndrome, 22968
hearing problems, mental states & depression & anxiety & disability, elderly patients aged 70 yrs & older, 4460
history & bias of mainstreaming, hearing impaired, 21425
inappropriate psychological assessment methods used by school psychologists, hearing impaired students in mainstreamed & special educational programs, 26674
incidence of hearing impairment, Down's syndrome 5.3–20.2 yr olds in special schools, 22904
indirect intervention methods, improvement in reading ability & achievement, hearing impaired 11–15.6 yr old students, 5348
insertion gain vs frequency preference, 63–75 yr old untrained hearing aid users, 23410
introductory communication course, self rating of communication skills, hearing impaired college students, 15884
job mobility & success in mainstreaming, hearing impaired, 21112
legal aspects of mainstream education in legislative history & mandates of PL 42-142 & Section 504 of Rehabilitation Act, hearing impaired, 21450
lesson structure & teacher-student interaction & negative reinforcement & rewards & monitoring, time on task, hearing impaired high school students, 21418
linguistic environment at home & acquisition of language, hearing impaired children, 28510
location in classroom, student-teacher interaction, hearing impaired college students taking mainstream courses, 2535
mainstreaming, positive peer interaction, hearing impaired 4 yr old, 23867
mathematics performance, deaf & hearing impaired students from regular classrooms vs special education, 8094
medical & social & psychological aspects, deafness & hearing impairment, literature review, 12388
mental health needs & mainstreaming into normal hearing culture, hearing-impaired individuals, 20609
microcomputer equipment & software & training in educational programs, hearing impaired, 26663
normative data for Bennett Hand-Tool Dexterity Test, hearing impaired or deaf 14–21 yr olds attending school for deaf, 13575
norms & reliability & performance-intensity functions of Maryland CNC Test, 26–74 yr old males with hearing loss, 26994
online computer scoring of auditory brain stem response, estimation of hearing threshold, 2 mo to 16 yr olds with suspected hearing impairment & normally hearing 17–42 yr olds, 7084
pantomimed instructions & administration of WISC-R Performance Scale, hearing impaired 8–11.9 yr olds, 2884
parental perception of total communication ability of child, social & emotional & educational growth & speechreading & speech & hearing aid use, hearing impaired 5–20 yr olds, 28462
parents' coping abilities & interaction patterns & nonverbal communication, psychological development, hearing impaired children, 20572
personal values, 6th–9th grade physically vs emotionally handicapped vs learning disabled vs educable mentally retarded vs hearing impaired, 9580
personality & behavioral & ergonomic factors for non- & underuse of hearing aids, hearing impaired, 23400
predictor variables in relative use of audition or vision, perception of word stimuli, normal vs hearing impaired 7.4–14.7 yr olds, 20595
proposed revision of standards for certification, teachers of hearing impaired, 2328
protection of rights of hearing impaired mildly mentally retarded defendant & attorney-client confidentiality, case law, 3867
psychological problems & community self help groups, adjustment, hearing impaired, 21103
rationale & procedural guidelines for curriculum objectives, social & motor & vocational & academic skills, hearing impaired students with additional handicaps, 18718
reading comprehension, 13 to over 18 yr old hearing impaired students in special education programs, 5-yr followup, 5351
rehabilitation & vocational planning, clients affected by rubella virus epidemic of 1963–65, implications for inservice training of professionals, 5011
reliability & computer simulation & development of speech material, assessment of speech reception thresholds in noise, hearing impaired, 17741
reliability of auditory function tests, 12–20 yr old severely hearing impaired vs deaf Ss, 20543
request for cued speech interpreter in general & special education classes, parents of hearing impaired child, case law, 14364
response to language arts test items, 7–19 yr old hearing impaired students, 5354
self control procedures, treatment of behavior disorders, hearing impaired 17 yr old female, 1962
sensorineural hearing loss, tone-glide discrimination of CV & VC syllables, normal vs hearing impaired 23–38 yr olds, 1651
signal-to-noise ratio, phoneme perception, normal vs hearing impaired 18–36 yr olds, 20511
social network & personal resources & attitudes & reactions to hearing impairment, outcome of counseling program, parents of deaf or hearing impaired children, 28887
social skills training, social interactions & asking & answering questions & accepting & responding & giving criticism, hearing impaired 17–18.2 yr olds, 15262
speech characteristics, congenitally hearing impaired 20 yr old male & 13 yr old female, 14926
speech rate, velopharyngeal function in CVC production, hearing impaired 16–20 yr olds, 20508
survey of employment development programs & placement strategies, hearing impaired, 2190
survey of language methods used in programs for hearing impaired, preschool through high school students, 26654
two-syllable words on tape with trochaic vs spondaic stress, speech thresholds, normal & hearing-impaired 2.5–6.5 yr olds, 17777
vibrotactile thresholds for hairy & glabrous skin & transformation into equivalent bone-conduction loss for mastoid, 12–20 yr old hearing impaired, 28456

Partially Sighted
behavioral adjustment, partially sighted & blind students with mean age of 11.5 yrs, 8089
occupational success, male vs female partially sighted adolescents, 1-yr followup, 31274

Participation [See Also Athletic Participation, Group Participation]
age differences & occupation & income & sex, outdoor recreation patterns, 55–74 yr olds vs 75 yrs & over vs 18–54 yr olds, 25059
application of Expectancy-value theory to participation & mobilization in social movements labor union mobilization campaign & worker attitudes, union members, Netherlands, 8-mo longitudinal study, 25429
classroom structure & student participation, attitudes toward teacher & academic achievement, deaf college students, 29352
cognitive social learning vs demographic & personality variables, prediction of membership in community development program, 18–91 yr olds, 30815
confirmatory factor analysis, voluntary social participation, voluntary association members, 241
development of Deterrents to Participation Scale, identification of reasons for not participating in continuing education, health professionals, 5137

direct vs indirect employee participation in decision making, self perceived participation & perception of supervisory responsibility, business employees & managers, 13325
free association vs paired evaluations vs semantic differentials, measurement of social representations of participation, high school students, 19901
ideology & occupational community, social movement participation, pastors, 25280
influence of amount & type of past experience, participation in recreational activities, river recreationists, 5435
informal social support & participation in recreational activities, elderly Ss over 60 yrs of age, Canada, 3990
long-term outcomes of participation in student government, college students, 10780
need for or expectation of egoistic benefits, longevity of participation, social service volunteers, 2102
participation & level of involvement, illusion of control in experimental gambling situation, college students, 9515
participation in assigned vs delegative vs participative goal setting, goal acceptance & performance, college students, 20077
participation in conferences & treaties & intergovernmental cooperation, Europe, 1816–1915, 6537
participation in decision making, teacher loyalty & job satisfaction & perception of authority, high school principals & teachers, 23710
participation in neighborhood based educational support program, 18–39 yr old low income & working class White mothers of young children, 21327
participation in organizations, 18843
participation in rating scale development used in feedback interview, reactions to performance appraisal interviews, hospital personnel, 13279
participation in redesign of job, job satisfaction, college students, test of L. R. Hackman & G. R. Oldham's task characteristic model, longitudinal study, 21603
perceived incompatibilities in school evaluation & authority systems, engagement in school activities, high school students, 5312
prior expectation of death & participation in funeral arrangements, grief adjustment, primary survivors, 20138
quality of work life & quality circles, participation & involvement in decision making, lower level employees, 26775
reliability & reactivity of participant observation during discussions, husbands & their wives aged 21–50 yrs, 21706
social movement involvement in community mobilization following Three Mile Island nuclear accident, activist vs free riders, 1023
social network & demographic characteristics, short- vs long-term participation in parent education program, White working-class low-income mothers aged 18–39 yrs, 1929
suggestions for client participation & involvement in psychosocial rehabilitation, 15551
volunteerism vs employment vs meal site program participation, life satisfaction, elderly 65 yrs & older, 14153
Parturition [See Birth]
Passive Aggressive Personality
developmental patterns & family structure & dynamics associated with passive aggressive personality, 12045
The Power Struggle Game & steps in evolution of passive-aggressive personality, implications for therapist-client interactions, 20707
transactional analysis & steps within treatment stages, patients with passive-aggressive personalities, 20701
Passive Avoidance [See Avoidance Conditioning]
Passiveness
development & reliability & validity of Personal Assertion Analysis, assessment of passive & assertive & aggressive behavior, college students &/vs adolescents & alcoholics involved in spouse abuse vs maritally satisfied Ss, 19065
metapsychological work of D. Rapaport on activity-passivity & psychopathology, implications for adolescent development, 28188
organization of social interactive behavior, mothers & their children with or without minimal brain damage, 4453
passive Christian personality pattern, 9381
passivity as defense mechanism & paradoxical behavior, schizophrenia, 14713
posttraumatic & ego passivity, Vietnam combat veterans, 12187
Pastoral Counseling
anthropology of C. Jung, implications for pastoral care, 15444
art of listening to oneself & others & nature & God, clergy, implications for pastoral counseling, 14247
assessment of moral dimension of self esteem, implications for Christian counseling, 10446
attitudes & knowledge of near death experiences, pastoral counselors, 31926
counseling & pastoral education program, medical students, 7794
counseling & referral service, urban Black church, 4919
counseling activities & referral practices, clergy, Canada, 21058
criteria for selection of lay counselors, church counseling centers, 2121
development of pastoral care & counseling, 26300
ethical humanism of E. Fromm vs traditional Judeo-Christian theism, implications for pastoral care, 29609
ethnicity & family & church & community resources, ministry, aged, 6449
Freudian psychoanalysis & pastoral counseling & religious family life education in rise of personal religion in 20th century American Protestantism, 26904
grief resolution therapy in pastoral counseling, 31661
hermeneutics & pastoral & psychotherapeutic interventions in medical center, 28892
identification of marketing principles & approaches to pastoral counseling, 15445
individual & group psychotherapy & pastoral counseling, histrionic personality, 22 yr old White female, 7617
individual psychological development & patient role & clergy responses, cancer patients, 2131
interracial pastoral counseling, Black clients, 2136
life cycle theory, pastoral premarital & marriage counseling, 4915
marketing of pastoral care & counseling & chaplaincy & clinical pastoral education in view of growing health care crisis, pastoral care persons, US, 15440
marketing of pastoral care programs to meet changes in health care needs, comments on article by J. J. Gleason, 15447
marketing pastoral care services, comments on article by A. G. Lageman, 15442
Minnesota Couples Communication Program & clinical pastoral education, 31886
need & format for social ritual of divorce including meetings with marriage & family therapists & clergy, 14294
needed health counseling competencies, 23–68 yr old ministers, 29099
pastoral counseling & therapy, child abuse or neglect, 28888
perceptions of pastoral care needs & personal problems & desired elements of ministry, elderly nursing home residents, 31740
public relations campaign, growth of pastoral care program, 15450
satisfaction with pastoral care, clients, 31667
sources & stages of senile confusion, aged, implications for pastoral counseling, 6454
strategies for communication with confused, pastors, 4914
theological themes in clinical pastoral education for delineation of different ethical assumptions, implications for pastoral care & personal growth, 14257
time usage & task importance, members of American Association of Pastoral Counselors & Association of Clinical Pastoral Education, 7843
training & emotional variables, time usage & time spent in visitation & counseling, clinical pastoral education students, 31858
use of metaphors in pastoral care & psychotherapy & preaching & writing, 15435
value conflicts & psychopathology & psychotherapy, Vietnam veteran with posttraumatic stress syndrome, 28670
wrongful death liability of church & county home in cases of clients' suicide, case law, 15585
Pastors [See Ministers (Religion)]
Pathogenesis [See Etiology]
Pathology [See Also Neuropathology, Psychopathology]
family pathology & clinical features in nonorganic failure to thrive vs deprivation dwarfism, children, 22652
infant vocalizations, diagnosis of pathology & language development, literature review, 4119
Patient Attitudes [See Client Attitudes]

Patient Characteristics [See Client Characteristics]
Patient Education [See Client Education]
Patient History
amitriptyline vs lithium, relapse, 25–65 yr old patients with history of 1 vs more than 1 depressive episode, 4778
assessment of uncertainty & fear of death & depression & hostility & helplessness & competence, 17–41 yr old drug addicts, 26395
case history, 35 yr old female given variety of diagnoses & unsuccessful treatments, 4140
comparison using case reports & records, 6–15 yr olds with conversion disorder vs adjustment disorder, 17578
course of schizophrenia in form of acute transitory psychoses, hospitalized patients, 20228
development & evaluation of semistructured genogram interview schedule, obtaining family history, patients on initial visit to physician, 12728
developmental history & family & individual psychodynamics & psychopathology & treatment, 12.5 yr old depressed male who attempted suicide at age 7, 20390
different hospital admissions, patterns of mental illness, psychiatric patients, 12139
experimental design & lay interviewer, reliability of Diagnostic Interview Schedule for assessment of lifetime history of psychiatric symptoms, schizophrenics, reply to criticism of M. Karno et al, 185
history of fire-setting & other nonlethal self-injurious behavior, 15–64 yr old hospitalized psychiatric patients, 20268
incidence & family history of major affective disorder, 29–72 yr old patients with fibromyalgia vs rheumatoid arthritis, 20526
life histories, situational vs nonsituational depression, patients, 12157
nature of therapist-client relationship over 31 yrs, author & 69 yr old male patient, 15143
past psychological experiences of mother & medical complications of infant, caretaking of pre- vs full-term infants, mothers, 25298
personality trait scores from Comrey Personality Scales, correlation with ratings of psychiatric disturbance from case history data, psychiatric outpatients, implications for use of personality measures in psychiatric screening, 30920
prenatal & developmental & medical & health history factors, hyperactive kindergartners through 5th graders, 20520
psychiatric screening interview by nurse vs psychiatrist, accurate drinking histories, 16–65 yr old general psychiatric patients, 4279
recollection & reporting of past life story as collaborative effort between therapist & patient, 4615
reliability & validity of Gunderson's Diagnostic Interview for Borderlines, retrospective diagnosis from hospital records, clinical psychologists & students, 14623
research design, reliability of Diagnostic Interview Schedule for assessment of lifetime history of psychiatric symptoms, schizophrenics, criticism of A. E. Pulver & W. T. Carpenter's study, 160
self report data on causes & features of headaches & clinical diagnosis, classification of cluster vs migraine vs tension headaches, headache patients, 31150
sources of anxiety & history of addiction & involvement with legal & treatment agencies, 17–41 yr old drug addicts, 14835
utilization of patient information, psychotherapists with psychodynamic vs behavioral vs family systems vs eclectic approach, 15046
Patient Therapist Interaction [See Psychotherapeutic Processes]
Patients [See Also Geriatric Patients, Hospitalized Patients, Medical Patients, Outpatients, Psychiatric Patients, Surgical Patients, Terminally Ill Patients]
frequency of depression, patients with mean age of 37.7 yrs visiting general practitioners, Canada, 4125
incidence of depression, 17–79 yr old patients visiting general practitioners, 4135
individual psychological development & patient role & clergy responses, cancer patients, 2131
initial vs followup interviews, patient & physician role behaviors & verbal exchange structure, 27–87 yr old hypertensive patients in interview with physicians, 26002
issues facing women as patients in general practice, implications for sex differences research, 23077
registration vs nonregistration of patients with psychosocial problems in general hospital emergency room, nursing staff & 15–65 yr old patients, 10467
self management training as mode of nursing action, patients, 12712
systematic process of engaging in patient role, females, 9586
understanding of social roles of doctors & patients, 4–5 yr olds, 17052
Patriarchy
patriarchal relations & labor force & welfare state under Reagan, human females, US, 22504
patriarchy & violence in households, refuge in religious devotion & solidarity, heretical & Catholic wives of artisans, Renaissance Italy, 30597
Pattern Discrimination
alphabetic letter identification confusions, human Ss, test of template overlap vs geometric features vs Fourier transformation models, 19252
attempt to generate random patterns, perception of random patterns, 19257
behavioral & neurophysiological aspects of pattern recognition, cats, 13800
bilateral striate or lateral peristriate lesions, visual pattern discrimination, rats, 16728
biological pattern recognition & selective systems & pattern-recognizing automation, 16254
concept identification & memory & transfer of dot pattern prototypes, college students, 3055
contrast & spatial frequency, resolution of square-wave gratings, preterm neonates, 22348
contrast level & number of distractor patterns, RT in pattern discrimination, monkeys, 24532
degree of angular deviation from standard upright orientation, identification of alphanumeric characters, college students, 5720
detection & identification of sinusoidal gratings with separate vs intermixed spatial frequencies, adult Os, 24440
devascularization of visual cortex, brightness & pattern vision, rabbits, 30188
dichoptic & monoptic stimulation, cancelling of pattern motion, 19196
discriminability of vibrotactile spatial patterns presented to fingertips, temporal integration functions, human Ss, 19171
discrimination & generalization of rhythmic vs arrhythmic sound patterns, European starlings, 19311
discrimination of internal pattern elements of geometric figures, 1 vs 2 vs 3 vs 4 mo olds, 25111
displacement thresholds for coherent apparent motion in random dot patterns, college students, 311
duration & onset asynchrony of spatial patterns & site of stimulation, vibrotactile pattern recognition & discrimination & masking, adults, 19170
early tone pattern components as cues, uncertain frequency detection, 18–35 yr olds, 5756
example of reversible & impossible object, 24412
exposure time, identification of global vs local letter patterns, college students, test of global precedence hypothesis, 5733
figure with sides & angles in complex vs simple proportions, aesthetic attractivity, adults, 24384
formation of visual stimulus equivalences, 5 & 7 yr olds, 9203
golden section, aesthetic attractivity of patterns, college students, 5706
imaginary rotation of patterns, college students, 308
interpretation of rhythm of individual bars & relationship to underlying meter in monophonic music, listeners, 19235
luminance decrements, contrast thresholds for sinusoidal gratings, 28 & 30 yr old Os, 5724
manifestations of pathological inertia of visual fixation during pattern recognition, brain damaged patients, 4470
masking with vs without choice, accuracy of evaluation of size of textured pattern vs localization of contoured pattern, human Ss, 29851
movement- vs displacement-analyzing systems, motion perception & pattern recognition of same stimuli, adult S, 3037
multiple-channel model, prediction of contrast sensitivity to complex gratings, 24411

noisy background figures, effect of limited visual field on pattern perception & eye movements, 19–21 yr old medical students, 317
nonlinearity in near-threshold contrast detection, 24433
oddity concept in discrimination of visual patterns & transfer performance, adult homing pigeons, 3178
orientation & position of image elements in pattern discrimination, formal derivations of coherence & invariance measures, 24390
orientation & spatial frequency & mean luminance vs contrast & viewing time, monocular pattern alternation rate, college students, 29850
orthogonal patterns generated by Lie operators, prediction of discriminability, gerbils, 27064
parietal or striate or lateral peristriate lesions, acquisition of pattern discrimination learning, 90–140 day old rats, 16727
pattern & movement & color processing in visual cortex, macaques, 3140
pattern depth & connectedness & delay of context pattern presentation, target line identification accuracy, 29828
pattern recognition, 27–36 day old kittens, 445
pecking to obtain food vs heat, interocular transfer of pattern discrimination, chicks, 24544
perceived dominance of vertical vs horizontal pattern components & contrast of single grating, support for eye movement-afterimage theory of monocular rivalry, 29843
perception of structure in novel music, college students with fewer vs more than 5 yrs of musical training, 5755
pictorial foreground-background reversal, haptic recognition of pattern, blind 8–16 yr olds, 12369
random replacement of rewarded vs unrewarded stimulus with meaningless stimulus, 2-choice pattern discrimination performance, chinchilla rabbits, 469
reference patterns, normalization process involving visual code, college students, 3036
repetitively illuminated reversible figure, sequential dependences of perceptual interpretations, adults, 21841
rhythmic timing structures, acquisition & control of serial keypressing task, adults, 11276
right vs left pointing background herringbone pattern, judgment of apparent convergence vs divergence of main lines of Zoellner figures, 11293
role of frontal cortex in differentiation of conditioned stimuli, cats, 577
role of geometrical transformations in cognitive judgments of patterns, adults, 11291
rule-governed serial contexts, melody recognition of transposed vs untransposed comparison sequences, college students, 16423
schema abstraction process for pattern recognition system, procedural correction to previously published account, 225
sensitivity to luminance contrast in checkerboards, newborns & 2 mo olds, 11714
serial patterns of electrical brain stimulation rewards, rule learning, rats, 24541
similarity space of schematic face stimuli, pattern classification, graduate students, 11303
sinusoidal peripheral grating contrast & separation from target grating, simultaneous induction effect & detection thresholds, human Ss, 8486
spatial &/vs temporal frequency parameters at threshold vs subthreshold stimulation levels, role of sustained vs transient mechanisms in pattern vs flicker perception, human Ss, 5741
spatial frequency & stimulus duration, visual recognition of numbers, 18–25 yr olds, 13660
stimuli based on visual cortex receptive field properties, global precedence in visual pattern recognition, college students, 8494
stimulus intensity, visual persistence in temporal integration of different light patterns in successive flashes, comment on V. DiLollo & C. M. Bourassa's study, 29870
stimulus luminance & duration, responses to onset & offset of dot bigrams within random-dot patterns, 330
stimulus speed, direction discrimination for moving isotropic dot patterns, humans vs normal vs visually deprived cats, 29863
structure in pitch notation, learning reading & playing of musical melodies, 1st–2nd graders, 16979
subdural electrode recording of pattern & luminance EPs, alert rhesus monkeys, 6009
sudden movement of high contrast grating in peripheral retina, selective reduction in sensitivity to low spatial frequency sinusoidal gratings, human Ss, 29837
sustained-transient dichotomy model, masking & facilitation effects of uniform flash, 19200
symmetrical structure & orientation & organization of visual patterns, perception of pattern wholes, 4 mo olds, 19845
teaching space approach for pattern classification training of linear machines, 24032
theoretical model for perception of rhythm & temporal sequences, 5757
thermocoagulation vs kainic acid pulvinar lesions, pattern discrimination retention & color discrimination learning, monkeys, 8918
unilateral interruption of middle cerebral artery, binocular & monocular pattern discrimination performance, rabbits, 24758
visual contrast & spatial frequency, detection of sine-wave grating patterns, 23–24 yr olds, 5738
visual patterns varying in symmetry & formal similarity, dimensions of judgments of patterns & figural goodness ratings, college students, methodological implications, 21862
visual recognition of patterns, momentary discharge frequency of thalamic & striopallidal neurons, humans, 3288
visual recognition of patterns, spatiotemporal correlation between momentary frequencies of neuronal electrical activity in thalamus & internal capsule & corpus callosum, humans, 3289
visual sensitivity to flickering sinusoidal grating, multiple sclerosis patients with normal visual acuity, 9899
visual system properties of shape imaging useful in other pattern-recognition systems, 21836
Pavlovian Conditioning [See Classical Conditioning]
Pay [See Salaries]
PCP [See Phencyclidine]
Peabody Picture Vocabulary Test
comparability of Forms L & M of PPVT-R, Black 38–64 mo olds in Head Start program, 124
comparison of scores on PPVT-Revised and achievement scales of Kaufman Assessment Battery for Children, 3–4.2 yr olds, 11172
concurrent & construct validity of Expressive One-Word Picture Vocabulary Test & WISC-R & Illinois Test of Psycholinguistic Abilities, 6–12 yr old learning disabled students, 5378
construct validity of PPVT-R as screening measure for intellectual functioning, 2.5–5.9 yr olds, 26980
interrelationship & interchangeability of PPVT & Test for Auditory Comprehension of Language, assessment of language comprehension, 4.6–16.3 yr olds with infantile autism, 25601
item bias on Peabody Picture Vocabulary Test, White vs Black 2.5–7 yr olds, 23910
item bias on PPVT-R forms L & M, Anglo American & Mexican American 1st–4th graders, 5357
local test norms development project with PPVT, Mexican-American kindergarten through 6th graders, 15943
order of test administration of PPVT-R & WISC-R, correlation of test scores, 2nd graders, 29409
overview of Vineland Adaptive Behavior Scales & Kaufman Assessment Battery for Children & PPVT-R measurement of adaptive behavior & cognitive functioning in pediatrics, 27048
PPVT IQ validity & vocabulary assessment, psychiatric & neurologic inpatients with mean age of 39 yrs, 171
PPVT vs Test of Early Language Development vs Preschool Language Scale, language assessment, 3.3–5 yr olds, 13581
predictive validity of PPVT-Revised, prediction of academic achievement, Navajo 5–12 yr olds, 13203
reliability of Kaufman Assessment Battery for Children vs PPVT, 38–64 mo old Black Head Start children, 26987
stability & predictive validity of Peabody Picture Vocabulary Test, prediction of academic achievement, 1st–5th graders, 11 mo longitudinal study, 10841
type-token ratio, vocabulary performance on PPVT-Revised & Oral & Picture subtests of Test of Language Development & Test of Written Language, 6–8 yr olds, 11218
validity of PPVT as initial screening test, college freshmen & sophomores, 26680
validity of revised PPVT using academic grades as criteria, 4th–6th graders, 26724

informed consent & cognitive distortions in sex between children & adults, pedophiles, literature review, 14386
pedophilia, male heterosexual vs homosexual offenders, 25630
pedophiliac relationships with adult males as positive vs negative experience, 10–16 yr old males, 6396
personal history & Rorschach responses, pedophiliac, 20348
synthetic luteinizing hormone-releasing hormone, luteinizing hormone levels, male pedophiles vs nonpedophilic paraphiliacs, 28317
systems approach & psychoanalysis & behavior therapy, incarcerated male pedophile, 28941
Peer Counseling
academic peer counseling program, college students, 15963
empathetic counseling microtraining, 17–38 yr old peer counselors in minimum-security forensic ward, 15627
establishment of peer counseling program in educational settings, school psychologists, 32177
issues in therapeutic work with peers, elderly paraprofessionals, 26302
peer adjustment program, college adjustment, freshmen, 29446
peer counseling program, empathy, 69–96 yr old nursing home residents, 23473
peer counseling training, personal growth, elderly students, 31849
peer counseling training program, social interest, 11th & 12th graders, 10687
peer counselors as component of Senior Blind Program, elderly blind, 12774
peer education, coping with cancer, 3rd–12th grade cancer patients returning to school, 18738
peer helper training & timing of training, perceived stress, college student resident assistants, 29164
peer influence in group meetings, problem behavior, 7th–12th graders, 15936
peers as group leaders, college orientation programs, college students, South Africa, 15984
self help & user-controlled programs, ex-psychiatric patients, 23472
survey of peer counseling activities in colleges, US & Canada, 13220

training as peer facilitators, response skills & helping responses & attitudes, helpers & elementary school students, 26519
training in human sexuality & family life education, peer counselors & professional, 26442
unsolicited telephone call, helping interview & extension of orientation by peers, freshmen college students, 29447
use of peer counseling, independent living programs, 31772
Peer Evaluation
age & homogeneous vs heterogeneous aged classroom setting, social preference ratings of other students, female vs male 8 vs 9 vs 10 yr olds, 2486
American Psychological Association's Civilian Health & Medical Program of Uniformed Services program, peer review & psychotherapeutic services, 2247
blindness of blind review, psychologists, 29014
clinical evaluation of self from memory vs videotape vs evaluation by peers vs supervisors, graduate student speech-language clinicians, 26415
correspondence between self report vs peer vs objective report measures of energetic personality trait & energetic performance, college students, 19022
development & validation of Peer Depression-Rating Scale, college students, 13579
evaluation of resident performance in hosptial based hospice, nurses & medical residents, 4940
frequency of sociometric choices, peer ratings, 4th–7th graders, 27834
group-serving vs effacing attributions after success vs failure of group task, perception of group member, college students, 20104
issues in application of peer review standards to mental health providers, 7850
mixed sex vs male anatomy dissection groups, self & peer ratings & evaluations of group process, medical students, 29009
peer consultation alternative to supervision, strategic systemic family therapists, 7822
peer evaluation, self esteem & professional development, teachers, 29459
peer evaluations of counseling skills, paraprofessional counselors in church based lay counseling program, 31652
peer review for 3rd-party payment & psychoanalysis, 35 yr old female writer, 26067
peer review, professional practice, psychologists, 7842
perceived behavior & characteristics of physically accelerated vs retarded classmates at 13–14 yrs old vs at present, 18 yr old male high school students, 852
physical attractiveness & sex & task sex typing, evaluation of peer's writing performance, female college students, 1174
rated reliability & bias & harshness of peer reviewers evaluating manuscripts for "Journal of Applied Behavior Analysis", student raters, 2238
recollection of teacher's & peer's evaluations, self evaluation of communication in classroom, college students, 2482
reproductive memory & materialistic vs idealistic concepts in self & peer evaluation, 11 & 14 yr olds, 25045
residential treatment centers, peer review by American Psychiatric Association & Civilian Health & Medical Program of Uniformed Services, 7671
self description & description by others, Giessen Test for couple diagnosis, 16298
self reported vs peer-reported voting & intake measures & multiple analytic criteria, assessment of construct validity of reports of alcohol & marijuana & cigarette use, college students, 30757
sex & effect of perceived appraisals by teachers vs friends vs parents, self evaluation, high school students, 25196
social status & impact & peer acceptance, academic achievement, 3rd–6th graders, 23774
steps of group appraisal process for individual job performance evaluation, 21577
suggested alternatives for peer review, psychiatrists & physicians, US, literature review, complications for Australian psychiatists, 15623
team consultation approach, family therapy, 4692
time-on-task program, peer rating of classroom behavior task orientation & social acceptance, low achieving 3rd & 6th graders, 2370
Peer Relations
affective displays during play with mothers vs peers vs alone, infants from 6–18 mos, 25167
age differences, perception of peer aggression & withdrawal & likeability, 1st vs 4th vs 7th graders, 14217
age differences, tolerance of others' behaviors, 3rd–6th graders, implications for mainstreaming of behaviorally disordered children, 18659
analysis of conversations with handicapped vs nonhandicapped peer, 12–15 yr olds with Down's Syndrome, 6972
analysis of tape recorded accounts of fights given to fellow members & gang norms on aggression, 15 to 30 yr old female gang members, 17595
assertive skill & social status, 9–11 yr olds, 11841
attachment to socializing influences of family & school & peers, delinquent behavior & prevention, juvenile delinquents, 12239
attitudes & knowledge & behavior, classmates of 12–18 yr old cancer patients, 31176
behavioral correlates of sociometric status in teacher-led vs assigned-task classroom situations, 4th–6th graders, 26591
brief separation from mother, adult-child & peer interactions, 15–39 mo olds in play group, 25229
childhood peer relationships, later mental health, literature review, 11793
chronological scale of communication behavior with peers, 6–20 mo olds, longitudinal study, 27742
classroom social status & classmate likeability & compromising skill & temperament & neighborhood social interactions, 3rd–7th graders, 26603
cognitive uncertainty & social comparison, elicitation of understanding from peer, 3–5 yr olds, 6347
conduct disorder, formation of dominance hierarchies & power relations, 6.4–11.5 yr olds, 25644
cooperative-group intervention, interracial friendships, male vs female White vs Black 5th & 6th graders, 30506
cooperative group tasks, subsequent cooperation & peer acceptance, learning disabled 10–15 yr olds, 15854
cooperative incentives vs tasks, academic achievement, students, 13063
cultural context, gender segregation in peer groups, 18 mo to 9 yr olds, Kenya, 17054
development & reliability of self report measure of loneliness & social dissatisfaction, 3rd–6th graders, 8389
development of interpersonal relationships, elementary school students, 3-yr longitudinal study, 17101
development of projective measure, assessment of interpersonal values in peer & father-son settings, male high school & college students & delinquents, 177
development of social conflict & dominance relations, 6–18 vs 19–30 vs 31–42 vs 43–54 vs 55–66 mo olds, 27880
developmental changes in organization of cohesive & agonistic peer activities, 8–66 mo olds, conference presentation, 30545
developmental shifts in focus of social comparison & expression of comparative & evaluative interests & conflicting goals in classroom, kindergartners through 4th graders, 21376
display of warmth vs anger between adults, emotions & aggression between peers, male vs female 2 yr old dyads, 25180
disruptions in parent discipline practices & negative microsocial exchanges, physical fighting & peer relations, 4th & 7th & 10th grade males, model for family interactions as training for aggression, 25219
dominance & affiliation, social organization of same sex groups, 1st & 2nd graders, 22376
dominance in peer & intergroup dynamics, 16–17 yr old females at summer camp, 3730
dynamic therapy technique, enhancement of peer interactions in group psychotherapy, 12565
exhibition of bossy interpersonal style in problem solving situation, dyads containing 1 average status & 1 popular vs unpopular 3rd & 4th grader, 9310
experience of being only White member of all Black basketball team, self esteem & peer relations, male high school student, 23795
familiarity & prior group experience & age, degree of social participation, 3–5 yr olds, 25193

family & marriage & parent-child & child peer cycles, independence & emotional status & psychological development, hearing impaired, 20585
father- & mother-child play, competence with preschool peers, 36–49 mo olds & their parents, 9308
feelings of loneliness, sociometrically rejected vs neglected 3rd–6th graders, 30488
formation of attachment to parents during infancy, subsequent peer relations, children, 25195
friendship similarity & mildly deviant behavior, male vs female adolescents, 17091
gender relations in secondary schools, 14–15 yr old students from working class vs ruling class families, Australia, 32095
group counseling, poor peer relations & classroom behavior problems & limited self concept & attitude toward school & withdrawal, 6th graders, 15912
group therapy, body image & sexuality & parental symbiosis & treatment environment & peer relations & perception of future, female adolescent chronic dialysis patients, 15230
group treatment program, peer relations, abused or neglected middle-school adolescents, 31425
in-hospital interpersonal relationships, prediction of posttreatment outcomes, 13–17 yr old hospitalized psychiatric patients, 4950
incidence of friendship & behavior toward close associates vs nonassociates, preschoolers, 17057
individual differences vs relationship effects, attraction, graduate students, 14531
influence of father vs peer vs other family members, socialization, children, 1003
influence of peer association & identification, drug use, rural junior & senior high school students, 19776
inhibition in peer interaction, male vs female 23 mo old infants, 991
integrated vs segregated school environment, student interaction, 3–22 yr old severely mentally retarded vs normal students, 26634
interaction & cooperation with age mate & interaction with mother, 8–32 mo old twins vs familiar peers & their mothers, longitudinal study, 16574
internal behavior control program, developmentally disabled residents in group home, 18283
interpersonal cognitive problem solving training, remediation of peer relationship difficulties, children & adolescents, meta-analysis, 23754
intimacy of colleagues & type of work relationship, social support & stress & job satisfaction, 18–60 yr old employees, 32299
knowledge of social functions of younger vs older vs same-age peers with respect to friendship & instruction & leadership & help & sympathy, 1st vs 3rd graders, 9281
lack of attachment to peers & parents & school as cause of juvenile delinquency, students in high school vs juvenile correctional institutions, 22875
level of job interdependence & satisfaction vs dissatisfaction with co-workers, intrinsic motivation, nurses, 12967
loneliness & self disclosure to peers and parents & antecedent variables, high school students, 19892
mainstreaming, positive peer interaction, hearing impaired 4 yr old, 23867
methods & interpretation of behavior ratings, positive social behavior, kindergartners, 25239
model for use of sociometric peer nomination data for classification system, socially rejected vs ignored vs involved vs accepted children, 11815
moral vs conventional transgressions, peer vs caregiver responses, 13–40 mo olds in daycare centers & their caregivers, 9332
mother vs father vs same-sex friend as targets & age & gender, use of unilateral vs bilateral & direct vs indirect power strategies in intimate relationships, 6th vs 9th vs 12th graders, 11792
need for uniqueness & self schema & thought, expectations of peer behavior similarity, college students, test of false-consensus effect, 11994
parent vs peer smoking & attitudes & motivation & parent & peer supportiveness, onset of smoking behavior, 6th–11th graders, 11669
peer & family & school bonds as 1st graders, substance use, male vs female Black adolescents, 10-yr followup, conference presentation, 3699
peer & self monitoring, reduction in negative interaction during recess, mildly retarded 9.8 yr old male & his 8.5–9.6 yr old peers, 29351
peer culture & organization of self & object representations in psychotherapy groups, school age children, 28689
peer friendships as manifestation of social competence, special needs of preschool age children, 17418
peer groups, adolescent development, 9328
peer initiation intervention, classroom social interaction, handicapped & nonhandicapped preschoolers, 23752
peer interaction, learning English as 2nd language, 5–8 yr olds, UK, 14045
peer interaction within classroom setting, preschool & kindergarten & elementary school students, literature review, 2468
peer-peer interaction in playpen with toys, 10–21 vs 24–30 mo olds with extensive daycare experience, 25231
peer pressure, smoking attitudes & behavior, 15 yr old secondary school students, Great Britain, 14150
peer ratings of social status, orthopedically handicapped mainstreamed 9th–12th graders, 15827
peer related social interactions, developmentally delayed 1.8–6.8 yr olds in early intervention programs, 1330
peer social relatedness as means of stabilizing self-representation & aiding separation individuation from primary caretakers, infants, 9253
peer training strategy, facilitation of social skills of autistic children, 5.5–8.7 yr old autistic students & mildly mentally retarded peer trainers, 18758
peer vs teacher ratings, classroom behavior, 1st–5th graders with attention deficit disorder & hyperkinesis, 18648
perceived agreement with parents vs peers on moral & value issues, male vs female college students, Taiwan, 11840
perception of discussions in academy/vocational & social/ethical & family & peer domains, 12–13 vs 14–15 vs 18–20 yr olds, implications for socialization, 25202
perception of organization & function of organizational relationships, male vs female full time professionals in early career stages, 13093
perceptions of peer relations & friendship, 6th graders, 2-yr longitudinal study, 17028
personality & perceptions of stress & peer relations, smoking behavior, US Navy enlisted males, 1206
personality vs parental child-rearing attitudes vs SES vs sociometric status vs academic achievement, peer interaction & relationships, 4th–6th graders, Taiwan, 17026
physical conflict in peer relations and other stressors, 7–12 yr old males, implications for social workers, 28899
physiological & sociological & behavioral distress & friendship networks, 9th–12th graders, 27848
play behavior with mothers vs peers, 6–18 mo olds, 9256
popularity status, personal information exchange & play behavior, 3rd & 4th graders, 17078
preferred friend relationship, Italian & German 40–48 mo old kindergarten students, Italy, 14126
preschool experience, peer directed behaviors, 47–57 mo olds, 19920
presence vs absence of observers, peer interaction, male dyads aged 4.5–5.5 or 7.5–8.5 yrs, 9264
problems in peer relations & severity of behavior disorders, female vs male 3–19 yr olds, 25546
rate of social activity & degree of sexual segregation in affiliative interaction, female vs male 1–6 yr old day care students, 3-yr longitudinal study, 9304
reasoning about compliant adult- vs peer-directed prosocial vs nonprosocial behavior, 45–65 mo olds, 17037
relationships with parents & peers & siblings, children during & after recovery from major depressive disorder, 22760
relationships with parents & peers & siblings, 6–12 yr olds with endogenous & nonendogenous depression vs nondepressed neurotic disorder, 22761
reliability & discriminant validity of institutional integration scales, measurement of academic & social integration, disadvantaged college students, 13180
residence in community vs institutional setting & perceptions of peers' social desirability, group concept problem & social behavior, male vs female mentally retarded 16–40 yr olds, 31084

revised version of class play method of peer assessment, social competence, 3rd–6th graders, 24261
role of humor in memorized vs practical jokes & funny stories in peer interaction, adolescent females, 25230
self derogation & peer influence & social control & early substance use, drug use, adolescents, 1971–73, 22377
sex differences, nonverbal & verbal communication with bosses & peers & subordinates, business students, 16107
sex differences, trust in peers, kindergartners vs 2nd vs 4th graders, 27874
sexual intercourse behavior of male & female best friends, translation from virgin to intercourse within 2 yrs, White vs Black students initially in Grades 7–9, 17017
significance of peer relations for intellectual & social development, young children, 27879
social & nonsocial behaviors, sociometric peer rating, mentally retarded or autistic 2–5 yr olds, 17422
social adjustment & peer interaction, 5–7 yr old spina bifida children attending regular primary schools, 21424
social cognitive skills, interpersonal problem solving, male 4th & 6th graders with negative vs positive peer status, 19761
social competence & peer friendship & likability, 1st vs 6th graders, 30489
social interaction patterns within self contained classroom setting, high vs low status behaviorally disordered 8–11.8 yr old students, 13153
social perspective taking vs friendship vs self interest, prediction of persuasive appeals, kindergartners & 2nd & 4th graders, 25205
social skills training & contingency management, interpersonal functioning, seriously emotionally & socially impaired 7.5 yr old male with conduct & attention deficit disorder, 21093
social skills training in school environment, social adjustment & academic achievement, preschool age children through adolescents, 26548
social skills training program, improvement of verbal interactions with classmates, multiply handicapped 8–13 yr olds, 29389
social toys in teacher-mediated comprehensive treatment, social play, handicapped & nonhandicapped 30–66 mo olds, 2527
socialization with peer groups, perceptions of morals & values & social weaning in preparation for adulthood & self sufficiency, 12–16 yr olds, 870
sociodemographic characteristics, resistance to peer pressure to drink, college students, 15852
sociometric assessment & interactions with peers, 6th & 7th graders with average body weight vs slight overweight vs obesity, 4393
sociometric testing, peer interactions, 3.1–5 yr old preschool students, ethical implications, 2568
specific language delay, peer interactions, normal vs language delayed 3–5 yr old males, 22919
strategies of social acceptance, popular vs controversial vs rejected vs neglected preschool students, teaching implications, 18644
student characteristics & relations with peers, 1st & 6th graders with vs without parental permission to participate in research, 6339
supportive significant peer relationships, early vs middle vs late career manufacturing employees, 21612
teacher vs peer reactions to play style, 24–30 mo old male vs female students, 18640
teacher vs peer vs behavioral measures & attachment history & preschool classroom environment, peer competence, 4–5 yr olds, 15842
temperament & classmate likability & social perspective coordination & parent-rated Type A behaviors, 3rd–8th grade males vs females, 26602
temporal consistency & recent helpfulness of peers, trust, kindergartners vs 2nd vs 4th graders, 14199
training analyst's role & relationship with other training & nontraining analysts, 10644
understanding of social interactions of peers, Black physically aggressive &/or learning disabled 11–15 yr old males, 12314
verbal interactions with friends vs nonfriends, popular vs rejected 3rd vs 6th graders, 29302
verbal language complexity & styles in interaction with peer vs adult, learning disabled vs nondisabled male 6th graders, 1588
well-being, nature & importance & quality of attachment relationships to parents & peers, 12–19 yr olds, 3709

Peer Review [See Peer Evaluation]

Peer Tutoring
attitudes toward slow learners, high school students in peer tutoring program, 5311
basic science peer tutorial program, medical students, 7845
conventional vs behavioral coaching by peer coaches, development of soccer skills, 8–10 yr olds, 19851
efficacy of behavioral peer tutoring training, reading achievement, 12 yr old remedial readers tutored by 16 yr old low achievers, 23873
guidelines for integration of peer tutoring & peer collaboration in schools, 15736
intraclass peer tutoring, sight word recognition skills, 11–13 yr old mildly mentally retarded students, 26636
peer training by 4th graders, school cafeteria skills, severely retarded 8.8–11.8 yr old students, 23847
peer tutoring, mathematics achievement, students, 7914
peer tutoring questionnaire, evaluation of tutoring training course & assessment of competence, college students, 21460
teacher- vs peer-mediated instruction, academic achievement, 3rd–6th graders, 18574
training as peer facilitators, response skills & helping responses & attitudes, helpers & elementary school students, 26519
tutoring by emotionally disturbed high school students, academic performance, educable mentally retarded 9–12 yr old elementary school students, 2521
tutoring of sibling vs unrelated peer, tutor's & tutee's behavior, preschool & school age children, 25207
use of peers in training & monitoring task performance, moderately & severely retarded 19 & 20 yr olds, 32153

Peers
attitudes toward peers wearing hearing aids vs glasses vs no aids, 5th–6th graders, 15828
demographic characteristics & time span for drug transmission from established users to friends & acquaintances, 20–30 yr old males, 28365
drug- & alcohol-using friends, propensity to use same drugs, respondents 17 yrs old & older, assessment of differential association theory, 11980
instruction by moderately retarded peer, acquisition of complex photocopying task, severely retarded 19–20 yr olds, 21128
orientation on autism followed by tutoring experience with autistic child, attitudes toward autism, 2nd & 3rd graders, 26614
parental & church & peer influences, sexual attitudes & behaviors & contraceptive behavior, male vs female college students, 17249
peer & self monitoring, reduction in negative interaction during recess, mildly retarded 9.8 yr old male & his 8.5–9.6 yr old peers, 29351
peer group & religiosity & sexual guilt, premarital sexual intercourse, college students, 6589
peer judgment, identification of problems in conversational behaviors, college students reporting high social avoidance & distress, implications for social skills programs, 23255
peer led weight reduction program, maintenance of weight loss, obese 2nd–5th graders, 32172
peer-mediated treatment, promotion of social interaction, children, literature review, 7378
peer modeling, social competence, kindergartners, 986
peer selection of emergency medical coordinators, performance of trained volunteers, populations in rural communities, US, 29041
peer support, reduction of burnout, social workers, 2243
preliminary models of social control, threat of sanction & peer group influence & marihuana use & deviant behavior, 10th graders, 3-yr longitudinal study, 4326
seminars taught by faculty vs senior undergraduate student, evaluation of seminar content & leader, college students, 13051
SES, perceptions of medical & psychological disorders of imaginary peers, high vs low SES 10–13 yr olds, 11703
social skill behaviors & peer judgments of interpersonal skills & likability, 3rd graders, 25198

Pemoline
magnesium pemoline, emotional disturbance, 6 yr old female, 15335
pemoline, EEG patterns, 8–11 vs 18–47 yr olds with attention deficit disorder, 20897

Penguins
nest-site competition, male adelie vs chinstrap penguins, 21983
Penis
auditory & visual descriptions of normal sexual interaction, penile responses, exhibitionists with mean age of 24.9 yrs, 6908
coping strategies & psychosexual behavior from childhood to adulthood, 22–31 yr olds with micropenis, followup studies, 31219
cultural specificity of Koro, 51 yr old Black American male, 22741
individual & family therapy, koro syndrome, 13 yr old male, 1-yr followup, 4633
Koro-like symptoms, 44 yr old married male with diagnosis of agoraphobia with panic attacks & social phobia treated with phenelzine & behavioral psychotherapy, 22671
manifestations of Koro syndrome, male 24 yr old West Indian & 20 yr old Greek Cypriot immigrants with diagnoses of schizophrenia & schizo-affective disorder & treated with phenothiazines & amitriptyline, 22664
penile prosthesis implant, postsurgical psychological adjustment & satisfaction, patients & their partners, literature review, 31581
psychodynamic aspects of wish for penile prosthesis, males with psychogenic impotence, implications for medical decision making, 15086
psychotherapy, penile loss due to electrical burns, 10 yr old male, 4645
sexual history & nocturnal penile tumescence, assessment of erectile failure, 22–57 yr old males with normal renal functioning vs end-stage renal disease, 25903
topical testosterone propionate, treatment during childhood, penis size, male 22–31 yr olds with micropenises, followup study, 12648
Penis Envy
Freud & womb envy as parallel concept to penis envy, 28088
Penitentiaries [See Prisons]
Penology
attitudes toward crime & criminal justice system, France & Canada & US, 30657
development & features of severity scale for penalties, assessment of attitudes toward criminal justice & severity of death penalty vs other sanctions, prisoners vs police vs probation officers vs sociology students, Israel, 13599
evolution of punishment & incorporation of punitive & reformative & preventative approaches in penal philosophy & practice, India, 26359
historical viewpoint of relation between technical activities & framework & goals of prisons, 18360
importance of reforms for penal institutionalization, Nigeria, 15538
negative impact of national task forces & committees on correction, 2182
prison admissions & releases, male vs female offenders, 1851–1979, 7697
public attitudes concerning penal & correctional measures & punitiveness, Canada, 14392
punishment & loss of rights & treatment/rehabilitation, eradication of criminal activity, delinquents, 31768
self image model for prison reform, adjustment, prisoners 16 yrs old & older, 18333
social & economic costs & efficacy of restitution as punishment, corporate crime, 28929
temperance movement, origins of 20th century penology, 26363
Pension Plans (Employee) [See Employee Pension Plans]
Pentobarbital
chlordiazepoxide discrimination & transfer to sodium pentobarbital, male rats pretreated with convulsant bemegride & benzodiazepine antagonist RO 15-1788, 19725
CNS depression & dosage & concentration of sodium pentobarbital & barbital, tolerance & dependence & severity of withdrawal, cats, 30276
dextroamphetamine sulfate vs diazepam vs morphine sulfate vs sodium pentobarbital vs chlorpromazine, incremental repeated acquisition, male rats, 27628
discrimination training, discrimination of phenobarbital from dextroamphetamine & tetrahydrocannabinol & pentobarbital & generalization of response, pigeons, 24839
dosage levels of ethanol & saline vs pentobarbital, discriminative responding, male rats, 13904
eserine & sodium pentobarbital & phencyclidine, theta phase shift of hippocampal CA1 region, freely moving rats, 27612
ethanol vs pentobarbital vs methyprylon, sleep time response, mice from long vs short sleep strains, 30244
FR size & pentobarbital concentration, response rate & number of drug deliveries, male rhesus monkeys, 19696
gamma-butyrolactone &/vs sodium pentobarbital, rate of punished lever pressing, rats, 3484
high dosage of pentobarbital, brain stem auditory EPs, rats, 16802
interaction between pentobarbital sodium & other modulators of GABAergic transmission, maximal electroshock seizures & righting reflexes, male rats, 30283
interaction of visual vs auditory stimuli & dosage of pentobarbital as discriminative stimulus, choice behavior in maze, male rats, 13889
ip infusion of pentobarbital using escalating drug dose schedule, drug dependency, rats, 27669
morphine vs apomorphine vs LSD vs procaine vs pentobarbital, discriminative stimulus properties of cocaine, male pigeons, 16766
saline vs pentobarbital injections, changes in EEG, rats, implications for placebo effect, 24881
stress & amphetamine vs morphine vs pentobarbital vs diazepam vs alprazolam, plasma catecholamine levels, male rats, 22093
tactile vs auditory vs visual stimulation & atropine vs pentobarbital, activation vs habituation of EEG in hippocampus & neocortex, male rabbits, 3306
thyrotropin-releasing hormone, potentiation of pentobarbital & chlordiazepoxide & ethanol sedative & anxiolytic effects on suppressed responses during punished operant responding, pigeons, 22231
withdrawal from diazepam vs pentobarbital, anxiety, rats, conference presentation, 3434
zopiclone vs pentobarbitone, insomnia, 20–56 yr old outpatients, conference presentation, 4797
Pentylenetetrazol
application of strychnine & bicuculline & pentylenetetrazol onto mesencephalic reticular formation, neuronal responses to sensory stimulation, cats & rats, 13883
ascorbic acid, threshold for pentylenetetrazol-induced seizures 15 vs 60 min after administration of apomorphine, male mice, 6179
picrotoxin & pentylenetetrazole & chlordiazepoxide, social interaction & anxiety, male rats, 16758
picrotoxin vs pentylenetetrazol vs tracazolate vs Ro 5-3663, social interactions & anxiolytic behavior, rats, 13884
Pentylenetetrazole [See Pentylenetetrazol]
Peoples Republic of China
ability to transform active & passive forms in Chinese sentence structure, normal vs deaf vs retarded vs deaf mute 9–18 yr olds, China, 14603
adaptation & factor structure of Scale of Attitudes Toward Disabled Persons, college students, China, 29741
address usage in dyadic relationships, native Greek vs Chinese vs 15–76 yr old Korean speakers from Korea vs Canada, test of R. Brown's invariant norms of address theory, 19746
clinical psychology & mental health services, People's Republic of China, 4589
concept of "face" & traditional sociopolitical structure, China, 17123
Confucian social philosophy, aggressive behavior in society, Chinese populations, 11877
contingency management in modernization & increased productivity of industry & decreased birthrate, People's Republic of China, 29550
cultural & social expectations of role in society, human females, China, 27992
development of health & psychiatric services, Iran vs China, 1792
Eastern vs Western philosophies & lifestyles & values & impact on psychotherapy, 7279
emotional reactions to gynecological surgery, females who underwent hysterectomy, China, 28505
evaluation of images & roles & status in classic vs modern literature, human females, China, 27702
geriatric depression, Peoples Republic of China vs Western societies, conference presentation, 20274

higher plasma haloperidol concentrations, schizophrenic patients, China vs US, 18133
mental disorders & psychiatric staff in senior nursing institutions, China, 31728
modernization & development of psychology, China, early 1900's to 1984, 8299
reading instruction, China, 29206
restrictive vs permissive environment, thoughts & attitudes, preschoolers & 6–7 & 9–14 yr olds, China vs Sweden, 27839
role of languages as carriers of structure & culture in society, Europe vs China vs Japan, 19744
sacred landscape of Western imagining, Tibet, 11875
state of child & general psychiatry, observations of visiting child psychiatrist, People's Republic of China, 7158
study of 40th hexagram in "I Ching", 11653
symptoms & course & familial factors related to depression, patients with histories of primary affective disorder, People's Republic of China, 9636
training program, Western management techniques, business managers, China, 18820
use of electroacupuncture therapy & relationship to ECT, treatment of neurasthenia & depression, mainland China, comment on report of D. L. Dunner & P. Z. Dunner, 23073
validity & reliability of Eysenck Personality Inventory, adults & children, China vs England vs Greece, 19061
Peptic Ulcers [See Gastrointestinal Ulcers]
Peptides [See Also Cholecystokinin, Dynorphins, Endogenous Opiates, Endorphins, Melanocyte Stimulating Hormone, Neurotensin, Substance P]
abnormalities of neuropeptide concentrations in neurological disorders, 9998
absence of grain in diet, schizophrenia, Papua New Guinea & Malaita & Solomon Islands & Yap, 9635
Ala-MIF-1 vs Phe-MIF-1 vs Leu-MIF-1, passive avoidance behavior vs motor activity, male rats, 24844
angiotensin II & other neuropeptides, thirst, vertebrates, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 742
anti-delta sleep-inducing peptide, immunoreactivity in certain areas of brain, rats, 3266
biochemical & physiological characteristics of putative endogenous ligand for phencyclidine receptor, porcine & rat brain, 24674
bombesin, dihydroxyphenylalanine & dihydroxyphenylacetic & homovanillic acids & dopamine metabolites in brain regions, male rats, 804
bombesin microinjection into nucleus accumbens vs ventral tegmental area vs lateral ventricles, spontaneous motor activity & role of mesolimbic dopamine system, male rats, 9016
bombesin vs ranatensin vs liforin, drinking & feeding behavior, male rats, 738
brain-specific proteins & endogenous oligopeptides, emotional reactivity & aggressive behavior, male rats, 27639
caerulein, chronic & acute schizophrenia, 21–51 yr olds, 15308
caerulein, treatment of long term heavy marihuana usage, 23 yr old male with amotivational syndrome, 21153
calmodulin blockade, plasticity of electro-excitable neuronal membrane, 3303
central action peptides, schizophrenia, 9646
cholecystokinin & bombesin & calcitonin & naloxone & glucagon & somatostatin & pancreatic polypeptide, food intake regulation, intact vs subdiaphragmatic vagotomized dogs vs rats, 22080
cholecystokinin octapeptide & ceruletide & analogs & carbachol, smooth muscle stimulation in intestinal preparations & gallbladders, guinea pigs & mice, 22234
cholecystokinin-related peptides & cervletide, apomorphine induced behavioral responses, rats & 25–35 yr old schizophrenics, 24959
coordinated activity of peptidergic neuron networks, regulation of reproduction, 6024
delta-sleep-inducing peptide, pattern of sleep, animals & humans, literature review, 8966
delta sleep-inducing peptide, treatment of ethyl alcohol vs opiate withdrawal symptoms, patients, 7722
distribution of opioid peptides & receptor binding sites in spinal cord & activation by thermal & pressure & visceral nociceptive inputs, conference presentation, 30282
drug blockage of catecholamine synthesis or dopamine receptors, effect of Z-prolyl-dextroleucine on morphine withdrawal, mice, 27604
electrophysiological properties of opioid peptide morphiceptin in hippocampal slice, rats, 24629
genes & neuropeptides, mediation of behavior, snails, 6002
genetic organization & synthesis & processing & physiological role of neuropeptides, aplysia, literature review, 27364
high vs low dosage levels of Tyr-MIF-1 vs MIF-1 & morphine or delta sleep-inducing peptide, number of rotations of water wheel, mice, 24855
histochemical & neuroanatomical methods, chemical anatomy of brain & various types of neurons, literature review, 5981
hypothalamic peptides, striatal dopamine receptor function, morphine tolerant-dependent rats, conference presentation, 3409
hypothalamic vs substantia nigra microinjections of bombesin, hypothermia & hypophagia, male food deprived rats, 24804
icv bombesin, grooming activity & sleep, male rats, 24922
icv bombesin injection, oxygen consumption & core body temperature, food deprived rats, 27551
icv calcitonin gene-related peptide, food consumption, male rats, 24866
icv injection of pro-leu-glyNH-2, alpha methylparatyrosine induced disappearance of dopamine & noradrenaline in limbic forebrain nuclei, male rats, 27657
icv morphine, analgesic tolerance to ketocyclazocine & D-ala-2-methionine enkephalinamide & D-ala-2-D-leu-5-enkephalin & leuenkephalin & metenkephalin & beta-endorphin, male mice, 24939
icv sauvagine vs urotensin I vs corticotropin-releasing factor, response to open field & environmental novelty & release of pituitary ACTH & vasodilitation & food consumption, male rats, 8940
icv vasopressin & analogs, hypothermia, male rats, 24886
icv vs iv administration of tetragastrin & pentagastrin & cholecystokinin & gastrin 17, rumination, sheep, 3458
injection of bradykinin vs coronary artery occlusion, response of spinothalamic & spinoreticular neurons, monkeys & cats, 8877
interaction of aspartame & high carbohydrate foods & MAO inhibitor, 22 yr old bulimic female, 15286
levo-Tyrosyl-levo-Arginine vs kyotorphin analog vs met-enkephalin injections into substantia nigra, ipsilateral rotation behavior, male rats, implications for in-vivo effects independent of met-enkephalin, 27557
lipophilicity of peptides, transport across blood-brain barrier, rats, 30049
melanotropin release-inhibiting factor prolyl-leucyl-glycinamide & its analog cyclo(Leu-Gly), dopamine receptor supersensitivity in brain induced by chronic haloperidol, male rats, tardive dyskinesia implications, 6094
MIF-1 (Pro-Leu-Gly-NH2), activity, Siamese fighting fish, 8941
misleading concepts in field of brain peptides & role in stimulation of research, 8802
muramyl dipeptide, slow wave sleep & body temperature, rats, 3439
N- & C-terminal analogs of substance P, aggressive behavior, isolated mice, 3452
neuropeptides, anxiety & effects of benzodiazepines, 8770
neurotensin vs bombesin, body temperature & locomotion in open field, male rats, 24960
oxytocin & Z-prolyl-dextro-leucine, role of limbic system in morphine tolerance & dependency & withdrawal, male mice, 30258
peptide aggregation, 30123
positron-emission tomography, assessment of localization & concentration & chemical forms of peptides effecting & arising in CNS, implications for assessment of Alzheimer's disease & classification of neuropsychiatric disorders, 28515
prolyl-leucyl-glycinamide, antagonism of morphine analgesia, 21–32 yr old males, 30224
secretion patterns & circadian rhythmicity of beta-endorphin & beta-lipotropin & ACTH & response to insulin stimulation & dexamethasone suppression tests, 23–64 yr olds with chronic hebephrenic or paranoid schizophrenia, 4136
somatostatin CSF levels, inpatients with major depressive disorder, 22661

stress induced by footshock, regulation of pro-opiomelanocortin produced by pituitary gland, rats, 27491
suprachiasmatic vasocative intestinal polypeptide & vasopressin neurons, circadian rhythm, humans, 6006
Tyr-MIF-1 & morphine, thermal pain, mice, 30254
vasoactive intestinal peptide, REM sleep modulation, cats, 22158
vasoactive intestinal polypeptide in CSF, adult males occupationally exposed to organic solvents for 7–38 yrs, 20529
vasopressin neuropeptides & ACTH fragments, functional state & capacity of cardiovascular & respiratory systems at rest vs during exercise & memory, human Ss, 6092
vasopressin neuropeptides, passive avoidance behavior, rats, 3428
weekly injections of cholecystokinin-octapeptide, 20–59 yr old schizophrenic patients receiving neuroleptics, conference presentation, 31523
Perception [See Also Related Terms]
administration of Rorschach test, hemispheric specialization & analytical vs global treatment of information, left vs right hemisphere-injured patients, 11475
age-related change in sensory processing, well-being in later life, implications for assessment & intervention & help seeking behavior, 11711
behavioral correlates of basal ganglia neuronal activity, literature review, 27344
comments on J. J. Gibson's theory of perception, 5700
data- vs concept-driven processing, development of correct percepts of consonants & vowels, normal Ss, Korea, 11327
defense mechanism, blind vs sighted Ss with mean age of 28 yrs, 12381
derivation of idea from impression in philosophy of D. Hume, 24111
differential method & 4-stage model, perceptual identification process, 3006
evolutionary model of information processing, humans, 5771
intellectual & memory & perceptual functions, patients with dementia of Alzheimer's type, 3-yr longitudinal study, 25854
intensity of irradiation, aversion/attraction to 2.45 Hz microwaves, blue jays, 27204
medium of presentation & evaluative context & observer sample, environmental perception, county vs local residents vs urban professionals, 8255
perception & psychophysics, literature review, conference presentation, 24366
perceptual learning approach, counseling exercises, 4916
precognition or time-reversed interference in perceptual sequences, college students, 26862
review of traditional direct vs indirect approaches to perceptual mistakes, 19169
role of consciousness & emotion in perception, 11250
test of eye movement hypothesis of neurolinguistic programing, criticism of conclusions of T. C. Thomason et al, 257
theories & manifestation of senses & memory, obesity & its treatment, obese & their family members, 9953
therapeutic aspects of linkage of imagination & perception & fantasy, young male & middle aged female, 31296
visual arts, facilitation of student perception & concept formation, art teachers, 29167
Perceptual Aftereffect [See Also Afterimage]
adaptation to motion between bars & textured background, motion aftereffect, adults, 24431
adaptation to red-vertical & green-horizontal stripes, orientation-contingent & chromatic aftereffects, pigeons, 30012
ambiguous stimuli, color-contingent organizational aftereffects, college students, 19215
color selectivity & unique binocular color detectors & tilt aftereffect, 18–43 yr olds, 19204
criterion-setting & intersensory effects, perception of temporal order & duration, comments on papers by R. J. Schweickert & D. G. Jamison et al & E. A. Wasserman et al & L. G. Allen, conference presentation, 3000
device to measure strength & decay of McCollough effect, testing for neuroophthalmological disease & visual fatigue & color defects, conference presentation, 25948
duration of alternating adaptation, sensitivity of monocular vs binocular neurons & aftereffects, 23–35 yr olds, 6005
experimental design & psychophysical method & inspection procedure, measurement of orientation-contingent color aftereffects, college students, 2787
exposure to achromatic grids & colored field, aftereffects, college students, 11301
hypnotically suggested arm anesthesia, adaptation to displacing prisms, college students, 19182
magnitude of pattern contingent color aftereffects, 6 vs 8 vs 10 vs 20 yr olds, implications for development of perceptual learning, 30414
misinterpretation of instructions, perception of kinesthetic aftereffect, 11251
monocular vs binocular exposure to complementary stimulation, opposite coexisting aftereffects, Os, 3045
perception of vowels from uniform spectra, adults, implications for auditory aftereffect, 5758
prolonged viewing of induced movement-in-depth, negative aftereffect, college students, 314
reliability & validity of kinesthetic aftereffect, measurement of augmenter/reducer personality dimension, college students, 21756
sensitivity to psychopathology & nosological category selectivity & reliability of contingent negative variation & spiral aftereffect, psychotic inpatients, conference presentation, 20356
spatial frequency channels as aid to attention shifts in vision, comments on A. R. Gellatly's experiments, 29847
stimulus pitch & duration, magnitude estimation, college students, conference presentation, 3001
tactile/kinesthetic length disordance between arms, adaptation & aftereffect, college students, 260
test flash durations from 10–600 msec, tilt aftereffect, naive Ss, 29886
vestibular &/vs somatosensory stimulation, vestibular vs somatosensory nystagmus & afternystagmus, normal Ss vs patients with bilateral vs unilateral loss of labyrinthine function, 7015
Perceptual Closure
similarity grouping & perceptual completion in visual perception, Ss with normal vision, 24413
Perceptual Constancy [See Also Brightness Constancy, Color Constancy, Size Constancy]
computational model, stages of object constancy development, infants, 24159
impairment in object constancy in matching 2 photographic views of target object, brain damaged 59–75 yr olds, 20527
induced non-colinearity between image shift & eye movement during visual tracking, target position constancy, college students, 19187
ratio of luminances among surfaces in room & its furnishings, achromatic color perception, college students, 24399
shape orientation & position of focal features, judgment of shape constancy, college students, 24408
visual system properties of shape imaging useful in other pattern-recognition systems, 21836
Perceptual Development
ability to compensate for shifts in visual perspective, 1.7–3.2 yr olds at beginning of representational period, 16997
age differences, visual perspective taking ability & role of egocentrism, 3.2–8.5 yr olds, 6283
age of occurrence of habituation to visual stimulus & preference for novel vs familiar pattern, 18 hr olds to 6 day 19 hr olds, implications for role of retinal adaptation vs memory, 6325
area-threshold relations at controlled retinal locations, 1 mo olds, 30472
asynchronies in development of manual behavior, infants, literature review, 6303
atropine to induce visual blurring during visual development, amblyopia, cats, 19667
attention to quantitative & configural properties of abstract visual patterns, 2nd vs 4th vs 6th graders vs college students, 9209
auditory-perceptual skills & reading, learning disabled children, criticism of K. Kavale's meta-analysis, 2505
auditory-visual motor coordination, 2–4 day olds, 22352
changes in absolute locus of array, detection of invariant spatial relationship, neonates, 22304
cognitive & perceptual & personal-social development, 3 yr olds who were born prematurely, 859

color perception, infants, comments on article by M. H. Bornstein, 22356
color vision & perception, infants, reply to comments by J. S. Werner & B. R. Wooten, 22306
commercial soy lecithin preparation, development of reflex righting & swimming behavior & brain biochemistry, pregnant rats & their offspring, 27559
concentration & visual perception & motor coordination developmental levels, learning game & accelerated acquisition of perspective-operations, 4–6 yr olds, 25118
contrast & spatial frequency, resolution of square-wave gratings, preterm neonates, 22348
critical period, development of vision & visual acuity, 1–35 yr olds with unilateral congenital or traumatic cataract, 1691
critical period in development of corpus callosum, visual development of corpus callosum, visual development & acuity, cats with surgically lesioned corpus callosum at 1 vs 2 vs 3 vs 4 vs 29 wks of age ,44, 6076
description of perceptual-motor development clinic, 4900
development of auditory-visual speech perception, 4 mo olds, 9200
development of sensory processes, improvement in auditory temporal acuity, 6–12 yr olds vs adults, 25102
development of spatial acuity for vertical visual gratings, gerbils, 21908
development of spatial representations through block play, preschool age children, 25139
development of temporal reasoning & concepts, 5–8 yr olds, literature review, 30456
development of visually guided hand & finger movements in grasping & reaching, 18 wk olds, 16-wk followup, 3675
developmental changes in gustatory response to sugar, 2 hr through 42 day old puppies, 13738
developmental course of visually guided reaching, infants, 30419
discrimination between 2- & 3-dimensional stimuli, neonates, 9231
early exposure to auditory stimulation, subsequent choice of acoustic environment in nest site selection, mice, 16489
early histories of astigmatism, oblique effect & variations in patterns & amounts of anisotropy, nonastigmatic 3–8 yr olds, 9189
early locomotor training, EPs & density of dendritic spines in visual cortex, male rats, 590
early long term exposure to odors, mitral cell development & olfactory detection of same odors, rats, 22075
ecological approach to infant knowing, reply to criticism by F. D. Horowitz, 11738
exposure to prey odors during larval & embryonic developmental stage, odor sensitivity, marine snails, 22086
fixation parameters, habituation &/vs recovery patterns, 4 mo olds, 22311
formation of visual stimulus equivalences, 5 & 7 yr olds, 9203
Gestalt geometric forms, eye fixations & detection of relations among visual elements, 1 & 3 mo olds, 9244
handwriting instruction, preschoolers, 7905
home environment, sensorimotor development, 6.5–24 mo old nonretarded vs Down's syndrome infants, 4374
increased symmetry in discrimination task & perpendicular error in copying line drawings, children with mean ages of 5.8 vs 6.8 vs 8.5 yrs vs college students, 9220
intentionality of perception in development, infants, 22308
intermodal perceptual ability & maternal multimodal stimulation, language development, infants, literature review, 6328
language & music & movement, perceptual development, children, 19837
manipulative inhibition & processing of novel objects during interaction with mother, 9 vs 16 mo olds, 3627
matching of length of lines within & between modalities of vision & kinesthesis, 5–6 yr olds vs 9–10 yr olds, 920
material mastery & symbolic development in construction play, preschool age children, 19933
monocular suture of eyelids, retinal levels of met-enkephalin & substance P & neurotensin & muscarinic & dopaminergic & opiate & benzodiazepine receptors, day old chicks after 17 days, 13788
movement, development of visual system, cats, 3285
ontogenetic changes, frequency mapping & hearing sensitivity, gerbils, 13772
optokinetic nystagmus in horizontal vs vertical planes, development of visual systems, infants vs 18–36 yr olds, 30439
paired-comparison novelty technique, ability to discriminate pictures of female facial expressions of anger & fear & sadness, 5 mo old infants, 22346
perception of & response to holograms vs real objects, 4 mo old infants, implications for use of holograms in early perceptual development studies, 30460
perception of launching event & spatiotemporal continuity & causality, 24–34 wk olds, 27781
perceptual & motor trauma, reading readiness, 5.5–7.5 yr olds, Brazil, 5203
perceptual-active & perceptual-imaginative & verbal-logical thinking, normal vs mentally retarded vs minimally brain damaged 3rd graders, 9593
perceptual categorization of color, 3 vs 4 vs 18–22 vs 66–89 yr olds, 941
perceptual development, infants, comments on J. J. Gibbon's approach, 6331
perceptual development, 13 yr old who lived in sterile isolator, support for Piaget's theory, 31222
perceptual motor development, learning readiness, kindergartners, 26620
perpendicular bias in copies in angular figures, 4 yr olds, implications for bisection interpretation, 25079
postnatal optical & anatomical & physiological & behavioral development of vision, humans & nonhuman primates, literature review, 27327
precuing, attention to auditory vs visual signals, preschoolers vs 1st vs 2nd vs 3rd graders vs college students, 25096
prenatal exposure to lead, sensory motor & mental development, infants studied at birth, 6-mo longitudinal study, 27560
presence of occlusion information, sensitivity to human form specified through biomechanical motion, 20 vs 30 vs 36 wk olds, 25074
quality of schooling & exposure to pictures, pictorial comprehension, 9–11 yr olds, India, 6312
relating action to spatial information, children, 25119
remedial lessons, symbol reversals, 1st graders, 13079
representational development & creation of images, deaf & blind children, 1732
role of crawling experience & fear, development of visual cliff performance, infants, comments on J. Richards & N. Rader's article, 11720
sensory adaptation model of habituation, newborns & older infants, comments on proposals of J. L. Dannemiller & M. S. Banks, 25150
sensory experience & innate mechanisms, development & maintenance of auditory localization ability, animals, 21965
slow vs rapid motions near threshold, perceptual sensitivity, 1 vs 3 mo old infants, 22321
spatial 2-alternative forced-choice staircase techniques, measurement of contrast sensitivity, 22 mo to 16 yr olds vs adults, reply to criticism of A. P. Ginsburg & M. W. Cannon, 9158
suprasegmental parameters, discrimination of polysyllabic sequences, 59.5–79.1 day olds, 19821
syllable babbling, development of lateralized hand performance for reaching for object, infants, extension of work by F. Bresson et al, 25138
temperament, responsiveness to environment & cognitive-intellectual development, 6 mo olds, 30399
test field size, color discrimination, 1 vs 3 mo olds, 30468
textural vs geometric visual stimuli, saccades, 14–151 day olds, 30438
theory of color perception, infants, reply to comment in article by M. H. Bornstein, 22357
use of different cues & strategies in area matching, 4–5 yr olds, 11767
use of transparency solution to partial occlusion in drawings, 5–7 yr olds, 3626
utility & efficacy of Frostig Developmental Test of Visual Perception & Frostig program for development of visual perception, children with learning problems, meta-analysis, 2912
vernier acuity & comparison with stereoscopic acuity, 2–9 mo olds, implications for physiological basis of hyperacuity development, 9228

videotaped visual stimulus, identification of synthetic speech syllables, 4.8–6.8 vs 18–38 yr olds, 9208
visual-discrimination paradigm, assessment of perceptual-cognitive abilities, neurologically impaired 26 mo old male with quadriplegia, 14903
Perceptual Discrimination [See Also Auditory Discrimination, Figure Ground Discrimination, Odor Discrimination, Pattern Discrimination, Visual Discrimination]
motor & sensory & concept skills, orientation & mobility skills, mentally retarded visually impaired 5.2–13.8 yr olds, 4368
response bias, matching of successive vs simultaneous presentation of multiletter strings, students, 11336
temporal arrangement of discriminative stimuli relative to R-wave, heartbeat discrimination, 16–35 yr olds, 8856
Perceptual Distortion
cognitive distortion, depression, college students, Hong Kong, 14651
depth distortion over days of exposure, 19–32 yr olds, 8499
discrepant visual vs haptic form information, identification of object with visual match, college students, 5695
Perceptual Disturbances [See Also Agnosia, Auditory Hallucinations, Drug Induced Hallucinations, Hallucinations, Hypnagogic Hallucinations, Visual Hallucinations]
disturbances of perception with vs without hallucinations, depressed patients, implications for treatment, 17516
EEG clinical diagnosis, 7.3–10 yr olds with minimal brain or motor perception or attention deficit disorders, 25822
interdisciplinary approach to diagnosis & remediation of language & learning disabilities related to auditory processing dysfunction, 1600
modification of Frostig Test for Development of Visual Perception, mentally retarded children & adolescents, 6970
occupational therapy approaches, perceptual motor disorders, children, literature review, 21099
pointing performance with left vs right hand, 64 yr old right handed female with visual allesthesia, 12363
visual agnosia vs visual-verbal disconnection, 57 yr old female vs 62 yr old male, 31200
Perceptual Fill [See Perceptual Closure]
Perceptual Localization [See Also Auditory Localization]
acoustic stimulation, identification of interior colliculus neurons involved in sound localization, cats & possums, 8746
attentional cuing, identification & localization of displaced letter in visual display, college students, 27109
binaural sensory aid using pitch & amplitude, learning spatial locations of objects, 27098
mechanisms of distance determination for prey localization, African butterfly fish, 19310
retinal vs extraretinal information, flash localization against visible background during saccadic eye movements, adults, replication of N. Bischof & E. Kramer's study, 24425
selective attention to color vs location, event related EPs, 19–39 yr olds, 24652
signal location uncertainty, detection & location identification of visual signals in uncorrelated noise, humans, 16408
Perceptual Measures [See Also Rod and Frame Test, Stroop Color Word Test]
administration of standard vs alternative forms of National Institute of Health's oral stereognostic forms, assessment of oral perceptual skills, 4–12 yr olds, 113
age & disease duration & blood glucose, scores on Farnsworth-Munsell 100-Hue Test for Examination of Color Discrimination, 20–82 yr old diabetics, prognostic implications for retinopathy, conference presentation, 25867
age, performance on Farnsworth Dichotomous Test for Color Blindness, 10–70 yr olds, conference presentation, 25782
classification of object & environmental spatial tests, 11104
clinical utility of color matching of purple, Ss with congenital & acquired color vision deficits, conference presentation, 25911
clinical utility of transient tritanopia effect, localization of site of retinal damage, patients with various eye diseases, conference presentation, 25838
comparison of variability among pitch- & loudness-matching & masking measurements, patients with subjective tinnitus, 14901
consistency of performance on field dependence, college students vs school children, Nigeria, 16938
construct validity of perceptual measures of Cerebral Vascular Accident Evaluation Battery, relationship of scores to discharge disposition status, patients, 2904
cross cultural validity of Developmental Test of Visual—Motor Integration, mildly retarded 13–15 yr olds, Japan, 218
development & evaluation of portable anomaloscope, diagnosis of color vision defects, conference presentation, 25780
development & evaluation of pseudoisochromatic plates, identification of color vision deficits, conference presentation, 25934
development & evaluation of Saturation Discrimination Test, assessment of color perception along tritanopic confusion line, 10–76 yr olds with congenital vs acquired color vision defects, conference presentation, 25880
development & validation of rhythmic conservation task, assessment of conservation of rhythm, 4–8 yr old violin students, 11752
development of University of Pennsylvania Smell Identification Test, assessment of olfactory function, adults, 5611
device to measure strength & decay of McCollough effect, testing for neuroophthalmological disease & visual fatigue & color defects, conference presentation, 25948
effective length of isotemperature lines on Commission Internationale de L'Eclairage Uniform Chromaticity Standard diagram, 5663
evaluative selection of color vision test batteries, conference presentation, 25833
illuminance level, scores on Panel D-15 Desaturated D-15 vs H-16 Panels of Farnsworth Dichotomous Test for Color Blindness, Ss with senile macular degeneration, conference presentation, 25781
objective & quantitative evaluation of Farnsworth-Munsell 100-Hue Test, assessment of color vision defects, conference presentation, 25845
revision of 3-Light Test, diagnosis of color vision deficits, conference presentation, 25817
Rodenstock test disk, diagnosis & differentiation of color vision deficits, Ss with protanomalous vs deuteranomalous vision vs protanopia vs deuteranopia, conference presentation, 25947
screening & diagnostic & scoring efficiency of City University Colour Vision Test, protanopes vs deutanopes vs tritanopes, conference presentation, 25778
screening & diagnostic & scoring efficiency of Standard Pseudoisochromatic Plates vs New Color Test of Lanthony, screening & differentiation of color vision defects, conference presentation, 25779
test battery developed by Danish National Institute for Blind, assessment of visual ability & perceptual motor coordination & visual processing/reading comprehension, visually handicapped, 7075
test-retest reliability of whole-part perception test, assessment of perceptual style, college students, 200
validity of City test vs 100-hue test, diagnosis of color deficiencies, 16–62 yr olds with normal vs impaired color vision, 27036
validity of color vision test OSCAR, classification of color deficiencies, deutans & protans & anomalous trichromats, conference presentation, 25795
validity of perimetry vs visual contrast tests, diagnosis & classification of glaucoma, 17–72 yr old glaucoma patients, conference presentation, 25823
validity of various color vision deficit tests, 18–61 yr olds with acquired color vision deficits, conference presentation, 25924
viewing time restriction on City University Colour Vision Test, red/green color defective males, 4522
Perceptual Motor Coordination [See Also Physical Dexterity]
administration of standard vs alternative forms of National Institute of Health's oral stereognostic forms, assessment of oral perceptual skills, 4–12 yr olds, 113
analysis of tracking behavior, muscular dystrophy patients, 12417
ascorbic acid, performance on visuomotor coordination & complex RT & digit-symbol substitution tests, 19–35 yr old females, 24908
asynchronies in development of manual behavior, infants, literature review, 6303
behavioral deviance & visuomotor coordination & development, 5 yr olds living in 1- parent vs stepparent families vs with both natural parents, 25063
bimanual motor interactions in rapid pointing movements, college students, 24379

caffeine & inhaled methyl chloride & false performance feedback, attribution of ability & efforts on tasks of coordination & visual vigilance & time discrimination, 18–53 yr olds, 30217
clobazam vs diazepam, anxiety & motor coordination, anxious adult outpatients, 31539
correlation between Development Test of Visual Motor Integration & Bender Gestalt Test & WISC, learning disabled 7–11.9 yr olds, 17666
development of visually guided hand & finger movements in grasping & reaching, 18 wk olds, 16-wk followup, 3675
developmental course of visually guided reaching, infants, 30419
diazepam, wheel tracking & digit-symbol substitution performance, college students, evidence for prediction of pharmacodynamics from pharmacokinetics, 13881
eye hand coordination & answer marking format, test performance, 1st & 2nd graders, implications for test validity, 29449
hand motion variability, athetoidic 17–20 yr olds, 12365
integration of visual/tactual systems, reading readiness & learning, children, 14038
knowledge of results, anticipatory timing & motor planning, 1st & 3rd graders, 19847
manifestations of learning disabilities in adolescence, 15–17 yr old special vocational school students vs regular grade 10 & 11 students, educational placement implications, 9865
movement speed & visual feedback, directional aiming task performance, 6 vs 9 yr olds, 11739
perceptual development, infants, comments on J. J. Gibbon's approach, 6331
pointing performance with left vs right hand, 64 yr old right handed female with visual allesthesia, 12363
postural sway & gait, 4.5–10.5 yr olds with convergent strabismus, 14972
secondary motor task, interference with kinematic vs motor memory components, college students, 27099
spatial & temporal coordination during walking & role of peripheral receptors, rock lobster, 19445
test battery developed by Danish National Institute for Blind, assessment of visual ability & perceptual motor coordination & visual processing/reading comprehension, visually handicapped, 7075
test of explanations for crossed hand effect of response latencies, college students, 29819
timing control mechanisms in performance of syncopated polyrhythm consisting of 2 conflicting pulse trains, 14–18 yr olds, 19168
visual targets, rapid horizontal gaze shifts within & beyond oculomotor range, adult cats, 19309
Perceptual Motor Development [See Motor Development, Perceptual Development]
Perceptual Motor Learning [See Also Gross Motor Skill Learning]
action regulating mechanisms in motor skill acquisition, medical students, 16482
age & prompt vs trial & error teaching method, motor skill learning & transfer, 1st vs 3rd vs 5th graders, 11734
amount & variability of practice, transfer to nonpracticed similar tasks, 18–30 yr old right handed males trained in open- vs closed-skill situations, 16406
attention demands, encoding & recognition of slow movement in short-term memory/motor paradigm, college students, 2999
contextual similarity training & transfer phases of performance, transfer of novel timing, male college students, 11280
conventional vs behavioral coaching by peer coaches, development of soccer skills, 8–10 yr olds, 19851
effectiveness of visual stimulation training film, enhancement of visual pitch recognition & pitch location skills, collegiate baseball batters, 16394
EMG vs position vs force feedback, rehabilitation of neuromuscular disorder, patients, 2188
extent & velocity & duration parameters of discrete motor program learning, transfer of learning to task involving different response parameters, right handed adults, 24372
filled vs unfilled retention interval without rehearsal, short term recall of temporal information about visually guided movements, Ss with mean age of 25.9 yrs, 391
homogeneous vs heterogeneous pairing of students with different levels of academic achievement, mastery of stressful motor task, male students in military paramedical training, 32049
individual abilities, component skill learning in word processing, college students, conference presentation, system design implications, 412
individualized practice & training of visuo-motor behavior rehearsal, karate performance, college students, 18593
latency of pathways involved in vestibulo-ocular reflex, monkeys, 13804
mental vs active performance of sensorimotor task, task-specific myoelectric activity & frequency distribution, right-handed college students, 29826
motor skill acquisition, electrocortical activity, 18–21 yr olds with varying levels of athletic participation, conference presentation, 19464
movement speed & visual feedback, directional aiming task performance, 6 vs 9 yr olds, 11739
noncontingent verbal praise, performance & integration of circular & linear movements in motor task, 6 vs 11 vs 17 yr old males, 3654
number of movements & practice & rehearsal, incidental vs intentional psychomotor learning, college students, 11257
phasing vs duration training & time, motor learning of sequential task, 18–35 yr olds, 24373
practice, response consistency in pursuit tracking task, 23–30 yr old males, 3007
precision of knowledge of results, acquisition & retention of simple motor skill, right handed college students, 3002
prevocational vs sensorimotor training, work & motor & cognitive & psychological performance, chronic schizophrenics with mean age of 36.1 yrs, 10502
purposeful activity in event approach, learning & relearning of motor skills involved in physical dysfunctions, 31762
relevant psychomotor learning strategies, achievement in psychomotor tasks, college students, 24507
rhythmic timing structures, acquisition & control of serial keypressing task, adults, 11276
sensorimotor mechanisms, coordination & programing of multimovement speech behaviors, 13669
training duration & distribution, retention of operant motor task after 1- vs 2-wks, 8 wk olds, 30480
training in mirror reading vs mirror writing, transfer of training to mirror tracing, college students, 5807
training in vestibular control, binding of GABA to vestibular nucleus Deiters's neurons, female rats, 8796
unambiguous vs ambiguous feedback, learning of pursuit tracking, Ss, 3017
visual motor behavioral rehearsal, athletes, 21828
Perceptual Motor Measures [See Sensorimotor Measures]
Perceptual Motor Processes [See Also Perceptual Motor Coordination, Physical Dexterity, Rotary Pursuit, Tracking, Visual Tracking]
aerobic exercise conditioning program, neuropsychological test performance & depression indices & sensory thresholds & visual acuity, 51–70 yr olds, 13831
age & puzzle complexity & redundancy, puzzle completion times, 6.3–9.4 yr olds, 9247
age & sex & response to ECT vs antidepressant treatment, depressed patients with psychomotor retardation vs agitation, 15022
age differences, self-reported anxiety & psychomotor performance, young vs older adults with mean ages of 23.3 & 69.9 yrs, 11735
age, Gibson Spinal Maze performance, normal 60–70 vs 70–89 yr olds vs those with senile or multi-infarct dementia, 4438
age, striatal dopamine receptor density & perceptual motor performance & impact of haloperidol & apomorphine, 6–8 vs 15–18 vs 25 mo old male rats, 3310
aging & physiological & performance decrements, literature review of models, 22302
attention span on tracking/analyzer/auditory distraction task, 6–40 yr olds with hyperactive minimal brain dysfunction & attention deficit disorder vs 8.3–17.5 yr old minimal brain dysfunction patients receiving stimulant medication, 12413

auditory CV stimulus syllables, perceptual motor processing & RT in production of syllables with similar voicing & articulation features in speech, college students, 263
auditory event-related potentials, assessment of psychomotor retardation, depressed patients, conference presentation, 1358
auditory-visual motor coordination, 2–4 day olds, 22352
autoradiographic & histochemical procedures, identification of trigeminal sensorimotor circuit for pecking & grasping & feeding, pigeons, 8838
availability of visual information & attention demands, performance of discrete motor act, college students, 29817
benzodiazepines, psychomotor & cognitive performance while driving, 30225
biofeedback training of sensorimotor rhythms, auditory EPs, normal 16 yr old students, 30096
Capon perceptual motor lesson plans, perceptual motor ability & self concept & academic readiness, kindergartners, 5237
cerebral sensory interaction & spatial ability & cognitive representation, right handed White male US Navy recruits, 16397
choice RT task involving manual response to variably alternating left-right visual target & crossed vs uncrossed hands, spatiotemporal organization of event related brain potentials, right handed 18–29 yr olds, 8868
classical vs popular music & warning stimuli in right vs left visual field, motor RT, 19–55 yr olds, 8844
commercial soy lecithin preparation, development of reflex righting & swimming behavior & brain biochemistry, pregnant rats & their offspring, 27559
computerized video training techniques, driving-related perceptual skill deficits, 17–49 yr olds with acquired brain damage, 31777
conditions of suppressing performance errors in choice reaction situation, college students, 24362
contralateral vs ipsilateral arm vibration, distortion of initial conditions of movement & spatial positioning of limb, college students, 11267
control of movement of ball bearing on sloping sheet of metal, 4–11 yr olds, 3677
corpus callosum sectioning, visuomotor responses during interocular transfer of visual discriminations, rats, 705
cross cultural validity of Developmental Test of Visual—Motor Integration, mildly retarded 13–15 yr olds, Japan, 218
current facility practices in sensory motor programing, mentally retarded 0–6 yr olds, 21113
daytime functioning & psychomotor performance, 20–44 yr old insomniacs, 23001
development of visually guided hand & finger movements in grasping & reaching, 18 wk olds, 16-wk followup, 3675
diazepam dosages, psychomotor & cognitive functions & mood, 18–30 yr olds, 6126
diazepam vs oxazepam, abuse liability & behavioral & subjective effects, 28–49 yr olds with drug abuse histories, 25634
discrimination of time intervals in visuomotor RT task, 9–12 yr olds with language development problems, 22914
dopamine agonist mesulergine, motor disability & psychomotor & cognitive abilities, Parkinson's disease patients, conference presentation, 20914
dothiepin vs amitriptyline, psychomotor performance & salivary rate & blood pressure, 21–25 vs 65–74 yr olds, 3499
dual initiation of paired arm movements & initiation/suppression of retrieval outputs, suppression time response, right handed college students, 24364
EEG biofeedback of sensorimotor rhythm or beta activity, 10–19 yr olds with attention deficit disorder, 26115
EEG clinical diagnosis, 7.3–10 yr olds with minimal brain or motor perception or attention deficit disorders, 25822
EMDISP software, control of visual stimulus displays & sensitivity to manual responses & capability for digital & analog sampling, 2838
EMG & skin conductance & thoracic respiratory amplitudes during perceptual motor task, telic- vs paratelic-dominant 18–23 yr olds, validation of reversal theory constructs, 16689
encephalotropic & psychotropic properties of vinconate, 54–77 yr olds, 16800
factor structure, personality measures & tasks used in evaluation of anxiolytic drugs, 20–30 yr olds, 3538
flash intensity & saccade vs manual response, stimulus detection RT performance, human Ss, 19175
flunitrazepam vs zopiclone & alcohol, psychomotor skills, male 20–25 yr olds, conference presentation, 3509
increased symmetry in discrimination task & perpendicular error in copying line drawings, children with mean ages of 5.8 vs 6.8 vs 8.5 yrs vs college students, 9220
intranigral injections of 6-hydroxydopamine or gamma-hydroxybutyrate, sensorimotor impairment & levels of dopamine metabolites in neostriatum, rats, 3398
investigatory sniffing & rhythmic slow wave activity in dorsal hippocampal formation, 3 vs 18 vs 30 vs 36 mo old rats, 13796
issues & models in visual cognition, literature review, 29865
iv vs oral alprazolam administration, psychomotor test performance & sedation & pharmacokinetics & bioavailability, 20–32 yr old males, 30299
laterality & caudality of cerebral lesions, visuoperceptual & visuomotor skills, 21–77 yr olds, 9958
leg length & minimal energy required during climbing, visually perceived climbability of stairs of various riser heights, college students, 19223
levodopa &/or anticholinergic drugs, intellectual functioning, Parkinson's disease patients with average age of 66.2 yrs, 23338
limitation of movement to 1 vs 2 dimensions, transfer of adaptation resulting from 90 degree rotation of visual field, college students, 302
load stressors & cognitive complexity & Type A coronary prone behavior, visual motor task performance, adult working males, 20162
locomotor deprivation, EPs of sensorimotor & visual cortex under single & paired stimuli, 1 mo old rats, 3300
loud white noise, integration of dual visual motor tasks, 18–27 yr olds, 27093
magnitude of single dose of diazepam, plasma diazepam concentration & memory & discrimination RT & performance on other psychometric measures, 60–77 yr olds, 26193
main & interactive effects of hair concentrations of lead & arsenic & mercury & cadmium & aluminum, reading & spelling achievement & visual-motor performance, elementary school students, implications for educators, 25882
manual control & tracking vs oculomotor tracking, 20–45 yr old acute vs chronic schizophrenics, 22743
manual symmetry & neural correlates of finger-tapping task & movement sequencing, Ss with Down's syndrome vs undifferentiated retardation, 31079
memory for movement, congenitally vs late-blind 8–15 yr olds, 1658
mental deterioration, Parkinson's disease, patients with mean age of 61.4 yrs treated vs not treated with levodopa, conference presentation, 20524
misalignment of egocentric & environmental frames of reference, spatial stimulus-response compatibility effects, college students, 268
mood changes, cognitive & psychomotor task performance, college students, 27088
motor & sensorial dominance patterns of ocular dominance, 27100
neuroleptic or antidepressant drug treatment, cognitive & psychomotor functioning & fitness to drive automobiles, psychiatric patients, 26167
neuropsychological deficits & childhood hyperkinesis &/or minimal brain dysfunction, 25–59 yr old primary & secondary alcoholics, 22812
opinion vs secondary task vs physiological vs primary measures, assessment of perceptual workload, pilots, 13342
oral doses of diazepam vs propranolol, psychomotor performance, 20–61 yr old patients with panic disorder & agoraphobia, 28755
organization of sensorimotor overlap zone & motor cortex, rats, 586
particular movement patterns, motor schema formation & production of novel movements, male college students, evaluation of R. A. Schmidt's motor schema theory, 11260
passive turntable-generated stimuli vs head rotations vs pseudorandom sinusoidal sequence vs single sinus stimulus profile, compensatory oculomotor & smooth pursuit reflex responses, 21830
perceptual motor dysfunction in construction & tracing disturbances, Parkinson's disease patients, 20610

performance on sensorimotor tasks of varied difficulty, reaction of cardiac rhythm evoked by motor response or acoustic stimuli, college students, 3332
performance on visually-guided reaching task, cats, 435
persistence in goal directed behavior, male inpatient alcoholics, implications for etiology of neuropsychological deficits, 22801
play behaviors & sensorimotor skills & expressive & receptive language, infants tested at 13.5 & 22 mo of age, 9243
po vs iv administration of diazepam, memory & cognition & mood & psychomotor performance, 18–30 yr olds, 24835
psychological & perceptual-motor aspects of Huntington's disease, rehabilitation implications, 23007
psychomotor ability, job performance, male carpet weavers, 16050
psychomotor factors, psychiatric diagnosis & treatment of geriatric patients, health care professionals, 31244
psychophysiological nature of aircraft perception & flying skills, pilots & cadets, 27455
rate of sensory motor processes vs higher order processes, college students vs aged, 30421
reaction & movement time & constant & variable error in 1- vs 2-hand movement with styli from midline of body to lateral targets, college students, 11269
representation & processing of visual information & artificial representations, 29881
right/left cues, spatial compatibility effects of above/below & near/far dimensions in visual discrimination RT task, college students, 8471
self concept & school achievement & maternal self esteem & sensory integration abilities, learning disabled 7–12 yr olds, 1594
sensorimotor intelligence, severely/profoundly mentally handicapped 3–17 yr olds, 9829
sensorimotor mechanisms, coordination & programing of multimovement speech behaviors, 13669
simple & choice RTs for writing homogeneous vs heterogeneous letters & numerals, 20–30 yr olds, 11277
simple vs complex linguistic stimuli, neuromotor manual RT, 4–8 yr olds who stutter, 31119
single- vs double-step stimuli in same vs opposite direction, motor programing of fast goal-directed arm movements in tracking, 23–30 yr old males, 11261
single vs combination drug contraceptive medication & day of menstrual cycle, psychomotor reminiscence, 18–25 yr old females, 1976
size of box to be lifted or target to be hit with ball, decision time & self evaluation of ability, preschool age children, 27812
test-retest reliability of motor tests of Southern California Sensory Integration Tests vs Luria-Nebraska Neuropsychological Battery-Children's Revision, 8–8.9 yr olds referred for evaluation or treatment of sensory integrative dysfunction, 8437
tofisopam, anxiety & cognitive & psychomotor performance, anxious patients with mean age of 34.3 yrs, 7460
transdermal application of scopolamine, CNS depressing effects assessed by choice RT & CFF frequency tasks, 21–28 yr olds, 24836
ultradian & circadian rhythms, time perception & psychomotor performance & physiological processes, humans & animals, conference presentation, 3309
verbal praise vs vibration vs edible rewards, performance on perceptual motor task, mentally retarded students with median age of 5.5 yrs, 5346
visual process in object recognition, 29845
visual structure analysis theory on visuomotor controlled functions, 19198
visually presented letters, simple vs choice RT & response inhibition, college & high school students & laboratory assistants, 269
visuomotor functions & emotional lability, children with attention deficit disorder vs problem behavior, 7-yr followup, 1723
visuospatial factors in denomination & copying & reproduction from memory tasks, 4–7 yr old females, 3617
zimelidine with vs without temazepam, psychomotor performance & subjective state, 19–32 yr olds, 3436
zopiclone, sleep & EEG & psychological test performance, 22–45 yr old males, conference presentation, 3475

Perceptual Orientation [See Also Spatial Orientation (Perception)]
artificial imprinting, olfactory-based orientation in establishment of new nesting population, sea turtles, implications for conservation of endangered sea turtles, 3135
between vs within trial changes in pitch & loudness, electrodermal orienting reaction & perceptions of movement & their interaction, college students, 8857
control over environmental sensory cues, sensitivity to earth's magnetic field in direction orientation, college students, 27092
light as cue for orientation on vertical orb-web, orb-weaving spider, 487
luminance & spatial frequency & perceptual orientation, visible persistence, adults, 326
orientation sensitivity in peripheral visual field, human Ss, 19220
perception of line drawings in terms of whole vs parts, college students, 19218

Perceptual Stimulation [See Also Auditory Feedback, Auditory Stimulation, Delayed Auditory Feedback, Delayed Feedback, Illumination, Loudness, Noise Levels (Work Areas), Olfactory Stimulation, Pitch (Frequency), Prismatic Stimulation, Sensory Feedback, Somesthetic Stimulation, Speech Pitch, Stereoscopic Presentation, Tachistoscopic Presentation, Tactual Stimulation, Taste Stimulation, Ultrasound, Visual Feedback, Visual Stimulation, White Noise]
sensory multidimensional overstimulation in enriched vs impoverished condition, occipital/somesthetic cerebral cortical depth & cortical asymmetry, mice, 16701
sensory overload & noise as environmental stressors, patients in intensive care units, 4925
tilted rotational stimulation, ability to avoid holes in floor, neurological mutant & normal mice, 3344
vibrotactile stimulation to forefingers of left vs right hands positioned ipsilaterally vs contralaterally in left vs right hemispace, response latency, college students, 11467

Perceptual Style
concepts & uses & Christian assessment, neurolinguistic programing approach to psychotherapy, 1868
development of Perceptual Memory Task, assessment of learning style, normal & multiply handicapped 4 yr olds through young adults, implications for vocational evaluation, 13580
historical context & psychotherapeutic contributions of R. Bandler & J. Grinder's theory of neurolinguistic programing, 26017
level of perceived job stress, number of representational & coping strategies used, 19–84 yr old mental health workers, 10607
neurolinguistic programing approach for classroom teaching, 23747
paternal alcoholism, stimulus augmenting & field dependence, 10–12 yr olds, 28324
perceptual reactance to simple vs complex stimuli, information processing & recall, female college students identified as augmenters vs reducers, 360
perceptual skills & recall of positions in Othello game, skilled players vs nonplayers, 24511
platelet MAO activity & augmentation/reduction & personality traits, unipolar vs bipolar depressed vs neurotic reactive 24–69 yr olds, conference presentation, 1453
psychological & demographic & perceptual influences & preexisting physical conditions, near death experiences, 12–76 yr olds, 26880
test-retest reliability of whole-part perception test, assessment of perceptual style, college students, 200
validity of Edmonds Learning Style Identification Exercise, evaluation of relation between preference for sensory modality in learning & achievement in beginning Spanish, college students, 10847

Performance [See Also Group Performance, Job Performance, Motor Performance]
age differences & type of competition, track-golf performance, male vs female players, Sweden, 9083
age, drinking habits & effects of alcohol, 19–63 yr old male social drinkers, 28014
alprazolam, sleep performance, 61–75 yr old healthy insomniacs, 15303
alterations in circadian rhythms & desynchronies as result of flight, human physiological & psychological functions, 13370
altered cognitions of passage of time, mood & fatigue & performance, examination of cognitive theory of emotions, 5836

amount of own & other's practice prior to test & subsequent test performance, desire to know attributes of others who perform similarly, college students, 6651
appraisal words used by teachers & pairs of words, performance, students, 21343
changes in environment characteristics, behavioral tactics in radial maze with multiple food sources, Wistar vs Krushinsky-Molodkina rats, 3148
complexity of feedback & corrective efficiency, college students, 32061
computer-managed instruction, individual differences in achievement & learning, US Navy trainees, 5455
contaminated air in "sick building syndrome," RT & tiredness & short-term memory & vigilance & steadiness, 17–46 yr olds, 32336
contractual vs endogenous vs unexpected rewards, quality of performance, 4 yr old kindergartners with high vs low interest, 32052
critique of models of relationship between performance & arousal, implications for Yerkes-Dodson law, 8465
development & motivational function of expectations & performance, 4th & 6th & 8th graders, 7955
early evening sleep & drug induced sleep & morning sleep, overnight & daytime performance following sleep deprivation, 20–21 yr olds, 19568
efficacy & outcome expectations, prediction of performance in snake-handling task, nonphobic college students, 13718
esteem, performance, 22–88 members of community contact bridge league, test of W. J. Goode's prediction that esteem is curvilinear function of performance, 25420
exposure to psychoemotional factors, use of EKG rest-relaxation intervals in prediction of error-free performance on tracking operation, 19–24 yr old males, 3334
facilitative vs debilitative cognitions during job interview, perceptions of interview performance, vocational counselors, 26744
factor structure, personality measures & tasks used in evaluation of anxiolytic drugs, 20–30 yr olds, 3538
feedback & success probability, task performance, college students, test of J. W. Atkinson's inverted-U curve, 16481
fixed vs mixed reinforcer durations, concurrent VI schedule performance, homing pigeons, 3155
focus of attention on individual's own self, performance on easy task after failure on difficult task, adolescents with mean age of 15 yrs, test of theories of functional helplessness vs discrepancy reduction, 6342
freedom of choice & anonymity, level of performance in reactive & proactive tasks, high school students, 27760
goal setting & task difficulty & strategy, heuristic computer task performance, college students, 29966
heart rate & letter cancellation speed, 19–24 yr old high- vs low-arousal situation smokers, 11626
heart rate & oxygen uptake & aerobic capacity required for stoopwalking & crawling task performance, college students, 30126
hypnotic psychotherapeutic techniques, performance improvement, athletes, 7506
incentive value of success & salience of past performance, expectations for own vs other's performance, 4 yr olds, 14209
information & choice & task complexity, goal acceptance & performance & personal goals, college students, 29965
level of difficulty of previously assigned goals, self set goals & performance, college students, 8583
load stressors & cognitive complexity & Type A coronary prone behavior, visual motor task performance, adult working males, 20162
locus of control & type of task & performance feedback, causal attributions & emotional responses, college students, 6643
manipulation of Remote Associates Test item difficulty, feedback on actual performance, college students, 172
measures of anxiety during training session & before competition event & performance, high jumpers vs sprinters, 8161
meta-analysis of creativity training programs, creative thinking performance, 2406
minimum altitude for detection of hypoxic performance decrements on spatial transformation task, 19–32 yr olds, 30151
mood & attitude, performance on grammatical reasoning test, college students, 19292
moods & performance & nocturnal sleep & daytime alertness & sleepiness, chronic insomniacs, 20596
normative information & relevance, task performance, college students, 14518
observer presence & sex, performance quantity & quality & job satisfaction & task perceptions, male vs female college students, 20108
participation in assigned vs delegative vs participative goal setting, goal acceptance & performance, college students, 20077
peer selection of emergency medical coordinators, performance of trained volunteers, populations in rural communities, US, 29041
peer vs adult positive vs neutral feedback, task performance & imitative behavior, Black male vs female 1st–2nd graders, extension of experiment by S. E. Henry et al, 919
performance asymmetries on verbal divided visual-field task, schizotypal personality features assessed by STQ & other self report personality measures, 18–42 yr olds, 28064
performance contingent rewards & competence valuation, intrinsic motivation, male vs female high school students, 30507
performance on Brigance Inventory of Basic Skills & Peabody Individual Achievement Test & Wide Range Achievement Test, educable mentally retarded & learning disabled with mean ages of 13 & 10.7 yrs, implications for educational decision making, 5394
personality & emotions & performance, enjoyment of games, college students with mean age of 25.6 yrs, 1285
physical attractiveness & sex of ratee & previous performance, judgments in academic performance appraisal context, college faculty, 2322
position played, prediction of game performance, high school football players, 13122
positive skew distribution in human performance, implications for educational theory & research, literature review, 7997
positive vs negative feedback, expectations of performance & task performance, depressed college students, 25516
practice & verbal instruction, task performance & verbalizable knowledge, 19–35 yr olds, 11248
previous performance, contrast effects in rating of present performance, college students, 14521
previous task failure & self esteem & advice, persistence & performance, college students, 12079
proportion of untrained persons in team, individual & group performance, college students, 2632
psychometric study of courage in training & combat, army bomb disposal operators, Great Britain, 10955
realistic vs unrealistic criteria for perfomance, studying behavior, college students, 7951
reduction of competition anxiety, increase in athletic performance, 14–18 yr old volleyball players, 8154
restriction of sleep to 1st vs 2nd half of night, composition of sleep & performance on RT task, 17–22 yr old females, 11551
school district resources & policy changes, measurement of basic skills performance, students, 2599
self esteem & composition of success vs failure explanations for task performance & stated expectations for future performance, college students, 22619
self esteem & success vs failure on anagram task, attributions about own vs other's performance, 14525
self handicapping, practice effort & performance during meet, college swim team members, 2609
self selected vs E-imposed goals & goal difficulty & need achievement, task performance, college students, 13716
sex & rank & departmental affiliation & student evaluations, prediction of teaching performance, college teachers, 23709
sex differences & selection agent expertise, perceived influence & expertise of selected leaders & group cohesion, college students, 3999
stimulus manipulations antecedent to vs consequent on response, performance on position discrimination, profoundly mentally retarded 17.8–57 yr olds, 4360
systematic interpersonal communication skill development, group cohesiveness & team performance & communication competency, female college varsity track & field team members, 8150

temporal limit on effect of future food on current performance, rats, analog of foraging & welfare, 3207
test anxiety, performance & thought content during test, college students, 11388
test of method for investigation of development of reactivity in task performance in stressful environments, 24–32 vs 39–48 yr old aircraft pilots, 10956
time allowed, individual performance differences in detection, inspectors, 2701
use of "right" & "wrong" in verbal reinforcement, correlations & rate of response, kindergarten children, 3670
viability of swimming vs rotarod task as training method & task sensitivity following exposure to ionizing radiation &/vs pyridostigmine, rats, 30142
Performance Tests
analysis of Peabody Developmental Motor Scales, children up to 83 mo of age with abnormal gross & fine motor skills, 182
aptitude & physical performance tests, personnel selection, skilled trade apprentices, 32240
evaluation of Trainee Performance Sample, vocational assessment, moderately & severely mentally retarded adolescents & adults, 13551
factor structure of psychological performance tests normally used in anxiolytic drug trials, anxious drug-free 22–65 yr old inpatients, 5664
normative data for Bennett Hand-Tool Dexterity Test, hearing impaired or deaf 14–21 yr olds attending school for deaf, 13575
performance & preference measures of handedness & footedness, right vs left handed college students, 8757
reliability of critical tracking test, assessment of performance in exotic environments, US Navy enlisted males, 136
validity, battery of physical ability tests, male & female soldiers, 13584
Performing Arts [See Dance, Drama, Music]
Periaqueductal Gray
alcohol dose, escape latency & threshold for aversive electrical stimulation of periaqueductal gray, rats, 27565
electrical stimulation of caudal periaqueductal gray & naloxone, analgesia & opiate withdrawal behavior, male rats, 24744
electrical stimulation of midbrain periaqueductal grey, vocalization, monkeys, 27501
event-related potentials from scalp & somatosensory thalamus & periaqueductal gray during visual & auditory target detection, 37 yr old male with chronic pain, 3308
glutamate administration into periaqueductal gray or ventromedial medulla & serotonergic & noradrenergic & opioid receptor antagonist, tailflick & hot plate response, male rats, 27599
horseradish peroxidase injections in midbrain periaqueductal gray region vs hypothalamus, defensive behavior, cats, 30200
intensity of central stimulation of ventral vs dorsal parts of periaqueductal gray matter, analgesia, male rats, 16711
intensity of electrical stimulation of periaqueductal gray matter, analgesia & stereotyped behavior, male rats, 16710
Met-enkephalin-Arg-6-Phe-7 injection into periaqueductal gray, mediation of electroacupuncture analgesia, rabbits, 27593
microinjection of carbachol vs morphine vs methylatropine vs naloxone into periaqueductal gray, central cholinergic processes in opiate abstinence syndrome, morphine-dependent vs nondependent dogs, conference presentation, 3510
naloxone doses & current intensities, rates & duration of intracranial self stimulation at medial forebrain bundle & central gray sites, male rats, 3342
neurotensin & lesions of nucleus raphe magnus, periaqueductal gray & analgesia, male rats, 27457
telencephalic projections to midbrain periaqueductal grey region, defensive behavior, cats, 30048
Peripheral Nerve Disorders [See Also Myasthenia Gravis, Neuralgia, Trigeminal Neuralgia]
EMG & temperature biofeedback training, 40 yr old female with carpal tunnel syndrome, 5-yr followup, 4749
neurophysiological & neuropathological characteristics of peripheral neuropathy, diagnosis & prognosis of neurological disorders, 1693
peripheral & autonomic neuronal damage, cognitive impairments, 30–50 yr old chronic hospitalized alcoholics, 25629
Peripheral Nerves [See Also Abducens Nerve, Acoustic Nerve, Afferent Pathways, Cranial Nerves, Efferent Pathways, Facial Nerve, Neural Pathways, Olfactory Nerve, Optic Nerve, Spinal Nerves, Trigeminal Nerve, Vagus Nerve]
capsaicin topical application to sural nerve, peripheral nerve valleys & responses of neurons of spinothalamic tract, monkeys, 30210
filter setting & body height & age & uni- vs bilateral posterior tibial nerve stimulation, subcortical & cortical somatosensory EP norms, 9–37 yr olds, 16666
intensity of posterior tibial nerve stimulation, subcortical & cortical somatosensory EPs, 12–34 yr olds, 16667
pain from injury vs peripheral nerve disorders, 25766
repetitive electrical conditioning stimulation of sural nerve, inhibition of spinothalamic tract lumbosacral spinal cord cells, decerebrate vs spinalized vs intact monkeys, 19603
repetitive peripheral nerve conditioning stimulation with high intensity & low-frequency pulses, inhibition of spinothalamic tract cells by young monkeys, 19602
role of peripheral symptom mechanisms, genesis of anxiety, conference presentation, 25559
transcutaneous electrical nerve stimulation, pain relief of internal bleeding into joints, patients with hemophilia, 31604
Permissiveness (Parental) [See Parental Permissiveness]
Perphenazine
perphenazine & amitriptyline, development of syncope, 19 yr old college student with severe anxiety & depression, 12657
perphenazine vs bromocriptine, electroretinogram of dopaminergic activity, 25–30 yr olds, 24831
Persecution
prevalence of persecutory ideation, elderly community residents, 1368
Perseverance [See Persistence]
Perseveration
castration &/vs levodopa administration, perseveration of attention to conspecific odors & novel objects, male & female gerbils, 24761
exposure to inescapable shock, escape & discrimination acquisition & perseveration in cue & response-choice tasks, male mice, 440
intrusions vs perseverations, Ss with Alzheimer's disease vs dementia vs aphasia vs normal Ss aged 50 yrs & older, 1722
manifestations of pathological inertia of visual fixation during pattern recognition, brain damaged patients, 4470
norepinephrine neurotoxins DSP4 vs 6-hydroxydopamine, dextroamphetamine-induced perseverative behavior in radial arm maze, male mice, 6099
patterns of perseveration & frequency of carrier phrases in verbal discourse, dementia patients, 22927
Piaget's AB task using 2 vs 3 locations, perseveration in object search, 259–303 day olds, 14108
thyrotropin releasing hormone vs amphetamine vs histidyl-proline diketopiperazine, perserverative responding in visual discrimination task, rats, 24785
Persistence
academic ability & sex & SES & goal & institutional commitment & academic & social integration, prediction of persistence vs withdrawal from college, college students admitted under open admissions criteria at Virginia State University, 29334
attitudes toward persistence vs help seeking in solving difficult problems, elementary school teachers vs preschool students vs kindergartners vs 1st graders, 26609
behavior of mother, self evaluation & withdrawal & effects on task persistence, 3 yr olds, 9307
cognitive functioning & early experiences, competence & persistence at mastery tasks, 13 mo olds, 6334
competence & socioeconomic deprivation & caste system, cognitive performance & persistance, 12 & 13 yr olds, India, 30473
control vs self efficacy theory, persistence, college students, 12065
difficult vs easy task expectations, persistence, internal vs external locus of control male college students, 30842
intellectual ability & reattribution training through observational learning, persistence behavior, male vs female learned helpless 5th–6th graders, 30423
parental caregiving & locus of control & persistence & use of contingency information, helplessness, physically abused 8–12 yr olds, 22869
perseverance phenomenon, 12067

persistence in goal directed behavior, male inpatient alcoholics, implications for etiology of neuropsychological deficits, 22801
previous task failure & self esteem & advice, persistence & performance, college students, 12079
success vs failure task feedback, self efficacy & task persistence, 9–14 yr olds with conduct disorders, 25650
varying spatial frequency, assessment of temporal response properties of visual system, male college students, 301
Personal Adjustment [See Emotional Adjustment]
Personal Computers [See Microcomputers]
Personal Construct Theory [See Personality Theory]
Personal Defense [See Self Defense]
Personal Growth Techniques [See Human Potential Movement]
Personal Orientation Inventory
IQ & instructions to fake, faking good scores on Personal Orientation Inventory, college students, 13525
need for caution in use of Personal Orientation Inventory, comment on findings of A. C. Silverstein & G. Fisher, 27040
Personal Space
authoritarianism & interpersonal spacing behavior, college students, replication of research by A. S. Frankel & J. Barrett, 25469
construction & validation of pursuing-distance scale, graduate students, 26986
degree of politeness & speech level, judgment of social distance vs closeness between questioner & persons being questioned, 7–14 yr olds, 9248
field dependence & personal space, college students, 28089
heat & noise stress, project indication of personal space permeability, male vs female college students, 21653
lexicon of terms used in research & theory of human spatial & territorial behavior, 11992
military invasions & territorial vs personal space permeability functions, 25346
modulation of sound & interpersonal distance, psychotherapeutic processes, 17936
multidimensional scaling & hierarchical clustering analysis, personal space perception, mothers of chronic & acutely ill infants, 4107
personal space requirements in indoor vs outdoor locations, college students, 9491
preferred interpersonal distance & violence & prediction of fights in prisons, prison inmates, 12-mo followup study, 23580
private vs public space, spatial arrangements in residential group care institutions, residents & staff, 31706
proxemic exercise, encounter group participants, 15233
psychological distance assessment using doll placing & family sculpting techniques, maladjustment, families with 7–13 yr old male with behavior vs neurotic problems, 12121
psychological tension, interpersonal distance preference, college students, 9498
psychoneuroendocrinology of chronic stress & personal space or territoriality, 30140
sex & culture & location, seating arrangement preferences, college students & teachers, US vs Taiwan, 11879
technological changes, personal space, village inhabitants of Haut-Alpes region, France, 30566
territorial behavior, chronically institutionalized nonverbal patients, 15480
therapeutic use of territory & boundaries during psychiatric hospitalization, hospitalization, psychiatric inpatient, 12803
Personal Values
alcohol & drug education teacher training, assertiveness skills & knowledge level & attitudes toward drug & alcohol abuse & values clarification, teachers, 21281
analysis of value orientation assessment tool, Annang, Nigeria, 17132
attitudes toward family values & need for closeness & emotional expression & separation-individuation, Japanese American vs White families with 13–21 yr old children, 30521
attitudes toward schooling as instrumental vs terminal value & orientation toward life & work, students assessed at 15–16 & 18–19 yrs of age, longitudinal study, Finland, 29329
career orientation & gender, relative importance of various values, female vs male college students with business vs liberal arts majors, 6662
content & structure of value tree representations, decision making, psychology graduate students, conference presentation, 21869
correlates of ranking of mature love on survey of values, college students, 4057
death anxiety & purpose in life, persistence in hospice program, trained & experienced volunteers, implications for selection of hospice volunteers, 5067
demographic characteristics, determinants of work beliefs & values, college & graduate students, Great Britain, 8166
development of personal value typology using inverted factor analysis, 8 highest managers of highly successful conglomerate, 32255
extreme vs compromise resolutions to personal value conflict, female vs male 18–57 yr olds, 6670
Freudian psychoanalysis & pastoral counseling & religious family life education in rise of personal religion in 20th century American Protestantism, 26904
identification with traditional values, 9th vs 10th graders, 25237
internal locus of control & probabilistic life orientation, female vs male 15–17 yr olds, 3727
legalistic & antinomian & normative ethical orientations in health care settings, social workers & clients, implications for professional ethics, 31660
managerial value systems & impact on management practices, managers, Saudi Arabia, 32254
masculinity & femininity & psychological androgyny & values, college students & parents, 4046
moral values, 12–18 yr old males vs females, Australia, 27864
personal & moral values, mental health professionals vs clients, 2273
personal beliefs, stress levels, 19–61 yr old male accident inpatients, 31238
personal qualities & values & attitudes desirable in physicians, selection of medical students & faculty role models, 29096
personal values, 6th–9th grade physically vs emotionally handicapped vs learning disabled vs educable mentally retarded vs hearing impaired, 9580
personality & value preferences of stable vs unstable/extravert vs introvert personality groups, 16–18 yr old students, 20140
primary commitment to family vs career, anxiety & depression & hostility, 21–63 yr old full-time employed females, 11963
profile of values, 6th grade Black vs White males vs females, 1972 vs 1982, 22384
religious intrinsic values & perceptions of meaningfulness of life, coping behavior & well being, 20–76 yr old cancer patients, 14885
risk factors & education & value orientation & self concept & moral judgment, juvenile delinquents & their families, 31067
salient consequences & cultural values & childbearing intentions, 18–26 yr old married females, support for M. Fishbein's behavioral intentions model, 27929
SES & ethnic group membership, values, gypsy apprentices, Czechoslovakia, 25282
sex, value systems, male vs female managers, 13299
socialization with peer groups, perceptions of morals & values & social weaning in preparation for adulthood & self sufficiency, 12–16 yr olds, 870
therapist's religious attitudes & convictions & psychotherapeutic processes, 28620
utilization of client's spiritual values, counseling, 7275
value conflicts & psychopathology & psychotherapy, Vietnam veteran with posttraumatic stress syndrome, 28670
value images of smokers vs nonsmokers & terminal vs instrumental value systems, recent high school graduates vs junior high school students, 17050
values & attitudes, special educators, 7880
values & behavior of voluntary simplicity, residents of New York City vs Denver, 13367
values, cognitive & affective computer literacy, 11th & 12th graders in business education classes, 32085
Personality Assessment [See Personality Measures]
Personality Change
age, need for order & acquiescence & exhibition & dominance & aggressive nonconformance, males vs females assessed at 70 & 75 & 79 yrs of age, longitudinal study, 3728

anticipation of change & personal construct meaningfulness & differentiation & amount of change in personal constructs over 6-wk period, college students, 1293
boundaries between reason & insanity, heroes & heroines in Virgil's Aeneid, 13942
closed head trauma, schizophrenia & affective disorders & personality change, 22987
fear of change, psychotherapy, patients, 12467
holistic vs behavioral group psychotherapy, weight loss & personality & self concept, moderately vs substantially overweight 18–65 yr old females, 7344
individual temperment diagnosis, Ss at 4–8 mo vs 3–7 yrs of age, longitudinal study, 9266
intellectual deficits & rate of recovery & personality or occupational change, 16–58 yr olds with minimal to mild closed head injuries without neurological signs, 4497
perceptions of infant temperament, personality change, new parents, 25307
pre- & posttreatment MMPI assessment of personality & treatment effectiveness, female anorexia nervosa patients with mean age of 22.6 yrs, 1810
psychiatric evaluation & Rorschach test, estimation of frequency & conditions & specificity of personality change, chronic epilepsy patients, 17753
stability & change of personality traits, 20–40 yr olds, 12 & 20 yr longitudinal study, 25477
structural characteristics of personality change in beginning phase, patients with juvenile process schizophrenia, 12124
surgical repair of ruptured anterior communicating artery aneurysm, amnesia & personality change, 26–56 yr old patients, 7002
Personality Characteristics [See Personality Traits]
separation & loss in psychoanalytic therapy, borderline patients, conference presentation, 31398
Personality Correlates
academic achievement & cognitive skills & creativity & personality, gifted/learning disabled children, 2545
achievement motivation & performance & personality, female high vs low achieving college students, 29281
affective characteristics, prediction of preschool achievement, female vs male 3.11–4.11 yr old children of migrant workers, implications for preschool program planning, 23779
age & previous convictions & type of offenses & situation variables, psychoticism vs extraversion vs neuroticism vs lying, offenders with mean age of 18.5 yrs, 12264
alcohol & marihuana use & self rated adjustment to conditions & peer evaluations & personality correlates of adjustment in isolated work groups, 24–58 yr old research station personnel, Antarctica, 29534
anger & neuroticism & Type A behavior, symptoms of angina pectoris & functioning, 29–70 yr old cardiac patients, 20607
assessment of personality variables related to management role, management specialists, 13292
assessment of uncertainty & fear of death & depression & hostility & helplessness & competence, 17–41 yr old drug addicts, 26395
attitudes toward official authorities & dogmatism & locus of control & affiliative tendencies & information seeking, 21–70 yr olds, Poland, 27965
augmenting-reducing & sensation seeking & use & perceived & preferred effects of alcohol & tobacco & cannabis, male vs female college students, 17292
authoritarian personality vs extremism vs context theories, sociopolitical ideology & personality variables, male vs female high school students, 9330
biological vs psychological vs social demographic variables, prediction of headache activity, 18–69 yr old chronic headache sufferers with migraine &/vs tension, 4397
characterization of symptoms of depression with dysthymic disorder, Ss with mean age of 35.4 yrs, 15319
clinical assessment & treatment proposal, male batterer, 14787
cognitive & personality functioning, female inpatient adolescents with anorexia nervosa vs conduct disorders, 25492
conceptual structure, hypochondriasis vs arthritic vs neurotic patients, replication of study by F. Makhlouf-Norris et al, 25504
construct validity of Multivariate Personality Inventory, personality correlates of societal groups, salespersons vs fundamentalist vs church members vs medical technologists vs computer programmers vs members of social or sports groups, 27026
correlates of healthy attitude toward loving, college students, 4056
creativity & personality patterns, male vs female student teachers, 7869
creativity & psychology disturbances, popular musicians, UK, 12096
death anxiety & psychosocial functioning, 1st-yr medical students, 5148
demographic & personality characteristics & frequency of videogame use, female vs male high school students, 11821
demographic characteristics & alcohol drinking patterns & abuse, male vs female 20–39 yr olds, rural India, 25384
demographic variables & self esteem & anxiety & internal vs external locus of control, purging vs nonpurging bulimic white female college students, 17736
development of inventory to assess risk takers' personality, 20–45 yr olds, implications for personnel selection, 11161
development of self report measure of peripheral physiological sensations, measurement of autonomic nervous system balance & correlation with personality traits, college students, 2923
discriminant analysis of noncognitive characteristics, high- vs low-GPA medical students, 12933
educational & occupational status & health & social interaction, retirement, 58–63 yr old females vs 46–70 yr old males, 6362
effects & components of pathological gambling, development of methods for detection & preventive strategies, self reported compulsive gamblers, implications for diagnosis & treatment, 28369
EMG & skin conductance & thoracic respiratory amplitudes during perceptual motor task, telic- vs paratelic-dominant 18–23 yr olds, validation of reversal theory constructs, 16689
emotional expressivity & personality & approach to life & smoking behavior, male bronchial carcinoma patients, 17710
extraversion & introversion & neuroticism & psychoticism & originality, male industrial supervisors, 32275
eye tracking & attentional & psychometric correlates of psychopathology, 20–60 yr old schizophrenic & nonschizophrenic psychotic & schizotypal & neurotic patients, 22787
Eysenck's theory of personality, aesthetic preference for colors & shapes, 4078
factor analysis of Jeaness Inventory, personality correlates of delinquency, 9–18 yr old noninstitutionalized delinquents, 19109
factor structure of Nowicki-Strickland Scale & dispositional correlates of locus of control, 13 yr olds, 9314
factor structure of teacher ratings of inattention & impulsivity & hyperactivity & aggressive & anxious behaviors & relation to developmental & background variables, 9 yr olds, 30522
fatigability & personality characteristics, 20–32 yr old industrial workers, 29554
frequency & cognitive & behavioral & affective components, procrastination on academic tasks, college students, 7993
generalized expectancies & conservative attitudes, drug related vs non drug related delinquent males, 31040
genetic predisposition & environmental & behavioral factors in disease susceptibility, personality traits & prognosis, literature review, 1640
goal instability & achievement motivation & study behavior, college students in learning skills classes, 32071
grid measures of logically inconsistent construction & preemptive or reductionistic construction vs 16PF scores, college students, 4039
health beliefs & psychological variables, male diabetic patients, 20519
high vs low costs & rewards, level of help provided & perception of rewards & costs, college students, 12072
high vs low executive effectiveness, thematic fantasy & achievement orientation & drive level & maturity & decision making ability, 28–36 yr old industrial middle managers, India, 2655
home & family life & school experiences & self concept & interests, successful Black 8th–12th graders in rural school system, 18651
individual & home & school environmental variables, learning using achievement test scores, 10th graders, India, 26582

infant functioning & parental personality & home environment, difficult temperament in infancy & later behavioral problems, adopted vs nonadopted infants studied at 12 & 24 mo, 9270
information seeking & innovativeness & personality traits, consumer exploratory behavior, college & graduate students, criticism of P. S. Raju's framework, 13382
intelligence & personality traits & sensation-seeking & pain perception, evoked potential reducers vs augmenters, 12064
intelligence & personality traits, recall of near death experiences, 18–79 yr olds who had been near death, 13412
intelligence & psychomotor development & psychological factors, 5.8–19.7 yr old patients with Prader-Labhart-Willi syndrome, literature review, 25728
interest in bet-taking in cockfights & memory & mathematics ability & personal experience, 38–53 yr old bet-takers, Philippines, 17127
internal barriers & personality characteristics & career potentials, gifted & talented sophomore females, implications for career counseling, 26649
irrational thinking & other personality characteristics, 23–38 yr old abusing mothers, 25676
job satisfaction & personality traits, 23–54 yr old striking vs nonstriking university employees, India, 32293
Jungian personality dimensions, decision making & conflict-handling behavior, college students, 9534
lateral eye movement patterns & personality style, college psychology vs engineering students, 3295
length of illness & diagnostic setting, coping behavior & emotional state after hospitalization, myocardial infarction patients under 40 yrs of age, 4473
level of diazepam use & psychiatric symptoms, drug dependent Ss aged 20 yrs old & older, 6882
locus of control & creativity, college student graffiti writers, 20158
mandate of health psychology to educate psychological & medical & wider community on role of psychological factors in drug effects & illness & immune function, 25991
mathematical creativity & personality factors, rural vs urban students, India, 29294
mental factors in onset & progress of cancer, literature review, 28418
MMPI characteristics & perceived problem solving abilities & violence & recidivism, Black vs White incarcerated males, 25641
MMPI correlates of localized brain damage, adult patients with left vs right lateralized lesions, 1749
MMPI performance, patients with significant weight loss with vs without anorexia & psychopathology, 22963
mother-child interaction & positive involvement & optimal mothering during feeding & intrapsychic conflict, hospitalized mentally ill vs nonhospitalized nonmentally ill mothers, 1-yr followup, 20293
neuropsychological & personality characteristics, delinquent male adolescents with alcoholic fathers, 9814
nonverbal expressiveness & personality & health, 42–64 yr olds with Type A vs Type B personality, 22625
omission of tone stimulus following repeated presentation, elicitation of electrodermal orienting response, labile vs stabile Ss, 22067
ontogeny & premorbid personality & severity of schizophrenia, concordant vs discordant twins, 17527
original personality structures & psychodynamics, adaptation to Antarctic conditions, 24–55 yr old polar scientists, 32334
pain complaints & psychological disturbance, chronic low back pain patients seeking vs not seeking compensation through litigation, 25876
past academic performance & intelligence & study skills & personality traits, scheduled caste or tribe high vs low achieving college students, India, 5271
patterns of community & interpersonal functioning, prediction of vulnerability or outcome of schizophrenic disorders, literature review, 1492
patterns of self concept conducive to delinquent behavior, junior & senior high school students, 25683
perceptions of freedom & environmental & personality factors, mood states, military recruits, 4053
personal characteristics, recidivism, 17–54 yr old probationers, 4343
personal concerns, ego identity status, college students with mean age of 20.5 yrs, 3738
personalities, patients with major affective disorders with vs without melancholia, 9731
personality & behavioral correlates, prerelease stress, inmates at minimum security coeducational correctional institution, 28957
personality & interpersonal predictors of loneliness, college students, US vs Puerto Rico, 28086
personality & life stress, psychiatric symptoms, male blue collar employees unemployed 1–52 wks, Canada, 17401
personality & nature of disability, acceptance of loss, physically disabled adults in course of industrial rehabilitation, 31773
personality & physiological characteristics, blushing, 15–39 yr olds, 17095
personality & psychosocial & biological correlates, menstrual cycle, female college students, 13824
personality & sociopsychological characteristics during illness process & premorbid state, duration of hospitalization, schizophrenic patients, 4976
personality & type of delinquency, juvenile gang members, 25684
personality & value preferences of stable vs unstable/extravert vs introvert personality groups, 16–18 yr old students, 20140
personality characteristics & illness behavior, chronic pancreatic patients, 20513
personality characteristics & level of autonomic arousal & cueing & attributional process & marital satisfaction & responses to marital conflict, 17–61 yr old agoraphobics vs nonagoraphobics, 22696
personality characteristics & life circumstances & psychodynamics, suicidal children, literature review, 25662
personality characteristics & sex role orientation, etiology of climacteric symptoms & response to hormonal replacement therapy, 44–55 yr old postmenopausal females, 7415
personality characteristics, adults with recurring dreams of teeth loss, 3128
personality characteristics, anxiety regarding dental treatment, 8–14 yr olds, 26264
personality characteristics, deaf 13–14 yr olds, longitudinal study from early childhood through adolescence, 7034
personality characteristics, extreme high vs low self monitoring college students, 1313
personality characteristics, patients with left vs right temporal lobe vs generalized epilepsy, 20487
personality characteristics, Ss with sleep disorders, 17746
personality correlates & need for dominance & endurance, heterosexual vs lesbian 21–50 yr old females, 11978
personality correlates, coping with stress & psychological endurance, children, 25241
personality correlates, creativity, 18–47 yr old high school teacher trainees, India, failure to replicate previous studies, 5175
personality correlates, intention to smoke cigarettes, male high school students, 25238
personality correlates, obstetrical outcome & postnatal mood, 1st-time mothers, 15395
personality correlates of chronic alcoholism, 20385
personality correlates of Matching Familiar Figures Test & validity of impulsivity & ego-resilience positions, college students, 8398
personality correlates of values governing lifestyles, college & graduate students with mean age of 23.1 yrs, 6680
personality correlates, psychotropic drug & alcohol use, female vs male French- vs English-speaking college students, Canada, 20066
personality correlates, radical vs traditional political views, activists in 1960's student movement & journalists & broadcasters, implications for social change, 30705
personality correlates, self reported lapse of attention during lecture, college students with mean age of 37 yrs, 13092
personality correlates, tactile communication, college students, 22575
personality correlates, tendency to modernity, 22–25 yr olds, India, 14536
personality correlates, 23–80 yr olds who report repeated premonitions, 8286
personality differences & self perception of locus of control & impulsivity, repeat vs 1st-time aborters vs nulliparous females, 31588

personality factors, classical migraine & tension headache, 18–35 yr old females, 22930
personality, learning of BASIC, college students, 5281
personality patterns, vocational interests & career indecision, community college students, 26622
personality profile using Rorschach test, eminent male architects, 1959, 14552
personality profile, 18 yr old technical students with high vs low intellectual performance, 25476
personality profiles & creativity, prediction of work patterns, scientists, 12070
personality profiles, anxious vs reckless drivers, 22868
personality profiles from High School Personality Questionnaire, fine & performing arts vs intellectually gifted high school students, 21478
personality traits & catecholamine & steroid hormone responses to performance stress, 21–29 yr old females with hirsuitism/oligomenorrhea, 7083
personality traits & health attitudes & behavior, insulin-dependent diabetic adults, 22946
personality traits & interaction with acid output & serum pepsinogen, 29–62 yr old patients with chronic duodenal ulcer, 25865
personality traits, dangerous vs nondangerous male offenders referred for pretrial assessment, 1577
personality traits, migraine vs tension headache patients, 7105
personality traits, 14–17 yr old males convicted of offenses involving assault vs property, 1505
personality traits, 21–67 yr old former depressed patients vs Ss without past history of depression, 20326
personality variables & locus of control & treatment clinic orientation, differentiation of personality types by cluster analysis, alcoholics, 31802
personality variables, prediction of hypnotic suggestibility, college students, 4036
personality variables, 2nd language learning, 1st yr college students learning French, 13083
physical & personal & demographic characteristics & lifestyle, back injury, 21–64 yr old female nursing personnel, 29059
physical components & social consequences of babyface in White males, college students, 20102
Pigetian & psychometric assessments of personality & memory correlates of intellectual functioning, 17–23 & 37–43 & 61–80 yr old college students, 22319
position vs classification vs participation, personality characteristics, college football players, 12082
predisposed personalities & drinking groups, etiology of alcoholism, 9815
previous convictions for crimes & personality characteristics, adult males convicted of driving while intoxicated, 17629
psychiatric histories in prediction of alcoholism & psychopathology, adult males, 40-yr longitudinal study, 28292
psychological factors in professional choice assessed by Eysenck Personality Inventory, applicants to schools of psychiatry vs dentistry, 5081
psychological traits & uses of body & forms of social relationships as factors in coronary heart disease, 31237
psychosocial correlates, locus of control, female vs male 17–30 yr old college students, India, 4072
psychosocial factors & academic performance, college freshmen assessed with semi-structured interview, 7972
psychosocial factors & interrupted university attendance, college freshmen, 8023
psychosocial factors, prediction of response to weight loss behavior modification program, overweight volunteers, 4743
public vs private self image & personality correlates of high public self consciousness, female college students, 9573
reliability & validity of sleeping behavior scale & social- & self-perceptions of personality differences, college students identified as morning vs evening people, 5627
roles of psychopathology & personality characteristics in traffic accidents, literature review, 22786
Rorschach correlates of high level creativity, architects, 1272
running zealousness & fear of fat and tendencies toward anorexia nervosa, female & male runners, 12061
scores on Eysenck Personality Inventory & sexual attitudes & behaviors, male college students, Canada, 9530
secondary analysis of responses on Freiburg Personality Inventory, personality correlates of criminal behavior, juvenile delinquents, 17650
self perceived somatotype & personality, male college students, 6697
sensation seeking & other personality correlates & number of drugs used, male nondrug vs chronic drug users, 1570
sex differences, MMPI profiles, alcoholics, 1573
sex role orientation & competence & aspirations & locus of control & related variables, 13–18 yr old females seeking pregnancy tests vs birth control information, 17060
sexual & personality & demographic variables associated with reading erotic romances, college students vs businesswomen vs homemakers, 13944
sexual attitudes & body evaluation & personality & social factors, 11–20 yr old females with anorexia nervosa, 25855
social & personality factor, development of smoking habit, high school & college students & clerical workers, 3703
social background & personality, drug abuse & rebelliousness, males at 19 & 22 yrs of age, 28356
sources of anxiety & history of addiction & involvement with legal & treatment agencies, 17–41 yr old drug addicts, 14835
taxonomic aspects of clinical character, neurotic patients, conference presentation, 28186
temperament & behavior problems, 3 yr olds, 6356
temperament & classmate likability & social perspective coordination & parent-rated Type A behaviors, 3rd–8th grade males vs females, 26602
tonic vs phasic central autonomic nervous system dysfunction & neurotic & depressive tendencies, patients with common migraines, 31249
urinary excretion of catecholamines & metabolites during rest vs occupational activities, personality traits & physical fitness, 23–46 yr old male white collar workers, 13842
validity of hypothetical personality trait of health care & self sentiment measure & psychoticism, heroin addicts vs alcoholics, 20407
validity of Kirton Adaption-Innovation Inventory as determined by dogmatism & sensation seeking & risk taking & innovation scale scores, college students, 24230
weight & sex & dietary restraint & personality measures, college & graduate students, 3335

Personality Development [See Also Separation Individuation]

age & short form WISC-R scores & ego development, activity level & self control, males in grades 1–5, 11842
age at time of noncompound skull fracture, behavioral & cognitive functioning & personality/temperament, monozygotic twin with fracture occurring between 12 & 36 mo vs 36 & 48 mo of age vs uninjured twin, 2–5 yr followup, 14957
age, perception of personal control, 8–13 yr olds, 3-yr longitudinal study, 27745
animas, fathers & sons, reply to criticism by R. Gordon, 13430
biopsychosocial model of skin color, self identity, 12059
birth order, personality & psychiatric disorders, children in child psychiatric clinic, 6841
bivariate path analysis, genetic & cultural & environmental transmission of fear, mono- vs dizygotic twins & their parents, 16592
career & marital status & personality, 29–39 vs 40–55 yr old females, 970

construction & reliability & validity of Meier Burnout Assessment, assessment of burnout & relationship to measures of memory & learning & self esteem & sensation seeking & vocational self concept, college students, 29435
construction & reliability & validity of Satisfaction with Life Scale, college students & elderly volunteers, 27000
construction & validation of pursuing-distance scale, graduate students, 26986
construction & validity of interrogative suggestibility scale, normal males vs females vs delinquent boys vs forensic patients, 11147
construction of & norms for Presumptive Stressful Life Events Scale, males vs females aged 15 yrs & older, India, 29769
construction of new MMPI scales, identification of psychoticism & extraversion & neuroticism factors & lie scale on Eysenck Personality Questionnaire, college students, cross validation of Friedman Overlap Scales, 24229
construction of personality measure, males accused of rape, 5610
construction of self-consciousness scale, assessment of individual differences, Japan, 29775
content & construction validity & reliability of assertiveness scale for adolescents, 6th & 8th & 10th & 12th graders, 13573
convergent & construct validity of Kohn & Greenwood's scales of social competence, kindergartners, 21744
convergent & discriminant validity of assertiveness vs aggression & dominance measures, college students, 29776

convergent & discriminant validity of Child Abuse Potential Inventory & comparison with 16PF, college students, 27042
correlation & interchangeability of various measures of extraversion & sensation seeking & stimulus screening & Type A behavior, 17–69 yr olds, 8403
correlation between Creative Imagination Scale & Revised Art Scale & M scale of 16PF, college students, 27021
correlation between repression sensitization scales & anxiety measures, psychological clients, 203
correlations between Rorschach Egocentricity Index & MMPI & Exner Comprehensive System Rorschach variables, 14–69 yr old psychiatric inpatients, 24207
cross validation & extension of short form of Marlowe-Crowne Social Desirability Scale, college students, 16373
current issues in measurement of self esteem, 13531
demand characteristics, Beck Depression Inventory responses, college students, 24252
design & validation of Harris Identification Procedures of Creativity, assessment of high divergent thinking ability, middle-class kindergarten students, 32182
desirable vs stereotypic response set, adequacy of items in Bem Sex Role Inventory Masculinity & Femininity scales, college students, 26964
detection of faking good & bad on Personality Inventory for Children-Revised, 6–16 yr old outpatients, 29721
development & preliminary validation of Selfism Scale, measurement of narcissism, college students, 2935
development & reliability & validity of locus of control of behavior scale, prediction of relapse following apparently successful therapy, college students vs nurses vs stutterers vs agoraphobics, 11128
development & reliability & validity of Personal Assertion Analysis, assessment of passive & assertive & aggressive behavior, college students &/vs adolescents & alcoholics involved in spouse abuse vs maritally satisfied Ss, 19065
development & testing of simplified version of Rathus Assertiveness Schedule, college students, 24265
development & validation of Goldfarb Fear of Fat Scale & application as diagnostic tool, female bulimic clients, 27007
development & validation of 3 scales measuring individual differences on hedonic capacity, implications for research on schizophrenia & depression & personality, 13547
development & validity & standardization of parental questionnaire, measurement of temperament variables, 6 mo olds, 5647
development & validity of measures of beliefs & fears underlying Type A behavior, 23–59 yr olds, 127
development & validity of scale, assessment of perceived emptiness & existential concern & correlation with depressive affect, 17–64 yr old college students & clients in psychotherapy, 24237
development of Catalan-language scale, measurement of susceptibility to punishment, 2nd-yr medical students, Spain, 11194
development of Chinese Sex Role Inventory, assessment of identification with sex role stereotypes, 13 & 16 yr olds, Hong Kong, 161
development of dyadic sexual regulation scale, measurement of perceptions of control relevant to sexual dyad, 17–61 yr old White heterosexuals with regular sex partners, 19042
development of Ego State Energy Inventory, personality profile of 5 ego state functions, college students, 11132
development of inventory to assess risk takers' personality, 20–45 yr olds, implications for personnel selection, 11161
development of Reflections of Self by Youth scale, measurement of self actualizing growth, 4th–6th graders, 27876
development of scale to measure self righteousness, 17–63 yr olds, 24223
development of Spiritual Leadership Qualities Inventory, discrimination of old elders vs deacons vs non-Christians, 19101
development of Sports Competition Trait Inventory, high school & college & graduate students & college varsity athletes, 5614
development of Superiority & Goal Instability scales, assessment of H. Kohut's constructs of self, college students, 16362
development of Utrechtse Coping Scale, 8432
dimensionality & factor analysis of Freiburg Personality Inventory, college students, implications for measurement theory, 13519
discriminant validity of measures, assessment of level & cross-situational consistency & self schema on personality traits, college students, 2879
discrimination & communication indices as measures of empathy, counselors, comments on study by R. K. Watson, 19020
discrimination & communication indices as measures of empathy, counselors, reply to D. G. Cross & P. T. Slee's comments, 19033
discriminative ability of Karolinska Scales of Personality, depressed patients vs healthy volunteers, 22790
discriminative ability of Mini-Mult (MMPI shortened test), adolescents who had attempted suicide vs normal 15–19 yr olds, 4296
discussion of R. B. Cattell's covariation chart & classification of scores as alternative factor analyses, personality assessment, 52
dispositional vs rational vs phenomenological jealousy scales, college students, 5660
evaluation of measures of Type A behavior & anger & hostility, assessment of cardiovascular disease risk, 27029
evaluative value of Personality-trait adjective checklist, implications for nonstandard techiques in measurement of impression formation, 5635
extension & validation of Standard Personality Adjective Checklist with depression & capriciousness & superficiality scales, students, 21746
factor & smallest space analyses of Bem Sex Role Inventory, assessment of masculinity & femininity, ethnically diverse college students, 1306
factor analysis & reliability & validity of Multiscore Depression Inventory & its subscales, assessment of severity of depression, college students & adolescents, 8393
factor analysis, aggression inventory developed by D. Olweus, 10–18 yr olds, Italy, 192
factor analysis, curiosity measures, adults, 180
factor analysis of authoritarianism, college students, 9550
factor analysis of Barron-Welsh Art Scale & Adjective Checklist & 3 original measurement instruments, measurement of creativity & energy activity preference, dance & music & drama college students, 29395
factor analysis of Beck Depression Inventory scores, 36–76 yr old male cardiac patients, 110
factor analysis of empathy scale formulated by A. Meherebian & N. Epstein, Mexico, 16288
factor analysis of Jesness Inventory, personality correlates of delinquency, 9–18 yr old noninstitutionalized delinquents, 19109
factor analysis of Loneliness Rating Scale, assessment of loneliness, 11–72 yr olds, 8431
factor analysis of measures of androgyny & leadership & conflict resolution, male college students, support for hypothesis of similarity of measured constructs, 4090
factor analysis of multidimensional personality inventories, psychoticism as independent factor, normal Ss & mental patients, 29749
factor analysis of personality inventory, determination of relationship between neurotic & extraverted tendencies, secondary school students, 2890
factor analysis of Rathus Assertiveness Schedule & Personal Report of Communication Apprehension, college students, replication & extension of J. C. Pearson's study, 2914
factor analysis of social resources measures in OARS Multidimensional Functional Assessment Questionnaire, social resources & mental health, Ss aged 62 yrs old & older, 24236
factor analysis of Washington University Sentence Completion Test & Impulsivity & Risk-Taking scales, measurement of ego development & impulsivity, adolescents, 2918
factor analytic techniques, development of Multi-Alcoholic Personality Inventory Scale, alcoholics with mean age of 44 yrs, 13565
factor score correlations from Guilford-Zimmerman Temperament Survey vs Eysenck Personality Inventory vs Eysenck Personality Questionnaire, college students, 28069
factor stability & reliability of Rotter's Internal-External Locus of Control Scale vs H. Levenson's locus of control measure, college students, 125
factor structure & analysis & internal consistency & correlation with Marlowe-Crowne Social Desirability Scale, Health Locus of Control Scale, college students, 27010

factor structure, Basel Mood Inventory & Freiburg Personality Inventory & Giessen Test & Complaint List & Paranoid Neuroticism Depression Scale, psychiatric patients & healthy persons, 2908
factor structure of Lorr & More Assertiveness Inventory, volunteers, Australia, 27012
factor structure of Nowicki-Strickland Scale & dispositional correlates of locus of control, 13 yr olds, 9314
factor structure of Personality Research Form-E, college students, 24227
factor structure of 5 inventories, assessment of assertiveness, 16–65 yr olds, 2858
factor structure, personality measures & tasks used in evaluation of anxiolytic drugs, 20–30 yr olds, 3538
higher-order factors in Interpersonal Style Inventory, high school students, 13574
Howarth vs Comrey personality factor scales, identification of major personality factors, adults, 19047
human figure drawings, measurement of self concept development, kindergarten through 3rd graders in bilingual education program, 5384
incremental validity of personality assessment data collected through interviews vs biographical information vs personality tests vs neuropsychological tests, literature review, 19058
individual differences in hemispheric organization based on schizotypy scale & development of STQ questionnaire based on distinction between schizotypal & borderline personality disorder, 26995
internal consistency reliability & item content validity of Children's Anxiety Scale, Anglo vs Mexican-American kindergarten students, 23876
interrater reliability & cross validation of parental assessment of temperament using New York Longitudinal Study Parent questionnaire, handicapped children, 26988
interrater reliability & validity, parental assessment of temperament, handicapped children, 5598
interrater reliability of Personality Assessment Schedule, diagnosis of personality disorder, 18–66 yr old patients, US vs UK, 11196
interrogative suggestibility, performance on Arrow-Dot subtest of Id-Ego-Superego Test, 17–60 yr olds, 1281
Involvement & Drivenness subscales of Jenkins Activity Survey, measurement of relation between self actualization & self esteem, college students, 13572
item analysis & test-retest reliability of Your Style of Learning & Thinking, 18–25 yr old postgraduate students, India, 16321
item analysis & validity, hypermasculinity inventory, male college students, 5640
item selection issues in personality test construction, implications for person-situation debate, 27002
Jones' Irrational Belief Test & personality measures, assessment of emotional problems irrational beliefs, college students, 25483
Junior Eysenck Personality Inventory vs Questionnaire vs Eysenck Personality Questionnaire, assessment of personality dimensions, 15–16 yr olds, 27035
kinaesthetic figural aftereffect test & stimulus intensity reducers vs sensation seekers, behavioral & physiological aspects of augmenting-reducing dimension & construct validity of A. Vando's Reducer-Augmenter Scale, 19–54 yr olds, 26997
latent class analysis, measurement of motivation, retail newsagents, 24328
measurement of infant difficultness, Infant Characteristics Questionnaire, mothers of 4–6 mo olds, 26985
measurement of personality traits leading to desparate love, college students, 26977
measures of field dependence as measures of cognitive style vs ability, 2863
measuring authoritarianism with Ray Directiveness Scale, reply to criticisms by J. H. Duckitt, 16359
mild vs severe aversive situations, pre- vs post-exposure scores on Eight State Battery & Motivation Analysis Test, student teachers, 24513
Millon Clinical Multiaxial Inventory & its mail-in computer scoring, personality & psychopathology assessment, 8404
Millon Clinical Multiaxial Inventory administration, measurement of personality characteristics, male alcoholics vs drug addicts, 25623
Millon Clinical Multiaxial Inventory, prediction of drug abuse treatment dropouts, male opiate addicts completing program vs dropouts, 28980
MMPI scores & differences on Adjective Check List scales & new classification system, criminal offenders, 22844
modification of scoring procedure for Articulation of the Body-Concept scale, assessment of field dependence-independence, 3–5 yr olds, 24295
modification of structure of Self-Consciousness Scales, adult females & college students, 13536
modified empirical index of adequate vs inadequate self esteem, 6699
new instruments for assessing self concept & self esteem during personality evaluations, 3–12 yr olds, literature review, 19068
new scoring system & revision of Depression Experiences Questionnaire, college students, 27055
nontest correlates as evidence for scale validity of Personality Inventory for Children, reply to article by D. G. Cornell, 21761
performance on Arrow-Dot subtest of Id-Ego-Superego Test, medical students vs medical professionals vs psychiatric inpatients, Nigeria, 181
performance on oral vs written versions of Washington University Sentence Completion Test, male vs female college students vs community residents vs retired citizens, 28117
personality correlates of Matching Familiar Figures Test & validity of impulsivity & ego-resilience positions, college students, 8398
personality measures, prediction of success in residential treatment center, emotionally disturbed female adolescents, 4956
personality profiles from High School Personality Questionnaire, fine & performing arts vs intellectually gifted high school students, 21478
personality scales, measurement of negative affectivity, 12093
personality trait scores from Comrey Personality Scales, correlation with ratings of psychiatric disturbance from case history data, psychiatric outpatients, implications for use of personality measures in psychiatric screening, 30920
prediction of prosocial behavior after institutionalization, 13–17 yr old male delinquents, Canada, 244
predictive ability of mini-inventory of anacastic personality traits, 16358
predictive validity of Dimensions of Self Concept subscales, measurement of academic self concept, junior high school students, longitudinal study, 29408
predictive validity of strategies, construction of personality scales, 18–26 yr olds, 11122
predictive validity of subscales of Form S of Dimensions of Self-Concept, 7th graders, 5368
predictive validity of Zung Index of Potential suicide, attempted suicide patients, 6-mo followup, 27038
problems with construct & measurement of locus of control, 4069
profiles on High School Personality Questionnaire, discrimination of students in leadership positions, intellectually gifted high school students, 10809
psychodiagnostic test usage, survey of Society for Personality Assessment, 24198
psychological testing of transsexualism, 16.7–62 yr old transsexuals, literature review, 8417
psychometric evaluation of Hostility & Direction of Hostility Questionnaire, 15–76 yr old psychiatric outpatients, 8388
psychometric properties of Body-Cathexis Scale, 14–22 yr olds, 24193
psychometric properties of Multidimensional Health Locus of Control Scales, chronic cigarette smokers in smoking cessation program, 24217
rationales for external vs inductive vs deductive strategies, personality scale construction, 2878
readability of child personality assessment instruments, 2905
readability of Personality Inventory for Children, 2872
relation between Self-Directed Search scores & career maturity, 2857
relationship between revised version of Basic Character Inventory & Defense Mechanism Test, pregnant females, 28124
relationships between subtests of Conceptual Systems Test & Piagetian measures, 17–55 yr old college & graduate students, 8377

reliability & validity & scoring norms of content analysis scales of psychosocial maturity, measurement of constructs at E. H. Erickson's stages of psychosocial development, aged, 27054
reliability & validity of Automatic Thoughts Questionnaire, frequency of depressive thoughts & absenteeism, factory workers, 24220
reliability & validity of Izard's Differential Emotions Scale, college students, 26990
reliability & validity of kinesthetic aftereffect, measurement of augmenter/reducer personality dimension, college students, 21756
reliability & validity of Martin Larson Approval Motivation Scale, assessment of approval motivation, college students, 8419
reliability of Self-deprecation and Insecurity Scale, measurement of fear of failure in relation to physical performance, college students in physical education, 16360
reliability of translated Self-Esteem Inventory, Puerto Rican Spanish speaking 15–18 yr olds, mainland US vs Puerto Rico, 2940
reliability of written & telephone interview versions of Loevinger Sentence Completion Test of Ego Development, 13–91 yr olds, 13555
renaissance of personality assessment & theory, 9555
research studies on intelligence & special-abilities & personality tests, Greece, 112
revalidation & reliability of Index of Self-Esteem, clients, 21739
review of development & standardization of Social Participation Rating Scale, psychiatric patients, 27018
revised version of Willoughby Personality Schedule, assessment of social sensitivity to interpersonal stress & identification of stutterers, 16–54 yr old stutterers vs nonstutterers, 24234
scoring & factor analysis of Schalling-Sifneos Personality Scale, identification of alexithymia, college students, 5636
secondary analysis of responses on Freiburg Personality Inventory, personality correlates of criminal behavior, juvenile delinquents, 17650
Self Concept of Ability Scale & Self Perception of Attainment Scale, prediction of reading achievement, 8th graders, 29404
self evaluation on Freiburger Personality Inventory, brain damaged patients suffering from epilepsy & tumors & vascular complications & brain trauma, 31181
self report personality measures & spouse ratings & interviewer-O ratings, assessment of personality similarity, spouses, 3813
sex-role preferences according to Bem Sex-Role Inventory, male vs female seminary vs masters of education students, 22550
social validation of Revised Behavioral Assertiveness Test for Children, 8–10 yr olds & expert judges, 24278
Spanish translation of Gray-Wheelwright's survey of Jungian personality types, college students & elderly, 2934
stability of personality & symptom scales of Millon Clinical Multiaxial Inventory, alcohol vs drug abusers vs psychotherapy clients, 26969
standard 2-choice vs 6-choice version of Personal Orientation Inventory, college students, 19105
statistical correlation of Tennessee Self Concept Scale vs Rosenberg Self Esteem Scale, college students, 224
subscales of scale measuring cynicism, prediction of job satisfaction, police officers, 165
temperamental characteristics & face validity of revision of Infant Temperament Questionnaire, 4–8 mo olds, Taiwan vs US, 27854
test length & item content & item/criterion association, optimization of predictive validity of personality measures, college students, 26974
test-retest reliability & convergent validity of social knowledge of personality vs scientific personality constructs, 14579
test-retest reliability & psychometric correlates of Bortner scale, assessment of Type A behavior, patients with chest pain & possible coronary heart disease, 24208
types & analysis of psychological tests for clinical assessment of chronic pain, 29726
use of ANDRO scales, assessment of sex role identity & career decisions, females, criticism of methodology used in study by C. D. Gaddy et al, 13552
usefulness of Inferred Self-Concept Scale vs Behavioral Academic Self-Esteem Scale, measurement of self esteem, preschoolers, 2570
utility of personality measurements, prediction of consistency of personality characteristics across adult life span, adults, 45-yr longitudinal study, 11126
validation of Multiple Affect Adjective Check List, Romania, 11174
validation of Narcissistic Personality Inventory & Millon Clinical Multiaxial Inventory, assessment of narcissistic personality disorder, 16–38 yr old college students, 13526
validation of self report Intrinsic Enjoyment & Boredom Coping scales, 14 & 25 yr olds, 8405
validation of Washington University Sentence Completion Test, assessment of ego development, 13–30 yr old psychiatric inpatients, 26992
validity & factor structure of Rokeach Value Survey, college students, 29735
validity & internal consistency of short form of Coopersmith Self-Esteem Inventory, assessment of general self esteem, 13.4–15.8 yr old persistent secondary school nonattenders, 21467
validity & reliability of parental questionnaire, measurement of temperament variables in 6 mo old infants, 27037
validity & utility of construct of attributional style & validity of Attributional Style Questionnaire, pregnant females & college students, 13546
validity & utility of Type A personality assessment, prediction of coronary heart disease, 26998
validity of Assertion Inventory & relationship to social desirability & sensitivity to rejection, assessment of discomfort with self assertion & likelihood of assertive behavior, college students, 24269
validity of Assertion Inventory using role play format, assertive vs unassertive vs don't care vs anxious performing college students, 5609
validity of Basic Personality Inventory, differentiation of seriousness of offenses, male vs female 12–18 yr old juvenile delinquents, implications for rehabilitation, 29750
validity of EASI-III Temperament Survey, assessment of emotionality & activity & sociability & impulsivity, community residents, Australia, 16299
validity of hypothetical personality trait of health care & self sentiment measure & psychoticism, heroin addicts vs alcoholics, 20407
validity of Kirton Adaption-Innovation Inventory as determined by dogmatism & sensation seeking & risk taking & innovation scale scores, college students, 24230
validity of Luscher Color Test, assessment of personality, male vs female college students, 154
validity of MMPI & Inwald Personality Inventory in prediction of job behavior, 19–33 yr old male correction officers, 23285
validity of norms on audiotape Rathus Asssertiveness Schedule, measurement of assertiveness skills, 16–77 yr old drug abusing outpatients, 11183
validity of Objective Measure of Ego Identity Status, predictive relation between ego identity status & conformity behavior & personality, college students, replication of study by N. Toder & J. Marcia, 14532
validity of Personal Attributes Questionnaire & Texas Social Behavior Inventory, measurement of gender stereotypes & social self esteem, 15.4–17 yr olds, Great Britain, 13564
validity of Repression-Sensitization scale, assessment of self reported symptoms of psychopathology vs defensive style, college students, 13534
validity of revised Sentence Completion Test, assessment of ego development, adult females vs males, 19081
validity of Rotter's Internal-External Locus of Control Scale, prediction of attribution of responsibility for positive vs negative outcomes, college students, 126
validity of teacher & student scales & matching familiar figures test, assessment of aggressive classroom behavior, emotionally & behaviorally disturbed male 9–16 yr olds & their teachers, 21440
within- & between-occasion consistency of responses to inventory of psychopathology, person reliability & item consistency, college students, implications for interpretation of individual test item responses, 19067

Personality Processes [See Also Related Terms]
internalization process of external object relations, comment on article by S. Rosner, 1309

long term heavy & chronic use of barbiturates & sedative-hypnotics, ego state, 22–48 yr old males, 14830
patterns of inner dialog which perpetuate self blame & replacement with self affirming dialogs, 1289
primitive survival mechanisms as self destructive tendencies, 14550
process of internalization, 1305
rigidity of typologies of personality structures & symptoms in psychiatry, 23117
Personality Tests [See Personality Measures]
Personality Theory
algebraic formulation of R. B. Cattell's personality theory, social psychology & group dynamics, 1278
amalgamation of H. J. Eysenck's concept of extraversion & Neo-Pavlovian theories of temperament, presentation of model, 9533
anticipation of change & personal construct meaningfulness & differentiation & amount of change in personal constructs over 6-wk period, college students, 1293
behavior genetics & R. B. Cattell's prediction of declining IQ average, Great Britain, 1296
"beyondism" & morality & ethics in R. B. Cattell's personality theory, 1280
choice of situation vs congruence models, person-situation interaction, college students, 4042
Christian theory of personality, 30848
concept of self as internalized structure vs as something provided for by object, implications for psychoanalysis & understanding of narcissistic disorders, 28640
concept of structure in personality theory, 9557
concepts of psychology of personality, USSR, 9528
correlation & interchangeability of various measures of extraversion & sensation seeking & stimulus screening & Type A behavior, 17–69 yr olds, 8403
critique of traditional trait & psychodynamic approaches to study of personality & current research in personality psychology, 6679
curriculum material shortcomings & problems in relevancy to practice, teaching counseling & personality theory, 21195
deterministic models vs consequence of similar choices based on common values as explanation of regularities in human behavior, Christian implications, 17376
development & current status of R. B. Cattell's theory of personality, conference presentation, 1321
development of G. Kelly's personal construct psychology, 22627
developments in the neo-Pavlovian temperament theory & research, literature review, 9553
discriminant validity of measures, assessment of level & cross-situational consistency & self schema on personality traits, college students, 2879
examination of symptoms using ABC model, therapeutic process, phobic young male & female sex therapy client, 17964
experimental review & comments on S. E. Hampson's semantic category model of personality traits, 25458
factor analysis & personality models, self expressed interests of R. B. Cattell, 1928–1984, 1268
factor score correlations from Guilford-Zimmerman Temperament Survey vs Eysenck Personality Inventory vs Eysenck Personality Questionnaire, college students, 28069
grid measures of logically inconsistent construction & preemptive or reductionistic construction vs 16PF scores, college students, 4039
heredity & environment, behavioral development, normal Puerto Rican vs mildly mentally retarded vs multihandicapped children, longitudinal studies, 27832
history & current status of personality theory & research, 22624
implicit theory of personality & illness & cure in writings, neo-Pentecostal faith healers, 19954
interaction of heredity & environment, behavioral development, normal Puerto Rican & mildly mentally retarded & multihandicapped children, longitudinal studies, 6348
issues of approaches emphasizing species-typical tendencies vs systemic variation around those tendencies in personality psychology, 28068
Marxism & contributions to personality theory, A. N. Leontiev, 2751
multivariate & factor analytic approach to personality theory, criticism of R. B. Cattell's work, literature review, 1273
multivariate behavioral research by R. B. Cattell, bibliography, 1261
multivariate behavioral research by R. B. Cattell, bibliography, 1262
neo-Pavlovian theory of temperament, 9569
overview of object-relations theory of personality, 9568
personal construct processes, college students, 17366
personal construct theory & sex differences, perceptions of & attributions to males vs females, college students, 12036
personal construct theory, conceptualization of grief & mourning processes, widows, 6700
personality as characteristics that transcend time & place & context, comments on proposal by J. Veroff, 17387
personality consistency, perceptions of problem solving behavior & attitudes 17–41 yr old college students, examination of applicability of J. L. Holland's typology, 25465
personality core dynamics based on "participant-separant" theory, drug preferences, 25–50 yr old drug addicts, 14828
personality theory & research, literature review, 17394
popular music, learning about psychology of personality, college students, 2395
priming & knowledge & instrumentality of actors' goals & type of & concentration on rated persons, rated significance of persons, female college students, implications for implicit personality theories, 22632
propositions to Marxist theory of personality, 17400
'Q' model schema of personality theory, 9578
renaissance of personality assessment & theory, 9555
reversal theory of motivation & personality, literature review, 28059
roles of "executive" & "destabilizer" in functioning of personality & cognition & treatment strategies for multiple personality disorder, 37 yr old female, 26006
sex differences & sex roles, psychological paradigms & person constructs reality paradigm, 11976
specification & R. B. Cattell's factor analysis in structural equation modeling, 239
system theories of personality & T. Parsons's system analysis of societies, 12075
theoretical assumptions & problems & methodology, cooperation & reciprocity in social & personality psychology, 14466
theory of revolutionary personality, females, literature review, 22631

scientific method in technical & skills training, 2630
sources for lawsuits in human resource development training, 23951
stress management training, catecholamine levels during training, police recruits with mean age of 22.2 yrs, 1960
synergogy, involvement & participation in learning, personnel, 10937
team development, team organization & functioning, Israel Defense Forces logistics unit team members, 16025
techniques for comprehensive employee attitude surveys, organizational planning & employee improvement programs, 26815
traditional vs innovative methods in personnel training & development, 32239
trainability programs, personnel selection, manufacturing employees, 10925
training & goal setting & knowledge of results, safety performance, manufacturing plant employees, 2688
training curriculum & approaches, respite care providers, 5136
training for changes, training professionals, 5450
training model, organizational defense mechanisms against anxiety, staff of chronic care hospital, 5094
training program for conducting psychological evaluation of convicted offenders, probation officers, 2262
training program for handling child sexual abuse cases, police officers, conference presentation, 9449
training program, job analysts, 26762
training using neurolinguistic programming techniques, trainers & trainees, 23950
training wheels system, learning word processing by doing vs by manual, temporary office workers, 13272
use of nonverbal communication in personnel training, 32237
videotape in technical training, employees, 10945
work environment & employee training skill transfer, 16037
youth training program in use of microcomputers, transfer & retention of training, motor vehicle servicing vs information technology trainees, 5449

Personnel [See Also Related Terms]
absenteeism & turnover, nonsupervisory production workers, 6-yr longitudinal study, 21580
attitudes toward handicapped workers, employers, 6711
attitudes toward innovative vs traditional approaches to juvenile delinquency prevention, community correctional program staff members, 26370
communication about work & social topics & innovation, managers & subordinates in engineering firm & electronics plant & social services department, 16079
communication behavior & participative decision making with assessment through self reports, supervisors & subordinates, 21583
convergent & discriminant validity of ratings on Employee Problem Appraisal Form of common presenting problems at college counseling center, college employee clients vs school counselors, 5421
dealing with incompetent vs authoritarian vs hostile boss, employees, 21600
elimination of eligibility standards applied to chronically mentally ill workers in federal Social Security Disability Insurance & Supplemental Security Income programs in midwestern states, case law, 14619
epidemiology of alcoholism & impact on labor market, Chile, 20427
group relations conference for training, personal & professional & organizational benefits, staff members of mental hospital, 10-yr followup, 23662
intimacy of colleagues & type of work relationship, social support & stress & job satisfaction, 18–60 yr old employees, 32299
involvement in humor & social network patterns at work, rank & file employees vs managers, 13310
job involvement vs job satisfaction vs role conflict/strain, psychosomatic health problems, 20–60 yr old male vs female full-time employees, 18830
life event stress & crisis, performance & work relationships & quality of life in workplace, employees, 18863
mental health problems & job satisfaction, 20–38 yr old male workers, 21604
participation in rescue effort after hotel disaster, emotional reactions & health problems, 22–65 yr olds, 14569
perception of supervisor's reward & coercive & expert power, degree of modeling, subordinates with high vs low self esteem, 5461
perceptions of powerlessness & stressful job dimensions, alcohol misuse, employees, 1546
person-environment congruence, mental distress & job satisfaction, adults working full time, 13315
personality characteristics & problems in workplace, employees, 21597
profit maximization & equity & equality & need, employer-employee interaction, 21621
role in employee's midlife crisis, companies, 16099
sex differences, nonverbal & verbal communication with bosses & peers & subordinates, business students, 16107
techniques & targets of theft activity in restaurant trade, waiters, 22824
touch on shoulder vs hand by waitress, tipping, male vs female diners, 30769
work shifts, fatigue, air traffic controllers & weather service personnel, Japan, 24002
workshop, understanding employee career needs, management, 10958
Perspective Taking [See Role Taking]
Perspiration [See Sweat]
Persuasive Communication [See Also Brainwashing]
aggressive vs assertive vs apologetic expressive style & high vs low sacrifice of request, compliance, female college students, implications for assertion trainers, 15234
articulating schematic interpretations as accounts for verdict choice & persuasion, jurors, 20018
assessment of self evaluative vs adaptive rules, explanation of compliance behavior as function of actual vs potential context, college students, test of contingency rules theory, 14497
audio &/vs video presentation of counterattitudinal message by fast vs normal speaker, perception of speaker credibility & extraversion & poise, college students, 22615

availability-valence vs dissociative cue hypothesis, description of sleeper effect in persuasiveness of message, college students, 2726
boomerang effects following persuasive communication & discrepancy, opinion change, male college students, Japan, 20124
cognitive role-taking status & channel of communication & age, production of oral vs written persuasive messages, 1st vs 3rd vs 5th graders, 27799
controlled field experiments, gauging effects of persuasive communication in indoctrination & education programs during World War II, US, 9044
conventional vs refutational persuasive message styles, filling in organ donor cards, college students, 28041
emotional interest vs concreteness vs proximity as vivid information modality, attitude change in fear appeal paradigm, college students, 28111
facilitation of juror comprehension & recall of trial events & creation of favorable impression, persuasion of jury, attorneys, 11940
fear-arousing communication & attribution of arousing vs tranquilizing effect of placebo, smoking intentions & behavior, male college students, 30834
guidelines for influencing legislative decisions, psychologists, 9436
high vs low benefit to self vs other, effectiveness of persuasive message, college students, 14478
humorous vs persuasive appeal & sex, long vs short term cognitive responses to advertising, college students, test of trace consolidation theory approach, 18897
inducement as means of influencing others & important skill, social work practice, 28904
influence agent's ego involvement in issue as threat to recipient's freedom, college students, 25401
information exchange, group polarization & choice shifts, college students working alone vs in 4-person group, 17313
involvement & demand characteristics & persuasion, attitude change, college students, 17398
job experience level & persuasion strategy, resistance to change in workplace, high school students role-playing organizational planning committee members, 21560
knowledge level of S & 1- vs 2-sided persuasive videotape, change of attitudes toward energy conservation immediately vs 4 wks later, preservice elementary teachers, 21655
knowledge of opinions, persuasive communication & discursive logic, 28022
level of status vs familiarity of requestee & size of request, utility of compliance-gaming approach, college students, 14500
major findings & problems in communication studies on persuasive message strategies, conference presentation, 9053
matching message with functional profile, attitude change, working adults, 18904
meta analysis of literature on foot-in-the-door vs door-in-the-face message strategies & effects of statistical artifacts & moderator variables, 13489
nonverbal communication in courtroom, trial proceedings & outcome, attorneys & judges & witnesses & defendants, 11939
perceived goals & targets & tactics in persuasion situations, test of R. Schank & R. Abelson's assumptions about persuasion schema, 22593
personal vs impersonal methods of motivation, recruitment of blood donations, college students, 25426
persuasion skill training, job interviewing skills & anxiety, 10th–12th grade job seekers, 8143
persuasion using information booklets with vs without counterarguments, gasoline saving behavior, Ss with internal vs external locus of control, 18889
persuasive messages about breast cancer & self examination with varying emphases on severity & susceptibility, attitudes & fear & intent to perform self examination, 35–70 yr old females, 7573
prestige of speaker & public self disclosure, perceived appropriateness of disclosure & speaker persuasiveness, college students, 30810
presupposed-existence notion & attitude change, 27677
rhetorical questions, target of receiver elaborations & source processing & persuasion, college student business majors, replication of study by R. E. Petty et al, 24086
small vs large communication discrepancy, opinion change & evaluation of source credibility, 14524
social perspective taking vs friendship vs self interest, prediction of persuasive appeals, kindergartners & 2nd & 4th graders, 25205
social persuasion & attributions toward attractive vs unattractive female confederate, college students, 9517
sophisticated vs Aristotelian rhetoric, implications for persuasion, 24999
source similarity & expertise in advertising, female college students, 13393
speech contexts, rhetoric strategies, political leaders, France, 27679
suggestion or persuasion, medical treatment & healing, physicians, 15068
verb choice & construction of argument model, 27675

Pessimism
hopelessness & eventual suicide, patients hospitalized for suicidal ideation, 5–10 yr followup, 22803
hopelessness & locus of control & hostility & length of treatment, depression, outpatients of rural mental health center, 4215
hopelessness, social desirability & suicidal behavior, 14793
unemployment, hopelessness & psychological distress & attributions, Black unemployed 19–28 yr olds initially interviewed at 16–24 yrs of age, 11788

Pesticides [See Insecticides]

Petit Mal Epilepsy
sodium valproate, treatment of psychosis-like absence status, 57 & 64 yr old females, 20917

Pets
circumstances of pet ownership or other responsibility for animals, life satisfaction & morale, aged community & nursing home residents, 4926
clinical use of pet dog, depression, 58–83 yr olds, 12465
human/animal bonding, blood pressure & heart rate & respiratory rate, 24–74 yr olds, 8853
interaction with dogs as pets, health, human Ss, implications for therapy, 23133
loneliness & attitudes toward pets, college students, 14570
personality traits & pet therapy, anxiety & despair, terminal cancer patients in nursing facility, 12816
pet ownership & relationship to health & well-being & home & family characteristics, Ss over 65 yrs old, 3590
pet ownership & well-being, White married 65–75 yr old females, 3729
pet therapy, emotionally disturbed children & youth, 20677
pets, companionship & loneliness & exercise, aged, 28547
physical & emotional & social benefits of pets & pet therapy, aged, 4553
psychotic & delusional perceptions of pet animals, adult defendants accused of violent crimes, 17608
sex & experience with pets & beliefs & attitudes toward animal species, fear of animals, 5th graders, 9086
social work services, distress from pet illness or death, 12–83 yr old pet owners, 4-wk followup, 2133

Phantom Limbs
demographic characteristics & stump & phantom limb pain, civilian vs military veteran amputees, 31255
hypnosis & behavior modification, phantom-organ pain, male cancer patient, 25961
phantom rectum syndrome, 34 yr old female who was operated on for rectal cancer, 31262

Pharmacology [See Also Psychopharmacology]
EMG & method for recording multiple unit activity in reticular formation in continuous monitoring of sleep-wakefulness cycles, implications for evaluation of dose- & time-response parameters of sedative-hypnotic drugs, 779
informed consent form with vs without supplemental information presented by physician, willingness to participate in drug experiment, college students, 1230
need for caution in experimental interpretations following neuroleptic drug administration, rats, 30207
normobaric hypoxia, acquired temporal response regulation, rats, implications for behavioral & pharmacological analysis of cerebral circulatory insufficiency, 6054
normobaric hypoxia, acquired temporal response regulation, rats, implications forbehavioral & pharmacological analysisof cerebral circulatory insufficiency, 6054
pharmacologic test using locomotor activity, assessment of selective dopamine autoreceptor activation, female mice, 772

po administration of premazepam, metabolism & pharmacologic effects, 26–28 yr old males, 27658
problem of compliance & roles of physicians & pharmacists in drug therapy, aged, literature review, 12639
role of tests of sexual behavior in screening drugs for teratogenic effects on sexual differentiation, rodents, 3470
Pharmacotherapy [See Drug Therapy]
Pharyngeal Disorders
willingness to take risks in management of pharyngitis, medical patients, 28825
Pharynx
mouth vs mouth/pharyngeal vs upper & lower airway anesthesia with lidocaine, cigarette craving & smoking satisfaction, pack-a-day cigarette smokers with mean age of 31 yrs, 11616
scalp & nasopharyngeal recordings of N2 & P3 & slow wave activity during target detection task, normal Ss, 16649
Phencyclidine
acute & chronic administration of phencyclidine, auditory EPs, rhesus monkeys, 19700
biochemical & physiological characteristics of putative endogenous ligand for phencyclidine receptor, porcine & rat brain, 24674
continuous phencyclidine infusion & withdrawal, operant behavior, rhesus monkeys, 19728
development of tolerance to phencyclidine, effects on DRL schedule-controlled behavior & brain levels of phencyclidine, male mice, 3443
dextroamphetamine vs phencyclidine vs amfonelic acid, release of dopamine in striatum, rats, 19684
dosage of phencyclidine &/vs haloperidol &/vs naloxone, biphasic effect on operant responding rate for water on FI schedule, male rats, 24961
effects of phencyclidine, volunteers, literature review, 24917
efficacy of ECT, phencyclidine-induced psychosis, 17–18 yr old patients with history of drug abuse, 15579
eserine & sodium pentobarbital & phencyclidine, theta phase shift of hippocampal CA1 region, freely moving rats, 27612
food deprivation & drug concentration, self administration of phencyclidine using operant FR16 schedule, male monkeys, 24805
interaction of phencyclidine analog with mu opioid receptors, mice, 19687
mecamylamine vs nicotine vs physostigmine pretreatment, phencyclidine-induced locomotor activity & convulsions, male mice, 8944
morphine vs phencyclidine vs nicotine administration, spontaneous motor activity as measured by automated vs direct observation, male rats, 24851
neuroleptic drugs, blockade of phencyclidine-induced locomotor activity, mice, 745
pharmacologic & clinical review of use of phencyclidine, 14779
phencyclidine & dextroamphetamine, acquisition & performance of response chains, monkeys, 9027
phencyclidine & serotonergic involvement, stereotyped behaviors, male rats, 27624
phencyclidine abuse-induced depression, 19 & 21 & 29 yr olds, 1511
phencyclidine, aggressive behavior, rats, 6154
phencyclidine, catecholamine levels & blood pressure in hypothalamic & brain stem nuclei, female rats, 27556
phencyclidine during pregnancy, decrement in maternal weight gain & offspring's locomotor activity & behavior, rats, 3459
phencyclidine, milk intake, male rats pretreated with naloxone vs haloperidol, 3442
phencyclidine, tactile startle & habituation, male rats, 19674
phencyclidine vs methylediоxyamphetamine, learning & performance of operant chain responses, monkeys, 27650
phencyclidine vs various arylcycloalkylamines vs benzomorphans vs substituted dioxolanes, in vitro dopamine efflux & in vivo dopamine metabolism & affinity for phencyclidine/opiate receptor, male rats, 27645
phencyclidine vs 2-methyl-3,3-diphenyl-3-propanolamine, discriminative stimulus control of conditioned lever press & maze shock avoidance & anesthetic properties, rats & monkeys, 3518
problems of test sensitivity in urinary phencyclidine monitoring, 18381
reinforcement schedules, bias of phencyclidine discrimination, male pigeons, 19704
repeated high doses of phencyclidine, drug tolerance & depletion of catecholamine stores, rats, 13914
self injections of phencyclidine hydrochloride vs analogs, assessment of reinforcing properties, male baboons, 24880
stereo-isomer selectivity of sigma opiate/phencyclidine receptors as determined by biochemical & discriminative stimulus behavioral paradigm, male rats, 9042
subjective & clinical effects & toxicity & diagnosis & treatment, phencyclidine usage, college students, 6609
Phenelzine
behavioral effects of phenelzine & phenylethylamine & displacement of dopamine or serotonin from striatum, rats, 3432
combined phenelzine & amantadine, depression & parkinsonian symptoms, 80 yr old female, 15294
development of tolerance to therapeutic effects of imipramine & amitriptyline & phenelzine, 27–69 yr old females, 20898
imipramine vs phenelzine, atypical depression, patients with reactivity of mood & associated features, 15314
initial symptoms as predictors of treatment outcomes with phenelzine vs amitriptyline, 21–65 yr olds with depression with & without anxiety, 7405
phenelzine, recurrence of diethylpropion-induced psychosis, 26 yr old female, 4795
phenelzine treatment in conjunction with trimipramine, remission, 39 yr old male with refractory depression, 28783
phenelzine vs amitriptyline, symptoms, 20–67 yr old depressed patients with vs without features of hysteroid dysphoria, 20918
phenelzine vs imipramine, atypical depression, 18–55 yr old patients, 15306
phenelzine, 18–45 yr old bulimic females, 10315
progressive reduction of dose of phenelzine, treatment of depression, depressed patients, 20901
reversibility in therapy of tranylcypromine & phenylzine binding, comments on G. D. Tollefson's review of MAO inhibitors, 15276
trazodone & phenelzine therapy, depressed 43 yr old male, 7494
Phenethylamines
administration of phenylethylamine & MAO inhibitors & dopa decarboxylase inhibitor & phenylalanine load, phenylacetic acid excretion, chronic schizophrenic & unipolar depressed patients, 6795
behavioral effects of phenelzine & phenylethylamine & displacement of dopamine or serotonin from striatum, rats, 3432
beta-phenylethylamine &/vs naloxone, horizontal activity & ambulation & rearing activity, male rats, 22157
beta-phenylethylamine, heritability & genetic transmission of locomotor effects, recombinant inbred mice strains, 30249
beta-phenylethylamine vs dextroamphetamine, conditioned taste aversion to saccharin, male rats, 3450
bilateral injections of beta-phenylethylamine into caudate nucleus, locomotion, male rats, 30223
endogenous beta-phenylethylamine, neural processes underlying reward or reinforcement, conference presentation, 30235
endogenous noncatecholic phenylethylamines, operant schedule-controlled behavior, dogs, 9018
familiarity with test environment, behavioral activation by beta-phenylethylamine, male rats, 24825
MAO inhibitors, beta-phenylethylamine-induced stereotypies, rats, implications for behavioral evaluation of MAO-B inhibitors, 24903
phenylethylamine & dextroamphetamine following withdrawal from chronic haloperidol administration, behavioral supersensitivity to phenylethylamine, male rats, 799
phenylethylamine excretion, 6–12 yr olds with attention deficit disorder with hyperactivity, 10034
role of beta-phenylethylamine in methadone withdrawal depression, 19–61 yr old steady-dosed vs withdrawing methadone patients, 7734
urinary phenylethylamine excretion & clinical characteristics of depression, 18–45 yr old patients, 28180
Phenobarbital
clonazepam & valproic acid & phenytoin & ethosuximide & phenobarbital, rate of responding in acquisition procedure, pigeons, 19715
differential conditioning, reversal of fear-reducing effects of phenobarbital, rats, 782

discrimination training, discrimination of phenobarbital from dextroamphetamine & tetrahydrocannabinol & pentobarbital & generalization of response, pigeons, 24839
dose of phenobarbital & positive verbal vs negative shock reinforcement, performance on sentence completion task, introverted vs extraverted female graduate students, India, 24842
paregoric vs phenobarbital vs diazepam, drug abstinence, neonates born to heroin- or methadone-dependent mothers, conference presentation, 5038
phenobarbital, methadone biotransformation & withdrawal symptoms, 28 yr old male methadone maintenance patient, 5047
phenytoin & phenobarbital, treatment of emotional instability, 24 yr old male with personal & family history of rage attacks & mood disturbance & epileptiform EEGs, 10296
prenatal vs neonatal phenobarbital, spontaneous alternation, mice, 13900
schedule-induced ethanol dependence, phenobarbital preference, 11621
shaping procedures, speed of acquisition &/vs asymptotic accuracy of discrimination, rats trained in discrimination of phenobarbital, implications for discriminability index, 26949

Phenomenology
combination of phenomenological & experimental approaches, reconstruction of methodology in gestalt theoretical research, 21707
contingency & epistemic quantification criteria of intentionality & applicability to divine omniscience, comments on work by R. M. Chisholmm, 16195
death of ego & transcendental experience, phenomenology of R. D. Laing, 5528
differentiation between object & environment in seeing, comments on work by F. I. Dretske & F. Sibley & J. F. Soltis, 16414
existential-behavior therapy in relation to phenomenology & death & freedom & isolation & meaninglessness, 49 yr old female & 31 & 34 yr old males, 20838
functionalism & analysis of mental states, 8312
history of phenomenological thought & interrelations between psychiatry, emphasis on writings of K. Jasper, 16174
individual phenomenal description, analysis of psychological levels of experience, female victim of crime, 2844
Kierkegaardian synthesis of phenomenology & symbolism of leaving home, 18921
natural selection, belief in other minds, adult humans vs other creatures, 31
phenomenological analysis, morbidly obese Ss scheduled to undergo elective intestinal bypass surgery, 15384
phenomenological analysis of consultation family therapy interview, 28672
phenomenological analysis of countertransference, 26 yr old suicidal male in residential treatment facility for schizophrenics, 28634
phenomenological analysis of family violence, husbands, 14777
phenomenological approach to counseling & psychotherapy attempted disengagement, therapist & client, 15177
phenomenological approach to examination of psychodiagnostic assessment interview, psychologists, 15031
phenomenological approach to experience of 1st love, 14423
phenomenological exploration of transition, 13451
phenomenological methodology in human sciences, 26927
phenomenological psychological research, 16
phenomenological reduction of E. Husserl & Freud's rule of free association & J. Keats's views on artistic observation, imaginative empathy, 34
phenomenological reductions set forth by E. Husserl & interpreted by A. Schutz & E. Kaufman & M. Merleau-Ponty, 26894
phenomenological social psychology & sociology of knowledge in systemic family therapy, 14 yr old anorexic & her family, conference presentation, 23200
phenomenological view, social interaction in counseling, counselors & clients, 7629
phenomenology & body image in hypochondriasis, 7132
phenomenology & Jungian psychology, 5544
phenomenology associated with depressed moods, adolescents, 28204
phenomenology in psychiatry, 7162
phenomenology in psychological research, 2805
phenomenology of aging & psychosis, 20259
phenomenology of M. Merleau-Ponty's view of depth perception, 19217
phenomenology of nursing experience & therapeutic processes, nurses working with hospitalized medical patients, 7644
phenomenology of unconscious, 13458
phenomenology, psychoanalysis, 5548
procedures in phenomenological research & question of validity, 13517
qualitative research interview, phenomenological & hermeneutical philosophical traditions in psychology, 2820
relations among ideas & substances & actions of mind & perception & causality, criticism of G. Berkeley's doctrine of notions, 26893
relationship between observer & observed phenomenon, psychology & physics, 2
think aloud method in descriptive research, 2778
toward phenomenological reconceptualization of psychology, 13395
views of A. De Waelhens on schizophrenia & phenomenology & psychoanalysis, 20364
W. Kohler's proposal of functional isomorphism between brain processes & phenomenal events, reply to comments by K. H. Pribram, 29621

Phenothiazine Derivatives [See Also Chlorpromazine, Chlorprothixene, Fluphenazine, Mesoridazine, Perphenazine, Prochlorperazine, Promazine, Thioridazine, Trifluoperazine]
amitriptyline &/vs perphenazine, delusional depression, patients with mean age of 44.1 yrs, 20940
development of phenothiazines, conference presentation, 10309
long term phenothiazine treatment, pituitary tumors, 31–76 yr old psychiatric patients, 7458
phenothiazine treatment, platelet alpha 2-adrenergic receptor binding before vs after treatment, 22–39 yr old schizophrenic patients, 15316
phenothiazines, breast cancer, female psychiatric inpatients, 18118
thioridazine & trifluoperazine & benztropine mesylate, development of torsade de pointes, 56 yr old schizophrenic male, 4824

Phenotypes
C sub 3 & haptoglobin phenotype distribution, Alzheimer's patients with mean age of 73.5 yrs, 1660
genotype &/vs environment, phenotype, 30038
phenotypic & genotypic markers in psychosis & alcoholism, conference presentation, 28143

Phenoxybenzamine
norepinephrine & phenoxybenzamine microinjections into medial preoptic area, sleep wake responses, male rats, 27619

Phenylalanine [See Also Parachlorophenylalanine]
administration of phenylethylamine & MAO inhibitors & dopa decarboxylase inhibitor & phenylalanine load, phenylacetic acid excretion, chronic schizophrenic & unipolar depressed patients, 6795
parachlorophenylaline & fluoxetine, muricidal aggressive behavior, male rats, 724
treatment with dextro-phenylalanine, outpatients with endogenous or reactive depression, 23357
tryptophan vs 5-HTP vs phenylalanine vs tyrosine vs dopa, metabolism & neuronal effects, affective disorders, treatment implications, 2018

Phenylethylamines [See Phenethylamines]

Phenylketonuria
blood screening for phenylketonuria, hospitalized psychiatric patients, 21089
characteristics of convulsive activity in EEG's, 12–18 yr old patients with classic phenylketonuria, 9844
experimentally induced phenylketonuria, observational & latent learning, male rat pups, implications for mental retardation in humans, 680
neuropsychological impairment, school age children with phenylketonuria, 20580
phenylacetate, numbers of apica dendritic spines on hippocampal CA1 pyramidal cells, 2–21 day old rats, 30260

Pheromones
artificially elevated & stabilized antennae exposed to pheromones, electroantennogram patterns & mate detection, Spodoptera littoralis males, 13828

chemical communication system during foraging & nest-relocation, African stink ant, 5905
Coolidge effect & role of female flank glands & vomeronasal organ & accessory olfactory system, male sexual arousal & preference, hamsters, 19373
discrimination & preference for female scent marks, male ring-tailed lemurs, 8594
exposure to odor of juvenile, subsequent investigation of juvenile, intact vs castrated male rats, 22125
exposure to odor of pig sex pheromone, ratings of photographs of human male stimulus & mood, college students, 6571
female sex pheromones, discrimination between conspecific virgin females from different stock & courtship behavior, male drosophila from 2 laboratory stocks, 8605
genetic relatedness & reproductive status or estrus cycle of donor of urinary chemosignals, sexual maturation, female mice, 24579
negative assortative mating in inbreeding, flies, 3245
odors of estrus cycle phases, timing of estrus cycle, female rats, 19547
odors of urine & sebum exudation of estrous vs proestrous vs diestrous females, sniffing & defecation & scent marking, male Indian desert gerbils, 19376
olfactometer, isolation & delivery of biological odors during experimenter-controlled episodes in pheromone research, small rodents, 29681
oral vs vaginal scents of pre- vs post-estrus females, sniffing, male Columbian ground squirrels, 19367
pairing of arbitrary chemosensory stimulus with mother vs other female animals, investigatory & copulatory behavior in response to vaginal discharge of scented females, male rats, 24600
parous females housed with castrated males vs adult daughters housed with family & subsequently with vasectomized male followed by exposure to family scent, ovarian cyclicity & estrogen, saddle back tamarins, 5849
periplanone concentration, activity of pheromone-sensitive neurons in antennal lobes of brain, adult male American cockroaches, 27337
pheromones, courtship & reproductive behavior, Drosophila melanogaster & simulans, literature review, 27265
prediction of male dominant status via urinary odors, female estrous hamsters, 27205
preferences for conspecific salivary odor cues, estrous vs diestrous female hamsters, 27201
protein concentration of vaginal discharge, facilitation of copulatory behavior, male hamsters, 24615
proximity vs contact with high molecular weight fraction of vaginal discharge, sexual investigation & copulation, male hamsters, 24614
recognition & preferences for conspecific & sex-specific & heterospecific pheromones, salamanders, 8592
urine from females with ovariectomy with vs without progesterone vs estradiol, lordosis behavior, orchidectomized feminized rats, 6057
vaginal discharge from ovariectomized vs hypophysectomized vs estrous hamsters, investigatory & copulatory responses, male hamsters, 24599
vomeronasal organ removal & high molecular weight fraction vs unfractionated vaginal discharge, copulatory responses, male hamsters, 24572
widely-spaced exposures to female urine, habituation to individual odors, male guinea pigs, 5847

Philippines

absence of father, psychosocial & cognitive development, children in single parent families, Philippines, 19769
absence of father, psychosocial & cognitive development, children in single parent families, Philippines, comments on N. Johnson's view, 19760
acculturation, cognitive development, urban & rural 7–12 yr olds, Philippines, 19791
altered state of consciousness & social psychological phenomenon, Christian religious experience, Philippines, 17151
decision making & aspirations & media preferences, out-of-school 16–24 yr olds, rural Philippines, 25061
early cross-gender behavior & familial factors, heterosexual vs homosexual males, US vs Guatemala vs Brazil vs Philippines, 25379
early socialization practices, ethnic groups, Philippines, 17030
evaluation of institutional care vs family placement in Mga Bata sa Tahanan Project, needy 8–15 yr olds, Philippines, 26289
field experiments & studies in problems of family planning, male & female college students & mothers & fathers, Philippines, 30725
gender & symptom sensitivity & use of medical practitioners & folk healers, adult college student patients, Philippines, 31594
history of psychological science as case of cultural diffusion from West, Philippines, 8316
homosexual prostitute subculture, 18–22 yr old males, Philippines, 17268
indigenous psychology, Asia including Hong Kong & Philippines, 16158
intelligence & personality characteristics & attitudes toward self & social figures, 19–21 yr old female delinquents, Philippines, 25619
interest in bet-taking in cockfights & memory & mathematics ability & personal experience, 38–53 yr old bet-takers, Philippines, 17127
locus of control & family relationships & attitudes toward school & self esteem, academic success, 13 & 14 yr olds, Philippines, 2452
maternal childrearing practices, child's cognitive development, middle or upper SES urban mothers & their 5 yr olds, Philippines, 19865
number of bystanders & dependency of victim & urban vs rural community, helping behavior in low cost & risk demand situation, adult bystanders, Philippines, 17337
pagtawad & haggling behavior & strategies, consumers, Philippines, 18895
patterns of ritual kinship & patron-client bonds, Christians, Philippines, 17185
problems in cross cultural counseling, college students, Philippines, 26308
psychology education, Philippines, 18561
research trends & methodologies in child psychology, Philippines, 19786
self esteem, intellectual attribution of responsibility, students with mean age of 15 yrs, Philippines, 19928
sex & civil status, attitudes toward working wives, urban graduate students, 17278
storytelling & group interaction, moral judgment, 6 yr olds, Philippines, 17038
subsistence change, mobility & settlement pattern in tropical forest foraging economy, Batak tribe, Philippines, implications for archeology, 25269
test norms for Denver Developmental Screening Test, 2 wk through 6.5 yr olds, Philippines, 16371
traditional beliefs & practices, continuation of lactation, 16–42 yr old mothers living in squatter areas, Philippines, 27932
Western influences, university-level social science education, Philippines, 18526

Philosophies [See Also Animism, Dualism, Epistemology, Existentialism, Fatalism, Humanism, Idealism, Logic (Philosophy), Materialism, Metaphysics, Mysticism, Pacifism, Pragmatism, Reductionism]

affirmative vs critical postmodernism in art & reflection of culture & society, conference presentation, 19939
anthropological philosophy, psychology & psychopathology & psychotherapy, 18950
benefits & hazards of philosophy of A. Rand, 24104
changing role of romanticism in modern literature, conference presentation, 19758
concept of supervenience in human relations, 24113
conception of science & behaviorism & Kuhnism, comments on paper by F. Suppe, 18961
concepts of willingness & prospective intention & retrospective evaluation, reply to criticism of W. A. Davis, 26905
conditions for admission into moral community, comments on D. Dennett's book "Brainstorms", 9079
Confucian social philosophy, aggressive behavior in society, Chinese populations, 11877
contribution of T. Aquinas to modern psychiatry, 25984
contributions of J. R. Kantor in functionalism & organismic & interbehavioral psychology, 1917–84, 26913
derivation of idea from impression in philosophy of D. Hume, 24111

determinism in counseling research, 24157
discussion of M. Heidegger's definition of truth, delusions, 20375
Eastern sense of unity vs Western sense of antagonistic principles, interpretation of thermodynamics of evolution, 19983
Eastern vs Western objectives for achieving well-being, implications for role of university, 3780
evaluation of G. H. Mead's philosophic social psychology in educational studies, 18518
evolution of process of reconciliation of opposing forces at physical & biological & behavioral & spiritual levels, 38
expression of absurdity in psychopathology of schizophrenia, 30909
feminist erotics & love & eros & transformation, 28003
formative spirituality & formation counseling, 28667
free will & compatibilism, 24110
functionalism & analysis of mental states, 8312
high vs low idealism & high vs low relativism, information integration during moral judgment, college students, 30844
historical & scientific circumstances of interdependence of psychology & philosophy, 29652
history of relationship, natural & urban settings reflected in art & literature & philosophy, 16141
human nature & research methods in counseling psychology, criticism of articles by D. E. Polkinghorne & G. S. Howard & M. J. Patton, 7634
Humean view of affective vs non-affective desire, 24131
images of God & ambivalence about religion & experiences in infancy, 27924
imagination & unifying confrontation with time in life experiences of past vs present vs future, self concept, 26902
intersubjective world & shared beliefs & common sense & language, 26885
liberalizing approaches to counseling psychology research, comments on articles by D. E. Polkinghorne & G. S. Howard & M. J. Patton, 7622
libertarian view, rights-based moral & political philosophy on suicide & coercive suicide prevention, 9804
mirthful self image of condensation, myth & psychology & philosophy, 30865
misuse of philosophy of science by science & behaviorism, 18957
models for comprehension of cultural truths, 11880
nature of humans & research methods in counseling psychology, comments on articles by D. E. Polkinghorne & G. S. Howard & M. J. Patton, 7624
operant learning principles & empirical & philosophical basis of behavior therapy, criticism of E. Erwin's study, 10236
Oralism vs Total Communication philosophies, educational strategies, deaf children, 2494
origins & essentials of T. Kuhn's historicist conception of science & its relationship to parapsychology, reply to G. H. Hoevelmann, 21665
origins & essentials of T. Kuhn's historicist conception of science & its relationship to parapsychology, 21664
philosophical contribution of S. C. Pepper's "World Hypotheses: A Study in Evidence", implications for experimental psychology, 27087
philosophical foundations of humanistic psychology, criticism of T. McMullen's work, 16190
philosophical issues, morality & responsibility, antisocial personalities, 25680
philosophical literature on suicide, literature review of past 10 yrs, 9788
philosophy of science & Behaviorism & Kuhnism, comments on paper by F. Suppe, 18932
philosophy of science & Behaviorism & Kuhnism, reply to comments by W. B. Weimer & L. Briskman, 18958
philosophy of science & counseling psychology research, criticism of articles by D. E. Polkinghorne & G. S. Howard & M. J. Patton, 7637
philosophy of science & counseling psychology research, criticism of articles by D. E. Polkinghorne & G. S. Howard & M. J. Patton, 7623
political significance of psychoanalysis, 12462
postmodernism as metaphorical expression of end of Western metaphysics, conference presentation, 18955
pragmatic philosophy of W. James, critique of counseling movement, 12778
process wisdom & organizational transformation & social change, 16110
psychiatric vs legal presuppositions in definition of man & his world & actions or behavior, 1138
psychological perspective on determinism vs free will, implications for behaviorism, 8336
psychology & philosophy, conference presentations, 26846
realism & humanistic psychology, reply to criticism by A. Gare & L. M. Smith, 16201
relativism & absolutism & limits of research, comments on paper by P. Feyerabend, 18939
religious vs metaphysical attitudes toward entropy, 19959
Socratic principles & transformation of contemporary management, 16063
sophisticated vs Aristotelian rhetoric, implications for persuasion, 24999
suicide & failure of Kantian & utilitarian moral philosophers, 9799
systems & behavioral theories & nature of learning & knowing & philosophical foundations of educational technology, 26471
Taoist thought, counseling & psychotherapy, 28558
theoretical & philosophical issues in W. R. Bion's thought, 16196
theory of imagery & human existence, 8290
utilitarianism & conflict of interest in helping situations, 17318
Phobias [See Also Acrophobia, Agoraphobia, Claustrophobia, Dysmorphophobia, Ophidiophobia, School Phobia, Social Phobia]
abstinence phobias, model for explanation of relationship between anxiety & abuse of opiates & alcohol & tobacco, implications for treatment & staff training, 28988
assessment of phobic anxiety, autistic & mentally retarded persons, treatment implications, 10063
behavior methods, treatment of fears & phobias, children, literature review, 18064
behavior therapies, fears & phobias, 10201
behavioral assessment & therapy, phobias, 3 yr old female, 4736
behavioral therapy, needs & blood phobia, 50 yr old mastectomy patient undergoing chemotherapy, 23254
benzodiazepines & in vivo exposure, phobics, 10075
biological predisposition, acquisition & maintenance of phobic psychopathology, 17448
birth order & mood lability & psychopathic hereditary disposition, patients with anthrophobia associated with delusions about personal relationships, 6820
causes & treatment of erythrophobia, 15085
computer phobia vs addiction, treatment implications, 22639
conceptual & methodological issues, behavioral assessment & treatment of fears & phobias, children, literature review, 18055
counterphobia as etiology of multiple sexual molestation, 4–8 yr old female victims, 4289
cultural specificity of Koro, 51 yr old Black American male, 22741
dental care habits & alveolar bone loss & missing teeth & SES, prevalence of dentistry phobia, 38–54 yr old females, 26239
development of blood or dental phobias & anxiety response patterns, 15–66 yr olds, 20324
estimate of length of short interval spent observing spider, spider phobic Ss, 19288
ethanol intoxication, phobic anxiety, 20–54 yr old patients with severe phobias, 12218
etiology & assessment procedures & behavior therapy, dental phobia, chronic dental phobic patient, 18031
exposure to filmed vomiting sequence, fear of vomiting, patients, 20874
fear-evoking perceptual properties of animals, animal phobias, Ss with mean ages of 35.5 & 35.1 yrs, implications for treatment, 1362
fear reduction methods & treatment of phobic & anxiety disorders, literature review, 10242
glucose tolerance testing, symptomatic hypoglycemia, female patients with panic & phobic disorders, 9734
graded exposure & parental modeling, dental phobias, 4 yr old female & her mother, 6 mo followup study, 26109
group therapy, fear of flying, humans, 28688
hypno-relaxation therapy, female with dental phobia, 10041
hypnosis & systematic desensitization, 28 yr old female with aquaphobia, 2-mo & 1-yr followup, 31557
hypnosis, fear of anesthesia, 33 yr old female, 23389

hypnosis in systematic desensitization, female with ski phobia, 7497
hypnosis, treatment of phobic behavior, literature review, 20957
hypnotherapy & psychotherapy for systematic desensitization, 28 yr old female with injection phobia, reply to comments by M. Heap, 4833
hypnotherapy & psychotherapy for systematic desensitization, 28 yr old female with injection phobia, comments on T. Kraft's report, 4832
hypnotherapy & psychotherapy, systematic desensitization, 28 yr old female with injection phobia, 4834
hypnotherapy & use of creative unconscious processes, treatment of hypodermic needle phobia & sleepwalking, adult Ss, validation of M. Erickson & E. Rossi's 3 stage utilization approach, 15355
initial fear level, safety signal conditioning to fear-relevant vs irrelevant stimuli, college students, implications for preparedness theory of phobias, 27187
MAO inhibitors, anxiety & phobic disorders, implications for DSM-III classification, literature review, 15322
methodological issues in process & outcome studies & role of psychophysiology & systematic desensitization, dental fear, 15250
patients' initial experience of therapist & therapeutic conditions in 4 treatment methods, treatment outcome, female phobic patients, 7180
perception of coping self efficacy, effects of environmental events on catecholamine secretion, 19–40 yr old female phobics, 25509
phobia program for organizational fears in community mental health center, 7604
positive imagery vs active-involvement imagery, systematic desensitization, 25–51 yr old phobia patients, 18039
problems in diagnosis & diversity of causal models & drug treatment, anxiety & panic & phobic disorders, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1469
prognostic factors, outcome of basal therapy with vs without therapist-directed prolonged exposure in vivo vs dynamic supportive therapy vs relaxation therapy, phobic females, 7178
psychoanalysis vs contextual analysis, phobias, 10160
questionnaire construction, measurement of responsiveness to spiders, spider phobics, 8442
rationale & technique of combining hypnotherapy & rational emotive therapy, 33 yr old female with phrenophobia, 28546
response- vs stimulus-oriented imagery training, physiological arousal, 21–58 yr old phobics, 23282
self instruction & exposure & importance of assessing treatment integrity, anxiety disorders, 23 & 34 yr old females & 30 yr old male with phobias, 26133
slow vs rapid exposure in vivo, phobias & social adjustment & mood, 18–60 yr old patients with chronic phobias, 1–6 mo followup, 12615
successive performance-based treatment, behavioral change within & across phobias, 24–58 yr old multiply phobic females, 31482
suitability for insight-oriented psychotherapy, prognosis, phobic females in nondynamic therapies, 1-yr followup, 7179
systematic desensitization in vivo vs imagination, anxiety, adult aquaphobics, 1945
systematic desensitization techniques, 3.5 yr old male with water phobia, 18061
thermal or EMG biofeedback, anxious-phobic or vascular headache patients, 1–3 yr followup, 4715
thyroid dysfunction, 21–45 yr old phobic patients, 17509
timolol maleate, physiological & psychological components associated with fear of flying, 18–65 yr old phobic patients, 28744
transcutaneous nerve stimulation, phobias, 34 & 35 yr old females, 17892
use of sodium lactate in laboratory conditions, study of panic disorders, 13901

Phobic Neurosis

Rorschach responses, 18–60 yr olds with phobic neuroses, 20340

Phonemes [See Also Consonants]

ability to phonemically analyze syllable-initial consonsant clusters & conception of spoken language, reading & spelling ability & alphabet acquisition, children, 27810
adaptive procedure, estimation of phoneme boundaries, 17–24 yr olds, 24448
articulation of American English "l" & "r" & role of phonological & articulatory habits, native speakers of Japanese with differing experience with English, 22255
decoding & paragraph comprehension performance, 1st vs 3rd graders, Turkey vs US, implications for regularity of letter-sound correspondence, 9217
development of theory of working memory, effects of concurrent memory load & phonemic similarity & articulatory suppression & word length & unattended speech on recall & storage capacity, college students, 407
discrimination training on "r" & "l" sounds in synthetic speech, perception in synthetic vs natural speech, 25–33 yr old Japanese speakers learning English, 26557
generalization of correct phoneme production, preschool age children with articulation disorders, 20969
identification & discrimination of synthetic /r/ & /w/, misarticulating vs normally articulating 6–6.9 yr olds, 22910
judgment of speech sounds & spelling, kindergartners & 1st graders, 19864
letter cancellation task, examination of whether prelexical phonological representation is essential component of normal reading process, college students, 19265
perception & production of voice-onset time-cued stop consonant voicing, 5 yr olds with multiple-phoneme misarticulation, 1617
phoneme & grapheme-phoneme contrasts between English & Spanish & word decoding, Spanish-speaking adults, 11367
phonemic clause, grammatical encoding, criticism of D. S. Boomer's article, 27692
phonemic discrimination & speech comprehension, patients with Wernicke's vs other types of aphasia vs brain damage without aphasia, 20532
presentation of printed Hebrew words in isolation, role of phonemic mediation for lexical access, college students, 11630
reading familiar vs unfamiliar words, successive recoding of graphemes into phonemes, 2nd vs 3rd vs 4th grade good vs poor readers, 22345
reading instruction in 2nd language, reading concepts & phoneme segmentation ability, students 8 yrs old & younger vs 9 yrs old & older, Papua New Guinea, 5273
repeated phoneme in speech plan, slips of the tongue, college students, 6188
segmentation of acoustic speech signal into phonemes, perception of context-sensitive phonemic allophones, college students, 29890
segmenting-training with vs without blending-training, improvement in segmenting skills, kindergartners, 15746
signal-to-noise ratio, phoneme perception, normal vs hearing impaired 18–36 yr olds, 20511
spectral characteristics for place of articulation, Broca's aphasics, criticism of P. Shinn & S. E. Blumstein's template-matching procedure in analysis of phonetic errors, 1754
spectral characteristics for place of articulation, Broca's aphasics, reply to W. Ziegler's criticism on template-matching procedure in analysis of phonetic errors, 1639
syllable structure, development of phonemic analysis & reading skills, 4–5 & 7–9 yr olds, 19863
word frequency & phonetic environment & phoneme position, production of /s/ sound in words, 6.7–12.1 yr olds enrolled in articulation therapy, 9871

Phonetics

acoustic & perceptual basis for concomitant of phonetic perception with sinusoidal signals, adults & college students, 11311
acoustic vs semantic similarity of words, repetition avoidance in sequential response production, college students, 6201
age & reading ability, memory for phonemically confusable & nonconfusable letters, 2nd vs 4th vs 6th grade disabled vs average vs superior readers, 9155
articulation & linguistic & auditory models for investigation of speech production & analysis of speech acoustics, conference presentation, 26954
categorical vs continuous perceptual judgements of acoustic signal in speech, college students, 29892
classification & recognition of sonorant consonants in continuous speech, speakers, 24989
clinical analysis of speech using phonetic & phonological dimensions, 5 yr old male with articulation disorder, 31115

construct validity of phonological awareness assessment, reading achievement prediction, kindergarten students with mean age of 6.2 yrs, 5419
contextual effect of neighboring consonants, vowel perception, college students & volunteers, 3064
deficits in temporal & phonetic processing, recall of order of stimuli, dyslexics, comments on study by R. B. Katz et al, 14870
deficits in use of phonetic memory strategies, order memory, reading disabled children, reply to P. Tallal's comments, 14856
dichotic fusion vs "chirp" identification as mechanisms of duplex perception, reply to B. H. Repp, 8531
dichotic presentation of formant transition of syllables, "chirp-identification" in duplex perception, criticism of study by H. C. Nusbaum et al, 8532
dichotic speech stimuli, hemispheric interaction in processing of intonational & phonetic information, aphasics & patients with right hemisphere lesions, 17742
formant frequency onset for adult & child stimuli, differentiation of synthetic "r" & "w" sounds, college students, 342
formant locus frequencies in production & perception of English glides "w" & "r" & "l" & "j", speakers, 22240
fricative noise & matched vs mismatched vocalic formant transitions, processing time for consonant percept, expert & novice listeners, 8534
identification of burst & voicing & place of articulation of voiced vs voiceless stop consonants at various speech rates & rule for vocal tract size normalization using time varying linear prediction spectra, 9051
irregular spelling & spelling-sound correspondences, word recognition, 3rd vs 5th graders vs college students, 11779
learning to read orthography based on subphonemic distinctive features, generalization of feature awareness, college students, 5809
letter cancellation task, examination of whether prelexical phonological representation is essential component of normal reading process, college students, 19265
lexical access & recognition strategies & cues & recognition of vowels & methods of phonetic decoding, conference presentation, literature review, 27132
lexical knowledge & phonetic categorization, speech perception, college students, 13670
onset & offset time of harmonic, phonetic quality of vowel, research students & college staff members, 11633
perception of vowels from uniform spectra, adults, implications for auditory aftereffect, 5758
perceptual cue validation & speech perception, conference presentation, literature review, 27131
phonation time for /a/ sound, normal-voiced 3.6–17.9 yr olds, 9176
phonetic & phonological dimensions in speech assessment, comments on article by J. Harris & P. Cottam, 31116
phonetic & pictographic writing in comics, 16826
phonetic analysis & synthesis, reading & spelling abilities, children, 14092
phonetic coding, oral free recall & serial reconstruction of rhyming vs nonrhyming letter sets, 42–50 vs 60–68 mo olds, 14063
phonetic consequences of phonological devoicing of word-final obstruents in Catalan, adults, 820
phonetic vs nonphonetic presentation, memory for speech sounds, infants, criticism of J. Hillenbrand's study, 27790
phonetic vs nonphonetic presentation, memory for speech sounds, infants, reply to criticism by D. Moroff, 27776
reading ability & use of phonetic representation, spoken sentence comprehension & repetition, 3rd graders, 9207
representation of nasality in nonstandard spelling, 1st graders, 22405
role of phonetic factors in parent reference in variety of linguistic environments, infants, 19829
sex & age, phonetic & transmission & personal qualities in speech sounds & their perception, 27697
simplified phonetic vs visual spellings, word identification & learning & letter recall, kindergartners with different reading ability levels, 14028
single formant contrast, vowel identification, college students, 8524
speech & tone sequence segmentation, dyslexic vs normal 6–9 yr olds, 1607
subjective vs actual duration of syllables, adjustment for rate in auditory identification of syllables, college students, 8529
validity & reliability of procedure for phonetic transcription by consensus, speech sounds & errors, 3–6 yr olds, 97
word frequency & phonetic environment & phoneme position, production of /s/ sound in words, 6.7–12.1 yr olds enrolled in articulation therapy, 9871

Phonics
comprehension of punctuation & graphic representation in reading & writing, 4.8–6.7 yr olds, 16928
learning to read orthography based on subphonemic distinctive features, generalization of feature awareness, college students, 5809
mispronounced high-frequency words presented in storylike context, production of correct pronounciation, 2nd graders, 3630
phonemic processing instruction model, reading achievement, 8.2–11.6 yr old reading disabled children, 26661
phonics approach to teaching letter-sound correspondences with pictorial associations, 32015
picture mnemonics, learning of letter-sound & letter-picture associations, preschoolers & kindergartners & 1st graders, 9174

Phonology [See Also Consonants, Phonemes, Phonetics, Syllables, Vowels]
accent convergence, travel agency clerks & clients, Wales, support for accommodation theory, 819
acquisition of Cantonese Chinese vs English phonology, children, 14112
acquisition of phonological features of Black English, 1st–4th graders who speak Black vs Standard English, 19856
clinical analysis of speech using phonetic & phonological dimensions, 5 yr old male with articulation disorder, 31115
concurrent articulation in Stroop task, phonological recoding for reading, 16–35 yr olds & aphasic S, 9048
electromyographic & laryngeal correlates of whispered speech vs breathy speech vs conversational phonation, adult females, 9054
evaluation of basic orthographic syllablic structure, Serbo-Croatian written in Roman & Cyrillic alphabets, 823
importance of visual & phonological factors, spelling to dictation, 44 yr old aphasic male, 31170
invention of morphophonologic rule, distinction between English singular & plural nouns in speech, language impaired preschool male, 22909
language complexity, phonological accuracy & consistency of target words in imitated sentences, 22–26 mo old females & 28–34 mo old males, 924
lexical vs phonologic conversion systems in reading, 53 yr old male with transcortical aphasia & deep dyslexia, 17722
logograms & phonological & semantic therapeutic approach, dyslexia, school age children, 10811
metaphonological skills of sound blending & segmentation, reading & spelling, 1st graders & dyslexic elementary school students, 15901
nonlinear analysis of phonological disability, language delayed 6 yr old, 9879
orthography & silent reading vs reading aloud, abstract vs actual phonological representation, college students, 11655
phonetic & phonological dimensions in speech assessment, comments on article by J. Harris & P. Cottam, 31116
phonetic consequences of phonological devoicing of word-final obstruents in Catalan, adults, 820
phonological & morphemic & visual impairments, reading development, 11–25 yr olds with developmental dyslexia, 14866
phonological ambiguity, naming of words, 3rd & 5th grade beginning readers learned in Roman & Cyrillic alphabets, Yugoslavia, 25088
phonological awareness & verbal short term memory, prediction of deficiencies in spoken language skills & reading disabilities, elementary school students, 13154
phonological characteristics of speech, Broca's aphasics with apraxia of speech vs paraphasic speakers, 20494
phonological development, Urdu speaking 20–30 mo olds, 25107
phonological dysfunction in picture naming, 30–64 yr old Broca's vs Wernicke's vs conduction aphasics, 1688
phonological patterns & treatment, normally-hearing language impaired 3.7 yr old female, 10331

phonological process analysis of speech, mentally retarded 19–64 yr olds, 9854
phonological processing & speech comprehension, 31 yr old right handed female with left hemisphere damage & reduced auditory verbal span, 10016
phonological recoding skills following kindergarten, reading acquisition & achievement, 1st & 2nd graders, longitudinal study, 32058
phonological rule usage in speech to children, mothers, 22251
prestige vs stigmatized phonological variables, dialect discrimination, 10–47 yr olds, Costa Rica, 24981
production & use of segmental phonological cues, perception of syntactic structure of syntactically ambiguous sentences, speakers of American vs British English, 19244
reading ability & repeated presentations of words & pseudohomophones & control nonwords, lexical judgments, college students, 11647
role of script & phonology in lexical representation, bilingual 14–27 yr olds, 19269
role of word features & basal text characteristics, acquisition of word identification skills, 1st graders, 15758
speechlike vocalizations, deaf female at 8–13 mo of age vs hearing infants, implications for role of audition in metaphonological development, 20574
storage & comparison of phonological information vs rhyme judgment tasks, event related potentials, adults, 13807
transfer of syllable structure to second language, native speakers of American English studying Egyptian dialect of Arabic language, 24983
types of unusual &/or subtle phonological behaviors, phonologically disordered children, 22913
visually presented rhyming vs non-rhyming word-word vs word-nonword pairs, event-related potentials, males, 16654
vowel length vs transition as cues in voiced & voiceless postvocalic stops, literature review, 22254
Phosphatases
electroshock, adenosine triphosphate activity in cortex & medulla & cerebellum, rats, 16718
ethanol, brain isozymes of sodium potassium adenosine triphosphatase, long sleep vs short sleep mice, 16781
sodium & potassium adenosine triphosphatase activity hyposensitivity in brain membrane & cell fluidity during development of functional tolerance to ethanol, male rats, 8933
tolerance induced by ethanol alone vs with norepinephrine, differential sensitivity to inhibition of adenosine triphosphatase in different brain regions, male rats, 27632
Phosphatides
choline production from membrane phospholipids, Alzheimer's disease & aging, conference presentation, 31208
commercial soy lecithin preparation, development of reflex righting & swimming behavior & brain biochemistry, pregnant rats & their offspring, 27559
lecithin dosages, plasma choline concentration, 65–85 yr olds, implications for treatment of Alzheimer's disease, 8938
lithium carbonate & lecithin, Alzheimer's disease, 47–70 yr old males, 23350
piracetam/lecithin combination, treatment of Alzheimer's disease, 55–75 yr old patients, 2003
prenatal & postnatal administration of phosphatidylserine, avoidance learning & neonatal behavioral development, rats, implications for brain synapse development & etiology of mental retardation, 16754
red blood cell membrane phospholipids, psychotic &/or manic patients, 22715
triazolobenzodiazepines, platelet-activating factor-induced platelet shape change & aggregation & secretion, humans, 24863
Phospholipids [See Phosphatides]
Phosphorus
calcium & inorganic phosphate levels in blood & CSF, patients with impending vs developed delirium tremens, 4468
hospitalization & treatment with human calcitonin & art therapy, self image & physical well-being, 7 yr old male & his 5 yr old sister with chronic familial hyperphosphatasemia, 15088
Photic Threshold [See Illumination, Visual Thresholds]
Photographic Art
social psychological view of cameras & world of photography, conference presentation, 9482
Photographic Memory [See Eidetic Imagery]
Photographs
discrimination of age in masked vs unmasked facial photographs, 3.8–4.8 yr olds, 3644
field dependence & sex & street background complexity & sign type, verbal RTs to directional street signs embedded in photographic street scenes, college students, 2706
inclusion of researcher's picture in cover letter & status & role-clothing consistency & similarity between researcher & respondent, willingness to return survey form, college alumni, 11094
perceived visual dimensions & concepts in photographs, 19–45 yr olds, 24361
photodrama & corporal image as diagnostic & therapeutic aides & analysis of body image, psychiatric patients, 4567
photographs vs field observations, judgment of visual environment, Os, 29876
reliability of estimations, familiarity of photographic representations of urban locations, expert judges, 21654
self posed behavior in photographs, male vs female college students, 9487
use of conventional & instant-print photography in psychotherapy, 12483
use of photographs, training for generalization, 17–63 yr old mentally retarded males, 21108
Photopic Stimulation
binocular fusion as simple summation of monocular photopic luminances, 288
chromatic vs achromatic mechanisms, detection & discrimination of small brief lights, naive vs experienced Ss, 5711
photic stimulation & moving stimulus, neuronal responses of tectum, frogs, 5964
photic stimulation in conjunction with ethimizole treatment, stuttering, patients, 4543
photopic background stimulation, time course of rod-cone interaction, human Ss, 8478
Photoreceptors [See Also Cones (Eye), Rods (Eye)]
evaluation of photoreceptor light adaptation models based on Michaelis-Menten equation, 327
evidence for 2-component latent period receptor potential of ventral eye photoreceptor cells, horseshoe crabs, 19533
light &/vs depolarizing current, cytoplasmic calcium levels in photoreceptors, mollusks, 8765
light absorbance spectra of photoreceptors of enucleated eye & relation to psychophysical functions of color vision, 75 yr old male deuteranope, conference presentation, 25881
phosphorylase kinase, biophysical changes of type B photoreceptors, mollusk, implications for biophysical effects of associative conditioning, 718
real vs opposite direction apparent movement, canceling, implications for transmission by same neural channel, 293
response characteristics & synaptic interactions of receptors & interneurons & motor neurons in visual pathway, nudibranch mollusk, 8784
spectral sensitivity of novel photoreceptive system, mediation of entrainment of circadian rhythms, hamsters, 625
Phrases
backward transfer in training word & phrase equivalents in English & novel language, receptive & productive performance in novel language, 3.8–4.9 yr olds, 901
Phrenic Nerve [See Spinal Nerves]
Phylogenesis
behavioristic analysis of phylogenic & ontogenic contingencies that shape behavior, critical comments & author's reply, 29647
brain evolution & behavioral manifestations in family & play & separation call, mammals, 18948
object manipulation, human vs chimpanzee infants, 6330
ontogenetic behavioral selection & phylogeny & behaviorism, summary of views offered by B. F. Skinner & his reply, 29615
ontogeny & phylogeny & Piagetian theory, 5549
phylogeny & Piaget's ontogeny of knowledge, 5541
role of allometry vs sexual-selection in species differences in sexually dimorphic body weight, 60 primate species, 24527

Physical Agility [See Also Physical Dexterity]
ecological model for detection & management of mobility problems, elderly, 28555
Physical Appearance [See Also Physique]
appearance, delinquency, male 11th graders, 20378
beauty norms & role of media, body image & self esteem & development of eating disorders & other health problems, female adolescents, 11799
clothing, professional image, male vs female rehabilitation counselors & administrators, 12935
clothing, professional image, rehabilitation counselors & administrators, comments on survey by R. E. Matkin et al, 12931
feminist & other views of self beautification & sexuality, 27987
idealized physique preferences & attitudes toward women & personality rigidity, male college students, 20081
physical & demographic & personal factors of romantic attraction, male vs female college students, 20084
physical features & height & athletic physique, military rank & mobility, West Point graduates, 8192
reported physical attractiveness & physique & coloration, receipt of responses to lonely hearts advertisements, males vs females, 22607
severity of retardation, physical appearance, mentally retarded 22 yr olds, 20450
sex & apparel of stimulus S, duration of visual attention, college students, 4006
Physical Attractiveness
age & physical attractiveness & status & humor & warmth, prediction of popularity, 24–58 yr old dating service members, 30780
age & sex & cross cultural differences, self concept & self esteem & attitudes toward bodily physical attractiveness & effectiveness, 7th graders through college students, Japan vs US, 6379
age, perception of attractiveness & age of precategorized artists' drawings of human faces, 19–30 vs 56–88 yr olds, implications for psychoanalytic & Adlerian theories, 17358
alcohol consumption & approach of closing time & interest in meeting member of opposite sex, physical attractiveness ratings, female vs male bar patrons, failure to replicate findings of J. W. Pennebaker et al, 22613
appearance, delinquency, male 11th graders, 20378
athletic similarity & attitudes toward women, perceived physical attractiveness & liking of female varsity athlete, male & female college athletes, 20119
attractiveness & attire & gender of E, performance on psychological tasks, female vs male college students, 19165
attractiveness & sex of initiator of eye contact, reciprocated eye gazes, college students, 25407
attractiveness, prediction of marital status & SES, males vs females, 15-yr followup studies, 1258
attributions for corporate success of attractive vs unattractive male vs female, male vs female employees, 22602
beauty norms & role of media, body image & self esteem & development of eating disorders & other health problems, female adolescents, 11799
celebrity-source physical attractiveness & likability & participant product involvement, attitude change & purchase intentions, college students, 24068
clothing preferences & knowledge of sexual impact on males, female college students, 9458
context, perceived physical attractiveness of faces, college students, 22577
controllability of physical attractiveness of same vs opposite sex person, complimenting & dating, male vs female college students, 30777
cues & threat of high vs low shock, attraction to confederate, male college students, replication of study by Dutton & Aron, 9502
depression & self vs O rated body image & physical attractiveness, 17–63 yr olds, 20322
father's parenting behavior & physical attractiveness of children, effect of economic hardship on psychological functioning, male vs female adolescents, 8-yr followup, 22465
feminist & other views of self beautification & sexuality, 27987
judgment of physical attractiveness of supporters of women's liberation, male vs female college students, 12014
O empathy & victim physical attractiveness & resistance, social perception & attribution of responsibility for rape & certainty of rapist guilt, male vs female college students, 4018
perceived attractiveness of facial features of infants born at term vs 1 or 2 mo preterm, 17–23 yr old college students, 11690
perceived physical attractiveness of pediatric patient, attribution of responsibility for hospital disturbance involving patient, female nurses, 31842
physical attractiveness & disability of female client, initial impressions, college & graduate students in helping professions, 5119
physical attractiveness & remorse of male trust violator, evaluation of character & trustworthiness & interpersonal attraction, female college students, 9522
physical attractiveness & sex & job type, performance evaluations & recommended personnel action, graduate students, 21575
physical attractiveness & sex & task sex typing, evaluation of peer's writing performance, female college students, 1174
physical attractiveness & sex of ratee & previous performance, judgments in academic performance appraisal context, college faculty, 2322
physical attractiveness & temperament of child, caregiver interaction & attention, caregivers & 4–37 mo olds in group program, 26595
physical attractiveness, interpersonal attraction, White college males, 25396
physical attractiveness of communicator, perceptions of trust & expertise & liking in marketing context, college students, 18900
physical attractiveness of female opponent delivering severe vs mild shock attacks, retaliation with electrical shock, male college students, Japan, 17321
physical attractiveness, perceived desirability & attraction, college students, 17341
physical attractiveness vs need for intimacy vs self disclosure vs thoughts about dating partner, romantic love, college students, 20089
reported physical attractiveness & physique & coloration, receipt of responses to lonely hearts advertisements, males vs females, 22607
role of physical attractiveness in counseling, implications for counselors & clients, 21053
role of physical attractiveness in counseling, implications for counselors & clients, reply to C. D. Claiborn's & D. K. Hollingsworth's responses, 21052
role of physical attractiveness in counseling, implications for counselors & clients, response to Z. Ponzo's discussion, 21048
role of physical attractiveness in counseling, implications for counselors & clients, response to Z. Ponzo's discussion, 21040
self concept & others' ratings of facial appearance, self perception of facial attractiveness, White college students, 9560
self perceived somatotype & personality, male college students, 6697
sex & apparel of stimulus S, duration of visual attention, college students, 4006
sex & attractiveness of human models, sales response to advertising displays, consumers, 2717
sex differences, perceptions of ideal & most attractive figure, college students, 14553
slides of nature scenes or beautiful vs unattractive females in erotic settings, assessment of girl friend's aesthetic & sexual appeal, male college students, 3969
slides of unattractive vs attractive male vs female with paraplegia as result of car accident, attribution of cause of accident & disability prognosis & victim's responsibility, college students, 17711
social persuasion & attributions toward attractive vs unattractive female confederate, college students, 9517
sociometric status & physical attractiveness, 7–14 yr olds with physical handicaps vs chronic illnesses, 22981
Physical Comfort
adjustable furniture, perceived comfort, telephone operators who work at video display terminals, 2707
Day Room Program, mental orientation & physical comfort, nursing home residents, 31683
job satisfaction & physical comfort, business office workers who use CRTs vs those with same job who use paper documents, 8250
music therapy, discomfort, 21–82 yr old hospitalized medical patients, 10059

postural condition & time on circuit board inspection, posture & postural comfort & stress & task performance, 24–36 yr old engineering students, 32323
whole body vibration, comfort & performance & physiological & biomechanical reactions, literature review, 24370
whole body vibration duration, discomfort, 23–43 yr old males, 24371
Physical Contact
body therapy as complement to group therapy, small group members, 10182
counselor's touch, appraisal of counselor empathy & unconditional regard & congruence & resistance, depressed vs vocationally undecided clients, 7619
degree of smiling vs touching vs interpersonal distance, gender differences in self-presentation, White male vs female 1st–4th vs 9th–12th graders, 14131
depression & dependency & wishes to be held, male vs female college students, 14742
development of Likert-type scale for measurement of attitudes toward same sex touching, 17–86 yr old college students & volunteers, 19076
diagnosis & healing using contact & bioenergy massage, USSR, 26856
group therapy with touch & action, violent & aggressive behavior & expression of feelings, adolescents, 12539
holding & physical contact, gross motor development, infants, 22289
holding therapy, autistic patients, 15030
hugging as counseling technique, 5th graders judged as unmotivated & inattentive, 15933
maternal after birth contact & meperidine during labor, neonatal behavior during 1st 2 days of life, 3583
mutual contact, memory control processes, children, 9221
noncontact therapeutic touch by nurse, anxiety level, 36–81 yr old cardiovascular patients, 12724
observation of caretaking vs pacifying vs retrieval vs punishment types of physical contact, caretaker-young child pairs, Greece vs US vs USSR, 17172
personality correlates, tactile communication, college students, 22575
physical contact & body handling, mother-child relations, mothers & their infants, 16877
proximity vs contact with high molecular weight fraction of vaginal discharge, sexual investigation & copulation, male hamsters, 24614
psychotherapy for nervous reaction to physical contact, 14 yr old male with extreme paranoia to outside intervention, 31354
resting vs ice water immersion vs alpha biofeedback vs being touched on wrist, heart rate & EMG & skin resistance response & respiration, 18–34 yr olds, 30132
role of clasping behavior in social system, free ranging vs caged groups of Macaca tonkeana, 5943
social isolation & handling, open field emotionality, rats, 5857
touch behaviors & contextual factors, cultural meanings of everyday interactions, participant Os, 30760
touch on shoulder vs hand by waitress, tipping, male vs female diners, 30769
touching attitudes & behavior, males vs females, literature review, 1241
touching of shoulder vs arm vs hand by male vs female following interview, helping behavior, male vs female shoppers, 6633
touching within health care practice, lay persons & health care practitioners, 2056
use of interpersonal touch in personal growth program & experience of touch as measured by factor-analyzed questionnaire, psychology students, 1926
use of right vs left hand for touching of own face, monkeys vs apes vs right handed college students, 8771
visual familiarity vs bodily contact, development of littermate recognition & social preferences, spiny mice, 8716
Physical Development [See Also Motor Development, Neural Development, Prenatal Development, Psychomotor Development, Sexual Development, Speech Development]
aldosterone &/vs estradiol & corticosterone, food ingestion & weight gain & growth & fluid retention, adrenalectomized & ovariectomized female rats, 27463
biological & social determinants, responsiveness to infants, 10–15 yr old females, 9282
biological basis of human laterality & left-right maturational gradient, reply to comments by L. J. Harris & I. C. McManus, 30058
body build changes & stepping reflex, newborns, 11709
brain growth theory, applications to educational psychology, comments on theory of H. Epstein, 11677
degree of concordance for growth spurts & mental development, 3–6 mo old mono- vs dizygotic twins, 6-yr longitudinal study, 16603
development of evolution of wing-flapping behavior, white leghorn chickens, 11404
development of posture & locomotion, Japanese monkey infants, 21906
drug therapy, growth deficiencies, children, 20903
early locomotor training, EPs & density of dendritic spines in visual cortex, male rats, 590
epidemiology & clinical outcome, children with failure to thrive in rural ambulatory clinic, 2-yr longitudinal study, 9584
evolutionary viewpoint in relation to interplay of genetic programming & maturational status & environmental influence, mental development, monozygotic vs dizygotic twin pairs, longitudinal study, 9250
family size & birth order, intellectual & psychosocial & physical growth, children, 19-yr longitudinal study, 25050
fundamental maturational gradient favoring left side as explanation for structural & functional lateral asymmetries, humans & animals, comments on proposal by M. C. Corballis & M. J. Morgan, 30075
GABA & protein diet content, food intake & growth & plasma GABA & tissue amino acid concentrations, kittens, 3519
health & handicaps & size & development status, small- vs average- vs large-for-dates children, 7-yr followup, 11696
lay health visitor intervention & maternal background & newborn history, weight & development & mother-child relations, nonorganic failure-to-thrive child inpatients & mothers, implications for child abuse intervention, 10434
long term tracheostomy, physical & emotional development, infants less than 13 mo old, followup at ages 3–8 yrs, 31608
morphological maturation of taste buds, beagle puppies studied at 38 vs 47 vs 54 days of gestation & postnatally, 13740
paraventricular nuclei lesions, food intake & body weight & growth & efficiency of food utilization & plasma glucose & glycerol & free fatty acids, female weanling rats, 6070
perceived behavior & characteristics of physically accelerated vs retarded classmates at 13–14 yrs old vs at present, 18 yr old male high school students, 852
personality disorder & depression & impaired growth in psychosomatic dwarfism, 3–16 yr olds, longitudinal study, 28427
physical development, aerobic & physical working capacity, adolescents with spastic diplegia, longitudinal study, 14955
physical maturation rate, cognitive abilities, 3rd grade females vs 5th grade males, 2-yr longitudinal study, 30481
pregnancy & prenatal care & physical & psychological development, adolescent females, literature review, 12713
reanalysis of data on inheritance of directional asymmetry in starry flounder, reply to comments by C. E. Boklage & I. C. McManus, 30095
role of genetic vs cytoplasmic mechanisms in asymmetric maturational gradient, human handedness & cerebral lateralization, comments on article by M. C. Corballis & M. J. Morgan, 30053
severity of CNS damage, neuropsychological development, premature children with perinatal brain damage up to 6–7 yrs old, 9908
sodium valproate, social behavior & physical development, mice, 24807
somatic development, self concept & emotional health, adolescents, 17079
somatomedin production, brain development, patients with Down's syndrome, 6986
temperament & weight gain, 6–12 mo olds, 30368
Physical Dexterity
age & typing skill, time & accuracy of keystrokes, 19–72 yr old typists, 16403
development of sensor pegboard test, evaluation of upper-limb function, 22–65 yr olds, 29820

development of visually guided hand & finger movements in grasping & reaching, 18 wk olds, 16-wk followup, 3675
loprazolam vs triazolam, impairment in manual dexterity & card sorting, 43–62 yr old poor sleepers, 7463
normative data for Bennett Hand-Tool Dexterity Test, hearing impaired or deaf 14–21 yr olds attending school for deaf, 13575
reduced ambient temperatures, dexterity performance, male industrial workers & college students, 2705
Physical Disfigurement
activity level in daily living, sexual competence, burn-disfigured victims, 14914
chronic phenytoin therapy, craniofacial feature changes, mentally retarded 20–29 yr olds with epilepsy, 28767
initial occupational therapy assessment & treatment & equipment & adaptations to school & home, 9 yr old male with multiple congenital limb deformities, 15540
perception of physical disability & social interaction, perceptual segmentation of videotaped behavior, college students, 17327
pictures & verbal descriptions of normal vs disfigured faces, free & cued recognition of pictures & recall of descriptions, college students, implications for mechanisms of amnesia, 5690
profound orthopedic deformity, evolution of transsexualism, 28 yr old male, 7082
psychological & social factors, coping with physical disfigurement, 4–18 yr olds with vitiligo, 22975
visible physical impairment resulting from cancer treatment, psychosocial adjustment, pediatric patients, 7101
Physical Divisions (Geographic) [See Geography]
Physical Education
aesthetics in physical education, female vocational high school students, 10691
assigned vs self selected goals, motor skills performance, 5th graders, 29213
development perspective & teaching suggestions for play & games & sports, children, 25033
learning styles, college physical education vs dance majors, 2453
need for physical education specialists in elementary education, 29125
survival skills training with vs without solo camping, self concept & parentally rated behavior, male 14–18 yr olds, 11802
Physical Endurance
association vs dissociation vs positive self talk strategy, endurance in round-the-track & leg lift tasks, male college students, 646
sleep deprivation for 72 hrs, aerobic capacity for muscular work & gross mechanical efficiency & oxygen uptake by cells, 20–24 yr olds, 13823
Physical Exercise [See Exercise]
Physical Fitness
ability testing for performance of minimum muscular fitness, urban 6–11 yr olds, Botswana, implications for physical education, 22273
aerobic exercise program, physical fitness & intelligence & adaptive behavior, institutionalized mentally retarded 15–39 yr olds, 10529
aerobic fitness, autonomic reactivity to psychosocial stress, 17–50 yr olds, 24717
aerobic fitness, cardiovascular & catecholamine responses to stressors, 21–64 yr olds, 641
aerobic/circuit weight training vs aerobic/calisthenic training, physical fitness, female, naval personnel, 21535
behavioral weight control program, weight & physical fitness & nutritional behavior, educable mentally retarded, 20855
cardiovascular fitness & muscular endurance & flexibility, prediction of attrition in diving training program, 20–30 yr old male US Navy personnel, 16028
correlation of WISC-R & physical fitness scores, gifted 4th–7th graders, 16956
different degrees of running, sleep power & EEG power density, 30–35 yr old physically-fit males, 6038
different levels of aerobic fitness, heart rate & skin conductance & cognitive ability under demanding tasks, 35–45 yr olds, 11525
engineered pool therapy program, health & attitude change, 18–72 yr olds with physical disabilities, 23573
exercise management by physicians, elderly, 23130
forearm pedaling & exercise with weights & wheelchair sports, cardio-respiratory fitness & muscular strength, persons confined to wheelchairs, literature review, 1655
health & physical fitness program & demographic factors, US Navy personnel, 5458
magnitude of perceived physical fitness improvement in basic training, esprit de corps & performance & health & attrition, US Marine Corps recruits, 26772
medical standards for examinations, sport & commercial & military divers, implications for personnel selection, 29487
motor skill acquisition, electrocortical activity, 18–21 yr olds with varying levels of athletic participation, conference presentation, 19464
need for validity of physical ability test, police officers, 2636
nutrition & aerobic exercise program, physical fitness & body fat & weight, low income Black mothers, 28843
participation in aerobic fitness program & age & health status & education & number of friends in program, self perceived body image, 50–70 yr old females, 25993
physical & emotional advantages & disadvantages of jogging, 11462
physical fitness & strenuousness of exercise, cardiac awareness, male Ss, 8866
physical fitness &/vs group support programs, physiological & psychological health indicators, 46–64 yr old healthy females, 25974
physical fitness training program, self concept & tension & depression, 19–35 yr olds, 20843
psychoeducational instruction & skill building vs group counseling, interpersonal communication & life goals & physical fitness, hospitalized male psychiatric patients, 1- & 2-yr followups, 26335
self monitoring & reinforcement, attendance in physical fitness program, mildly & moderately retarded 21–39 yr olds in sheltered workshop, 18339
sport therapy, physical capacity, paraplegics, 4998
static vs dynamic vs proprioceptive neuromuscular-facilitating stretching techniques, flexibility of hamstring-gastrocnemius muscles, female students, 270
urinary excretion of catecholamines & metabolites during rest vs occupational activities, personality traits & physical fitness, 23–46 yr old male white collar workers, 13842
Physical Geography [See Geography]
Physical Growth [See Physical Development]
Physical Handicaps (Attit Toward)
attitudes & adjustment to childhood epilepsy, parents of epileptic 6–14 yr olds, 7005
attitudes toward disabled persons in various stages of rehabilitation, physically disabled clients, 10525
attitudes toward mentally retarded & physically handicapped, student teachers in postgraduate education program, 31962
attitudes toward mentally vs physically handicapped, male vs female 13 yr olds, England, 14158
attitudes toward orthopedic & sensory disabilities, nondisabled 3.2–6.2 yr olds, 13988
beliefs about abnormality, mother-child relationship & socialization, mothers over 20 yrs old & their deaf children, Nigeria, 30649
combination of individual repertory grids into consensus grids, misrepresentation of data concerning attitudes toward disabled, physically handicapped adults, 11117
interaction & eye contact with standing vs sitting confederate & colleague with vs without wheelchair, 30–60 yr olds, 4019
perception of physical disability & social interaction, perceptual segmentation of videotaped behavior, college students, 17327
Picture Ranking Task for eliciting preference order for disabilities, nondisabled vs disabled Ss, comments on article by S. A. Richardson & L. Ronald, 23058
presence vs absence of others, verbally expressed attitudes toward blind students in graduate rehabilitation course, 17729
Q-sort & role repertory methods, analysis of adjustment process & disability acceptance, spinal cord injured 24 yr olds, implications for clinical practice, 31298
sex differences, helping behavior toward disabled vs nondisabled shopper, 20–60 yr olds, 1659
slide/tape presentation of wheelchair-confined workers on jobs, hiring intentions, health professionals & vocational rehabilitation counselors, 23952

slides of unattractive vs attractive male vs female with paraplegia as result of car accident, attribution of cause of accident & disability prognosis & victim's responsibility, college students, 17711
sociometric status & physical attractiveness, 7–14 yr olds with physical handicaps vs chronic illnesses, 22981
values & attitudes toward disabilities, nondisabled vs disabled children, reply to criticisms of H. Yuker, 19918
Physical Illness [See Disorders]
Physical Illness (Attitudes Toward)
attitudes & knowledge & behavior, classmates of 12–18 yr old cancer patients, 31176
attitudes toward acquired immune deficiency syndrome & herpes II & toxic shock syndrome, college students, 25926
beliefs of causes of & attitudes toward obesity, 13–91 yr olds, Australia, 4444
cognitive development & conceptualizations of health & illness & understanding of their disability, 6–13 yr olds with spina bifida, 25815
meaning of threats of loss of life or loss of bodily integrity, severely ill 18–90 yr olds, 28514
parent & child knowledge of & attitudes toward diabetes & treatment compliance, health, diabetic children, 17755
previous hospitalization experience, medical fears, female vs male 1st vs 4th vs 7th graders, 30486
principles of intervention, assistance for expression of inner experiences & concerns about illness & death, seriously ill children, 31280
stigma, Ss under age 26 with epilepsy, longitudinal study, 25785
Physical Maturity
sexual maturation vs age, social dating, 12–17 yr olds, 27717
Physical Restraint
abolition of physical restraint in treatment of mentally ill, contributions of R. G. Hill, 10066
acute behavioral stress of confinement & physical restraint, dexamethasone suppression test, male rhesus monkeys, 667
acute immobilization stress, secretion of corticosterone & testosterone, male rats & mice, 652
acute vs chronic stress through immobilization, autonomic parameters, adult male rats, 8895
aggressive behavior & use of seclusion & physical restraint, children in inpatient psychiatric facility, 18298
decision to provide vs withhold mechanical &/vs chemical restraint &/vs use of alternative methods, nurses responsible for care of geriatric patients, 7694
dextroamphetamine, striatal multi-unit activity during free movement vs immobilization, rats, 27663
effectiveness & classroom use of DRO & momentary restraint procedures, reduction of stereotypic behaviors, 6–16 yr old severely or profoundly mentally retarded & multihandicapped students, 26629
electrical pain-induced vocalization & its modification by morphine vs diazepam vs physical restraint, rats, 689
food deprivation &/vs physical restraint & injection of noradrenaline, hypothermia & gastric stress ulcers & oxygen consumption, male genetically obese vs lean mice, 8882
gender & prior stress & immobilization-induced hypothermia, gastric disease, catheterized vs noncatheterized rats, 27475
immobilization, open field activity & shock avoidance learning & gastric lesions, rats, implications for studies of learned helplessness, 8887
nonnoxious stress & hypophysectomy, regulation of body temperature & nociception, rats, 6061
overcorrection vs physical restraint, treatment of pica, profoundly retarded 20 & 21 yr olds, 1968
physical restraint & food deprivation & acute stress, gastric glandular ulcers, low- vs medium- vs high-ethanol preferring rats, 22215
prenatal maternal light restraint stress & supine cold restraint in adulthood, development of gastric lesions & role of adaptation vs predisposition, male vs female rats, 19579
prevalence & rationale of seclusion & restraint procedures in psychiatric treatment facilities, children & adolescent inpatients, literature review, 31694
protective device, treatment of self biting, autistic 9 yr old female, 18066
restraint, cyclic adenosine monophosphate response to norepinephrine in cerebral cortex, male rats, 6058
restraint stress, total serum immunoreactive neurophysins & corticosterone levels, male rats, 661
short-term hypokinesia, levels of methionine & leucine enkephalin & beta endorphin in brain, rats, 27405
urethane anesthesia vs wakefulness vs immobilization stress, neuronal activity in medial thalamus, rats, 22078
Physical Strength
arousal vs attention vs imagery vs self efficacy & reading as cognitive preparation, strength performance, male college students, 21539
body fat & body weight, explosive power, offensive vs defensive college-level football player, 12052
bottle containing sugar vs sanol held in free hand, grip strength, adults, 3025
dynamic vs static testing, measurement of individual lift capability, adult males & females, implications for preemployment tests, 16338
forearm pedaling & exercise with weights & wheelchair sports, cardio-respiratory fitness & muscular strength, persons confined to wheelchairs, literature review, 1655
physical development, aerobic & physical working capacity, adolescents with spastic diplegia, longitudinal study, 14955
psychical impetus, physical strength, competitive weightlifters, 8152
reliability & task modification strategies for Available Motions Inventory, measurement of physical ability in manual industrial tasks, personnel, 24289
repetition daily for 2 wks vs at minimum intervals of 5 days, isometric lifting strength, 19–58 yr olds, ergonomic implications, 16119
validity, battery of physical ability tests, male & female soldiers, 13584
Physical Therapists
perceptions of & reactions to rehabilitation & patient behaviors, female physiotherapists & occupational therapists & nurses, Australia vs Sweden, 29090
treatment of chronic pain focusing on objective changes in function & behavior, physical therapists, 18365
Physical Therapy
ambulation training, self stimulation, multiply handicapped 5 yr old, 28973
behavior vs physical therapy, physical & psychological & psychosocial functioning & pain perception, chronic low back pain 20–62 yr old patients, 17852
behavioral technology & traditional physical therapy, fine & gross motor incoordination, 8.5 yr old male with spina bifida, 18357
developmental therapy, intensive care units, neonates, 2139
engineered pool therapy program, health & attitude change, 18–72 yr olds with physical disabilities, 23573
factor structure of attitudes toward satisfaction with college instruction, nursing & physical therapy students, 31864
gross motor movement facilitation devices, mobility, severely mentally retarded & visually impaired 10–12 yr olds with cerebral palsy, 18364
instructional technique for increasing independent mobility skills, nonambulatory profoundly mentally retarded 22 yr old female with Hunter-Hurlers syndrome, 28975
IQ, treatment effectiveness of psychotherapeutic programs, young mentally retarded children with cerebral palsy, review of group research studies, 7708
lack of evidence for therapeutic effect, patterning treatment for brain damaged & retarded children, 7199
muscle-energy technique, partially self administered treatment of pain from lumbar segment with restricted mobility, patients, 31750
occupational &/or physical therapy intervention, children with cerebral palsy, literature review, 1952–82, 5013
parent-centered model, physiotherapy, handicapped children aged 6 yrs or younger, 15555
personal & educational & professional characteristics, physiotherapy educators, Great Britain vs Nigeria vs US, 31912
psychotherapy & physiotherapy, agoraphobia, 15048
sport therapy, physical capacity, paraplegics, 4998

surgically implanted stimulator & stimulation of radial nerve, improvement of function of paretic hand, 56 yr old male with cerebral hemorrhage & right lateral hemiplegia, 31767
therapeutic methods using facilitation vs inhibition, dysfunctional patterns of movement, 3 & 14 & 15 yr olds with multiple handicaps in educational setting, 21400
treatment of chronic pain focusing on objective changes in function & behavior, physical therapists, 18365
Physical Trauma [See Injuries]
Physical Treatment Methods [See Also Acupuncture, Adrenalectomy, Amputation, Castration, Catheterization, Colostomy, Commissurotomy, Decerebration, Decortication (Brain), Dental Surgery, Dental Treatment, Dialysis, Heart Surgery, Hemispherectomy, Hemodialysis, Holistic Health, Hypophysectomy, Hysterectomy, Immunization, Induced Abortion, Male Castration, Mastectomy, Neurosurgery, Organ Transplantation, Ovariectomy, Pinealectomy, Plastic Surgery, Psychosurgery, Radiation Therapy, Surgery, Sympathectomy, Thalamotomy, Tractotomy, Vagotomy]
development of implantable cochlear prothesis, deaf with inner ear damage to sensory hair cells, 20665
diagnostic techniques & treatment options & psychological implications, scoliosis, female vs male children & adolescents, 12346
hydrotherapy, reduction of anxiety, outpatients with anxiety disorders, 17865
methodological refinements in Observation Scale of Behavioral Distress, habituation & validity of scale, pediatric cancer patients undergoing bone marrow aspiration, 13561
single-session cognitively based intervention program, fear of needles, 6–9 yr old hospitalized patients, 31450
systematic desensitization & response prevention techniques, cardiopulmonary resuscitation anxiety, 23 yr old mother with infant with recurrent apnea, 20835
Physically Handicapped [See Also Amputees, Health Impaired]
adaptive aquatics in occupational therapy program, physically disabled 14 yr old female with cerebral palsy, 5014
announcement of planned research on cognitive variables affecting social anxiety, facilitation vs inhibition of social interaction, physically disabled vs able bodied college students, 28428
antinuclear & antiwar TV programs, mental health, physically disabled patients, 23016
art therapy, 17 yr old male with degenerative disease, 1809
assertiveness training, 24–52 yr olds in wheelchairs, 31457
attitudes toward disabled persons in various stages of rehabilitation, physically disabled clients, 10525
attitudes toward structure & management of decision to have surgery, orthopedically disabled adolescents & their parents, 12340
behavioral reorganization of day care center routine, children with behavior problems vs developmental disabilities or delays vs physical handicaps vs emotional needs, 12611
causal attribution, orthopedically handicapped vs blind Ss, 7001
community living arrangements & family life skills & programs, disabled adolescents, 12767
computer-based approach, teaching of word decoding skills, mildly mentally & physically handicapped children, application of cognitive model, 8062
deinstitutionalization, activity patterns & skills, severely/profoundly mentally retarded & multiply handicapped adults, 31638
disabled superheroes in comic books, 12371
disclosure of disability before job interview, 30–52 yr old professionals & managers with visual or auditory or orthopedic disabilities, 16029
dyadic verbal interaction, 31–45 yr old spinal-cord-injured veterans & nondisabled military staff, 31228
educational art & drama group activities, developmental skills, 3.1–6.1 yr olds with neurological impairments & physical handicaps, 21125
employment opportunities in computing, physically handicapped, Great Britain, 5444
factor analysis, life event attributions, orthopedically impaired vs blind workers, 4384
family therapy, 5 yr old male with mental & physical handicaps & his parents, 20812
forearm pedaling & exercise with weights & wheelchair sports, cardio-respiratory fitness & muscular strength, persons confined to wheelchairs, literature review, 1655
functional relaxation therapy, self awareness & perception, physically & mentally handicapped, 26122
group counseling via group conference telephone calls & levels of pretreatment loneliness & depression & social support, life satisfaction, physically disabled Ss with mean age of 55.1 yrs, 12541
group therapy program & meals/shelter/medication/transportation coordination service, physically disabled veterans & economically disadvantaged discharged hospital patients, 25978
hearing problems, mental states & depression & anxiety & disability, elderly patients aged 70 yrs & older, 4460
inadequate social & psychological & medical assistance, 12–14 yr olds living in group homes for physically handicapped, Cuba, 2156
incidence of psychiatric disorders, 3–18 yr olds with cystic fibrosis vs cerebral palsy vs myelodysplasia vs multiple physical handicaps, 28407
instructional technique for increasing independent mobility skills, nonambulatory profoundly mentally retarded 22 yr old female with Hunter-Hurlers syndrome, 28975
integration, behavior & attitudes, staff of integrated day care center & physically & mentally & psychiatrically handicapped clients, 10527
life history model of adaptation, 33 yr old female with congenital quadralateral limb deficiencies, 22955
locus of control, male vs female orthopedically handicapped vs nonhandicapped Ss, 7054
microprocessor-controlled interface unit for disabled, 8350
model for assessment of keyboard communication techniques for scanning-input systems, severely disabled, 18877
nature & extent of mental health services & barriers to provision, severely physically disabled, 31640
observation of cognitive-linguistic deficits & passivity & inhibition in early developmental stages, at-risk infants at 9 vs 12 vs 18 vs 24 mo, implications for earlier recognition of handicaps, 17424
observation of free-play interaction, maternal withdrawal, 2 yr olds with physical handicaps or prematurely born or seriously ill & their mothers, 9–24 mo followup, 25951
parental adjustment to child's handicap, development & adjustment, physically handicapped children, 12380
patterns of mother–child interaction, physically handicapped vs premature vs normal toddlers tested at 9 & 12 & 18 & 24 mo, longitudinal study, 17815
peer ratings of social status, orthopedically handicapped mainstreamed 9th–12th graders, 15827
perception of mental health problems & need for psychological services, severely physically disabled 16–55 yr olds, 31264
perceptions of school life, 9–12 yr old mainstreamed physically handicapped & diabetic students, Israel, 2530
perceptions of seriousness & recommended treatments for behavior problems of nonhandicapped vs mentally vs physically handicapped students in mainstreamed classroom, school personnel, 15859
personal computers, rehabilitation & employment efforts, handicapped, 12833
personal values, 6th–9th grade physically vs emotionally handicapped vs learning disabled vs educable mentally retarded vs hearing impaired, 9580
personality & nature of disability, acceptance of loss, physically disabled adults in course of industrial rehabilitation, 31773
plasticity of human development, physically handicapped children, 9906
possibilities for low-cost voice-input aids, severely physically disabled, 26818
preservice psychological status & type & severity of disability & vocational adjustment, 16–62 yr old rehabilitation clients, follow-up study, 21100
procedures for construction of assessment device & adaptation of battery-operated toys, physically handicapped, 13483
professional licensing, psychologists with physical disabilities, 12918

profound orthopedic deformity, evolution of transsexualism, 28 yr old male, 7082
program evaluation practices in rehabilitation facilities, physically disabled children & adults, Canada, 23556
psychological adjustment, 6–18 yr old siblings of pediatric patients with cystic fibrosis & cerebral palsy & myelodysplasia & multiple handicaps, 6704
psychopathological & stress & developmental & sociological perspectives, coping strategies, physically handicapped children & their families, 14912
rehabilitation needs, physically disabled females, 7704
rehabilitation therapy emphasizing grief & expectations, well-being & coping & restoration of functions, physically handicapped, 12838
rehabilitative sports, physical & psychological benefits, physically handicapped, 2196
research of New York State Psychiatric Institute's child development program, children born with cosmetic & orthopedic anomalies studied at 9 & 12 & 18 & 25 mo & their mothers, 7142
role in group homes for mentally & physically handicapped children & adolescents, social workers, Cuba, 2128
role of social worker in polyclinic, mentally & physically handicapped outpatients & their families, Cuba, 2129
role play vs paper & pencil measurement of assertiveness, disabled females 65 yrs of age & over, 2864
self acceptance & degree & type of disability, 16–25 yr olds with locomotive dysfunction, 28497
self concept, coping behavior, 12–18 yr old females with treatable idiopathic scoliosis, 12323
self perception, physically handicapped vs learning disabled vs emotionally disturbed vs normal 6th vs 7th vs 8th graders, 4092
social comparison & perceived control & attributions of blame, well-being & life satisfaction & depression as measures of adjustment to physical disability, 40–73 yr olds with spinal cord injuries, 23032
social discrimination & self concept & counseling, disabled females, 15430
social interactions in mainstreamed classroom, mentally retarded & physically & sensorily handicapped 22 mo to 5.9 yr olds, 18724
social network characteristics & psychosocial support, physically disabled 45–75 yr olds, England, 20566
Social Recreation Fitness program, emotional & physical adjustment, disabled & chronically ill military personnel, 12835
social skills training program, improvement of verbal interactions with classmates, multiply handicapped 8–13 yr olds, 29389
social support networks & value of relationships, disabled college students in wheelchairs, implications for counseling services, 21509
strategies in social interaction with physically disabled person, college students, 1636
structured learning therapy with vs without transfer enhancers, acquisition & maintenance of social skills, physically handicapped 13–18 yr olds, 26358
suggested aids in vocational rehabilitation, severely handicapped people, 10511
teachers' ratings & arithmetic performance & performance on ball-throw task, physically handicapped 10–14 yr olds with internal vs external locus of control, 5339
telephone support groups, feelings of discouragement & loneliness & being too inactive to remain healthy, severely disabled, 15439
timeliness of discrimination complaint in case of termination, handicapped US Postal Service employees, case law, 14358
TV usage, 6–18 yr olds with visual or auditory or locomotor or learning handicaps, 22928
usefulness of multipurpose kitchen aid, persons with one hand, implications for rehabilitation, 31783
vertical signs &/vs ground markings, deterrence of unauthorized use of handicapped parking spaces, nonhandicapped drivers, 13360
visible physical impairment resulting from cancer treatment, psychosocial adjustment, pediatric patients, 7101
1-wk social skills training course, personal care & mobility skills, physically disabled 13–16 yr olds, 2184
Physician Patient Interaction [See Therapeutic Processes]
Physicians [See Also Family Physicians, General Practitioners, Internists, Neurologists, Pediatricians, Psychiatrists, Surgeons]
acceptance of treatment recommendations of consultation psychiatrists, university hospital physicians, 18462
approach for teaching, psychiatric interviewing, medical students & physicians, 5069
approach to communication of child's Down's syndrome diagnosis to parents, physicians, 21000
assessment of attitudes & stressors & coping strategies relating to role adoption & work environment & personal life, physicians in residency training, 23619
attendance vs non-attendance at seminar on clinical teaching, attitudes toward & implementation of new approaches in clinical teaching, physicians, 29079
attitudes & values & experiences & career choice, academic vs entrepreneur vs working vs community physicians performing abortions, 15610
attitudes about physician fraud & abuse in Medicare & Medicaid programs, 1st & 2nd yr medical students, 31885
attitudes toward & diagnostic evaluation of suicide attempters, emergency room physicians, 26449
attitudes toward need for death counseling training & confidence in providing psychosocial support to dying patients & families, resident physicians in postgraduate pediatric specialty training, 26400
attitudes toward physical & psychological & social & health state patient characteristics, internal medicine residents & staff physicians, 31877
beliefs & attitudes, decisions & actions & feelings, physicians & social workers in training, 18507
between group communication in child abuse management, social workers vs doctors vs police vs lawyers, 31657
clinical uncertainty as problem in doctor-patient relationship, 7522
collaboration model for special education of gifted students, physicians & teachers, 8072
communication skills in medical interviews, primary care physicians, suggestions for training physicians as counselors, 12884
communication techniques, improvement of patient recall & comprehension of instructions, physicians, 7572
components of countertransference, doctors & patients in medical hospital, 7571
computer aid to history taking & diagnosis in hospital outpatient clinic, physicians, 2788
consultation-liaison psychiatry, psychiatrist as physician, 23623
contribution to early psychoanalysis, A. Muthmann, 18922
coordination of speech & body movement in ending of consultations, physicians, 28823
defensive processes, caregivers & leukemia patients, 7116
development of Physician Belief Scale, assessment of attitudes about psychosocial aspects of patient care, primary care physicians, 29731
diagnostic & therapeutic sexism toward females, male physicians, conference presentation, 23408
drug & marihuana usage, physicians & premedical & medical & nursing students, implications for education & prevention & treatment for health professionals, 7810
education in human sexuality, female vs male medical faculty & residents, 26434
education in tranquilizer prescriptions, physicians, 2301
ego defense mechanisms, 25–38 yr old medical house officers, 12877
emotional distress, hospital interns & residents, 12900
epidemiology of alcoholism, physicians, implications for preventive education, 28351
ethical aspects of treatment of factitious illnesses, physicians, 29054
evaluation method for Test of Diagnostic Skills, physicians, 26401
evaluation of resident performance in hosptial based hospice, nurses & medical residents, 4940
extent of impairment by alcoholism or drug abuse or mental illness & position of Canadian Psychiatric Association, physicians, 5068
factor structure of Resident Evaluation Form, resident physicians, 27004
factors influencing preference for brand vs generic drug prescribing, cardiologists, India, 29011
family as psychosocial system, physicians, 31574

forum & counseling support system, stress, medical residents, 23670
general & gender homophily, preferences for physicians, college vs health professional students, 15380
guidelines for treatment of terminally ill patients, physicians, 7580
history & changes in diagnostic interview, physicians & their patients, literature review, 7151
history of collective bargaining & strikes, physicians, 18455
hospital program for instruction & evaluation of medical interviewing skills, physicians, 15653
incidence of drug abuse & professional consequences, physicians, UK, 28359
incidence of physical & mental disorders, future psychiatrists vs surgeons vs internal medical specialists, Switzerland, 26462
initial vs followup interviews, patient & physician role behaviors & verbal exchange structure, 27–87 yr old hypertensive patients in interview with physicians, 26002
knowledge & beliefs about diabetes management strategies, success in diabetic patient management, in-house physicians, 28844
level of training & speciality, knowledge of opiate abuse & attitudes toward opiate abusers, medical students & residents & physicians, 12960
liability for negligent release of dangerous patient, doctors at state mental institution, case law, 3869
malpractice litigation, attitudes & personal & professional life, physicians who had vs had not been sued, 21165
medical significance of complaint & other factors, prediction of patient compliance with diagnostic testing & medical treatment, junior medical residents vs staff internists, 12434
mental disorders, physicians, implications for hospital & medical staff liability & legal & professional responses, 30910
mental health & dysfunctional marital relations & role strain, 23–45 yr old female physicians, 10610
mental health training programs, primary care physicians, bibliography, 10629
opinions concerning factors related to failure rate of foreign medical graduates on Royal College examination, psychiatric residents vs Royal College examiners, Canada, 10549
parent-child communication about sexuality & family planning for prevention of unintended pregnancies & physician facilitation, adolescents, 22456
patient office visits for mental disorders, nonpsychiatrist physicians, 15390
perceived adjustment & psychosocial problems, loneliness & anxiety & depression & homesickness & low self esteem, Iranian vs Filipino physicians, US, 15616
perceived insensitivity of psychologists & social workers & physicians, parents of handicapped children, 1657
perceived likeability & competence of patients, treatment decisions, physicians, 2045
percentage of women in medical & surgical specialities & their occupancy of nontraditional roles of teacher vs administrator vs researcher, female physicians, 18494
perception of symptoms of depressive disorder, patient evaluations, new vs experienced family vs general practitioners, 14759
perceptions of life changes & loss of cancer patients, 18–73 yr old cancer patients & oncologists & nursing staff members, 2158
perceptions of patient's personality, physician-patient relationship, physicians, 7540
perceptions of role complementarity & similarity, nurse practitioners & medical doctors in joint practice, 10569
personal & job & organizational factors, perceived role conflict between nurse practitioners & physicians, nurse practitioners, 5079
personal experiences & social transformation of medicine as result of women's movement, female physicians, 29073
personal qualities & values & attitudes desirable in physicians, selection of medical students & faculty role models, 29096
phenylpropanolamine & caffeine & group therapy & behavior modification program, weight reduction, 27–62 yr old obese physicians, 23065
physician-patient relationship, treatment compliance & spontaneous health activities, medical patients & their physicians, 18189
plain & simple medical terminology dictionary, communication with health care professionals, patients, 26258
posttraumatic stress disorder, physicians & medics & corpsmen & nurses who served in Vietnam, 26412
predictive factors, practice location, medical school graduates, 1969–73, 31890
preferences for journal vs commercial advertising in selection of new drugs for medical practice, general practitioners vs specialists, 2291
prevalence & detection of depression & anxiety by primary physicians, patients seeking general medical care, 17511
problem of compliance & roles of physicians & pharmacists in drug therapy, aged, literature review, 12639
professional dominance theory, hospital decisions to adopt new medical technologies, hospital personnel & physicians, 7658
psychological adaptations during medical training, male vs female medical students vs house officers, 10611
reasons for involuntary commitment & action of physicians in completion of documentation, Canada, comment on paper by R. A. Richert & A. H. Moyes, 4953
reasons for involuntary commitment & action of physicians in completion of documentation, Canada, reply to comments by J. McCready & H. Merskey, 4962
reasons for not entering eligible cancer patients in clinical trial of surgery, physicians, 7576
receipt of medical care, 27–64 yr old physicians' wives, implications for professional ethics, 4876
recognition of depression & anxiety & neurasthenic & hypochondriacal & somatic symptoms, medical physicians, 20179
recognition of patient-generated dysphoria, 24–34 yr old general hospital house officers, 26419
relevance & reliability of classification instrument, rating of interview style, doctors, 21730
retirement lifestyles, retired physicians & nurses & social workers, Israel, implications for continuity & development & disengagement theories, 2263
right of aged to medical services, ethical & legal responsibilities, physicians, 31884
role in health maintenance organizations, physicians, US, 7779
role in prevention of alcohol-related violence, physicians, 31840
role in prevention of torture, physicians, Third World countries, 31915
role in providing care & assistance to battered wives, clergy & social workers & physicians & psychiatrists, 10336
role of child psychiatry in undergraduate medical curriculum, child psychiatrists vs general psychiatrists vs family doctors vs pediatricians, 5103
role of physician, controlled drug use, drug addicts, UK, 5062
sex & training of resident physicians, satisfaction with quality of care, medical patients, implications for recruitment of females & humanistically oriented training in postgraduate medical education, 29050
sex of physician, interruption of conversation by patients vs physicians, 16–82 yr old patients & their doctors, 10101
sex role variables, TV portrayals, nurses vs physicians, 1950–80, 9465
sexual prejudice, medical treatment & medication of female patients, physicians, 23393
social & structural factors, psychiatric consultation, male vs female physicians in medical ambulatory care center, 7808
social psychology of physician-nurse relationship, 2309
stages of dying & grieving process in terminal illness, oncologist whose wife died of cancer, 14573
steps in evaluation of patient problems, physician-clinicians, 4867
stress & personality & coping behavior & career choice, 28–70 yr old lawyers vs physicians, conference presentation, 29047
stress of graduate medical training, avoidance of patients & narrowing of doctor-patient interaction & treatment of patients as nonpersons as coping techniques, medical interns & residents, 31908
suggested alternatives for peer review, psychiatrists & physicians, US, literature review, complications for Australian psychiatists, 15623
suggestion or persuasion, medical treatment & healing, physicians, 15068
suicides, male vs female physicians vs dentists, 1963–78, West Germany, 18405

symptoms & signs eliciting description of patient as "confused", physicians & nurses, 28259
tardive dyskinesia litigation & liability of medical community, 22509
techniques for increasing patients' motivation & success in cigarette smoking cessation, physicians, 31807
tendency to prescribe psychotropic drugs to female patients, male physicians, 23292
treatment of medical problems of own spouse, 26–39 yr old family physicians & lawyers, 15589
understanding of social roles of doctors & patients, 4–5 yr olds, 17052
use of computer-based medical information systems, physicians in private group practice, 23395
verbal & nonverbal behavior, interactions during medical consultation, patients & doctors, 28554
3 vs 4 yr medical curriculum, attitudes & medical practice, physicians, 7788

Physics

acquisition of concept of inverse proportion in balance equilibrium task, 3–14 yr olds, 6294
application of quantum theory's complementarity principle to psychology, 21684
cognitive processes in solving physics problems, students & physicists, 16438
Freud & his interpretation of psychoanalysis as science, 2756
history of "consciousness movement" & relation to science, theory of quantum of action as 4th parameter of universe, 40
intuitive predictions about results of collision & consistency with laws of physics, human Ss, 29925
learning experiences, development of concept of evaporation, 5 vs 7 vs 9 yr olds, 19796
performance on mathematics pretest, prediction of physics achievement & identification of potential dropouts, college students, 8003
relationship between observer & observed phenomenon, psychology & physics, 2
scientists & study in physics & psychology, 8277
self esteem, college physics students in inductive vs deductive preservice teacher education course, 26616
understanding of vector concepts of position & displacement & velocity, 10th graders, 7950
visual-spatial ability, introductory physics achievement, college students, 7982

Physiological Aging

active respond-withhold tasks, sustained event-related potentials & P3 response & late activity, 26–35 vs 45–55 vs 65–73 yr olds, 16650
adult development & pathological aging, unsuccessful reminiscence & mourning, 73 yr old male, 9100
age & castration with periodic vs continuous testosterone, sexual behavior, male rats, 657
age & gender, sleep-wake patterns, 2–4 vs 10–11 yr old cats, 16669
age & Pavlovian conditioning, brain biogenic amine content & spiroperidol receptor binding in caudate nucleus, rabbits, 582
age & semantic & nonsemantic tasks, late positive component of event related potential, 19–24 & 63–88 yr old males, extension of previous work of M. Kutas & S. A. Hillyard, 22011
age & speech recognition, 21–83 yr olds, 9187
age as variable in achievement attribution, research on model of B. Weiner, 1244
age differences & construct validity of Wechsler Memory Scale, 20–79 yr olds with suspected neurological disorders, 13617
age differences & ORG 2766 active analog of ACTH, spatial learning & hippocampal corticosterone receptor system, 6 mo vs 26 mo old male rats, 19721
age, effect of repeated presentation of novel auditory stimulus on FI behavior, monkeys aged 2–3 yrs vs 15 yrs & older, 5869
age effects, cytoplasmic estradiol receptor concentration changes in brain areas & changes in behavior or steroid induced physiological function, female rats, 24708
age, event related brain potentials, 20–29 yr olds, 581
age, Gibson Spinal Maze performance, normal 60–70 vs 70–89 yr olds vs those with senile or multi-infarct dementia, 4438
age, intermale aggression & pup-killing & blood levels of testosterone, 2–4 vs 24–26 mo old male mice, 3317
age-irrelevant vs age-sensitive tests, test familiarity & difficulty & intellectual performance, 18–39 vs 40–59 vs 60–89 yr olds, 2855
age, performance on speed vs skill jobs, sewing machine operators vs quality control examiners with average age of 57 vs 49 yrs, 5456
age, performance on tachistoscopically presented verbal & nonverbal matching tasks, 25–80 yr olds, 8812
age, plasma & brain levels of methadone following sc injection & locomotion activity, 6–8 vs 30–32 mo old male mice, 3490
age-related change in sensory processing, well-being in later life, implications for assessment & intervention & help seeking behavior, 11711
age-related morphological changes in main olfactory bulb, 3–36 mo old Fischer 344 rats, 19462
age, RT for aimed hand movements, criticism of D. D. Larish & G. E. Stelmach's study, implications for motor preparation, 888
age, striatal dopamine receptor density & perceptual motor performance & impact of haloperidol & apomorphine, 6–8 vs 15–18 vs 25 mo old male rats, 3310
ageism & atypical symptomatology of common medical & psychological disorders, diagnosis, elderly, 28137
aging & biological changes, sexuality, elderly, social work implications, 2127
aging & creative potential, older adults, 11699
aging & ethnicity & sex & SES & marital status, health, Mexican Americans vs Anglos 60 yrs of age & older, 4-yr longitudinal study, 11692
aging & figure ground complexity, performance on color vision tests, 20–79 yr old females, 19861
aging & physiological & performance decrements, literature review of models, 22302
aging & regional cerebral blood flow, neuropsychological functioning assessed by Luria-Nebraska Neuropsychological Battery, 56–88 yr old patients with Alzheimer's disease, conference presentation, 25864
aging & senile dementia, elderly patients with schizophrenia & schizoform psychoses, 14645
aging & sex role orientation, psychological well being, 3-generational Mexican American families, 19772
aging & social understimulation, hemoglobin & fasting blood glucose, elderly in senior citizens apartment building, implications for institutionalized elderly, 15522
aging, beta-adrenergic & cholinergic & benzodiazepine & dopamine receptors, 6025
aging, cognitive processes & intelligence, 955
aging, hemispheric specialization in dichotic listening & tactile recognition, college students vs 65–91 yr olds, 3636
aging, performance, track-&-field athletes aged 40 & older, longitudinal study, 22300
aging, religious participation, church members aged 50 yrs & over, 6222
altered brain metabolism of testosterone & reproductive decline, aging quail, 24696
auditory-verbal vs visual-spatial task, selective reminding, 54–88 yr old in- & outpatients with senile vs presenile dementia of Alzheimer type vs multi-infarct dementia, 20569
brain monoamine precursors, stress-induced behavioral & neurochemical changes, 3 vs 22 vs 30 mo old mice, 600
brain tissue levels of immunoreactive-beta-endorphin & luteinizing hormone releasing hormone, 5 vs 27 mo male rats, 19456
choline production from membrane phospholipids, Alzheimer's disease & aging, conference presentation, 31208
cholinergic neurites in neocortical & amygdaloid plaques, 5 vs 20–30 yr old macaques, implications for Alzheimer's disease, 25846
cimetidine, stress ulcers induced by restraint & cold, aged male rats, 22208
clinical utility of event-related brain potentials in psychiatry & clinical psychology & importance of dissociating aging effects & behavioral measures, conference presentation, 20195
concept of time & unconscious defense mechanisms, psychological status, elderly, 1015
cortical changes & physiological factors, memory impairment, 78–83 yr olds, 6019
cortical disinhibition, cognitive impairment, patients with diffuse cerebral dysfunction, 12362
cross cultural research, influences of culture on aging, 3600

day-night rhythms in aversive thresholds & morphine-induced analgesia, 1–3 vs 22–30 mo old mice, 19543
decline in functioning on right vs left hemisphere tasks, male chronic alcoholic patients with average age of 46 yrs, 14790
depression, decreased subjective time, elderly females with mean age of 70.4 yrs, 9692
developmental & aging changes in latency of somatosensory & brain stem auditory & visual EP, 4–95 yr olds, 13983
dietary restriction of caloric intake, aging, rodents, implications for longevity, 30163
discussion of "Into Aging" simulation game, experience of problems faced by aged in society, 30404
education & training in normal aging & communicative behaviors & disorders associated with aging, Ss aged 65 yrs & older, 19923
ego & complementary perspectives of psychosis & physiological aging, 5530
environmental factors in J. F. Gubrium's theory of aging, 30374
free recall, 17–31 vs 39–52 vs 58–85 yr olds, 895
Holocaust & subsequent forced immigration, characteristics of physical & mental disorders, immigrant vs native psychiatric patients, Israel, 22637
individual vs group housing & age, RT & open field behavior & weight & longevity & activity & operant responding, rats, 22082
intellectual self management, aged, 20882
investigatory sniffing & rhythmic slow wave activity in dorsal hippocampal formation, 3 vs 18 vs 30 vs 36 mo old rats, 13796
life cycle & physiological aging, well-being & effectiveness of therapy, 11670
memory for shape & position of tactilely experienced geometric blocks, 19–76 yr olds, 3656
moderation & decline of alcohol use & smoking behaviors with age, 3594
naive realist vs psychiatric/categorical vs dimensional models of somatic concern, relation between hypochondriasis & neuroticism & aging symptoms in medical complaints, elderly, 31144
neurochemical approaches in etiology & incidence of premature aging, Down's syndrome patients, 25698
neuronal number in nucleus basalis of Meynert, 25–87 yr olds who died of liver or cardiopulmonary disease, 19444
normal psychology of aging, White elderly males, criticism of R. J. Nathan's article, 865
ontogenetic psychology vs life span developmental psychology, 16856
perceptions of illness & physiological aging & coping behavior, 50–80 vs 20–74 yr olds, 9117
personal & social religious beliefs, quality of life & aging experiences, families, 30377
phenomenology of aging & psychosis, 20259
physical & psychological characteristics of aging, literature review, 13984
physical & social factors that inhibit sexuality in older persons, commentary on 8th annual meeting of French Society of Clinical Sexology, 30742
physiological aging, changes in hearing & development of presbycusis, implications for research, 31143
primitive reflexes as normal vs related to cerebral atrophy & cognitive dysfunction, aged, 25112
psychological & physical & economic & social change, male vs female Whites with average age of 72 yrs, 4-yr longitudinal study, 866
psychological crises of aging, older males, 3750
psychosocial aspects of aging & life span, Black elderly, 3573
rate of sensory motor processes vs higher order processes, college students vs aged, 30421
recommendations concerning employment & retirement issues, 1982 United Nations Assembly on Aging, 5434
relationship of genetic differences to aging & dementia & Alzheimer's disease & Down's syndrome, 17821
right-left asymmetry in pain perception, 20–82 yr olds, 5991
salience of old age & social perception as marginal status, everyday lives & feelings, aged, 14008
scopolamine vs methylphenidate & age, information processing stages, 8943
self perception of intellectual aging, 45–64 yr old psychologists, 9119
SES & genetics & other factors, selective survival in advanced ages, Blacks vs Whites vs Native Americans, literature review, 25273
sex & age, smell identification ability, 5–99 yr old smokers vs nonsmokers, 25086
sex differences, coping and perceptions of life events, 46–70 yr olds, longitudinal study, 879
sex differences in coping, elderly, longitudinal study, comments on article by I. C. Siegler and L. K. George, implications for aging male, 846
situational factors & fear of aging & subjective well-being, Black vs White 55–89 yr olds, 25048
sodium chloride & iso-amyl butyrate & age, odor & taste perceptions, 20–25 vs 65–78 vs 80–95 yr olds, 11771
stereotypes & interpretations of aging, 16–78 yr old homosexual males, reanalysis of data collected by K. Jay & A. Young, 30724
team oriented care of elderly & demented & dying patients, 88 yr old hospitalized male, 4869
terminal decline of intellectual functioning, aged, 30471
theoretical & methodological developments in aging & lifespan development, 9111
vision changes, intelligence, aged, 14012

Physiological Arousal

abnormal behavior & physiological arousal, military veterans with posttraumatic stress disorder, 17497
acute increases in blood pressure, arousal from sleep, lambs, 24698
advance information, autonomic & somatic manifestations of anticipation, 27447
aerobic fitness, autonomic reactivity to psychosocial stress, 17–50 yr olds, 24717
age, effect of repeated presentation of novel auditory stimulus on FI behavior, monkeys aged 2–3 yrs vs 15 yrs & older, 5869
alcohol intoxication, activation peaking during paired associate learning task, 21–63 yr old male social drinkers, 27642
amplification of expressive reactions, physiological arousal & ratings of accident pictures, male vs female 18–33 yr olds, 5839
appetitive conditioning, arousal during positive vs negative conditioning & plasma cortisol, male rhesus monkeys, 22051
arousal induced by electrical shock or threat of shock vs tactile stimulus, predominance of auditory vs visual attentional control, college students, 19301
arousal response during artificial hypobiosis, rats vs hamsters, 16670
asymmetries of activation & arousal & brain neurotransmitter pathways in psychopathology, conference presentation, 1487
attribution of physiological arousal to extraneous event & unambiguous vs ambiguous emergency, bystander responsiveness, male college students, 30835
autonomic nervous system response patterns, prediction of development of schizophrenia, conference presentation, 1481
cholinergic-monoaminergic interaction model of antidepressant withdrawal-induced activation, literature review, 12634
cognition vs autonomic arousal vs expressive behavior theories of emotion, 26901
consolidation hypothesis, function of REM sleep & learning & memory, literature review, 8588
correlation & interchangeability of various measures of extraversion & sensation seeking & stimulus screening & Type A behavior, 17–69 yr olds, 8403
cortico-reticular loop mediated cortical arousal & inhibition, introverts vs extroverts, 12092
critique of models of relationship between performance & arousal, implications for Yerkes-Dodson law, 8465
dorsal noradrenergic ascending bundle, neural plasticity & anxiety & stress & attention & arousal, 3297
EEG activation levels, patients with schizophrenia vs mania vs neurosis vs depression vs personality disorders, conference presentation, 1467
environmental stress, cognitive & somatic activation & anxiety & heart rate & oral temperature, male physical education students & rock climbers, 24715
extraversion, EEG arousal under moderately stimulating conditions, literature review, test of A. Gale's hypothesis, 27386
extraversion, EEG during moderate physiological arousal, reply to comments by J. G. O'Gorman & L. R. Mallise, 27353

fear-arousing communication & attribution of arousing vs tranquilizing effect of placebo, smoking intentions & behavior, male college students, 30834
feedback on skin potential level, arousal change, 20–38 yr olds, ergonomic applications, Japan, 30136
heart rate & letter cancellation speed, 19–24 yr old high- vs low-arousal situation smokers, 11626
heart rate & pupillary response to cold pressor vs ego threat, Type A vs Type B 18–24 yr old males, 6675
high arousal stimuli, immobility & hippocampal type 2 theta & generalized sensory sensitivity, male guinea pigs, 24678
hypnosis vs progressive muscular relaxation, physiological arousal & clinical effects, literature review, 15354
hypnosis vs relaxation techniques, physiological arousal & clinical effects, criticism of A. Humphrey's review, 15344
induced emotional arousal & amnesia, memory & palmar & cardiac & cortical activity, college students, 19542
initial vs middle vs final segment of pain vs hunger cry of neonate, ratings of urgency vs arousal vs aversion vs sickness, male vs female nonparent college students, 25067
intensity & location of monaural vs binaural soundbursts, left vs right manual RT to visual stimulation, 20–28 yr olds, 27097
interpersonal tasks, physiological arousal & type of cognitions & behavioral indicators of skill & anxiety, socially anxious 18–41 yr olds, 22670
lactate injections, sympathetic arousal & provocation of panic attacks, lactate panicking vs nonpanicking patients with panic disorder &/or agoraphobia, 30957
level of arousal, accuracy of visual memory, Ss with mean age of 22.3, implications for eyewitnesses to violence, 397
levophenylisoprophyl-adenosine & theophylline, behavioral responses, mice selectively bred for differential sensitivity to soporific effects of ethanol, 9007
low- vs moderate- vs high-arousal conditions, EEG, introvert vs extravert college students, test of A. Gale's hypothesis, 27387
low vs high feedback sensitivity, skin temperature control & autonomic arousal, college students, 30134
meditation & biofeedback, reduction of somatic arousal & symptoms, 26102
olfactory bulbectomy, cardiac & ventilatory arousal responses & habituation to illumination onset, goldfish, implication for role of lower brain centers, 27532
personality & reported emotional state & autonomic response to stress, breast cancer patients, 28518
personality characteristics & level of autonomic arousal & cueing & attributional process & marital satisfaction & responses to marital conflict, 17–61 yr old agoraphobics vs nonagoraphobics, 22696
physiological arousal & affect & physical health, prediction of marital satisfaction, married couples, 3-yr followup, 30631
physiological arousal while viewing aversive vs funny film, self reported emotional intensity, males vs females, test of S. Schachter & J. E. Singer's hypothesis, 16687
physiological measurement of sexual arousal, diagnosis of deviant behavior & treatment outcomes, 33 yr old male, 20178
prazosin, autonomic arousal & psychiatric symptoms, schizophrenic 18–30 yr olds, 7442
Presleep Arousal Scale, self report assessment of presleep state, 21–65 yr old normal sleepers vs insomniacs, 21768
prolonged respiratory exhalation in threatening vs nonthreatening situation, physiological & psychological arousal, college students, 24710
psychopathology & central arousal & time experience & psychometric variables before vs after thyreostatic therapy, 20–55 yr old female hyperthyroid outpatients, 20635
pulse rate at beginning vs end of prenatal clinic visit as index of autonomic arousal, recall of information about pregnancy, 17–36 yr old females, 4872
relationships between self efficacy & stress responses & cognitive feedback manipulation & anxiety & physiological arousal, female college students performing easy vs difficult task, 13835
relaxation vs arousal induction & physically active vs sedentary & coping vs mastery rehearsal strategy, physiological arousal & anxiety & imagery & controllability & efficacy expectations, 21 yr old varsity football player, 18047
response- vs stimulus-oriented imagery training, physiological arousal, 21–58 yr old phobics, 23282
role of vasopressin in memory, 13808
self control techniques & relaxation therapy & biofeedback, reduction of stress associated with cardiovascular arousal, 28720
situational test anxiety & mathematics performance & avoidance & physiological arousal, mathematics anxiety, college students, 8007
smoking-induced physiological arousal, emotional responses, cigarette smokers, replication of "Nesbitt's Paradox" study by P. D. Nesbitt, 6161
smoking, perception of muscle activity in high- vs low-arousal conditions vs auditory perception, male vs female 18–30 yr old smokers, 6115
space invaders type video game & menstrual cycle, temporal stability of cardiac reactions, 17 & 24–38 yr old females & male college students, 27437
specific vs correlated arousal vs common pacemaker hypothesis of arousal effects on internal clocks & pacemakers, EEG during time perception task, college students, conference presentation, 3333
sympathetic nervous system arousal, lactation, 20–26 yr old mothers, 8861
technique using period & amplitude analyses, measurement of alterations in cortical arousal, rats, 29692
traumatic arousal-inducing short story in pictorial form, amnesia, 17–25 yr old college students, 16680
unilateral vs bilateral olfactory bulbectomy, olfactory-mediated arousal & maternal recognition, neonatal rat pups, 711
usual vs reassuring test instructions & anxiety level, cognitive & emotional & physiological factors, test anxious college students, 26684
vasopressin, memory & attention & arousal, female S, 743
zimelidine with vs without temazepam, psychomotor performance & subjective state, 19–32 yr olds, 3436

Physiological Correlates

abnormalities in electrodermal response & smooth pursuit eye movements & EEG during developmental course of schizophrenia, literature review, 1373
abuse potential & physiological effects of caffeine, 1525
ACTH analog ORG 2766, habituation as measured by EEG & auditory EPs & heart rate & blood pressure & behavioral performance during vigilance task, 25–40 yr old males, 22143
ACTH 4-9 derivative, event-related brain potentials & autonomic responses & response latency under distraction conditions, male college students, 6149
active & passive coping under stress, cardiac sympathetic system & urinary & plasma catecholamines, male college students, 8860
acute vs chronic stress through immobilization, autonomic parameters, adult male rats, 8895
age, drinking habits & effects of alcohol, 19–63 yr old male social drinkers, 28014
air vs car vs train transportation, subjective stress & heart rate & dysrhythmia & urinary catecholamines, male vs female 30–50 yr olds, 27450
alcohol, general health, 19–48 yr olds, Sweden, 3976
alcohol use & existence of & amount required for flushing response, families, Korea vs Taiwan, 28012
alterations in circadian rhythms & desynchronies as result of flight, human physiological & psychological functions, 13370
altitude effects, human physiology, Himalayan climbers & climbing scientists & physiologists, 684
angioarchitectonics of brain in mental retardation, implications for etiology, 6966
anxiety & anger & sadness, physiological symptoms, 17–46 yr olds, 8871
anxiety as physical & emotional state & personality trait, 4059
appetite & weight change, depressed 20–65 yr old outpatients, 9656
ascent profiles & duration of hypoxia, physiological changes & performance at high elevation, astronomy workers who live vs work for 6 hr per day at 4,200 meters elevation, 32338
bilateral skin conductance & heart rate & CSF monoamine metabolite levels & psychotic symptoms & habituation, 19–44 yr old unmedicated schizophrenic vs paranoid patients, 9614
bimodal electrodermal activity, adult male acute vs chronic schizophrenics, 25570

biochemical parameters & attention & concentration & anxiety & information processing rate immediately prior to work shift, air traffic controllers, 27426
biologic responses to bereavement, infants vs adults, conference presentation, 6033
biological & psychological effects of cocaine usage, college students, 11985
biological correlates & therapeutic effectiveness of sleep deprivation, depression, 23096
biological corrrelates of hyperkinetic syndrome, children, literature review, 7110
biological vs psychological vs social demographic variables, prediction of headache activity, 18–69 yr old chronic headache sufferers with migraine &/vs tension, 4397
biological/genetic markers & epidemiology, patients with bipolar & unipolar major depressive disorder & their 1st-degree relatives, conference presentation, 28189
birth weight & neurological & environmental & developmental characteristics, 7 yr olds with stable behavior problems, New Zealand, 6928
caffeine, blood pressure & samples & pulse & somatic symptoms & behavioral ratings, 21–58 yr olds suffering from agoraphobia with pain attacks or panic disorder, 20241
carbohydrate intake & hair trace elements & EEG measures, reading ability, 5–16 yr olds, implications for development of causal model of ecological factors influencing child development & reading ability, 25154
cardiovascular reactions, 1–5 yr olds with oligophrenia & asphyxia & intracranial trauma at birth, 17680
cholinergic receptor binding in frontal cortex, suicide victims with mean age of 39 yrs, 9809
cigarette smoking vs mock smoking, physiological changes, smokers vs nonsmokers, implications for hand temperature biofeedback training, 30751
cognitive stress vs noise vs relaxation, EMG & GSR & respiration & heart rate & mood & headache intensity, chronic headache patients, 31196
combat anxiety, predisposition to cold injury, military soldiers, 1714
comparative approach to genetic determination & physiological correlates, sensation seeking, humans, 8743
conceptualization of psychosocial pregnancy research based on model of stress, 18181
cortico-reticular loop mediated cortical arousal & inhibition, introverts vs extroverts, 12092
CSF neurochemistry, 18–32 yr old females with anorexia nervosa, 9936
depression & anxiety, serum dopamine-beta-hydroxylase activity, medical & surgical & psychiatric outpatients, 6772
development of self report measure of peripheral physiological sensations, measurement of autonomic nervous system balance & correlation with personality traits, college students, 2923
dexamethasone suppression test & sleep EEG & growth hormone response to clonidine & platelet imipramine binding as markers for affective illness, patients with obsessive compulsive disorder treated with clomipramine, conference presentation, 28205
discrepancy between physiological correlates & subjective reactions of stress as indicator of defense mechanisms against anxiety,17360
EEG findings in obsessive compulsive disorder, 20–61 yr old psychiatric patients, 4183
EEG sleep measures as neurophysiological markers of depression, conference presentation, 28213
ego strength & stress as measures of lifestyle & physiological & electrophysiological correlates, Ss with Type A vs Type B personalities, 25438
electromyographic & laryngeal correlates of whispered speech vs breathy speech vs conversational phonation, adult females, 9054
electrophysiologic characteristics & heart rate of spontaneous respiratory suspension during practice of Transcendental Meditation program, 21–43 yr olds, 5953
electrophysiological correlates of rapport in hypnosis, adults, 27384
emotional characteristics, mentally retarded & hyperactive 10 & 13 yr old female & male with congenital insensitivity to pain, 15015
emotionally positive vs negative stress stimuli, subjective & autonomic physiological reactions, college students, 30133
endocrine activity associated with autumn migration, sedentary & migratory European blackbirds, 16675
environmental stress, cognitive & somatic activation & anxiety & heart rate & oral temperature, male physical education students & rock climbers, 24715
errors of self estimates of blood alcohol context, road safety, social drinkers, 30744
erythrocyte cation transport during acute depressive episode vs remission, 24–56 yr olds with bipolar vs unipolar endogenous depression, 25598
extent & type & duration of flushing, alcohol drinking behavior, White vs Chinese vs Filipino vs Hawaiian/part Hawaiian vs Japanese families, 16770
fainting, biochemical changes in heart rate & noradrenaline & glucose & human growth hormone & cortisol, males aged 21 & 24 yrs, 7137
favorable vs unfavorable rationale to meditation, physiological factors during rest vs meditation, female experienced transcendental meditators vs nonmeditators, 24518
functional brain asymmetry, affective disturbances, literature review, conference presentation, 4239
heart & breathing rates & muscle tone & eye movements & blinking, 21–61 yr old depressed patients, 4252
heart rate & eye movements & EMG during foreperiod in simple auditory RT task, 18–37 yr olds, implications for cardiac-somatic coupling hypothesis, 11523
heart rate & finger & ambient temperature & EKG & self reported anxiety, 24–62 yr olds with panic disorder, 20265
heritability of blood concentration of uric acid & correlation with IQ, 6th grade twins & their parents & adult twins & their spouses & children, 16582
hormonal vs metabolic disturbances in anorexia nervosa, 25798
hyperventilation during panic attack, 19–73 yr old agoraphobics, 20299
hypothalamic-pituitary-adrenal axis activity, endogenously depressed 19–69 yr olds, 4220
identification of faces of famous personalities vs family members & skin conductance, 39 yr old male prosopagnosic, 17704
impaired regulatory activity of T-lymphocyte suppressors, juvenile continuously progressive schizophrenia, 6814
impaired smooth pursuit eye movement as possible biologic marker for schizotypal personality disorder, male college students, 12208
impatience & competitiveness as components of Type A behavior in choice RT task, cardiovascular reactions, Type A vs Type B college students, 22061
individual differences & response styles & lead-by relationships, heart rate & behavioral ratings of social anxiety, college students, 6622
individual differences in hemispheric organization based on schizotypy scale & development of STQ questionnaire based on distinction between schizotypal & borderline personality disorder, 26995
individual differences in psychophysiological recordings of heart rate & frontalis EMG during choice RT task involving visual presentation, extraverts vs introverts, West Germany, 19566
intelligence & psychomotor development & psychological factors, 5.8–19.7 yr old patients with Prader-Labhart-Willi syndrome, literature review, 25728
intentional hyperventilation, anxiety & autonomic arousal & tachycardia & peripheral vasoconstriction, Ss with mean age of 21 yrs, 8873
intra- & extraorganizational & individual characteristics, job satisfaction & stress & intent to quit, 18–74 yr old government & hospital employees, 16091
introversion & extraversion, cortical arousal & cerebral blood flow, females with mean age of 31.9 yrs, 6678
kinaesthetic figural aftereffect test & stimulus intensity reducers vs sensation seekers, behavioral & physiological aspects of augmenting-reducing dimension & construct validity of A. Vando's Reducer-Augmenter Scale, 19–54 yr olds, 26997
laboratory vs field studies of human stress physiology, male Ss, 22058
life change stress, psychiatric symptoms with natural killer cell activity, college students, 22064
low & high conflict situation & self report of affect during same situation days later, married couples, 22469

male social dominance & physiological states & behavioral characteristics, captive male vervet monkeys, 30027
meditation, electrocortical arousal & related phenomena, literature review, 24517
meditation, respiratory & cardiovascular & electrodermal & peripheral vascular & EMG responses, literature review, 31448
mental disorders & electrophysiological correlations, epileptics vs temporal epileptics, 20509
methodological weakness of research to validate subjective feelings of anxiety using physiological indices, 16270
micronutrient model & deficiencies of tryptophan & zinc & neurophysiology, anorexia nervosa, literature review, 25796
mixtures of univariate & multivariate normal distributions, determination of biologically distinct subgroups, psychiatric patients, 22706
model of physiological & social/psychological factors, alcohol consumption, Chinese & Japanese Americans, implications for adolescents, 14461
neuroleptic serum levels & admission symptoms & act leading to admission & military experience & childhood discipline as correlates of dangerous behavior, hospitalized male schizophrenics, 22795
neurophysiological correlates & auditory EP, 16–62 yr old same-sex sibling pairs discordant for bipolar affective disorder, 14693
pain perception & physiological manifestations of pain, 31269
perception of & reaction to intense stimulation, 10 & 13 yr old female & male with congenital insensitivity to pain, 15014
personality & physiological characteristics, blushing, 15–39 yr olds, 17095
personality traits & catecholamine & steroid hormone responses to performance stress, 21–29 yr old females with hirsuitism/oligomenorrhea, 7083
phasic forearm blood flow & heart rate responding prior to voluntary muscle contraction in stressful vs nonstressful RT task, male college students, 11529
physical countermeasures, physiological detection of deception, college students, 13834
physiological & psychological & neurochemical & behavioral correlates of cocaine abuse, 12268
physiological correlates & family & teacher & student expectations & stress, disturbances of concentration & performance & learning disorders, students, 7970
physiological correlates, responsiveness disturbances, 5–33 yr olds with nocturnal enuresis vs somatic epilepsy, 20589
physiological disturbances, bulimic syndrome & bulimarexia, 20510
physiological disturbances, etiology of autism, literature review, 28245
physiological measures of work stress, literature review, 13314
physiological parameters during rest vs stress, male vs female migraine vs tension headache patients, 7104
physiological vs subjective measures of sexual arousal, 19–34 yr old males, 22551
plasma basal & post-dexamethasone cortisol & catecholamine & cyclic adenosine monophosphate levels & platelet MAO activity, 30–66 yr old manic depressive patients, longitudinal study, 20303
platelet MAO activity & augmentation/reduction & personality traits, unipolar vs bipolar depressed vs neurotic reactive 24–69 yr olds, conference presentation, 1453
platelet MAO activity & red blood cell/plasma lithium ratio & tritiated imipramine binding to platelet membranes as trait markers for affective disorders, literature review, conference presentation, 28236
presence of high vs low expressed emotion parent, skin conductance, 29 yr old male schizophrenic, 17568
progressive muscle relaxation training, physiological responses, 28–62 yr olds with essential hypertension, 23278
psychological & physiological aspects, fainting as stress response, 10020
psychological vs cardiovascular reaction to emotional stress test, healthy females, 16686
psychophysiological & physiological aspects of T-wave amplitude, implications for scientific study of behavior at various levels of investigation, 27441
psychophysiological correlates of Type A behavior & reliability of Structured Interview vs Jenkins Activity Survey, male college students, 27449
psychophysiology of anxiety, 9673
random introjection of derogatory remarks during problem solving, emotional responses & physiological arousal, 14–25 yr olds, implications for etiology of psychosomatic disorders, 13841
ratings of pleasantness of emotional slides, heart rate & skin conductance & judged facial expression intensity, male college students, 6039
relaxation & autogenic training vs transcendental meditation, neurophysiological & respiratory changes, 22–31 yr olds, implications for psychosomatic diseases, 25972
relaxation-associated changes before & during panic attacks, patients with anxiety disorders, 14655
REM sleep & insomnia & hypersomnia as differential psychophysiological markers, anxious depressive vs primary dysthymic patients, 9602
restricted environmental stimulation therapy, skin conductance & EEG & temperature response, female college & graduate students, 19558
RT & respiratory & EEG measures, detection of sleep onset, 24-hr sleep deprived 18–55 yr olds, 18994
self reported desire for alcohol & positive expectations, salivary responding to alcohol cues, alcoholic males with mean age of 37.5 yrs, relapse implications, 6900
separation & disruption of attachment bond, biological alteration, nonhuman primates & humans, literature review, 20289
separation from mother during birth of sibling, behavioral & physiological responses, 22–60 mo olds, 9279
simulated landing & hostile threat environments, physiological assessment of workload, aircraft pilots, 29568
sleep loss, heart rate & temperature & plasma catecholamine & sympathoadrenal response to exercise, graduate students, 11514
sleep stage transitions & tonic REM, 17–25 yr old primary depressives, 25600
slides of fire-setting vs non-fire-setting scenes, physiological & cognitive responses, 12 yr old fire-setting male, 31044
sociocultural & biological determinants & consequences, human diet, 11892
stress, biochemical & physiological responses, US Air Force pilots, 27445
stress, biological responses & cellular healing, 4422
threatened stressor vs RT vs imagery tasks, bilateral temporal artery & digital pulse amplitudes & heart & respiration rate, 19–42 yr olds with migraine headache, 20567
time presentation of external heat load, physiological response & perceived effort & thermal sensation during exercise, Ss with mean age of 21.4 yrs, 3355
timolol maleate, physiological & psychological components associated with fear of flying, 18–65 yr old phobic patients, 28744
topical application of nicotine, heart rate & salivary nicotine & blood pressure, 31 yr old male, smoking cessation implications, 13902
tracking movements of eyes & muscle activity & respiratory cycle & remembering & thinking during lucid dreams in REM sleep, 43 yr old male, 639
trimethyltin, biochemical & behavioral & morphological development & neurotoxicity, postnatal rats, 24890
Type A personality & percentage of soluble anagrams in task set, systolic & diastolic blood pressure & heart rate, male college students, 19556
unemployment, psychological & biochemical & economic impact, unemployed workers in program to reduce negative effects of unemployment, 2614
urinary catecholamines & arterial blood pressure & psychosocial factors, 35–54 yr old males, Norway, 3322
urinary excretion of catecholamines & metabolites during rest vs occupational activities, personality traits & physical fitness, 23–46 yr old male white collar workers, 13842
videotape-modeled progressive muscle relaxation training with vs without nitrous oxide, MMPI scores & heart rate & blood pressure & other physiological factors & subjective tension levels, patients, 12579
viewing slides related vs not related to alcohol, subjective & physiological & behavioral responses, 24–52 yr old abstinent alcoholics, 14780
visual EPs & prediction of lithium response, patients with major depression, 31553

whole body vibration, comfort & performance & physiological & biomechanical reactions, literature review, 24370
Physiological Psychology [See Also Neuropsychology]
brown adipose tissue thermogenesis laboratory exercise, college students in physiological psychology class, 2418
communication gap & theoretical orientation, social vs physiological psychologists, 5071
comparison of W. Wundt's "Principles of Physiological Psychology" to modern psychology textbooks, 8297
place of physiological psychology in neuroscience, 5963
Type A behavior & physiopathological stressors, onset of cardiopathy, humans vs animals, literature review, 31148
Physiological Stress
activity wheel stress, regional brain norepinephrine & 3-methoxy-4-hydroxyphenylglycol content & gastric lesions, male rats, conference presentation, 30159
acute vs chronic stress through immobilization, autonomic parameters, adult male rats, 8895
chlordiazepoxide, stress induced anterior cingulate cortex unit activity & gastric pathology, rats, 22172
cross tolerance between cold water stress analgesia & morphine analgesia, male rats, 8962
diazepam, attenuation of analgesia induced by cold swim stress, male rats, 24873
environmental & physical stress, glucose intolerance & diabetes mellitus, 7130
long term repeated centrifugation stress, white & red blood cell counts & hemoglobin, rats, 668
naloxone & development of morphine tolerance, effects of ECS vs footshock stress on inhibition of recurrent kindled seizures elicited by amydaloid stimulation, male rats, 11549
naloxone & development of morphine tolerance, effects of ECS vs footshock stress on inhibition of recurrent kindled seizures elicited by amygdaloid stimulation, male rats, 11549
nonnoxious stress & hypophysectomy, regulation of body temperature & nociception, rats, 6061
pathways of psychological & cold & pharmacological stress in CNS, rats, literature review, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 594
personality, self initiated competition behavior & physiological fatigue, Type A vs Type B 19–29 yr olds, 12053
physical stress & simulated flight emergencies & combat, presence of neurotransmitters & their metabolites in urine, student vs experienced US Air Force pilots, 3327
postural condition & time on circuit board inspection, posture & postural comfort & stress & task performance, 24–36 yr old engineering students, 32323
psychological & social & biochemical effects of unemployment with vs without intervention, Sweden, 12108
self reported physical stress reaction 1st & 2nd order factors, college students, replication of J. C. Smith & J. M. Seidel's study, 24345
state anxiety scores prior to muscle biopsy & musculature & blood pressure & metabolic responses, Israel National Water Polo players, 16691
stress, biochemical & physiological responses, US Air Force pilots, 27445
stress, growth of viral vs nonviral cancers, animals, literature review, 30122
stressful task, self report & heart rate responses, college students, 22063
unemployment, physiological & psychological & interpersonal stress, 13258
use of in vivo autoradiography, study of changes in opiate receptor occupancy in brain induced by footshock & forced swims in cold water, male rats, 11501
work record & shift work, circadian vibrations of heart rate, 18–21 yr old construction workers, 6036
yohimbine &/vs naloxone &/vs parachlorophenylalanine, stress analgesia, male rats, 24810
Physiology [See Also Related Terms]
functional-system theory, analysis of purposeful behavior, humans & animals, 596
hypnosis, physiological response to burn injury, burn patients, 7501
multidisciplinary approach to teaching physiology of learning & memory in medical education, medical students, 15644
opposition to rejection of physiological variables in sociological theories, comment on article on emotionality & self & interaction by N. Denzin, 14465
physiological effects of endorphins, 11510
physiological mechanisms, drinking elicited by eating, literature review, 3312
physiology of defecation, implications for diagnosis of encopresis, 4489
sex-based physiological differences, sports performance & body development & muscle biochemistry & flexibility, females, 23936
Physiotherapy [See Physical Therapy]
Physique
body build changes & stepping reflex, newborns, 11709
morphological differences in autonomic nervous system functioning, male vs female college students, 24660
physical features & height & athletic physique, military rank & mobility, West Point graduates, 8192
physical size & quality of dress of shoplifter, report of shoplifting, bystanders, support for equity theory, 4020
physique & masculinity/femininity, sex differences in self reports of psychophysiological activity, college students, replication of R. Plutchik & H. Conte's study, 22628
physique & temperament, self attribution of personality traits, 19–24 yr old males, 17363
reported physical attractiveness & physique & coloration, receipt of responses to lonely hearts advertisements, males vs females, 22607
Physostigmine
atropine vs methylatropine vs DKJ-21 induced muscarinic receptor blockade in CNS, FI schedule-controlled operant responding & response rate-decreasing effects of physostigmine, male rats, 27598
cholinergic drugs UM-1046 & physostigmine, symptoms resembling naloxone-induced opiate withdrawal in morphine dependency, rhesus monkeys, 24856
cholinesterase inhibitor physostigmine & other cholinergic & anticholinergic drugs, stimulant-induced stereotypy, male rats, 3449
levels of oral physostigmine, Alzheimer's disease, 52–76 yr olds, 15311
mecamylamine vs nicotine vs physostigmine pretreatment, phencyclidine-induced locomotor activity & convulsions, male mice, 8944
physostigmine, extinction of nonreinforced food-procuring reflex, cats with caudate nucleus intact vs removed, 27483
physostigmine, high- vs low-frequency movement vs habituation of moderate-frequency movements, male rats, 22167
physostigmine, pulse & blood pressure & serum epinephrine, 25–52 yr old patients with affective disorder, implications for treatment of Alzheimer's disease, 28208
physostigmine sulfate vs pilocarpine & muscarinic vs nicotinic blocking agents, elicitation of yawning & tongue protrusion & teeth chattering, male rats, 24957
Piaget (Jean)
adaptation in evolutionary psychology of K. Lorenz & genetic epistemology of Piaget, 30389
assimilation & accommodation & closed aspects of mind in works of Freud & Piaget, reply to comments by J. R. Morss, 16867
concepts of assimilation & accommodation & closed aspects of mind in work of Freud & Piaget, comments on article by H. Furth, 16884
mutationist & Darwinian theories of evolution & Piaget's tertium quid, 5529
neo-Piagetian models of cognitive development, 6274
object & personal knowledge & processes of equilibration in cognition, adults, extension of Piaget's subject-object equilibrium model, 16959
ontogeny & phylogeny & Piagetian theory, 5549
phylogeny & Piaget's ontogeny of knowledge, 5541
Piagetian stages & psychoanalysis, 11036
Piagetian theory, effect of computer assisted instruction on child development, 5265
Piagetian theory on role of play & creativity, development, children, 6249
Piagetian vs psychoanalytic view, childhood moral development, 9316

Piaget's & alternative theories of object concept development, infants, literature review, 6324
Raven Coloured Progressive Matrices as measure of Piaget's cognitive developmental stages, 201
relation of L. Szondi's vectors to Piagetian developmental stages, 30397
teaching of reading & Piagetian theory of cognitive development, 14089
theory of J. Piaget, cross cultural study of intelligence, children, Africa, 27767
Piagetian Tasks
development of rule structures on balance-scale & inclined-plane tasks, 1st–6th graders, 19806
development of seriation & correspondence & transitivity task performance, kindergartners & 1st–6th graders, 22324
development of standardized tests based on Piagetian tasks for classification of stages, literature review, 16314
difficulties in administering Piagetian conservation tests, preoperational children, 2883
examination of psychometric vs Piagetian kinds of intelligence & measures, kindergartners & bright & average & retarded 5–7 yr olds, reanalyses of studies, 5604
gender, performance on Piagetian tasks of horizontality & verticality, Igbo students aged 8–19 yrs, Nigeria, 19840
information processing demands, performance on combinational ordering problems, 2nd–5th graders, 16998
information processing load of task, synchronic development of concrete operational structures, children, 11769
intellectual giftedness, performance in Piagetian stages, 10–16 yr olds, 27762
multiple choice vs drawing vs apparatus test methods, performance on water level horizontality task, female vs male 17–48 yr olds, 30483
perceptual contrast in Piagetian task, assessment of conservation of quantity, 3.7–4.7 yr olds, 27798
Piagetian tasks, cognitive development, male vs female 16.3–16.8 vs 16.8–17.3 yr olds, 6289
Piagetian tasks vs intelligence tests, prediction of early arithmetic performance, kindergartners & 1st graders, 10756
presentation method & response format, responses on Piagetian reasoning problem, college students, 8138
seriation training, kindergartners, 22322
SES & conservation training, performance on Piagetian conservation tasks, 4–6 yr olds, 910
simultaneous vs successive information integration & performance on Piagetian tasks, male & female 4.9–9.1 yr olds vs male preschoolers vs 2nd vs 5th graders, Canada vs India, 30459
teaching method of L. F. Obuchova, performance on conservation & seriation tests, kindergartners, 22325
transparent occlusion of object, Piagetian Stage IV error, 258–299 day olds, 27758
variation in operational development, children, implications for analytical research, 3649
Piano [See Musical Instruments]
Pica
blindfold contingency, treatment of pica & collateral behaviors, profoundly retarded 24 yr old female, 18080
overcorrection vs physical restraint, treatment of pica, profoundly retarded 20 & 21 yr olds, 1968
tidying vs oral vs personal hygiene components of overcorrection procedure in alternating treatments design, pica, mentally retarded 34 vs 39 yr old females, 31477
Picketing [See Social Demonstrations]
Picks Disease
deterioration of language abilities, patients with Pick's disease with neurofibrillary tangles, implications for dementia, 17750
Picrotoxin
altered GABA mechanisms using picrotoxin, habenular functions of locomotion & grooming & head dipping, rats, 16756
GABA vs muscimol vs picrotoxin vs bicuculline into superior colliculus, circling & asymmetry, male rats, 30233
muscimol & picrotoxin & bicuculline in globus pallidus, spiperone-induced catalepsy & locomotor activity & stereotyped sniffing, male rats, 30277
naloxone vs picrotoxin &/vs pentobarbital vs diazepam vs clonazepam, response to multiple FR vs FI schedule of food presentation, pigeons, 16742
picrotoxin & pentylenetetrazole & chlordiazepoxide, social interaction & anxiety, male rats, 16758
picrotoxin vs pentylenetetrazol vs tracazolate vs Ro 5-3663, social interactions & anxiolytic behavior, rats, 13884
psychotropic drugs, locomotor hyperactivity induced by nucleus accumbens injection of picrotoxin, male rats, implications for role of dopamine & acetylcholine & GABA transmission systems within nucleus accumbens, 22198
sensitivity to picrotoxin as index of physical dependence on alcohol & withdrawal hyperexcitability, mice, 24947
Pictorial Stimuli
affective assessment, left vs right hemisphere recognition of pictorial vs verbal materials, high school students, 11378
age differences, visual perspective taking ability & role of egocentrism, 3.2–8.5 yr olds, 6283
anthropomorphism, word learning, kindergartners, 29171
arousal induced by crowded situation &/vs emotion-provoking slides, perception of crowding & rating of stimulus emotionality, high school students, 13720
assessment of processing demands in series of orienting tasks, college students, 27147
assimilation & accomodation & whole- & part-oriented processing & cohesiveness of pictorial materials, memory, replication of study by J. D. Bransford et al, 16468
attention to quantitative & configural properties of abstract visual patterns, 2nd vs 4th vs 6th graders vs college students, 9209
calligraphy style, ratings of Japanese pictograph characters for category representativeness, college students, US vs Japan, 24465
choice of emotionally positive vs neutral vs negative pictorial stimuli, 19–28 yr olds scoring high vs low on Sensation-Seeking Scale, 25487
classification of didactic pictures, methods of achieving higher validity of picture communication, 10723
combinations of picture & word triads, short term recognition memory performance, college students, support for dual coding theory, 13714
complexity of drawing details, recall of pictures, college students, 21883
conceptual vs visual similarity of peripherally-presented pictorial information, perceptual integration of pictures during saccade, college students, 16415
cue to selectivity process stimuli, detail encoding & facilitation of picture recognition, college students, 27182
differences in encoding specific & categorical information, cued recall for cue-target picture & word pairs, 2nd vs 5th graders vs college students, 19789
display size & constancy of global vs local levels of scenes, picture processing, college students, 19186
dissociable vs nondissociable vs common vs specific features of pictorial stimuli, analogical reasoning, college students, 16439
emotional tone of pictorial stimuli, reidentification, alcoholic Korsakoff patients & nonamnesic patients with alcoholism, 31047
encoding time of pictures vs letters, short term memory, mentally retarded 16–29 yr olds, 14851
error types in picture naming as diagnostic tool, aphasic 30–82 yr olds, 20537
evaluation of presupposed & asserted information & pictorial encoding & referential continuity of presupposed information, referential verification of sentence-picture association, college students, 27146
exposure duration to pictorial stimuli & illumination vs darkness during interstimulus interval, recognition memory in delayed matching, squirrel monkeys, 11421
exposure to sexually violent vs nonviolent written & pictorial stimuli, sexual arousal, males, 8855
figurative properties & pictorial description of verbal stimuli, classification processes, college students, 29910
frequency of occurrence of objects' names in print & item difficulty, latency of picture naming, 20–41 yr olds, replication of R. C. Oldfield & A. Wingfield's study, 13700
Gestalt geometric forms, eye fixations & detection of relations among visual elements, 1 & 3 mo olds, 9244

goal instruction, production & integration of narrative sequences in picture story, 4–6 yr olds, 885
incidental vs intentional memory conditions, free recall of categorized & noncategorized lists of pictures, kindergartners vs 2nd graders, 27801
incomplete pictorial instructions, questions asked & awareness of lack of understanding, 5.4–6.9 vs 8.10–9.6 yr olds, 6320
indication of direction & speed of nonmimetic figures, perception of speed & direction of motion, 8–16 yr olds, 27794
informational contribution of figurative schemas vs other nonverbal modes of expression in learning, 8575
initial fear level, safety signal conditioning to fear-relevant vs irrelevant stimuli, college students, implications for preparedness theory of phobias, 27187
instructional role & function of pictures, conducting pictorial research, 10692
integrative imagery vs concrete enaction & repetition strategies, recall of pictograph sentences, 5.5–6.5 yr olds, 25117
interpretation of emotional facial expressions, 3 vs 4 vs 5 yr olds, 902
interpretation of pictures & perceptual verbs, tendency to indicate entire object array although instructed to report only parts visible, 3 & 4 yr olds, 25134
interspersal vs concurrent training procedure, acquisition & retention & generalization of picture names, mentally retarded 7 & 11 yr old females & 7 yr old male, 29381
interword & interline space, Chinese reading, college students, Taiwan, 11319
Kanji character or English letter or flash as mask stimuli, processing time for Kanji character or English as test stimuli, 19–20 yr olds, 11286
left medial parieto-temporo-occipital hematoma, low level perceptual processing & identification of orthographic material & pictures presented at tachistoscopic durations, 51 yr old female with pure alexia, 14852
lower vs middle class background, recall of picture story, 4–5 yr olds, 19794
luminance vs amount of attention demanded by masks & onset of masks, picture-memory performance, college students, 11362
mediational sentences, paired associate learning of picture list, mentally retarded children, 12302
memory, deaf children vs adults, 1721
perception of & response to holograms vs real objects, 4 mo old infants, implications for use of holograms in early perceptual development studies, 30460
perceptual & functional advanced information, representations of semantic categories, college students, 3081
perceptual breakdown & reintegration of characters in reading Chinese, 13681
performance on Brown-Peterson short term memory task for pictures & words, trainable & educable mentally retarded 17–30 yr olds, 25711
pictorial &/or textual visual cuing strategies, reading scores, 4th graders with average vs low reading ability, 26515
pictorial foreground-background reversal, haptic recognition of pattern, blind 8–16 yr olds, 12369
pictorial instruction, paired associate recall, 1st graders, 27783
pictorial vs verbal advertisement, memorability of brand names of consumer products, college students, 2718
picture aids, learning of similar sight words, kindergarten children, replication of R. J. Lang & R. T. Solman's study, 6323
picture context & color, recognition with novel vs mirror image distractors, college students, 8496
picture frequency-discrimination vs recognition, rate of forgetting, college students, 27172
picture mnemonics, learning of letter-sound & letter-picture associations, preschoolers & kindergartners & 1st graders, 9174
picture naming vs word reading, time course of picture-word interference, college students, implications for relative speed hypothesis, 19253
picture prompts, learning accession to & termination of microcomputer program, mildly mentally retarded 11.3–13.6 yr olds, 29358
picture prompts, setting up work stations, moderately mentally retarded 19 yr olds, 31782
picture stimuli & computer software for Apple II microcomputer, 2831
pictures & verbal descriptions of normal vs disfigured faces, free & cued recognition of pictures & recall of descriptions, college students, implications for mechanisms of amnesia, 5690
positive vs negative verbal descriptions of family planning, ratings of pictorial vs nonpictorial family planning stimuli, urban 20–45 yr olds, 14306
presence of contextual detail, picture recognition, college students vs 65–69 yr olds, 3659
presentation of same object in various perspectives & states vs different objects with varying degrees of conceptual relatedness, determination of equivalency, college students & 28–60 yr olds, 5782
problem presentation with 2- vs 3-dimensional stimuli, assessment of social problem solving strategies, 3–5 yr olds, implications for intervention, 13495
processing of verbal vs pictorial descriptions of tokens, right handed aphasic vs right hemisphere brain damaged 14–25 yr olds, 22965
prose passages with picture adjunct aids, memory & verbal comprehension, 4th graders, 7964
quality of schooling & exposure to pictures, pictorial comprehension, 9–11 yr olds, India, 6312
radio weather forecast with vs without TV pictures, recall, college students, 30327
realism vs conventionalism in pictorial art & visual perception, 3557
recognition task response, deaf vs hearing children with mean age of 9.6 yrs, 4496
representational vs analogical vs arbitrary instructional pictures, learning process, adults, 8558
role of pictures in comprehension & retention of written texts, children, literature review, 25144
school book picture presentation & determination of articulation disturbances, 6–7 yr olds, 25748
semantic category of distractors & targets, semantic errors in auditory comprehension & picture naming, aphasics vs nonaphasic brain damaged, treatment implications, 17715
sequential presentation of 2 pictures of some category to left vs right visual field, semantic priming effect in picture naming, college students, 16633
signs with airplane silhouette &/vs route arrow & congruence of silhouette's orientation & arrow direction, response times & accuracy of derived directional information, urban drivers, 32332
simulated heartbeat, enhancement of imagery response to color pictures, high vs low imagers, 29902
size congruity, duration of mental comparison stage or other stages, college students, replication of A. Paivio's experiment, 11322
slide presentation vs videotape vs walking with guide, route learning, kindergartners vs 2nd graders, 3625
slides of firearms, aggression through delivery of electric shock, irritable vs unirritable college students, 20105
subjective rating of interest value of complex visual stimuli, late positive components of visual EPs, adult males, conference presentation, 19474
tachistoscopic presentation of characters embedded in word vs nonword vs character vs pseudocharacter context, perception of Chinese characters, 11318
tachistoscopic presentation, recognition of Chinese characters & nonsense shapes, college students, China, 13668
tactual picture information, memory performance for auditorily presented texts, congenitally vs adventitiously blind with mean age of 14.1 yrs & 14.8 yrs, 23021
verbal vs verbal-pictorial material, speech comprehension, preschool age children, 3668
visual images & text, knowledge acquisition in botany lesson, 6th graders, 27813
visual perception & Chinese character recognition & auditory perception, 7.8–9.9 yr old dyslexic males, Hong Kong, 28379

Pigeons

adaptation to red-vertical & green-horizontal stripes, orientation-contingent & chromatic aftereffects, pigeons, 30012
autoradiographic & histochemical procedures, identification of trigeminal sensorimotor circuit for pecking & grasping & feeding, pigeons, 8838

autoshaping, patterning phenomena during keypecking, reinforced vs nonreinforced pigeons, 16517
binocular visual field, various breeds of pigeons, 21961
climate, homing orientation, homing pigeons, Germany vs Italy, 27252
clonazepam & valproic acid & phenytoin & ethosuximide & phenobarbital, rate of responding in acquisition procedure, pigeons, 19715
closed-wing vs open-wing pigeon decoys, visual alarm, woodpigeons, 13744
color-specific discrimination training on only or both matching-to-sample & oddity-from-sample, categorical coding of colors from different tasks, pigeons, 24560
control of beak opening & peck location, male pigeons, 8599
delay between stimulus presentation & opportunity for choice, stimulus discriminability, pigeons, 19326
differential reinforcement schedule followed by nondifferential schedule, response rate, pigeons, test of A. R. Wagner & R. A. Rescorla's model, 8613
differential vs nondifferential sample responses, overshadowing in zero-delay matching-to-sample task, pigeons, 24558
discrimination training to disengage posttrial processing/rehearsal of prior food cue, pigeons, 24537
duration of reinforcement availability in concurrent VI schedules, matching of time & reinforcement proportions, homing pigeons, support for R. J. Herrnstein & W. Vaughn's melioration hypothesis, 19319
fixed vs variable delays before reinforcement, indifference point of choice for key pecking, pigeons, 19333
forgetting of visual discrimination, pigeons, 19331
insertion of tone between CS & UCS, CS responding, pigeons, 8632
intermittent reinforcement, order sequences in color matching-to-sample performance, pigeons, 27215
lateral telencephalic lesions, visual discrimination, pigeons, 6074
length of delay, short term retention in delayed matching-to-sample task, pigeons, 24547
memory set & display size, visual search, pigeons, 8611
nervus facialis & glossopharyngeus afferent pathways, feeding behavior, pigeons, 24640
number of short duration stimuli, operant behavior & stimulus directed activities, homing pigeons, 30014
operant conditioning, food acquisition problem solving & role of insight, pigeons, replication of W. Kohler's 1925 experiment with chimpanzees, 446
operant conditioning studies, pigeons, Mexico, 29668
paleostriatal lesions, instrumental learning, pigeons, 6082
permanent shift in internal biological clock using artificial photoperiods, orientation system, homing pigeons, 24620
presence of visual projection area in caudolateral telencephalon as determined by visual EPs, pigeons, 3277
ratio values & duration of food delivery, preference for sequential FR schedules, pigeons, 19325
reinforcement delay vs probability, discrimination learning, pigeons, 19318
reinforcement schedules, bias of phencyclidine discrimination, male pigeons, 19704
reproduction memory of 2-event sequences, pigeons, 3187
same/different concept learning & serial probe recognition & probe delay, serial position functions & recency effect, pigeons, 19336
simulated foraging chain with 3-component operant chain schedule, search-cost ratio & foraging & feeding, female pigeons, 21930
spontaneous & deferred imitation of arbitrary responses, male pigeons, 21915
stimulus validity in conditional discrimination task, pigeons, 8664
visual & auditory short term memory, pigeons, 24551
visual discrimination of abstract stimuli & pictures, long term memory, pigeons, 470
visual length discrimination, pigeons, 21977

Pigments [See Also Hemoglobin, Rhodopsin]
biopsychosocial model of skin color, self identity, 12059
foveal & extrafoveal distribution of macular pigment, humans, conference presentation, 24420
neural retina vs pigment epithelium & optic lobe, blood flow & uptake of nutrient analogs, 5–7 day old chicks, 11517
neuronal ceroid lipofuscinosis, mentally retarded 49 yr old male & his 51 yr old sister, 10013
ocular & macular pigment absorption, loci of chromaticity neutral points, protanopes vs deuteranopes vs tritanopes, conference presentation, 25847

Pigs
age differences & complex environmental stimuli, recognition of mother & home environment, 1–14 wk old piglets, 5907
confinement & farrowing behavior & social organization, production & perinatal death, pigs, comments on article by D. Fraser, need for future research on animal well being, 3136
deconfinement vs semiconfinement vs confinement, social interaction & aggression regulation, nonlactating sows, 5908
estrus detection procedures & stimulation by boars, sexual receptivity & mating rate, female pigs, 13773
exposure to odor of pig sex pheromone, ratings of photographs of human male stimulus & mood, college students, 6571
housing, stress & plasma corticosteroids & health, adult pigs, animal welfare implications, 5846
mating & social behavior & environmental effects & farming practices, production, pigs, literature review, implications for need for more humane rearing conditions, 3133
mechanism & formation factors of teat-order, piglets from birth to 1 mo old, 27299
renin vs peptide analogs of angiotensin, water intake & salt appetite, female pigs, 27623
social behavior, free-ranging vs indoor-housed sows, 13775
stereotyped behavior & adjunctive drinking during feeding periods, tethered sows, 27300
weight range at allocation to fattening groups, dominance & agonistic behavior & weight gain, Landrace gilts, 5944

Pilocarpine
barbital withdrawal with vs without pilocarpine, levodopa accumulation in striatum, male rats, 13898
GABAmimetic vs cholinergic agonist pilocarpine, inhibition of apomorphine-induced circling, male rats with unilateral substantia nigra dopamine depletion, 24869
physostigmine sulfate vs pilocarpine & muscarinic vs nicotinic blocking agents, elicitation of yawning & tongue protrusion & teeth chattering, male rats, 24957
pilocarpine dosages, behavioral & EEG & forebrain neuropathological changes, male mice, 27655

Pilots (Aircraft) [See Aircraft Pilots]

Pimozide
chlorophenylpiperazine in conjunction with trazodone or pimozide, depression of conditioned avoidance responses, mice, 11624
clozapine vs thioridazine vs pimozide, antagonization of dextroamphetamine-induced activity & stereotypy, male rats, 27635
haloperidol & pimozide & tiapride, hyperkinesia & motor performance, 31–59 yr old patients with Huntington's chorea, 20907
naloxone or pimozide, place-specific sensitization of conditioned activity increase induced by morphine administered into ventral tegmental area, rats, 9031
pimozide & reward, licking responses to sucrose solutions in anhedonia paradigm, nondeprived male rats, 22168
pimozide, CSF noradrenaline levels, 18–35 yr old schizophrenic patients, 4790
pimozide, development of school phobia, 10 yr old male with Gilles de la Tourette's syndrome, 23333
pimozide, hyperactivity induced by lesions of ventral noradrenergic bundle, male rats, 3357
pimozide, hypothalamo-pituitary function, behavior disordered 5–13 yr olds, 15327
pimozide, rates of responding in VI schedule task, female rats, test of anhedonia hypothesis of neuroleptic action, 30271
pimozide, response initiation latencies & eating times, male rats, 30318
pimozide vs domperidone pretreatment, apomorphine-mediated conditioned taste aversion, male rats, 9005
pimozide vs placebo, treatment of Tourette's syndrome, patients, 4817
plasma prolactin vs drug plasma levels vs dopamine receptor blocking activity, clinical responses, 19–68 yr old acute schizophrenics treated with pimozide vs haloperidol, 23360
pimozide vs fluphenazine vs flupentixol, within-individual variation in steady state plasma & prolactin levels, 39–72 yr old male chronic schizophrenics, 12645

Pineal Body
electrical stimulation of pineal organ & optic chiasma & illumination of lateral eyes & dorsal surface of brain, neuronal activity in habenular nuclei, pigeons, 3379
imipramine vs iprindole, pineal beta adrenergic-mediated function, male rats, 8960
Pinealectomy
pinealectomy vs hypophysectomy, hypothalamic circadian cycles induced by delta sleep-induced peptide or melatonin, male rats, 716
Piracetam
piracetam &/vs choline, habituation of exploratory activity & experimental model of memory, male mice, 24914
piracetam, reading & writing & spelling abilities, dyslexic 8–13 yr olds, 10256
piracetam, reading speed & accuracy, dyslexic male 8–13 yr olds, 12665
piracetam, verbal memory, 8–13 yr old dyslexic males, 26201
piracetam/lecithin combination, treatment of Alzheimer's disease, 55–75 yr old patients, 2003
Pitch (Frequency) [See Also Speech Pitch, Ultrasound]
application of principle of relative sensory judgment, models for magnitude estimation & category judgment, 11227
assimilation & tonal hierarchies in music, North India, comments on study by M. Castellano, 16426
audiometry & normative aspects of Bekesy-type excursion widths for pure tones, normally hearing 19–25 yr olds, 27130
auditory pitch, Stroop interference in response to words, college students, 19167
binaural sensory aid using pitch & amplitude, learning spatial locations of objects, 27098
broadband noise vs tone, tympanometric & acoustic reflex characteristics, 24–130 hr old neonates, 27805
discrepancies in measuring musical ability with Bently Pitch Discrimination subtest, 7–13 yr olds, 16349
discrimination & generalization of rhythmic vs arrhythmic sound patterns, European starlings, 19311
ear canal, loudness of pure tones of various frequencies & sound pressure using category scale, 20–32 yr old males vs females, 16427
electrodermal responding to tone series, assessment of antisocial behavior & schizoid tendencies, 15 yr old males, 12275
evaluation of frequency transposing hearing aid &/or training aid, sensory neural deaf adults with high frequency losses, 23426
final tone extrapolation, implications for melody cognition, 3060
fixed-frequency tone vs rising vs falling tone glides with short duration, temporal auditory integration, 9.6–17.3 yr olds with deficits in auditory memory & reading, 14883
frequency change in single component tone of brief melody, auditory discrimination, 6–8 mo olds, 30479
frequency of auditory stimulus masked by notched noise, brain stem response, 20–32 yr olds, 5760
frequency of pure-tone & broadband-noise signals, acoustic reflex adaptation, normal hearing Ss with mean age of 25.1 yrs, 13674
frequency of sinusoidal auditory masker, foreward & backward pure-tone masking, adults, 24446
frequency of tone, auditory kappa effect, criticism of D. A. Yoblick & G. Salvendy's simple wavelength interpretation, 335
frequency shifts of tone & context, auditory event related potentials, adults, 6015
higher pitch in baby talk, Quiche-speaking mothers & their infants, Guatemala, 9154
interstimulus interval & amplitude & frequency of tones, latency & amplitude of event-related potentials during selective auditory attention, 18–28 yr olds, 11478
long-term continuous vs discontinuous broadband noise, shifts in auditory nerve fiber firing rate to best frequency tones, cats, 8767
melodic contour & reversals in pitch & nonreversals, melody recognition, listeners, 11306
modified Grason-Stadler E-800 audiometer, assessment of thresholds for pure tones, 11078
musical learning theory in relation to sound & rhythm & melody & harmony, 16430
number of contextual auditory & visual stimuli, assimilation vs contrast in perceptual judgment, college students, 19178
octave equivalence & immediate recall of pitch sequences & 2-channel model, college music students, 24443
onset & offset time of harmonic, phonetic quality of vowel, research students & college staff members, 11633
precuing, attention to auditory vs visual signals, preschoolers vs 1st vs 2nd vs 3rd graders vs college students, 25096
probe ratings of melodic forms, perceived hierarchy of tones in music, Indian vs Western listeners, North India, 16424
processing perceptual similarities between musical motifs through contour & scale, experienced college music students, 24444
pure tone, maturation & decline in cochlear microphonic & action potential thresholds, normal-hearing vs hearing impaired mice, 16632
pure tones in noise vs quiet conditions, auditory detection thresholds, 6.5 vs 12.5 mo olds vs 18–22 yr olds, 14079
pure tones, response latency of EMG in circothyroid muscle, adult rats, 11507
rehearsal model, absolute identification of signals, 11229
role of chroma & scalestep, recognition of melodic vs harmonic musical intervals in & out of context, college students, 16421
rule-governed serial contexts, melody recognition of transposed vs untransposed comparison sequences, college students, 16423
shift in tonal frequency & gaps in auditory stimulation, inhibition of eyeblink reflex, college students, 3004
spectral content of tones, discrimination thresholds for 5th & major 3rd & perceived frequency & strength of beats, college students, 3065
standard vs deviant tones, short term habituation & dishabituation of mismatch negativity of event related potentials, college students, 11500
stimulus frequency & intensity, detection of auditory-visual equivalence of rate, 4 mo olds, 16962
structure in pitch notation, learning reading & playing of musical melodies, 1st–2nd graders, 16979
synthesis-based vs cepstrum method of pitch extraction from speech signals, 30339
theory of melodic centering & descriptions of tonality, implications for perceptual & cognitive psychology, 24445
tonal frequency change & length of preceding silent period, startle reflex, male rats, 29997
tonal hierarchies for representation of musical stability, North India, reply to comments by D. Deutsch & W. J. Dowling, 16422
tonal hierarchies in music, North India, comments on article by M. Castellano, 16425
tonal structure vs function & studies of recognition of harmonic motion, college music students, 24442
tone frequency & amount of hearing loss, excursion size of Bekesy fixed-frequency tracings at hearing threshold level vs most comfortable loudness, males with cochlear-impaired ears, 12339
vowel spectral envelope & sound pressure level, auditory pitches of vowels, 20–34 yr olds, 25003
warbling of tone, auditory threshold shift after 2 minute recovery, 18–20 yr old females with normal speech & hearing, 16428
Pitch Discrimination
assimilation & tonal hierarchies in music, North India, comments on study by M. Castellano, 16426
aural/oral training with 'Pitch Master', pitch discrimination & accuracy in performance abilities, male junior high school trombonists, 18559
cognitive stage, matching of pitch, kindergartners vs 4th graders, 16916
context tones of constant vs changing frequency, auditory induction of discrete tones in signal detection, 19–31 yr olds, 19226
discrepancies in measuring musical ability with Bently Pitch Discrimination subtest, 7–13 yr olds, 16349
discrimination of tones in sequence from major diatonic scale by equalization vs stretching of intervals, college students, 24450
duration of successive dichotic stimuli, hemispheric asymmetry in pitch change recognition, 19–57 yr old musicians vs nonmusicians, 19233
early tone pattern components as cues, uncertain frequency detection, 18–35 yr olds, 5756
group decisions & amount of transmitted information & number of identified categories of pitch, college students, 8526
individual identification ability & type of group response & practice, absolute pitch identification, adults, 8525

interval-class & vector-based measures of similarity pitch-class sets & prediction of relations of sets, listeners to music, 24441
microcomputer-based audiovisualization of pitch contours of sentences, learning intonation, foreign language learners, 25008
musical learning theory in relation to sound & rhythm & melody & harmony, 16430
musical training & key & position & presentation of chords, perception of major vs minor vs diminished vs augmented triads, 18–35 yr olds with vs without musical training, 24449
number of contextual auditory & visual stimuli, assimilation vs contrast in perceptual judgment, college students, 19178
octave equivalence & immediate recall of pitch sequences & 2-channel model, college music students, 24443
pitch & tempo discrimination of recorded orchestral music, graduate student musicians vs nonmusicians, 29891
probe ratings of melodic forms, perceived hierarchy of tones in music, Indian vs Western listeners, North India, 16424
processing perceptual similarities between musical motifs through contour & scale, experienced college music students, 24444
psychological dimensions of monotonic & melodic-rhythmic patterns & musical experiences, rhythmic processing, college music students, 29897
resolution of dissonance through melodic anchoring of tones, college students with vs without musical training, 27129
role of chroma & scalestep, recognition of melodic vs harmonic musical intervals in & out of context, college students, 16421
rule-governed serial contexts, melody recognition of transposed vs untransposed comparison sequences, college students, 16423
simultaneous complex tone, harmonic interval identification, musically trained Ss, 19230
stimulus pitch & duration, magnitude estimation, college students, conference presentation, 3001
structure in pitch notation, learning reading & playing of musical melodies, 1st–2nd graders, 16979
tonal hierarchies for representation of musical stability, North India, reply to comments by D. Deutsch & W. J. Dowling, 16422
tonal hierarchies in music, North India, comments on article by M. Castellano, 16425
tonal structure vs function & studies of recognition of harmonic motion, college music students, 24442
tone discrimination task, P300 component of event-related brain potential, music students with "perfect" pitch, implications for updating of working memory, 3286
Pitch Perception [See Also Pitch Discrimination]
acoustic & perceptual basis for concomitant of phonetic perception with sinusoidal signals, adults & college students, 11311
comparison of variability among pitch- & loudness-matching & masking measurements, patients with subjective tinnitus, 14901
decrease in auditory sensitivity to frequency shifts, 18–60 yr olds with multiple sclerosis, 7109
detection thresholds of pure tones at various frequencies using quasi-free-field technique, college students, 19229
DWS algorithm, estimation of periodic pitch, 19161
inharmonic partials, interval perception, trained musicians, 5754
ontogenetic changes, frequency mapping & hearing sensitivity, gerbils, 13772
perception & training of tones, deaf Cantonese 7–20 yr olds, 18170
RT for naming pitch vs tones, college music students, 24452
temporal patterns, attention to & perception of pitch relationships in tonal sequences, college students, conference presentation, 3016
Pituitary Disorders [See Also Hypopituitarism]
apathy & asexuality & adiposity & headaches, male adult patients with prolactin-secreting pituitary adenomas, implications for diagnosis, 28414
Pituitary Dwarfism [See Hypopituitarism]
Pituitary Gland [See Also Hypothalamo Hypophyseal System]
EEG & tooth-pulp EPs & neuroadenolysis of pituitary gland, neuronal activity in pituitary gland & involvement in pain perception pathways, monkeys, conference presentation, 27651
icv sauvagine vs urotensin I vs corticotropin-releasing factor, response to open field & environmental novelty & release of pituitary ACTH & vasodilitation & food consumption, male rats, 8940
long term phenothiazine treatment, pituitary tumors, 31–76 yr old psychiatric patients, 7458
morphine & methadone dosages, time dependence of tailflick & core body temperature, hypophysectomized rats, 24725
nonnoxious stress & hypophysectomy, regulation of body temperature & nociception, rats, 6061
normal vs low protein diet, endorphin-like immunoreactivity & avoidance task, performance, rats, 3358
pituitary opioids in ECS postictal electrogenesis & behavioral depression, rats, 3521
progesterone, concentration of estrogen binding sites in hypothalamic-preoptic area & anterior pituitary & uterus, ovariectomized rats, 8935
single vs repeated electric footshock, role of pituitary-adrenocortical axis in control of subsequent agonistic behavior, castrated male mice, 22097
stress induced by footshock, regulation of pro-opiomelanocortin produced by pituitary gland, rats, 27491
stress, role of vasopressin in ACTH secretion, rats, reply to criticisms of A. J. Baertschi et al, 576
stress, role of vasopressin in secretion of ACTH, rats, criticism of P. Mormede's conclusion, 548
stress, secretion of catecholamines & corticosteroids & ACTH from adrenal medulla & adrenal cortex & anterior pituitary respectively, 8852
systemic fenfluramine & parachloroamphetamine & parafluroamphetamine, pituitary-adrenocortical activity, male rats, 8993
Pituitary Gland Surgery [See Hypophysectomy]
Pituitary Hormones [See Also Corticotropin, Dynorphins, Melanocyte Stimulating Hormone, Oxytocin, Somatotropin, Thyrotropin, Vasopressin]
antidepressant drugs, secretion of pituitary hormones in depression, literature review, 1996
arginine-vasopressin, tolerance of hot & dry environment, 29–35 yr olds, 3401
castration & adrenalectomy & hypophysectomy & sex hormones & hypothalamic & pituitary hormones, courtship behavior, male garter snakes, 660
clonidine, secretion of growth hormone & beta endorphins, 17–30 yr old heroin addicts, 31022
opiate-mediated control of luteinizing hormone & development of narcotic tolerance & dependence, male rats, literature review, 30211
PKU (Hereditary Disorder) [See Phenylketonuria]
Placebo
demographic characteristics & diagnosis, response to placebo vs bupropion, 21–62 yr old depressed males vs females, 23358
endorphins, placebo-induced analgesia, dental patients & normal volunteers, 19672
ethical & legal issues, use of deception to achieve placebo effect, 21185
familiarization sessions in pharmaco-EEG studies placebo control, analysis of drug effects, male Ss under 30 yrs of age, literature review, 2812
family therapy approach using double-blind drug trial to demedicalize child's "illness", family with 9 yr old son previously diagnosed as hyperkinetic, 4660
meta-analysis of effectiveness of psychotherapy vs placebo treatment, comment on article by L. Prioleau et al, 31405
meta-analysis of effectiveness of psychotherapy vs placebo treatment, reply to comments by S. F. Butler et al & J. Weinberger, 31349
negative expectations of relief, extent & nature of placebos, effects involving organic conditions, patients, implications for chronic headaches, 26159
neurotropic drug vs placebo, mental & memory functions, patients over 65 yrs of age with organic brain syndrome, 4800
pairing of different levels of nociceptive stimulation with placebo, conditioned positive vs negative placebo responses, college students, clinical implications, 16476
placebo effect, evaluation of results of anxiety treatments, 10293
placebo effect in medical treatment, 7560
prototype desensitization treatment & modified avoidance response placebo vs pseudotherapy, dental fear, college students, 26111
saline vs pentobarbital injections, changes in EEG, rats, implications for placebo effect, 24881
utility of comparison of psychotherapy vs placebo in treatment evaluation, comments on article by L. Prioleau et al, 31350

Placement (Educational) [See Educational Placement]
Placement (Personnel) [See Personnel Placement]
Placenta
maternal opiate & alcohol & amphetamine & phencyclidine abuse, placental & fetal neurotransmitter receptor development, 25665
Planning (Management) [See Management Planning]
Plasma (Blood) [See Blood Plasma]
Plastic Surgery
consultation-liaison psychiatry & psychosomatic aspects, plastic surgery, 12706
dysmorphophobic contraindications of plastic surgery, 17884
psychodynamics & bias of psychiatrists, plastic surgery, 12718
Platelets (Blood) [See Blood Platelets]
Play [See Recreation]
Play (Animal) [See Animal Play]
Play Behavior (Childhood) [See Childhood Play Behavior]
Play Development (Childhood) [See Childhood Play Development]
Play Therapy
client centered play therapy, special education, handicapped children, 15873
description of work as playleader in play therapeutic situation & relationship to subsequent work as child psychotherapist, 3 case examples, 31897
design & phases & termination, developmental play therapy, 17927
educational art & drama group activities, developmental skills, 3.1–6.1 yr olds with neurological impairments & physical handicaps, 21125
long term play group psychotherapy, social interaction, 8.5–11 yr old diabetic females, 18008
methods of termination, play therapy with children, social workers, 12796
nondirective music play therapy, moderately retarded 17 yr old male, 31316
play behavior, autistic children, 4156
play therapy & strategic family therapy, separation-individuation & identification with mother, 6 yr old female with sleep problems & her family, 23192
play therapy, development of capacity to form relationships, 6 yr old male & female autistic children, 28633
role & training, hospital play specialists for hospitalized children, 23639
role of play in psychotherapy & psychopathology, transitional & self object experience, 17924
socialization & imitation & creativity, 9–12 yr old mentally handicapped in play therapy groups, 7307
symbolic communication with music & art & body movement, expression of feelings around traumatic experience, children in psychotherapy, 17880
therapeutic effects of Moonwalk playground apparatus, 5–8 yr olds with emotional or behavioral problems, 12613
time-limited group psychotherapy & children's play group, maternal behavior, mothers with borderline personality disorders & their 1–3 yr old children, 31423
use of microcomputer in play therapy, 9–12 yr olds in learning clinics, 31368
Playgrounds
creative playgrounds, preschool age children, 19915
development of playground improvement rating scale & importance of play in childhood development, 27730
playground designs, free play, preschool age children, 3687
therapeutic effects of Moonwalk playground apparatus, 5–8 yr olds with emotional or behavioral problems, 12613
Pleasure
development & validation of 3 scales measuring individual differences on hedonic capacity, implications for research on schizophrenia & depression & personality, 13547
enjoyment as philosophical tenet of life & creed for psychotherapeutic practice, 10130
impaired visibility & driving & waiting time, enjoyment of Grand Canyon, college student visitors, 32335
perceived hassles & uplifts, 69–93 yr old nursing home residents, 11823
personality & emotions & performance, enjoyment of games, college students with mean age of 25.6 yrs, 1285
pleasant vs unpleasant story, perception of ambiguous figure, 1st–3rd graders, 916
review of theory behind cloze procedure & cognitive complexity test & relation among advertisement recall & enjoyment & prediction of verbal structure, college students, 18908
theory of cognitive hedonics, 2765
validation of self report Intrinsic Enjoyment & Boredom Coping scales, 14 & 25 yr olds, 8405
Pneumonia
EMG biofeedback, respiratory rehabilitation, patient with chronic bronchial pneumonopathies, 5010
Poetry
analysis based on psychoanalytic exploration of creative process, G. Seferis's poem "Thrush", 6212
analysis of poetry teaching methods in 6th grade basal reader manuals, 23761
analysis of W. Stafford's poem "Traveling Through the Dark" in relation to readings based on story grammars & natural narrative structures & reader-response method, 6205
androgyny in poetry of E. Dickinson, 13976
anxiety of influence as theory of poetry advanced by H. Bloom within context of psychoanalytic theory development, 13953
combining poetic expression with computers for positive mental health, implications for counseling, 23474
counselor role & therapeutic processes, poetry therapy, 10425
creativity & poetry as mourning process, adolescents, 3743
diagnostic evaluation & description of symptomatology, depressive illness of W. Cowper, 16842
expressiveness & fluency of native vs foreign language poetry readings, males vs females, US vs Germany, 19747
female influences on life review poetry of W. C. Williams, 9080
haiku or unrhymed poetry, identification of feelings toward aging, nursing students, 29085
immediate responses to modern poetry, college students & teacher, 30349
interior speech & holographic thought & poetic process, personal growth, 1264
intrinsic vs extrinsic motivation or writing, creativity of poetry, members of college community involved in creative writing, 19751
liturgical elements of G. Herbert's poetry, 22261
nursery rhymes, communication skills, multihandicapped & profoundly retarded infants & children, 1598
oedipal presence & interhuman conflicts in Persian prehistory & poetry & contemporary unconscious & collective imagery, Iran, 30608
origins of J. Goethe's "Faust" & F. Brion & identity crisis, 25022
poetic aspects of psychoanalytic technique, 17939
poetry as part of daily curriculum, preschool education, 7915
poetry groups, aged, 10431
poetry therapy, mentally ill patients, 12489
problems inherent in making subjective vs objective judgments of literary works, poems of R. Frost, 13962
progression of disease as exemplified in creative literary output, paranoid schizophrenic 48 yr old inpatient, 9733
psychoanalytic interpretation of neurotic sexual behavior in C. Rossetti's Victorian poem "Goblin Market", 13940
psychoanalytic interpretation, poetry of R. Tagore, 6204
recommended poetry skills, poetry therapists, 5098
refutation of W. Gombrowicz's attempt to reduce modern poetry to classical forms, 9078
Sappho as symbol of lost female literary genius & conflicts of 20th-century female poets, 13950
sibling rivalry & psyche of J. Goethe & central theme of "Faust", 25011
voiced & voiceless poem segments, perception of poem's movement & pacing, adult Ss, 13968
Poisoning [See Toxic Disorders]
Poisons [See Also Neurotoxins]
behavior change as criterion for judging safety of toxic substances, implications for sugar & hyperkinesis & comments on B. Weiss's article, 25789
historical perspective, field of behavioral teratology, 12414
occupational exposure to organic industrial solvents, chronic toxic encephalopathy, patients, 12387
poisoned partners effect, rats, replication of experiment by M. J. Lavin et al, 3149

tetrodotoxin, regenerative action potentials & receptor potentials of pacinian corpuscles in response to sinusoidal displacement stimuli, cats, 8936
type of child-resistant reclosable container, ability to open container, 24–41 vs 42–51 mo olds vs 61–65 vs 65–75 yr olds, implications for accidental poisoning prevention, 1813
Poisson Distribution [See Skewed Distribution]
Poland
affix processing strategies & linguistic systems & language development, 1.7–2.6 yr olds, 6-mo longitudinal study, Poland, 19871
attitudes toward deviations, general public, 1966–83, Poland, 25251
attitudes toward importance of various occupations, construction factory workers, Poland, 18777
attitudes toward official authorities & dogmatism & locus of control & affiliative tendencies & information seeking, 21–70 yr olds, Poland, 27965
attitudes toward psychiatry, 6th yr medical students, Poland, 5105
attitudes toward socialist political/economic system & perceived inequities, college students vs skilled workers, Poland, 17115
coping with stress during crisis of martial law imposition, citizens, Poland, 14234
epidemiology of disability & rates of employment of disabled, Poland vs US, 30873
history of psychotherapeutic centers, Poland, 1876
history of study of hypnotism, Poland, 5843
language structure, oral reading comprehension, college students, Poland vs US, replication of study by J. H. Danks et al & Danks & G. O. Hill, 16825
methodological procedures, study of class structure, Poland, 25261
occupational classification, leisure time activities, Poland, 26738
optimisic attitudes toward life & preferred values, college students, Poland, 18664
physical & socioeconomic factors & city size, Poland, 1955 vs 1966 vs 1978, 17120
political crisis in 1980, alcohol consumption, Poland, 22568
postgraduate training, psychiatrists & psychiatric nurses & social workers & occupational therapists, Poland, 5145
preferences for specificity level in written recommendations in school psychological reports, Head Start teachers & aides with median ages of 37.5 & 30 yrs, 12977
scores of Rotter's Internal-External Locus of Control Scale, attitudes & values, college students graduating in 1958 vs 1978, Poland, 13106
standards of aggressive motivation, Finnish vs Polish adults, 6626
translation of State-Trait Anxiety Inventory, Poland, 2947
Police Personnel
aptitude test scores & job performance, White vs Black vs Hispanic police officers, 18794
attitudes, mobile data access terminals, police officers, Canada, implications for police safety & police-community interaction, 24021
attitudes on handgun control, police officers with mean age of 33.4 yrs, paper presented to annual meeting of Academy of Criminal Justice Sciences, 1983, 2689
attitudes toward enforcement & stress & social causation, policewomen, 18837
attitudes toward female police officers, male vs female police officers, 5441
attitudes toward juvenile delinquency, practitioners vs nonpractitioners in juvenile justice field, 12269
attitudes toward marihuana, 20–65 yr old police officers, replication of study by K. H. Beck, 28005
attitudes toward reporting fellow officer for brutality, police officers, 2691
attitudes toward violence & methods for control, police, 32227
backgrounds & expectations & selection of department chiefs & departmental size & workload, variations in rationalization within municipal police departments, 13337
between group communication in child abuse management, social workers vs doctors vs police vs lawyers, 31657
Black vs White arrests & responsibility to Black vs White crime victims, police in residential neighborhoods, 17231
city & police department characteristics, murder rates, police officers, 1970-78, US, 6923
conceptual framework based on person & product & process, police functions & services, 11946
court ruling upholding demotion of police officer due to inability to handle stress, case law, 16043
crime rate statistics in evaluation of police department effectiveness, comments on P. E. Ginsberg's theory, 2186
crime wave, attitudes toward police & fear, community households, 1503
crisis intervention, police officer, 26275
critical evaluation of police stress hypothesis, literature review, 18852
demographic characteristics & psychological reactions to shooting incidents, police officers, 13338
development & features of severity scale for penalties, assessment of attitudes toward criminal justice & severity of death penalty vs other sanctions, prisoners vs police vs probation officers vs sociology students, Israel, 13599
development of police stress inventory, measurement of response to job demands & personality correlates of effective coping, 20–47 yr old police officers, 11165
development of training laboratory for dealing with crisis situations, police personnel, 13282
development of 1981 entry level Police Services Examination of Commonwealth of Massachusetts, police personnel, 26983
developmental trends in municipal police forces, Canada, 30683
difficulties in dealing with mentally disordered, police officers & professionals, 14596
emergency mental health quiz, education of hospital & police & ambulance personnel & general public on problems of mental illness & procedures for treatment, crisis team members, 10633
environmental factors, use of physical & verbal abuse & disdain for youth, police officers in rural environment, 18847
evaluation & behavior management expertise, time efficiency program in metropolitan police department, behavioral community psychologists, 13335
explanations & justifications for use of deadly force, police, 30709
extensive police presence vs reinforced foot patrol unit in high crime neighborhood, attitudes toward police & their community, citizens, Israel, 6539
forensic hypnosis & trance depth, posthypnotic suggestions for recall, police recruits, implications for witness recall, 9442
importation & socialization, authoritarianism, fire & police officer recruits, England, 32286
injuries & property damage & presence of Os, summoning police to spousal violence scene, female victims, 27959
law enforcement in rapid growth areas, 1102
Liberty City riot, feelings of alienation, metropolitan police officers, 2666
media, domestic terrorism & hostage-taking, police personnel, Canada, 11628
mental health educational program, knowledge & attitudes toward mentally ill, police officers with mean age of 28.3 yrs, 13276
nature of residential burglary, dusting for fingerprints as negative rite, police officers, 20036
need for validity of physical ability test, police officers, 2636
need structure & extent to which promotion satisfies need, police officers, 13317
needs for achievement & affiliation & power, successful performance, police officers, 2634
new methods for conducting training evaluation & linking it to program redesign, police recruits, 13275
occupational socialization & competence, police personnel, longitudinal study, 29494
occupational socialization, police personnel, 18829
occupational stress & stress reactions, police officers & their families, implications for proactive & reactive treatment, 18850
occupational stress, female police officers, 10999
occupational stress, police officers, 8228
official processing of male vs female delinquents, police, Canada, 30681
parameters in prediction of job performance, police officers, 21573
perceived authoritarianism in self vs others, male college students vs police officers, 14526
perception of police personnel, young people, Hungary, 9438
personality traits, selection to metropolitan police force, applicants with mean age of 22.1 yrs, 13270
phase model of burnout by R. T. Golembiewski et al, 21–50 yr old police officers, 32288

police experience & seniority, fear of failure & negative evaluation & bodily harm, police recruits vs constables vs sergeants vs senior officers, Great Britain, 10991
police involvement & influence, involuntary civil commitment, 10469
prevalence of psychosomatic disorders, police officers, Canada, 26812
problems in assessment, police & fire fighter candidates, 18788
race & occupational status, proactive police arrest, intoxicated drivers from roadside survey vs officially arrested drunk drivers, 6541
role in enforcing social legislation, police, India, implications for use of social workers in training, 25355
satisfaction with police officer/citizen communication, citizens, implications for role of police organizations, 32296
scientism & ethics, investigative hypnosis, law enforcement behavioral science professionals, 11945
self image & police responses to wife beating, battered wives, 12230
situational factors & type of neighborhood, decision to arrest in interpersonal disputes, police officers, 14416
stereotyped images of policemen, young adults in blue & white collar jobs, Hungary, 21557
stress & stress management, university & college campus police, 13012
stress management training, catecholamine levels during training, police recruits with mean age of 22.2 yrs, 1960
stress management training, locus of control & self confidence & Type A behavior, police officers, 28724
subscales of scale measuring cynicism, prediction of job satisfaction, police officers, 165
Type A & Type B behavior patterns, coping & appraisal of on-the-job stress, 23–69 yr old police officers, 32307
urban imagery, police, Canada, 13329
use of deadly force, patrol officers, implications for training, 2624
use-of-force model in law enforcement, 1103
victimization & police response, attitudes toward police, crime victims & other citizens with mean age of 48.6 yrs, 9433
work overload, police department radio dispatchers, 24006
Policy Making (Foreign) [See Foreign Policy Making]
Policy Making (Government) [See Government Policy Making]
Political Assassination
actions available in case of presidential threat, US Secret Service, 1151
assassination acts against Presidents J. Kennedy & G. Ford & R. Nixon & R. Reagan, medical & legal responses, 1522
characteristics & classification, male presidential threateners, 1543
emotional reactions vs rehearsal vs degree of surprise vs perceived consequentiality, "flashbulb memories," university faculty 1 vs 6.5 mo following assassination attempt on Reagan, 11373
first use of insanity defense in trial of R. Lawrence for attempted assassination of President A. Jackson, 30715
history of political assassination, 9796
popular mythology of Westerner & R. Reagan's self-dramatization after 1981 assassination attempt, 27
psychological characteristics, presidential assassins, 1532
Political Attitudes [See Also Nationalism, Political Conservatism, Political Liberalism, Political Radicalism]
academic/vocational directions & sociopolitical self description & attitudes & political party preference, high school students, Sweden, 27866
attitudes toward federal spending & evaluation of government performance & civil rights, attitudes toward Blacks & disabled, participants in American National Election Study, 25344
attitudes toward leader-follower relations, New Left activists on college campus, 1967–77, 25348
attitudes toward political problems & personal relations, Japan, longitudinal study, 11902
attitudes toward socialist political/economic system & perceived inequities, college students vs skilled workers, Poland, 17115
authoritarian personality vs extremism vs context theories, sociopolitical ideology & personality variables, male vs female high school students, 9330
beliefs about likelihood of scarity &/or decline in standard of living, social relations & problem solving methods & attitudes toward community leaders & protest politics, community residents, 3775
campaign messages, political interests & characteristics, registered voters over 65 yrs of age, US, 22533
candidate's shift in stance on political issue, perceptions of & feelings about candidate, college students, 14400
cognitive style, political ideology & consistency of voting, US Supreme Court justices, 1964–78, 22535
component model of attitude objects, personality traits & political views, college students, 17338
curriculum on discussion of nuclear arms race & other controversial issues, high school students, 7938
delinquency & moral reasoning scores on Defining Issues Test & political orientation & developmental differences, male vs female college students, 20416
democratic attitudes, college students, US vs Great Britain, 8030
demographics & media usage & interests, political knowledge level, high vs low SES 16–18 yr olds, replication of R. Stradling's study, 3577
development of sociopolitical reasoning, 7–8 vs 10–12 vs 15–17 vs 20–25 yr olds living on kibbutzim, Israel, 3602
early socialization & needs & operational code beliefs & decision making behavior, President J. F. Kennedy & Secretary of State D. Rusk, 20038
feminist & radical political philosophy, counseling & therapy, 12783
government & business & religion & education & family & human nature as components in social ecology of peace, 6425
investigation of drop in concern about electoral outcome of presidential elections, white electorate, 1960–80, 17226
left-wing rhetoric in discussions of mental illness in psychology textbooks, 1134
life satisfaction & locus of control, conservatism, college students, Queensland vs South Australia, analysis of T. F. Pettigrew's hypothesis, 9513
locus of control & economic crisis, political affiliations, college students, 25340
negative political advertising, attitudes toward opponent & sponsor & party loyalty, state assembly district members, 22519
patterns of political tolerance & intolerance, Jews vs Arabs, 30607
perceived vote outcomes vs actual vote behaviors, eligible voters, test of spiral of silence theory, 17207
perceived vs evaluated social inequality & work ethic & political preference & social identity variables, belief in just world, 18–83 yr olds, 1311
perception of contribution of Islam to national development, 20–22 yr olds, Senegal, 1161
perceptions of nuclear war & arms race, 14–19 yr olds, 11674
personality correlates, radical vs traditional political views, activists in 1960's student movement & journalists & broadcasters, implications for social change, 30705
political attitudes, House of Assembly members, South Africa, 1127
political mood on campus, college students, 32089
postmodernism & national differences & conflicts, conference presentation, 20033
presidential candidates, change in ideological perceptions of political issues, Ss with mean age of 48 yrs, 1980 campaign, 3916
prior beliefs, judgment of winner of Carter-Reagan presidential debates, voters, 9447
psychosocial atmosphere & political interest in home, deviation from parents' political ideology, male vs female high school students, Sweden, 25184
race & sex, public opinion toward Black & female presidential candidates, Blacks vs Whites, 3941
rational vs irrational beliefs, preference for political office seeker, 20037
recall of opinions held 10 yrs ago on political & social issues, implications for reliability of attitude recall methodology in social science research, 9356
SES & other factors, development of "New Republican" constituencies, 9432
SES & sociopolitical attitudes, 18 yr old high school students, Sweden, 17122
strike participation in 1968 & changes in level of alienation, workers, France vs US, 1967 vs 1973, 32318
telephone survey question order & other factors, candidate preference, registered voters, 8374
voting attitudes & behavior, males vs females, 22522

Political Campaigns
campaign messages, political interests & characteristics, registered voters over 65 yrs of age, US, 22533
image vs issue content of advertising, recall of information from preferred candidate vs TV commercials for opposing candidate, 18–68 yr olds, 24061
negative political advertising, attitudes toward opponent & sponsor & party loyalty, state assembly district members, 22519
newspapers vs magazines vs TV advertising, voting participation, voters, 22527
presidential candidates, change in ideological perceptions of political issues, Ss with mean age of 48 yrs, 1980 campaign, 3916
prior beliefs, judgment of winner of Carter-Reagan presidential debates, voters, 9447
question order & electoral context, interest in political campaigns, respondents, 17201
strategies for activism in political campaigns, social workers, 7827
Political Candidates
candidate's sex & title & position of candidate's name on ballot, election outcomes, Britain vs Australia, 3929
character attributes of presidential candidates from televised political spot advertisements, political scientists & communication scholar & author, 1980's, 17229
image vs issue content of advertising, recall of information from preferred candidate vs TV commercials for opposing candidate, 18–68 yr olds, 24061
presidential candidates, change in ideological perceptions of political issues, Ss with mean age of 48 yrs, 1980 campaign, 3916
race & sex, public opinion toward Black & female presidential candidates, Blacks vs Whites, 3941
rational vs irrational beliefs, preference for political office seeker, 20037
Political Conservatism
clarification of political terms conservative vs liberal & model of communication, 22479
liberal vs conservative bias in Rokeach Dogmatism Scale-Form E, lower-division political science students, 11107
motivation & political conservatism, social work vs psychology undergraduates, Australia, 13110
political conservatism, attitudes toward heritability of intelligence & social justice, college students, 1162
political vs economic conservatism, voting for conservative vs labor party, adults, Australia, test of S. M. Lipset's theory, 25352
SES & other factors, development of "New Republican" constituencies, 9432
unidimensionality of political liberalism-conservatism, Protestant clergy, 9386
Political Divisions (Geographic) [See Geography]
Political Economic Systems [See Also Capitalism, Communism, Democracy, Fascism, Socialism]
decentralized organizational systems, need satisfaction, impoverished rural Africans, 14236
economic knowledge & attitudes toward American economic system, 10th–12th graders, Hawaii, 2471
moral obligation approach, world hunger, 14223
possibility of society of general reciprocity, 14405
repressive policies of government, appeal presentations on human rights, lawyers & their clients, Chile, 1973–81, 30672
role of merchant banks & sociological issues in financial system, England, 30564
Political Elections
feminism & electoral politics, 14404
incumbency & occupational ballot labels & campaign spending & newspaper & bar association endorsements & voter information & ethnic & sexual voting cues, primary vs runoff elections for major trial court, 27966
investigation of drop in concern about electoral outcome of presidential elections, white electorate, 1960–80, 17226
presidential elections, suicide & accident & homicide rates, comments on report by M. Boor, 30711
presidential elections, suicide & accident & unemployment rates, reply to comments by I. M. Wasserman, 30656
proportional representation system of election, British Psychological Society officials, 5087
unemployment rate during presidential election year, suicide & mortality rates, US, reply to comments by M. Boor & J. A. Fleming, 25688
unemployment rates & presidential election year, suicide & mortality rates during September & October, 1912–1972, US, reply to criticism by I. M. Wasserman, 25618
Political Issues
candidate's shift in stance on political issue, perceptions of & feelings about candidate, college students, 14400
education & liberation & religion, Latin America, 14253
political & psychiatric etiology of posttraumatic stress disorder, Vietnam veterans, 25604
presidential candidates, change in ideological perceptions of political issues, Ss with mean age of 48 yrs, 1980 campaign, 3916
Reaganomics as sacrificial ritual, 14397
relevance of humanistic psychology to current global issues, 8273
Political Liberalism
clarification of political terms conservative vs liberal & model of communication, 22479
cumulative trend explanation, liberal political attitudes, professionals, 6534
liberal vs conservative bias in Rokeach Dogmatism Scale-Form E, lower-division political science students, 11107
unidimensionality of political liberalism-conservatism, Protestant clergy, 9386
Political Parties
changes in scientific policy & research implemented by Nazi regime, development of psychology in academia during WW II, Germany, 21674
factor analysis of political motivations, political party leaders & activists, 3909
generalization of elimination-by-aspects model using fuzzy sets, application to political choice, 11200
high vs low in- vs out-group importance, in- vs out-group favoritism, German Social Democratic Party members, West Germany, 27975
SES & other factors, development of "New Republican" constituencies, 9432
Political Processes [See Also Political Campaigns, Political Elections, Voting Behavior]
application of Q methodology, psychoanalytic study of political psychology, 29695
changes in scientific policy & research implemented by Nazi regime, development of psychology in academia during WW II, Germany, 21674
empowerment as developmental process, 30–65 yr old citizen leaders in grassroots organizations, 11864
feminist discourse & language of control & sexuality & need for nurturance & aesthetics in political transformation, 14429
high vs low conflict of ideology vs conflict of interest, conflict resolution, college students, 4001
high vs low in- vs out-group importance, in- vs out-group favoritism, German Social Democratic Party members, West Germany, 27975
in-home services & legal issues & health services & funding & community facilities & services as salient issues, senior citizens, implications for political mobilization, 14417
military & economic development, national security & health, criticism of A. Gellhorn's article, conference presentation, 25248
model of individual decision making vs political processing under certainty, public officials & interest groups & industrial representatives, implications for government policy making, conference presentation, 22517
parliamentary process & psychologists, Great Britain, 31899
particularistic model of human beings in public choice theory, 14229
peace movement strategies, US, conference presentation, 30660
public choice theory, social interest & economic investigations, 14231
public hearings, understanding of highway improvements, community residents, US, 25347
systems theory perspective, global political situation, conference presentation, 30676
threat of physical removal due to political decision, coping behavior & choices for resettlement, kibbutzim & moshavim communities, Israel, 19952

use of media by political action groups, examination of Camp David agreements, 6560
use of power in political pressure group to eliminate proposed dam, Yavapai Indians threatened with loss of homeland, 11852
Political Radicalism
experience-seeking & political radicalism, Australians, 6554
Political Revolution
drug abuse & treatment after Iranian revolution, 17–62 yr old opiate addicts, Iran, 22808
female revolutionary personality in career of R. Luxemburg, 6548
homosexuality & homophobia before & after revolution, Cuba, 6565
materialistic & cultural explanations, collective behavior in revolutionary situations, 9353
psychohistorical analysis of speeches by Ayatollah Khomeini, 1980–82, 29654
revolution & Marxism, psychoanalysis, Hungary, 4618
sense-making crisis in political revolution, leaders, 20044
theory of revolutionary personality, females, literature review, 22631
Politicians
candidate's shift in stance on political issue, perceptions of & feelings about candidate, college students, 14400
castration anxiety, R. Regan & society & metaphors, 14533
early socialization & needs & operational code beliefs & decision making behavior, President J. F. Kennedy & Secretary of State D. Rusk, 20038
factor analysis of political motivations, political party leaders & activists, 3909
family background & personality development & life circumstances, castration anxieties, R. Reagan, 14547
hysteria & suicide & abandonment in study of presidential children, 6706
physical & mental impairment of great leaders, recommendation of establishment of Presidential Health Commission, 22507
political attitudes, House of Assembly members, South Africa, 1127
presentation of verbal &/vs nonverbal cues, semantic differential ratings of discrepancy between what is said vs how, freshmen state legislators, 11927
psychohistorical analysis of speeches by Ayatollah Khomeini, 1980–82, 29654
regressive pull of power, current American legislator, 22525
roles & duties of state senator, psychologist, 10560
sense-making crisis in political revolution, leaders, 20044
shift in his mid 30's from Labor Party to Fascism, Sir Oswald Mosley, interpretation in terms of H. H. Tartakoff's Nobel Prize Complex, Australia, 12080
treatment & physician-patient relationship, well-known politicians & religious leaders & artists & writers, 12444
unhappy childhood as origin for W. Churchill's need for power, 30701
Politics [See Also Political Attitudes, Political Campaigns, Political Candidates, Political Elections, Political Issues, Political Parties, Political Processes, Voting Behavior]
activities as political Os vs market participants, cognition, citizens, 11938
adaptation of psychoanalytic institutions to political-cultural conditions, comments in article by H. Fuchtner, 15641
analysis of theory that all human behavior is political, 11944
attitudes toward sexual expression & sex role attitudes & occupation & religion & politics, identity status & cognitive complexity, male college students, 3737
community-based approach to global education, attitudes toward citizenship & participation in world affairs, college students, 5264
content analysis of values in presidential inaugural addresses, support for M. Rokeach's 2-factor theory of political ideology, 25252
control of self help & self help groups by political institutions, West Germany, 17986
counseling & social & economic & political structures, 15458
current law as reflection of male point of view & need for feminist theory of state, criticism of C. MacKinnon's work, 14451
demographics & media usage & interests, political knowledge level, high vs low SES 16–18 yr olds, replication of R. Stradling's study, 3577
design & dissemination of Early Childhood Education program evaluation & maintenance of political support & development of ethnographic resources, 23688
distinction between religion & spirituality, implications for communism & politics, 14219
estimation of nonrecursive model with democratic & aggressive political participation, urban adult residents & college students & faculty members & national environment interest group members, 17221
ethnic dynamics & socio-political evolution, Canada, 6434
feminist theory & Marxism & politics & social change, reply to criticisms of J. A. Miller & J. Acker & K. Barry & M. M. Johnson & L. A. West & J. K. Gardiner, 14440
history of psychiatric concepts & relation to international conflicts & wars & politics, 16171
illness as metaphor for political disorder, 9435
image & power politics, domestic & international politics, 17232
importance of religious ethnic & political social identities, Protestants vs Catholics with mean age of 16.6 yrs, Northern Ireland, 13986
measurement of power potential of organizations in community politics through rating of power reputation of local elite members, West Germany, 14409
media environment vs interest, knowledge of local elections, voters, 9454
national characteristics & political exile & stress reactions, Chilean psychiatrist, England, paper presented at March 1983 meeting of Transcultural Psychiatry Society, 1147
organizational power & obedience to rules, gubernatorial administrations of R. Reagan & E. G. Brown, 16082
political & cultural context of name change, adult male, Cameroon, 11845
political & educational uses of psychological knowledge & technology, Venezuela, 9445
political crisis in 1980, alcohol consumption, Poland, 22568
political dimensions, ethnic community, 6435
political significance of psychoanalysis, 12462
political views of K. Popper on incompatibility between violence & rationalism & between democratic & tyranic forms of government, 17225
politics & power & influence, organizational change, managers, 16073
poverty & electoral & political client activities, poor females, US, 22521
public opinion on nuclear armaments & psychologists' role in issue, 25250
Reaganomics as sacrificial ritual, 14397
secrecy & power & division of labor & efficiency in bureaucracy, morality, 16104
self help groups & relations to social systems, 17999
social & political theory & Freudian thought, 30565
social psychology & politics, 17302
societal vs political changes as goal in Women's movement, psychological/attitudinal liberation, 27891
speech contexts, rhetoric strategies, political leaders, France, 27679
symbolic dualities & status in Sande society, women, Africa, 11876
theories of organizational crime, implications for control strategies, 1501
Pollution
acid rain, health, humans, 26836
contaminated air in "sick building syndrome," RT & tiredness & short-term memory & vigilance & steadiness, 17–46 yr olds, 32336
fresh & weathered fuel oil application to eggs, reproductive success, great black-backed & herring gulls, 18886
Polydipsia
associative control of schedule-induced drinking, animals, comments on article by T. R. Minor & X. Coulter, 24554
death due to self induced water intoxication, schizophrenic patients, 20367
inescapable shock, appetitive motivation in polydypsia, male rats, implications for learned helplessness, 8650
lateral septum lesions induced by 6-hydroxydopamine, water intake during intermittently scheduled food delivery, male rats, 30189
lead administration during development, lithium-induced polydipsia & dopaminergic function, rats, 6106

length of delays to reacquisition, robustness of schedule induced polydipsia, rats, 27219
methodology for schedule-induced self injection of drugs, acquisition & maintenance of drug intake behavior, 6164
operant conditioning of blood pressure, heart rate & water intake, baboons, 13764
polydipsia, rats, 450
polydipsia, temporal discrimination, rats trained on FI schedule, 444
relationship between ingestive behavior evoked by hypothalamic electrical stimulation & schedule-induced polydipsia, male rats, 8904
self induced water intoxication, 28–46 yr olds with schizophrenic disorders, 1490
water deprivation to reduce body weight, generation of schedule-induced polydipsia & wheelrunning, male rats, 16516
Polygamy
determinants of fertility, Mormon polygamous & monogamous families, US, 1861 to mid-1880's, 30633
dominance of social & economic resources by religious hierarchy, Mormon polygyny, 3786
marital situation, nature & prevalence of mental illness, 18–55 yr old, female psychiatric patients in polygamous marriages, Kuwait, 14650
perception of degree of affection, self concept, adolescents in monogamous vs polygamous families, Nigeria, 30533
Polygraphs
administration of hypnotic drugs, alpha-sleep pattern, 19–66 yr olds, 3506
early & current applications of lie detectors, literature review, 1133
electrodermal habituation rates, detection of deception, college students, 8830
forensic use of hypnosis & polygraph, bibliography, 27961
history & current status & error rates, polygraphic lie detection, 11085
methodology & whole night polygraphic sleep recordings, 18–53 yr olds, 5994
methodology using polygraph & microprocessor, time-series analysis of stereotyped movements & relationship of body rocking to cardiac activity, severely mentally retarded & autistic 24–54 yr olds, 9847
objective diagnostic criteria using polygraphic studies, endogenous depressive syndromes, 23–55 yr old schizophrenic patients, 6827
preemployment polygraph examinations, work-related attitudes, college students, 16020
quantitative polygraphic method, evaluation of excessive diurnal sleepiness, patients with narcolepsy-cataplexy vs hypersomnia with vs without apnea, 25912
validity & utility of psychophysiological lie detection, 16688
Pons [See Also Raphe Nuclei]
acetylcholinesterase inhibitor neostigmine injections into dorsal pontine tegmentum, sleep wake cycle, male cats, 22133
adaptation to horizontal vestibulo-ocular stimulation, electrical activity of flocculus Purkinje cells, Japanese monkeys, 6011
application of morphine vs GABA to nucleus reticularis tegmenti pontis, reversal of akinesia & release of festinating forward locomotion, male rats, 13877
auditory & somatosensory stimulation, vestibular nuclear neuron activity, frogs, 24630
carbachol microinjection into pontine tegmentum, non-opiate analgesia, cats, 3466
carbamylcholine chloride microinjection into rostral pontine tegmentum, somatomotor & sympathetic visceromotor & nociceptive somatosensory function, cats, 3465
computer graphics analysis, effect of lesions of pontine gigantocellular &/or lateral tegmental fields on sleep wakefulness state, adult female cats, 19624
electrical stimulation of pons & medulla, forelimb & hindlimb stepping, anesthetized male rats, 22101
electrical stimulation of pons, rotational behavior, male rats, 690
GABA agonist microinjection into pedunculopontine nucleus & nigrotegmental lesions, postural bias & circling behavior, male rats, 8878
globus pallidus vs lateral thalamus vs substantia nigra vs midbrain central gray vs median raphe vs pontine reticular formation lesions, climbing detour problem solving behavior, male rats, 30190
information train procedures, analysis of functional interaction of neuronal spike trains in nucleus parabrachialis medialis during sleep-wake states, cats, 27350
injection of carbachol into pontine & midbrain & medullary reticular formation, desynchronized sleep signs, male cats, 16732
microstimulation vs destruction of group y 1 nucleus of vestibular nuclei, eye movements & caudal zone of flocculus stimulation-induced eye movements, cats, 3389
ocular oscillations in darkness vs cancellation of vestibular ocular reflex by target fixation vs vertical smooth pursuit vs ocular fixation, action potentials in rostral vestibular nuclei & reticular formation, monkeys, 8831
plane of rotation, optimal response of secondary vestibular neurons & relationship to convergence of semicircular canal input, cats, 8749
plane of rotation, spatial & temporal response characteristics of secondary vestibular neurons, alert cats, 8750
pontile lesions, long term development of grooming reflexes into Brown-Sequard seizures, cats, 27529
simultaneous changes in linear vs angular accelerations during rotation, vestibular nucleus neuronal responses, rats, 22012
thermal discrimination task, activity of trigeminothalamic neurons in medullary dorsal horn, male rhesus monkeys, 8760
training in vestibular control, binding of GABA to vestibular nucleus Deiters's neurons, female rats, 8796
visually-guided vs flutter saccades vs spontaneous microsaccades, Purkinje image eye movement activity, 18–35 yr olds with voluntary nystagmus, 3280
Popularity [See Social Approval]
Population [See Also Overpopulation, Population (Statistics)]
distribution & feeding habits & breeding biology & decline & disappearance, great auk, 11432
environmental & demographic & social variables, behavior & demography, baboons, 21973
female aggressive behavior & social hierarchy & sex ratio, control of population growth, mice, 30029
geographic distribution, 4 groups of buffy tufted ear marmosets, Eastern Brazil, 27290
population density & nest locale & tool use & meat eating, chimpanzees, 3214
population density & size, courtship behavior, male fiddler crabs, 19414
population distribution, pygmy chimpanzees, Zaire, 24593
population growth, free-ranging rhesus' monkeys, India, 27279
population history & colonization, St. Kitts vervet monkeys, 24580
projected transition in evolution of human knowledge in relation to population growth, 24105
rapidly shifting populations, changes in mental health services, 2091
trends in crude birth rate & total fertility rate, Moslem countries, 27947
Population (Statistics) [See Also Statistical Sample Parameters, Statistical Samples]
equations describing number & distribution & area & population of territorial subdivisions, human & other species, 21813
point estimates & confidence intervals in measures of association, 29790
technique for population estimation, noninstitutionalized chronically mentally ill in state & local areas, 29660
Population Characteristics [See Demographic Characteristics]
Population Control [See Birth Control]
Population Genetics
familial vs population transmission of emergenic traits, comments on view of D. Lykken, 30043
familial vs population transmission of emergenic traits, reply to comments of D. R. Vining, 30036
male-limited natal group emigration, inbreeding avoidance, rhesus monkeys, 24601
Pornography
attitudes toward antipornography movement & sexuality, pro-sex feminists, 14444

depiction of consenting intercourse vs stranger vs acquaintance rape & rape debriefing, attitudes toward rape, female vs male college students, implications for experimental ethics, 1513
erotica & pornography & sexually violent material, attitudes & behavior, literature review, 6581
erotophilia vs erotophobia & Type A vs B behavior, erotica viewing time & content recall, college students, 20130
exposure to pornographic rape depictions in literature followed by debriefing, attitudes toward & perception of rape, female vs male college students, implications for experimental ethics, 1544
feminist critique of hard core pornography & intimacy, 22541
Marxist & feminist & psychoanalytic & sociological interpretations of pornography, 13926
participation in prostitution & pornography, 8–12 yr old females, 22829
pornography & erotica, sex therapy, 17836
presence of audience, rating of prude vs pornographic materials, male college students with anti- vs propornographic attitudes, 25436
status discontent vs culture & socialization, antipornography social movement adherence, Ss 18 yrs old & older, 1973–80, 1025
value & need of intervention model for sexual exploitation in pornography industry, children, 22852
viewing heterosexual pornographic films as gratification of unconscious homosexual desires, males, 1193
violent pornography & sexual abuse & assault, 10–46 yr old female prostitutes, 14829

Porphyria
pathophysiology & diagnosis & treatment of porphyrias, 22932

Portugal
advantages & disadvantages of special vs mainstreamed schools, handicapped primary & secondary students, Portugal, 13135
development of counseling psychology, Portugal, 21046
evolution of psychiatric mental health services, Portugal, 26274
history of psychology, 16th–18th century, Portugal, 18929
training in development psychology, teacher trainees, Portugal, 21261

Positive Reinforcement [See Also Praise]
behavioral management & positive reinforcement with psychotherapy, 13–55 yr old males & females with anorexia nervosa, 18070
biofeedback training procedure & positive vs negative monetary incentives, control of skin temperature, college students, 6030
dose of phenobarbital & positive verbal vs negative shock reinforcement, performance on sentence completion task, introverted vs extraverted female graduate students, India, 24842
duration of self stimulation to lateral hypothalamus, reinforcing effect, rabbits, 22095
mixed agonist-antagonist opioids, positive reinforcement & discriminative similarity to etorphine & ethylketazocine, rhesus macaques, 6181
noncontingent vs contingent positive practice, self injurious behavior, 15 yr old mentally retarded male, 31456
positive & negative verbal reinforcement, latency & amplitude of evoked cortical activity, human Ss, 27370
positive practice overcorrection &/vs positive reinforcement, teaching sign language, 18–67 yr old mentally retarded males, 26367
reinforcement properties of video games for choice behavior & preference reversal, college students, 425
response deprivation, establishment of reinforcement schedules for academic performance, educable mentally retarded, 21420
task contingent reward &/vs positive performance feedback, intrinsic motivation, female college students, 24514

Positivism
philosophy of science & Behaviorism & Kuhnism, comments on paper by F. Suppe, 18932
positivism & conventional social science research in human communication, 3539

Possession [See Ownership]

Postactivation Potentials
adrenalectomy, circadian rhythm of long term potentiation of hippocampal granule cells, rats, 19622
anisomycin, induction & maintenance of long term potentiation of synaptic transmission in dentate gyrus, male rats, 19693
hippocampal electrical stimulation & training to drink water on VI reinforcement schedule, EEG sharp waves during drinking, male rats, implications for long term neuronal excitability changes, 8900
long term potentiation as underlying mechanism of behavioral learning & memory, mammals, literature review, 11504
noradrenaline depletion, long term potentiation at hippocampal dentate synapses, male rats, 30098
omega-phosphono-alpha-carboxylic acids as antagonist, N-methyl-dextro-aspartate depolarization & long term potentiation in hippocampus, male rats, 27594
tone cue followed by stimulation to medial forebrain bundle, conditioning-related frontal cortex neuronal activity, anesthetized rats, 30176

Postgraduate Students
transcendental meditation, academic performance, postgraduate engineering & management students, 32059

Postgraduate Training [See Also Clinical Psychology Grad Training, Clinical Psychology Internship, Medical Internship, Medical Residency]
crisis intervention training, community psychologists, 12919
postgraduate training, psychiatrists & psychiatric nurses & social workers & occupational therapists, Poland, 5145

Postnatal Period
acoustic trauma in critical vs sensitive period, auditory behavior & cochlear functions & audiogenic seizures, auditorically abnormal vs normal-hearing mice, 27471
Apgar scores 5 & 10 minutes after delivery, screening for abnormal psychological development, infants, 6264
attachment behavior & mother-infant bonding, reply to comments by J. Kennell & M. Klaus, 6253
chlordecone exposure prenatally & during neonatal period, hypothalamic-pituitary adrenal axis function, adult rats, 24927
chronic early postnatal exposure to CGS 8216, social interaction & exploratory behavior & startle responses & pentylenetetrazole-induced convulsions, adult male rats, 6123
comprehensive care program, obstetrical & neonatal outcomes & child development, pregnant drug addicts, 12735
demographic & personality & attitudinal biases, return of postnatal questionnaires, mothers sent questionnaire 4–6 wks after delivery, 14568
developmental changes in laminar distribution & affinity & density of muscarinic binding sites in visual cortex during critical period, cats, 16656
early exposure to auditory stimulation, subsequent choice of acoustic environment in nest site selection, mice, 16489
early long term exposure to odors, mitral cell development & olfactory detection of same odors, rats, 22075
ECS administered postnatally at 18–19 days, subsequent avoidance & food-reward discrimination, 48–68 day old rats, 6068
experiences during & attitudes about postpartum period, American-born vs Soviet immigrant females, US, 3827
family history & disease onset & symptoms, patients with puerperal psychosis vs schizophreniform variant of manic depression, longitudinal study, 4179
feeding patterns & sexual activity during postpartum period, primiparous lactating females, 14424
headaches during 1st postpartum wk, 17–40 yr old mothers, 1726
intelligence & neurological development, children who experienced episode of ischemia in neonatal period, 3–4 yr followup study, 14995
involvement of cholinergic & noradrenergic systems in behavioral adaptation to stress during perinatal period, anxiety, fetus or neonate & mother, 25199
marital relations & dependency & affection & sexual interest during pregnancy & following birth of child, couples, 14307
multiethnic poor socioeconomic municipality & lack of support networks, depression in mothers & behavior problems in children, native vs immigrant mothers with newborn infants, Australia, 25606
nonpuerperal psychotic relapses, females previously hospitalized for puerperal psychiatric disorders, 5–12 yr followup, 9716
opioid receptor-active components in CSF, 21–36 yr old females with postpartum psychosis, 1431
personality correlates, obstetrical outcome & postnatal mood, 1st-time mothers, 15395

polyunsaturated fatty acid-deficient diets during perinatal period, retention of discrimination learning task, rats, 8894
postnatal ACTH vs corticosterone, reproductive functioning, mice, 6147
postnatal contact, attachment & mother-infant bonding, comments on article by B. Myers, 6246
postnatal ethanol exposure, open field behavior & activity level & behavior latency & computer-timed measures, adult rats, 24941
postpartum maternal & sexual behavior, female rats, 27256
postpartum psychoses & systemic lupus erythematosus, 23 yr old female, 12356
pre- & postnatal administration of alcohol in milk diet, growth rate & exploratory behavior, female rats & their offspring, 13895
pre- & postnatal exposure to cimetidine vs ranitidine, growth & development of testes & sexual potency & behavior, adult male rats, 24906
prenatal & early postnatal undernutrition, mating behavior, male Lister vs Wistar rats, 6169
prenatal & postnatal maternal & child caloric supplement intake social & emotional & cognitive development, chronically malnourished 6 8 yr olds, 7008
prenatal ethanol exposure, postnatal development of brain stem auditory EP, rat pups, 8945
prenatal fear of delivery, postnatal emotional balance, nulliparous & parous females, 17159
prenatal vs postnatal protein malnutrition, spontaneous electrical activity of frontal cortex neurons, rats, 16707
psychological status during pregnancy vs 1st postnatal yr, human females, 12697
resumption of sexual intercourse following birth & use of birth control, females interviewed during 5th–7th postnatal week, family planning implications, 3959
supportive therapy, adjustment following childbirth, mothers in maternity ward, Norway, 12815

Postpartum Depression
childbirth vs elective Caesarians vs hysterectomy & personality, mood lability & depression, female patients, 28827
clinical & hormonal aspects of postpartum psychosis, 15–45 yr old females, Zaire, 28223
components of social support & stress, postpartum depression, 18–35 yr old primiparous females assessed during pregnancy & 2 & 8 wks & 1 yr postpartum, 6752
cross cultural differences, incidence & symptoms of postpartum depression, 17–41 yr old mothers, Japan vs Scotland, 14710
emotions & depressive symptoms during pregnancy vs postpartum, primi- & multiparous females, implications for prediction of postpartum distress, 28253
factors predictive of postpartum depression, levels of depression during 7th mo of pregnancy & at 1 & 6 wks postpartum, 13–42 yr old females, 30930
high dosage of progesterone, postpartum depression symptoms, 25–41 yr old females, 18154
holistic treatment approach & predictive characteristics, postpartum depression, mothers, 9699
infant & mother behaviors during face-to-face interactions, postpartum depressed vs nondepressed mothers with mean age of 27.2 yrs & their 3 mo olds, 12155
interdisciplinary protocol, mother-infant bonding, new mothers hospitalized for psychosis or depression, 23504
maternity blues, females, Japan & Scotland, 2nd-level meta-analysis of G. Morsbach & Ors's study, 14700
maternity blues immediately following childbirth, puerperal depression 6–8 wks after childbirth, mothers, 28235
nature & causes of postpartum "blues" vs depression, literature review, 28152
nonpuerperal psychotic relapses, females previously hospitalized for puerperal psychiatric disorders, 5–12 yr followup, 9716
postnatal depression incidence & symptoms, females, Uganda vs Scotland, 28176
previous psychiatric history & marital dissatisfaction, affective disorders in pregnancy & during 1st yr postpartum, primiparous & multiparous females, 6871
problems in research on postpartum depression, 17433
psychosocial factors in postpartum depression, literature review, 28156
recall of postnatal depression, mothers, 3-yr followup, 28175
role of family & social support networks, adjustment to postnatal emotional changes, mothers, Hong Kong, 27944
saliva concentrations of cortisol & progesterone & estradiol & psychological symptoms, mothers with postpartum depression, 9641

Postsurgical Complications (Physical
gastric fundus surgical ostruction, proprioceptive polyneuropathy, 64 yr old nonobese male receiving parenteral hyperalimentation, 7085
ischemia during carotid endarterectomy, neuropsychological impairment, 49–76 yr old patients, 23402

Posttesting
presence of response-shift bias, relative power of 5 methods of analysis, 11205
regression suppression conditions, emergence of weighted change score composite, 11215
statistical methodologies of J. R. Terborg et al vs N. Schmitt vs R. W. Zmud & A. A. Armenakis, assessment of group-level beta & gamma change between pre- & posttest measures, 8456
validity of gain score & residual difference & base-free measure & least squares estimator as measures of pretest-posttest gain, community college students in statistics & algebra courses, 5424

Posttraumatic Stress Disorder
ability to recognize & response to & recommended treatment, battle stress reaction, US Army medics & officers & enlisted personnel, 1464
abnormal behavior & physiological arousal, military veterans with posttraumatic stress disorder, 17497
Adlerian natural high therapy, posttraumatic stress disorder, Vietnam veterans, 10112
alcohol misuse & posttraumatic stress disorder, Vietnam veterans vs Vietnam-era veterans, comments on statistical methods in study by E. Roy, 1334
alcohol misuse & posttraumatic stress disorder, Vietnam veterans, reply to R. Lacoursiere & L. Coyne's criticism, 1342
alleged failure of VA clinic to diagnose & treat posttraumatic stress disorder, Vietnam veteran injured in police shootout, case law, 14367
anxiety level before & after Israeli invasion, evacuees vs nonevacuees, Lebanon, 12202
attitudes of mistrust & posttraumatic stress disorder, Vietnam combat veterans, 1393
behavioral formulation model, posttraumatic stress disorder, Vietnam veterans, 20292
characteristics & coping behavior & treatment considerations, posttraumatic stress disorders, Vietnam veterans & their families, implications for social work, 15433
childrearing, delayed posttraumatic stress, Vietnam combat veterans with preschool age children, 12164
Chowchilla school bus kidnapping, posttraumatic stress reactions, children, 4-yr followup, conference presentation, 30894
chronic & repeated exposure to toxic & organic solvents, vague recurrent somatoform symptoms as variants of posttraumatic stress disorder, 23–58 yr olds, 14990
clinical characteristics of post-Vietnam stress syndrome, 20333
combat experience & witnessing & participation in abusive violence as model of war trauma, postservice psychological states & war stress, Vietnam military veterans, 6803
combat stress as adolescents, moral development, Vietnam veterans, implications for group psychotherapy, 4182
countertransference issues, treatment of Vietnam veterans with posttraumatic stress disorder, therapists, 28643
demographic characteristics & psychological reactions to shooting incidents, police officers, 13338
development & misuse of concept of Rape Trauma Syndrome, need for caution & for professional training in use of diagnostic process, 31075
development of Combat Exposure Scale, assessment of trauma in Vietnam war, help-seeking Vietnam veterans with mean age of 33 yrs, 13577
development of concepts of posttraumatic stress disorder & nomogenic diseases, 25602
development of MMPI subscale, assessment of combat-related posttraumatic stress disorder, male Vietnam veterans, 2913
distinguishing factors in posttraumatic stress disorder, veterans of Vietnam vs other wars, 1387

diverse nature of posttraumatic stress disorders, 20175
educational-therapeutic group intervention, substance abuse problems resulting from attempts to control posttraumatic symptoms, Vietnam veterans, 12852
essential data collection for prediction of ability to return to premorbid state, 42 yr old male severe accident victim, 28 mo followup, 25807
etiology of posttraumatic stress syndrome, 38 yr old White Vietnam veteran, 30995
exposure to combat, Vietnam-linked imagery, male veterans, 22673
factitious posttraumatic stress disorder, 28–38 yr old veterans never in combat or Vietnam, 22739
gestalt techniques, posttraumatic stress disorder, Vietnam combat veterans, 12469
history of familial alcoholism & depression & anxiety & other psychopathology, veterans of Vietnam vs World War II vs Korea with posttraumatic stress disorder, 14657
hypnosis, dispelling of recurrent & traumatic combat dreams, 57 & 37 yr old veterans with posttraumatic stress disorder, 15345
hypnotherapy, posttraumatic stress disorder, 24 yr old females & 27 & 42 yr old males, 26221
imipramine, posttraumatic stress disorder, patients with mean age of 33 yrs, 18097
injuries in work setting, treatment for resulting psychiatric problems, patients with posttraumatic stress disorder vs reactive depression vs hysterical neurosis vs psychogenic pain disorder, 25579
loss of relative through homicide, bereavement & cognitive & behavioral & affective reactions, 30–61 yr olds, 9713
memory & metaphor & social context, understanding symptoms of posttraumatic stress disorder, Vietnam veterans, 1406
Millon Clinical Multiaxial Inventory profiles, military veterans with posttraumatic stress disorder vs confounding psychiatric disorders, 28248
MMPI profiles & posttraumatic stress disorder, Vietnam veterans vs new psychiatric inpatient veterans, 17449
MMPI, psychometric detection of fabricated symptoms of posttraumatic stress disorder, disordered vs well-adjusted Vietnam veterans & mental health professionals, 19055
multiple personality syndrome as posttraumatic stress disorder, 35 yr old male US Army veteran & 18 yr old female, 4253
narcosynthesis, posttraumatic chronic pain, 49 yr old White male, 20671
nutrition & body chemistry, depression & anxiety & sleep problems as symptoms of posttraumatic stress disorder & burnout, Vietnam veterans & counselors, 25994
political & psychiatric etiology of posttraumatic stress disorder, Vietnam veterans, 25604
posttrauma MMPI scores, accident-injury trauma patients vs patients with organic illness vs psychogenic pain, 14909
posttraumatic & ego passivity, Vietnam combat veterans, 12187
posttraumatic stress disorder, ability to stand trial, male Vietnam veteran, 28179
posttraumatic stress disorder, character development & marriage & love, Vietnam combat veterans, implications for treatment, 12147
posttraumatic stress disorder experienced by L. Paine & A. Bierce after Civil War, US, 6783
posttraumatic stress disorder, hypnotizability & imagery, Vietnam veterans, 28262
posttraumatic stress disorder, insanity defense, Vietnam veterans charged with crimes, 9439
posttraumatic stress disorder, physicians & medics & corpsmen & nurses who served in Vietnam, 26412
practical training in management of psychiatric combat casualties, US Army Mental Hygiene Consultation Service members, 18496
prevalence of posttraumatic stress disorder & adjustment problems & treatment needs, Vietnam vs World War II vs Korean War veterans, 23067
psychodynamics, survivors of Nazi concentration camps, 3763
rape & masochistic personality & post-traumatic stress disorder, females with multiple personalities, implications for group & individual therapy, 25521
regressive experiences, relationship to war & posttraumatic symptoms & recovery, Vietnam combat veterans, 12136
residential treatment program, stress reduction & posttraumatic disequilibrium, acute & chronic victims of violence, bibliography, 23419
role of imagery in clinical theories & research & diagnosis & treatment, posttraumatic stress disorder, literature review, 20231
role of psychic trauma, Rorschach symbol formation & interpretation, patients with post traumatic stress disorder, reply to M. P. Kowitt's comments, 26993
role of psychic trauma, Rorschach symbol formation & interpretation, 60 yr old male & 41 yr old female patients with posttraumatic stress disorder, comments on view of A. C. Carr, 26966
school bus kidnapping & posttraumatic emotional sequelae, 5–14 yr olds, 5–13 mo followup, 28268
school bus kidnapping experience, posttraumatic emotional problems & misperception, 5–14 yr old victims, 6951
social support over time, Vietnam-era veterans with vs without posttraumatic stress disorder, 20291
stress as result of Mount St. Helens disaster, 18–69 yr olds, 5506
theoretical & clinical aspects, psychological control & narcissistic rage & reparation of self, Vietnam combat veterans, 12503
unconscious guilt & transference phenomena in psychotherapy, posttraumatic stress disorder, survivors of Cambodian concentration camps, comments on study by J. D. Kinzie et al, 12203
value conflicts & psychopathology & psychotherapy, Vietnam veteran with posttraumatic stress syndrome, 28670
war related vs non-war related vs no traumatic event experience, posttraumatic stress disorder symptoms, Vietnam-era veterans, 14716

Posttreatment Followup

age & sex & illness behavior, responders vs nonresponders to 6-mo followup survey, formerly hospitalized asthma patients, 8375
communications with analyst which reveal extended "working through", female former psychoanalytic patient, 13-yr followup, 1838
course of illness outcomes, 18–55 yr old patients with schizophrenic psychoses vs other psychiatric disorders, 1-yr followup, 22700
decision to terminate in psychoanalysis, comment on article by E. H. Kaplan describing 13-yr posttreatment followup of female patient, 1831
efficacy of emotive reconstructive therapy, neurotic vs personality disordered vs psychotic 20–61 yr olds, 1855
initial evaluation & followup practices with hypertensive & depressed patients, family practice residents, 4871
naltrexone & behavior therapy, heroin addicts with mean age of 26 yrs, 5-yr posttreatment followup, conference presentation, 5053
noncompliance rates for followup after psychiatric consultation in general hospital, patients, 7643
posttreatment followup interviews, 20–30 yr olds seen in time-limited psychotherapy, 26014
psychiatric hospital discharge & aftercare, 6-mo & 2-yr followup study, Canada, 10471
role in long term treatment & followup of child abuse & neglect cases, pediatricians, 18437
social skills training, clinical responses, 31–58 yr old females with endogenous depression, 24-mo posttreatment followup, 26129
standardized computer data base, evaluation & followup, outpatients with dementia, 26959

Posture

application of N-methylaspartate receptor antagonist to lumbar spinal cord, locomotor & posture & central transmission of nociceptive information, conscious rats, 16740
assessment methods, distribution of handwriting posture, left handed male college students, 11484
auditory or visual body-position feedback, postural control, 38 yr old female with spasmodic torticollis, 20856
awareness of bodily functions through gestures & postures as expressions of living, implications for psychotherapy, 17959
bilateral globus pallidus lesions, reaching behavior & limb & body posture, rats, 19644
bilateral symmetric rapid elbow flexions vs extensions while standing free vs strapped to wall, EMG measures of postural adjustment, 25–65 yr olds, 24700
biofeedback & voluntary control procedures, systolic blood pressure & heart rate during postural change, 18–30 yr olds, 27454

brain stem microinjection of N-terminal fragments of ACTH vs ACTH 1–39, dystonia-like postural asymmetry, male rats, implications for role of ACTH mutation in dystonia, 8976
cerebellar lesions, spinal fixation, male rats, 6086
development of arm posture during bottle feeding, preterm 25–37 wk olds, 30370
development of posture & locomotion, Japanese monkey infants, 21906
dimensional structure of semantic space, judgment of postures, 11644
dopamine injections into medial & lateral regions of dorsal striatum, postural deviation & rotation, female rats, 30251
estradiol benzoate, locomotor activity & postural deviation & rotation induced by intrastriatal injection of dopamine & amphetamine, ovariectomized female rats, 24734
facial- vs postural-affect recognition, 66–82 yr old geriatric inpatients with senile dementia, 7026
hand posture during writing & presence vs absence of left-handedness in family, possible artifacts from dicotomous self report forms, college students, 22002
heart rate & oxygen uptake & aerobic capacity required for stoopwalking & crawling task performance, college students, 30126
importance of description & assessment of posture tolerability in analysis of posture in work settings, 24033
intrastriatal vs intracortical injections of scopolamine, postural deviation & stereotyped rearing, rats, 27573
kainate lesions of vs infusion of GABA agonists & antagonists in nucleus fastigii, symmetry of postural tonus, male rats, 3347
lateral dominance & hand inversion, sinistrals, criticism of study by A. Searleman et al, 24661
lateral dominance & hand inversion, sinistrals, reply to J. Levy's criticism, 24681
morphology of orthostatic posture using Crampton's test, mentally retarded 6.5–15.4 yr olds vs 5.9–12.8 yr olds, 22900
muscimol injections into ventral vs dorsal striatum, tonic activity in EMG & catalepsy & ipsiversive posture, rats, 27654
neonatal tail posture, prediction of striatal dopamine asymmetry & rotational bias, rats, 5999
nervous system & neurotransmitter activity during long term antiorthostatic hypokinesia & recovery period, 32–41 yr old males in space flight simulation, 16682
obesity & side vs back sleep posture, sleep apnea, male patients, 14905
physical posture following success vs failure, locus of control & motivation & depression, college students, 4074
position & movements, frontalis & sternocleidomastoid & trapezius muscle activity, Ss with vs without muscle contraction headache, implications for muscular activity assessments, 4521
postural condition & time on circuit board inspection, posture & postural comfort & stress & task performance, 24–36 yr old engineering students, 32323
postural sway & gait, 4.5–10.5 yr olds with convergent strabismus, 14972
posture, knowledge of work space & gauging of actions, high-speed precision work operators, 24038
postures, 3 day olds, implications for adult-infant interaction experimentation, 25054
proprioception, postural stabilization as assessed by ischemia, 28–32 old males, 617
proprioception, 7–13 yr olds with correct body posture vs posture with defects in frontal or sagittal planes, 9985
rating of posture expressions on semantic differential scale, college students & workers, Japan vs US, 28045
standardization of prone extension postural test, assessment of vestibular functioning, normal vs learning disabled 4–8 yr olds, 2901
starting positions of arm, EMG RTs of biceps brachii muscle for elbow flexion & forearm supination, male college students, 11516
teaching procedure, elimination of head droop, 3 yr old congenitally impaired female, 20876
unilateral vs concurrent electrical stimulation of substantia nigra or ventral tegmental area & apormorphine & haloperidol, locomotor activity & contraversive circling behavior & postural asymmetry, male rats, 22092
visual input, maintenance of postural stability, dyslexic children with mean age of 10.9 yrs, 12293
visual vs vestibular vs proprioceptive reflexes, postural responses, adult males, 21829
writing posture, left handed students, 16628
Potassium [See Also Potassium Ions]
lithium & sodium & potassium & rubidium & cesium & francium, neuropsychiatric aspects of alkali metal deficiencies & excesses, literature review, 28525
pedigree analysis & lithium carbonate, familial hyperkalemic periodic paralysis & bipolar depression, 27 yr old male, 28788
potassium homeostasis & membrane potential of sensory neurons in CNS, leeches, 8823
Potassium Ions
perfusion of perilymphatic space with solution containing high potassium ion concentration, auditory evoked response threshold in brain stem, cats, 6095
Potential Dropouts
ANOVA vs MANOVA vs multiple regressions vs canonical correlations, prediction of GPA & attrition/persistence, college freshmen, 8123
performance on mathematics pretest, prediction of physics achievement & identification of potential dropouts, college students, 8003
stress management program, reduction of attribution rate, practical nursing students, 15660
validity of Military Applicant Profile, prediction of early attrition, US Army enlistees from various educational & racial backgrounds, 8178
Potentiation (Drugs) [See Drug Interactions]
Poverty
altruistic approach to world poverty & human rights & social justice, implications for government policy making, 14227
bank loans, poor females, India, 22419
causal scripts for poverty vs wealth, kindergartners vs 2nd vs 4th vs 6th graders, test of attribution theory, 19895
community living room program, socializing & support, homeless & poor & chronically mentally ill, 26293
demographic variables, just world beliefs, attitudes toward poor, adults, Great Britain, 20141
development of aid & assistance programs by Swiss agencies, handicapped, developing countries, 25989
educational socialization, perception & definition of poverty, adolescent males from comprehensive vs public school, England, 14157
ethical issues, fertility reduction policies & poverty, Third World countries, 14224
forced movement from urban core being redeveloped, assessment of changing social service use & need patterns, poor 50–90 yr olds living in single room occupancy hotels, 15411
inequality poverty, homicide, US, review of studies by S. F. Messner & J. R. Blau & P. M. Blau, 6956
perceived powerlessness, low income welfare clients, implications for therapeutic processes, 4580
policy strategies, raising of income, mother-only families with high incidence of poverty, industrialized nations, 22513
poverty & electoral & political client activities, poor females, US, 22521
poverty & incidence of alcohol & drug dependency, residents 15 yrs & older, Costa Rica, 31052
poverty & maternal role in early childhood education, 5220
poverty, criminal violence, 20414
reasons for & recommendations to alleviate dropping out of school, poor children, 29336
school attendance in adolescence & living in female headed household, school attendance at age 17 & completion of high school & experience of persistent poverty, Black vs White 17–27 yrs olds, 27732
technology & employability & income, poor rural females, 5453
traditional beliefs & practices, continuation of lactation, 16–42 yr old mothers living in squatter areas, Philippines, 27932
US government assistance programs, quality of life & mental health & poverty cycle, chronic welfare recipients & street criminals & alcoholics & drifters & mentally ill street people, 9344

Power
ability to predict attitudes & behavior of other family members, dependent vs powerful & independent family members of three generations, 17161
abuse of power by caregiving adults in care of helpless ill child, 7155
Alienation Questionnaire, measurement of alienation & autonomy, 28–40 yr old industrial entrepreneurs vs industrial workers, India, 26811
amount of power of individual members, coalition formation & behavior in decision making groups, graduate students, 20083
analysis of powerful linguistic features of TV interviewers, college students, 24998
application of linear structural equation models to compliance theory, effect of powerlessness to school involvement on juvenile delinquency, 10th graders, 2463
balance of power, romantic/sexual relationships, 19–59 yr old lesbians, 9457
coercion & authority & deterrence in society, 25244
coercive vs noncoercive power sources, conflict & satisfaction & marketing channel performance, manufacturer's district managers & dealers' general managers, 29582
communicator sex & sociable vs authoritative intentions & power of speech style, perceived power & effectiveness, college students, 30808
community mental health empowerment strategies, barriers to seeking & receiving help, White Polish/German urban communities, US, 11874
contrast of behavior in 2-person power game, college students, India vs Canada, 6625
correlates & contexts of empowerment, 19–54 yr old members of nondenominational Christian fellowship, 11891
critique of J. French & B. H. Raven's typology of social power, literature review, 22587
cross cultural validity of structured interview & Attributed Power Index, measurement of supervisory characteristics, Black vs White managers, South Africa, 16365
culture, organizational development & management practices, Latin countries, 18851
decision making & perceptions of conjugal power, Francophone spouses, Canada, 6498
dependencies of weaker & stronger persons, use of power, college students, 28031
dependency & power feelings, chronic psychiatric patients with mean age of 40.1 yrs receiving welfare & participating in sheltered hospital workshop, 2154
development of literacy as adaptation vs power vs state of grace, 16990
developmental stages & assertive & yielding forms of control in intimate relationships, 25410
dynamics of power, group environment, 14491
empowerment as developmental process, 30–65 yr old citizen leaders in grassroots organizations, 11864
empowerment goals, rural community development, Puerto Rico, 11869
expected frequency & mean size, paradox of new members in voting body, 16453
feelings of powerlessness & impulsive violent actions, adolescents & young adults, 4278
gender & approval motivation & stereotypes of & experiences with power in sexual encounters, male vs female college students, 17267
high vs low power & cooperative vs individualistic vs competitive situation, superior-subordinate interaction, college students, 25412
idea generation & release & development & organizational acceptance, power, organizational personnel, 16101
image & power politics, domestic & international politics, 17232
imagination & power structure in society, 19947
information processing models, prediction of leadership & social power perceptions, college students, 22606
interaction patterns & influence, promotions, female vs male nonsupervisory employees, 3-yr followup, 32242
interest & decisional power, judgments of risk & benefit concerning hazardous materials, conference presentation, 21864
interfirm power relationships in marketing setting, 16087
intersubjectivity of definitions of powerful others, organizational politics, employment training project workers, 13323
intimacy vs power motivation, patterns of friendship, male vs female college students, 12007
language or speech events & rituals, development of power & structure in organizations, 16098
level of gender constancy vs social power of model groups, same- vs opposite-sex modeling, 29–70 mo olds, 11790
measurement of power potential of organizations in community politics through rating of power reputation of local elite members, West Germany, 14409
mood & power over enjoyable vs unenjoyable activities, perception of crowding, college students, 4025
mother vs father vs same-sex friend as targets & age & gender, use of unilateral vs bilateral & direct vs indirect power strategies in intimate relationships, 6th vs 9th vs 12th graders, 11792
need for socialized vs personalized power, male vs female managers, 29522
needs for achievement & affiliation & power, successful performance, police officers, 2634
organizational power & obedience to rules, gubernatorial administrations of R. Reagan & E. G. Brown, 16082
participation in conferences & treaties & intergovernmental cooperation, Europe, 1816–1915, 6537
paternalism & patronage in social or personal relationships in different types of societies, comments on G. E. Goodell's article, 30575
paternalism's ideology of benevolence & benefits & negative effects on corporate integrity of groups in states & individuals, anthropological & social psychological research, 30568
perception of supervisor's reward & coercive & expert power, degree of modeling, subordinates with high vs low self esteem, 5461
perceptions of powerlessness & stressful job dimensions, alcohol misuse, employees, 1546
perceptions of self vs supervisors' use of behavior alteration techniques or power strategies, job satisfaction, elementary & secondary school teachers & bankers, 23983
politics & power & influence, organizational change, managers, 16073
power & group size, bargaining behavior, college students, 2719
power game of hypnotherapy & guidelines, therapists, 23385
power imbalance, mediation of interpersonal disputes, 17311
power in organizations & personal relationships, managers & spouses, 23976
power, leadership & management in organizations, 18838
power motivation, male vs female college & graduate student leaders vs nonleaders, India, test of affective-arousal models, 5837
power motive & leadership styles in organizations in context of social system, India, 2670
power motive & stresses, activation, college & high school students, 12000
powerful vs powerless speech styles & stylistic reciprocity in crisis intervention scenario, O attributions, college students, 19740
powerless vs generic communication style, perception of speaker, college students, 25007
powerlessness, socially desirable responses & agreement with statements regardless of content, Anglo vs Mexican American vs Mexican 18–65 yr olds, mental health implications, 14581
preferences & situational power & negotiator personality, business negotiation outcomes, graduate business students, 21582
pupil control ideology & perceived power, secondary school teachers, 21275
regressive pull of power, current American legislator, 22525
reliability & validity of "final say" measures of marital power, test of criticism by C. Safilios-Rothschild, 29728
role of community colleges, perpetuation of inequality in wealth & power & status, applicants to community college allied health career programs, 29196
role of family & aggression & power & myths & struggle of sexes, evolution of law & resolution of disputes, 3943
role of human services, use of empowerment to attain mental health, communities, 12749

self perceived vs measured strength of needs for achievement & affiliation & power among male vs female managers, male vs female personnel administrators, 2646
sex differences in official language use & language of power structure, 22248
sex of physician, interruption of conversation by patients vs physicians, 16–82 yr old patients & their doctors, 10101
social power need, female vs male college students, failure to replicate results of L. R. Good & K. C. Good, 12046
social systems & personal power, primary prevention of illness, 10048
social technologies, facilitation of empowerment, communities, 11860
sociocultural success, reproductive success, socially stratified vs unstratified human societies of varying levels of wealth, 11846
sources & role of power in psychotherapy, female clients, implications for feminist therapy, 7221
standardization of TAT-like pictures, assessment of power motivation, graduate students, India, 5653
strategies for empowerment, feminist groups, 11972
structural differentiation model of social power in small- group relations, college students, 30779
support bargaining, power & authority & legitimation, criticism of P. M. Blau's exchange theory, 12012
synergy paradigm, empowerment & expansion of community healing resources, Botswana & Fiji Islands & US, 12753
The Power Struggle Game & steps in evolution of passive-aggressive personality, implications for therapist-client interactions, 20707
unequal power in competitive vs cooperative context, influence strategy & perspective taking in negotiation, college student dyads, 4012
unhappy childhood as origin for W. Churchill's need for power, 30701
use of computers, moral questions & individual rights about privacy & property & power, 22410
use of first names vs titles in English, expression of solidarity vs power, 11642
use of power in political pressure group to eliminate proposed dam, Yavapai Indians threatened with loss of homeland, 11852
use of power strategies, dual-career vs traditional married couples, 25289
uses of power in Christian spirituality, 14256
wife's power within marriage, sexual behaviors & attitudes, test of V. Abernethy's hypothesis, 14434
work attitudes & information about firm's finances & desire for influence & power, employee equity & shareholding, employees of heating/plumbing firm, 13313

Practice [See Also Distributed Practice, Massed Practice]
amount & variability of practice, transfer to nonpracticed similar tasks, 18–30 yr old right handed males trained in open- vs closed-skill situations, 16406
amount of own & other's practice prior to test & subsequent test performance, desire to know attributes of others who perform similarly, college students, 6651
articulatory suppression & information about item list length, recall, college students & staff, 24490
awareness/practice vs practice techniques, elaboration while studying, 7th graders, 32012
central-peripheralist model, work decrement, 267
computer-based drill & practice instructional strategies, paired associate & multiple discrimination learning, 7921
consequentiality vs surprise vs emotional change vs rehearsal vs likelihood of occurrence, vivid vs nonvivid flashbulb memories of autobiographical events, college students, 11377
constant vs random practice, transfer to novel speeds in coincident-timing task, 18–24 yr olds, 2995
controlled vs automatic component of rehearsal & maintenance vs elaborative conditions, long term memory trace, college students, implications for 2-stage model of maintenance rehearsal, 11370
degree of learning & study time & single vs multiple exposure, retrieval speed, human Ss, 24485
discrimination training to disengage posttrial processing/rehearsal of prior food cue, pigeons, 24537
emotional reactions vs rehearsal vs degree of surprise vs perceived consequentiality, "flashbulb memories," university faculty 1 vs 6.5 mo following assassination attempt on Reagan, 11373
ethanol & practice vs mental rehearsal over repeated sessions, motor task performance & ethanol tolerance, male 19–25 yr old social drinkers, 27659
experience & verbal comprehension level, learning from 3 models of periodic table, high school students, 26570
hypnosis vs imagination vs repetition, visual recall memory, college students, 24503
incidental vs intentional memory conditions & presence vs absence of rehearsal strategies, frequency information, 18.3–29.8 vs 60.6 vs 83.7 yr olds, 24492
individual identification ability & type of group response & practice, absolute pitch identification, adults, 8525
individualized practice & training of visuo-motor behavior rehearsal, karate performance, college students, 18593
integrative imagery vs concrete enaction & repetition strategies, recall of pictograph sentences, 5.5–6.5 yr olds, 25117
learning effects, communication & leadership & personality traits, 29–52 yr old technical personnel, India, 1-yr followup, 13307
levels of broadcast experience & speech tasks, radio language performance, beginning college students vs professionals, 16824
maintenance rehearsal & cognitive capacity, long term recognition of words, college students, 19281
maintenance rehearsal with vs without utterance, delayed recognition & recall, college students, 11381
modeling vs corrected practice, generative language acquisition, 4.9–5.6 yr olds, 9184
number of movements & practice & rehearsal, incidental vs intentional psychomotor learning, college students, 11257
number of types of training tasks, generality of learned helplessness phenomenon, college students working solvable vs unsolvable problems, 5801
particular movement patterns, motor schema formation & production of novel movements, male college students, evaluation of R. A. Schmidt's motor schema theory, 11260
perceptual demands & practice of visual tracking task, amplitude of P300 component of event-related brain potentials, college students, conference presentation, 19531
play vs training experience & experimenter bias, performance on innovative task, 44–58 mo olds, replication of studies by T. Simon & P. K. Smith & by P. K. Smith & S. Dutton, 22349
positive practice overcorrection &/vs positive reinforcement, teaching sign language, 18–67 yr old mentally retarded males, 26367
practice & verbal instruction, task performance & verbalizable knowledge, 19–35 yr olds, 11248
practice &/vs attentional instructions & knowledge of results, visual dominance in bimodal RT task, college students, 262
practice, response consistency in pursuit tracking task, 23–30 yr old males, 3007
practice tests, scores on aptitude & achievement tests, students, meta analysis, 8118
pretraining vs feedback, performance on reasoning tasks, kindergartners vs 1st graders, 19860
rapid presentation, immediate recall of digit span, 23–65 yr olds, 27160
recognition experience between acquisition & retrieval, cued recall of episodic information, 2nd vs 4th graders vs college students, 9142
rehearsal & self instructional techniques, recall & skill generalization & maintenance, educable mentally retarded 25–35 yr olds, 1610
rehearsal during delay between stimulus presentation & recall, verbal short term memory performance, 5–15 yr old deaf students, 12327
rehearsal frequency & set size & short- & long-term memory recall, 7 yr olds, 2-yr longitudinal study, 30446
rehearsal model, absolute identification of signals, 11229
rehearsal vs nonrehearsal of learned sets of noun labels, retention after 9 wks, 8–10 yr old autistic males, implications for structure of special education programs, 5333
relaxation vs arousal induction & physically active vs sedentary & coping vs mastery rehearsal strategy, physiological arousal & anxiety & imagery & controllability & efficacy expectations, 21 yr old varsity football player, 18047

repeated practice technique & social reinforcement, acquisition & maintenance of basal preprimer & organic words, preschool students, 10-week followup, 26555
repetition of order information, short term retention, college students, 24482
retrieval in active rehearsal strategies for free recall task, 2nd vs 6th graders, 30466
rewards & practice, attentional performance, learning disabled 6–13 yr olds, 17676
self assessment of everyday spatial abilities & time spent in practice, male vs female college students, 1297
self handicapping, practice effort & performance during meet, college swim team members, 2609
self management, music practice, 20 yr old male, 26125
size & case of typeface & string length & practice, performance on silent vs oral reading & skill transfer, college & graduate students, 375
sleep reduction of 1–2 hrs daily, vigilance performance & EEG measures of daytime sleepiness & possible practice effects, 22–25 yr olds, 29971
social learning type training procedures, hypnotic susceptibility, female college students, 24516
susceptibility to practice effects, suppression in metacontrast & apparent motion, naive Os, 11285
use of rehearsal strategy in self paced recall readiness task, mildly mentally retarded 10 & 12 & 14 yr olds, 31104
video game practice, recovery of sustained attention, 17–48 yr olds with traumatic brain injury, 4572
Practice Effects [See Practice]
Practicum Supervision
amount of supervision & congruence of theoretical orientation between supervisor & psychotherapist trainee, psychotherapy outcome, supervisors & trainees & outpatients with mean age of 33.5 yrs, 15180
andragogical approach, educational function of supervision in social work, 31855
art therapy supervision, graduate art therapy students, 18511
clinical evaluation of self from memory vs videotape vs evaluation by peers vs supervisors, graduate student speech-language clinicians, 26415
clinical issues in supervision, geriatric mental health trainees, 31883
competency based supervision, student teachers, 5196
counselor trainee's defensive vs counterdefensive self presentation style, evaluation of trainee, supervisors with 1–25 yrs experience, 15658
countertransference & supervision in psychotherapeutic training, management of feelings between patient & student therapist & between student therapist & supervisor, therapist trainees, 23635
crisis intervention as mechanism for supervision, clinical social work interns, 31851
cross cultural factors, supervision in psychotherapy training, 5123
degree level, perception of supervisory relationship, male vs female graduate counseling students vs their supervisors, 18512
development & validation, Supervisory Styles Inventory, counselor supervisors & trainees, 5618
developmental stages & structure of relationship with supervisor, psychotherapy training, psychotherapy students, 18403
efficacy of group facilitator supervision program, 22–45 yr old graduate counseling students, 26458
emotional support & cognitive structuring & autonomy giving & perceived value of supervisory behaviors, social work students & their faculty supervisors, 7825
emphasis on family-of-origin material, family therapy supervision, social work students, 12940
experience level, presession planning & in-session verbal behavior, counseling supervisors, 31898
family-of-origin approach, supervision of marriage & family therapy, doctoral student supervisees, 12949
ideal teaching/learning vs effective teacher supervisory environments in meeting learners' social & psychological needs, 29242
importance of feedback in clinical supervision, supervisors & students in social work, implications for direct practice, 31865
inclusion of management & supervision training in rehabilitation counselor training programs, 26399
influence of supervision, social worker-client relationship, 12913
live supervision & simulated families & transition course, family therapy training, counseling students, 18509
live supervision models, training of family therapists, 2296
management-of-self model of supervision, 18456
microsupervision skill development model, training of clinical supervisors, 26447
model for clinical teaching & supervision, psychosocial nurses, 23641
model for evaluation of supervisory interactions, family therapy training, supervisors & therapist trainees, 26441
model of live supervision in family therapy training & pathological triangle, trainee & supervisor & family, 29091
model of supervision in alcoholism counseling, 2314
multimodal approach of A. A. Lazarus, counselor supervision, counselor trainees, 18482
perceptions of psychiatry clerkship objectives, psychiatric clerkship supervisors, 5080
perceptions of supervisory conferences conducted according to student-planned agenda, speech-language pathology graduate students, 7819
personality characteristics, later success in internship & attitudes of supervision, social work interns, 18505
practice & theory & personal experience of supervision in Paris Psychoanalytic Society, France, 10603
practicum supervision, identification of common errors in application of DSM-III, psychiatry residents & psychology interns, training implications, 2304
predictable countertransferential responses, therapist trainees working with severely disturbed patients, 21178
problems of supervision, family therapy supervision trainee, 2316
reading & discussion of supervisee's rating & devision of plan for change, supervisee satisfaction, community mental health supervisors & supervisees, 26440
role & importance of supervision in clinical Doctor of Psychology training programs, US, 18402
role of master-pupil relationships of ancient times, psychotherapeutic supervision, 12912
short term instructional model, post graduate course in supervision of student social workers, 7789
spiral-ecological approach to supervision, 26407
structural arrangements & mode of field instruction & preparation of supervisor, social work problem solving ability, part-time graduate student social workers, 7768
supervisee-supervisor communications in psychoanalytic training, 10639
supervision & other techniques, training of strategic family therapists, 2294
supervision & utilization of family-of-origin family systems treatment, 12875
supervision, experiential psychotherapy, 18422
supervision in family therapy training, 2248
supervision in psychoanalytic training, 5086
supervision session 4 hrs vs 1 vs 2 days before counseling session, supervisor & counselor performance & counselor & client satisfaction, 18–45 yr old clients & counselors & supervisors, 26410
supervision with "Pick-a-Dali Circus" model, family therapists, 2278
supervisory characteristics & variance, direction & content & outcome of psychotherapy supervision, 18398
systems viewpoint on supervision in psychotherapy, psychotherapists, 15655
training as supervisees in clinical practice seminars, rehabilitation counselors, 12896
types & supervision of psychiatric residencies, choice of psychiatric specialization, psychiatric residents, 18476
use of dual-channel audiotape recorders & supervisor feedback in counseling laboratory, counseling practicum graduate students, 7835
use of social influence theory in supervision, counselor supervisees, 23631
Pragmatics
analysis of argumentative conversation during sociolinguistic interviews as cultural form of sociability, urban lower-middle class Jewish-American adults, 19749

assessment of pragmatic skills in children's language, speech-language pathologists, 10330
contextual factors, comprehension of pragmatic indicators "even" & "also" & "essentially", French speaking adults, 22247
determination of compatibility functions for terms having pragmatic implications in communication of graphic display information, human Ss, 13355
functional-pragmatic evaluation of communication skills, school age children, 3665
interpretation of referential ambiguities & pragmatic inference, 2nd & 4th & 6th graders, 9159
metalinguistic awareness of pragmatic rules concerning direct vs indirect requests for action vs information, 6 vs 7 vs 8 yr olds, 14119
metapragmatic knowledge of request function, 5–8 yr old students, 16999
pragmatic approach, person perception, 4030
pragmatic approach to language intervention, language-disabled young children, 2037
pragmatic factors, strategies used in processing & comprehension of relative sentences, college students, 5764
pragmatic language skills, learning disabled children, literature review, 25710
pragmatic role of frequently repeated utterance "it's gone" within multiple context conversational interactions, specifically language impaired 4 yr old male, 9874
understanding of spatial points of view, correct comprehension & production of I/you pronouns, 2 yr olds, 9205
verbal language complexity & styles in interaction with peer vs adult, learning disabled vs nondisabled male 6th graders, 1588

Pragmatism
model of layperson as pragmatist, implications for study of inference, 21879
relative deprivation vs pragmatic theories of collective behavior, prediction of relationship between magnitude of inequality & feelings of deprivation, disadvantaged females, 22608

Praise
descriptive taxonomy of compliments, 14490
noncontingent verbal praise, performance & integration of circular & linear movements in motor task, 6 vs 11 vs 17 yr old males, 3654
peer vs adult positive vs neutral feedback, task performance & imitative behavior, Black male vs female 1st–2nd graders, extension of experiment by S. E. Henry et al, 919
praise, intrinsic motivation for masculine vs feminine task, male vs female college students, 14425
social support & praise & feedback during exercise & goal setting & distraction-based cognitive strategies, adherence to exercise program, healthy sedentary adults, 4734
verbal praise vs vibration vs edible rewards, performance on perceptual motor task, mentally retarded students with median age of 5.5 yrs, 5346

Prayer
contemplation & prayer & meditation, personal transformation & global peace, 17117
perceived value of prayer in psychotherapy, 24–70 yr old Christian counselors & psychotherapists, 1842
prayer & psychology of consciousness, 30591

Precognition
geometric activity, subjective telepathic experiences concerning death & sickness, 26876
personality correlates, 23–80 yr olds who report repeated premonitions, 8286
precognition or time-reversed interference in perceptual sequences, college students, 26862
precognition vs present time ESP, information acquisition in forced choice trials, 13425
psi-missing displacement effect in general extrasensory perception vs clairvoyance vs precognition tasks, college students, 18917
views of precognition, USSR, 26875

Predatory Behavior (Animal) [See Animal Predatory Behavior]

Predelinquent Youth
curriculum & exceptional instructional practices of educational therapy, behavior change, predelinquent & delinquent youth, 21406
delinquent behavior before 14 yrs of age, subsequent delinquent behavior, adolescents, longitudinal study, 12257
home-based comprehensive referral pursuit & maintenance approach vs traditional clinic based service delivery, treatment dropouts, troubled youth & their families, 4903

Predictability (Measurement)
grouping respondents with similar preferences, predictive accuracy of conjoint analysis in consumer research, 27066
practical implications of matching law for reinforcement schedules, 5682
preference for small vs larger predictable vs unpredictable rewards, male rats, 535
usefulness of global measures & cognitive structure measures of brand attitudes in prediction of purchase intentions, college students, 21659

Prediction [See Also Academic Achievement Prediction, Occupational Success Prediction]
ability to predict attitudes & behavior of other family members, dependent vs powerful & independent family members of three generations, 17161
ability to predict how internal & external conditions affect behavior, early vs late preschoolers vs kindergartners vs 2nd graders, 19907
actuarial data vs clinical judgment, courtroom prediction of violent behavior & dangerousness, US Army servicemen, 20015
age & sex & race & education & occupation & rural vs urban & geographic residence & handedness, prediction of premorbid IQ on WAIS, 4035
amount of stress & level of functioning, prediction of length of hospital stay, psychiatric inpatients aged 12 yrs old & over, 15486
amplitude of scalp-recorded event-related potential & sequence of preceding signals & preceding & subsequent behaviors using prediction paradigm, 18–30 yr olds, 19501
analysis of fertility surveys, conditional birth probabilities & dimensions of 1st birth process, females, 11920
analysis of right-wing attitudes & balanced F & directiveness scales, prediction of authoritarian behavior, college students, 8408
application of M. Fishbein's attitude-behavior model, prediction of behavior, 13–18 yr olds, implications for adolescent development, 11683
artificial intelligence, social forecasting, 45
assessment of violence potential using measures of anger & hostility & social desirability, adult male prisoners, 8434
availability heuristic & retrieval processes & interference, predictive judgments about uncertain events, graduate students, 24462
background & school records, prediction of medical specialty choice, medical school graduates, 7777
background factors, prediction of neurosis, adult Australians vs Greek vs Italian male vs female immigrants to Australia, 22697
Bayesian statistical procedures, problems in error-in-variables model, 27080
Bender Visual Motor Gestalt Test, diagnosis & prediction of reading achievement & ability, literature review, 1962–81, 15949
categorization into in- vs out-group membership, predictions of belief homogeneity & similarity, college students, 28058
causal vs noncausal information, subjective prediction, college students, 370
choice testing with quinine vs halogenated hydrocarbon contaminated water, prediction of fluid intake during forced exposure, mice, implications for experimental methodology, 2816
clinical & statistical prediction of recidivism, male inmates, 7718
clinical psychopathology & course of symptoms & family history, prediction of development of manic depression, 13–16 yr olds hospitalized for depressive disorder, 4-yr followup study, conference presentation, 4260
cognitive deterioration & dementia before vs after levodopa treatment, patients with idiopathic Parkinson's disease, 8–10 yr followup, conference presentation, 20582
cognitive maps & conceptions of causes of past vs future inflation & unemployment & consequences, professional decision makers, conference presentation, 21876
conceptual framework for prediction of dangerous & violent behavior, forensic applications, 1118
construction & prediction of psychophysical power functions, sweetness of equiratio sugar mixtures, college students, 11212

criterion lists, detection & prediction of chronic suicidal behavior, Ss who had attempted suicide, 19066
cross validation of models to predict delinquency & criminal & juvenile status offenses, 9th graders, 17619
cross validation of multiple regression equations, prediction of susceptibility to alcohol or opiate dependency, substance abusers & working Ss, 2974
cue predictiveness vs stimulus salience, flavor aversion learning, female rats, 453
defendant & offense variables, prediction of pretrial misconduct, defendants, 25669
demographic & clinical factors, prediction of readmission to treatment program, alcoholics, 2-yr follow up, 23598
depressive symptoms, prediction of unsuccessful clonidine vs methadone detoxification, ex-addicts of opiates, 23603
development & internal consistency of skeleton key technique, probable determination of correct answers to questions whose correct answers are unknown, 11114
development & reliability of Dangerous Behavior Rating Scheme, prediction of violence, forensic patients, 19087
development & validation of screening instrument, prediction of level of emotional distress 2–6 mo after cancer diagnosis, adult oncology patients, 5662
development of mood-adjective scale, prediction of forced-choice ESP performance, high school students, 11123
development of regression equations, prediction of developmental attainment, institutionalized mentally retarded children, 13637
dexamethasone & age, prediction of hypothalamic-pituitary-adrenal activity, 17–78 yr old volunteers, 24802
difficulties in prediction of suicide, 1552
dimensionality of Inventory of Socially Supportive Behaviors, prediction of social support, male vs female college students, 4010
discharge planning & community treatment compliance & interpersonal stress, prediction of days in hospital after discharge using mathematical model, 18–55 yr old chronic schizophrenics, 21062
discrete choice experiments & multinomial logit choice model, prediction of consumer response to new product vs competitive new product, managers, 32345
discrimination ability, prediction of prevocational performance, institutionalized mentally retarded 19–55 yr olds, 23579
economic & noneconomic factors, prediction of voting preferences in union representation election, college faculty, 23727
efficacy of Dexamethasone Suppression Test, diagnosis & prediction of treatment response, inpatients with major vs minor depression vs schizoaffective disorder vs normothymic neurotic patients, 25567
efficacy of miscue combination scores, prediction of reading comprehension performance, 5th graders, 29453
emotions & depressive symptoms during pregnancy vs postpartum, primi- & multiparous females, implications for prediction of postpartum distress, 28253
essential data collection for prediction of ability to return to premorbid state, 42 yr old male severe accident victim, 28 mo followup, 25807
Estimated Learning Potential vs WISC-R IQ, prediction of performance on learning task, Black vs White educable mentally retarded children, 29477
evaluation of Extended Mental Status Questionnaire & Philadelphia Geriatric Center Delayed Memory Test, prediction of senile dementia, patients with mean age of 75 yrs, 19107
expectancies vs demographic background in prediction of alcohol drinking patterns, college students, 20064
expert judgment & prediction of dangerousness in mentally ill, psychiatrists, 3944
exposure to psychoemotional factors, use of EKG rest-relaxation intervals in prediction of error-free performance on tracking operation, 19–24 yr old males, 3334
family background & status, prediction of cognitive performance, Mexican American preschoolers, 27748
family therapy intervention strategies, prediction of posttherapy marital happiness, spouses, 18013
feasibility of identification of risk of child abuse, expectant mothers, 24-mo followup study, 22800
health & life stage & activity level & SES, prediction of life satisfaction, 63–94 yr olds, 19905
health beliefs assessed by questionnaire, prediction of successful rehabilitation following surgery, laminectomy patients, 10360
identification of problem space, prediction of decision making responses, college students, 13683
inferences of personality characteristics from earliest memories, 22–45 yr olds, 25472
information on employment application form, prediction of voluntary turnover in retailing chain, managerial trainees, 2.5-yr longitudinal study, 32261
inmate classification system by E. I. Megargee, effectiveness in predicting institutional adjustment & recidivism, Black medium security inmates involved vs not involved in prison riots, 18355
institutional & applicant characteristics & family attributes & cooperative education plan, matriculation decision, college applicants, 29115
language development, prediction of reading disability, 9–13 yr old male twins, 28374
level of 3-methoxy-4-hydroxyphenylglycol in urine & prediction of antidepressant treatment outcomes, 20–65 yr olds with endogenous depression, 31531
linear combination of public & meeting & group & dyadic communication state anxiety scores, prediction of communication apprehension scores, 6195
Millon Behavioral Health Inventory, prediction of response to behavioral treatment, chronic headache sufferers, 31160
Millon Clinical Multiaxial Inventory, prediction of drug abuse treatment dropouts, male opiate addicts completing program vs dropouts, 28980
model for prediction of structure in selected groups, 9497
mood quality & response intensity, prediction of behavior disorders, nursery school children, 6403
mother-child relations & cognitive ability, mathematics & reading achievement & conversation & vocabulary & block design performance, mothers & their 3 mo olds studied at 6 yrs of age, longitudinal study, 9166
occupational stress & inability to leave, prediction of acute & chronic mental health problems, hospital personnel, 12934
paired associate learning of noun lists, ability to predict which items would be retrievable in subsequent recall, college students, 24495
parental attitudes & child personality, reply to research by J. J. Ray & S. Singh, 25168
parental attitudes, prediction of child personality, mothers & their male vs female children, India, replication of research by K. Barton, 25226
parental history of reading disability, prediction of reading disability in children, 7.5–16 yr olds, 12313
past observations, social expectations about social behavior, college students, implications for bias in psychometrics, 9506
perceived comprehension of text, ability to predict future test performance on material, college students, 24496
personality & life stress & arthritic severity, prediction of pain, 40–87 yr olds, 17770
Phenomenology of Consciousness Inventory, prediction of hypnotic susceptibility, college students, 24282
position played, prediction of game performance, high school football players, 13122
predictable vs unpredictable shock, distress level, 18–40 yr old females, test of information control theories, 19285
predicting favorite TV program gratifications from general orientations, adults, 24977
prediction & estimation of enrollment redistribution effects of closure of higher institutions, high school students, administrative cost implications, 2325
prediction dilemmas, social sciences, 5519
prediction for future of deaf-blind adolescents, mothers vs state coordinators, 15008
prediction of cigarette smoking onset, adolescents, longitudinal study, 11668
prediction of commitment to their college, college students majoring in physics vs economics vs political science, test of power of equity measures, 15847
prediction of dangerous & violent behavior & protection of 3rd parties, mental health professionals, literature review, 18510
prediction of dangerousness in mental patients, literature review, 6819

prediction of emotional & social adjustment following heart attack, patients during recovery, 7088
prediction of human behavioral development, 9092
prediction of longevity, aging study participants, longitudinal study, 30373
prediction of probability of defendants' competency to stand trial, mental health professional treatment team, 12889
prediction of prosocial behavior after institutionalization, 13–17 yr old male delinquents, Canada, 244
prediction of scenic beauty from landscape content & composition, college students, 8260
prediction of students' reward preferences, elementary school teachers & their female vs male 5th & 6th graders, implications for classroom behavior modification, 26586
prediction of violent interpersonal behavior, 7–15 yr old males in inpatient psychiatric facility, 26326
predictive & discriminant validity & reliability of Marital Status Inventory, prediction of divorce & distress, 20–64 yr olds, 16307
predictive biological & psychological & social factors of antisocial behavior, 31073
predictive factors, practice location, medical school graduates, 1969–73, 31890
predictive features, 63.8–81.2 yr olds with mild senile dementia of Alzheimer type, 7013
predictive validity of teacher & maternal ratings of problem behavior for subsequent hyperactivity, infants through 12 yr olds, longitudinal study, 9903
predictive vs reflective interactions, client perception of therapist's demonstration of understanding, college students, 20774
predictors of treatment outcome, families with conduct disordered 3–8 yr olds attending behaviorally oriented parent training program, 20886
preferred interpersonal distance & violence & prediction of fights in prisons, prison inmates, 12-mo followup study, 23580
preschool behavior, prediction of mental & behavior disorders, 3–5 yr olds, 11.5-yr followup, 28140
prevalence & prediction of depression, suburban residents, 28240
probabilistic maximum likelihood hierarchical disaggregate model, prediction of future choice distributions of individuals, 21791
procedures of B. J. Meyer vs R. E. Johnson, prediction of recall of information from text, 8572
prophecy of World War I & II & Nazi crimes in references from Society for Psychical Research's "Proceedings Volume 22", 26849
psychiatric histories in prediction of alcoholism & psychopathology, adult males, 40-yr longitudinal study, 28292
psychosocial factors in childhood, prediction of adult outcome, hyperactive 17–24 yr olds, 10–12 yr followup, 9941
psychosocial factors, prediction of response to weight loss behavior modification program, overweight volunteers, 4743
pulmonary functioning & use of as-needed medication, Bayesian prediction of noncompliance, 14–70 yr old chronic asthmatic patients, 10262
recruiters' selection criteria & prediction of job applicant's success, recent college graduates & organizational recruiters, implications for occupational guidance, 21571
reliability of Interview Schedule for Social Interaction, assessment of social support & cardiac morbidity, 45–70 yr old males, Sweden, 29779
results of dexamethasone suppression test at time of hospital discharge, prediction of outcome after discharge, 19–61 yr old manic patients, 12159
Rorschach indicators of psychological instability & perceptual sensitivity, prediction of therapeutic outcome, hospitalized 5.6–13 yr old psychiatric patients, 25985
scientific vs clinical judgment orientation, use of base-rate information in prediction, college students & medical students & residents, 381
sex & measures of aggressiveness, similarities & differences & prediction of aggressive patterns, 4th–5th graders, longitudinal study, 25173
stochastic models, prediction of individual choice & map of cognitive processes, students, conference presentation, 21781
test of model for prediction of contribution to household work, male vs female adolescents in 2 parent 2 child households, 17093
therapeutic value of autoprediction in rational suggestion therapy, 27 yr old female with bulimia, 31347
typical nondiagnostic vs atypical & extreme features, dilution vs prediction of extreme outcome, college students, 13690
use of Delphi technique for organizing & sharing forecasts of future issues in emotional disturbance/behavioral disorders, expert educators, 26637
use of formulae by R. S. Wilson et al for predicting premorbid intellectual levels, predicted vs actual IQs, normal vs brain damaged adults, 20536
use of MMPI vs E. I. Megargee typology, prediction of violent behavior in medium security correctional setting, violence- vs non-violence-prone vs unclassified male inmates, 12831
use of relapse precipitants inventory, prediction of alcoholism relapse, patients, 22821
utility of WAIS subtests as predictors of performance on Halstead-Reitan Neuropsychological Battery, psychiatric & brain dysfunctional patients, 24273
validity of MMPI-168 as predictor of long-term outcome, chronic pain inpatients, 6 mo to 3 yr followup, 21762
views on criteria for psychiatric commitment & prediction of dangerousness, psychiatrists, Canada, 4923
visual EPs & prediction of lithium response, patients with major depression, 31553
WISC-R as predictor of Woodcock-Johnson Achievement cluster scores, learning disabled male 2nd–8th graders, 24247
World Health Organization study of precision & clarity in assessment of dangerousness, Brazil & Denmark & Egypt & Swaziland & Switzerland & Thailand, 3924

Prediction Errors [See Also Type I Errors, Type II Errors]
problems with multiple tests of significance for testing scientific hypothesis, comments on article by W. Hager & R. Westermann, 21785
responses to statistics problems, graduate students in nursing, replication of A. Tversky & D. Kaheman's study of "law of small numbers", 24311

Predictive Validity
Camberwell Family Interview Schedule, prediction of weight loss maintenance, 26–63 yr old females, 8401
concurrent & predictive validity of Battelle Developmental Inventory, assessment of achievement, children tested during kindergarten & 1st-grade yrs, 1-yr study, 13185
concurrent & predictive validity of indicator scales for Comprehensive Assessment & Referral Evaluation interview schedule, prediction of family burden & morbidity & mortality, aged & key collaterals, 1-yr followup, 2949
concurrent & predictive validity of Kaufman Assessment Battery for Children, assessment of intelligence, 6–12 yr old Navajo children, 13586
confidentiality & anonymity vs nonanonymity alone, predictive validity of self report personality measures & biasing effect of response, college students, 18979
conventional vs computer-administered adaptive tests, prediction of performance in jet engine mechanic training, Air Force personnel, 27050
corrected formulas for computing sample sizes under indirect range restriction, criticism of P. R. Sackett & B. E. Wade's study, 29803
criterion-related & predictive validity of Academic Ability Scale of Armed Forces Vocational Aptitude Battery, academic achievement prediction, Yakima Indian high school students, 29410
cumulation of validities of verbal ability selection test over 5–6 yrs, psychiatric aides, meta-analysis, 140
depression & psychoticism MMPI content scales & length of psychiatric hospitalization, 17–35 yr old psychiatric patients, replication of study by E. I. Peteroy et al, 24280
development & reliability & validity of locus of control of behavior scale, prediction of relapse following apparently successful therapy, college students vs nurses vs stutterers vs agoraphobics, 11128
development of BAGMAK-Hebrew version of Career Maturity Inventory & value of vocational maturity test as predictor of vocational adjustment, government & counseling center employees, Israel, 213
establishment of norms for translated WISC-R & predictive validity, 6–16 yr olds, Mexico, 5643

internal consistency & predictive validity of Career Information Request, observation of career information-seeking behavior, 11th graders, 5387
investigation of Intellectual Processes Scale of Luria-Nebraska Neuropsychological Battery for prediction of WAIS IQ, male alcoholic inpatients, 16336
Luria-Nebraska Neuropsychological Battery, prediction of IQ, neurologically unimpaired 17–65 yr olds, 2952
McCarthy Scales of Children's Abilities as predictor of academic achievement, 6th graders 1st tested in kindergarten, 5-yr follow-up, 15951
Mortimer-Filkins test, prediction of alcohol-impaired driving recidivism, 5659
performance on National Board of Medical Examiners Part III examination, clinical competence, medical school graduates, 31850
power to detect nonzero validity coefficients under range restriction, 29785
predictive & face & construct validity of animal models of depression, literature review, 6876
predictive ability of mini-inventory of anacastic personality traits, 16358
predictive efficiency of Home Observation for Measurement of Environment, Black infants at risk for developmental retardation assessed at 6 & 18 mo of age, 4358
predictive power of measures assessing psychosocial characteristics & differentiation of responses according to drug use designation, 14–18 yr old light vs moderate vs heavy users of drugs, Mexico, 17025
predictive validity, mathematical models of psychological inequity, employed graduate students, 5488
predictive validity of Burden Interview in intake procedures, families of Alzheimer's patients, 26256
predictive validity of California Occupational Preference System Interest Inventory, prediction of career choice or college major, adults previously assessed in Grades 10–12, 29751
predictive validity of Child Abuse Potential Inventory, correspondence between test scores & confirmed reports of abuse & neglect, mothers at risk for poor parenting & child abuse, 2929
predictive validity of cognitive skill tests, academic success, 23–55 yr old postbaccalaureate females in engineering training program, 8144
predictive validity of Dimensions of Self Concept subscales, measurement of academic self concept, junior high school students, longitudinal study, 29408
predictive validity of expectancy theory model, behavioral criterion of task choice, college students, 8305
predictive validity of First Grade Screening Test, identification of educational handicaps, kindergartners, 13208
predictive validity of Graduate Record Examinations, graduate students in different academic disciplines, 29467
predictive validity of Kaufman Assessment Battery for Children & comparison with WISC-R, assessment & prediction of cognitive ability & academic achievement, mentally retarded 5–12 yr olds, 13585
predictive validity of Kaufman Assessment Battery for Children, prediction of academic achievement, 4th–6th graders, 15919
predictive validity of Kaufman Assessment Battery for Children, 7.1–11.9 yr olds, 23905
predictive validity of life events vs demographic & clinical variables, psychotherapy outcome, outpatients, 1859
predictive validity of McCarthy Scales of Children's Abilities, prediction of kindergarten performance, 63–96 mo olds, 15977
predictive validity of Movement Assessment of Infants, neuromotor assessment, high risk infants assessed at 4 mo & 1 or 2 yrs old, followup study, 13557
predictive validity of Orleans-Hanna Algebra Prognosis Test, prediction of grades in algebra, 8th grade males vs females, 29419
predictive validity of PPVT-Revised, prediction of academic achievement, Navajo 5–12 yr olds, 13203
predictive validity of readiness vs school achievement tests vs teacher ratings for alphabet learning, male vs female 1st graders from low vs high SES schools, 18748
predictive validity of screening procedures, identification of language delay, preschool age children, literature review, 14882
predictive validity of selection interview tool for residential facilities, child care workers, 18797
predictive validity of Self Esteem Inventory, prediction of feelings & communication satisfaction toward parents, emotionally disturbed & learning disabled 11–14 yr olds, 26972
predictive validity of Senior Aptitude Tests for Indian South Africans, male vs female matriculating Indian students, South Africa, 5369
predictive validity of short form of Category Test proposed by C. A. Calsyn, dementia, geriatric patients, 19053
predictive validity of subscales of Form S of Dimensions of Self-Concept, 7th graders, 5368
predictive validity of Zung Index of Potential suicide, attempted suicide patients, 6-mo followup, 27038
predictive value of Cognitive Failures Questionnaire vs Test Anxiety Scale, assessment of cognitive interference & test anxiety in group testing situation, female college students, 21522
predictive value of psychological tests & geriatric scales & interviews, eventual referral advice to nursing home, geriatric patients, 16312
predictive value of Strauss Carpenter Scale, outcome, schizophrenic patients, 5-yr followup, 16350
probit model, validation of selection procedures, students, 5367
regular vs 6-wk projected response set, predictive validity of Beck Depression Inventory, college students, 13535
relationship of construct of academic comfort as assessed with Strong Campbell Interest Inventory to educational level & performance & aspirations & prediction of college major choice, college students, 21510
reliability & validity of measures to predict cognitive differences based on primary vs secondary alcoholism & childhood symptoms of hyperkinesis/minimal brain dysfunction, alcoholics, 5607
Revised Beta Examination, prediction of WAIS-R scores, 21–42 yr old Black & Hispanic offenders, 230
SAS & FORTRAN IV computer programs, correction of criterion standard deviations & zero-order validities, 2958
scores on old vs new Medical College Admissions Test, prediction of scores on Part III of National Board of Medical Examiners test, medical school graduates, 29754
stability & internal consistency & predictive validity of Master Questionnaire, assessment of obesity & treatment-related change, clinically obese patients in behavior &/vs drug therapy, 5655
stability & predictive validity of Peabody Picture Vocabulary Test, prediction of academic achievement, 1st–5th graders, 11 mo longitudinal study, 10841
test length & item content & item/criterion association, optimization of predictive validity of personality measures, college students, 26974
test-retest reliability & predictive validity of conjoint analysis vs self explicated weights, assessment of preferences for calculators, college students, 11228
usefulness of Noise & Memory for Sequence subtests of Goldman-Fristoe-Woodcock Test of Auditory Discrimination & Auditory Skills Test Battery, identification of central auditory function, 7–10 yr olds, 13543
validation of scale, prediction of repeated suicide attempts, suicide attempters less than 25 yrs of age, implications for 15–19 yr olds, 2882
validity & reliability of graphological assessment, prediction of success in infantry officers training course, 19–20 yr olds, Israel, 5451
validity & reliability of Newcastle Endogenous Depression Diagnostic Index, depressed patients, 2888
validity & specificity of clinical scale, prediction of repeat suicide attempts, suicide attempters, 5661
validity of American College Test vs Scholastic Aptitude Test vs Comparative Guidance & Placement Program at college entrance, prediction of success, community college students, 23914
validity of biographical questionnaire, prediction of test performance, electrician applicants, 183
validity of CA & standardized algebra prognosis test & standardized scales of verbal & quantitative abilities & measure of Piagetian cognitive development, prediction of success in algebra, 9th–10th graders, 13172

validity of Graduate Record Examination as primary basis for admission, prediction of future academic performance, full-time graduate social work students, 13202
validity of Law School Admissions Test &/vs undergraduate GPA, prediction of performance in law school, meta-analysis of applicant & accepted student data, 21484
validity of Military Applicant Profile, prediction of early attrition, US Army enlistees from various educational & racial backgrounds, 8178
validity of MMPI & Inwald Personality Inventory in prediction of job behavior, 19–33 yr old male correction officers, 23285
validity of Risk and Rescue Scale, measurement of suicidal acting out behavior, suicide attempters, 5608
validity of Rotter's Internal-External Locus of Control Scale, prediction of attribution of responsibility for positive vs negative outcomes, college students, 126

Predisposition

age at onset of depression among probands, risk of illness, relatives of patients with major depression, 9737
age of onset of persistent classroom misbehavior as risk factor for conduct disorders, behavior disordered junior high school students, 6941
alcoholism & antisocial personality, male vs female adoptees with evidence of antisocial behavior or alcohol abuse in biological family members, 14771
biological predisposition, acquisition & maintenance of phobic psychopathology, 17448
biological/genetic markers & epidemiology, patients with bipolar & unipolar major depressive disorder & their 1st-degree relatives, conference presentation, 28189
bipolar illness preceded by anorexia nervosa, 17 yr old female identical twins, 9662
childhood indicators of vulnerability to adult schizophrenia, delinquent 10–17 yr old males who were vs were not schizophrenic 40 yrs later, 9657
classic & stress related risk factors, development of coronary heart disease, 20502
depressed vs neutral mood induction conditions, negative cognitions with mood changes, recovered unipolar depressed vs anxious adults, 20226
depression at 1st hospitalization, development of tardive dyskinesia, manic depressive patients with mean age of 60.4 yrs, 9743
determination of genetic basis of pharmacogenetic research methodologies, alcohol dependence susceptibility, 18975
determination of high risk alcoholic areas based on epidemiology data, Spain, 12262
effect of genetic predisposition & family influences & other life events on expression or severity of schizophrenia or other affective disorder, schizophrenics, review of 3 long-term studies, 1442
epidemiological & clinical research as guide in search for risk factor & biological markers of mental disorders, conference presentation, 28206
ethanol, body sway, 21–25 yr old male drinking nonalcoholics with vs without alcoholic close relative, 20421
event-related potentials during syllable discrimination tasks, 18–40 yr old siblings of schizophrenics vs 19–39 yr old medicated vs 24–34 yr old unmedicated schizophrenics, 9714
familial alcoholism, 4315
food deprivation &/vs physical restraint & injection of noradrenaline, hypothermia & gastric stress ulcers & oxygen consumption, male genetically obese vs lean mice, 8882
frequency of depression & substance use disorders, families of 10–27 yr old female patients with anorexia nervosa, 9708
genetic mechanisms in familial transmission of vulnerability to schizophrenia, literature review, 30926
genetic vulnerability markers in affective illness, conference presentation, 28164
high frequency of intoxication index, risk & inclusiveness, Ss over 18 yrs of age, 3975
history & myths of mental illness, Jews, literature review, 8307
incidence of chronic schizophrenia & schizotypal & paranoid personality disorders, 1st degree relatives of chronic schizophrenics, 20219
incidence of psychiatric & emotional disorders & risk for educational problems, 4.5–9.1 yr olds with strabismus, 15006
incidence of psychiatric illness, 1st degree relatives of surgical patients, 20359
inheritance & relationship of pendulum movements & audiogenic epilepsy to catalepsy, rats bred for predisposition to catalepsy, 30124
low platelet MAO activity, predisposition to develop psychopathological condition, 18–65 yr olds with various types of depressive disorders, 17542
maternal psychopathology & perception of child behaviors, mothers of abused & neglected school age children, 25626
mental factors in onset & progress of cancer, literature review, 28418
methodologic issues associated with assessment of psychophysiologic reactivity, risk of cardiovascular disease, adults, literature review, 12372
narrowly defined diagnostic criteria, morbidity risk patterns, nuclear families of chronic schizophrenic probands, 28159
need for study of transformation of risk status into manifest disorder, nature & nurture in etiology of schizophrenia, criticism of A. F. Mirsky & C. C. Duncan-Johnson's paper, 1390
neonatal & developmental behavioral characteristics, children born to heroin- & methadone-addicted females, 17651
paradoxical vs stress management vs self help treatments, stress, more vs less stress prone college students, 31476
parental educational background vs biological or social factors, intelligence & school achievement, 16 yr olds treated for hemolytic disease in infancy, long-term followup study, 14997
paternal alcoholism, stimulus augmenting & field dependence, 10–12 yr olds, 28324
pathophysiological mechanisms & cerebrovascular risk factors, 50–74 yr olds with transient global amnesia vs 37–76 yr olds with transient ischemic attacks of brain, conference presentation, 20538
patterns of community & interpersonal functioning, prediction of vulnerability or outcome of schizophrenic disorders, literature review, 1492
performance on WISC-R & handedness & personality traits, school age children of manic depressive parents, conference presentation, 4191
perinatal risk factors in etiology of hearing loss, preschool children, Sweden, 31263
platelet MAO activity & smooth pursuit eye movements as biological markers for schizophrenia, literature review, 14739
predisposed personalities & drinking groups, etiology of alcoholism, 9815
predisposing factors & stress & moderating factors, stress-illness relationship, husbands & wives over 40 yrs old, 1-yr longitudinal study, 28417
predisposition to psychosis, alcoholics with psychotic relatives, 17602
prenatal & developmental & medical & health history factors, hyperactive kindergartners through 5th graders, 20520
presuicidal syndrome, 9–18 yr old patients, 6925
prevalence of affective disturbances, 1st degree adult relatives of patients with anorexia & bulimia & major affective disorder, 9649
psychological predisposition in cocaine addiction, 12256
psychosomatic illness & hospital admissions & use of alcohol & drugs & accidents & familial suicide, 12–27 yr olds who had recently attempted suicide, 17599
race & skin color concepts, study of essential hypertension, US, interdisciplinary research implications, 4524
regulation of blood pressure & risk for essential hypertension, children & adolescents, 20505
research of New York State Psychiatric Institute's child development program, children born with cosmetic & orthopedic anomalies studied at 9 & 12 & 18 & 25 mo & their mothers, 7142
review of search for genetic markers in schizophrenia & major affective disorders, 9682
risk factors, depression, patients with major depressive episode vs non- & never-depressed orthopedic patients, 4238
risk factors, prevalence of depression, Mormon females, 6861
risk for psychopathology, epileptic patients, 7146
risk of major depression, 6–17 yr olds with vs without anxiety disorders vs probands with vs without major depression, 6872

risk of Tourette's syndrome & chronic multiple tics, relatives of Tourette's syndrome patients, 4500
running zealousness & fear of fat and tendencies toward anorexia nervosa, female & male runners, 12061
seasonality of birth, predisposition to schizophrenia, male vs female paranoid vs nonparanoid schizophrenics, 6823
single major locus hypothesis, susceptibility to affective disorders, patients with major depression or recurrent or bipolar disorder treated with lithium & 2nd degree relatives, 20346
social & familial factors, viral respiratory infections & illness, infants monitored from birth through 1st yr, 4436
social & physiological differences, at risk Ss with vs without psychopathology, comments on A. F. Mirsky & C. C. Duncan-Johnson's study & criticism of D. Rosenthal's study of adoptees with schizophrenic natural mothers, 1465
social & psychological antecedents, drug usage, high school students, 9300
stressful life events, psoriasis & chronic urticaria & mycoses & carcinogenic vulnerability, children & adults, 4502
symptoms of vital exhaustion & depression & angina pectoris, imminent myocardial infarction, male 40–65 yr olds, 12324
tobacco smoking & risk of cancer, 27–75 yr old chronic schizophrenic inpatients & deceased schizophrenics, 28225
type & severity of depression, risk of violent suicide attempt, 19–66 yr old inpatients, 28271
unwanted pregnancy, children at risk for mental illness or emotional disorders, 9695
validity & reliability of Dysfunctional Attitude Scale, measurement of "depressionogenic" schemas constituting predispositions to depression, hospital employees & their spouses, 24277
validity & utility of Type A personality assessment, prediction of coronary heart disease, 26998
vulnerability & stress factors, developmental course of schizophrenia, 1448
vulnerability to depression & schizophrenia, conference presentation, 17564
WAIS pattern variability, patients with vs at risk for Huntington's disease, test of conclusions by R. C. Josiassen et al, 20613
Preference Measures [See Also Least Preferred Coworker Scale]
methodology of social utility assessment, survey of consumer preferences related to air conditioners, 11022
performance & preference measures of handedness & footedness, right vs left handed college students, 8757
Preferences [See Also Aesthetic Preferences, Food Preferences, Occupational Preference]
acute vs chronic ethanol administration, ethanol preference, C57B1 vs LACG vs BALB mice, 6171
age & grade & sex & school configuration, social perceptions & preferences, 6th–7th graders in middle school with vs without feeder school experience, 27883
assortative mating patterns, species with biparental care, 5887
biological similarities & differences in alcohol preference, UChA vs UChB strains of rats, 27649
character identification & suspense & outcome resolution, developmental trend in preferences for suspense stories, 2nd vs 4th vs 6th graders, 860
characteristics & consequences of assortive mating, humans, 28021
choice of emotionally positive vs neutral vs negative pictorial stimuli, 19–28 yr olds scoring high vs low on Sensation-Seeking Scale, 25487
cholecystokinin octapetide & sucrose concentration, changes in taste preference & sensitivity & sucrose intake, hungry vs satiated vs fed-ad-lib rats, 8965
chronic pretreatment with ethanol, preference for ethanol vs water, rats, 22191
cognitive competency vs preference construct of field dependence/independence, 9571
collative preference for variety of rewards, preschoolers vs 2nd vs 4th graders, 30464
color preferences, perceived potency of medication capsules of various hues, males & females with mean ages of 26.3 & 24.1 yrs, implications for patient compliance, 2998
COMPLEX Applesoft BASIC program, assessment of preference for visual complexity & application to psychology instruction, 2794
concurrent validity of RAM in forced-choice & Likert formats, measurement of philosophical orientations of relative vs absolute vs mixed views of reality & school-related preferences, community college students, 13231
consumer life status & brand preferences & satisfaction with products & services, urban population, 13371
counselor characteristics, preferences for counselors in personal vs vocational concerns, disabled vs disadvantaged college students, 31778
curriculum format, learning style & preference, 19–50 yr old occupational therapy students, 23622
decision making & aspirations & media preferences, out-of-school 16–24 yr olds, rural Philippines, 25061
desire for decision-making autonomy in organizational settings, individuals, 29556
determinants of preferences for driving-type games in arcades & extended play, mood & motivation to play, 9–15 yr old college student males, 30527
dextroamphetamine & locomotor environment association, conditioned place preference, male rats, 24946
differential approach responses to twitters & peeps & pulsating broad spectrum noise, domestic chicks, 524
discrimination & preference for female scent marks, male ringtailed lemurs, 8594
empirical & theoretical relationships between value & utility functions in models of multiattribute preferences, conference presentation, 21783
estradiol & subsequent songs of conspecific males, copulation solicitation & song repertoire preferences, captive adult female song sparrows, 6158
evaluation of reinforcer preferences, 13–18 yr old students with profound & multiple handicaps, 29388
experimental apparatus, measurement of preference for signaled vs unsignaled shock, rats, 18969
factors in preference to die at home vs in hospital, community residents aged 18 yrs & older, 14594
frequency & regularity of alcohol availability & alcohol concentration, acquisition & maintenance of alcohol selection, non-alcohol-preferring rats, 11595
frequency of stimuli, preference formation, amnesic Ss with mean age of 49 yrs, 7111
general & gender homophily, preferences for physicians, college vs health professional students, 15380
group social preference strategies, 5th vs 8th graders vs college students, 992
heterosexual frustration & preferences for homosexual & behavior, comments on G. Gallup & S. Suarez's article, 1180
heterosexual frustration & preferences for homosexual behavior, reply to comments by D. Futuyma, 1183
heterosexual frustration & preferences for homosexual behavior, reply to comments by L. Van Winkle, 1182
high vs low probability of food omission in key pecking paradigm, autoshaping & preferences, pigeons, 8647
humor preference, coping with stress, female vs male college students, 12087
idealized physique preferences & attitudes toward women & personality rigidity, male college students, 20081
identical preferences & diverse & dependent decisional skills, group decision making rules, 16451
in utero exposure to ethanol & housing density, ethanol preference, rats, 6053
income levels & present electricity use, preferences for conservation-promoting electricity-rate structures, households, 5501
insertion gain vs frequency preference, 63–75 yr old untrained hearing aid users, 23410
internal interest & reward magnitude, preference for interesting vs uninteresting toy, 1st & 2nd graders, 22387
internal process of answering questions about personal preferences, 13685
intragastric self infusion of ethanol, ethanol-preferring vs nonpreferring strains of rats, 13915
intransitivity of preferences, 4–4.9 yr olds, 9157
kin preference before & after metamorphosis, frogs, 8669
lesions to intermediate & medial part of hyperstriatum ventrale, imprinting stimulus preferences, domestic chicks, 698
life stage preferences, 12–15 yr olds, 3682

musical listening preferences, 20–30 vs 40–50 vs 60–70 vs 80–86 yr olds, 9139
natural visual & auditory stimulation, control of maternal preferences, domestic Peking ducklings, 27267
parallel multiple-choice vs matching tests, assessment of student knowledge & test anxiety reduction, high school students, 13222
pattern of preferences & concerns, male jail inmates detained 5 days or less, 7714
personality core dynamics based on "participant-separant" theory, drug preferences, 25–50 yr old drug addicts, 14828
physical restraint & food deprivation & acute stress, gastric glandular ulcers, low- vs medium- vs high-ethanol preferring rats, 22215
Picture Ranking Task for eliciting preference order for disabilities, nondisabled vs disabled Ss, comments on article by S. A. Richardson & L. Ronald, 23058
place preference conditioning with morphine, male rats, 24797
predicting favorite TV program gratifications from general orientations, adults, 24977
preference for & discrimination of male voices, female newborns with mean ages 48–68 hrs, 16927
preference for forced choice FR reinforcement schedule vs free choice response chain, pigeons, 8648
preference for lorazepam vs diazepam, 21–27 yr olds, conference presentation, 3971
preference for "motherese" speech vs natural infant- and adult-directed speech, 48 mo olds, 30430
preference for saccharin flavored vs plain dry vs moist vs wet food, hamsters vs gerbils vs rats, 29991
preferences & discrimination of milking machine functions & associated discomfort, dairy cattle, 13748
preferences & situational power & negotiator personality, business negotiation outcomes, graduate business students, 21582
preferences concerning teachers & teaching methods, male vs female school students with mean age of 11.1 yrs, 8027
preferences for conspecific salivary odor cues, estrous vs diestrous female hamsters, 27201
preferences for different concentrations of alcohol, drosophila melanogaster vs drosophila simulans, 16600
preferences for homosexual behavior, comments on G. Gallup & S. Suarez's essay, 1201
preferences for journal vs commercial advertising in selection of new drugs for medical practice, general practitioners vs specialists, 2291
preferences for specificity level in written recommendations in school psychological reports, Head Start teachers & aides with median ages of 37.5 & 30 yrs, 13022
preferences when being read to by others, 5–13 yr olds, 25052
prenatal exposure to anesthetic drugs, preferences for visual patterns, 20 hr to 6 day old neonates, 14014
racial self labeling & preference for counselor race, Black college students, 18267
reward skew, foraging preferences, white-crowned sparrows, 483
schedule-induced ethanol dependence, phenobarbital preference, 11621
self perception & preferred type of housing, college students, 20122
sex & age & education level & geographic location, preferences in play materials, 15–61 yr old preschool center personnel & teachers, 2346
sex differences & music preferences, anxiety & physiological skin response correlates, college students who did vs did not major in music, 3328
sex differences & single sex vs coeducational school setting, subject preference & perception of importance, high school students, 29315
sex role preferences, male vs female 2nd vs 5th vs 8th vs 11th graders, criticism of D. G. Brown's findings, 27826
short term exposure to novel odor, subsequent preferences for odor, preweanling rats, 11398
spatial frequency of stimuli & habituation, preferences for novel visual stimuli, newborns, 19859
species & sex differences, preference for clean vs same-sex conspecific soiled gravel substrate & tongue flicking frequency, water snakes, 24562
stimulus novelty & preference, visual attention & information processing, 3 mo olds, 27792
sucrose vs sodium chloride vs sodium saccharin vs quinine stimulation of tongue, preferences & responses from chorda tympani nerve, male mice, 19479
treatment rationale for test anxiety vs paranoid schizophrenia, preference for behavioral vs psychoanalytic treatment, female vs male college students, 12431
type of object described, color preference ratings, college students, 28083
use of multidimensional scaling, reanalysis of J. L. Tringo's hierarchy of preference toward disabled groups, 12116
usefulness of conjoint analysis for study of cultural & leisure preferences, Canada, 16226
validity of Luscher Color Test, assessment of personality, male vs female college students, 154
variations in reinforcement probability, preference for long vs short elapsed-time schedule, pigeons, conference presentation, 3181
visual novelty preference at age 7 mo, prediction of estimated IQ at age 3 yrs & later IQ & recognition memory, 5 yr olds, 30429
visual preference for color over form, male vs female 16 yr olds, Nigeria, 16994
wagering preferences, male 19–64 yr old problem vs social gamblers, 14804

Preferred Rewards

prediction of students' reward preferences, elementary school teachers & their female vs male 5th & 6th graders, implications for classroom behavior modification, 26586
preference for small vs larger predictable vs unpredictable rewards, male rats, 535
priming effects of brain stimulation, self deprivation, male rats, 8902

Pregnancy

acceptance vs refusal of alpha-fetoprotein screening, anxiety about fetal malformations in early vs mid vs late pregnancy, females, 7518
adoption process, aid to achieving pregnancy, 21–45 yr old infertile couples, 27940
adrenalectomy &/vs corticosterone treatment, pain threshold, female rats assessed during pregnancy & 10–14 hrs postpartum, implications for adrenal gland role in opioid analgesia, 27509
aggressive behavior toward adult mice, virgin vs pregnant mice of 5 inbred strains, 8712
alcohol & nicotine & marihuana use 1 yr prior to & during pregnancy, females, 1978–79 vs 1980–82, 6604
alcohol consumption during pregnancy, fetal damage, pregnant females, Scotland, 3977
alcohol consumption during pregnancy, fetal development, literature review, 31126
alcohol consumption patterns during pregnancy, birth of children with fetal alcohol syndrome or retardation or stillbirth or spontaneous abortion, 21–35 yr old females, 14975
amniocentesis & female infanticide, implications for policy making, India, 30563
anticipated vs actual postpartum concerns of marital relations, couples expecting 1st child, 17163
assessment & demographic characteristics, adolescents seeking abortion, 22359
attitudes toward contraception & relationship with mother & presence of father in home, prediction of contraceptive use, 12–16 yr old females who had been pregnant once vs twice in 2 yrs, 22371
attitudes toward fertilization & conception, 17269
attribution & meaningfulness of pregnancy & expectations for coping, females undergoing 1st trimester abortion, 20054
birth control attitudes & sexual behaviors & knowledge of contraceptives & resources, pregnant adolescents, implications for social work & family planning services, 11783
brief psychotherapy, psychological tasks of pregnancy, expectant mothers, 7255
comprehensive care program, obstetrical & neonatal outcomes & child development, pregnant drug addicts, 12735
conceptualization of psychosocial pregnancy research based on model of stress, 18181
congruence of attitudes toward role & fertility expectations of females, 14–21 yr old males vs females from military vs nonmilitary families, US, 22385

construction of self administered questionnaire, measurement of body image & marital relationship & attitudes toward sex & pregnancy & motherhood, females in late pregnancy & after delivery, 5633
coping with daily stress, 14–19 yr old pregnant or parenting females from urban vs rural vs suburban environments, 16855
demographic & social & psychological factors, nausea & vomiting in pregnancy, females, 12352
development & remission of myasthenia gravis during pregnancy & normal labor, human females, 1692
development of relationships & wanted vs unwanted pregnancy & contraceptive use & reaction to abortion, abortion patients, 18–24 mo followup, 4849
diet & obesity, body weight regulation during pregnancy & lactation, primiparous rats, 3315
difficult delivery & maternal anxiety & somatic disturbances during pregnancy & fetal hypermotivity & neonatal distress, psychological maladjustment & behavior problems, 3–5 yr olds with emotional inhibition or temper tantrums, 20386
early intervention, childbearing & childrearing, adolescent mothers & their infants, 28836
effectiveness of federal programs in improvement of pregnancy outcomes, literature review, 28584
efficacy of genetic counseling & contraceptive use, pregnancy, married 15–44 yr old females, 28002
emotional responses prior to birth vs during neonatal period vs 3 mo postpartum, 20–36 yr old mother having 2nd child, 14580
emotions & depressive symptoms during pregnancy vs postpartum, primi- & multiparous females, implications for prediction of postpartum distress, 28253
epidemiology of mental disturbance during pregnancy, index females with history of nonorganic psychosis, 20308
etiology of fetal alcohol syndrome & identification & treatment of women at risk, 31248
factors affecting desired pregnancy, low income primiparous pregnant 13–18 yr olds, 880
factors predictive of postpartum depression, levels of depression during 7th mo of pregnancy & at 1 & 6 wks postpartum, 13–42 yr old females, 30930
family background & interaction with parents, pregnant vs nonpregnant 13–19 yr olds, Jamaica, 3603
fear of childbirth, pregnant women at term, Italy, 28820
financial impact of pregnancy program on university hospital, teenage mothers, 28914
four vs 5 day estrous cycles, sexual behavior & pregnancy, female virgin & nonvirgin rats of various ages, 19546
infant-parent psychotherapeutic intervention techniques of S. Fraiberg during pregnancy, family with unborn child at risk for affective disturbances, 4682
insurance & history of birth defects & health provider support, decision to request amniocentesis, females aged 34 yrs & older, implications for interaction model of health behavior, 28818
labor force participation & fertility, couples married 6 yrs, 11926
level of smoking before vs during pregnancy vs after delivery, 18–40 yr old females, 2046
life change events & family & social support, decision making, 14–18 yr old pregnant females, 9089
life stress & social support & anxiety & depression & self esteem, single vs "partnered" pregnant females, 6513
marihuana, pregnancy & fetal development, human females, 6167
marital relations & dependency & affection & sexual interest during pregnancy & following birth of child, couples, 14307
maternal behaviors & attitudes during pregnancy, obstetric difficulties & pregnancy outcomes, females with mean age of 23.3 yrs, 17718
maternal smoking during pregnancy, embryo/fetal & neonatal & postnatal outcomes, 17281
measurement of moral development & judgment, 15–17 yr old females who are pregnant & aborting vs not aborting vs sexually active & never pregnant, 25370
moderate alcohol consumption, spontaneous abortion & low birth rate & reduced head circumference of child, pregnant females, 14891
notification of elevated serum alpha-fetoprotein level, psychological reactions, singleton-pregnant females, 7519
nutritional needs & problems & disorders & athletic participation & pregnancy, adolescent females, 12719
outreach methods for contacting pregnant adolescents for mental health services, implications for social workers, 2093
parent-child communication about sexuality & family planning for prevention of unintended pregnancies & physician facilitation, adolescents, 22456
patterns of contraception & effect on pregnancy & birth rate & consequences of unwanted conception, females, 17256
performance on Embedded Figures Test, 20–36 yr old females before vs after childbirth, 647
pregnancy & demographic & social & material & physical & attitudinal characteristics, mental health, pregnant females vs females with history of nonorganic psychosis, 25566
pregnancy & prenatal care & physical & psychological development, adolescent females, literature review, 12713
pregnancy, mental health, female index cases with history of nonorganic psychosis, 20309
pregnancy, psychosocial development, adolescents, 3693
pregnancy, work, female artists, 22463
prenatal exposure to alcohol, birth weight & perinatal mortality of offspring, female rats in 1st vs 4th pregnancy, 27544
prepartum changes in maternal responsiveness & nest defense, rats, 5918
previous psychiatric history & marital dissatisfaction, affective disorders in pregnancy & during 1st yr postpartum, primiparous & multiparous females, 6871
prior therapeutic abortion, psychological functioning in subsequent pregnancy, females with mean age of 28.2 yrs followed from second trimester to 12 mo postpartum, 23399
progesterone, aggressive behavior, pregnant vs virgin mice, 8848
protein malnutrition prior to & during pregnancy, 1st & 2nd offspring development, rats, 19596
psychological status during pregnancy vs 1st postnatal yr, human females, 12697
psychosocial distress, pregnancy outcome, 18–28 yr old primigravida females, implications for screening pregnancies at risk, 28841
psychosocial factors, use of contraceptive services before vs after 1st pregnancy, Black females 17 yrs & younger, 1-yr followup, 11800
psychotherapist's pregnancy, personal & professional & clinical relationships, 15632
psychotherapy during pregnancy, 27 yr old female with history of vaginismus, 7258
psychotic reactions & pregnancy & childbirth from psychoanalytic viewpoint, females, 30905
pulse rate at beginning vs end of prenatal clinic visit as index of autonomic arousal, recall of information about pregnancy, 17–36 yr old females, 4872
radiant heat stimuli, pain reactions, 18–35 yr old pregnant women, longitudinal study from 6 mo to postpartum period, 22047
reduction of risk of infant death & developmental defects, social workers, 21054
relations with mothers, pregnant vs nonpregnant junior & senior high school females, 9409
religiosity, attitudes toward sex & unwanted pregnancy & contraception use & sexual activity, college freshmen, Israel, 1195
resources for maternal functioning, Black 20–32 yr old females in methadone maintenance program, 4-mo longitudinal study, 4321
responses to pregnancy of therapist on inpatient psychiatric unit, psychiatrists & psychologists & social workers & nurses & psychiatric technicians, 23650
responsiveness to newborn pups during gestation, nulliparous female hamsters, 5886
satisfaction with decision to continue vs terminate pregnancy, unmarried adolescents 6 mo after delivery or abortion, implications for pregnancy counseling, 16862
screening for fetal neural tube defects, anxiety, prospective mothers with raised levels of amniotic fluid alpha-fetoprotein, 10361
SES & depression & anxiety & loneliness & self esteem & social supports, well-being, adolescent mothers vs pregnant vs nonpregnant & nonparenting female adolescents, 6338
SES & family structure & neighborhoods, fertility, 13–19 yr old Black females, 27852
sex role orientation & competence & aspirations & locus of control & related variables, 13–18 yr old females seeking pregnancy tests vs birth control information, 17060

sexual & psychological & demographic correlates of nurturance needs, 16–35 yr old pregnant wives, 6517
smoking intervention program, 14–42 pregnant female smokers, 28994
sociodemographic & socioeconomic factors, pregnant females with unknown last menstrual period, 4091
stress, obstetrical complications, 16–42 yr old females, 17734
subjective-expected utility model vs decision-rule analysis, decision to work following childbirth, female college students, implications for occupational counseling, 21546
theories of family development & parenting, dealing with child born with congenital disorder, 12393
tobacco smoking, abortion & birth weight & infertility & placental pathology & sudden infant death, pregnant females, 28009
unwanted pregnancy, children at risk for mental illness or emotional disorders, 9695
use of goal attainment scale, counseling, pregnant & single parent teenagers, 18268
use of prenatal care & preventive health programs, rate of fetal loss, low SES adolescent mothers pregnant 1 vs 3 times, 26259
values & ethics, counseling pregnant adolescent clients, counselors, 12782
voluntary community agency's use of drop-in centers & individual & group counseling in schools, pregnancy prevention, junior & senior high school students, 26299
Pregnancy (False) [See Pseudocyesis]
Prejudice [See Also Religious Prejudices]
Black vs White skin color intensity, prejudice, college students, 6463
demographic characteristics & attitudes toward homosexuals & Blacks & women & elderly, male vs female 17–45 yr olds, 30580
framework for understanding & analysis of socioeconomic oppression & prejudices, mental health & mental health care, Puerto Ricans, US, 23422
interracial contact & race of child & age & sex, racial prejudice, Black & White 6th–10th graders, 14190
knowledge about & opinions of & prejudices against epileptics, basic vs advanced-level school teachers, Austria, 21262
locus of control, anti-Black prejudice, Whites, South Africa, 1037
policy capturing, indirect measurement of prejudicial attitudes toward women, female college students, 4022
psychoanalytic view of multidimensions of prejudice, 21693
relevance & nature of ethnic relations teaching, Canada, 6433
training program, dealing wth ridicule & derogation & harassment, children with leukemia, 12395
Preliminary Scholastic Aptitude Test [See Coll Ent Exam Bd Scholastic Apt Test]
Premarital Counseling
guidelines for premarital counseling, 23469
life cycle theory, pastoral premarital & marriage counseling, 4915
positivity of communication & intervention program for prevention of marital & family distress & assessment, premarital relationships, couples with mean age of 22.7 yrs, 1909
Premarital Education and Training Sequence, commitment & communication & problem solving & contingency contracting, spouses, 3-yr followup study, 7620
Premarital Intercourse
age & educational variables & church attendance, attitudes toward premarital & extramarital relations, males vs females aged 21–50 yrs & older & 20 yrs & younger, 17261
attitudes toward premarital virginity & situational factors, prediction of premarital sex, never married 18–25 yr olds, Australia, 6595
college size & rural vs urban environment & religious affiliation, premarital sexual standards, college students, 18649
parental attitudes toward sexual behavior & premarital sex & marriage & reproduction & sexual education, mentally retarded 6–18 yr olds, 20459
peer group & religiosity & sexual guilt, premarital sexual intercourse, college students, 6589
sexual experience & positive affect & pressure & arousal & circumstances, premarital sexual decision making, male vs female college students, 25358
sexual scripts & perceived sexual behavior, premarital coitus, college students, 9470
Premature Birth
analysis of studies on preterm birth effects, literature review, 12329
application of early stimulation programs in intensive care units, premature infants, literature review, 21060
assessment of mother-infant interactions & neonatal medical complications, mental development, premature infants, longitudinal study, 16911
assessment of neurological "soft" signs, premature low birth weight children at 8 yrs of age, longitudinal study, 28443
availability of social support, adjustment, parents of hospitalized low birthweight infants, 23522
behavioral development, preterm infants assessed at 35 & 38 & 40 & 44 wks postconceptional age, longitudinal study, 14081
birth status & early mother-child interaction, cognitive & social ability, 3 yr olds, longitudinal study, 6225
bottle feeding interactions & perceptions of infant, mothers & their preterm vs full-term newborn infants, 1-mo followup, 30365
cognitive & perceptual & personal-social development, 3 yr olds who were born prematurely, 859
contrast & spatial frequency, resolution of square-wave gratings, preterm neonates, 22348
development of arm posture during bottle feeding, preterm 25–37 wk olds, 30370
developmental assessment, premature vs full term hydrocephalics with gestational age of 26–34 wks & mean age of 35 mo, 12406
developmental retardations & disharmonies, 12–13 mo old male vs female infants born prematurely, 19771
direction to visit preterm infant in neonatal intensive care unit weekly, frequency of independent visits & perception of infant & length of hospitalization, mothers, 10497
early intervention during hospital stay, mother-infant interaction & maternal perceptions, mothers & their preterm infants, 15478
early language abilities, infants with history of prematurity & respiratory distress syndrome, 25836
early learning & memory & long term retention, preterm vs full-term infants, 9181
emotional & intellectual development, preterm vs full-term children at 6 & 7 yrs of age, 1- & 2-yr followup, 9105
gestational age & race & sex, neurobehavioral responses on Precht Neurological Examination, preterm infants at term conceptional age, 9082
gestational age, behavior, female vs male newborn twins, 16595
heart period patterns at 40 wks conceptual age, developmental outcome at 8 & 12 mo, premature vs term infants with vs without medical complications during postnatal period, 16939
manipulative exploration of objects, preterm vs full term 9 mo olds, 9227
maternal psychosocial history & perinatal events & infant behavior, mother-infant interaction, 16–38 yr old mothers & premature infants, longitudinal study, 6503
observation of free-play interaction, maternal withdrawal, 2 yr olds with physical handicaps or prematurely born or seriously ill & their mothers, 9–24 mo followup, 25951
parent training intervention program, maternal adaptation & psychopathology & infant cognitive development & temperament, mothers of low birthweight babies, 10196
past psychological experiences of mother & medical complications of infant, caretaking of pre- vs full-term infants, mothers, 25298
patterns of mother–child interaction, physically handicapped vs premature vs normal toddlers tested at 9 & 12 & 18 & 24 mo, longitudinal study, 17815
perceived attractiveness of facial features of infants born at term vs 1 or 2 mo preterm, 17–23 yr old college students, 11690
perinatal intracranial hemorrhage, neurodevelopment, premature infants, 2-yr followup, 14898
premature birth, emotional development & academic achievement, children, 22285
premature birth, parent-infant relations & risk for future relationship problems, implications for nursing intervention, 31596
prematurity, prevalence of neurological soft signs, 8 yr olds, 7059
prolonged separation from mother following birth, secure vs anxious avoidant vs anxious resistant attachment to mother & development level, premature 12 mo olds who were seriously ill at birth, 6391
psychological tasks & coping behavior & mother child relations, mothers of premature infants, 3839

research on use of tactile & kinesthetic stimulation, premature infants, literature review, 1805
respiratory distress syndrome with vs without intraventricular hemorrhage vs bronchopulmonary dysplasia vs hydrocephalus, intellectual outcome, premature infants assessed at 6 & 12 & 24 mo of age, 4472
rhythmic structure of mother–child interaction, term vs preterm 3 & 5 mo olds, 17180
severity of CNS damage, neuropsychological development, premature children with perinatal brain damage up to 6–7 yrs old, 9908
staff support & coping mechanisms, mothers with infants in intensive care units, conference presentation, 7534
stimulus repetition rate, amplitude & latency of auditory evoked brain stem response, preterm vs newborn infants vs 16–43 yr olds, 19826
temperament & test taking & cognitive development, preterm vs full term infants, 11704
temperament profiles, social interaction, premature infants, 22388
wakefulness & visual responsiveness, low medical risk preterm vs full-term healthy neonates, implications for caregivers, 16865

Premature Ejaculation
hypnotherapy, aseptic urethritis & premature ejaculation, male patient, 31555
premature ejaculation as evolutionary adaptation, primates & human males, 6576
propranolol, premature ejaculation in chronic anxiety settings, 18–58 yr old males, 26151

Premenstrual Tension
beta-endorphin withdrawal, premenstrual tension syndrome, adult females, 13822
bromocriptine, severe premenstrual dysphoria, 18–45 yr old females, 7478
clinical features & adrenocortical function, 22–42 yr old females with premenstrual tension syndrome, implications for psychoendocrine model of endogenous depression, 6714
daily urinary estrogen & pregnanediol excretion throughout menstrual cycle, 18–52 yr olds with premenstrual tension, 17727
diuretics & oral contraceptives & pyridoxine & prostaglandin antagonists/precursors & lithium & bromocriptine, premenstrual syndrome, literature review, 31509
drug treatment vs nutrient therapy with lecithin & levotyrosine & pyridoxine hydrochloride, patients with Alzheimer's disease & unipolar depression & premenstrual syndrome, 23325
levotryptophan, premenstrual tension, 35 yr old female, 31530
menstrual cycle & premenstrual syndrome, mood changes, females, 6032
plasma prolactin, premenstrual tension syndrome, 22–42 yr old females, 13830
premenstrual tension, distress levels & serotonin concentration & uptake in blood plasma, 18–40 yr old females, 24722
prevalence & relation to affective disorders & suicide & drug therapy, premenstrual syndrome, literature review, 25820
progesterone, premenstrual syndrome, 20–44 yr old females, 26198
progesterone, psychological & somatic symptoms, 26–47 yr old females with premenstrual syndrome, 7485
psychosocial aspects of premenstrual syndrome, literature review, 17706
subcutaneous implants of estradiol, management of premenstrual syndrome, 24–50 yr olds, 23335

Premorbidity
age & sex & race & education & occupation & rural vs urban & geographic residence & handedness, prediction of premorbid IQ on WAIS, 4035
childhood antecedents, schizophrenia & emotional & affective & antisocial personality disorders, adults, 22769
cognitive impairment prior to resistant depression, 48 yr old male attorney with multiple sclerosis, 31275
essential data collection for prediction of ability to return to premorbid state, 42 yr old male severe accident victim, 28 mo followup, 25807
hand & eye dominance, age of onset & course of illness & premorbid functioning, 20–56 yr old newly admitted chronic schizophrenic males, 28232
neuropsychological deficits & childhood hyperkinesis &/or minimal brain dysfunction, 25–59 yr old primary & secondary alcoholics, 22812
ontogeny & premorbid personality & severity of schizophrenia, concordant vs discordant twins, 17527
personality & sociopsychological characteristics during illness process & premorbid state, duration of hospitalization, schizophrenic patients, 4976
premorbid severe life events & major difficulties, 5-yr outcome, inpatients with endogenous vs reactive depression or reactive vs nonreactive psychosis, 6751
reliability of premorbid adjustment measures, 22–61 yr old schizophrenics, 6860
spouses report of patient's lifestyle prior to stroke & perceived changes in emotional responses, 72 & 76 yr old males with right vs left hemispheric strokes & their spouses, implications for rehabilitation, 10508
use of formulae by R. S. Wilson et al for predicting premorbid intellectual levels, predicted vs actual IQs, normal vs brain damaged adults, 20536

Prenatal Development [See Also Embryo, Fetus]
acute doses of ethanol, pre- & postnatal development, pregnant female mice & their fetuses or infants, 24904
age regression to prebirth via hypnotherapy, conference presentation, 31556
alcohol consumption during pregnancy, fetal damage, pregnant females, Scotland, 3977
alcohol consumption during pregnancy, fetal development, literature review, 31126
attitudes toward prenatal screening with alpha-fetoprotein, midwives, 7797
auditory stimulation during embryonic development, early hatching, chicks, 21907
benefit-cost analysis of amniocentesis programs, 28814
birth weight & length & development, infants born to nonnarcotic polydrug-abusing mothers vs mothers on low-dose methadone maintenance, 25620
children's perceptions & family attitudes toward informing children of prenatal diagnostic testing, families with 30–42 yr old mothers who underwent amniocentesis, implications for social work, 15363
chlordecone exposure prenatally & during neonatal period, hypothalamic-pituitary adrenal axis function, adult rats, 24927
clonidine, treatment of passive narcotic addiction induced by maternal methadone maintenance, neonates, 28989
cognitive & behavioral development, infants born to methadone-maintained mothers, 2-yr longitudinal study, literature review, 26386
commercial soy lecithin preparation, development of reflex righting & swimming behavior & brain biochemistry, pregnant rats & their offspring, 27559
concepts of "projective identification" & "idealization" in theory of M. Klein, unborn children & infants, 17084
crowding or ACTH treatment during mother's pregnancy, copulatory behavior, adult male offspring mice, 8884
dendritic development in occipital cortical neurons, infants & children at 20 wk gestational age through 7 yrs, 5966
dopamine receptor blockage by prenatal chronic administration of haloperidol, striatal dopamine & opiate receptor development, rats, 27622
dosage level & time of prenatal exposure to 17-alpha-hydroxyprogesterone caproate, psychosexual development, 15–18 yr old males, 24857
dyadic interaction & infant behavior at 4 mo, infants born to mothers in methadone maintenance program, 4-mo longitudinal study, 4280
early exposure to auditory stimulation, subsequent choice of acoustic environment in nest site selection, mice, 16489
etiology of fetal alcohol syndrome & identification & treatment of women at risk, 31248
experimental methods for study of in utero learning by developmental psychologists & behavioral neurologist, humans & sheep & rats & mice, 14056
exposure to diazepam during different periods of gestation vs lactation, hyperactivity & learning & memory, rat pups, 6124
fetal & neonatal exposure to ethanol, growth & development of testes & sexual behavior, male rats, 24907
German measles during pregnancy, fetal development & multiple impairments in childhood, 28476

hypnotherapy, psychological trauma & drug & alcohol abuse as result of prenatal oxygen deprivation, clinical psychology patients, 2027
in utero ethanol exposure, hippocampal mossy fiber development, rats, 19735
in utero exposure to ethanol & housing density, ethanol preference, rats, 6053
indications & risks & limitations of prenatal diagnosis by amniocentesis, 31603
involvement of cholinergic & noradrenergic systems in behavioral adaptation to stress during perinatal period, anxiety, fetus or neonate & mother, 25199
knowledge about fetal development & sources of information, mothers expecting 1st child, implications for health education, 30619
lead exposure during prenatal & postnatal development, nitrendipine binding in striatum, rats, 27634
marihuana, pregnancy & fetal development, human females, 6167
maternal addiction to narcotic & nonnarcotic drugs, fetal & neonatal development & addiction, newborns, conference presentation, 4287
maternal alcohol consumption, fetal alcohol syndrome vs fetal alcohol effects, fetuses, 14978
maternal chemomyelotomy vs spinal transection, direct observation of fetal behavior without anesthesia, rats at 17–20 days gestational age, 24179
maternal exposure to methadone vs morphine during perigestational period, latency of response to noxious stimuli, infant rats, 22175
maternal methadone maintenance & age, motor & state functioning, infants observed at 1 day & 1 mo of age, 6308
maternal opiate & alcohol & amphetamine & phencyclidine abuse, placental & fetal neurotransmitter receptor development, 25665
maternal prenatal stress due to restraint & light, selective feminization & demasculinization in sexual behavior, adult male rat offspring, 13857
maternal smoking during pregnancy, embryo/fetal & neonatal & postnatal outcomes, 17281
maternal social drinking & cigarette smoking in prenatal period, performance on The Bayley Scales of Infant Development, 13 mo olds, 3580
maternal vs paternal inhalation exposure to 2-methoxyethanol, behavior & neurochemical abnormalities in offspring, rats, implications for occupational safety, 3494
methadone exposure during gestation &/or lactation, thermogenic responsiveness & nociceptive thresholds following injection of various drugs, adult rats, 24971
methodological issues regarding use of animal models in research on effects of prenatal alcohol exposure, 19000
moderate alcohol consumption, spontaneous abortion & low birth rate & reduced head circumference of child, pregnant females, 14891
morphological maturation of taste buds, beagle puppies studied at 38 vs 47 vs 54 days of gestation & postnatally, 13740
motor behavior & attention, infants born to mothers in methadone maintenance program studied at 4 vs 8 vs 12 mo, longitudinal study, 4322
notification of elevated serum alpha-fetoprotein level, psychological reactions, singleton-pregnant females, 7519
ontogeny of synaptic neurochemistry, rats, implications for pediatric neurology, 16616
perinatal caffeine treatment, tolerance to caffeine induced & spontaneous locomotor activity, 24878
perinatal intracranial hemorrhage, neurodevelopment, premature infants, 2-yr followup, 14898
perinatal stress & family environment, mental disorders & learning disabilities, multiracial children tested at 2 vs 10 vs 18 yrs, Hawaii, longitudinal studies, 28149
phencyclidine during pregnancy, decrement in maternal weight gain & offspring's locomotor activity & behavior, rats, 3459
position near males in same uterine horn, masculine morphology, female rats, test of contiguity vs caudal male hypothesis in explanation of Clemens effect, 27333
pre- & postnatal exposure to cimetidine vs ranitidine, growth & development of testes & sexual potency & behavior, adult male rats, 24906
prenatal & early postnatal undernutrition, mating behavior, male Lister vs Wistar rats, 6169
prenatal & postnatal maternal & child caloric supplement intake social & emotional & cognitive development, chronically malnourished 6–8 yr olds, 7008
prenatal administration of methylazoxymethanol, brain size & hyperactivity & operant response vs passive avoidance learning, rats, 3416
prenatal alcohol exposure, nonreproductive sexual behavior, rats, 22166
prenatal alcohol exposure, sexual dimorphism & saccharin preference & maze performance, 90–130 day old rats, 11605
prenatal alcohol exposure, spontaneous abortion & fetal alcohol syndrome, 22922
prenatal alcohol exposure, suckling behavior, rats, 9012
prenatal clomipramine, acoustic startle & social interaction, rat pups, 3437
prenatal development between 2 male fetuses & age & estrogen & testosterone, sexual receptivity & attractiveness & aggression, 9 vs 21 mo old female mice, 8602
prenatal diazepam, central & peripheral responses to stress, adult rats, 16803
prenatal ethanol exposure, development of sexual behavior, male vs female rats, 22170
prenatal ethanol exposure, nipple attachment latencies, neonatal rats, 9011
prenatal ethanol exposure, postnatal development of brain stem auditory EP, rat pups, 8945
prenatal ethanol exposure, sensitivity to methylphenidate, male rats, 22196
prenatal exposure to alcohol, birth weight & perinatal mortality of offspring, female rats in 1st vs 4th pregnancy, 27544
prenatal exposure to anesthetic drugs, preferences for visual patterns, 20 hr to 6 day old neonates, 14014
prenatal exposure to estrogens or progestogens vs pregnancy complications, demasculinization & dimorphic behavior, male vs female 8–14 yr olds, reanalysis of data from previous study, 24889
prenatal exposure to haloperidol vs apomorphine vs alpha-methyl-paratyrosine, demasculinization of sexual behavior & perinatal & adulthood testosterone levels, male rats, 11596
prenatal exposure to lead, sensory motor & mental development, infants studied at birth, 6-mo longitudinal study, 27560
prenatal exposure to methyl mercury, potentiation of apomorphine-induced stereotyped sniffing & role of enhanced dopamine binding sites, rats, 22148
prenatal exposure to methylazoxymethanol, open field & maze & passive avoidance behaviors & mortality & body weight, rats assessed at 49–192 vs 204–215 days of age, 16807
prenatal exposure to predictable vs unpredictable stress, early development, 2–16 day old rats, 24526
prenatal exposure to progestogens &/or estrogens, sexually dimorphic behavior in childhood male vs female 8–14 yr olds, 24829
prenatal exposure to smoking & caffeine & alcohol, behavior & development, neonates, 9108
prenatal exposure to sodium salicylate, developmental locomotor activity, males vs females of 2 strains of rats, 19658
prenatal glucocorticoids, birth weight & psychological & motor development, 12–24 mo olds, 18123
prenatal hormones, gender identity & sex role behavior & sexual orientation & cognitive ability, 5958
prenatal interpsychic material & psychoanalysis, patients, 23170
prenatal loss of father as maternal stress during pregnancy, incidence of psychiatric disorders, 57-yr longitudinal study, 9663
prenatal maternal light restraint stress & supine cold restraint in adulthood, development of gastric lesions & role of adaptation vs predisposition, male vs female rats, 19579
prenatal morphine exposure, postnatal reflex & motor development & activity & adult activity & analgesia responsiveness & avoidance conditioning, mice, 27571
prenatal pyridoxine deprivation, exploratory behavior, male rats, 22079
prenatal sex hormones, gender identity & sex role behavior & sexual orientation & cognitive ability, 27330

prenatal vs neonatal phenobarbital, spontaneous alternation, mice, 13900
prenatal vs postnatal exposure to heavy metals, operant performance, rats, 11580
prenatal vs postnatal protein malnutrition, spontaneous electrical activity of frontal cortex neurons, rats, 16707
protein malnutrition prior to & during pregnancy, 1st & 2nd offspring development, rats, 19596
screening for fetal neural tube defects, anxiety, prospective mothers with raised levels of amniotic fluid alpha-fetoprotein, 10361
stress treatments during pregnancy, development of brain adrenergic receptors & binding, mother rats & their 16 vs 23 vs 40 vs 60 day old offspring, 27390
unfavorable prenatal & perinatal & neonatal events, autistic children, 28190
unfavorable prenatal & perinatal & neonatal events, autistic children, 6766
uterine position & prenatal exposure to testosterone from caudal males, taste aversion conditioning & postnatal sensitivity to testosterone, female rats with vs without caudal males in uterine horn, 8609
Prenatal Developmental Stages [See Embryo, Fetus]
Preschool Age Children
ability to compensate for shifts in visual perspective, 1.7–3.2 yr olds at beginning of representational period, 16997
ability to identify & organize emotions in facial expressions, 2–5 yr olds vs college aged adults, 25031
ability to predict how internal & external conditions affect behavior, early vs late preschoolers vs kindergartners vs 2nd graders, 19907
ability to recognize comprehension difficulties & implementation of strategies for resolving them, 31–51 mo olds, 25140
ability to represent properties of weight, 3–9 yr olds, 27769
ability to think about personal feelings, adjustment to school, 5.5 yr old male referred for psychotherapy, 12516
acquisition of comparatives in spontaneous speech, 1–8 yr olds, implications for simple vs intensive hypotheses, 25095
acquisition of concept of inverse proportion in balance equilibrium task, 3–14 yr olds, 6294
acquisition of meanings of ordinal & cardinal number words & number conversation, 4–6 yr olds, 25068
acquisition of plans vs syntax, cognitive compiling in language, 4.3–6.2 yr olds, 22317
acquisition of "to" in infinitive complement structure, 2 yr olds, criticism of study by L. Bloom et al, 9194
acquisition of "to" in infinitive complement structure, 2 yr olds, reply to criticism by N. Hyams, 9150
adequacy of responses in structured adult-child conversations, low- vs middle-income kindergartners, 911
administration of standard vs alternative forms of National Institute of Health's oral stereognostic forms, assessment of oral perceptual skills, 4–12 yr olds, 113
adoption of height in drawings as depth cue, 4 vs 5–6 yr olds, 22307
adult-child interaction, language self corrections, 4–5 yr old German speaking children, Switzerland, conference presentation, 14051
adult-child interaction while watching "Sesame Street", learning, 3 & 4 yr olds, 25057
adult encouragement of reading & writing behavior, young children, 3678
adult vs peer vs toddler as conversation partner, language use, language impaired 4.6–6.2 yr olds vs normal language 4.4–5.6 vs 2.9–3.4 yr olds, 1616
affix processing strategies & linguistic systems & language development, 1.7–2.6 yr olds, 6-mo longitudinal study, Poland, 19871
age & attention to & verbal labeling of target & nontarget stimuli, question asking in referential communication, 5 vs 8 yr old dyads, 6318
age & communication status & verbal IQ, directiveness of parental teaching, 3.5–5.7 yr olds, 27740
age & educational intervention program & IQ, test taking behavior, low income 4–5 yr old Mexican Americans, 27774
age & intelligence, creativity, preschoolers with mean age of 4.1 yrs, 9114
age & projection, understanding self centered vs altruistic deception, 5.5–6.5 vs 7.5–8.5 yr olds, 30552
age & sex & cognitive style, visual search strategies to locate stimulus discrepancies, children with mean age of 3.1 vs 4.9, 933
age & sex & handedness, left vs right ear advantage for verbal vs nonverbal stimuli & verbal vs spatial ability, 29–64 mo olds, 16958
age & sex & intelligence & parental occupation, moral development of guilt-innocence & apology-restitution, 35–70 mo olds, 27722
age & sex & intelligence & parental occupation, moral development, 35–70 mo olds, 25042
age & sex & spatial knowledge, mechanics & memory for computer programing language, 2.9–4.11 yr olds, 6327
age & sex & verbal reinforcement, task mastery motivation & need for approval, 4 vs 8 yr olds, 22294
age & sex, oral stereognostic ability, 4.4–11.3 yr olds, 11745
age & sex, understanding & sensitivity & aptitude in representation of mothering activities, 2–8 yr olds & 12–14 yr olds observed in play situations, 27847
age & task difficulty, referential cohesion of story retelling, 4 vs 6 yr olds & 1st vs 3rd graders vs college students, 16981
age at entry & duration of stay, aggressive behavior & intelligence, 3–25 yr old children's home residents, India, 31687
age, comprehension of pronoun references in aural stories, 3.2–6.1 yr olds, 16995
age-corrected deviation scale scores for Draw-A-Design & Draw-A-Child subtests of McCarthy Scales of Children's Abilities, 2.5–8.5 yr olds, 19096
age differences, attribution of luck vs skill in other's performance, kindergartners vs 2nd vs 4th vs 6th vs 8th graders, 14192
age differences, understanding of conversational principles, preschoolers vs 1st vs 3rd graders, 11725
age differences, visual perspective taking ability & role of egocentrism, 3.2–8.5 yr olds, 6283
age, magnitudes of ingoing vs outgoing fin forms of Mueller-Lyer illusion & of 2 versions of Ponzo illusion, 5–11 yr olds, 22342
age of onset & physiological maturity & maternal pressure for toilet training, completion of mature toileting behavior, males vs females at 9 vs 18 vs 26 vs 33 mo, 14183
age, spatial memory, 1.9–2.3 vs 4.1–4.9 yr olds, implications for role of hippocampal development in spatial memory, 907
age, stimulus comparison judgments made from memory vs with standard stimulus present & use of specific details vs global perceptual information, preschoolers vs college students, 22336
age vs sex vs spatial factor vs task demands vs spatial information type vs information-processing vs response mode, spatial abilities, 3–11 yr olds, 11741
amitriptyline vs imipramine, cognitive functioning, 5.5–16 yr old depressed patients, 26217
analysis of dialog & interaction, discourse, 36 mo old males, 19858
analysis of dialog during play, 3 vs 4.5 yr olds in same-age & same-sex dyads, 11803
analysis of dramatic content in fantasy play, 5 vs 7 yr olds, 11798
analysis of movement as totality vs displacement, anticipation of trajectory & form of movement, 5 vs 7–8 yr olds, 22334
analysis of questions asked by parents during dyadic play, parents & their 2–3.3 yr olds, 995
animacy of passive & inverted cleft sentences, sentence comprehension, 2.5–5.5 yr olds, 19828
animacy/inanimacy of actors & patients & training sessions, comprehension of semantic relations & generalization to different animacy/ inanimacy patterns, 2 yr olds, 19804
application of evolutionary models to decisions made during object possession conflicts, 47–83 mo olds, conference presentation, 30553
appreciation for conceptual distinction between adjectives & nouns, 2.5–5 yr olds, 19811
apprehension about numbers & mathematics, 4–5 yr olds, 9102
assessment of creative thinking ability through spontaneous drawings, 3–4 yr olds, 11713
assessment of daily behavior, infants & young children, 16874
assessment of listening comprehension skills, 3.2–5.2 yr olds, 14024
assessment of nutrition status & mothers' perceptions of quality of life & immunization & cause of infant death, 21–39 yr old mothers & their 3–14 yr olds, rural Nigeria, 20573
assessment of written language, preschoolers through 7 yr olds, 936
associative vs cognitive mode of identification & classification of drawings, 3 vs 4 vs 5 yr olds, 27779

asymmetry in word-inital stop production & strategy to circumvent difficulty with lead voicing, 1.9–2.8 yr olds, France, 19792
attachment to peer vs family member, socialization, female college students & 5 yr olds, 1011
attendance at funeral or memorial service for sibling, behavior problems, 4–16 yr olds, 14185
attitudes toward causes of illness, healthy kindergarten students & 1st & 4th & 5th graders, 11675
attitudes toward orthopedic & sensory disabilities, nondisabled 3.2–6.2 yr olds, 13988
attribution of second-order beliefs, 5–10 yr olds, 25133
auditory & visual memory training, retention of auditory & visual stimuli, kindergarten students, 14077
Ausubelian vs Piagetian vs traditional instruction methods, development of logical concepts, preschoolers, 25115
awareness of nuclear threat, personality & denial of threat, 4–18 yr olds, 19782
backward transfer in training word & phrase equivalents in English & novel language, receptive & productive performance in novel language, 3.8–4.9 yr olds, 901
behavior of mother, self evaluation & withdrawal & effects on task persistence, 3 yr olds, 9307
behavior problems & deviance & language abilities, Ss aged 3 yrs vs at age 8, 5-yr followup, 25681
behavioral approaches, sleep disordered 1–5 yr olds, 31472
behavioral assessment & treatment of chronic food refusal, handicapped 16–40 mo olds, 7381
behavioral assessment, consistency & range of social behaviors, 2 yr olds, 14135
behavioral characteristics & self concept, American Indian vs Caucasian 4–5.9 yr olds, 964
behavioral deviance & visuomotor coordination & development, 5 yr olds living in 1- parent vs stepparent families vs with both natural parents, 25063
behavioral family therapy & systems view of family functioning, family with 5 yr old male with encopresis, 1-yr followup study, 1896
bibliotherapy program, divorce, preschoolers & school age children & adolescents, bibliography, 31324
birth of sibling, IQ, 2.5–17 yr olds 2 yrs following sibling's birth, 9313
birth status & early mother-child interaction, cognitive & social ability, 3 yr olds, longitudinal study, 6225
blindfolded move without fronted or distinctive landmarks, ability to retrieve immobile target, 4–6 yr olds, 14066
Blissymbols vs Picsyms vs Rebus communication system, symbol transparency, 3–3.9 vs 6–6.9 vs 9–9.9 vs 18–21.9 yr olds, 864
Blissymbols vs printed words, symbol learning, nonreading 4.3–5.1 yr olds, implications for special education, 30449
bonding & separating, emotional development, mother & child through 1st 3 yrs, 17168
books & play development, 3–10 yr olds, 975
books & symbolic models & gender constancy, sex role attitudes, kindergarten students, 9272
brief separation from mother, adult-child & peer interactions, 15–39 mo olds in play group, 25229
bug-in-ear microphone device for training in positive verbal & physical attention toward child, abusive-neglectful mother of 4 yr old, 23197
carbohydrate intake & hair trace elements & EEG measures, reading ability, 5–16 yr olds, implications for development of causal model of ecological factors influencing child development & reading ability, 25154
career fantasies, prekindergarten through 1st grade White private school vs Hispanic barrio school students, 16891
causal scripts for poverty vs wealth, kindergartners vs 2nd vs 4th vs 6th graders, test of attribution theory, 19895
changes in fantasy play & role taking & egocentrism & receptive vocabulary, 2–6 yr olds in play dyads, 16859
changes in memory demands, memory performance, 30 vs 40 mo olds, 14087
characteristics & defining features in development of word meaning, preschoolers vs kindergartners vs 2nd vs 4th graders, 6301
characteristics of early readers, children identified as reading before age 4 yrs, 11762
characteristics of good toys, 2–6 yr olds, 25189
childcare quality & variations in development as function of facility, children, implications for evaluation, 23449
childhood gender identity, subsequent sexual orientation, 3.5–11 yr old males re-interviewed during adolescence & young adulthood, 17048
childrearing, delayed posttraumatic stress, Vietnam combat veterans with preschool age children, 12164
child's temperament & parent's behavior, 41–52 mo olds & their mothers & fathers, 22481
choices, post-decision regret & dissonance-reduction behavior, 5–8 yr olds, 11730
chronological scale of communication behavior with peers, 6–20 mo olds, longitudinal study, 27742
clarification requests & responses during joint book reading, kindergartners & their mothers, 16949
client characteristics & psychopathology, 2–11 yr olds referred with encopresis, 4532
clinical assessment procedure, measurement of cognitive & socio-emotional & perceptual motor functioning, preschool age children, 30889
clinical developmental assessment, preschool children, 20202
clustered disfluency in early utterances, 2 yr olds, 16925
code switching, Kannada-Kodava bilingual 3 yr old female, India, 16920
cognitive & perceptual & personal-social development, 3 yr olds who were born prematurely, 859
cognitive & social development, infants & preschool age children with parent with bipolar illness, 22796
cognitive development & cognitive readiness for school, 1–7 yr olds, 6-yr longitudinal study, 30441
cognitive development & locus of control as predictors of understanding of safety & prevention, 33–73 mo olds & their parents, 25085
cognitive development & logical reasoning, 4–7 yr olds, 30461
cognitive development, understanding own feeling, 4–5 yr olds vs 8–9 yr olds, 9090
cognitive development, 0–6 yr olds, Mexico, 6336
cognitive maps & search strategies in large-scale environments, 3.3–6.6 yr olds, 9145
cognitive stage, matching of pitch, kindergartners vs 4th graders, 16916
cognitive uncertainty & social comparison, elicitation of understanding from peer, 3–5 yr olds, 6347
collative preference for variety of rewards, preschoolers vs 2nd vs 4th graders, 30464
combinatorial abilities in language & elicited symbolic play, children studied at 20 & 28 mo, 878
common factors in Draw-A-Man & Draw-A-Tree tests, 4–9 yr olds, 16296
comparability of Forms L & M of PPVT-R, Black 38–64 mo olds in Head Start program, 124
comparative analysis of communicative interactions in home environment, mothers vs fathers with only children aged 2–3.6 yrs, 19992
comparison of scores on PPVT-Revised and achievement scales of Kaufman Assessment Battery for Children, 3–4.2 yr olds, 11172
composition & relative size of each parent in drawings of family, 5–11 yr olds from separated & divorced families, longitudinal study, 11810
comprehension & production of compound nouns for related vs unrelated objects, 2–6 yr olds, 16922
comprehension of locative phrases depicting spatial locations, 3.6–5.5 yr olds, Peru, 19803
comprehension of metaphorical sentences, 1st vs 3rd graders vs preschoolers, 9245
comprehension of number conservation, pretransformation & posttransformation judgments, 3–4 vs 6–7 yr olds, 16947
comprehension of proximity reference, 4–7 yr olds, 3628
comprehension of punctuation & graphic representation in reading & writing, 4.8–6.7 yr olds, 16928
comprehension of relational terms "more" & "less" & "same" in conservation & seriation tasks, 54.2 vs 62.6 vs 68.6 mo olds, 27777
comprehension of TV version of "Different Strokes", 3–5 yr olds vs college students, 25135
computer games, cooperative play behavior, 4–5 yr olds, 11835

computer-managed vs traditional pencil & paper versions of Preschool Speech & Language Screening Test, assessment of communication disorders, 3–6 yr olds in Head Start, 2856
computer model of language development, 2 yr olds, 5567
concentration & visual perception & motor coordination developmental levels, learning game & accelerated acquisition of perspective-operations, 4–6 yr olds, 25118
concepts of body parts & their relationships, 3 vs 4 vs 5 yr olds vs college students, 922
conceptual perspective-taking & sibling caregiving, 3–5 yr olds with 10–24 mo old siblings, 9333
concrete operational reasoning strategies, nonconserving preschool & kindergarten children, 16944
consistency of Matching Familiar Figures Test performance, children assessed at 3 & 4 & 5 & 11 yrs of age, longitudinal study, implications for validity of test as cognitive style measure, 17046
consistency of middle components, auditory EPs during sleep, 4 mo to 3.3 yr olds, 13998
constrained vs unconstrained choice of collage materials, creativity, 2–6 yr olds, 17005
construct validity & factor analysis, Sequential & Simultaneous Processing & Achievement scales of Kaufman Assessment Battery for Children, 2.5–12.5 yr olds, 8414
construct validity of McCarthy Scales of Children's Abilities, 4.3 yr olds, 5657
construct validity of PPVT-R as screening measure for intellectual functioning, 2.5–5.9 yr olds, 26980
construction & validation of Play Rating Scale, 3–5 yr olds, 27046
construction & validation of test battery, measurement of differentiated cognitive abilities, 3–4 yr olds, 2945
construction & validity, of Test of Early Reading Ability, 3–7.1 yr olds, 26729
construction of Behavior Rating Form-Revised, parent-report measure of children's self esteem, parents of 4–6 yr olds, 155
construction of mental models from text structure & cues & general knowledge & spoken vs written discourse, text comprehension ability, preschool children, 27757
content & form of social activities during free play situations by adults, 18–31 mo olds in day nursery, 17051
content bias of McCarthy Scales of Children's Abilities, dominant English- vs Spanish-speaking Mexican American preschoolers, implications for test translation & nonbiased assessment, 19104
control of movement of ball bearing on sloping sheet of metal, 4–11 yr olds, 3677
convergent & construct validity of Kohn & Greenwood's scales of social competence, kindergartners, 21744
convergent & discriminant validity, Preschool Behavior Questionnaire, 3.6–4.7 yr olds, 16329
correlation of scores on Whole Word Accuracy with results of Arizona Articulation Proficiency Scale, assessment of articulation proficiency in conversation, 3–7 yr olds, implications for diagnosis of speech pathology, 5651
counterphobia as etiology of multiple sexual molestation, 4–8 yr old female victims, 4289
coupling of counting & measurement procedures with training based on Piagetian mechanisms of identity & reversibility & compensation, conservation concept learning, 4–6 yr olds, teaching implications, 16963
creative playgrounds, preschool age children, 19915
criterion-related validity of Quick Test Form 2, correlation of IQs & academic achievement & memory measures, 5–10 yr olds, Canada, 2955
cross-age contact, attitudes toward elderly, 3.2–6.2 yr olds in age-integrated vs traditional preschool, 3574
cues in processing cleft sentences, 5–8 yr olds, 22353
cultural context, gender segregation in peer groups, 18 mo to 9 yr olds, Kenya, 17054
death anxiety, 3–4 vs 7–8 vs 10–11 yr olds, Israel, 978
defensive vs offensive object-related interactions & compliant vs spontaneous prosocial behaviors, high- vs low-dominance 2.5–3 vs 4–5 yr olds, 969
degree of concordance for growth spurts & mental development, 3–6 mo old mono- vs dizygotic twins, 6-yr longitudinal study, 16603
degree of hearing impairment, social competence & segregation in free play setting, mainstreamed profoundly vs severely hearing impaired 48–67 mo olds, Israel, 31204
delayed reinforcement, generalization & maintenance of nonverbal/verbal correspondence training, 4–5 yr olds, 16909
demographic factors, assertive & defensive & aggressive behavior, preschool age children, 30554
dendritic development in occipital cortical neurons, infants & children at 20 wk gestational age through 7 yrs, 5966
density & location of play area, social & play behavior, 4 yr olds, South Korea, longitudinal study, 11838
developing pattern of reading errors & style, 5–6 vs 7–8 vs 9–11 yr olds, 19818
development & psychometric properties of thematic apperception technique for urban Hispanics, Puerto Rican nonclinical kindergartners to 3rd graders & clinical kindergartners to 6th graders, 13578
development & reliability & validity of instrument, psychosocial assessment in family day care program, infants to 9 yr olds, 2885
development & social & cognitive/perceptual correlates of ethnic identity, kindergartners to 3rd graders, 16903
development & validation of rhythmic conservation task, assessment of conservation of rhythm, 4–8 yr old violin students, 11752
development & validity of scale of sex-determined role standards knowledge, 3.1–6.4 yr old preschoolers, 13588
development of abstract expressivity in drawing, 4–20 yr olds, 921
development of analogical problem solving skill, nursery school students vs kindergartners vs 1st vs 5th–6th graders, 14046
development of behavioral inhibition & heart rate in unfamiliar situations, 4 yr olds, longitudinal study, 14173
development of concept of death, 5 vs 6 vs 7 vs 8 vs 9 yr olds, 22329
development of concept of God, Jewish vs Protestant vs Catholic 5–16 yr olds, 9216
development of consistent moral reasoning & altruistic behavior & perspective coordination, 4–11 yr olds, 11666
development of construct "word", 3–6 yr olds, implications for reading instruction, 3635
development of ethnocentrism & religious identity, 4–5 vs 8–9 vs 14–15 yr old students in Hindu vs Muslim vs Sikh vs Christian schools, India, 3716
development of expressivity in drawing, 4–20 yr olds, 27855
development of gestural communication, deaf infants & preschoolers, criticism of S. Goldin-Meadow & C. Mylander's study, 28400
development of gesture systems, deaf vs hearing 10 mo to 4.1 yr olds, 31162
development of irreversibility & nonfunctionality & universality components of death concept, 2–20 yr olds, literature review, 9235
development of judgment of responsibility for blame, kindergartners through 3rd graders, implications for attributional vs cognitive developmental vs symbolic-interactionist views, 30400
development of meta-linguistic knowledge & concepts of reading & writing, 4.1–5.9 yr olds, 3663
development of moral judgment & empathy & prosocial behavior, kindergarten students, 25062
development of prepositions used in expression of circumstances as adverbial adjuncts, 1.9–2.8 yr olds, 2-yr longitudinal study, Chile, 19843
development of reversible operations on balance scale task, preschool students vs 2nd vs 5th vs 8th graders vs college students, 3669
development of sensitivity to causally relevant dynamic information, 2nd vs 4th graders vs kindergartners vs college students, 9196
development of sentence understanding, 2.5–6 yr olds, Hungary, 30450
development of seriation & conservation & classification, kindergartners & 1st–2nd graders, 1-yr longitudinal study, 22323
development of seriation & correspondence & transitivity task performance, kindergartners & 1st–6th graders, 22324
development of sex role stereotypes & gender labeling & identity & sex-typed toy preference & family characteristics, 26 vs 31 vs 36 mo olds, 9338
development of sex-segregated play, 3–14 yr olds, 22394

development of sex trait stereotypes & classificatory skills, 4 vs 6 vs 8 yr olds, 3591
development of social conflict & dominance relations, 6–18 vs 19–30 vs 31–42 vs 43–54 vs 55–66 mo olds, 27880
development of spatial representations through block play, preschool age children, 25139
development of temporal reasoning & concepts, 5–8 yr olds, literature review, 30456
development of time-sequence cognition, 4–7 yr olds, 14036
development of understanding of numbers vs representing absolute vs relative amount, 3–5 yr olds, 16972
development of verbal & nonverbal behavior to express discourse topics, infants & preschool age children, implications for language disorders, 19809
development of verbal description of motion perception, 3–4 vs 5 vs 6 yr olds, 11747
development of writing abilities, children, 25069
developmental changes in organization of cohesive & agonistic peer activities, 8–66 mo olds, conference presentation, 30545
developmental changes, representation of meaning similarities of nouns, 4–8 yr olds, conference presentation, 14101
developmental differences, hemispheric lateralization & integration in tactual identification matching, 5–6 yr olds, 25164
developmental differences in interhemispheric information transfer ability & confabulatory responding, 4 vs 7 vs 10 yr olds, 22320
developmental differences in tendency to share emotion of TV character, 3–5 vs 9–11 yr olds, 19931
developmental stages in behavior regulation & effects of speech development, normal 4–31 mo olds & severely retarded 87–151 mo olds, 14854
developmental structuralist approach, classification of adaptive & pathological personality organizations, infants & children, 6364
developmental tasks & rating scales, assessment of social interaction, 3–4 yr olds, 26944
diagnostic approach for categorizing social & emotional stages of development, infants & young children, 17049
difference rule training on speaking vs listening vs criticism tasks, performance on speaking & listening & criticism tasks, kindergartners, 9234
difficulties in administering Piagetian conservation tests, preoperational children, 2883
direct vs indirect maternal intervention techniques at age 4 yrs, school-related abilities & problem solving, children tested at ages 4–6 & 12 yrs, 14043
discipline & increase of self control, preschool age children, 25215
discrepancy between situational & facial expressive cues, recognition of emotions, 4–8 yr old females, 16900
discriminant validity of related constructs using Q-sort definitions of social competence & self esteem, 3–5 yr olds, 24306
discrimination of age in masked vs unmasked facial photographs, 3.8–4.8 yr olds, 3644
display of warmth vs anger between adults, emotions & aggression between peers, male vs female 2 yr old dyads, 25180
distributive & immanent justice & egocentrism, 4–5 yr old preschoolers & 2nd graders, 22276
dominance & prosocial behavior, 2.5–6.5 & 7–9 yr old sibling pairs, 14134
drawings of person under Draw-A-Person Test, fluctuations in IQ, female assessed between 4.6–10 yrs of age, longitudinal study, 19028
dream recall ability & reactions to congruous vs incongruous images, 3–8 yr olds, 928
dream recall ability & reactions to incongruous images, 3–8 yr olds, 927
ear preference in dichotic test of recognition of familiar words, 21–35.5 mo olds, 30448
early diagnosis of learning difficulties, preschool children followed through 1st 4 yrs of school, 9825
early educational intervention program & individual differences, cognitive development, 4 yr olds identified before birth as at risk for developmental retardation, longitudinal study, 10822
early intervention, severely handicapped under 6 yrs of age, 7152
early lateralization of auditory evoked potentials & later language development, infants tested 36 hrs after birth, 3-yr followup study, 30455
early maternal behavior & infant temperament, negativistic behavior, 4 yr olds, longitudinal study, 30509
early pronunciation processes for maintenance of syllables in polysyllabic words, later pronunciation skill & production, males studied at 1.9 & 3.7 & 6 yrs, 25110
education, preschool age children, Denmark, 23766
egocentrism in attributions of artistic preferences, 3 & 5 & 7 yr olds, 14165
elicitation & instruction tasks, study of relationship between language acquisition & cognitive processing development, 4–9 yr olds, literature review, 949
emergence of primitive verbal utterances from babble to complex structural utterances, preschool children, Hungary, conference presentation, 25092
emergency room diagnosis & treatment of accidental carbon monoxide poisoning, 58 yr old female & her 4 yr old grandchildren, 28847
emotional development, 5–17 yr old children of mothers with borderline personality disorder, 25525
empathy, orphaned 4–5 yr olds, 11811
emphasis on form vs function during 1st experience with toy, categorization, 2 yr olds, 9167
encoding processes & development of face recognition, 4–16 yr olds, examination of S. Carey's theory, 30432
encouraging self evaluation, use of mnemonic strategy, 5–6.8 vs 8.1–9.8 vs 10.9–11.9 yr olds, 3645
enunciation & language production, 3–6 yr olds during play, 19835
estimation of distances between elements in Gestalt patterns, kindergartners vs 2nd vs 4th vs 6th graders vs graduate students, 16932
ethnicity & SES & age, sociolinguistic variation & accommodation, 5–12 yr olds, Hawaii, 939
ethnicity & socioeconomic status & home language, verbal & reasoning & quantitative & memory & motor abilities, Chicano vs non-Hispanic White 2.5 yr olds, 14061
etiology & incidence of behavior problems & school intervention programs, survey of educators & support personnel & parents of 3–6 yr olds, West Germany, 32179
evaluation of behavioral & social learning parent training program, effects on behavior & social relationships of children, parents & their 4 yr olds, 26081
evaluation of own happy vs sad vs angry vs scared facial expressions, 3–7 yr olds, 22397
evaluation of potential effectiveness of cues for remembering or relocating hidden objects, kindergartners through 3rd graders, 25072
event patterns, laughing &/vs smiling, 3–5 yr old nursery school students, 9255
event schemas as basis for categorical structure in semantic memory, 3–3.8 yr olds, 16965
examination of psychometric vs Piagetian kinds of intelligence & measures, kindergartners & bright & average & retarded 5–7 yr olds, reanalyses of studies, 5604
expectations of differences in adult male vs female interactions in play situation, male vs female 19–31 vs 33–64 mo olds, 17040
experiences & conceptions of reading, 3–5 yr olds, 14095
experimental methodology, gender understanding & identity & sex-typed behavior, 18–54 mo olds, 17039
explanation of meaning or use or conceptualization of words vs WISC Vocabulary test, measurement of vocabulary knowledge, 4–7 yr olds, 21777
exploration & play, associative fluency, young children, 19779
expressive & receptive language use & SES, performance on inference task, lower- vs middle-income Black 3 vs 5 vs 7 vs 9 yr olds, 952
extrinsic reward timing, intrinsic motivation, 2.9–5.3 yr olds, 27833
factor analysis of Kaufman Assessment Battery for Children, 5 vs 7 vs 10 yr olds, 16335
factor analytic study of items to measure forethought development, 3–14 yr olds, 3664
factors affecting preschool attendance, preschool age children, New Zealand, 7895
failure rule for Children's Embedded Figures Test, test discriminability, kindergartners to 4th graders, 143
familial sinistrality, speed of color naming, female vs male 5–7 yr olds, 16982

familiar vs unfamiliar stories, form & focus of response, 4 yr olds, 27784
familiarity & prior group experience & age, degree of social participation, 3–5 yr olds, 25193
familiarity of adult signaling noncomprehension of request, speech repetition & revision, 20–28 mo olds & their mothers, 1012
family background & status, prediction of cognitive performance, Mexican American preschoolers, 27748
family background vs collective educational environment, creativity, preschool students raised at home vs in day care centers, 25208
family-based behavioral treatment, weight loss, 5–8 yr old obese females & their parents, 8- & 12-mo followups, 20850
family history & subsequent schizoid personality & diagnosis validity & symptoms, 5–14 yr old males with schizoid personality, 10-yr followup, 6880
family therapy, 4 yr old autistic male & his parents, 20807
family therapy, 5 yr old male with mental & physical handicaps & his parents, 20812
family vs peer content, performance on distributive justice scale, 5–11 yr olds, US vs Sweden, 1-yr longitudinal study, 9277
Fargo Activity Timesampling Survey, assessment of physical activity & parent-child interactions related to activity, overweight vs normal weight 20 mo to 4 yr olds, 19074
father- & mother-child play, competence with preschool peers, 36–49 mo olds & their parents, 9308
field dependence/independence & language patterns, Mexican American male vs female 4–5 yr olds, 14030
fine motor skills, 4 yr olds identified as right vs left handed vs lacking hand preference, educational implications, 16992
formation of visual stimulus equivalences, 5 & 7 yr olds, 9203
free classification & construction of graphic vs nongraphic collections, 3 vs 5 vs 7 yr olds, 951
frequency of self initiated speech repairs, kindergartners vs 2nd graders, 16933
fuzzy-trace theory of transitivity development, solution of thinking & reasoning problems, kindergartners & 1st & 2nd graders, 11721
gender & birth order & social class, individual differences in temperament, children at 6 mo vs 1 vs 2 yrs, longitudinal study, 27871
gender classification & constancy & behavioral & biological cues, development of gender identity, 2.6–4 yr olds, 14141
gender concepts & cognitive maturity, 3–6 yr olds, 848
gender label, perception of aggression in preschool children, college students, 17247
gender stereotyped toys & toy choice & play, male vs female 19–42 mo olds playing with mothers vs familiar same vs opposite gender peer, 22382
general & language development approach to content analysis of emergent reading attempts, kindergartners & 2–4 yr olds, 30476
general event representation & relationship between general & specific memories, 4.8–5.5 yr olds, 9177
general guidelines for timing of preparation for impending hospitalization, 5–12 yr olds, 12729
genetic factors in temperamental individuality, monozygotic vs dizygotic same-sex twins at 2 vs 9 mo vs 6 yrs, longitudinal study, 27885
global magnitude & saturation, object comparisons in classification tasks, 3 vs 4 vs 5 yr olds, 25151
goal instruction, production & integration of narrative sequences in picture story, 4–6 yr olds, 885
graded exposure & parental modeling, dental phobias, 4 yr old female & her mother, 6 mo followup study, 26109
grasping with left vs right hand, 6 mo to 3 yr olds, 14122
group cognitive-behavioral coping skills training, responses to dental treatment, 50–66 mo olds, 26130
group composition, helping action in risky situations, 5–13 yr olds, 25178
handwriting instruction, preschoolers, 7905
happy vs neutral mood with vs without instruction that excessive self gratification is wrong, self indulgent vs self denial response to reward, 4–5 vs 8–9 yr olds, 19914
head circumference & size at birth, developmental status, 4 yr olds who were small vs average vs large-for-dates at birth, 6256
health & abuse or maltreatment, 3 yr olds from abusive vs neglectful vs failure to thrive families, 9806
health-oriented interaction group, mother-child interaction, 36 yr old mother & 10 mo old high-risk infant, 26307
hemispheric dominance for speech perception, 3–12.5 yr old with congenital or infantile hemiplegia vs recently brain damaged nonaphasic adults, 9892
hierarchical factor structure of Kaufman Assessment Battery for Children, 5 & 7 & 10 yr olds, 11162
home- vs school-based speech stimulation programs, speech development, 3–4 yr olds, 22327
home environment in single- vs 2-parent Black family & mother's educational level, IQ, 3 yr olds, longitudinal study, 25078
home vs preschool environment, social interaction, 3 & 4 yr olds, 14168
homonymy & voiced-voiceless distinction in speech production & perception, 32–42 mo olds with specific language impairment, 28384
horizontal directionality & difficulty with reading & writing & spelling, 42–74 mo olds, 31095
ideational fluency & fantasy predisposition, prediction of imaginative play, 47–57 mo olds, 11695
ideational fluency & locus of control, 47–57 mo olds, 3607
identical vs category monitoring, comprehension of spoken discourse, 5 & 7 & 10 yr olds, conference presentation, 14113
identification of oral & silent reading & role of print in reading & perceptions of own reading ability, 3 vs 4 vs 5 yr olds, 3637
imaginary play companions, creativity & intellectual development, children, 6265
improvement in psychometric properties of Behavioral Eating Test, kindergartners to 1st graders, 19038
inadequate family environment & emotional conflict, 5–16 yr olds with conversion neurosis vs neurosis vs aggressive behavior disorders, 1439
incentive value of success & salience of past performance, expectations for own vs other's performance, 4 yr olds, 14209
incidence of friendship & behavior toward close associates vs nonassociates, preschoolers, 17057
incidental vs intentional learning conditions, acquisition of family-resemblance vs criterial attribute categories, kindergartners & 5th graders & college students, 25127
incidental vs intentional memory conditions, free recall of categorized & noncategorized lists of pictures, kindergartners vs 2nd graders, 27801
increase of number of objects, classification & inclusion skills, 3.5–9.8 yr olds, 30425
increased symmetry in discrimination task & perpendicular error in copying line drawings, children with mean ages of 5.8 vs 6.8 vs 8.5 yrs vs college students, 9220
independent vs parent support conditions, exploratory behavior, 42–90 mo olds, 9290
individual differences in cognitive synthesis & role of attentional reserve, 5.4–6.8 yr olds, 6276
individual differences in recognition memory, individual differences in intelligences, 5 yr olds, 6291
individual temperment diagnosis, Ss at 4–8 mo vs 3–7 yrs of age, longitudinal study, 9266
inexpensive educational programs, techniques of reading aloud to their preschool children, parents, 26538
infant & early childhood development & adaptation & diagnosis & treatment & prevention of psychopathology, 4176
infant care patterns, cognitive performance, 4.6–5.1 yr olds in subsistence-level horticultural community, Kenya, longitudinal study, 16973
information feedback, control of observing response during visual discrimination learning, kindergartners vs 2nd vs 5th graders vs college students, implications for cognitive hypothesis testing, 19872
inpatient psychiatric treatment, effectiveness, 4.2–10.7 yr olds, 2159
instruction to remember TV programming for later testing vs to watch for entertainment, recall of visual vs auditory vs audiovisual information, 5 vs 9 yr olds, 16935
integration of speech & motoric behaviors during phases in puzzle solving task, 3.5–5 yr olds, 9185
integrative imagery vs concrete enaction & repetition strategies, recall of pictograph sentences, 5.5–6.5 yr olds, 25117

intelligence & neurological development, children who experienced episode of ischemia in neonatal period, 3–4 yr followup study, 14995
intelligence & speed of color naming, male vs female 5–7 yr olds, 16955
intelligence training with E. Baar & I. Tschinkel's developmental tasks, preschool children with below average IQ's, 923
interaction between mother & 1st born child before vs after birth of sibling, mothers & their 18–43 mo old 1st borns, 6481
interests, attentional shift & recognition & recall, 2.9–3.5 vs 3.6–4.2 yr old preschoolers, 30470
interhemispheric functional asymmetry of auditory EP's, 2.5–3 yr olds, 6016
interpersonal problem solving skills training, aggressive preschool age children, 10200
interpretation of emotional facial expressions, 3 vs 4 vs 5 yr olds, 902
interpretation of pictures & perceptual verbs, tendency to indicate entire object array although instructed to report only parts visible, 3 & 4 yr olds, 25134
interpretation of written numbers, 4–6 yr olds, 25149
interrelationship between firesetting & enuresis & cruelty to animals, 4–16 yr old psychiatric patients, 30936
interval length of FI food schedules with candy reinforcers, drinking & gross & fine body movement & grooming, female 4 yr old identical twins, 19814
interview methodology, investigation of pain experience & perception, 5–12 yr olds, 7569
intransitivity of preferences, 4–4.9 yr olds, 9157
inversion in development of question form, 25–47 mo olds, 27778
IQ, ability to discriminate emotions in others from picture stories, abused & neglected 3–5 yr olds, 22820
IQ scores on Columbia Mental Maturity Scale, 4–9.4 yr olds, Japan vs US, 9213
issues in development of preschool language intervention programs, preschool age children with language impairment, 20463
item bias on Peabody Picture Vocabulary Test, White vs Black 2.5–7 yr olds, 23910
item difficulty, Tent & House series of Children's Embedded Figures Test, kindergartners through 4th graders, implications for test administration, 11149
judgment of speech sounds & spelling, kindergartners & 1st graders, 19864
judgment only vs judgment plus explanation criteria of M. L. Goldschmid vs Piaget, conservation performance, kindergartners to 6th graders, 16285
kibbutz vs urban setting, prevalence of grief reactions & behavioral symptoms following death of father due to war, 2–10 yr olds, Israel, 30514
knowledge & understanding of pain & pain experience, 5–12 yr olds in hospital & clinic & school settings, 25909
knowledge of animate being vs inanimate objects, 3 vs 4 vs 5 vs 7 vs 9 yr olds vs college students, 9171
knowledge of distinctions between animate & inanimate moving objects, 3–5 yr olds, 16917
knowledge of sex role stereotypes & preferences for sex-typed activities, male vs female 2–5 yr olds, 14195
labels regarding patience & tester expectations, self control, 3 & 4 yr old preschoolers, 9128
language behavior with child, mothers of normal vs language delayed 2.5–5 yr olds, 6988
language complexity, phonological accuracy & consistency of target words in imitated sentences, 22–26 mo old females & 28–34 mo old males, 924
language development & lateralizaton of semantics, right hemisphere short term verbal memory, right handed 4–11 yr olds, 22344
language development, bilingual Spanish/English speaking language handicapped 5–8 yr olds, 1606
lead exposure, developmental changes in contingent negative variation & role of axodendritic vs axosomatic connections, children less than 5 yrs old, conference presentation, 20576
learning assimilation facility hypothesis, literacy, preschool age children, 25114
learning experiences, development of concept of evaporation, 5 vs 7 vs 9 yr olds, 19796
learning sign vs oral language & oral speech development, deaf preschoolers, 20623
learning style & apprehensiveness & family life & parental support & school attendance, prediction of future achievement, 5–6 yr olds, followup study, 32056
level of communication with adults & peers, change in cognitive activity, preschoolers, 14039
level of extraneous auditory stimulation, response latency & glances away from visual discrimination task, preschool vs 2nd vs 6th graders, 9192
level of gender constancy vs social power of model groups, same- vs opposite-sex modeling, 29–70 mo olds, 11790
level of involvement with child & parental role, fathers of hospitalized 5–12 yr olds, 31701
levels of damage vs culpability vs recompense, judgments of deserved punishment, 4–9 yrs olds vs adults, 22279
lexical development in initial weeks of acquisition of English as 2nd language, 5 yr old Japanese female, 9223
lexical innovations, construction of new word forms, 3–6 yr olds, conference presentation, 14023
linguistic analysis of conversational repairs using R. Brown's model of linguistic development, Ss with mean ages of 2.5 vs 3.3 yrs vs 5–6 yr olds, 3647
listening to adult speaker, development of use of responsive listener cues & relevant comments, 29–67 mo olds, 25053
logical searches in hiding & finding tasks, 3.5–4.5 yr olds, 9233
long term tracheostomy, physical & emotional development, infants less than 13 mo old, followup at ages 3–8 yrs, 31608
lower vs middle class background, recall of picture story, 4–5 yr olds, 19794
magical vs explicit & realistic explanations of remote occurrence, logical reasoning & generalization, 5 yr olds, 14057
maintenance care & developmental needs & emotional support & coping behavior, children with gastrostomy tubes & their parents, 18198
mastery motivation & cognitive functioning, children at 1 & 3.5 yrs of age, longitudinal study, 14047
matching of expressive words to painting reproductions, 4 yr olds, 3671
material mastery & symbolic development in construction play, preschool age children, 19933
maternal behavior & cognitive abilities & affective tone of mother-child interaction, school readiness & 6th grade vocabulary & mathematics achievement, 1st born children evaluated at ages 3.7 & 4 & 5 & 6 & 12 yrs, longitudinal study, 9191
maternal behavior, 20–40 yr old Hindu vs Sikh mothers & their 4.5–5.5 yr olds, India, 30639
maternal childrearing practices, child's cognitive development, middle or upper SES urban mothers & their 5 yr olds, Philippines, 19865
maternal perception of infant at 1 mo of age assessed by Neonatal Perception Inventory, social-emotional development, 4.5 yr olds, replication of study by E. R. Broussard & M. S. Hartner, 5645
maternal reinforcement style, prosocial motives & behaviors, Anglo American vs Mexican American 5–12 yr olds, 9298
maternal reports of behavioral stability & patterns of individual differences, identical vs fraternal same-sexed twins observed from birth to 6 yrs old, longitudinal study, 27861
maternal verbal & nonverbal techniques & responses to compliance vs noncompliance, dyads of 23–43 yr old White middle class mothers & their 42–75 mo olds, 22386
maternal vocational participation, occupational choices, public school male vs female kindergartners & 1st graders in upper-middle-class community, 16893
meaning of indefinite number terms, 3–6 yr olds, 9214
media presentations & content, fear, 3–4 vs 6–7 vs 9–10 yr olds, test of Piagetian stages of development, 3689
medical foster care program to reduce extended hospitalization, 4 wk to 7 yr old abused or neglected females, 4881
memory & free recall capabilities, cooperative vs competitive vs individualistic social values, 3–10 yr olds, 13994
memory span & P300 latency, 5–14 vs 20–40 yr olds, 16952
mental rotation of stimuli with differing visual orientation cues, discrimination of reflections & rotations of visual stimuli, 3.3–4.8 yr olds, 19850

methodological issues in study of parental input in development of gestural communication, deaf infants & preschoolers, comments on study by S. Goldin-Meadow & C. Mylander, 28423
methodology & results of telepathy research, 3–13 yr olds, reply to S. Blackmore's criticism, 27804
methods & interpretation of behavior ratings, positive social behavior, kindergartners, 25239
model of genetic & environmental components of environment-behavior correlations in child development studies, 12–24 mo olds in nonadoptive vs adoptive families, 25055
modeling vs corrected practice, generative language acquisition, 4.9–5.6 yr olds, 9184
mood quality & response intensity, prediction of behavior disorders, nursery school children, 6403
morning vs afternoon, acceptability of breakfast vs dinner foods, 3–5 yr olds vs 23–44 yr olds, 21821
morphosyntactic & lexical aspects of free play conversations, 2–5 yr olds & their mothers, 914
mother-child relations & child adjustment, children with mean age of 4.4 yrs from divorced vs intact families, 982
mother's conversational expansions, spontaneous imitations & productions, 23.5–24 mo olds & their mothers, 947
mothers' prohibiting vs accelerating attitude toward child, safety education, mothers & their 3–5 yr olds, 11707
mothers' use of nouns & pronouns & references to objects & persons, speech style, 1–2.5 yr olds, 9179
motive & outcome foreseeability, attributions of intentionality & moral judgments, 3–4.2 yr olds vs college students, 16885
music concept development, 4 yr olds, criticism of L. P. Young's study, 912
music played to right vs left ear, right vs left hand tactual processing, 2–5 yr olds, 14090
naming strategies & description of object purpose & agents involved in their use, 3–6 yr olds, implications for cognitive & language development, 14070
National Foundation for Education Research "My World" preschool program, rate of development, normal 4 yr olds, 15741
nature of situation in which help is needed, understanding of others' need for help, 4 vs 9 yr olds, 25220
negotiation of social meanings, 2–4 yr olds, 25211
neonatal & later activity & development of temperament style, 4–8 yr olds, 17065
new instruments for assessing self concept & self esteem during personality evaluations, 3–12 yr olds, literature review, 19068
noninstructional concept learning, later knowledge acquisition in school, preschoolers, 11679
nonmaternal care, maternal attachment & intellectual development & social emotional behavior, preschool children, literature review, 6236
nonsexist curricula & teacher's sex, sex role learning, male vs female 3–5 yr olds, implications for early childhood programs, 15761
number & placement of orientation cues & discrimination requirement, discrimination of reflection & rotations of visual stimuli, male vs female 4–5 yr olds, 14091
nutritional & health care & educational treatment program, cognitive ability, chronically deprived preschool age children, 10078
object-relative displacement & induced motion, 30–50 mo olds vs 20–50 yr olds, 25082
outcome forseeability & motive, attribution of blame for personal injury, 4 yr olds vs adults, 9315
parent-child interaction in free play situation, sex-typed behavior, mothers vs fathers & their male vs female 45 mo olds, 25204
parent recommendation vs performance on Woodcock-Johnson Psychoeducational Battery & Raven Progressive Matrices, educational diagnosis, gifted 4–6 yr olds, 10861
parent-reported development of modesty, 2–10 yr olds, 14198
parental anxious concern, birth order differences in frequency of visits to emergency departments, 1st vs laterborns with approximate age of 2.3 yrs, 26243
parental attitudes, development of temperament, 3–15 yr old twins, 16579
parental childrearing attitudes, child's prosocial behavior, 3–6 yr olds from 2-parent families, 14206
parental childrearing attitudes, moral judgments, preschool children, 25216
parental communication behaviors, linguistic maturity & cooperative behavior, 18 vs 24 vs 30 mo olds, 9305
parental depression & marital adjustment, mother-child interactions, mothers & their preschool age children who were being treated for noncompliant behavior, 22818
parental home tutoring program, prereading skills, 4.1–6.7 yr olds with mild to moderate language delays, 7946
parental input, development of gestural communication systems, deaf infants & preschoolers, reply to comments by J. de Villiers & E. Bates & V. Volterra, 28435
parental input, development of gestural communication, deaf 1.3–4.1 yr olds, 28434
parental involvement & classroom programs & play activities, preparation for hospitalization, children, 21092
parental SES & language comprehension, preschoolers reared in 1- vs 2-parent families, 11731
parental sex role traits & television viewing, sex typing of toys & occupations, female vs male 5.5–7.5 yr olds, 22393
parental social participation behavior, social competence, kindergartners, 25209
parents' labeling of objects during communication with child, acquisition of category hierarchies, 2–4 yr olds, 22309
patient characteristics, preschoolers seriously abusive toward siblings, 4342
patterns & changes in /s/ & stop cluster simplifications, 1.8–2.8 yr olds, 5–17 mo study, 14020
peer-peer interaction in playpen with toys, 10–21 vs 24–30 mo olds with extensive daycare experience, 25231
peer related social interactions, developmentally delayed 1.8–6.8 yr olds in early intervention programs, 1330
perceived roles of mothers vs day care teachers, 59–69 mo olds, 3752
perception of relationship with father vs mother, female vs male 5–8 yr olds, implications for validity of norms for Family Relations Test & similar instruments, 8429
perception of sex-appropriate adult occupations & activities, male vs female kindergartners vs 5th vs 11th graders, 959
perceptions of sexuality & relationship to development of incest, 5–15 yr olds, Australia & England & North America & Sweden, 27846
perceptual categorization of color, 3 vs 4 vs 18–22 vs 66–89 yr olds, 941
perceptual contrast in Piagetian task, assessment of conservation of quantity, 3.7–4.7 yr olds, 27798
perinatal risk events, identification of variables effecting development, 2 wk to 6.5 yr old Filipino children, 16901
perinatal risk factors in etiology of hearing loss, preschool children, Sweden, 31263
perpendicular bias in copies in angular figures, 4 yr olds, implications for bisection interpretation, 25079
personality correlates, coping with stress & psychological endurance, children, 25241
phonation time for /a/ sound, normal-voiced 3.6–17.9 yr olds, 9176
phonetic coding, oral free recall & serial reconstruction of rhyming vs nonrhyming letter sets, 42–50 vs 60–68 mo olds, 14063
phonological development, Castillian-speaking 3–7.9 yr olds, Spain, implications for prevention & diagnosis of language problems, 14015
phonological development, Urdu speaking 20–30 mo olds, 25107
physical attractiveness & temperament of child, caregiver interaction & attention, caregivers & 4–37 mo olds in group program, 26595
Piagetian developmental level, clustering in free recall of pictures, 64–75 mo olds, 25094
Pickford-Nelson anomaloscope, assessment of color vision & validity of 4 pseudoisochromatic tests, 4–11 yr old males, 3651
pictorial & verbal depiction of meaning of death, 4–8 yr olds, 14118
picture aids, learning of similar sight words, kindergarten children, replication of R. J. Lang & R. T. Solman's study, 6323
picture mnemonics, learning of letter-sound & letter-picture associations, preschoolers & kindergartners & 1st graders, 9174
play behavior as indication of attitudes & fears about nuclear weapons & war, kindergarten through 2nd graders, 22365

play behavior, language development, preschool age children, literature review, 19902
play maturity & language delays, 2–5 yr old preschoolers, 877
play partner & type of interaction & activity, preschoolers, 17076
play vs training experience & experimenter bias, performance on innovative task, 44–58 mo olds, replication of studies by T. Simon & P. K. Smith & by P. K. Smith & S. Dutton, 22349
playground designs, free play, preschool age children, 3687
position of anomalous information & convergent clues in stories, integration & comprehension monitoring, preschoolers vs kindergartners & 2nd graders, 14100
positive social interactions & other behaviors & MA & CA & sex, social acceptance prediction, 3–6 yr olds, 1005
postrotatory nystagmus duration, male vs female 4 yr olds, 9168
potential referents, understanding of ambiguity & response to ambiguous messages, 4.6–7.3 yr olds, 25142
poverty & maternal role in early childhood education, 5220
PPVT vs Test of Early Language Development vs Preschool Language Scale, language assessment, 3.3–5 yr olds, 13581
precuing, attention to auditory vs visual signals, preschoolers vs 1st vs 2nd vs 3rd graders vs college students, 25096
prediction of child's response to PPVT items & global rating of vocabulary ability, 28–56 yr old parents of 3.1–4.1 yr old normal preschoolers vs 24–48 yr old mothers of high risk 5–5.5 yr olds, 28491
predictive validity of Kaufman Assessment Battery for Children & comparison with WISC-R, assessment & prediction of cognitive ability & academic achievement, mentally retarded 5–12 yr olds, 13585
preference for length vs spontaneous counting as cues in number judgments, 3 & 4 yr olds, 9210
preference for sentences with background vs forward reduction pattern, acquisition of 1st language, 2–4.4 yr olds, Taiwan, 19833
preferred friend relationship, Italian & German 40–48 mo old kindergarten students, Italy, 14126
prenatal & developmental & medical & health history factors, hyperactive kindergartners through 5th graders, 20520
preschool behavior, prediction of mental & behavior disorders, 3–5 yr olds, 11.5-yr followup, 28140
preschool experience, peer directed behaviors, 47–57 mo olds, 19920
preschool intervention programs for disadvantaged & handicapped, literature review, 2099
preschool screening, school psychologists, 5386
presence of older siblings & mother's language during question-answer interactions, language production, 2.3–2.5 & 4.3–4.8 yr olds & their school age siblings & mothers, 22355
presence of similar vs different other, narcissistic personal space, French & Arabian male students & 3.5–4.5 yr olds, 27825
presence vs absence of observers, peer interaction, male dyads aged 4.5–5.5 or 7.5–8.5 yrs, 9264
presentation of "he" vs "she" vs "they" in story, sex-biased responding & memory, male vs female kindergartners vs 1st graders, 25090
pretraining knowledge level or development, learning logical operations & number skills, 3.9–4.9 yr olds, 25084
pretraining vs feedback, performance on reasoning tasks, kindergartners vs 1st graders, 19860
prevalence of depression & depressive-like states, 1–6 yr olds, 9668
prevalence of physical abuse, psychiatrically hospitalized 3–17 yr olds, 26340
previous dietary exposure, acceptability of sweet & salty foods, 2 yr olds, 30412
prior visual inspection vs naming of familiar vs novel object, drawing of hidden features, 4–7 yr olds, 9160
problem presentation with 2- vs 3-dimensional stimuli, assessment of social problem solving strategies, 3–5 yr olds, implications for intervention, 13495
production of case-marked pronouns, 2–5.5 yr olds, Israel, 19849
production of definitions for common nouns, kindergartners vs 1st vs 4th graders, implications for theory of definition, 19870
productivity, memory for newly formed words, 3–5 yr olds, 9164
program for prevention of learning disabilities, 1st grade promotion rate, preschool age children & elementary school students, conference presentation, 12-yr longitudinal study, 26648
prototypicality of described event & sentence complexity, comprehension & production of bitransitive sentences, 3 vs 4 vs 5 yr olds, 3657
provision of appropriate role models of speech, speech development, preschool age children, 16953
psychoanalytic treatment using art therapy, delayed development & mother-child relations, 4.5 yr old male, 17919
psycholinguistics & development of grammar, Basque-speaking 3–11 yr olds & adults, Spain, 3623
psychological functioning, 4.1–6.2 yr olds of mothers who were 15–17 vs 20–24 yrs of age at birth of child, 6247
psychological preparation & preoperative intervention, reactivity to hospitalization, 3–9 yr olds undergoing tonsillectomy or adenoidectomy surgery, 12695
psychomotor development, 5–15 yr olds, 9232
psychomotor vs cognitive vs linguistic development & family environment, reading & writing readiness, 4 vs 5 vs 6 vs 7 yr olds from city vs small town vs village, 19799
psychosocial development, 6 mo to 3 yr olds, 3735
psychosocial factors & behavioral deviances, catecholamine excretion, males vs females studied at 3 & 9 yrs, 6-yr longitudinal study, 27711
public law, programs for handicapped children under age 5, survey of United Cerebral Palsy services, 2065
questions about real & apparent properties vs identities of objects, errors of phenomenism vs intellectual realism, 3–4 yr olds, 9239
questions regarding construct validity & norms & reliability of Kaufman Assessment Battery for Children, 5630
rate of social activity & degree of sexual segregation in affiliative interaction, female vs male 1–6 yr old day care students, 3-yr longitudinal study, 9304
ratings by parents on Revised Behavior Problem Checklist, female vs male 5–13 yr olds in community vs in child psychiatric units, 12228
ratings of temperament of self & spouse & each twin, parents of newborn through 5 yr old female vs male twins, 25234
ratings of typicality of female & male sex role behavior, 3–12 yr olds, Sweden, 27829
rationales for providing nursery education, 2–5 yr olds, United Kingdom, 23742
reading readiness & print awareness, 3 vs 4 vs 5 yr olds, 918
reading time for letters vs words vs text, kindergartners & 2nd–3rd graders with high vs average reading ability, 16954
reasoning about compliant adult- vs peer-directed prosocial vs nonprosocial behavior, 45–65 mo olds, 17037
reasoning/remembering dependencies in short term memory, kindergartners & 2nd graders, 30417
recall vs comprehension vs perceived importance of self knowledge via social feedback vs self observation vs social comparison, preschoolers vs 1st vs 3rd graders, 11831
recency & story content, development of moral reasoning, 4 vs 7 vs 11 yr olds vs college students, 11694
reciprocity in toy sharing, 29–36 mo olds, 14181
reflection-impulsivity & activity level & sex & personality, prediction of behavioral impulsivity, 43–79 mo olds, 14007
reflectivity style, performance on matching figures vs object-manipulation vs picture-pointing grammatical comprehension tasks, 4.5–5.5 yr olds, 14104
relationship between scores on sensorimotor integration & tactile sensitivity & gross motor skills tests, preschool age children with vs without mild developmental delays, 8406
relationships between gesture & language during acquisition of each, 2 yr olds, 11732
relative number judgments of small vs large number displays with vs without perceptual aids, 5–6 yr olds, 11728
reliability & correlation of ethnic attitude assessment measures, 2.6–6 yr olds, 8427
reliability of Kaufman Assessment Battery for Children vs PPVT, 38–64 mo old Black Head Start children, 26987
responses to different types of questions, low vs middle SES 3.5–5.2 yr olds, 27773
responses to distress in agemates in daycare setting, disadvantaged abused vs nonabused 1–3 yr olds, 25652
restrictive vs permissive environment, thoughts & attitudes, preschoolers & 6–7 & 9–14 yr olds, China vs Sweden, 27839

revised norms for Junior South African Individual Scales, assessment of intelligence, 3–7 yr olds, 2875
revision & extension of Phatak Draw-a-man Scale for Indian Children, assessment of mental age & IQ, 2.5–16.5 yr olds, India, 2936
revision of vocabulary items in language test, 4–11 yr olds, 9152
roadside simulation of road crossing, road crossing training, 5–10.5 yr olds vs young adults, 13996
robustness of gesture vs speech development modalities, speech delayed vs nonhandicapped 11–33 mo olds, 31106
role of cognitive manipulation processes in serial ordering, 3–5 yr olds, 30475
role of family, pathogenic personality development, mentally retarded mute 4 yr old female & her parents, 1332
role of father, identification process, children from birth through 3 yrs, Zaire, 30529
role of function in conceptual development, 3 vs 5 vs 7 yr olds, 6288
role of memory & strategies, solution of length-transitivity task, 4 vs 5 yr olds, 27785
role of visual perception in early lexical acquisition & verbal role play, blind vs sighted 9 mo to 3.4 yr olds, 9885
role switching & difference rule training, development of referential communication skills, kindergarten students with mean age of 5.8 yrs, 3667
rounded vs unrounded vowels & speech development, perception of fricative consonants, 5–5.9 vs 7–7.9 vs 18–33 yr olds, 19236
routine physical examination, development of cognitive & linguistic & social skills, preschool age children, 11693
rule guided vs stimulus driven judgments of liquid inequality, 3.3–3.9 vs 4–4.5 vs 4.6–5.2 yr olds, 22335
rules used for interpretation of "big" & "little", 3.2–6.2 yr olds, 14088
same- vs mixed-age groups, social & task behaviors, 3–8 yr olds, 14171
scenarios involving social rejection vs broken social engagement, anticipated affect & communication of true reasons for action, 5–12 yr olds, 14213
school bus kidnapping & posttraumatic emotional sequelae, 5–14 yr olds, 5–13 mo followup, 28268
school bus kidnapping experience, posttraumatic emotional problems & misperception, 5–14 yr old victims, 6951
seductive mother-daughter vs mother-son relationships, mothers & their 24–42 mo olds, 22490
self attributions about naturally occurring prosocial behaviors & frequency of prosocial responding & moral judgments, 47–63 mo olds, 9275
self concept, school readiness, 4–6 yr olds, 6385
self instruction skills training, generalization to proximal & distal problem solving tasks, 4 & 5 yr olds, 900
self-reference orienting task as encoding activity, free recall of trait-descriptive adjectives, kindergarten & 1st & 4th grade students, 3632
self regulatory functions of private speech, 3.5–6 yr olds, support for L. S. Vygotsky's theory, 16940
semantic concepts, grammatical organization of sentences, 4–5 yr olds, conference presentation, 14041
semantics, classification of typical vs atypical category words, 5 yr olds, 6287
sentence variation task, development of concept of truth-functional negation, English-speaking 3–6 yr olds vs Korean-speaking 4–5 yr olds, 25108
separation from mother during birth of sibling, behavioral & physiological responses, 22–60 mo olds, 9279
seriation training, kindergartners, 22322
SES & conservation training, performance on Piagetian conservation tasks, 4–6 yr olds, 910
SES & severity of parental psychopathology, cognitive & emotional functioning, children of mothers with vs without psychiatric disturbances followed from birth to 4 yrs of age, longitudinal study, 20337
SES based on parents' educational levels, classification & free recall, kindergartners & 1st graders, 19798
setup of partitions during play, referential speech to playthings & verbal communication, 4–9 yr olds, 22370
sex & developmental level, dichotic listening performance, 5–6 vs 11–12 yr olds vs adults, 3619
sex differences, trust in peers, kindergartners vs 2nd vs 4th graders, 27874
sex differences, types of toys requested from Santa, 3–5 yr olds, 17020
sex role adoption & field independence, 4–15 yr olds, 9302
sex role attitudes, divorced & working vs married & working vs married nonworking females & their 3–6 yr old children, 17182
sex role behaviors, 4–12 yr old female vs male same-sex cotwins vs female-male twin pairs, 16575
sex typing of occupations, kindergartners vs 4th graders, 3685
sexual stereotyping, ratings of competence of individuals whose sex was consistent vs inconsistent with gender occupational stereotype, 61–78 vs 79–95 vs 96–114 mo olds, 17023
shared experience with vs without previous knowledge, social role taking competence, 4 vs 7 vs 11 yr olds, 966
significance of peer relations for intellectual & social development, young children, 27879
similar vs dissimilar experience as peer, empathy, preschoolers, 17011
simplified phonetic vs visual spellings, word identification & learning & letter recall, kindergartners with different reading ability levels, 14028
simultaneous parent-child training programs, communication & parent participation & child behavior, 26–30 yr old parents & their children with mean age of 4 yrs, 15457
simultaneous vs successive information integration & performance on Piagetian tasks, male & female 4.9–9.1 yr olds vs male preschoolers vs 2nd vs 5th graders, Canada vs India, 30459
single subject methodology, assessment of maternal satisfaction with psychological clinic-referred child, 7.3 & 3.4 yr olds & their mothers, 7163
single vs repeated massed vs spaced presentation of pictorial stimuli, free recall performance, 4–7 yr olds, 6329
size of box to be lifted or target to be hit with ball, decision time & self evaluation of ability, preschool age children, 27812
slide presentation vs videotape vs walking with guide, route learning, kindergartners vs 2nd graders, 3625
social & environmental deprivation, growth & development deficits, 3–6 yr olds, US vs Guatemala, 25146
social development stages, children from birth to 2 yrs old, 17094
social facilitation, laughter, 5–6 yr olds, 19881
social fantasy play & social competence, 35–69 mo old preschoolers in daycare centers, 967
social history, racial self identification, 4–6 yr old Black males vs females, 972
social perspective taking vs friendship vs self interest, prediction of persuasive appeals, kindergartners & 2nd & 4th graders, 25205
social situation, cognitive understanding of pretense behavior, preschoolers & 1st & 3rd graders, 17102
social skills training in school environment, social adjustment & academic achievement, preschool age children through adolescents, 26548
social status of objects & social imitative behaviors, triads of 2 yr olds, 27865
sociodemographic variables, employment status & perceptions of their 3 yr olds, mothers, 22455
sound, acoustic RT, 4–14 & 15–72 yr olds, 14010
sources of stereotyped attitudes about sex differences in emotionality, middle- vs working-class parents of 3–6 yr olds & college students & 2–4 yr olds, 9260
spatial concept development, understanding of spatial prepositions, preoperational 2–7 yr olds, 9249
spatial context, recall of items, 3–4 yr olds, 9190
spatial perception & coordination, 5–11 yr olds, replication of Piaget & B. Inhelder's 3-mountain task study, 9225
specific language delay, peer interactions, normal vs language delayed 3–5 yr old males, 22919
speech & cognitive & psychosocial development, 13–34 mo olds, 6243
speech-action coordination in hammering board task, 3 vs 4 yr olds, 896
speech rate, short term memory span, 3–4 vs 7–8 vs 10–11 yr olds vs adults, 3639
standardization of Bus Puzzle Test, assessment of development of expressive language & comprehension & shape recognition & spatial orientation, 1.5–4.5 yr olds, 142

standardization of Kimura's Recurring Figures Test, measurement of nonverbal memory, 4–18 yr olds, 5634
standardization of prone extension postural test, assessment of vestibular functioning, normal vs learning disabled 4–8 yr olds, 2901
state policy & service achievements, early childhood special education, 29385
stereotypes about sex differences in emotionality, male vs female 3–5 yr olds, 9261
stimulus control of coding responses, generalization of relational matching to sample, 3.5–5.5 yr olds & college students, 19832
stimulus rate, amplitude of auditory brain stem response deflection, 3 mo to 6 yr olds vs 23–36 yr olds, clinical implications, 28502
stories describing familiar transgressions vs word evaluation, perception of wrongness, 38–76 mo olds, 14202
strategic interaction & recursive thinking, comprehension of TV commercials, kindergartners vs 3rd vs 6th graders vs college students, 935
strategies used to interpret vague instructions, kindergarten students, 9236
structure of play context, narrative organization of fantasy play, 47–53 vs 57–65 mo olds, 22339
subject-auxiliary inversion in yes-no questions & non-inversion errors in wh-questions, 2.5–3 yr olds, 9175
success vs failure on skilled tasks, causal attributions & performance expectations, preschool & 2nd grade children, 25128
syllable structure, development of phonemic analysis & reading skills, 4–5 & 7–9 yr olds, 19863
symbolic & spontaneous play, normal 16–22 mo olds vs language impaired 32–49 mo olds, 1624
syntactic & interactive language development, 3.6 yr old language impaired male & normal female heterozygous twins, 2-yr longitudinal study, 31114
syntactic comprehension in verbal vs nonverbal token-assignment vs acting-out tasks, 3–4 yr olds, 9161
tangible vs social vs undefined reward, helping behavior, kindergarten vs 2nd grade males, 22373
task demands, drawing of model cup, 4.8–6.8 yr olds, 6230
task encoding load, development of seriation & ordinal correspondence & cardination tasks, kindergartners & 1st graders, Netherlands, 14054
task familiarity, conservation ability, 5 vs 7 vs 8 yr olds from pottery vs nonpottery making families, India, 27755
task requirements, attribution of life to inanimate objects, 4–11 yr olds, 9224
teaching method of L. F. Obuchova, performance on conservation & seriation tests, kindergartners, 22325
teaching programing of microcomputers, preschoolers & school age children, 13045
teaching task & cultural differences, interactional behaviors, American vs African mothers with their children aged 6–8 & 12–14 & 19–25 mo, 9397
temperament & behavior problems, 3 yr olds, 6356
temperament characteristics, behavior problems, 3 yr olds, 27838
temperament characteristics in 3rd yr of life & behavioral adjustment at school entry, preschoolers, longitudinal studies, 11801
temperament ratings during classroom vs mother vs teacher interactions, developmentally delayed vs Down's syndrome vs cerebral palsied vs audiovisually handicapped 7–35 mo olds, 6712
tempermental characteristics & mild behavior problems & family interactions, 3.7–4.4 yr old males vs females, 22399
temporal consistency & recent helpfulness of peers, trust, kindergartners vs 2nd vs 4th graders, 14199
test norms for Denver Developmental Screening Test, 2 wk through 6.5 yr olds, Philippines, 16371
test of stage model, development of causal attributions, kindergartners & primary school children, 19898
test-retest reliability of 3 auditory subtests of Goldman-Fristoe-Woodcock Auditory Skills Test Battery, 5.6–11.8 yr olds, 13527
thematic structure processing procedures, discourse relations in language development, French & English speaking 4–9 yr olds, conference presentation, 14050
thinking flexibility in verbal & nonverbal answers & cognitive development levels, preschool children, 25122
time- & intensity-dependent filtering of auditory brain stem responses, normal hearing 3–6 yr olds, 2811
time-limited group psychotherapy & children's play group, maternal behavior, mothers with borderline personality disorders & their 1–3 yr old children, 31423
time pressure & distance, duration & velocity & acceleration & accuracy of movements, 5–9 yr olds vs adults, 11764
tongue dorsum movements during speech, 3.3–11.5 yr olds, 934
topic manipulation during conversation, dyads of 5–5.9 vs 9–9.9 vs 22–26 yr olds, 963
toy exploration with parents vs experimenter & mother-child interaction, individual differences in exploratory behavior, high- vs moderate- vs low-exploratory 3–6 yr olds, 9291
toys & representational play, infants to 6 yr olds, Senegal, 962
traditional vs table-talk placemats, family interactions in restaurants, families of 3–5 yr olds, 18026
training & instruction, acquisition of communication skills, 4–5 yr olds, 19781
training by labeling, visual search & perceptual transfer, 5 yr olds, 17002
training in logical foundations vs number skills, development of logical operations & number, middle-class preschool children with mean age of 4.5 yrs, 9165
training in talking up & incidental teaching procedures, child-initiated language, child daycare center workers, 7763
training on length &/vs number discrimination, conservation, 3.5–4.5 yr old nonconservers, 3674
transfer of knowledge in solving 2 similar problems, 5–6 yr olds, 11736
transformation from concrete to abstract & abstract to concrete thought, 4–7 yr olds, 6306
trimeprazine tartrate, severe waking problems, 1–2 yr olds, 31533
tutoring of sibling vs unrelated peer, tutor's & tutee's behavior, preschool & school age children, 25207
TV commercials, delay of gratification, kindergartners, 25182
TV viewing & family life, prediction of beliefs & aggression, 4 yr olds, 3746
type of adult model's description & visual presentation of toy interactions, paired associate learning, 4.9–5.3 mo olds, 14125
type of child-resistant reclosable container, ability to open container, 24–41 vs 42–51 mo olds vs 61–65 vs 65–75 yr olds, implications for accidental poisoning prevention, 1813
type of misconduct, evaluation of mother's disciplinary technique, 4–18 yr olds, 9331
types of role enactment & object ideation & solitary vs interactive behavior & metacommunication, triads of preschool males, 999
typology of verbal explanations in mother-child interaction, mothers & their 18–36 mo olds, 22271
understanding & use of Euclidean spatial relationships, 4–6 yr olds, 25152
understanding of adoption, adopted 4–14 yr olds & their mothers, implications for adoption revelation, 6226
understanding of comparative sentences, 4–7 yr olds, 25075
understanding of sentences describing familiar vs impossible vs possible but unfamiliar events, 4–8 yr olds, 899
understanding of social roles of doctors & patients, 4–5 yr olds, 17052
understanding of spatial points of view, correct comprehension & production of I/you pronouns, 2 yr olds, 9205
understanding vs reproduction of order of meaningful sequences, 20 vs 24 vs 28 vs 36 mo olds, 25129
use of & preference for vertical vs horizontal lines in drawing, 3–7 yr olds, 9219
use of causal connectives in conversation, 3.5–9.5 yr olds, 19834
use of concatenation & deletion in combination of elementary terms, 2 yr old female, 9193
use of covariation vs frequency information, dispositional attributions, kindergartners vs 1st vs 3rd vs 5th graders, 14154
use of Denver Developmental Screening Test, language development, 11 mo through 6 yr olds, Nigeria, 16354
use of different cues & strategies in area matching, 4–5 yr olds, 11767
use of Hollingshead's SES indices & interrelationships among contemporary SES indices & cognitive development, 12–42 mo olds, 24232

use of lexical vs internal vs external consistency standards for evaluation of passage comprehension, 5 vs 7 vs 9 vs 11 yr olds, 9146
use of linguistic resources & communicative skills, realization of social roles, preschool age children, 3744
use of matching vs objective rules, intentionality judgment of action outcomes, 2.8–12.2 yr olds, 14105
use of motion information in perception & description of metaphoric similarity, 5 vs 7 vs 10 yr olds vs college students, 9170
use of naturalistic observation method utilizing "superperson suit", assessment of altruism, children with mean age of 5.7 yrs in day care center, 5579
use of "right" & "wrong" in verbal reinforcement, correlations & rate of response, kindergarten children, 3670
use of rules in production & interpretation & judgment of notations during encoding & decoding, 3–11 yr olds & college students, 16924
use of sign language, facilitation of speech development, 3 yr old dysphatic male, 28387
use of syntactic & semantic information in interpretation of proper & common names for unfamiliar objects, 2 yr olds, 9182
use of syntactic vs semantic denials, 4–5 yr olds, US vs Japan, 16907
use of threats in discourse, preschoolers & kindergartners, 11785
use of Token Test For Children, identification of language deficits, 3–6 yr olds in preschool programs, 5370
use of transparency solution to partial occlusion in drawings, 5–7 yr olds, 3626
use of WPPSI, identification & prediction of reading disabilities, 5 yr olds at risk for learning disabilities, 13170
validity & reliability of procedure for phonetic transcription by consensus, speech sounds & errors, 3–6 yr olds, 97
validity of developmental scale for seriation, kindergartners & 1st–2nd graders, 27020
variability of lower lip & jaw movements, 4 vs 7 vs 10 yr olds vs graduate students, implications for development of speech motor skill, 19857
verbal creations, 4–6 yr olds, 9147
verbal cues, response to drawings of activities in present progressive vs past tense, monolingual vs bilingual 5–6 yr olds, 16914
verbal cuing &/vs modeling of affectionate behavior, free play affection & aggression, 4–4.5 yr olds, 27817
verbal mediation of impulsive responses, kindergarten students & 1st graders, 11722
verbal rationales &/vs modeling adjuncts, child compliance, mothers of 3–4.5 vs 5.5–7.5 yr olds, 9271
verbal vs actual behavior & moral development, preschool age children, 882
verbal vs nonverbal communication during conflict situation, preschoolers vs kindergartners vs 2nd graders, conference presentation, 30494
verbal vs verbal-pictorial material, speech comprehension, preschool age children, 3668
verbalization, imitation of aggressive vs nonaggressive behaviors, 5–6 yr olds, 16852
vertical structure of adult-child discourse, production of multiword utterances, 1.5–2.1 yr olds, 19854
vicarious punishment or reinforcement, time spent on imitative play, 4–12 yr olds, 11717
videotaped visual stimulus, identification of synthetic speech syllables, 4.8–6.8 vs 18–38 yr olds, 9208
vision testing with vs without plastic letters, occlusion, 18 mo to 4.5 yr olds, 19805
visit of Black Santa, beliefs about race of "real" Santa, Black vs White 49–73 mo olds, support for cognitive developmental theory, 6263
visual display of number sequence, number judgment, 4 yr olds, 6311
visual novelty preference at age 7 mo, prediction of estimated IQ at age 3 yrs & later IQ & recognition memory, 5 yr olds, 30429
visual vs auditory presentation of events on TV, recall of temporal sequence of events, preschoolers, 11740
visuospatial factors in denomination & copying & reproduction from memory tasks, 4–7 yr old females, 3617
word order awareness, reading readiness, 1st graders vs 5–7 yr olds, 9156
word reading & picture recognition task, event related brain potenials, 5–6 vs 20–32 yr olds, 30077
words presented with vs without environmental context, ability to read words, preschoolers, 3629
2- vs 1-parent family, gender identity & sex roles & toy choices, male vs female children, 25171

Preschool Education

age & educational intervention program & IQ, test taking behavior, low income 4–5 yr old Mexican Americans, 27774
artistic & aesthetic development, 4–6 yr olds, implications for early childhood education, 7940
attitudes toward childhood argument & use as social skills learning experience, professional vs unprofessional vs nonprofessional early childhood teachers, 21266
attitudes toward guidelines for 4 & 5 yr early childhood education teacher programs, teacher trainers, 21259
auditory assessment, visually impaired preschool age children, implications for preschool special education, 22962
Bereiter-Engelmann vs DARCEE vs Montessori vs traditional prekindergarten preschool education, academic achievement & IQ, low income Black Ss followed through 9th & 10th grades, 10728
bilingual Montessori program, language development, Mexican American 3–5 yr old preschool students, 15756
budget & program planning in early childhood special education, 29342
curriculum suggestions for aiding transition from preschool to kindergarten, implications for parental involvement, 29337
design & dissemination of Early Childhood Education program evaluation & maintenance of political support & development of ethnographic resources, 23688
early education, subsequent school adjustment, 2nd graders, 26520
early educational intervention program & individual differences, cognitive development, 4 yr olds identified before birth as at risk for developmental retardation, longitudinal study, 10822
education, preschool age children, Denmark, 23766
educational activities involving use of child's name, preschool students, 21334
ethnic origin & gender & home environment, academic achievement, Black vs White preschool age children, UK, 32047
evaluation of home-based early learning project for dissemination of ideas on child care & development, parents of young children, 13050
evaluation of institutions for preschoolers, England & Scotland & Wales, 29255
factors affecting preschool attendance, preschool age children, New Zealand, 7895
full-day/alternate day vs half-day/every day kindergarten program & IQ & age & sex, cognitive & language development, 50–71 mo olds, 21295
funding & philosophy & services & population served & parental involvement & staffing practices & standards & governance, private vs public early special education programs, 29364
Head Start/Title I vs learning-to-learn program participation from nursery school through 1st grade, academic achievement & educational placement, Black 4th graders, 2-yr longitudinal studies, 32038
historical perspective of parent education & relationship to early childhood education, 15794
implications of 1981 Education Act, special education services & family involvement & integration into regular programs, preschool age children, England, 15887
issues & trends regarding role in development of play curriculum, teachers, 21304
judicial & legislative decisions influencing preschool programs, prevention of academic failure, handicapped children, conference presentation, 10821
kindergarten personal task management program, perceptions of teacher vs learner roles, 2nd graders, 29228
legal aspects of early childhood special education, 29373
marketing techniques, early childhood programs, 29174
models of administrative leadership, administrative repertoire appropriate for early childhood special education, 29145
multiple models for administrator preparation in early childhood special education, 29163

multiple roles of preschool special education administrators, literature review, 29160
National Foundation for Education Research "My World" preschool program, rate of development, normal 4 yr olds, 15741
noninstructional concept learning, later knowledge acquisition in school, preschoolers, 11679
parental request for special classroom treatment, personal & legal & employment & social theory & ethical issues for educators, 4 yr old male, 29311
planning for effective inservice education for preschool special education teachers, 29162
poetry as part of daily curriculum, preschool education, 7915
poverty & maternal role in early childhood education, 5220
preparation for working in child day care & kindergartens, adults, Hong Kong, 23656
preschool education, school achievement, 2nd & 3rd graders from low income families, followup study, 18576
preschool or kindergarten, subsequent academic achievement, students, 29290
preschool participation, IQ & social competency & school readiness & self concept & physical ability, educationally advantaged children in preschool & kindergarten, longitudinal study, 7909
preschool reading instruction, 5266
preschool special education, Hungary, 8054
programs, compliance & self control & discipline, young children, implications for daycare, 29319
rationales for providing nursery education, 2–5 yr olds, United Kingdom, 23742
role analysis, teaching process in early childhood education, teachers, 10678
SES & family composition & other factors, utilization of health & education services, children from birth to 5 yrs, New Zealand, 31584
single father families, implications for early childhood educator's curriculum, 29177
state policy & service achievements, early childhood special education, 29385
teacher-parent interaction, linkages between preschool handicap classrooms & homes, 15867
teaching strategies, preschool education, 7911
temporal importance & duration of frequency of activities in nursery classes, privileged vs nonprivileged children, Belgium, 18588
training plan for involvement & participation in preschool handicap programs, parents, 10818
value of play & effects of cognitively oriented nursery curriculum on disadvantaged children's intellectual & cognitive achievement, 11706
work of P. Smith Hill, implications for preschool education, 7897
working class play groups as alternative to nursery education, 13040

Preschool Students [See Also Nursery School Students]
adult vs peer presence, social cognitive aspects of play behavior, 3 & 4 yr old preschool students, 10788
affective characteristics, prediction of preschool achievement, female vs male 3.11–4.11 yr old children of migrant workers, implications for preschool program planning, 23779
age & sex, social participation & playmate selection, preschool & kindergarten & elementary students in mixed-age experimental program, 2485
alternatives to manipulative management for helping children develop self control during transitions, early childhood educators, 18553
attitudes toward persistence vs help seeking in solving difficult problems, elementary school teachers vs preschool students vs kindergartners vs 1st graders, 26609
auditory assessment, visually impaired preschool age children, implications for preschool special education, 22962
bilingual Montessori program, language development, Mexican American 3–5 yr old preschool students, 15756
child-centered developmental model of parent-teacher conference, handicapped & normal & gifted preschool & elementary school students, 21328
classroom-based social skills instructional program, severely handicapped preschool students, 8077
compliance & noncompliance during school activities, preschool students, Taiwan, 26621
components of precrisis curriculum for providing stress immunization to hospitalization, healthy nursery & elementary school children, 29234
concurrent validity of Daberon screening tool, judgment of preschoolers' abilities, preschool teachers, 29463
concurrent validity of WPPSI, Mexican American 53–66 mo olds enrolled in Head Start Program, 13228
deficiencies in standardization sample, age related differences in data on Stanford-Binet Intelligence Scale, children under 6 yrs old, test of R. L. Thorndike's hypothesis, 21466
definition & performance-based assessment of social competence, handicapped preschool students in special education class, 18707
development & implementation of nursery school program for bridging generation gap, children & nursing home residents, 18582
educational activities involving use of child's name, preschool students, 21334
educational placement, graduates of preschool programs for handicapped, 8056
empathic & helping & altruistic behaviors toward handicapped peers, 4–5 yr old nonhandicapped preschoolers, 15822
ethnic origin & gender & home environment, academic achievement, Black vs White preschool age children, UK, 32047
evaluation methods for preschool students, teachers in daycare centers, 26716
experience with environmental print, context-free word reading skill, 2–5 yr olds, 32065
experiences following death of student, preschool teachers & their 3 yr old students, 5314
guidelines for conversation & speaking with young children in educational environment, adults, 21293
health education curriculum, learning & health-related behavior, preschool age children, 18587
integration with handicapped classmates, development, nonhandicapped preschoolers, 2525
intergenerational activities, nursing home residents & preschool & high school students, 31682
issues & trends regarding role in development of play curriculum, teachers, 21304
item reliability & interrater reliability, short form of Teacher Temperament Questionnaire, preschool teachers & 3–6 yr old students, 8115
method for improving mathematical skills, poor & minority & low-ability preschool & elementary school students, 26512
microcomputers in education, 3–5 yr olds, 5211
observations of facilitative play with Barbie vs traditional baby dolls, female preschool students, 23728
parent training program to encourage independent problem solving, mothers & their language delayed or disordered 3.3–4.9 yr olds, implications for language development & social adjustment, 15899
peer initiation intervention, classroom social interaction, handicapped & nonhandicapped preschoolers, 23752
peer interaction within classroom setting, preschool & kindergarten & elementary school students, literature review, 2468
perception of aggressive behavior of 3–5 yr olds, parents vs teachers, implications for early intervention & parent-teacher communication, 26607
preschool mental health intervention following murder of mother & child in community, grief & anxiety & fear, preschoolers & their parents & teachers, 32167
preschool participation, IQ & social competency & school readiness & self concept & physical ability, educationally advantaged children in preschool & kindergarten, longitudinal study, 7909
prevalence of school refusal & school-related fears, 3–14 yr olds, Venezuela, 13102
printed writing prompts, handwriting legibility, preschool age children & 2nd graders, 18596
procedures for development & implementation of curriculum for shaping functional skills, profoundly & severely mentally retarded preschool students, 8073
professional & parental involvement in orientation & mobility training & relationship to other curriculum areas, visually handicapped preschoolers, 29366

psychomotor & language training, preschoolers, Brazil, 5207
relationship between verbal skills & social competence, 4.8–5.4 yr olds with Downs syndrome & other handicaps, teaching implications, 18689
reliability & validity of English & Spanish editions of Cooperative Preschool Inventory, measurement of achievement, monolingual English- & Spanish-speaking Hispanic 4 yr olds in remedial education, 13210
repeated practice technique & social reinforcement, acquisition & maintenance of basal preprimer & organic words, preschool students, 10-week followup, 26555
resource material for development of motor & sensory & cognitive & communication skills, visually handicapped preschool age children, bibliography, 23846
Retrieval & Acceleration of Promising Young Handicapped & Talented Project, identification & education, gifted handicapped 3–5 yr olds, 10810
role in care of preschool age children, school psychologists, 5189
self instructional training, disruptive behavior, preschool students, criticism of D. C. Billings & B. H. Wasik's study, 23731
self instructional training, disruptive behavior, 4.2–4.8 yr old male preschoolers, replication of P. Bornstein & R. Quevillon's study, 23729
separation stress, 2.9–5 yr olds transferring to new school, 2462
sex differences in classroom interactions, female & male teachers & their 3.8–4.1 yr old pupils, 29306
short term program of cognitive stimulation tasks, cognitive ability, 4–5 yr old preschool students, 5212
social comparison exchanges, 3–5 yr old preschoolers, 2458
social interactions in mainstreamed classroom, mentally retarded & physically & sensorily handicapped 22 mo to 5.9 yr olds, 18724
social toys in teacher-mediated comprehensive treatment, social play, handicapped & nonhandicapped 30–66 mo olds, 2527
social vs isolate toys, interactions & play, mentally retarded & Downs syndrome & nonhandicapped 3–5 yr olds in integrated vs nonintegrated groups, 5321
sociometric testing, peer interactions, 3.1–5 yr old preschool students, ethical implications, 2568
Stanford-Binet vs McCarthy Scales of Children's Abilities vs WISC-R, achievement prediction, Mexican American children assessed at 3 & 4 & 7–9 yrs of age, 26702
strategies of social acceptance, popular vs controversial vs rejected vs neglected preschool students, teaching implications, 18644
suggestions & techniques for singing folk music, preschool students, 23741
teacher characteristics & presence, choice of activities, male vs female 3–6 yr old students, West Germany, 26610
teacher-rated vs observed social behavior in classroom vs small group room, 35–73 mo old students, 18639
teacher vs peer reactions to play style, 24–30 mo old male vs female students, 18640
teacher vs peer vs behavioral measures & attachment history & preschool classroom environment, peer competence, 4–5 yr olds, 15842
temperament & school achievement, 3–7 yr olds referred for developmental assessment with vs without diagnosis of learning or behavior problems, 26578
traditional vs current approaches to writing education, 5 yr olds, 10709
usefulness of Inferred Self-Concept Scale vs Behavioral Academic Self-Esteem Scale, measurement of self esteem, preschoolers, 2570
validity of instructional sensitivity of Objectives-based Motor-skill Assessment Instrument, assessment of effect of motor skill training, 30–65 mo olds, 13227
validity of Woodcock-Johnson Psycho-Educational Battery & Stanford-Binet Intelligence Scale, Black 3.3–6.1 yr old preschool children, 5356

Preschool Teachers
alternatives to manipulative management for helping children develop self control during transitions, early childhood educators, 18553
attitudes toward suitability & professional practice & administrative capabilities of males in early childhood education, males & females working in early childhood education, 13010
beliefs about how learning occurs & educational priorities & teacher-student relations, kindergarten & elementary school teachers, 15688
concurrent validity of Daberon screening tool, judgment of preschoolers' abilities, preschool teachers, 29463
educational attitudes, overt childrearing practices, female nursery school teachers, 23722
effects of sex role behaviors, male preschool & primary school teachers, literature review, 1970–82, 2365
evaluation methods for preschool students, teachers in daycare centers, 26716
issues & trends regarding role in development of play curriculum, teachers, 21304
issues of pedagogic authority & knowledge base in movement toward professionalization, early childhood educators, 29156
item reliability & interrater reliability, short form of Teacher Temperament Questionnaire, preschool teachers & 3–6 yr old students, 8115
organizational issues, stress, male vs female preschool & kindergarten vs elementary school teachers, 2358
perception of aggressive behavior of 3–5 yr olds, parents vs teachers, implications for early intervention & parent-teacher communication, 26607
preferences for specificity level in written recommendations in school psychological reports, Head Start teachers & aides with median ages of 37.5 & 30 yrs, 13022
preschool mental health intervention following murder of mother & child in community, grief & anxiety & fear, preschoolers & their parents & teachers, 32167
ratings of severity & need for referral & long term outcome & stability of behavior problems & aggression & hyperactivity & withdrawal in described 3.5 & 5.5 yr olds, preschool teachers with mean age of 34 yrs, 5195
role analysis, teaching process in early childhood education, teachers, 10678
role functions & interpersonal perceptions involving potential conflict between mother & teacher about mother's child, mothers of preschoolers & preschool teachers, Japan vs US, 21249
self report & ranking of teaching strategies, reading education, teachers of kindergarten through 7th grade, 15754
sex & age & education level & geographic location, preferences in play materials, 15–61 yr old preschool center personnel & teachers, 2346
strategies of social acceptance, popular vs controversial vs rejected vs neglected preschool students, teaching implications, 18644
teacher-rated vs observed social behavior in classroom vs small group room, 35–73 mo old students, 18639

Presenile Dementia [See Also Alzheimers Disease, Picks Disease]
auditory-verbal vs visual-spatial task, selective reminding, 54–88 yr old in- & outpatients with senile vs presenile dementia of Alzheimer type vs multi-infarct dementia, 20569
clinical pathological findings, presenile dementia with motor neuron disease, adults, Japan, 20564
flash & pattern visual EPs, 51–73 yr olds with presenile dementia vs affective disorders, implications for diagnosis of presenile dementia, 15013
human lymphocyte antigens, 45–89 yr old patients with senile vs presenile dementia of Alzheimer's type & their family members, 23024
left handedness, dementia patients with age at onset below vs above 65 yrs, criticism of study by B. Seltzer et al, 25809
Left handedness, dementia patients with age at onset below vs above 65 yrs, reply to criticism by E. D. Drexler et al, 25925

Preservice Teachers
academic self concept, undergraduate vs graduate special education vs non-special education majors, 31974
anxiety about teaching & learning to identify minerals & rocks in geology course, preservice college teachers & students, 29120
anxiety about teaching science, preservice elementary science teachers, 26510
assessment of lesson plans & teacher performance, preservice teachers & administrators, implications for teacher training programs, 26496
consistency of clinical diagnosis of reading disabilities, reading specialists vs graduate students, 8142

factors predictive of choice of regular vs special education teacher training, college students, 31978
goals & content & evaluation strategies of a psychological training program, preservice science teachers, 21276
grouping by formal reasoning ability, science content achievement & formal reasoning ability & learning environment & relationships between individuals in group, preservice elementary teachers in science laboratory, 21269
indirect & direct mentoring of gifted talented creative students in initial student teaching practicums, preservice teachers, 13142
interpersonal values & critical thinking ability, preservice professionals in elementary vs special education vs speech therapy, 31976
on-campus laboratory experiences vs classroom placements, perception of creative pupil, students in elementary education teacher preparation program, 10675
perception of school psychologists, preservice vs experienced elementary vs junior high school teachers, 21280
perceptions of reading courses at undergraduate level, preservice teachers, 12988
prerequisites for state certification, preservice teachers, implications for mainstreaming effectiveness, 2342
self esteem, college physics students in inductive vs deductive preservice teacher education course, 26616
smoking behavior, male vs female prospective teachers, Nigeria, implications for health education & smoking abatement campaigns, 10676
special education classroom experience, ability to work with handicapped, preservice elementary teachers, 29139
special education classroom experience, attitude toward mainstreaming before vs after student teaching experience, preservice elementary school teachers, 12999
theoretical &/vs situational knowledge of elementary reading instruction, estimation of readability of materials, preservice vs inservice teachers, 5197
traditional vs Concerns Based Adoption Model science methods course, attitudes or concerns about teaching science, preservice elementary teachers, 21273
traditional vs new education program, perceived needs & proficiencies, student teachers, 29150
Pressoreceptors [See Baroreceptors]
Pressors (Drugs) [See Vasoconstrictor Drugs]
Pressure Sensation
continuous recording technique, measurement of intracranial pressure, awake cats, 16239
morphine vs naloxone vs pain, physiological characteristics of pressure immobility, rabbits, 11532
Prestige (Occupational) [See Occupational Status]
Pretesting
presence of response-shift bias, relative power of 5 methods of analysis, 11205
regression suppression conditions, emergence of weighted change score composite, 11215
statistical methodologies of J. R. Terborg et al vs N. Schmitt vs R. W. Zmud & A. A. Armenakis, assessment of group-level beta & gamma change between pre- & posttest measures, 8456
Pretraining (Therapy) [See Client Education]
Prevention [See Also Related Terms]
active participation by audience & actors in imagery of theater, drama as preventive therapy, 27700
age & social class & previous breast problems, knowledge about breast cancer & breast self examination, 16–64 yr old females, Scotland, 7185
alcohol & drug education programs, prevention of delinquency, 23768
alcohol education programs, prevention of fetal damage, school children & adolescents, 15762
alcoholism as term lacking in clarity, implications for prevention, 12245
attachment to socializing influences of family & school & peers, delinquent behavior & prevention, juvenile delinquents, 12239
attitudes toward innovative vs traditional approaches to juvenile delinquency prevention, community correctional program staff members, 26370
avoidance of crisis at Christmas, patients in therapy, 26033
avoidance strategies, rape, females aged 18 yrs & older who had avoided vs not avoided rape, 14765
back education, prevention of low back pain, employees doing manual labor, 24045
benztropine mesylate challenge vs brief neuroleptic withdrawal, tardive dyskinesia ratings & symptom measures, 25–65 yr old neuroleptic-treated psychiatric patients, implications for prevention of tardive dyskinesia, 10268
causes & prevention of suicide, elderly, 25651
community primary prevention services, alleviation of stress & adjustment, parents & their 0–5 yr olds, 12758
conceptual & clinical features of relapse prevention in excessive or addictive behavior patterns, 23606
cost-effectiveness analysis of religion vs health vs social studies curricula in educational drug abuse prevention program, 9th graders in parochial school, 5- & 9-mo followup, 21318
cost-effectiveness evaluation of Channel One as alternative approach to drug abuse prevention, youths, 20682
data collection of Project 12-Ways for measuring outcome of large in-home service for treatment & prevention of child abuse & neglect, conference presentation, 23106
development of smoking prevention program with short films, junior high school students, 13039
drug abuse prevention & control, developing countries, 31824
drug abuse prevention program, 11–13 yr old rural middle school students, 8130
drug abuse prevention research needs, American Indians & Alaska natives, 17657
drug use intervention model, 18375
duty to protect 3rd parties from potential patient violence, psychotherapists, 31904
early detection & prevention of infantile psychoses, conference presentation, 6863
early diagnosis & genetic counseling & phenotype prevention in Duchenne muscular dystrophy, 28396
ecological strategies of prevention & social structure, rural community development, Appalachia, 1027
education in preventive health behaviors, parents & children, 20979
epidemiology & prevention of suicide, adolescents, 14797
facilitation of coping & goals for drug use intervention, intervention agents & agencies, 18374
functional approach to drug use intervention focusing on functions associated with chemical substances, 23081
guidelines for prevention intervention with eating disorders, 31332
health locus of control, health values & preventive health behavior, college students, 12039
identification & treatment of potential child abusers prior to abusive action, literature review, 28565
incidence & categories & recipient characteristics & treatment & prevention strategies, abuse, elderly, 12248
individual & social systems & cultural beliefs & agreements in intervention strategy, prevention of child abuse, 10069
infant & early childhood development & adaptation & diagnosis & treatment & prevention of psychopathology, 4176
informational programs, prevention of alcohol misuse, college students, 7908
integration of evaluation into program development, alcohol abuse prevention programs, 15575
integration of various treatments for intervention, prevention of child abuse, infants at risk for neglect & abuse, 10076
knowledge & behavior regarding primary cancer prevention, White vs Black vs Mexican-American urban community residents, 20644
life events & stress & social support, child abuse & neglect, implications for prevention, 22827
medical approach to secondary alcoholism prevention, problem drinkers, France, 5034
mental health services & establishment of working alliance between service providers & parents, prevention of child abuse, 10405
minimum drinking age laws & prevention of alcohol abuse, US & Canada, literature review, 6558
models of factors that predict performing breast self examination & obtaining Pap test, 18–70 yr old females, 28081
money paid for marriage licenses, funding for community based family violence prevention programs, 18227

multidimensional model, prevention of psychosomatic disorders, 4454
opinions regarding etiology & prevention & treatment & responses to illness, 25–73 yr old mental health professionals with relatives with long-term psychiatric disorders, 31889
organization of psychological & pedagogical consultation service, USSR, 10415
parent-child communication about sexuality & family planning for prevention of unintended pregnancies & physician facilitation, adolescents, 22456
parent training based on social learning model, prevention of drug use, adolescents, 15243
Parent/Child Early Education Program, prevention of child abuse, high risk families, conference presentation, 20888
personal drug use & attitudes toward prevention, junior high school students living in high risk inner-city environment, 19765
pharmacologic prevention, recurrence of unipolar or bipolar disorder, conference presentation, 20928
politely stated message with appeal to internal/rule-governed control vs demanding & promising aversive consequence anti-theft message, theft of newspapers from racks, 12586
positivity of communication & intervention program for prevention of marital & family distress & assessment, premarital relationships, couples with mean age of 22.7 yrs, 1909
possibility of secondary prevention of anorexia nervosa, 23141
postindustrial society & mental health prevention, 26291
potential dangers & prevention strategies, client violence, social workers, 12965
prediction & communication of potential violence in patients, psychiatrists, implications for professional liability, 31856
prevention & environmental influences, affective immaturity, children & adolescents, 30549
prevention & treatment of panic attacks, military personnel, 17842
prevention of assaults on psychiatric inpatient hospital wards, 26325
prevention of dementia & Alzheimer's disease & depression, elderly, 15020
prevention of drug dealing in work environment, 5478
prevention of postoperative encopresis, children following surgery for vertebral lesions or anal malformations, 4868
prevention program focusing on development of personal & social competence, alcohol misuse, 7th graders, 29173
prevention programs & health & behavioral implications, cigarette smoking, adolescent females, literature review, 11676
prevention service delivery program despite economic cutbacks, abused children, rural US, 18208
prevention strategies, cigarette smoking, 7th graders, 13052
prevention strategy & case management program evaluation criteria, chronically mentally ill suicide attempters, 4954
problems that hinder reporting & investigation & preventive measures, patient abuse in public facilities, 2169
program for prevention of learning disabilities, 1st grade promotion rate, preschool age children & elementary school students, conference presentation, 12-yr longitudinal study, 26648
proposed rape awareness lesson guide, US Navy recruit & follow-on commands, 10946
relationship between school-based prevention activities & drug abusing behaviors, 9th–12th graders, 15789
research on prevention of delinquency, literature review of work conducted by Home Office Research Unit, UK, 31290
research strategies for substance abuse prevention, American Indian youth, 31065
role for psychiatrists in prevention of nuclear war, 12923
role in parent education & prevention of child abuse, school & day care teachers, 26470
role in preventing nuclear disaster through international network & effecting social change, psychotherapists, 26424
role in prevention of alcohol-related violence, physicians, 31840
role in prevention of torture, physicians, Third World countries, 31915
role of education in preventing of nuclear war, 23687
role of friends & relatives & neighbors as natural helpers in prevention of child abuse & neglect, at risk families referred by social workers, 28529
school group counseling program for prevention of drug abuse, adolescents, 2577
self help network & community-based youth center, diversion from delinquent activity, juveniles, 15413
smoking prevention program focused on skill development to resist social pressure, tobacco smoking, 6th–8th graders, 18570
social influences smoking-prevention program vs routine health education, smoking risk, 6th graders, 13029
social pressure resistance training program, prevention of tobacco smoking, adolescents, 23743
social systems & personal power, primary prevention of illness, 10048
socialization theory, design & evaluation of alcohol education programs, adolescents, 15724
societal changes & child abuse in childrearing, Nigeria, implications for prevention, conference presentation, 9792
solvent abuse community program, children under 16 yrs of age, Scotland, 5059
state & local legal provisions, drinking patterns in licensed drinking establishments, 20067
structure & implementation of Project 12-Ways, ecobehavioral approach to treatment & prevention of child abuse, conference presentation, 20867
survey of factors in child safety restraint use, 20–51 yr olds, 32210
symptoms & strategies for preventing & coping with burnout in community mental health settings, social workers, 31835
systematic intervention program, preventative coping skills for job stress & burnout, human service professionals, literature review, 21183
systems approach to community prevention, alcohol abuse, 7592
task approach to drug use intervention facilitating healthy growth & maturation, intervention agents & agencies, 23082
teacher education in generic primary prevention drug abuse program, male vs female 7th–9th graders, 5230
therapeutic contract & individual participation in issue of world peace & disarmament, 26064
traditional approaches to prevention & reduction of drinking & driving, 8162
truancy diversionary program, return to court, 13–15 yr olds referred for truancy violations, 8139
use of "Safe at Home" game, training in prevention & safety skills, 8–9 yr olds occasionally without parental supervision, 26544
utility model of preventive behavior & risk of illness or injury, 4552
voluntary community agency's use of drop-in centers & individual & group counseling in schools, pregnancy prevention, junior & senior high school students, 26299

Preventive Medicine

analysis & critique of prevention in child health, practitioners, 28545
behavioral community psychology, underimmunization of children, 12770
behavioral medicine, epidemiology & prevention & therapy for somatic disease, 1765
efficacy of health maintenance measures, aged, 12442
evaluation of free clinic providing preventive health education & counseling, 62–76 yr old female participants, 28872
expectations of periodic health examinations, adult patients at family medicine center, 18201
incentive effects of Social Security disability insurance benefits, individual demand for acute vs preventive health care, 58–63 yr old males, 18203
interactions with mothers & their children & time spent delivering nutritional & family planning education, nurses, implications for program planning needs, Papua New Guinea, 18200
issues of body's ability to govern itself & social domination in holistic health movement, 17845
models of factors that predict performing breast self examination & obtaining Pap test, 18–70 yr old females, 28081
preventive medicine course with regular physical exercise program, medical students, 15625
utility model of preventive behavior & risk of illness or injury, 4552

Pride

danger of nuclear holocaust, pride & narcissism, implications for psychiatry & religion, 9348
psychoanalysis & myths & literature as means of understanding nature of being human & need for harmony between self & world, 24119

Priests
concepts of healthy family functioning, family therapists vs Roman Catholic priests vs Southern Baptist ministers, 11919
ego identity & commitment age & recent life change stress, 27–34 yr old Roman Catholic professional men, 19922
objection to female ordination to priesthood & flight from maternal power, 27990
psychotherapeutic issues, Roman Catholic priests & religious, 28668
shared religious belief system as resistance in psychotherapy, priest psychologist & priest-client, 7233
Primacy Effect
primacy & recency effects, availability heuristic for judgment of category frequency information, college students, 8561
Primal Therapy
reanalysis of curative elements in primal therapy, implications for therapeutic techniques, 17925
Primary Mental Health Prevention
application of reform from psychiatric hospital to preventive psychiatry, France, 26319
cognitively & socially oriented program with emphasis on language, high risk for school failure & mild mental retardation, infants & children, longitudinal studies, 18710
concerns in prevention & training, mental health professionals, 4897
direction to visit preterm infant in neonatal intensive care unit weekly, frequency of independent visits & perception of infant & length of hospitalization, mothers, 10497
distribution & desirability of life events, 55–75 yr olds, implications for policy making in health intervention & prevention programs, 26288
diversity of high-risk research & clinical methodologies, design of preventive interventions, children of emotionally disturbed parents, implications for future research & intervention, 30934
effectiveness of Primary Mental Health Project, comments on report by R. P. Weissberg et al & meta analysis of controlled empirical data, 15424
family & church & school as components in meta-system for primary preventive interventions, 4917
family therapy & ecological model of family systems, development of preventive parenting skills programs, 4666
free preventive mental health information, self referrals, community mental health center clients, 2117
Impact Project, reduction of pathogenic impact, severely disturbed mothers & their 5–12 yr olds, 21023
issues concerning use of pharmacologic agents for long term preventive treatment, mood disorders, conference presentation, 20936
Learning to Live With Others program, practical knowledge & problem solving & human relations & conflict resolution skills, college students, 8110
mental health consultation, primary prevention in community mental health, administrators in religious community, 2081
mental health primary prevention program, Mexico, 10406
mental health system, prevention of mental health problems, female workers, 23394
model for prevention oriented research program, competence & mother-child relations, children of schizophrenic & depressed mothers, literature review, 20987
myths about primary prevention, psychosocial disorders, children, 7608
postindustrial society & mental health prevention, 26291
prevention intervention, adjustment, recently separated Ss, 30-mo & 4-yr followup, 18213
prevention of emotional problems, Native American children & adolescents, literature review, 7585
preventive psychiatry & mental health promotion on college campuses, 8101
preventive psychosocial intervention, distress & coping, newly diagnosed cancer patients, 23467
primary intervention program in human sexuality, contraceptive self efficacy, adolescents of Latin-American origin at high risk of pregnancy, 12754
priorities & perceived effectiveness & activities in primary prevention, 26–80 yr old clergy in rural environments, 15428
Program Development Quotient, evaluation of maturity & costs of primary prevention programs, policy implications, 2071
psychological service & counseling for prevention & early diagnosis of behavioral disorders & retardation & working with parents & child guidance clinics, kindergarten teachers, 8146
psychology & National Institute of Mental Health's funding of research in behavioral sciences, diagnosis & treatment & prevention of mental illness, 12209
psychosocial vs primary prevention models of school social work practice, work study programs, high school students, 23737
role of anthropologist, planning & implementation of mental health plan & research on health systems & conditions & service utilization, Brazil, 17875
school as agent for preventive mental health socialization, 12986
taxonomy of life experiences & changes, mental disorders, implications for primary mental health prevention, 20282
training for primary mental health prevention, 12888
Primary School Students
causes of scholastic failure & promotion of success, primary school students, 21363
environmental stress, academic achievement, Black 1st graders, 3-yr longitudinal study, South Africa, 15810
instructional program, reading & writing skills, primary school students with learning difficulties, India, 8090
Kamehameha Early Education Program, provision of culturally compatible educational experiences, low SES primary grade students, Hawaii, 21312
perceptions of classroom psychosocial environment, 3rd graders vs their teachers, 8013
play & hands-on approach, science instruction, primary school students, 7896
"schooling" socialization process, identity & behavior & mental health, Black primary & secondary & college students, 29316
Primary Schools [See Elementary Schools]
Primates (Nonhuman) [See Also Baboons, Chimpanzees, Gorillas, Monkeys]
acoustical & organizational features of song, agile gibbons, 5903
anatomical & functional structure of frontal cortex, rats vs human & nonhuman primates, literature review, 24658
animal behavioral studies, captive management, swamp deer & lemurs & drill, 24531
changes in parent-offspring relationships associated with birth, humans & other primates, 25051
color-opponent r–g units of X-cell pathway, spatial & spectral sensitivity, primates, 567
costs & benefits of inbreeding & kin recognition & inter-group transfer & sexual dispersal patterns, baboons & great tits & monkeys & gibbons & chimpanzees & wild dogs, 522
estimation of average coefficient of relationship between group members, Japanese monkeys vs other primate species, implications for theory of evolution of altruistic behaviors, 24565
functional role of neuronal activity of supplementary motor area, primates, 19527
functional specialization of premotor cortex, motor control, primates, literature review, 27414
grammatical structure & complexity of natural vocalizations, free-ranging primates, 5940
harassment during mating by other competitors, primates, 5926
incidence of female intergroup transfer & role of kin selection & avoidance of inbreeding, 59 primate species, 24602
inheritance of stereotyped vocal patterns & great-calls, hybrids of white-handed & pileated gibbons, 27232
injection of fluphenazine deconate, father & sibling responsiveness to infants, marmosets, 8985
mathematical model of apportion of altruistic behavior among kin group, removal of ectoparasites, primates, 24608
mother-infant separation and reunion, agitation & behavioral depression & detachment, orangutans vs gorillas vs chimpanzees, 24573
organization of singing behavior, adult male & female black gibbons, 24588
physical & behavioral characteristics, grooming interactions, primates, 24566
possible cerebral cortical circuitry for spatial memory, primates, 8815

postnatal optical & anatomical & physiological & behavioral development of vision, humans & nonhuman primates, literature review, 27327
premature ejaculation as evolutionary adaptation, primates & human males, 6576
responses to songs of solitary males & females & role of intrasexual aggression, regulation of monogamy, gibbons, 21969
role of allometry vs sexual-selection in species differences in sexually dimorphic body weight, 60 primate species, 24527
separation & disruption of attachment bond, biological alteration, nonhuman primates & humans, literature review, 20289
sexual activity & reproductive behavior & integration of new female, orangutans, 24594
"sound window" in rain forest, evolution of communication, primates, Kenya, 27321
species-specific song characteristics, male vs female hybrid gibbons, 24585
use of right vs left hand for touching of own face, monkeys vs apes vs right handed college students, 8771
vocal interactions & ooaa duet, lar gibbons, 24607
vocalization, apes & gorillas & other man-like primates, 502
vulnerability to predation, selection of nest sites, adult & adolescent orangutans, 3241
xylitol solutions, gustatory thresholds, primates, 29985
Printed Communications Media [See Also Books, Magazines, Newspapers]
audiovisual vs audio vs print channels of communication, memory of violent vs nonviolent news stories, male vs female 16–18 yr olds, 30376
career development, researchers for "The American Soldier" by S. A. Stouffer et al, 10564
close vs regular letterspacing & serif vs sans serif typefaces, readability of advertising copy, college students, 11021
development & dissemination of printed information about needs of handicapped, state & federal government agencies, 22998
evaluation of visibility & quality of human development journals, members of national psychological associations, France vs West Germany vs Great Britain vs US, 22288
experience with environmental print, context-free word reading skill, 2–5 yr olds, 32065
journals contributing most to management research & ranking by citations, 23986
order effects in film &/vs text, recall & social inference, college students, 24974
preconceptions of mental demands required by TV vs printed materials in learning, 6th graders, 3606
presentation of meaningful passages in print vs signed English vs American Sign Language, recall & preference & comprehension, hearing vs prelingual deaf 15–19 yr olds, 10819
printed media, fear of success, females, Australia, 16818
readability of health care literature, Great Britain, 28840
Printing (Handwriting)
remedial lessons, symbol reversals, 1st graders, 13079
size & case of typeface & string length & practice, performance on silent vs oral reading & skill transfer, college & graduate students, 375
stroke directions in printing, prediction of school readiness, kindergarten students, 2594
Prismatic Stimulation
adaptation to prism in presence vs absence of secondary cognitive task, college students, 21843
familial sinistrality vs dextrality, visual positioning adjustments to prismatic displacement & transfer of training, right handed female college students, 16645
hypnotically suggested arm anesthesia, adaptation to displacing prisms, college students, 19182
target movement & pursuit eye movements, visual shift in prism adaptation, college students, 5748
Prison Personnel
appraisals of inmate conduct regulations, medium-security federal prison staff vs inmates, implications for opposition assumption in prisonization concept, 28965
attitudes toward juvenile delinquency, practitioners vs nonpractitioners in juvenile justice field, 12269
attitudes toward legitimacy of inmate social protest, prison guards, 26361
inmate characteristics & involvement in homosexuality & reactions to solicitations & impact of sexual activities on employees, prisoners & correctional officers, 7707
negotiation of order, staff & inmates & former inmates of maximum-security prison, 26373
perceived job enrichment & goal characteristics, satisfaction & motivation & performance, penitentiary guards, 2683
perceptions of prisoner life tasks, prisoners vs penitentiary staff, Canada, 15533
purpose in life, stress & burnout & job satisfaction, correctional employees, implications for logotherapy, 15543
research findings & legal cases relating to female prison guards in male prisons, implications for generation of practical social science research, 20006
sex differences in personality & performance, 19–37 yr old correction officer recruits, followup study, 10933
work orientations & job satisfaction, female vs male correctional security officers, 29548
Prisoners [See Also Prisoners of War]
age, burnout & reduction in recidivism rates, adult criminal offenders, 2-yr followup, 26362
aggressive vs nonaggressive response sets, scores on MMPI subtle & obvious clinical subscales, 21–40 yr old male prisoners, 26975
analysis of violent crimes, prisoners, 1950's vs present, Brazil, 20419
antecedents of violent acts, 17–60 yr old male patients in prison hospital, conference presentation, 22873
appraisals of inmate conduct regulations, medium-security federal prison staff vs inmates, implications for opposition assumption in prisonization concept, 28965
assessment of heterosexual social skills, male rapists vs child molesters in prison, implications for rehabilitation, 20422
assessment of violence potential using measures of anger & hostility & social desirability, adult male prisoners, 8434
attitudes toward legitimacy of inmate social protest, prison guards, 26361
attitudes toward sex & sexual aggression in federal prisons, male prisoners, 28960
authoritarian personality & attitude toward authority & facism, male recidivist prisoners, 12844
career counseling & teaching methodologies, job & coping skills, incarcerated 14–21 yr olds, 21131
clinical & statistical prediction of recidivism, male inmates, 7718
clinical-behavioral vs self report measures of psychopathy, male prison inmates, 20280
corroboration of self reported alcohol consumption before & at time of offense, male prisoners vs their wives or cohabitees, 17633
court-ordered new trial in civil rights suit for wrongful death, mentally ill prisoner, case law, 14346
criminal & personal history & sexual preferences & arousal, social & sexual behavior, incarcerated male rapists vs hebephiles vs pedophiles, 28291
criminal situations as social dramas, inmates who committed crimes involving coercion, 25672
crisis intervention, family relations, prisoners & their children, 10528
crowding, suicide & violent & nonviolent death & assaults & psychiatric commitments & self mutilations, inmates in state prison, 28931
demographic background & length of sentence, type & site of suicide, male prisoners, France, 31071
development & features of severity scale for penalties, assessment of attitudes toward criminal justice & severity of death penalty vs other sanctions, prisoners vs police vs probation officers vs sociology students, Israel, 13599
development & validation of prison version of American Association on Mental Deficiency Adaptive Behavior Scale, adaptation of male honor-block vs protective custody inmates, corrections officers, 16369
dimensionality of locus of control construct, female prisoners, implications for prisoner rehabilitation, 28942
drama & theater techniques, treatment & basic educational skills, prison inmates & ex-offenders, 12841
excuses & reasons & justifications, convicted rapists, 9805
extensive group therapy vs vocational training, attitudes toward self & others, 19–24 male incarcerated drug abusers, 18340

friendship, adaptation to prison, female prisoners, 26365
group counseling program, problem solving skills & use of resources, 16–60 yr old retarded male inmates, 7715
history of psychiatric care, prisoners, Canada, 1950 to present, conference presentation, 31748
homosexual activity & attitudes based on participant observation, male prison inmate, Australia, 21114
hypnosis, drug & alcohol rehabilitation, prison inmates, 18382
incarceration & social & psychological factors & need for working-through process, "born again" experience, prison inmates, 6945
inmate characteristics & involvement in homosexuality & reactions to solicitations & impact of sexual activities on employees, prisoners & correctional officers, 7707
inmate classification system by E. I. Megargee, effectiveness in predicting institutional adjustment & recidivism, Black medium security inmates involved vs not involved in prison riots, 18355
intelligence, cognitive control, psychopaths & normal prisoners with mean age of 29 yrs, 6950
intervention program, emotional maturity & psychological adjustment, male work release residents with mean age of 29.4 yrs, 28952
interview observation ratings & achievement test scores & personality traits, prediction of success in behavioral ladder program, male prisoners, 28933
IQ & educational & family background, military paratroopers vs prison inmates with vs without tattoos, 4281
lawsuit against prison by mother of prisoner who committed suicide, case law, 15520
levels of violent & aggressive criminal behavior, 16–30 yr old psychopathic male prisoners, 14791
logotherapy, prisoners, 15528
mastery learning, history & government course in medium security correctional facility, prison inmates, 23576
mechanisms for dealing with complaints & grievances, prisoners, England & Wales & Sweden & Denmark, 4985
memory ratings vs observational scoring of videotaped behavior of participants in marital counseling sessions in correctional environment, 33–48 yr old inmate husbands & their wives, 31784
mental stress vs absence of physical love, sexual attitudes, male prisoners, 10513
Michigan Alcoholism Screening Test administration, inmates in prison hospital, 28972
MMPI characteristics & perceived problem solving abilities & violence & recidivism, Black vs White incarcerated males, 25641
model for clinical social work, incarcerated mothers, 2179
naltrexone treatment in jail work release program, drug addicted inmates, 23545
nationwide profile of substance involvement, female vs male inmates, implications for treatment, 17631
needs & characteristics & recommendations for community social workers, female prisoners, 23562
negotiation of order, staff & inmates & former inmates of maximum-security prison, 26373
pattern of preferences & concerns, male jail inmates detained 5 days or less, 7714
penile tumescence, classification & categorization & assessment of treatment, 19–37 yr old incarcerated rapists, 26369
perceptions of prisoner life tasks, prisoners vs penitentiary staff, Canada, 15533
personal control, adjustment to prison, inmates, 21107
personality & behavioral correlates, prerelease stress, inmates at minimum security coeducational correctional institution, 28957
predictive value of enuresis & firesetting & cruelty to animals, sex offenses, 18–68 yr old male incarcerated sex offenders, 17641
preferred interpersonal distance & violence & prediction of fights in prisons, prison inmates, 12-mo followup study, 23580
prevalence of epilepsy & relation to violence & seriousness of crime, male prisoners, 7145
prevalence of psychiatric morbidity, sentenced prisoners, 18338
procedures for decision making, release of prison "lifer", England, 15541
prosocial attitude & behavioral self control training, attitude & behavior change, criminal offenders in minimum security institution, 3-yr followup, 28978
psychiatric services, prisoners, Italy, 21118
psychodrama & role playing, correctional institution residents, 2194
psychological state & background variables, incarcerated female 1st offenders vs recidivists, 28956
psychometric examination, female prisoners, 4312
Quick Test vs WAIS-R, assessment of IQs, 19–43 yr old males in urban prison's psychiatric hospital, 2889
right to refuse medical & psychiatric treatment, jail inmates, case law, 3886
role in prevention of torture, physicians, Third World countries, 31915
routine use of Gough's Revised Dissimulation Scale & Wiener & Harmon's Obvious/Subtle subscales, supplement to MMPI validity scales, prisoners who simulate psychological problems, 13570
self image model for prison reform, adjustment, prisoners 16 yrs old & older, 18333
self report dimensions of psychopathology, alcoholics vs psychiatric patients vs prison inmates vs college students, 17408
situational reactions of hostility, primary vs secondary psychopaths vs conforming vs inhibited nonpsychopaths in offender patient psychiatric security hospital, 26352
situational variables & locus of attribution, excuses & justifications for acts of violence, 22–51 yr old male violent prisoners, 4305
social & cultural adaptation to federal prison, Mexican migrant inmates, 28944
support only vs psychodidactic intervention support group, facilitation of adjustment to prison life, female prisoners, 28971
systems approach & psychoanalysis & behavior therapy, incarcerated male pedophile, 28941
theory of male suicide while in police custody, 2183
use of benzodiazepines in correctional facilities, literature review, 21123
use of MMPI vs E. I. Megargee typology, prediction of violent behavior in medium security correctional setting, violence- vs non-violence-prone vs unclassified male inmates, 12831
use of Vocational Preference Inventory, 17–59 yr old incarcerated males, 2928
voluntary waiver of legal challenges to execution, prisoners facing death penalty, implications for competency & rights of 3rd party intervention, 9450
2-wk moral education programs, maturity of moral reasoning stages, 25–58 yr old male inmates of medium-security prison, 12830

Prisoners Dilemma Game
cooperation of S & target, attribution for target's cooperation in modified prisoner's dilemma game, college students, 4028
visual communication in Prisoner's Dilemma game, cooperation, rats, 24584

Prisoners of War
psychosocial & environmental factors, survival under extreme conditions, prisoners of war during World War II, 3761

Prisons
attitudes toward sex & sexual aggression in federal prisons, male prisoners, 28960
crowding, suicide & violent & nonviolent death & assaults & psychiatric commitments & self mutilations, inmates in state prison, 28931
deinstitutionalization of psychiatric patients, state prison population, US, 1968–78, 31819
demographic background & length of sentence, type & site of suicide, male prisoners, France, 31071
effectiveness of jail mental health programs, 18354
historical viewpoint of relation between technical activities & framework & goals of prisons, 18360
history & philosophy & current status of prison education, India, 26360
history & policies, prison work programs, 28974
lawsuit against prison by mother of prisoner who committed suicide, case law, 15520
mastery learning, history & government course in medium security correctional facility, prison inmates, 23576
models for legal disposition, mentally disordered offenders, 1578
negotiation of order, staff & inmates & former inmates of maximum-security prison, 26373
personal control, adjustment to prison, inmates, 21107

preferred interpersonal distance & violence & prediction of fights in prisons, prison inmates, 12-mo followup study, 23580
prison admissions & releases, male vs female offenders, 1851–1979, 7697
problems with group behavior therapy, prisons, Scotland, 2193
professional ethics, prison psychologists, Norway, 10600
review of prison care by federal courts, case law, 14347
self image model for prison reform, adjustment, prisoners 16 yrs old & older, 18333
social density & violent behavioral sink phenomena in prisons, literature review, 23554
support only vs psychodidactic intervention support group, facilitation of adjustment to prison life, female prisoners, 28971
Privacy
envelopes marked vs not marked confidential, frequency & speed of return of letter & tendency toward invasion of privacy, 4017
functions of privacy, wilderness environment, wilderness recreationists, 8257
gender differences, role obligations & privacy & psychological well-being, urban adults, 5-yr followup of married females, test of nurturant role hypothesis, New Zealand, 3952
organizational development, individual freedom & privacy & self esteem, 16112
orientations toward privacy, adults, Hong Kong, 20166
privacy as dialectic process, criticism of works by I. Altman et al, 14470
self disclosure in interpersonal relationships, emphasis on I. Altman's theories on privacy regulation, 1224
treatment in public vs private context, fear of dark, 5–6 yr olds, 10235
use of computers, moral questions & individual rights about privacy & property & power, 22410
Private Practice
connection to her community, lesbian feminist psychotherapists in private practice, conference presentation, 26404
consultation roles in medical arts practice or small hospital, private practice psychologists, 31861
cutbacks in 3rd-party payments, psychiatric treatment delivery, psychiatrists in private practice, 7188
demographics & private practice activities, clinical vs counseling psychologists, 21158
fee policies, psychologists in private psychotherapy practice, 10594
legislative issues for private practice psychologists & availability of psychological services, Norway, 5092
marketing strategies & maintenance of current clients, private mental health practitioners, 2115
marketing strategies in independent practice, psychologists, 10593
need for social supports, single heterosexual feminist female psychotherapists in private practice, conference presentation, 26427
predictive factors, practice location, medical school graduates, 1969–73, 31890
problems & characteristics of delinquent clients & recommendations for collection of fees, therapists in private practice, 31910
problems of research in private practice, psychotherapists, 21204
professional ethics, advertisement of private practice, psychologists, 21237
professional self monitoring of telephone directory advertisements, psychological examiners & psychologists in private practice, 21228
provider & practice & client characteristics, clinical social workers in private sector practice, 10433
satisfactions & stresses of independent practice, psychologists, 26443
therapist & patient characteristics & theoretical orientation, francophone vs anglophone psychiatrists in private practice in rural vs urban environments, Canada, 10613
use of computer-based medical information systems, physicians in private group practice, 23395
workaholism in private practice, psychotherapists, 10614
Private School Education
attitudes toward grade inflation, deans of colleges of education at private & public institutions, 13020
Catholic school education, cognitive development & ability, high school students, 13026
college enrollment, high school seniors from public vs Catholic vs other private schools, 7852
developmental guidance programs in Catholic schools, emotional development, elementary school students, 2603
funding & philosophy & services & population served & parental involvement & staffing practices & standards & governance, private vs public early special education programs, 29364
historical perspective & views of R. T. Ely vs W. Gladden on private school education, 15680
job satisfaction, private elementary & preschool psychologists, Brazil, 5174
need for developmental guidance program in Catholic secondary schools, 32208
private vs public schools, academic achievement, high school seniors, 10-yr longitudinal study, 23760
sense of academic purpose & commitment in social organization of school, 9th–12th grade college bound private school students, implications for public education, 5303
Private Sector [See Also Business Organizations]
analysis of litigated employment discrimination cases, Hispanics in public sector, 1978–83, 1128
clinical model of special education programs in private sector, dyslexic children, 10813
contractual school psychological services provided by private organizations, 8147
private sector involvement in criminal justice system, critique of article by C. J. Kulis, 22511
private vs public ownership of mental health services, institutional performance, 21031
provider & practice & client characteristics, clinical social workers in private sector practice, 10433
public regulation of private sector, management decision making & corporate profit, implications for research, 23972
public vs private responsibility, mental health & substance abuse services, conference presentation, 21027
Privileged Communication
accidental breach of confidentiality in institutional review board-approved research, 2781
accountability for 3rd party payment, psychiatric confidentiality, literature review, 31848
assertion of therapist-patient privilege by female employee in sexual harassment lawsuit against employer, case law, 14320
client privacy vs professional accountability, social work practice, 15620
clinical & moral problems, confidentiality & secret-keeping in inpatient psychiatric unit, psychiatric patients, 7682
concern about disclosure of confidential information, psychotic inpatients vs 20–67 yr old outpatients, 1759
confidentiality & anonymity vs nonanonymity alone, predictive validity of self report personality measures & biasing effect of response, college students, 18979
confidentiality & physician-patient privilege, military psychiatrists, 23638
confidentiality guidelines, research on acquired immune deficiency syndrome, 12874
confidentiality of communication in therapist-patient relationship, case law, 3846
confidentiality of education program records of handicapped students, case law, 14382
current regulations of professional secrecy, psychologists, Norway, 18465
disclosure of confidential communications in criminal & civil & child custody cases, mental health professionals, case law, 14361
ethics & confidentiality & life-endangering clients, counselors, review of statutory & case laws, 18506
freedom of informational legislation, clinical practices, Australia, 20029
legal & ethical issues & practices, elementary & middle school counselors, 32191
legislative efforts to provide confidentiality in group psychotherapy, 10596
limits of patient confidentiality & management of dangerous patients & protection of 3rd parties, psychotherapists, 18484
North Carolina professional registration law, confidentiality & privileged communication, counselors, 5115

orientations toward confidentiality, mental health practitioners in medical schools, 7807
patient confidentiality & protection of 3rd parties from patient's violent acts, psychiatrists or psychotherapists, 18453
patient confidentiality & protection of 3rd parties from patient's violent acts, psychiatrists & psychotherapists, 18407
privacy & confidentiality issues, research on acquired immune deficiency syndrome, 12945
protection of rights of hearing impaired mildly mentally retarded defendant & attorney-client confidentiality, case law, 3867
psychotherapist-client confidentiality privilege under Federal Rule of Evidence 501, 30655
psychotherapist confidentiality & state laws, 12892
psychotherapist-patient privileges in criminal cases & divorce actions & child custody proceedings, case law, 3888
recognition of rights violations & protection of rights in counseling, 8.2–9.7 vs 15.2–16 vs 20.4–23.1 yr olds, 12773
reporting of child abuse & confidentiality in family counseling, implications for social work, 26295
review of Tarasoff v Regents of University of California case for clarification of therapist confidentiality liability, 18440
right to access mental health & medical records, clinical practice, psychiatric & medical patients, literature review, 31328
right to privacy & confidentiality in psychiatry, legal implications, 31854
role in protection of 3rd parties from patient's violent acts, psychotherapists, 18469
therapist-patient privilege in parental rights termination case, case law, 25332

Proactive Inhibition
activation of pool of associates during initial recall, proactive inhibition, adult Ss, 16474
change in semantic category & interpolated tones in proactive inhibition task, skin conductance & heart rate, college students, 8874
encoding, reduction of proactive inhibition in short term memory, 13702
noise & language change, proactive interference, bilingual 18–32 yr old students with varied degrees of language dominance, 16464
proactive interference, long term recall of lists learned singly vs simultaneously, college students, implications for simultaneous acquisition-retention phenomenon, 417
psychophysical properties of temporal control & memory for event recency, effect of retention delays of performance on memory tasks, literature review, conference presentation, 3201
retroactive vs proactive interference, visual discrimination learning & memory, 5–6 vs 24–26 mo old rats, 16521
shift in language of pronunciation & meaningfulness of CVCs, release from proactive inhibition & recall, French-English bilingual college students, 5823
shift in levels or dimensions of processing, release from proactive inhibition, human Ss, 19275
UCS experience, taste aversion learning, rats, 11423
uncontrollable shock, proactive increase of sensitivity to response-reinforcer independence, rats, 11422

Probability [See Also Binomial Distribution, Chance (Fortune), Response Probability, Statistical Probability]
action & control judgments & structure of control experience, individuals, 13688
approximations to probability distribution of categorical clustering in free recall of words, 24341
calculation proficiency & allotted solution time, self manipulation difficulty & error rate in computer-controlled addition task, college students, 27158
causal cues, obfuscation of relevance of mathematical laws of probability & statistically biased judgment, college students, 21865
exact unweighted test procedure for analysis of nominal scale response agreement under rater uncertainty, 24325
necessary & sufficient conditions for existence of probability measure agreement with weak order on countable algebra of events, 21788
Pascalian vs Baconian concepts of probability in psychological research & practice & contributions of L. J. Cohen, 13634
probabilistic cognitive information processing theory, 3073
probability distribution of index of agreement between partitions, 24352
probability theories & stochastic process, investigation of paranormal phenomena, 13
reinforcement delay vs probability, discrimination learning, pigeons, 19318
use of conditional probabilities in applications of J. L. Holland's theory, prediction of congruency among personality/environment types, implications for occupational counseling, 13263

Probability Judgment
availability heuristic & retrieval processes & interference, predictive judgments about uncertain events, graduate students, 24462
causal vs noncausal information, subjective prediction, college students, 370
cognitive strategies, probability judgments of cumulated risk over different exposure times, college students, 29938
conjoint vs functional techniques, measurement of riskiness of gambles, college students, 249
contextual factors, calibration of probabilistic judgments, auditors, 29937
decision strategies & event probability & time allotted to complete response, response time & positional changes, sports players, 16000
evaluation & use & possible limitations of D. Kahneman & A. Tversky's representativeness heuristic as means of making statistical likelihood judgments from population sample, 24354
flexible numerical representation of binary relation on finite algebra of events, accommodation of probability judgments inadmissible for traditional subjective probability model, 21790
human experimentation on rationality & concepts of probability, reply to comments by D. Kahneman & A. Tversky, 29908
induction of category distributions as framework for classification learning, college students, model implemented as computer simulation, 5815
intelligence & impulsiveness & free-floating anxiety & stimulus occurrence guessing task, event-related brain potentials, college students, conference presentation, 19449
mass media reports, societal vs personal level judgment of risk, college students, 11629
perceived ability, subjective probability in choice behavior, male college students, 25445
perception of event controllability, probability of event occurrence, college students, 8557
presentation of alternatives having uncertain monetary outcomes, choice behavior & role of subjective probabilities, human Ss, test of expected utility model, 8586
probability models as legal evidence in courtroom, conference presentation, 22495
probability of event in choice reaction task, weight shift preceding stimulus to facilitate execution & movement time, Ss, implications for sport-like situations, 13654
reliability & validity of rating scales having binary comparisons vs logarithmically spaced alternatives, assessment of subjective probability of rare events, implications for perceived risk of arrest for drunken driving, 21771
representativeness & fallacies of probability judgment, 8537
scientific vs clinical judgment orientation, use of base-rate information in prediction, college students & medical students & residents, 381
subjective sensitivity vs isolation analysis vs minimal focusing vs balanced subjective sensitivity analysis, probability judgment, college students, 3072
task features &/or misunderstanding of judgment problems, conjunction fallacy, college students, 16449
task importance & visual &/vs auditory presentation mode & cue order, probability judgments, 23–56 yr old auditors, 21870

Probability Learning
curiosity & sex & activity level & SES, performance on discrimination learning task, 1st graders, 9199
probability learning from feedback in natural environments, conference presentation, 21886
reward probability variation, choice behavior, college students, 5773
task representation & experience in predictive learning, accuracy of judgments, college students, 21859

unawareness of problem structure & rule existence, rule determination in probabilistic vs disjunctive rule learning task, 18–27 yr olds, 29909
Probation
attitudes toward social work & probation practice & facilities, clients & staff of drop-in center for probationers, England, 2181
compliance with order to reimburse victims of crime, 18–52 yr old offenders, test of applicability of L. Kohlberg's moral development theory, 31072
drug treatment program combining group counseling & nature-oriented approach including camping, clients on probation, 7721
evaluation of probation through assessment of criminal's personality, probation officers, 26351
making referrals in crisis intervention, probation officers, 10498
operator probation violator hearing formats, traffic safety, 1166
personal characteristics, recidivism, 17–54 yr old probationers, 4343
procedural rights during probation extension & certification hearings, case law, 3866
rational behavior training, beliefs & attitudes, hostile former criminals, 10524
violations & charges, male vs female probationers, 6935
Probation Officers
attitudes & recommendations for felony sexual assault cases, female vs male probation officers, 20039
attitudes toward juvenile delinquency, practitioners vs nonpractitioners in juvenile justice field, 12269
attitudes toward social work & probation practice & facilities, clients & staff of drop-in center for probationers, England, 2181
consistency & detail of schema of criminal types, treatment & prognostic judgments, probation officers, 23566
development & features of severity scale for penalties, assessment of attitudes toward criminal justice & severity of death penalty vs other sanctions, prisoners vs police vs probation officers vs sociology students, Israel, 13599
sex of probation officer & social & political environment, sentencing recommendations, male vs female offenders convicted of theft or forgery or drug offenses, 1965–80, 30687
suggestions for improvement of role in recommendations & court decision making, probation officers, 22500
training program for conducting psychological evaluation of convicted offenders, probation officers, 2262
Problem Drinking
abstinence vs controlled drinking goal choice vs prescribed abstinence, goal achievement & treatment outcome, problem drinkers, 31788
alcohol availability & beverage sales, alcohol related arrests & cirrhosis mortality rate in California, US, 6939
assessment of personality characteristics & types of motivational distortion, males arrested for driving under influence of alcohol vs reckless drivers, 22871
biobehavioral explanation, need to drink too much alcohol, 9811
causal attributions, identification of alcohol problem, 24–70 yr old males from high vs low SES, 22843
causes of premature departure from halfway houses & engagement of new residents, problem drinkers with mean age of 43.8 yrs, 2229
characteristics associated with success in workplace alcohol treatment, problem drinkers, 23995
concurrent & construct validity of MacAndrew Alcoholism Scale, assessment of alcohol abuse & polydrug & marihuana use, at-risk male 16–20 yr old offenders, 5639
definition of alcohol-related problems, 9783
definitions of behaviors indicative of problem drinking, college students, 6927
development of model of alcohol-related problem resolution, 9817
discriminant function analysis of interviews & laboratory tests, screening for excessive drinking & alcoholism, adult hospital patients, 107
high blood alcohol levels, adolescents presenting in general hospital emergency room for psychiatric evaluation, 17467
high frequency of intoxication index, risk & inclusiveness, Ss over 18 yrs of age, 3975
informational programs, prevention of alcohol misuse, college students, 7908
intercorrelation of factors associated with problem drinking, 22817
intervention & consideration of stages of motivation & change, problem drinking, 31815
involuntary structured therapy group, college students who violated school's no-drinking policy, 26713
lack of scientific approach to alcohol issues & alcohol-related problems, 8347
proposed natural processes model, alcohol abuse, 9790
psychological & physical reasons for drinking, male clients in treatment program for driving while intoxicated vs counselors, 31817
psychosexual development & emotional security & neuroticism & anxiety, problem drinking & alcoholism, 19–55 yr olds with eating disorders & primary alcohol dependence syndrome, conference presentation, 28318
role in prevention of alcohol-related violence, physicians, 31840
school grade & race & SES & residence & religion & family composition & parental drinking patterns, drinking behavior, Black vs White 6th–8th graders, 28314
scores on Socialization scale of California Psychological Inventory, 21–30 yr old offspring of alcoholics vs nonalcoholics, implications for validity of high risk studies of alcoholism screening out problem drinkers, 13509
seasonal changes in alcohol sales, heavy & problem drinking rates, Iowa residents 18 yrs old & older, 17289
Self-Management of Alcohol Consumption of Students program, alcohol abuse, college students, 21141
sociological theories, distinction between alcohol use & abuse, comments on articles by M. L. Fennel et al & by B. Glassner & B. Berg & by M. Seeman & C. S. Anderson, 9751
state & local legal provisions, drinking patterns in licensed drinking establishments, 20067
structural model as strategy for sociological analysis of alcohol & drug abuse, 9769
therapist reinforcement of positive & challenge of negative self statements & use of self disclosure & personal opinions in group cognitive-behavioral therapy, problem drinkers, 7740
treatment participation & psychopathology & alcoholism, improvement or resistance, White male problem drinker-drivers with mean age of 38.3 yrs, 2227
types of alcohol abusers as related to sociodemographic & personality & psychopathological & intellectual & response style variables, Ss with mean age of 38.1 yrs, 6932
validity of Severity of Alcohol Dependence Questionnaire, 20–75 yr old problem drinkers, Ireland, 29756
Problem Solving [See Also Anagram Problem Solving, Cognitive Hypothesis Testing, Group Problem Solving]
absence of sex difference in algorithms for spatial problem solving, college students, 5721
abstraction hierarchy of decision making in system management, 29529
action- & state-oriented cognitions during success vs failure, solution strategies & performance in figure discrimination task, college students, 27140
actual problem solving appraisals vs hypothetical problem solving, college students, 25471
adaptation of productive thinking program, creative problem solving, 10–12 yr old educable mentally retarded students, 2507
alcohol, perception of negative interpersonal feedback & self evaluation & marital communication & problem solving abilities, 19–25 yr old male moderate drinkers & couples with 1 alcoholic spouse, 30229
analog tasks, analysis of difficulties in mole-concept tasks, high school students, 29273
analysis of Preliminary Scholastic Aptitude Test geometry problem solving, 16460
analysis of successful vs unsuccessful problem solving in genetics, college vs graduate students vs instructors, 26579
application of systems structures from research on artificial intelligence to study of problem solving & value of structures in research on teaching, 27154
arithmetic task difficulty & Type A personality, heart rate & systolic & diastolic blood pressure, college students, 27439
associative vs cognitive mode of identification & classification of drawings, 3 vs 4 vs 5 yr olds, 27779
attention & logic & problem solving styles, 18–73 yr old process vs reactive schizophrenic vs patients with affective disorders, 14691

behavioral strategies, creativity training & problem solving, 366
beliefs about likelihood of scarity &/or decline in standard of living, social relations & problem solving methods & attitudes toward community leaders & protest politics, community residents, 3775
centralized authority as factor in small group & family problem solving, reassessment of I. Tallman's propositions, 23196
classification of creative problem solving techniques, 5789
clinical judgment & problem solving processes, development of working knowledge of clinical problem solving competence, male vs female 23–40 yr old mental health clinicians, 18418
cognitive-behavioral vs experiential problem solving intervention training, marital discord, couples seeking therapy, 23209
cognitive coordinate systems & strategies for spatial tasks, college students with low vs high spatial ability, 19255
cognitive intervention program, problem solving skills, hearing impaired secondary students, 10815
cognitive-monitoring &/vs creative problem solving programs, oral comprehension, reading disabled 3rd graders, 5343
cognitive problem solving & locus of control & life events, depressive symptoms, 4th–6th graders, 25571
cognitive process models of mental arithmetic, 16452
cognitive processes in solving physics problems, students & physicists, 16438
cognitive processes involved in difficulties in solving Tower of Hanoi problem, college students, 29923
cognitive strategic preferences in problem solving, male vs female medical students, 2242
cognitive theories of problem solving & suggestions for instruction, 23735
conceptual model & solved prototype vs transfer procedure, problem solving, female education majors in physical science course, 7949
conceptual problem solving & social adaptive functioning, nonretarded 18–39 yr old males with childhood diagnosis of infantile autism, 20336
conceptual tempo & problem solving efficiency, 2nd & 4th & 6th graders, 14019
confirmatory vs disconfirmatory strategies, problem solving on Wason's 2–4–6 inference task, replication of P. C. Wason's studies, 24460
congruence of locus of control & problem solving task instructions, self efficacy, female college students, 426
contingent vs noncontingent feedback, problem solving in discrimination task & transfer learning, male 1st graders, 25080
contingent vs noncontingent reinforcement, subsequent cognitive problem solving tasks, 5th & 6th graders, 9198
couple-coder & intracouple agreement in evaluations of videotaped couple's problem solving, distressed vs nondistressed husbands & wives & trained coders, 11912
creativity & problem solving, bibliography, 28116
decision making styles & problem solving appraisal, college students, 5794
definition of requisite decision model of problem solving in business & social sciences, conference presentation, 21868
depression & trait vs state anxiety & locus of control & distress, self appraised ineffective vs effective problem solvers, 14572
depression, problem solving skills, 4th–12th graders & college students, 14662
design of maze using computer graphics, simulation of problem solving behavior in fire emergencies, 11102
development & implementation & evaluation of program for instruction in problem solving skills, 12–17 yr old students in school for disturbed & delinquent youth, 21416
development of analogical problem solving skill, nursery school students vs kindergartners vs 1st vs 5th–6th graders, 14046
